

POWER Account Contribution Charts

The charts below provide an estimate of various POWER Account contributions based on family make-up and annual income. The annual contributions are calculated based on the specified percentage of income. The monthly contributions, however, can be reduced by other medical payments made within a household, including CHIP premiums made to the Hoosier Healthwise program for children. The charts below are calculated based on the following CHIP premium payments:

CHIP Monthly Premiums	One Child	Two or More Children
150% - 175% of FPL	\$22	\$33
175% - 200% of FPL	\$33	\$50

Single Adult, No Children

FPL	Income	%	Lowest Annual Contribution	Highest Annual Contribution	Less CHIP Premiums	Lowest Monthly Contribution	Highest Monthly Contribution
0-100%	\$0 - \$10,830	2%	\$0	\$217		\$0	\$18
100-125%	\$10,831 - \$13,539	3%	\$325	\$406		\$27	\$34
125-150%	\$13,540 - \$16,245	4%	\$542	\$650	N/A	\$45	\$54
150-175%	\$16,246 - \$18,953	5%	\$812	\$948		\$68	\$79
175-200%	\$18,954 - \$21,660	5%	\$948	\$1,083		\$79	\$90

Family of 2: 1 Adult, 1 Child

FPL	Income	%	Lowest Annual Contribution	Highest Annual Contribution	Less CHIP Premiums	Lowest Monthly Contribution	Highest Monthly Contribution
