

Indiana Fire Chiefs Association

October 30, 2023

Indiana Fire Prevention and Building Safety Commission
Indiana Government Center-South
302 W. Washington St., Room E208
Indianapolis, IN 46204

Commission:

I am writing on behalf of the Indiana Fire Chiefs Association (IFCA) as the sitting president of the association. We always appreciate being included in discussions regarding fire codes. Formation of a code review committee for 2024 is an excellent collaboration between stakeholders in the State of Indiana.

This letter serves as my recommendation to appoint Assistant Chief Joshua Frost, Zionsville Fire Department, to the code review committee. Chief Frost currently represents the IFCA on the Fire Inspectors Association of Indiana (FIAI). He regularly demonstrates his many years of experience working with the community on fire code issues. Chief Frost has a unique ability to balance fire codes with the practical needs of those in the community he serves. This will prove to be an invaluable trait in his role in the fire code review process.

I highly recommend Chief Joshua Frost for a position on the code review committee. Chief Frost will prove to be an excellent addition to the committee and will be instrumental in drafting a well-balanced fire code for the citizens of Indiana.

Respectfully,
