

Employment Cost Index Values for INDOT Consultant Contracts

Some INDOT negotiated labor rate contracts allow for annual escalation using the Bureau of Labor and Statistics Employment Cost Index, Wages and Salaries (not seasonally adjusted), for private industry workers, professional, scientific and technical services. The escalation for these contracts is effective on July 1st of each year based on the percent change value from the prior calendar year. The applicable escalation adjustments for these contracts are as follows:

CY 2009 rate for application 7/1/10: **0.4%**

CY 2010 rate for application 7/1/11: **2.4%**
