for Eli Lilly and Company- Lebanon Facility in Boone County

New Source Construction and Part 70 Operating Permit No. T011-46484-00084

The Indiana Department of Environmental Management (IDEM) has received an application from Eli Lilly and Company- Lebanon Facility, located at 1400 West 375 North and 3600 North 150 West, Lebanon, Indiana 46052 for a New Source Construction and Part 70 Operating Permit. IDEM's Office of Air Quality (OAQ) issues this type of permit to regulate the construction and operation of new sources that release air pollutants.

On January 11, 2024, the Office of Air Quality (OAQ) had a notice posted on IDEM's website (<https://www.in.gov/idem/public-notice/>) stating that the draft New Source Construction and Part 70 Operating Permit for Eli Lilly and Company- Lebanon Facility had been proposed for this operation and provided information on how the public could review the proposed permit and other documentation. Due to several comments received by IDEM from interested parties, a public meeting and public hearing will be held on February 28, 2024, to discuss air permitting and to allow for testimony regarding the draft New Source Construction and Part 70 Operating Permit for Eli Lilly and Company- Lebanon Facility.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Lebanon Public Library
104 E. Washington St.
Lebanon, IN 46052

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC). To access VFC, please go to: <https://www.in.gov/idem/> and enter VFC in the search box. You will then have the option to search for permit documents using a variety of criteria.

What will happen at the hearing?

IDEM, OAQ will not provide responses to questions or comments made during the hearing. The purpose of the hearing is to allow for the public to provide testimony. IDEM will provide responses to all comments made during the hearing, along with all other written comments provided to the agency during the public comment period, as part of the response to comment in the final permit decision.

Written comments and supporting documentation can be presented at the public meeting, or if you do not plan to attend this meeting, you can send written comments to IDEM before the end of the public notice period. The public notice period will end on Monday, March 4, 2024. All comments will be considered by IDEM when we make a decision to issue or deny the permit. IDEM does not have legal authority to regulate zoning, odor or noise. For such issues, please contact your local officials. If you do not want to comment, but would like to be added to IDEM's mailing list to receive notice of future action related to this permit application, please contact IDEM.
