Student Hours vs. Office Hours

- **Invitation**
 - Attendance/Participation Points
- **Turn-in Assignment**
 - In Your Office!

You are invited...

Yes, you are invited to a small group or one-on-one session with your calculus instructor! Stop by her office (RB 329) or schedule an appointment to earn 10 points towards

attendance/participation. Introduce yourself, get help on HW, go over a quiz question, ask questions about a test, etc. but mostly chat about how the class is going for YOU so far. What is going well? What could be done better and how can I help? Please RSVP and make sure to stop by BEFORE spring break to get the full 10 points!
