71 IAC 14.5-1-1 Indiana bred quarter horse

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 1. (a) Indiana bred quarter horse means any properly registered quarter horse foaled in Indiana and whose dam was registered with the commission.

(b) The mare must:

(1) have entered Indiana by November 1, 2008, and by July 1, 2009 and each year thereafter in the year prior to foaling.

(2) remain in Indiana continuously until foaling. The resulting foal will then be eligible to be registered as an Indiana bred.

(c) In the event a mare entered Indiana and was registered with the commission after November 1, 2008 and by July 1, 2009 and each year thereafter in the year prior to foaling, the foal (which must be foaled in Indiana) may be eligible to be registered as an Indiana bred.

(d) The mare must be bred back to a registered Indiana stallion in the year of foaling for the foal to qualify as an Indiana bred.

(e) If the mare fails to conceive when bred or is unfit to breed due to health reasons, a veterinarian certificate is required from a licensed Indiana veterinarian.

(f) If the mare does not conceive it must:

(1) remain open for that breeding season in order for the mare's current foal to be eligible to be registered as an Indiana bred;

(2) remain in Indiana for a period of thirty (30) days from the foaling date; and

(3) the mare and foal must be inspected by a commission representative prior to leaving the state.

(g) An Indiana bred quarter horse foaled prior to the year 2002 will require that the breeder must be a resident of Indiana as noted on the American Quarter Horse Association registration certificate. These horses must be registered with the commission by September 1, 2002, or will not be eligible for the Indiana bred program.

(h) The horse must be registered with the commission prior to being entered in an Indiana bred conditioned race.
