

AEROSPACE

INDIANA AND AEROSPACE

Douglas Adams and five other Purdue Engineering grads helped design the parachute that safely landed NASA's newest rover, Curiosity, on Mars. Also, Indiana University Geology professors David Bish and Juergen Schieber developed two of the ten tools that will analyze the planet's soil and geochemistry.

Indiana also has graduated an unprecedented number of NASA astronauts—23 in all.

UNIVERSITIES—cont.

University of Notre Dame, Department of Aerospace and Mechanical Engineering

The department offers an undergraduate degree in aerospace engineering. The Hessert Laboratory for Aerospace Research contains cutting edge facilities which provide research for a variety of private and public organizations. AME.ND.edu

Rose-Hulman Institute of Technology

was voted #1 for their School of Engineering in the United States by U.S. News World Report, 2013. Rose-Hulman.edu

Vincennes University Aviation Technology Center at Indianapolis
