State Library to Bring ECRR 2nd Edition to Public Libraries

In anticipation of the release of the Every Child Ready to Read @ your library 2nd Edition Toolkit, the Association for Library Service to Children (ALSC) and the Public Library Association (PLA) have launched an updated and redesigned [Every Child Ready to Read \(ECRR\) website](#). The new website is easy to navigate and includes the research and rationale that led to the development of the 2nd Edition, product details, sales information and a link to an archived copy of the recent [Every Child Ready to Read 2nd Edition Sneak Peek webinar](#).

The Indiana State Library will continue its support of the ECRR program by providing each Indiana public library (including branches) with a 2nd Edition Toolkit and train-the-trainer workshops. This initiative is funded by a Library Services & Technology Act grant.

The second edition of Every Child Ready to Read @ your library provides a new curriculum and materials to continue the effort of the original ECRR, supporting parents and caregivers with the early literacy development of their children, birth to age five.
