Ladies and gentlemen of the board, my name is Michelle Daily. I am the food service assistant at school 72. I have been here for three years and have seen the impressive improvements this school has made in terms of academics, social and behavioral as well. I'm also speaking as a mom whose child has flourished in this school since kindergarten and would like for to continue on here in the coming years.

I've had the privilege to see many students, some more challenged, ~~also~~ academically or otherwise find their niche because of a wonderful teacher(s) and

persevere, bloom into highly creative, intelligent young ladies and men. We have great, caring and compassionate teachers and staff who give a damn about our kids here and it shows, year after year.

It is my sincerest hope that you allow Emma Donnan to remain open for many years to come, so we can continue to educate and inspire our kids to do their very best.

Sincerely,

Michelle Daily FSN

Subject: Support for Emma Donnan Elementary and Middle School

I'm writing this letter as a dedicated staff member of Emma Donnan Elementary and Middle School. For 7 years here, the one thing I'm reminded of daily is that each of us is tasked with a humbling if not incredibly difficult task: to positively impact the lives of students and community in a manner that is both as immediate as it is long-lasting. It's not always been easy. As with any challenge, there have been trials and triumphs. When it's worth it, though, the reward can be greater than any of us ever imagined. This school is worth it.

Throughout the years, I've seen more dedicated staff members walk through these doors than I can ever recall in any of my own years as a youth in the education system of this city. From the teachers, to support staff to the janitors, I've seen teams in this building pour more time, attention, effort and love into students, their families and this community than anyone could have ever envisioned. Emma Donnan is not just another school in a long list of schools across the state. We are not just one of many. What this school has managed to accomplish in such a short amount of time in our classrooms, the buy-in of students and families and the ways in which we've managed the shifting of a culture despite some exhaustive odds, is rare. We're not done yet. This is a work that must continue.

As one small piece to a very large puzzle, I'm just one of so many of us that are as dedicated in our mission today as we were yesterday. Hopefully, we will be given the opportunity to continue this work into the future and for many more years to come.

Many Thanks,

Atia McMillan

I support...

I am writing to show my support for Emma Donnan Middle and Elementary school. I teach Math for 7th Grade and I very much enjoy doing this. Working at this school I have connected myself to the community and the surrounding families of the school. I am also apart of Indianapolis Teaching Fellows and am working towards my masters in the art of teaching. Emma Donnan is an outstanding school that provides a high quality curriculum and support system for all of the students. Just looking at the data our school has out preformed every other rivalschool. I have committed myself to help every child improve and strive towards excellence.

Thank you for committing to educational excellence within our community. I look forward to seeing our school continue to be open as a public charter school on the south side of Indianapolis.

I support this school because it has become my family and I am writing to show how much this school means to me. As the enrollment manager I know the needs of our students and family we serve, and I pride myself on meeting those needs daily. I have been apart of this school since May of 2012 and I continue to give 110% effort each and every day I enter this building. I have seen this school grow and our student's performance growth capered to neighboring schools that are standing at a standstill. We have come a long way for day 1 and we have more work to do and I want to ensure we are allowed that opportunity to continue the south side community.

I look forward to Emma Donnan Middle and Elementary providing excellent educational service to this community for years to come.

Emma Donnan Elementary and Middle School
7th Grade Team Member

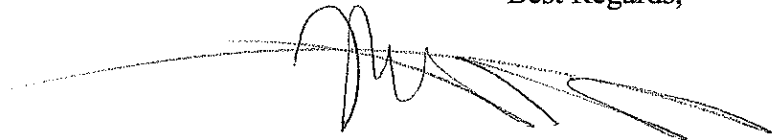

Indiana State Charter Board,

I am writing to show my support for Emma Donnan Elementary and Middle School. I Teach 7th grade World History, and I thoroughly enjoy teaching my scholars and future world leaders. I know the needs that I am meeting on a daily basis to provide a quality education for my students. Many of these students are in foster care, come from single parent households, or live with relatives. They must push through a tremendous amount of adversity that society and the world throws their way, just to get up and come to school everyday to learn and grow socially, academically, and behaviorally.

I am committed to the growth and achievement of all students at Emma Donnan and for the Indianapolis community. I am proud that our school is performing higher than the comparable local elementary and middle schools. Our motto is to be the model urban K-8 school in Indianapolis, and we strive every day to reach that goal and push our students to learn from their mistakes and have the grit to learn new subjects to better understand their community, state, national, and international issues. I am committed to helping every child perform better than the previous year and for our school to continue to strive for academic excellence.

Thank you for committing to educational excellence within our community. I look forward to seeing our school continue to be as a public charter school on the south side of Indianapolis.

Best Regards,
