## II. Community Needs Assessment

*The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.*

## Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

**Risk Factors Examples:** trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

**Protective Factors Examples:** strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.<sup>1</sup>

<sup>1</sup>Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

### III. Making A Community Action Plan

*Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.*

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

### Step 1: Create + Categorize Problem Statements

*Create problem statements as they relate to each of the identified risk factors.*

Risk Factors	Problem Statement(s)
1.Availability of alcohol and other drugs, vaping	1.Opioid/prescription drug use by adults and youth is a problem in Newton County. 2.Alcohol and drug related offenses in Newton County continue to be an issue among the adults and underage youth. 3.Tobacco and marijuana use by youth is a problem in Newton County.
2.Weak family relationships	1.Newton County is disadvantaged compared to other counties in the state in terms of economics and mental health resources. 2.Limited economic resources among families prevents youth from getting things they need to succeed. 3.The presence of drugs in the daily lives of families is an element that undermines family bonds and the protection of Newton County’s children.
3.Limited prevention and recovery resources	1.Newton County does not have adequate prevention and recovery resources to meet the needs of all families. 2.Newton County does not have housing or facilities for residents or families needing prevention and recovery services.  3.Newton County has no prevention and/or recovery professionals to provide services to individuals.

## Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

Problem Statements	Data That Establishes Problem	Data Source
<p>1. Alcohol and drug related offenses in Newton County continue to be an issue among the adults and underage youth.</p>	<p>Probation – Adults 252; Alcohol 60, marijuana 104, controlled substance/narcotic 31, methamphetamine 31, possession of syringe 13, cocaine 13.            Juveniles 33; Alcohol 1, marijuana 7, Tobacco/Vaping 24, Methamphetamine 0, controlled substance 0, cocaine 1.</p> <p>Sheriff – adults 75, alcohol 31, drug deals 5, paraphenmalia 10, possession 32, public intox 2, minor consumption 2.</p> <p>Crisis Center – 46 clients, 36 children. Of the 46 clients, 10% used substance of some kind, ie; meth 3, cocaine 1, alcohol 0, prescription drugs 1, marijuana 0.</p> <p>Schools – Suspensions 15; 6 vaping tobacco, 4 possession of vaping tobacco, 5 for vaping tobacco, . Expelled 6; 1 THC cartridge, 4 vaping, 1 drug paraphernalia.</p> <p>Coroner reports 3 drug related deaths; Fentanyl 2, and 1 prescription medications.</p>	<p>Probation Dept.</p> <p>Sheriff Dept.</p> <p>Crisis Center</p> <p>Schools</p> <p>Coroner</p>
<p>2. Newton County is at an economic disadvantage compared to other counties in the state, therefore there are less funding services and resources available for substance treatment use/abuse within the county.</p>	<p>2020 data: Poverty rate is at 10.5% compared to Indiana’s 11.6%.</p> <p>The unemployment rate in Newton County is 1.4% compared to Indiana 2.7%</p>	<p>US Census</p> <p>Stats Indiana</p>

### Step 3: Brainstorm

*Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.*

Problem Statements	What can be done (action)?
1. Alcohol and Drug related offenses in Newton County continue to be an issue among the adults and underage youth.	1. Provide a consistent public education effort regarding dangers of ATOD, including information to community, patrons, parents and students regarding the financial, legal responsibilities and consequences associated with substance use and abuse. 2. Support the Newton County judicial system and other county substance abuse programs. 3. Support and encourage parents and student participation programs at the Elementary, Jr/Sr High Schools focusing on healthy lifestyles absent ATOD.
2. Newton County does not have adequate prevention and recovery resources to fit the needs of residents and families.	1. Support initiatives that provide resources for residents and families with inadequate resources. 2. Support programs in Newton County that are offered to youth at no cost.
3. Newton County does not have adequate prevention and recovery resources to fit the needs of residents and families.	1. Partner with local organizations to bring family-based programs to the community with an emphasis on living a healthy lifestyle absent ATOD.

	<p>2. Provide moral support to the IFC Clinic, AA and Celebrate Recovery programs.</p> <p>3. Provide support/funding for peer recovery support person(s) training, and identify where other resources need to be focused.</p> <p>4. Support local law enforcement program needs.</p> <p>5. Establish a partnership with Phoenix Recovery Solutions to provide prevention and recovery resources to Newton County.</p>

**Step 4: Develop SMART Goal Statements**

*For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.*

<b>Problem Statement #1</b>
<p>Goal 1 The LCC will reduce the number of youth suspensions/expulsions by 1% by providing a consistent public education effort regarding dangers of ATOD by the end of the 2023-24 school year. This will be known by school suspension/expulsions data. If a 1% reduction is not achieved by this time the LCC will re-evaluate their approach.</p>
<p>Goal 2 The LCC will reduce the number of youth on probation by 1% by providing a consistent public education effort regarding the dangers of ATOD by the end of the 2023-24 school year. This will be known by youth probation data. If a 1% reduction is not achieved by this time, the LCC will re-evaluate their approach.</p>
<b>Problem Statement #2</b>
<p>Goal 1 The LCC will provide resources for 500 students/families in need through the end of the 2023-24 school year. This will be known by impact reports of programs that we fund for this purpose. If 500 families are not reached, the LCC will investigate other avenues for reaching families and pursue those avenues in the future.</p>
<p>Goal 2 The LCC will provide funding for 2 ATOD prevention programs in Newton County that will be at no cost to participants.</p>
<b>Problem Statement #3</b>
<p>Goal 1</p>

The LCC will partner with local organizations to reach 500 youth with ATOD prevention and educational materials and supplies by the end of the reporting year. This will be known through reports from organizations who serve youth with LCC resources.

**Goal 2**

The LCC will provide funding for peer support recovery training to interested persons and professionals in the community. Newton County will have established a recovery community by Spring of 2024.

**Step 5: Plans to Achieve Goals**

*For each goal, list the steps required to achieve each*

Problem Statement #1	Steps
<p><b>Goal 1</b> The LCC will reduce the number of youth suspensions/expulsions by 1% by providing a consistent public education effort regarding dangers of ATOD by the end of the 2023-24 school year.
