

SANITIZER

PRODUCT DESCRIPTION

Arrow Sanitizer is designed specifically for food processing plants, dairies, restaurants, bars, animal quarters, kennels and institutions where disinfection, sanitization, and deodorization is vital to creating a healthy environment. Effective and economical, Arrow's Sanitizer is a quaternary liquid that is tasteless, odorless, non-staining and non-caustic. Do not rinse when using as a sanitizing solution on food contact surfaces. Authorized by USDA for use in federally inspected meat and poultry plants.

DIRECTIONS

See full label for complete directions.

General Disinfection: Use 3 oz. per 5 gallons of water.

Sanitization: 1 oz. per 4 gallons of water.

Deodorization: 3 oz. per 5 gallons of water.

See full label for complete precautionary statements, first aid, directions for use and efficacy (kill claims).
