### **Workers from VyTech in Elkhart eligible for federal aid**

INDIANAPOLIS (July 20, 2007) – The Indiana Department of Workforce Development today announced a ruling by the U.S. Department of Labor that former employees of VyTech, Industries Inc., Elkhart, Indiana are eligible to receive services under the federal Trade Adjustment Assistance program.

The TAA program, which is administered at the state level by the Indiana Department of Workforce Development, is made available to workers who are displaced due to foreign imports or shifts in production out of the country.

The federal ruling was issued on June 20, 2007 and applies to workers who became totally or partially separated from employment on or after June 5, 2006, through June 20, 2009.

In order for dislocated workers to be eligible for TAA benefits, a company executive, union representative or three former employees must file a petition with the Department of Labor and it must be approved before benefits can be released.

The TAA program provides a variety of benefits and services to help unemployed workers prepare for and obtain suitable employment. Workers may be eligible for a variety of re-employment services, job search and relocation allowances and training. In addition, weekly trade re-adjustment allowances may be payable to eligible workers following the exhaustion of unemployment insurance benefits.

Eligible parties may obtain information at their local WorkOne center. A listing of all of the centers can be found at [http://www.in.gov/dwd/employers/workone\\_centers.html](http://www.in.gov/dwd/employers/workone_centers.html)
