'Swinging into the 1950s!' Upcoming talk on the 1950 census

On Friday, May 20, the Indiana State Library is hosting a free one-day library conference, Government Information Day 2022. One of this year's conference sessions is a talk by Indiana State Library Genealogy Division supervisor Jamie Dunn and State Data Center librarian Katie Springer titled "Swinging into the 1950s! NARA Releases the 1950 Census." This 55-minute presentation - including a Q&A - will explain all the unique features detailed in the release of 1950 U.S. census.

In April, the National Archives will release the 1950 census records to the public, 72 years after census day. Information found within the census traditionally has served as a valuable resource for genealogists. Dunn and Springer will provide a clear overview of what is and what is not included in census, and how genealogists can utilize this information in their own research. Their program will aid librarians who interact with genealogy patrons or have a personal interest in family history.

The talk will take place Friday, May 20 at 1:30 PM in the History Reference Room - room 211 - at the Indiana State Library. Click [here](#) to register to attend Government Information Day 2022. To learn more the other sessions at GID22, please see the library's page on the conference [here](#).

Food For Fines event on April 3-9, during National Library Week.

Library users may donate food, paper products and personal hygiene items for \$1 off overdue fines per item. Donated items will be distributed within the community's Little Free Pantries. Examples of items accepted for donation are shelf-stable food, paper plates, cups, utensils, feminine hygiene products, toothpaste, toothbrush, diapers, deodorant, dish soap, shampoo, soap, etc.

"This is a great way to give back to the community," said Joanna Sproull, community liaison at the Plainfield-Guilford Township Public Library. "Grocery budgets do not stretch quite as far as they once did. Being able to collect these items to help out our neighbors is just another way the library supports our community."
