Introduction To Real Estate Leasing

The Leasing Section of the Department of Administration has been statutorily mandated to carry out all leasing activities for State Agencies. It is our intent to assist State Agencies in obtaining appropriate leased facilities. We hope this manual will help facilitate that end.

Section 1: Getting Started

1. Explains why the Department of Administration is the primary facilitator in the leasing process, and the basic laws and policies that govern the process.
2. Informs you of important guidelines that must be followed.
3. Gives both the general guidelines on how to determine the amount of space you will need for your leased office and a formulary for assigning space.
4. Explains, step by step the process for each type of leasing transaction.

Section 2: Lease Clauses

Contains the non-negotiable clauses and mandatory clauses for all leases.

Section 3: Lease Payments

Explains the process for making lease payments.

Section 4: Boilerplate Leases

This section contains the most often used boilerplate documents. These are just examples and are not to be duplicated and used. Documents that have been approved or pre-reviewed by the Attorney General can be found and downloaded from the leasing web page: http://www.in.gov/idoa/2528.htm.

Section 5: Forms

This section contains copies of the forms most often used in the leasing process along with a list of the other documents that are available through the Leasing Section. All leasing forms can be found at http://www.in.gov/idoa/2528.htm.

It is our desire to make this process as simple and painless as possible. Should you have any suggestions that might improve this manual or the leasing process, we welcome your comments.

Leasing Manager
The following information is presented to clarify IDOA’s responsibilities as the primary facilitator of the leasing activity.

IC 4-20.5-5-3: Duties of the Department of Administration:

1. Establish uniform standards for determining the amount and type of facilities needed by agencies.

2. Assign facilities in or on property owned or leased by the State.

3. With the approval of the Governor, lease facilities for the use of agencies.

4. Prepare and make available for public inspection an annual report of facilities leased for state agencies in each county.

5. Establish the amount and type of facilities needed for different categories of employees, equipment and materials.

Below are listed the Standards that are to be considered and followed by both the using agency and IDOA when leasing real estate.

IC 4-20.5-5-4, IC 4-13-1.1: Standards established under section 3(1) must do the following:

1. Encourage increased efficiency of agencies through the grouping of interrelated agencies.

2. Facilitate public access to state government.

3. Ensure that state offices will be centrally located in urban areas, unless such a location would not serve the interests of accessibility, economy and efficiency.

4. The state shall utilize and maintain, wherever operationally appropriate and economically prudent, downtown properties, especially in historic structures and districts. Subject to IC 4-20.5-5 and IC9-16-2 and other relevant state statutes, when locating state facilities, state agencies shall give first consideration to historic properties within downtowns or historic districts. If no such property is suitable, then state agencies shall consider other developed or undeveloped sites within downtowns. If there are no suitable sites, state agencies shall then consider historic properties outside of downtown or district.
Downtown is defined as:
1. The central business district of a city, town or township
2. Any commercial or mixed use area within a neighborhood of a city, town, or township that has traditionally served, since the founding of the community, as the retail service and communal focal point within the community
3. An enterprise zone established under IC 4-4-6-1
4. A brownfield revitalization zone established under IC 6-1.1-42

IC 4-20.5-5-5: Needs request:

An agency that needs facilities must submit a description of its needs to the Department of Administration. (SF202)

IC 4-20.5-5-6: Satisfaction of request with facilities already owned or leased:

Whenever the Department of Administration approves all or part of an agency’s request for facilities, the department shall determine whether the agency's needs can be met by assigning the agency facilities in or on property already owned or leased by the state. If the agency's needs can be met by such an assignment, the department shall make the assignment.

IC 4-20.5-5-7: Newly leased facilities; lease conditions:

1. If an agency’s needs cannot be met under IC 4-20.5-5-6 of this chapter, the Department of Administration may approve the leasing of facilities for the agency or lease facilities in its own name and assign them to the agency. A lease approved under this subsection must satisfy all the following:

   a) Must be approved under IC 4-13-2-14.1.

   b) Normally must not exceed four (4) years, however, may be rented for a term of up to ten (10) years. If a property is rented for a term of more than four (4) years, the Commissioner of Administration must make a written determination stating the reasons that it is in the best interest of the state to rent property for a longer term. IC 4-13-1-4-10(B)

   c) May provide for the state to make improvements on the leased property if authorized by the public works division of the department.

   d) Notwithstanding IC 4-13-2-20, may provide for payment to Landlord at any time during the term of the lease for leasehold improvements made by Landlord.

2. A lease entered into under this section may be renewed for successive terms.
Additional statutory/policy statements that apply to the leasing process are as follows:

1. Leases for Real Estate must be submitted for approval by:
   a) The Landlord
   b) The Department of Administration
   c) The State Budget Agency
   d) The Attorney General

2. Leases of real estate do not have to be competitively bid, however, you will be expected to follow the Procedural Requirements set by the Department of Administration as stated in this section.

3. Agencies (except judicial and legislative) must process leases through the Department of Administration.

4. No payments may be made under the lease unless the Auditor certifies that funds have been encumbered for such a purpose.

5. No obligations may be incurred for lands or structures without the prior approval of the State Budget Agency (with the exception of State Highways and the State Universities).
Important Guidelines

The next items are important guidelines that "must" be adhered to by all agency personnel involved in the leasing activity.

1. Agency personnel are not to contact or discuss possible leases with real estate agents, brokers, builders, building owners or their representatives unless given direct authorization by the Leasing Section of the Department of Administration.

2. Although our Standard Lease Form makes provision for holding over, this is not to be construed as a right and should not be used as an excuse by any agency to take more time than is necessary to perform their part of the leasing task.

3. Early possession or making a commitment to a Landlord for needed space without the approval of the Department of Administration and the State Budget agency may be construed as "obligating the state without proper authority". IC 4-13-2-18 states that an officer who knowingly incurs any obligation without proper authorization is providing legal grounds for his removal.

4. Any agency that is negotiating its own lease and wishes to make changes to the state's standard boilerplate must first get approval from the Leasing Section of the Department of Administration.

5. Any new site that has been selected must meet the requirements of IC 4-13-1-4 or supply justification for not selecting this type of site. No lease will be approved that does not meet this requirement or supply sufficient justification for not complying with this requirement.

6. All changes in Landlords must be memorialized by amendment. An approved boilerplate form is available on the IDOA Leasing web page.

7. All improvements to leased space that will be paid for by the Tenant and are in excess of $25,000 must be approved by amendment.
Space Utilization Standards

In order to lease efficient, cost effective space the following space standards have been established. The use of these standards will make it easier to determine the maximum space allowed for each area required.

Office space standards shall be computed for all purposes in terms of total number of square feet per total number of employees in a given location, hereafter referred to as the "A/E." "A/E" benchmarks are established as follows:

Conventional Office Areas and Open Plan Office Areas, or a combination: 200 Square Feet per number of employees.

This square footage includes but is not limited to conference rooms, rest rooms, waiting areas, etc. Any assignment of space above the benchmarks must be justified by the Tenant Agency and approved by the Leasing Section.

The following breakdown should be used in your justification:

2. Primary - The total for primary horizontal circulation, including space between or outside agencies, i.e.: major hallways from vertical areas to the agency. 10% of Staff, contingency and secondary circulation
Net Space Allocation Formula

Below is the formula to be used during the space allocation process. This formula is highly recommended for all new placements. It is mandatory for any agency requesting space over the 200 square feet per person guideline.

Procedural Requirements

The following categories explain the process for each type of leasing transaction.

I

Process when Tenant Representative is involved.

1. Requirement identified by IDOA
2. 202 submitted to IDOA by agency
3. Assignment made to Tenant Representative firm by IDOA with a copy to the agency.
4. Representative will contact appropriate person within the agency to set up initial meeting. This meeting should take place within 1 week of the receipt of the assignment.
5. Prior to the meeting the agency person should deliver to the Representative their priority list, staffing numbers and classifications, adjacencies, number of offices needed and for what classifications, open areas and type of layout desired (systems furniture or built out cubicles etc.), conference rooms and any other necessary information that the Tenant Representative might need to assist in this placement.
6. The Tenant Representative and agency will meet to discuss the data gathered by the agency and location preferences.
7. Once the Tenant Representative has reviewed the information they will put together a strategic plan and timeline for this placement and will report the results to IDOA and the agency.
8. Representatives will identify site options in the requested market.
9. Representatives will present site options to the agency within a week of the first meeting with the agency, provided the agency delivered the necessary information requested at the time of the first meeting.
10. Representatives and agency will tour selected sites.
11. Representatives will report feedback from these tours to IDOA.
12. Representatives and agency will determine a short list of properties or if not satisfied with the first set of properties will select additional properties to view. Once a short list of properties has been identified;
13. Representatives will prepare an RFP.
14. The RFP along with the required information listed in Section II D of this manual and the Tenant Representative’s Commission Agreement will be sent to this short list of Landlords by the Tenant Representative.
15. Perspective landlords will be given 2 weeks to respond to the RFP.
16. Representatives will prepare a comparative analysis of the responding properties.
17. Proposals and analysis will be reviewed by IDOA and the agency and if deemed necessary best and final offers will be requested.
18. After final review a recommendation will be made by the Tenant Representative and the selection will be made by the agency.
19. IDOA will approve or disapprove the selection.
20. Agency will send letters notifying each respondent of their selection or non-selection.
21. Tenant Representative will complete any final negotiations with the selected respondent.
22. Any requested changes to the lease document will be approved or disapproved by IDOA.
23. Agency will prepare the lease document and start the signature process. (See Section II I through M for proper process)
24. Agency and Tenant Representatives will start space planning and develop a timeline.
25. Once lease is fully executed, Tenant Representative will assist the agency in construction oversight and coordinating timing on any systems furniture installation and/or data/phone installation with build out
26. Tenant Representative will report any issues that arise during the process to IDOA
27. Tenant Representative will be available for any troubleshooting necessary during the entire process and until punch list is completed and confirmation signed.
28. Tenant Representatives will deliver a post transaction summary put together by the tenant representative and the agency and deliver to IDOA.
Locating and Leasing New Space without Tenant Representation

When an agency believes that it has a need to lease space outside of the Government Centers, or needs to relocate an existing leased office into new space, these steps should be followed:

A. Submit 202 to IDOA
12 to 18 months prior to your desired move date, submit a State Form 202, Request to Lease Space, to the Department of Administration, Leasing Section. Please complete all of the relevant, available information and send with a cover memo detailing the requirement.

B. IDOA determines options and approves
If it is determined that there is no space available within already owned or leased buildings, IDOA will approve the request and determine whether to make this an assignment for one of the Tenant Representative firms under contract, or whether the agency should handle this placement. Should it be decided that the agency will handle this placement the following procedures are to be followed.

C. Agency identifies space available in the desired market
The Agency will endeavor to obtain at least two or preferably three proposals from landlords whose space meets the agency’s described needs. These potential landlords may be solicited in several ways; a news release, contact with local landlord’s or their representatives who have available space in the target market and placement of the requirement on the IDOA solicitations web page.

D. Agency prepares RFP or 203 packages to send to interested landlords.
The potential landlords who request a proposal package should be given a package detailing the specific needs of the Tenant Agency.

Package should contain at minimum the following:

1. Number and classifications of employees along with the allotted amount of space designated for these positions
2. A description of the type of build out that you will need. (If you have a floor plan from another office that is similar to this one, use it as an example)
3. Number of offices required
4. Amount of open space
5. A breakdown of the adjacencies
6. Minimum build out requirements (Tenant build-out form)
7. Expected services: list that is in Section 7 of the boilerplate lease including section B and janitorial exhibit.
8. Insurance Requirement
9. State Form 203 (Proposal for Leasing Space) or standard RFP (Request for proposal)
10. Copy of appropriate Standard Lease Boilerplate.
11. Copy of the non-negotiable and mandatory clauses.
12. Definitions of downtown locations generated by IC 4-13-1.1 and IC 4-20.5-5-4.
13. Registration information for Buy Indiana and registering with the Secretary of State

E. Agency distributes 203 or RFP with the above information to the responding landlords

F. Tenant agency will receive responses and send a comparative analysis along with their preference to IDOA.

G. Selection made
In the event of a disagreement, pursuant to the aforementioned statute, IDOA will make the final decision as to the property to be leased.

H. Agency negotiates any final issues with the selected Landlord.

I. Agency prepares appropriate Lease document and sends it along with a W-9 for Landlord’s signature.

   Upon the return of the signed document, the agency will then

J. Attach an EDS that was generated in People Soft, the signed 202, the Comparative analysis and the clearances from DWD and DOR (If lease is longer than 4 years, the approval letter from IDOA) and send to the Department of Administration

K. IDOA will sign and forward through the balance of the signature process.

L. Once fully executed, lease will be returned to IDOA Leasing, we will retain a copy for our files and send the tenant agency the original.

M. Tenant Agency will retain original and send copy to the Landlord.

Note: It will be the responsibility of the Agency to supervise any leasehold improvements and to submit the letters of confirmation to IDOA once the agency has taken possession of the leased space.
Renegotiating a Lease for Existing Space without Tenant Representation

All renegotiations should being at least 12 months prior to expiration.

A. Determine if the space is still appropriate for your need.
The following areas should be reviewed prior to sending 202 or beginning renegotiations.
- Does the space need painting or new carpet?
- Has the Landlord fulfilled his obligations?
- Has the Landlord been responsive when issues surfaced?
- Do your staffing numbers still justify this much space?
- What are other similar offices renting for in this market?
- Do a comparative market analysis (CMA)
If the answers and the CMA lead you to staying at this location, you will then do the following:

B. Submit 202 to IDOA
Submit 202 to IDOA, Leasing Section with a cover memo and the CMA attached. The 202 will not have your definite negotiated amount but the market analysis should tell you and IDOA what the reasonable range to be negotiated should be.

C. IDOA determines reasonableness and approves

D. Send letter to Landlord requesting a proposal. Include any improvements that may be needed in this letter. Give him a time frame to respond. Once you have received the response;

E. Discuss with IDOA leasing the reasonableness of the Landlord’s proposal.
- If the proposal is not acceptable, negotiate with landlord. If he will not come within reason start Locating and Leasing New Space process.
- If the proposal is acceptable or you have negotiated to an acceptable rate, then follow the next steps.

F. Agency prepares appropriate lease document and sends it along with a W-9 for Landlord’s signature.

G. Attach an EDS generated in People Soft, the signed 202, the CMA and the clearances from DWD and DOR and send to the Department of Administration.

H. IDOA will sign and forward through the balance of the signature process.

I. Once fully executed lease will be returned to IDOA Leasing, we will retain a copy for our files and send the tenant agency the original.

J. Tenant Agency will retain original and send copy to the Landlord.
IV

Lease Renewals without Tenant Representation

A. Do a Comparative Market Analysis (CMA)
   12 months prior to expiration, conduct a CMA

B. Submit 202 and completed CMA to IDOA for approval

C. IDOA approves 202

D. Negotiate with landlord to reduce rate from pre-negotiated amount.

E. Prepare renewal letters (2) for signatures.
   If your current lease does not contain the Direct Deposit, Ethics and Telephone Solicitation clauses your renewal will need to be done by amendment to add them.

F. Attach a copy of the original lease, an EDS generated in People Soft, the signed 202, the CMA and the clearances from DWD and DOR and send to the Department of Administration.

G. IDOA will sign (and if done by amendment, forward through the balance of the signature process.)

H. Once fully executed we will retain a copy for our files and send the tenant agency the originals.

I. Tenant Agency will retain one original and send the other original to the Landlord.

   Once signed

C. Attach an EDS generated in People Soft, the signed 202 and the
   clearances from DWD and DOR and send to the Department of
   Administration.

D. IDOA will sign and forward through the balance of the signature process.

E. Once fully executed lease is returned to IDOA Leasing, we will retain a
   copy for our files and send the tenant agency the original

F. Tenant Agency will retain original and send copy to the Landlord.

Lease Clauses

Non-Negotiable Clauses

The following are a list of statutory limitations and policies that most often cause conflict when negotiating with new Landlords. This list is a tool for you to refer to during negotiations. It should **ALWAYS** be included in your proposal package that is given to prospective landlords. The items listed below are **NOT** negotiable.

*Any of the following clauses will be cause for rejection!*

1. Payment in advance, including security deposits. [IC 4-13-2-20]

2. Inappropriate time frame for making payments and inappropriate percentage of late fees. [IC 5-17-5-1]

3. Purchase of insurance by the State. [Property: IC 4-13-1-17; Personal injury: (IC 34-13-3-20(b).)]

4. Any term longer than four (4) years, unless accompanied by written approval from the Commissioner of Administration. [IC 4-13-1-4 (10)(B).]

5. Indemnification of the landlord for anything, including but not limited to: personal injury, property damage, real estate commission, insurance premium increases, or damages caused by invitees. Reference: Landlord may look to IC 34-13-3 of the Tort Claims act and IC 34-30-9-2 for the allowable protection in this area.

6. Agreements to pay the landlord’s attorneys fees for any matter whatsoever. This policy was established by the Attorney General's office concerning all leases. Reference: [IC 4-6-1,2,3, and 11]

7. Acceptance of liability for the acts of persons on the premises who are not the agents or employees of the State. Reference: Landlord may look to IC 34-13-3 of the Tort Claims Act for the allowable protection in this area.

8. Waiver of rights granted to the State by statute.

   a) The right to withhold payment in the event of a dispute. [IC 5-17-5-1 et seq]
   b) Waiver of subrogation in cases of personal injury. [IC 4-6-2-11] (Waivers of subrogation are appropriate only when limited to damage to State property or, in the case of waivers of both personal injury and property damage liability, the state has been named an additional insured on the landlord’s insurance policy.)
   c) Waiver of landlord’s duty to repair structural elements of the leased premises.
   d) Waiver of notices of defaults or other actions with adverse consequences for the state.
   e) Mechanics liens: no landlord discharge or release provision. Notice to cure may be sent to the State.
9. Uncapped or unknown costs: all price increases must be capped and/or linked to a definable dollar amount.

10. Insurance premium increases. We will accept a notice and opportunity to cure the cause of the increase should it be due to our usage.

11. Any unrealistic costs in the event of default or holding over, for example: 125% of the rental rate to be paid while in holdover.

12. Any provisions that are not applicable (i.e., bankruptcy, tax liens, etc.). The State is exempt from paying taxes.

13. Waiver of Subrogation: This is not an acceptable clause due to the fact that the State may not purchase insurance.

14. A governmental body may not enter into a cost plus a percentage of cost contract. IC 5-22-17-1

**Mandatory Clauses**

The following 8 items are mandatory in all leases. The preferred wording for all leases is found in the State's Boilerplate document within this manual. No substantive changes will be allowed.

1. Nondiscrimination clause.

2. Conflict of Interest.

3. Cancellation for funding. [IC 5-22-17-5]

4. Maintaining a Drug-Free Work Place (and certification if over $25,000)

5. Ethics clause

6. Non-collusion clause

7. Direct Deposit

8. Telephone Solicitation
Processing Lease Payments

All payments shall be made in arrears in conformance with State fiscal policies and procedures and, as required by IC 4-13-2-14.8, by electronic funds transfer to the financial institution designated by the Contractor in writing unless a specific waiver has been obtained from the Auditor of State. No payments will be made in advance of receipt of the goods or services that are the subject of this Contract except as permitted by IC 4-13-2-20.

Direct Deposit and Waiver forms can be found on the Auditor’s web site at http://www.in.gov/auditor/2340.htm.

The agency will follow the Procurement Peoplesoft guidelines located at: http://www.in.gov/idoa/2342.htm

After a lease is fully executed (fully signed) a letter should be sent to the landlord giving him the purchase order number. (The landlord will receive an official notice from the Auditor giving him the purchase order number, but giving him or her the number in advance will help expedite the process) Your letter should also include the following instructions and information:

A.  The Landlord must send a monthly invoice (in arrears), directly to the Tenant Agency. The invoice should contain the following:
  • An invoice number
  • A purchase order number
  • A description of service for which we are being billed in a line item fashion, (rent, additional rent, utilities, leasehold improvements, etc.)
  • A remittance address
  • An amount due

B.  Provide the Landlord with the name and phone number of the person within your agency who will be the landlord’s contact in the event there are questions or problems.

Upon receipt of the Landlord’s invoice, the Tenant Agency must send a claim voucher or a partial against a PO with the invoice to the Auditor for payment. When the Auditor has both documents the direct deposit can take place, or in the case of a landlord who has a valid waiver, a warrant (check) will be prepared and sent to the Landlord. (In the case of a claim voucher the warrant will be sent to the agency to mail to the Landlord)

Payment During Holdover

In an acceptable case of holding over, such as negotiations taking longer than anticipated, the Landlord may be paid by claim voucher under the terms of the expired lease on a month-to-month basis. If the new agreement includes the time in holdover and contains an increase in monthly consideration, you may not pay that additional amount until the new lease is fully executed. Once the new lease is fully executed, you may make a one-time payment for the difference between the amount paid during hold over and the amount approved in the new agreement.
This Lease is entered into by and between____________________ (hereinafter referred to as "Landlord") and the State of Indiana, acting by and through the Department of Administration, for and on behalf of _____________________ (hereinafter referred to as "Tenant"). The signatories for the Landlord and Tenant warrant and represent that they have been duly authorized to execute this Lease on behalf of the Landlord and Tenant respectively.

In consideration of the promises and obligations specified in this Lease, Landlord and Tenant agree as follows:

1. **Description of Premises Leased**

Tenant agrees to lease from Landlord and Landlord agrees to lease to Tenant certain office space consisting of approximately ____ square feet. The space to be leased is commonly known as _____, in the City of __, County of _____, State of Indiana (the "Leased Premises"). The Leased Premises are more fully described in the legal description attached as Exhibit “___” and floor plan attached as Exhibit "___."

State of Indiana
Parking Permit Agreement

This Permit Agreement is made and entered into by and between, (hereinafter referred to as "Permittor") and the State of Indiana, acting through its Department of Administration, for and on behalf of, (hereinafter referred to as "Permittee"). The signatories for the Permittor and Permittee warrant that they have been duly authorized to execute Permits on behalf of the Permittor and Permittee respectively.

In consideration of the promises and obligations specified in this Agreement, Permittor and Permittee agree as follows:

1. The Spaces to be leased

Permittee agrees to rent from Permittor and Permittor agrees to rent to Permittee _____ __ parking spaces located at __________, in the City of __________, State of Indiana.

2. Term and Holdover

A. The term of this Permit Agreement is for a period of ______ years beginning ______, and ending ________.

B. In the event Permittee continues in possession of the parking spaces after this Permit Agreement has expired or has been terminated, the resulting tenancy shall be construed as a tenancy from month to month, and monthly rental shall remain the same as the rent being paid at the time the holdover occurs.

3. Consideration

The total agreed rent for the entire term of this Permit Agreement shall not exceed the sum of $____, payable in equal consecutive monthly installments of $____. This amount represents a maximum cost of $____ per space per month. Rent shall be paid in arrears as described in Section 5 of this Agreement.

4. Option to Renew

The Permittor grants to Permittee an option to renew this Permit Agreement for an additional term of ______ year(s). The renewal agreement will be under the same terms and conditions as the existing agreement, with the rental payment not to exceed $____ per month. Permittee may exercise the renewal option by submitting in writing to the Permittor a notice of renewal, approved by the Department of Administration at least sixty (60) days prior to the expiration date of the Permit Agreement.

5. Method of Payment

A. The Permittor shall submit a monthly invoice (in arrears) on Permittor's letterhead, directly to the Permittee Agency. The invoice must contain an invoice number, purchase order number (which will be provided to Permittor by the Auditor of State upon final approval of this Agreement), number of parking spaces and price per space, remittance address and total
amount due. No invoice shall be paid for any month before the first day of the month following the month for which the rented spaces were provided. Permittor must submit final claims for payment of rent on the spaces within sixty (60) calendar days after the expiration date of this Permit or the State of Indiana may elect to deny payment.

B. If the term of this Agreement does not begin on the first day of a calendar month, or if this Agreement does not terminate or is not terminated on the last day of a calendar month, then the rent for any period less than the calendar month will be prorated based upon the total number of days the parking spaces were actually used during that month.

C. Late payments, if any, shall be determined and made in accordance with IC 5-17-5-1.

D. Payments; Direct Deposit

   All payments shall be made in arrears in conformance with State fiscal policies and procedures and, as required by IC 4-13-2-14.8, by electronic funds transfer to the financial institution designated by the Permittee in writing unless a specific waiver has been obtained from the Auditor of State. No payments will be made in advance of receipt of the goods or services that are the subject of this Permit Agreement except as permitted by IC 4-13-2-20.

E. Should a waiver be approved by the Auditor of the State for the Direct Deposit defined in D above, all payment obligations shall be made to the following person/company/agent, at the following address:

       ____________________________
       ____________________________
       ____________________________

6. Condition of Payment

All services provided by the Permittor under this Permit Agreement must be performed to the State’s reasonable satisfaction, as determined at the discretion of the undersigned State representative and in accordance with all applicable federal, state, local laws, ordinances, rules, and regulations. The State shall not be required to pay for work found to be unsatisfactory, inconsistent with this Permit Agreement or performed in violation of federal, state, or local law.

7. General Uses by Permittee

   A. Permittee will not be permitted to make any alterations, additions, repairs, improvements or decorations to the parking areas except as agreed upon in a separate written agreement between Permittor and Permittee.

   B. Permittee will not affix or cause to be affixed to the parking area any sign, advertisement or notice without written consent of Permittor.

8. Services Provided by Permittor

   Permittor will provide all ordinary maintenance of the parking area, including snow removal (when snow reaches 2 inches) and ice removal as needed.
9. Assignment of the Agreement

Permittee shall not assign this Agreement or any part thereof, or permit the use of any of the parking spaces, by anyone other than the Permittee, its agents, officers and employees, without the prior consent of the Permittor. However, should the Indiana Department of Administration request to assign the parking spaces to another Department or agency of the State of Indiana the Permittor will not unreasonably withhold his approval.

10. Indiana Law

This Permit Agreement shall be interpreted in accordance with and be governed by the laws of the State of Indiana and suit, if any, must be brought in the State of Indiana.

11. Compliance with Laws

A. The Permittor agrees to comply with all applicable federal, state and local laws, rules, regulations and ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference. The enactment of any state or federal statute or the promulgation of regulations thereunder after execution of this Permit shall be reviewed by the State and the Permittor to determine whether the provisions of the Permit require formal modification.

B. The Permittor certifies by entering into this Agreement, that neither it nor its principal(s) is presently in arrears in payment of its taxes, permit fees or other statutory, regulatory or judicially required payments to the State of Indiana. Further, the Permittor agrees that any payments in arrears and currently due to the State of Indiana may be withheld from payments due to the Permittor. Additionally, further payments may be withheld, delayed, or denied and/or this Agreement suspended until the Permittor is current in its payments and has submitted proof of such payment to the State.

C. The Permittor warrants that it has no current or outstanding criminal, civil, or enforcement actions initiated by the State of Indiana pending, and agrees that it will immediately notify the State of any such actions. During the term of such actions, Permittor agrees that the State may delay, withhold, or deny work under any Supplement or contractual device issued pursuant to this Agreement.

D. Any payments that the State may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest under IC 5-17-5.

E. The Permittor warrants that the Permittor and its subcontractors, if any, shall obtain and maintain all required permits, licenses, and approvals, as well as comply with all health, safety, and environmental statutes, rules, or regulations in the performance of work activities for the State. Failure to do so is a material breach of the Permit and grounds for immediate termination of the Agreement and denial of further work with the State.

F. The Permittor hereby affirms that it is properly registered and owes no outstanding reports with the Indiana Secretary of State.
G. Permittor agrees that the State may confirm, at any time, that no liabilities exist to the State of Indiana, and, if such liabilities are discovered, that State may bar Permittor from leasing with the State in the future, cancel existing permits or leases, withhold payments to setoff such obligations, and withhold further payments until the entity is current in its payments on its liability to the State and has submitted proof of such payment to the State.

12. Cancellation

When the Director of the State Budget Agency makes a written determination that funds are not appropriated or otherwise available to support continuation of this Permit Agreement, the agreement shall be canceled. A determination by the Budget Director that funds are not appropriated or otherwise available to support continuation of performance shall be final and conclusive.

"Commission" means the State Ethics Commission.

B. The Department may cancel this Agreement without recourse by Permittor if any interested party is an employee of the State of Indiana.

C. The Department will not exercise its right of cancellation under Subsection B above if Permittor gives the Department an opinion by the Commission indicating that existence of this interested party does not violate any statue or code relating to ethical conduct of state employees. The Department may take any action, including cancellation of this Permit Agreement consistent with an opinion of the Commission obtained under this section.

D. Permittor has an affirmative obligation under this Permit Agreement to disclose to the Department when an interested party is or becomes an employee of the State of Indiana. The obligation under this subsection extends only to those facts that Permittor knows or reasonably could know.

14. Nondiscrimination Pursuant to IC 22-9-1-10 and Civil Rights Act of 1964, Permittor and his Subcontractors, if any, shall not discriminate against any employee or applicant for employment, to be employed in the performance of this Permit Agreement, with respect to hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of race, color, religion, sex, disability national origin or ancestry. Breach of this covenant may be regarded as a material breach of this Permit Agreement. Acceptance of this Permit Agreement also signifies compliance with applicable federal laws,
regulations, and executive orders prohibiting discrimination in the provision of services based on race, color, national origin, age, sex, disability or status as a veteran.

15. Ethics

The Permittor and its agents shall abide by all ethical requirements that apply to persons who have a business relationship with the State, as set forth in Indiana Code § 4-2-6 et seq., and § 4-2-7 the regulations promulgated thereunder, and Executive Order 04-08, dated April 27, 2004. If the Permittor is not familiar with these ethical requirements, the Permittor should refer any questions to the Indiana State Ethics Commission, or visit the Indiana State Ethics Commission website at [http://www.in.gov/ig/commission.html](http://www.in.gov/ig/commission.html). If the Permittor or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this Permit immediately upon notice to the Permittor. In addition, the Permittor may be subject to penalties under Indiana Code § 4-2-6-12 and § 4-2-7.

As required by IC 5-22-3-7:

(1) the Permittor and any principals of the Permittor certify that (A) the Permittor, except for de minimis and nonsystematic violations, has not violated the terms of (i) IC 24-4.7 [Telephone Solicitation Of Consumers], (ii) IC 24-5-12 [Telephone Solicitations], or (iii) IC 24-5-14 [Regulation of Automatic Dialing Machines] in the previous three hundred sixty-five (365) days, even if IC 24-4.7 is preempted by federal law; and (B) the Permittor will not violate the terms of IC 24-4.7 for the duration of the Permit, even if IC 24-4.7 is preempted by federal law.

(2) The Permittor and any principals of the Permittor certify that an affiliate or principal of the Permittor and any agent acting on behalf of the Permittor or on behalf of an affiliate or principal of the Permittor: (A) except for de minimis and nonsystematic violations, has not violated the terms of IC 24-4.7 in the previous three hundred sixty-five (365) days, even if IC 24-4.7 is preempted by federal law; and (B) will not violate the terms of IC 24-4.7 for the duration of the Permit, even if IC 24-4.7 is preempted by federal law.

A. No waiver of any condition or covenant of this Permit Agreement or failure to exercise a remedy by either of the parties shall be considered to imply or constitute a further waiver by such party of the same or any other condition, covenant, or remedy.

B. This Permit Agreement shall be interpreted and governed by the laws of the State of Indiana. All nouns, pronouns and any variation thereof shall be deemed to refer the masculine, feminine, neuter, singular or plural as the context may require.

C. This Permit Agreement contains all the agreement and understandings between the parties and may not be modified orally or in any other manner than by an agreement in writing signed by all the parties or their respective successors. This Permit Agreement may be executed in one or more counterparts, each of which shall constitute an executed original.
D. Should the term of this Permit Agreement be in excess of three (3) years, Permittor agrees to record this Permit Agreement in its entirety (in the county where the leased spaces are located) within 45 days of the commencement, in conformance with IC 32-7-2-1. Permittor is liable for any compensatory and consequential damages incurred by Permittee due to Permittor's failure to comply with IC 32-7-2-1.

E. Nothing in this Permit Agreement will be deemed by the Permittor or Permittee as creating the relationship of principal and agent, partnership, or joint venture. The parties agree that this Permit Agreement and all acts done in compliance with this Permit Agreement will not be deemed to create any relationship other than the relationship of Permittor and Permittee.

18. Drug-Free Workplace Certification

The Permittor hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace. Permittor will give written notice to the State within ten (10) days after receiving actual notice that an employee has been convicted of a criminal drug violation occurring in Permittor's or his/her subcontractor's workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of rent payments, termination of the Permit or agreement and/or debarment of contracting opportunities with the Permittee for up to three (3) years.

In addition to the provisions of the above paragraphs, if the total rent amount set forth in this Permit Agreement is in excess of $25,000.00, Permittor hereby further agrees that this Permit Agreement is expressly subject to the terms, conditions and representations of the following certification:

This certification is required by Executive Order No. 90-5, April 12, 1990, issued by the Governor of Indiana. Pursuant to its delegated authority, the Indiana Department of Administration is requiring the inclusion of this certification in all contracts with and grants from the State of Indiana in excess of $25,000.00. No award of a permit shall be made, and no permit, purchase order or agreement, the total amount of which exceeds $25,000.00, shall be valid, unless and until this certification has been fully executed by the Permittor and made a part of the Permit or agreement as part of the Permit documents.

The Permittor certifies and agrees that it will provide a drug-free workplace by:

(a) Publishing and providing to all of its employees a statement notifying their employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the Permittor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; and

COMPUTER ROOM/COMMUNICATION’S ROOM SPECIFICATIONS – SATELLITE OFFICE
Electrical and Grounding Requirements

Data Communications Rack Power Requirement

The data communications rack requires a dedicated circuit. The circuit must be 110 vac supplied on a 20 amp breaker. The single gang outlet must be installed approximately 12 inches from the floor and no further than 5 feet from the present or future equipment rack (wall mount or floor mount). Communications Room drawing will display location of installation.

Data Communications Rack Grounding Requirements

The data communications rack requires a #6 copper solid or stranded grounding wire with a green sheath. The wire must be continuous length (no splices). The wire must be connected to the grounding bus bar of the nearest power panel. Verify the grounding bus of the power panel is grounded to the Multi Ground Neutral. The Multi Ground Neutral must be connected to the driven grounding electrode at the service entrance. Mount a busbar (GB10) to the communications backboard and attach the #6 ground wire. If the communications backboard is not in place leave a sufficient amount of wire coiled in a service loop with the GB10 attached. Provide approximately 20 feet of the #6 ground wire for the communications installers to ground the data communications rack, telephone system, and communications cable lightning protectors to the ground busbar.

Telephone System Power Requirements

The telephone system requires a dedicated circuit. The circuit must be 110 vac supplied on a 20 amp breaker. The single gang outlet must be installed approximately 12 inches from the floor and no further than 3 feet from the future telephone system (wall mount). Communications Room drawing will display location of installation.

Telephone System Grounding Requirements

(See Data Communications Rack Grounding Requirements above.)

Fileserver Power Requirements

The fileserver requires a dedicated circuit. The circuit must be 110 vac supplied on a 20 amp breaker. The single gang outlet must be installed approximately 12 inches from the floor and no further than 3 feet from the future fileserver location.

Room Dimensions:

For most county sites, a room 8 feet by 10 feet should be sufficient.
Physical environment:

The computer room/communication’s room environment must match the office environment for the staff. Sufficient air conditioning, heating, and airflow must be provided to maintain this environment. DTS FSSA recommends running the Netfinity servers in temperatures from 70-80 degrees F. The heat output for the Netfinity Admin Server, & UPS together is around 2200 BTU.

Fileserver Power Requirements for DFC Offices (ICWIS/ICES server sites)

At the main DFC office in each county, a dedicated circuit is required to supply power to the servers and network equipment installed there. “Main” is defined as the office where the ICWIS server is located. The following are the requirements for the circuits:

1. Installation of a 30AMP, 110 volt circuit with an L5-30 locking plug – a picture of the plug type is shown above:

2. Electrical circuit must be located not more than 6’ from the location of the 2 servers that are currently housed at the main DFC office.

3. The servers and the electrical equipment will be housed in a floor-standing cabinet that is of the following dimensions:
   - Height (including monitor) – 5 ½ ft.
   - Width – 2 ½ ft.
   - Depth – 3 ½ ft.

All offices, with the exception of Lake, Marion and Allen Counties, are required to have (1) circuit installed. Lake, Marion and Allen County locations require (2) circuits.

Room Dimensions:

For most county sites, a room 10 feet by 10 feet should be sufficient. Smaller counties may be 8’ x 8’.

Physical environment:

The computer room/communication’s room environment must match the office environment for the staff. Sufficient air conditioning, heating, and airflow must be provided to maintain this environment. DTS FSSA recommends running the Netfinity servers in temperatures from 70-80 degrees F. The heat output for the Netfinity Admin Server, & UPS together is around 5500 BTU.
