

APPENDIX D

PUBLIC PARTICIPATION DOCUMENTATION

Department of Environmental Management

Indianapolis

OFFICE MEMORANDUM

Date: May 12, 2005

To: Interested Parties

From: Kathryn Watson *KW*
Branch Chief, Office of Air Quality

Subject: Redesignation Petition and Maintenance Plan for Vigo County.

At the conclusion of the 2004 ozone season, all monitors within Vigo County measured air quality that meets the ambient air quality standard for ozone. Therefore, in accordance with the Clean Air Act, the Indiana Department of Environmental Management (IDEM) has prepared a draft redesignation petition and maintenance plan for Vigo County in association with the eight-hour air quality standard for ozone. IDEM plans to submit the redesignation petition and maintenance plan to the U.S. Environmental Protection Agency and formally request that Vigo County be redesignated to attainment and classified as "maintenance" under the eight-hour air quality standard for ozone. IDEM is making available a draft of this document for public review and comment beginning May 13, 2005.

IDEM has scheduled a public hearing concerning the draft redesignation petition and maintenance plan for Tuesday, June 14, 2005 at 6:00 p.m. (local time) in the Conference Room of the Vigo County Annex Building, Located at 120 Oak Street, Terre Haute, Indiana. Written comments may also be submitted to IDEM, but must be received by Friday, June 17, 2005. Comments may be faxed to (317) 233-5967, to the attention of Kathryn Watson, and mailed comments should be addressed to:

Vigo County Redesignation Petition and Maintenance Plan
Kathryn Watson, Chief
Air Programs Branch, Office of Air Quality - Mail Code 61-50
100 N. Senate Ave.
Indiana Department of Environmental Management
Indianapolis, IN 46206-2251

The draft document also is available on IDEM's web site (<http://www.in.gov/idem/air>), or may be reviewed and copied at the following locations:

- Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center North, 100 North Senate, Room N1003, Indianapolis, Indiana.
- Vigo County Air Pollution Control Agency, 103 South Third Street, Terre Haute, Indiana.
- Vigo County Public Library, One Library Square, Terre Haute, Indiana

If you have any questions, you may contact me at (317) 233-5694 or kwatson@idem.in.gov, or Krista Gremos at (317)233-5680 or kgremos@idem.in.gov

LEGAL NOTICE OF PUBLIC HEARING
Redesignation Petition and Maintenance Plan
in association with the 8 hour ozone standard,
for Vigo County.

Notice is hereby given under 40 CFR 51.102 that the Indiana Department of Environmental Management (IDEM) will hold a public hearing on Tuesday, June 14, 2005. The purpose of this hearing is to receive public comment on the Draft Redesignation Petition and Maintenance Plan in association with the 8 hour ozone standard, for Vigo County. The meeting will convene at 6:00 p.m. (local time) in the Conference Room of the Vigo County Annex Building, located at 120 Oak Street, Terre Haute, Indiana. All interested persons are invited and will be given opportunity to express their views concerning the draft documents.

This Redesignation Petition and Maintenance Plan is being drafted and submitted consistent with United States Environmental Protection Agency (USEPA) guidance.

Copies of the draft documents are available to any person upon request and will be available for public inspection beginning May 13, 2005 at the following locations:

- Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center North, 100 North Senate, Room N1003, Indianapolis, Indiana.
- Vigo County Air Pollution Control Agency, 103 South Third Street, Terre Haute, Indiana.
- Vigo County Public Library, One Library Square, Terre Haute, Indiana.

Oral statements will be heard, but for the accuracy of the record, statements should be submitted in writing. Written statements may be submitted to the attendant designated to receive written comments at the public hearing.

IDEM will also accept written comments through June 17, 2005. Mailed comments should be addressed to:

Vigo County Redesignation Petition and Maintenance Plan
Kathryn Watson, Chief
Air Programs Branch, Office of Air Quality – Mail Code 61-50
100 North Senate Avenue
Indiana Department of Environmental Management
Indianapolis, IN 46206-2251

A transcript of the hearing and all written submissions provided at the public hearing shall be open to public inspection at IDEM and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of actions resulting from the hearing.

For additional information contact Krista Gremos, at the Indiana Department of Environmental Management, Office of Air Quality, Room 1001, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5680 or (800) 451-6027 ext. 3-5680 (in Indiana).

Kathryn Watson, Chief
Air Programs Branch
Office of Air Quality

Individuals requiring reasonable accommodations for participation in this hearing should contact the IDEM Americans with Disabilities Act (ADA) coordinator at:

Attn: ADA Coordinator
Indiana Department of Environmental Management – Mail Code 50-10
100 North Senate Avenue
Indianapolis, IN 46204-2251

Or call (317) 233-1785 (voice) or (317) 232-6565 (TDD). Please provide a minimum of 72 hours notification.

ACCURATE REPORTING OF INDIANA

1 interested persons an opportunity to offer comments to
2 the State regarding the draft Redesignation Petition and
3 Maintenance Plan for the Terre Haute Area.

4 Appearance blanks have been distributed in the
5 hearing room for all those desiring to be shown appearing
6 on record in this cause. If you have not already filled
7 out the form, please do so and indicate if you are
8 appearing for yourself or on behalf of a group
9 organization and identify such group or organization.
10 Also, note the capacity in which you appear such as
11 attorney, officer, or authorized spokesperson.

12 Any person who is heard or represented at this
13 hearing or who requests notice may be given written
14 notice of the final action taken on this State
15 Implementation Plan submittal. Please indicate on the
16 appearance card if you wish to receive this notification.
17 When appearance cards have been completed, they should be
18 handed to me, and I will include them with the official
19 record of this proceeding.

20 Oral statements will be heard, but written
21 statements may be handed to me or mailed to the Office of
22 Air Quality on or before close of business on June 17th,
23 2005. A written transcript of this hearing is being
24 made. The transcript will be open for public inspection,
25 and a copy of the transcript will be made available to

1 any person upon payment of the copying cost.

2 After the conclusion of this public hearing, I will
3 prepare a written report summarizing the comments
4 received at this hearing and recommending changes which
5 may need to be made to this document.

6 I would like to introduce the following documents
7 into the record:

8 1) The notice of public hearing.

9 2) Draft Redesignation Petition and Maintenance
10 Plan for the Terre Haute Area.

11 Finally, I would like to briefly go over the
12 contents of the draft document.

13 In 1997 the United States Environmental Protection
14 Agency established a new, more stringent standard for
15 ozone, referred to as the 8-hour ozone standard. The
16 standard itself was established at .08 parts per million
17 measured over an eight-hour period. Within the
18 Guidelines on Data Handling Conventions for the 8-Hour
19 Ozone NAAQS, published by the U.S. EPA in December of
20 1998, the U.S. EPA established parts per million, or ppm,
21 and three significant figures as the basis for
22 computation of 8-hour ozone concentrations. In
23 accordance with this guidance, three significant digits
24 are used to determine an area's design value and for
25 conducting attainment tests. Specifically, because the

1 third decimal digit is rounded, 0.084 ppm is the largest
2 concentration that is less than or equal to the standard
3 of 0.08 ppm. Therefore, an ozone concentration equal to
4 or greater than .085 parts per million is considered to
5 be above or in violation of the standard.

6 Legal challenges to the new standard for ozone
7 resulted in delayed implementation of the standard until
8 February of 2001 when the Supreme Court ruled that the
9 U.S. EPA could proceed with the implementation of the new
10 standard, providing that the U.S. EPA's implementation is
11 consistent with the Clean Air Act. The U.S. EPA's first
12 action in implementing the new standard for ozone was to
13 designate areas throughout the country as attainment,
14 nonattainment, or unclassifiable. The Terre Haute Area,
15 specifically Vigo County, was designated nonattainment
16 under the 8-hour ozone standard on April 15th, 2004.
17 This designation was based on a monitored design value of
18 .087 parts per million. This design value derived from
19 an average of the annual fourth highest ozone values over
20 the previous three years, those being 2001 through 2003.
21 At the conclusion of the 2004 ozone season, all monitors
22 within the Terre Haute Area measured air quality that
23 meets the ambient air quality standards for ozone. The
24 most recent design value for the area is .083 parts per
25 million, which is based on an average of the annual

1 fourth highest ozone values for the years 2002 through
2 2004. This design value represents ozone concentrations
3 that are below the national ambient air quality standard;
4 thus, the area is eligible to be redesignated to
5 attainment under the 8-hour ozone standard and classified
6 as maintenance.

7 The Indiana Department of Environmental Management
8 has prepared the Draft Redesignation Petition and
9 Maintenance Plan for the Terre Haute Area in accordance
10 with U.S. EPA guidance. The draft petition outlines a
11 demonstration that the area has attained the standard
12 based on monitored concentrations, and that the
13 reductions in monitored concentrations are attributable
14 to permanent and enforceable reductions in precursor
15 emissions, specifically reductions of both volatile
16 organic compounds and oxides of nitrogen. Furthermore,
17 the draft maintenance plan outlines the following:

18 - Precursor emissions of volatile organic compounds
19 and oxides of nitrogen will continue to decline into the
20 future.

21 - Due to existing and future emission controls, the
22 area's air quality is not projected to worsen and should
23 improve further over time.

24 - A commitment for all existing emission controls to
25 remain in place.

1 - A commitment to revise the plan within eight years
2 of redesignation.

3 - A commitment to adopt and expeditiously implement
4 necessary corrective actions if a warning or action level
5 response is triggered.

6 - A warning level response is triggered by a
7 1-year fourth high monitor value of .088 parts per
8 million.

9 - An action level response is triggered by a
10 2-year average fourth high monitor value of .085 parts
11 per million.

12 A mobile source emissions budget for transportation
13 conformity purposes.

14 This concludes my comments regarding the draft
15 Redesignation Petition and Maintenance Plan for the Terre
16 Haute Area.

17 This hearing is now open for public comment. Are
18 there any public comments?

19 In the absence of any further comments, these
20 proceedings are hereby concluded. This hearing is
21 adjourned.

1 STATE OF INDIANA)
2 COUNTY OF VIGO) SS:
3)

4 I, Renee R. Dobson, a Notary Public in and for said
5 county and state, do hereby certify that the foregoing public
6 hearing was taken down in Stenograph notes and afterwards
7 reduced to typewriting under my direction; and that the
8 typewritten transcript is a true and accurate record of the
9 public hearing given by said speakers;

10 IN WITNESS WHEREFORE, I have hereunto set my hand and
11 affixed my notarial seal this 22nd day of
12 June, 2005.
