The preparation of this document was financed in part through a comprehensive planning grant from the U.S. Department of Agriculture, Forest Service under the Cooperative Forestry Assistance Act of 1978 (P.L. 95-313). These funds were provided through an inter-agency contract to the State Planning Services Agency from the Department of Natural Resources, Division of Forestry.

ACKNOWLEDGMENTS

Many individuals and agencies have been involved in developing this guide. The Forest Resource Planning staff of the U.S.D.A., Forest Service's North-eastern Area State and Private Forestry office provided essential technical and financial assistance. The assistance of the Indiana Forest Resource Plan Citizens' Advisory Committee and the Indiana Forest Resource Plan Technical Advisory Committee have been invaluable throughout the effort. Committee members' names are listed in Appendix 5. Dr. William Hoover, Dr. Joseph O'Leary, Mr. Richard Mroczynski, and Dr. John Moser of Tim Tech, Inc. played a major role in writing Chapters I and II. Mr. Ross Eagleson and Dr. Joseph O'Leary wrote most of the background material for Chapters III and IV, respectively, and Dr. O'Leary also helped design the Forest Resource Plan Questionnaire. Mr. William Schrand was primarily responsible for initiating the planning effort and guiding it through its first two years, for which he deserves special thanks.

David C. Zumeta, Forest Resource Planner, Indiana State Planning Services Agency, compiled and edited the Forest Resource Management Guide and the summary. Robert Mayer, Division of Forestry District Forester, compiled most of the material in Chapters I and II.

The cover photograph was provided by courtesy of the Department of Natural Resources, Outdoor Indiana magazine and DMI, Inc., Ferdinand, Indiana.

State Forester

TABLE OF CONTENTS

	Page
Foreword	vii
 <u>ASSESSMENT OF INDIANA'S FOREST RESOURCES</u>	
OVERVIEW OF INDIANA'S FOREST LAND	3
Historical Perspective	3
Recent Trends in Forest Land Area	4
Forest Types and Geographic Distribution	4
Forest Land Ownership and Ownership Trends	7
TIMBER RESOURCES	13
Growing Stock and Sawtimber Volume	13
Timber Growth and Potential Growth	16
Removals and Allowable Cut	17
Timber Production	19
Lumber	19
Veneer	21
Pulpwood	21
Fuelwood	21
Other Forest Products	26
Timber Production by Type of Ownership	26
Wood-using Industries	26
Timber Supply and Demand Outlook	29
Overview	29
Projected Demand for Timber Products	30
Demand by Species Groups	31
Projected Timber Supply	31
Projected Price	36
Silvicultural Systems Used in Indiana	36
Timber Management Opportunities	38
WILDLIFE AND FISH RESOURCES	43
Forest Wildlife Habitat and Habitat Trends	43
Historical Perspective	43
Current Forest Wildlife Habitat Distribution	43
Forest Wildlife Habitat Trends	43
Non-game Wildlife Populations and Trends in Use	44
Non-game Wildlife User Characteristics	44
Overview of Indiana Wildlife Populations	44
Threatened and Endangered Wildlife	46
Exotic Introductions	46
Forest Game Populations and Hunting Trends	46
Hunter Characteristics and Opportunities	46
White-tailed Deer	49

Eastern Wild Turkey	52
Ruffed Grouse	55
Squirrel	55
Rabbit and Quail	58
Waterfowl	58
Introduced Game Species	58
Commercial Hunting – Licensed Shooting Preserves	59
Furbearer Populations and Hunting/Trapping Trends	59
Hunter/Trapper Characteristics	59
Raccoon and Opossum	59
Red and Gray Fox	61
Beaver, Muskrat, and Mink	61
Fish Habitat and Habitat Trends	62
Historical Perspective	62
Current Fish Habitat Distribution	62
Fish Habitat Trends	63
Effects of Forests on Aquatic Life	63
Fish Populations and Fishing Trends	63
Sport Fishermen Characteristics	63
Overview of Indiana Fish Populations	64
Threatened and Endangered Fish, Mollusks, and Crustaceans	64
Exotic Introductions	64
Warmwater Fishery	64
Coldwater Fishery	65
Commercial Fishing	65
Fish and Wildlife Management Opportunities	65
OUTDOOR RECREATION RESOURCES	69
Availability of Outdoor Recreation Facilities and Areas	69
Participation in Outdoor Recreation Activities	72
Outdoor Recreation Needs and Opportunities	72
Wilderness Opportunities	79
Backcountry Recreation Opportunities	79
Natural Area Opportunities	80
WATER RESOURCES	81
Climate	81
Geology, Soils, and Topography	81
Water Supply	83
Ground Water	83
Surface Water	83
Demand for Water Resources	83
Flooding, Agricultural Drainage, and Soil Erosion	84
Flooding and Flood Damages	84
Agricultural Drainage	84

Water Quality	85
Role of Forest Land in Maintaining Water Quality	85
Sources of Water Pollution	86

PLANNING ISSUES

ISSUES ADDRESSED BY THE INDIANA FOREST RESOURCE PLAN 91

Introduction 91

First Issue Priority Group 92

 Forestry Research 92

 Fish and Wildlife Management on Forest Land 93

 Use of Wood as Fuel 94

 Forestry Information and Education 96

 Timber Inventory 98

 Timber Management on Private Forest Land 99

Second Issue Priority Group 101

 Utility Right-of-Way Construction and Management 101

 Timber Utilization and Marketing 104

 Forest Land Clearing 105

 Off-road Vehicle Use on Forest Land 106

 Natural Areas and Wilderness 107

 Natural Areas 109

 Wilderness 109

 Soil and Water Conservation 112

 Insect and Disease Control 113

Third Issue Priority Group 115

 State Tree Nurseries Management 115

 National Forest Land Management 115

 State Forest Properties Management 116

 Urban Forestry 118

 Wildfire Control 119

FORESTRY AND RELATED NATURAL RESOURCE PROGRAMS

FORESTRY AND RELATED NATURAL RESOURCE PROGRAMS IN INDIANA 123

Indiana Department of Natural Resources 123

Division of Forestry 123

 Cooperative Forest Management Section 126

 Properties Section 128

 Fire Control and Special Programs Section 130

 Operations and Communications Section 132

Division of Fish and Wildlife 132

Division of State Parks 136

Division of Nature Preserves 136

Division of Outdoor Recreation 137

Division of Reclamation 138

Division of Water 138

State Soil and Water Conservation Committee 138

Division of Public Information and Education 139

Division of Law Enforcement 139

Purdue University Cooperative Extension Service 139

Department of Forestry and Natural Resources, Purdue University 140

U.S. Forest Service 141

Other Federal Agencies 144

Private Organizations 145

A FORESTRY PROGRAM FOR INDIANA, 1981 TO 1988

ALTERNATIVE PROGRAM DEVELOPMENT AND SELECTION CRITERIA.	149
Alternative Programs Considered.	149
Alternative Selection Criteria	150
RECOMMENDED PROGRAM DIRECTION	151
Recommended Program Direction for the Division of Forestry.	151
Cooperative Forest Management Section.	151
State Forest Properties Section	153
State Tree Nurseries	153
Fire and Special Programs Section.	154
Other Division of Forestry Programs.	155
Estimated Effects of the Recommended Program Direction	169
Cooperative Forest Management Section.	169
State Forest Properties Section	171
State Tree Nurseries	172
Fire and Special Programs Section.	172
Other Division of Forestry Programs.	174
Recommendations to Other Department of Natural Resources Divisions	175
The Division of Fish and Wildlife	175
The Division of State Parks	175
The Division of Nature Preserves.	175
The Division of Outdoor Recreation	175
The Division of Water	175
Recommendations to Other Agencies and Organizations.	176
The Forestry Section of the Cooperative Extension Service	176
The Purdue University Department of Forestry and Natural Resources	176
The United States Forest Service.	177
