2018 Grant Trainings

The Indiana Department of Homeland Security (IDHS) Grants Management Section will be presenting information on the various funding opportunities offered through IDHS from February 28, 2018 through March 29, 2018 at various counties around the State. The following content will be included in the 2018 Grant Trainings:

- Outline of the overarching grant application process
- Description of IDHS grant application process
- Information on how to develop a complete application
- Key elements about the multiple funding streams available

These trainings are not workshops, but are information sessions where individuals can feel free to ask clarification questions about upcoming grant cycles and how best to characterize potential projects in an application.
