# INDIANA LAKE MICHIGAN COASTAL PROGRAM

The Indiana Lake Michigan Coastal Program and its partners developed this guidebook with financial assistance awarded to the program by the Office of Ocean and Coastal Resource Management, National Oceanic and Atmospheric Administration, under Section 310 grant number NA06NOS419661.

The Indiana Clean Marina Program was developed in an effort to provide marinas, boat yards, yacht clubs, and recreational boaters with environmentally-friendly practices to control nonpoint source pollution within Indiana's Lake Michigan coastal area while meeting the requirements of Section 6217 of the Coastal Zone Act Reauthorization Amendments of 1990. This guidebook provides the framework on which the Indiana Clean Marina Program is based. It does not constitute a complete reference to state, federal, or local laws.

The Lake Michigan Coastal Program and its partners do not promote or endorse any of the companies or products identified in this guidebook.

For more information about the Indiana Clean Marina Program, please contact:

Coastal Nonpoint Coordinator  
Lake Michigan Coastal Program

# ACKNOWLEDGMENTS

---

The Indiana Clean Marina Program and guidebook was developed in collaboration with the individuals and program partners listed below. Many thanks go to those individuals, program partners, marina operators, and members of the public that participated in the process that led to the development of the Indiana Clean Marina Program and this guidebook.

- Dave Berrey, Office of Land Quality, Indiana Department of Environmental Management
- Pat Charlebois, aquatic invasives specialist, Illinois-Indiana Sea Grant
- Cathy Csatari, Office of Pollution Prevention and Technical Assistance, IDEM
- Nancy Cutka, harbormaster, Hammond Port Authority
- Steve Davis, Lake Michigan specialist, Indiana Department of Natural Resources
- Thomas Flatt, aquatic habitat coordinator, Division of Fish and Wildlife, IDNR
- Tim Frame, harbormaster, Michigan City Port Authority
- Jim Hebenstreit, assistant director, Resource Assessment Branch, Division of Water, IDNR
- Major Felix Hensley, boating law administrator, Law Enforcement Division, IDNR
- Joe Keithly, former Lake Michigan Lakewide Management Plan coordinator, IDEM
- Doug Keller, aquatic invasive species coordinator, IDNR
- Stephen L. Lucas, director, Division of Hearings, Natural Resources Commission
- Max Michael, chief, Emergency Response Section, IDEM
- Mike Molnar, program manager, Lake Michigan Coastal Program, IDNR
- Lieutenant Colonel Samuel Purvis, executive officer, IDNR
- Jim Ray, chief, Lake and River Enhancement Section, Division of Fish and Wildlife, IDNR
- John Smolar, Portage Port Authority
- Alex da Silva, former Remedial Action Plan coordinator, IDEM
- Anthony Sullivan, Office of Pollution Prevention and Technical Assistance, IDEM
- Denise Szocka, photographer/graphic designer, Media and Communications Services, IDEM
- Beth L. Tallon, section chief, Industrial NPDES Permits Section, Office of Water Quality, IDEM
- Kristin TePas, aquatic invasives extension associate, Illinois-Indiana Sea Grant
- Steve West, watershed specialist, Office of Water Quality, IDEM

Special thanks go to Kristin Feindel with the Oregon State Marine Board and Donald Jackson with the Florida Sea Grant Extension Service for their insight on developing a clean marina program.
