PUBLIC NOTICE

Ally Exploration, LLC has submitted a petition requesting an exception to the spacing unit requirements of 312 IAC 29-13-7 for drilling and production from the Devonian Limestone formation only, located in portions of Township 11 North, Range 7 West, Section 23 in Clay County, Indiana as follows:

- Drilling of additional Devonian Limestone wells at optimal locations in the Reitmeyer Unit which contains approximately 158 acres.
- No minimum spacing between wells located in any portion of the Devonian Limestone only within the pooled unit; however, no new well will violate spacing requirements to other wells outside the unit or to the unit boundary itself.

In accordance with 312 IAC 29-3-4, the Indiana Division of Reclamation, Oil and Gas Section, will consider this petition at an informal hearing to be held on February 13, 2023, at 10:00 AM (eastern), at the following location:

Division of Reclamation Department of Natural Resources 14619 West State Road 48 Jasonville, IN 47438

The purpose of the informal hearing will be to receive comments and any other information relevant to the matter to assist the division in making a final decision on the petition. Persons with an interest in oil and gas or other property within the petition area are invited to attend and submit comments either orally or in writing. The petition seeks to establish an exception to the spacing requirements located within the West Wadesville Unit in Section 23, Township 11 North, Range 7 West, containing approximately 158 acres, in Clay County, Indiana.

Copies of the petition can be viewed and downloaded from the Oil and Gas Section website at <u>www.in.gov/dnr/dnroil</u>, under the Informal Hearing Schedule & Final Order page which can be found under the "Search Well Records" heading. Questions regarding this matter may be directed to Steve Weinzapfel, Director, Division of Reclamation, 812-665-2207, <u>sweinzapfel@dnr.in.gov</u>, or to Jim AmRhein at 317-232-6961, jamrhein@dnr.in.gov.

Date: January 17, 2023
