³ Navigation services require SYNC®4 and FordPass™ Connect (optional on select vehicles), complimentary connect service and the FordPass™ app (see FordPass™ Terms for details). Eligible vehicles receive a complimentary 90-day trial of navigation services that begins on the new vehicle warranty start date. Customers must unlock the navigation service trial by activating the eligible vehicle with a FordPass™ member account. If not subscribed by the end of the complimentary period, the navigation service will terminate.

Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.

FordPass™ App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.
