

OFFICE OF LAND QUALITY PROVISIONAL HAZARDOUS WASTE IDENTIFICATION NUMBERS

Provisional RCRA hazardous waste identification numbers are available for a limited number of situations.

- ◆ Drug Lab clean-up activities conducted by law enforcement agencies
- ◆ Spills of hazardous waste on interstate, federal, state, county, or local highways/roads
- ◆ An acute situation posing an immediate threat to human health and/or the environment

The party accepting responsibility for the hazardous waste generated in an emergency situation becomes the generator of the hazardous waste and is responsible for managing it in accordance with applicable RCRA Subtitle C regulations, including obtaining a RCRA EPA Identification Number. The Indiana Provisional Identification Number shall be valid for a one-time shipment of the waste within thirty (30) calendar days from the date of the incident.

The person requesting the Indiana Provisional Identification Number shall provide IDEM OLQ the following information:

- ◆ Generator Name
- ◆ Event location and/or address, city, zip code, and county
- ◆ Name and telephone number of person reporting event
- ◆ Name and telephone number of contact person
- ◆ Description of the waste generated
- ◆ Amount of waste generated
- ◆ Transporter Name and ID#
- ◆ Disposer Name and ID#
- ◆ Reason ID# is needed

CONTACT

During regular business hours:

To obtain an Indiana Provisional Identification Number between 8:00 A.M. and 5:00 P.M. contact: Yuliia Sheron at 317-233-4624 or Jenny Ranck Dooley at 317-232-8925.

During Non-Business Hours:

If the incident occurs during non-business hours and poses an immediate threat to human health and/or the environment or results from a drug bust, the transporter may remove the waste immediately without an ID number. The generator shall notify IDEM OLQ the next working day following the incident to obtain an Indiana Provisional Identification Number and shall be responsible for providing it to all entities involved that may require the number.
