for Eli Lilly and Company- Lebanon Facility in Boone County

Part 70 Operating Permit No.: T011-46484-00084

The Indiana Department of Environmental Management (IDEM) has received an application from Eli Lilly and Company- Lebanon Facility, located at 1400 West 375 North and 3600 North 150 West, Lebanon, IN 46052, for a new source construction and Part 70 Operating Permit. If approved by IDEM's Office of Air Quality (OAQ), this proposed permit would allow Eli Lilly and Company to construct and operate a new pharmaceutical manufacturing facility.

The applicant intends to construct and operate new equipment that will emit air pollutants. IDEM has reviewed this application, and has developed preliminary findings, consisting of a draft permit and several supporting documents, that would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Lebanon Public Library

Lebanon, IN 46052

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC). To access VFC, please go to: <https://www.in.gov/idem/> and enter VFC in the search box. You will then have the option to search for permit documents using a variety of criteria.

How can you participate in this process?

This notice is posted on IDEM's website (<https://www.in.gov/idem/public-notices/>). The date that this notice is posted on IDEM's website marks the beginning of a 30-day public comment period. If the 30th day of the comment period falls on a day when IDEM offices are closed for business, all comments must be postmarked or delivered in person on the next business day that IDEM is open.

IDEM is currently working on scheduling a public meeting and hearing for this draft permit. IDEM will post a separate announcement of the date, time, and location of that public meeting on IDEM's website (<https://www.in.gov/idem/public-notices/>). The above-mentioned 30-day public comment period will also be extended once the date of the public meeting is determined. IDEM will also post a separate announcement with the date the public notice will end on IDEM's website (<https://www.in.gov/idem/public-notices/>).

Comments and supporting documentation should be sent in writing to IDEM at the address below. If you comment via e-mail, please include your full U.S. mailing address so that you can be added to IDEM's mailing list to receive notice of future action related to this permit. IDEM does not have legal authority to regulate zoning, odor, or noise. For such issues, please contact your local officials.

For additional information about air permits and how the public and interested parties can participate, refer to the IDEM Air Permits page on the Internet at: <https://www.in.gov/idem/airpermit/public-participation/>; and the Citizens' Guide to IDEM on the Internet at: <https://www.in.gov/idem/resources/citizens-guide-to-idem/>.

What will happen after IDEM makes a decision?

Following the end of the public comment period, IDEM will issue a Notice of Decision stating whether the permit has been issued or denied. If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period. If comments are received during the public notice period, the final decision will include a document that summarizes the comments and IDEM's response to those comments. If you have submitted comments or have asked to be added to the mailing list, you will receive a Notice of the Decision. The notice will provide details on how you may appeal IDEM's decision, if you disagree with that decision. The final decision will also be available on the Internet at the address indicated above and will also be sent to the local library indicated above, and the IDEM public file room on the 12th floor of the Indiana Government Center North, 100 N.
