State budget

- Projected revenues for FY09 down \$1.5 billion.
- Must decrease spending to match revenue.

Lean grant close-out

- Contract expired with CMTI.
- Pollution Prevention Opportunity Assessments (P2OA) are still available.

Reducing Toxics in Indiana Grant

- OPPTA has received a \$160,000 EPA grant to focus on reducing toxics in Indiana.
- We will be looking at specific toxics on the Resource Conservation Challenge Priority chemical list and working with facilities through Pollution Prevention Opportunity Assessments to identify projects.
- Facilities with projects that focus on reducing these toxics will then be able to apply for Pollution Prevention grants in August 2010.

Clean Vessel Act Grant Funding

- Any private or public marina within the State is eligible for this grant, including city and government owned marinas.
- The grant covers pumpouts, dump stations, pumpout boats, maintenance and floating restrooms.
- Accepting applications year round, go to IDEM's Web Site under funding
<http://www.in.gov/idem/4103.htm#cva>
- \$263,000 is available currently.

Clean Air Indiana Campaign

- June 15 – 30, 2009
- Challenge to reduce ground-level ozone
