## Memo

To: Potential Section 5310 applicants

From: Brian Jones, Section 5310 Program Manager  
Office of Transit

Subject: **CY 2010 Section 5310 Grant application\*** – FSSA Division of Aging match program

Date: December 2, 2009

I am passing along this information from the FSSA Division of Aging.

For those applicants whose Section 5310 grant application intended to *primarily provide transportation services to elderly persons*, the Indiana Family and Social Services Administration – Division of Aging (FSSA-DA), will **not** provide the 20% local match for **the coming (CY 2010)** grant cycle\*.

At this time, the FSSA Division of Aging is uncertain whether these funds will be available for **the coming (CY 2010)** grant cycle\*.

At this time, I do not know whether this match program will return in the future.

*\*This announcement **does not** include those Section 5310 vehicles awarded to agencies in **CY 2009**. FSSA Division of Aging has the local match for those vehicles.*
