

STRONGERTogether

Executive Summary

March 3, 2023

Teresa Deaton, Procurement Account Management
Indiana Department of Administration, Procurement Division
402 W. Washington St., Room W468
Indianapolis, IN 46204

Dear Ms. Deaton,

I am delighted to submit this Child Care Information Management System (CCIMS) proposal on behalf of Early Learning Ventures. Early Learning Ventures (ELV) is a not-for-profit, shared services organization dedicated to providing business owners much-needed back-office support through an online Resource Platform and a licensing-compliant online child care management system (Alliance CORE).

Nationwide, 640 child care organizations in 14 states are using Alliance CORE, serving over 26,000 children. We have extensive experience connecting our system to other state-level programs and subsidy systems. Our Alliance CORE technology was uniquely designed to bring value to all network stakeholders—providers, parents, third-party payers, and the network back-office. ELV's greatest strengths are: competitive pricing on a national scale; one-on-one technical support; and customization, with the ability to set up future API's. Finally, by compiling data from hundreds of providers, we're able to track industry trends to provide benchmarks for providers and give insights to funders and legislators.

I welcome the opportunity to apply our experience and expertise to the state of Indiana, and I am happy to answer any questions you may have. We have received our State of Indiana bidder ID number, and are committed to registering with the Secretary of State should our proposal be awarded.

ELV agrees to extend the prices of awarded products and/or services to other governmental bodies.

Sincerely,

A handwritten signature in cursive script that reads "Judy Williams".
