

The Indiana Commission to Combat Drug Abuse

Behavioral Health Division

Comprehensive Community Plan

County: Fountain

LCC Name: The Fountain County Local Coordinating Council for a Drug-Free Indiana

LCC Contact: Jerry Badgley

Address: Attica Free Methodist Church

601 N. 6th Street

City: Attica, IN 47918

Phone: 317-408-3871

Email: jerry938@sbcglobal.net

Fountain County Commissioners:

Address: Fountain County Courthouse, 301 Fourth Street

City: Covington, IN

Zip Code: 47932

Vision Statement

What is your Local Coordinating Council's vision statement?

The Fountain County Vision Statement is to collaborate with county schools, organizations, businesses, law enforcement and counseling services by providing education and project funding to reduce alcohol, tobacco, and other drug abuses in our residents.

Mission Statement

What is your Local Coordinating Council's mission statement?

The mission of the LCC shall be to improve the quality of life in Fountain County by creating countywide awareness of alcohol, tobacco, and other drug (ATOD) issues and reducing abuse of and dependency on these substances through prevention/education, treatment/intervention, and criminal justice.

Membership List					
#	Name	Organization	Race	Gender	Category
1	Adam Tyler	Purdue Extension	Caucasian	Male	Prevention
2	Jerry Badgley	Celebrate Recovery	Caucasian	Male	Treatment
3	Jane Haddock	Beyond the Violence	Caucasian	Female	Treatment
4	Danielle Snider	West Central Regional Community Corrections	Caucasian	Female	Justice
5	Lindsey Winger	FC Probation	Caucasian	Female	Justice
6	Stephanie Campbell	FC Judge	Caucasian	Female	Justice
7	Daniel Askren	FC Prosecutor	Caucasian	Male	Justice
8	Tim Grzeskiewicz	Happy, Joyous & Free Recovery Life Coaching, LLC	Caucasian	Male	Treatment
9	Lisa Grzeskiewicz	Happy, Joyous & Free Recovery Life Coaching, LLC	Caucasian	Female	Treatment
10	Dawn Gritten, LCSW	Hope Springs Safe House	Caucasian	Female	Treatment
11	Misty Barnett	Hope Springs Safe House	Caucasian	Female	Treatment
12	Yessi Girdler	Covington Community School Corp.	Caucasian	Female	Prevention
13	DJ Jensen	Attica School Corp.	Caucasian	Male	Prevention
14	Amber Young	Social Worker at Covington Middle School	Caucasian	Female	Prevention
15	Gidget Foster	Mental Health America-Wabash Valley Region	Caucasian	Female	Treatment
16	Lori Webb	Valley Oaks Health	Caucasian	Female	Treatment
17	Donny Gill	Warren/Fountain County Health Dept.	Caucasian	Male	Prevention
18	JJ Payton	Parks Programs	Caucasian	Female	Prevention

19	Cindy Ricketts	Parks Programs	Caucasian	Female	Prevention
20	Stephany Dowd	LCC Coordinator	Caucasian	Female	Prevention
21	Jessica Gaudry	Parks Programs	Caucasian	Female	Prevention
22	Amy Schaller, BA, LAC	Crossroads Recovery Services	Caucasian	Female	Treatment

LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:

Fountain County LCC meets at Noon on the 3rd Tuesdays, bi-monthly, in January, March, May, July, September, and November at the Courthouse' Commissioners room in Covington- whenever Covid-19 allows. Zoom is included.

II. Community Needs Assessment

The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.

Community Profile

County Name

Fountain

<p>County Population</p> <p>16,511 in 2020 (latest data available) www.stats.indiana.edu/profiles and www.indianaindicators.org/profiles</p>
<p>Schools in the community</p> <p>Southeast Fountain School Corp., Attica Consolidated Schools, and Covington Community School Corp.</p>
<p>Medical care providers in the community (hospitals, health care centers, medical centers/clinics, etc.):</p> <p>VA Healthcare System in Danville, IL, Ascension St. Vincent Williamsport Hospital, Franciscan Health in Crawfordsville, and ambulance service.</p>
<p>Mental health care providers in the community (hospitals with psychiatric/behavioral health units, mental health clinics, private/public providers, etc.)</p> <p>Valley Oaks Health in Attica, Choices Counseling & Substance Abuse Services in Veedersburg, Families United, Inc. in Attica. Dawn Gritten LCSW, Happy, Joyous & Free, River’s Edge Counseling, and Jillian Hawks, PhD, LMFT all are located in Covington. Ascension Medical Group-St. Vincent Veedersburg, Clean Slate Outpatient Addiction Medicine in Crawfordsville and Lafayette.</p>
<p>Service agencies/organizations</p> <p>American Legion Posts in Attica, Perrysville and Kingman, Purdue Extension Office, area churches, and WICF Attica Foundation, WICF Covington Foundation and Hope Springs Safe House.</p>
<p>Local media outlets that reach the community</p> <p>Fountain County Neighbor and Review Republican</p>
<p>What are the substances that are most problematic in your community?</p> <p>Alcohol, tobacco, marijuana, methamphetamine, cocaine, heroin, possession of paraphernalia and benzodiazepines</p>
<p>List all substance use/misuse services/activities/programs presently taking place in the community</p>

Take Back Prescription Box is located at Fountain County Jail, Celebrate Recovery/Hope Springs/The Landing in Attica, Veedersburg Summer Park Program, Covington Park Program, Valley Oaks Health: Beyond the Violence, West Central Regional Community Corrections home detention program and Covington Schools Red Ribbon Week and substance use prevention evidence-based programs in these schools: Covington and Fountain Central have Life Skills Prevention program at middle and junior high and Covington and Attica have Sport Prevention Plus Program at the high school, NA program is available in Attica on Fridays and in Covington on Saturdays.

Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

Risk Factors Examples: trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

Protective Factors Examples: strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.¹

Risk Factors	Resources/Assets	Limitations/Gaps
1. Poverty	1.Choices Counseling Center 2.Purdue Extension 3.WorkOne-Covington	1. Single parents 2. Children poverty 3. Unemployment
2. Drug Availability	1. 1. Law Enforcement Saturation Patrols 2. School prevention programs 3. Random drug screens: schools, probation department, West Central Community orrections	1. Number of prescriptions for Opioids 2. Lack of jobs provide too much free time. 3. Some peers and or parents May be using illegal drugs.

¹Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

3. Education	<ol style="list-style-type: none"> 1. School Corporations 2. Purdue Extension 3. Adult Education programs 	<ol style="list-style-type: none"> 1. Lack of having self esteem 2.Lack of feeling self worth 3. Lack of student effort
Protective Factors	Resources/Assets	Limitations/Gaps
1. Alcohol, tobacco and other Drugs (ATOD) outpatient counseling	<ol style="list-style-type: none"> 1. Choices Counseling Center 2.Celebrate Recovery 3.Valley Oaks-Health Beyond the Violence 	<ol style="list-style-type: none"> 1. Lack of insurance & providers. 2.Lack of residential treatment. 3.Lack of half-way house treatment or a step down housing.
2. School Corporations and Community Programs	<ol style="list-style-type: none"> 1. Red Ribbon Week, Life Skills Prevention Programs, and Sport Prevention Plus Program. 2.Parks Summer Programs 3.Purdue Extension, 4-H 	<ol style="list-style-type: none"> 1. Lack of funding. 2.Lack of student participation. 3.Lack of Some parental involvement.
3. Law Enforcement	<ol style="list-style-type: none"> 1. Saturation Patrols 2. Sheriff Department, Attica Police Department, and Covington Police Department 3.Probation Department 	<ol style="list-style-type: none"> 1. Lack of funding. 2.Lack of equipment. 3.Lack of drug screen fees.

III. Making A Community Action Plan

Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

Step 1: Create + Categorize Problem Statements

Create problem statements as they relate to each of the identified risk factors.

Risk Factors	Problem Statement(s)
1. Poverty and lack of education	1. Many residents cannot afford treatment. 2. Many residents lack affordable child care for under age 6 children and especially infants. IYI – 2021 Kids Count Data book, page 54. Lack of reliability of child care with family. 3. Many residents lack higher education and or job skills for employment.
2. Alcohol availability	1. Some adults of Fountain County are abusing alcohol. 2. The youth of Fountain County are using alcohol. 3. 2020 Indiana Youth Survey Region 4 youth are at risk for Academic Failure.
3. Tobacco, illegal drug and prescription drug availability	1. Some adults of Fountain County are abusing illegal drugs. 2. There is a high rate of Opioid abuse in Fountain County.

	3.Fountain County residents have a high rate of smoking. There is a high rate of tobacco use during pregnancy.
--	--

Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

Problem Statements	Data That Establishes Problem	Data Source
1.Adults and youth use alcohol at high rates, close to the State averages in Fountain County.	<p>Alcohol cases filed in 2021: 65</p> <p>public intoxication- 8</p> <p>illegal possession or consumption of alcohol by a minor- 1</p> <p>operating a vehicle while intoxicated-14</p> <p>operating a vehicle with an ACE of 0.08 or more- 14</p> <p>operating a vehicle with an ACE of 0.15 or more- 11</p> <p>operating a vehicle with an ACE of 0.15 or more with a passenger less than 18 years of age- 3</p> <p>operating a vehicle while intoxicated endangering a person- 11</p> <p>operating a vehicle while intoxicated endangering a person with a passenger less than 18 years of age- 3</p> <p>2021 Probation Department positive drug screens for alcohol- 8</p> <p>Between January 1, 2021 and December 31, 2021, Choices Counseling, LLC, had 122 alcohol & drug offenses. referrals from Fountain County, with 42 being specific to alcohol. --	--	--

Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
1. Adults and youth use alcohol at high rates, close to the State averages in Fountain County.	1. Decrease the number of adults and youth using alcohol. 2. Increase the number of arrests leading to cases filed of those using alcohol while driving. 3. Support evidence-based programs providing education and treatment to reduce alcohol usage in our county.
2. Adults and youth are using tobacco, marijuana, cocaine, heroin, methamphetamine and other drugs in Fountain County.	1. Increase the number of arrests leading to cases filed for marijuana, cocaine, heroin, methamphetamine and other drugs. 2. Increase treatment/intervention and prevention education of illegal drug use. 3. Raise awareness of health and criminal justice issues by illegal drug usage.
3. Prescription drug abuse is an issue in Fountain County.	1. Reduce the number of youth reporting prescription drug use. 2. Increase the number of arrests leading to cases filed for prescription drug (controlled substances) related offenses. 3. Reduce prescription drug abuse among adults in Fountain County.

Step 4: Develop SMART Goal Statements

For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.

Problem Statement #1
<p>Goal 1 The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention education and or treatment for students, youth and adults using alcohol. Clients are referred to Choices Counseling Center, West Central Regional Community Corrections, Johnny’s House and Happy, Joyous, Free Recovery Life Coaching along with other facilities. If an average increase of 3 clients between the 4 centers mentioned is not achieved, the LCC will reevaluate their approach.</p>
<p>Goal 2 The LCC will assist Law Enforcement/Criminal Justice with mini grants in effort to reduce alcohol abuse by youth and adult by increasing alcohol arrests leading to cases filed. If an increase of 5 cases filed by Prosecutor are not reached in one year, the LCC’s approach will be reevaluated.</p>
Problem Statement #2
<p>Goal 1 The LCC will work with Law Enforcement/Criminal Justice by providing mini grants to increase the number of arrests leading to cases filed of illegal drug possession and or dealing drugs. These funds used to increase the number by 3 of cases filed by the Prosecutor for illegal drug possession or dealing offenses. If an increase of 3 total cases filed are not reached in one year, the LCC’s approach will be reevaluated.</p>
<p>Goal 2 The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention education and or treatment to increase by 5 the total number of youth and adults acquiring education and or treatment to prevent illegal drug use. Client referrals for drug use are made to Choices Counseling Center, West Central Regional Community Corrections, Johnny’s House and Happy, Joyous, Free Recovery Life Coaching along with other facilities. If an average increase of 5 clients between the 4 centers mentioned (or another reporting center) is not achieved, the LCC will reevaluate their approach.</p>

Problem Statement #3	
Goal 1	The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention education and or treatment to reduce by 0.3% the total number of youth reporting prescription drug use. The Indiana Youth Survey Region 4 reports bi-annually the percentage of students surveyed for monthly use of prescription drugs. If a reduction of 0.3% does not occur, the LCC will reevaluate their approach.
Goal 2	The LCC will work with Law Enforcement/Criminal Justice by providing mini grants to increase the number of arrests leading to cases filed for prescription abuse, ie: controlled substances. These funds are used to increase the number of cases filed by Prosecutor for prescription abuse, ie: controlled substances, by 3. If an increase of 3 total cases filed are not reached in one year, the LCC's approach will be reevaluated.

Step 5: Plans to Achieve Goals

For each goal, list the steps required to achieve each

Problem Statement #1	Steps
Goal 1 The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention education and or treatment for students, youth and adults using alcohol. Clients are referred to Choices Counseling Center, West Central Regional Community Corrections, Johnny's House and Happy, Joyous, Free Recovery Life Coaching along with other facilities. If an average increase of 3 clients between the 4 centers mentioned is not achieved, the LCC will reevaluate their approach.	<ol style="list-style-type: none"> 1. Provide financial assistance to schools and other community organizations with an emphasis on proven evidence-based prevention strategies. 2. Provide financial assistance to treatment/intervention programs and services with an emphasis on evidence-based programs. 3. Financially support programs that aide in educating the community about alcohol related issues via programs and messaging especially targeting at risk youth.
Goal 2 The LCC will assist Law Enforcement/Criminal Justice with mini grants in effort to reduce alcohol abuse by youth and adult by increasing alcohol arrests leading to cases filed. If an increase of 5	<ol style="list-style-type: none"> 1. Provide funds to support Law Enforcement/Criminal justice agencies efforts to reduce alcohol use among youth and adults.

<p>cases filed by Prosecutor are not reached in one year, the LCC's approach will be reevaluated.</p>	<p>2. Provide financial support to Probation Department for drug screens for clients who are unable to pay for required screens to enable the client to successfully complete their probation.</p>
<p>Problem Statement #2</p>	<p>Steps</p>
<p>Goal 1 The LCC will work with Law Enforcement/Criminal Justice by providing mini grants to increase the number of arrests leading to cases filed of illegal drug possession and or dealing drugs. These funds used to increase the number by 3 of cases filed by the Prosecutor for illegal drug possession or dealing offenses. If an increase of 3 total cases filed are not reached in one year, the LCC's approach will be reevaluated.</p>	<p>1. Provide financial assistance to Law Enforcement/Criminal Justice to increase arrests leading to more cases filed for illegal drug possession or dealing drugs.</p> <p>2. Provide financial assistance to Law Enforcement/Criminal Justice to increase arrests leading to more cases filed for illegal drug possession or dealing drugs</p>
<p>Goal 2 The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention education and or treatment to increase by 5 the total number of youth and adults acquiring education and or treatment to prevent illegal drug use. Client referrals for drug use are made to Choices Counseling Center, West Central Regional Community Corrections, Johnny's House, and Happy, Joyous, Free Recovery Life Coaching along with other facilities. If an average increase of 5 clients between the 4 centers mentioned (or another reporting center) is not achieved, the LCC will reevaluate their approach.</p>	<p>1. Provide financial assistance to schools and various organizations who use evidence based programs or curriculums to increase the number of youth and adults seeking treatment for illegal drug use.</p> <p>2. Provided financial assistance to treatment or correctional centers to increase clients seeking treatment and or successful sentence completion.</p> <p>3. Provide financial assistance to community organizations for curriculum and other prevention materials to increase treatment attendance.</p>

Problem Statement #3	Steps
<p>Goal 1 The LCC will promote and fund mini grants to various organizations and schools who use evidence-based programs and or curriculum to provide prevention education and or treatment to reduce by 0.3% the total number of youth reporting prescription drug use. The Indiana Youth Survey Region 4 reports bi-annually the percentage of students surveyed for monthly use of prescription drugs. If a reduction of 0.3% does not occur, the LCC will reevaluate their approach.</p>	<ol style="list-style-type: none"> 1. Provide financial assistance to schools and organizations who use evidence based curriculum to reduce prescription drug use. 2. Provide financial assistance to treatment centers and or services using evidence-based programs to help adults and youth. 3. Provide financial support to programs that target at risk youth to help reduce prescription drug use.
<p>Goal 2 The LCC will work with Law Enforcement/Criminal Justice by providing mini grants to increase the number of arrests leading to cases filed for prescription abuse, ie: controlled substances. These funds are used to increase the number of cases filed by Prosecutor for prescription abuse, ie: controlled substances, by 3. If an increase of 3 total cases filed are not reached in one year, the LCC's approach will be reevaluated.</p>	<ol style="list-style-type: none"> 1. Provide financial assistance to Law Enforcement/Criminal Justice for efforts to increase cases filed in effort to make community aware of the harm in abusing controlled substances. 2. Provide financial assistance to Law Enforcement/Criminal Justice to increase arrests leading to more cases filed for illegal drug possession or dealing illegal drugs.

Transition year: Jan. 1-Dec. 31, 2022 to March 31, 2023

IV. Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).

Funding Profile		
1	Amount deposited into the County DFC Fund from fees collected last year:	\$6,895.81
2	Amount of unused funds from last year that will roll over into this year:	\$14,288.19
3	Total funds available for programs and administrative costs for this year (Line 1 + Line 2):	\$21,184.00
4	Amount of funds granted last year:	\$18,488.21
Additional Funding Sources (if no money is received, please enter \$0.00)
