

The purpose of this application example is to provide assistance to small and medium sized rural communities in the drafting of documents necessary for the efficient operation of water, wastewater, and other utility services. The use of this example beyond the scope for which it was prepared is not recommended without consulting competent government or outside counsel. Users are cautioned to check for changes in the laws of the State of Indiana before implementing any legal contracts. Statutory changes may materially affect the ability of an entity to enter into or enforce various types of contracts.

Exhibit B: Building Sewer Connection Application

The _____ Regional Sewer District

Building Sewer Connection Application (Residential, Commercial, or Industrial)

The undersigned, _____, being the (owner, agent, occupant, tenant), of the property located at _____ do hereby request a permit to install and connect a building sewer to service the residential, commercial, or industrial building at said location. (circle one) The name and address of the person who will perform the work is _____. In consideration of the granting of this permit, the undersigned, its successors, and assigns agree:

1. To accept and abide by all provisions of the Sewer Ordinance of the _____ Regional Sewer District and all other pertinent ordinances or regulations including those that may be adopted in the future.
2. To maintain the building sewer at no expense to the district.
3. To notify the Regional Sewer District at least twenty-four (24) hours prior to commencement of work proposed and again at least forty-eight (48) hours prior to the covering of any underground portions of the installation.
4. An as-built drawing of the building sewer connection will be submitted upon completion of the connection, including the location of the well.
5. Septic sludge shall be pumped and the septic tank shall be filled and sealed.
6. No cross-connections from storm or drain tiles, or sump pumps will be made and interior plumbing is subject to inspection to verify that these connections have not

been made.
