

2022 AGENDA

Economic Development

Eliminate the 30 percent business personal property tax floor on new equipment

Change legislation to ensure 900,000 more Hoosiers receive Automatic Taxpayer Refund

Modernize the IEDC toolkit

- Create a funding mechanism to more competitively invest in transformational economic development opportunities
- Provide greater flexibility within our existing economic tax credit incentive programs
- Incentivize to attract more remote worker jobs here in Indiana

Education, Training, Workforce Development

Strengthen early learning opportunities to best prepare students for kindergarten

Launch the Indiana Graduates Prepared to Succeed (Indiana GPS) dashboard

Introduce a statewide teacher supply-and-demand marketplace that connects educators and preparation programs with school vacancies in real-time

Connect unemployed Hoosiers with employers, jobs and training with a data-driven workforce system

2022 AGENDA

Health and Wellness Development

Strengthen guidelines for childhood lead screening

Reduce infant mortality by requiring more comprehensive autopsies for Sudden Unexplained Infant Death investigations

Support Indiana's Public Health Commission as it develops recommendations to improve the delivery of public health services across the state

Implement a comprehensive strategy to support Hoosiers' mental health by growing the workforce, providing greater access and reducing stigma

Community Development

Collaborate with local governments to strengthen cybersecurity protections

Roll out the \$500M READI program in 17 regions

Better connect communities by completing roads and bridges, trails, and broadband projects

Make progress on facility capital projects authorized in current budget

Good Government

Implement recommendations of third-party review of state law enforcement agencies including enhancing membership of the Law Enforcement Training Board to include more civilians, as well as all satellite academy directors, as voting members

Focus on firefighter safety by collecting and disposing PFAS foam through joint IDEM/IDHS program
