Introduction Letter

Dear Adoptive Family,

Adoption is a life-long process and as such, the needs of your child and family do not end when an adoption is finalized. For many... that is when the REAL work begins! You may find yourselves navigating challenging waters as your family transitions into becoming an adoptive family. In those times, it is comforting to know that *services are available and within reach to support your adoptive family*. The Indiana Post Adoption Services Regional Resource Guide provides information on accessing medical, educational, mental health and other social service systems to support adoptive families in Eastern, Western and Southern Indiana.

This guide is the result of a collaboration between the Indiana Department of Child Services (DCS) and The Villages of Indiana, Inc., the agency providing Post-Adoption Services for adoptive families residing in Regions 8,12,13, 15,16,17,and 18 in Indiana. The goal of the guide is to strengthen and empower adoptive families by providing information about and access to available resources in their communities. Thank you so much for your committed desire to provide loving homes for the children entrusted to your care. It is our hope that within its pages you will find helpful resources to support your adoption journey.

Medicaid

If your child is covered by Medicaid, he/she may be eligible for behavioral health care services through the Medicaid Rehabilitation Option. Please contact your local Community Mental Health Center for more information. For Medicaid questions concerning children who are in foster care or who have been adopted, please contact medicaidunit@dcs.IN.gov

The State of Indiana, Department of Child Services, provides information regarding adoption and a link to photo listings for waiting children at www.adoptachild.in.gov. A brochure detailing available Post Adoption services is available at <http://www.in.gov/dcs/files/IndianaPostAdoptionServicesBro4Email.pdf>

The State of Indiana, Division of Mental Health and Addiction Services, provides intensive wraparound support services to eligible children with significant emotional or functional impairments that impact his/her functioning at home, as a result of mental illness. Access sites for these services are listed by county in the Resource Guide. Further information can be found at: <http://www.in.gov/fssa/dmha/6643.htm>

For all other Medicaid questions, please contact the Indiana Family & Social Services Administration, at 800-457-4584 or www.indianamedicaid.com

The North American Council on Adoptable Children offers adoptive families and professionals' information and resources on a variety of adoption related topics including tax credit, subsidy, post-adoptive services, best practices, and continuing education. Available online at www.nacac.org

Special Needs Adoption Specialists

Post Adoption services can be very helpful to many adoptive families. To initiate a referral for services, families must contact the Special Needs Adoption Program (SNAP) Specialist in the region where they live. The SNAP Specialist will complete a referral to the service provider so the family may receive an assessment and create a service delivery plan. Based on the family's assessment and individual needs, the services provided may include behavioral health care services, respite, support groups, and other services as identified.
