Karl B. Browning, Commissioner

Thursday, February 6, 2014

Dear Local Resident, Interested Citizen, and Elected Public Official:

Welcome to the Indiana Department of Transportation's (INDOT) Public Information Meeting regarding a proposed road reconstruction project on S.R. 256 east of Austin, Scott County. The purpose of this project is to enhance safety and mobility of roadway users throughout the corridor.

The purpose of this meeting is two-fold. Firstly, it is an opportunity for INDOT to present details regarding a proposal to replace a bridge and several small structures on S.R. 256 just east of U.S. 31 extending approximately five miles to just east of S.R. 203. The proposal also includes improving several intersections with county roads and other road reconstruction activities. Secondly, this public meeting allows INDOT the opportunity to solicit public comment and talk to residents, citizens and members of the community to address questions and concerns.

There are several ways your comments may be presented this evening. You may submit comments in the following manner.

1. **Complete** one of the comment forms and return it to any of the INDOT representatives attending the public meeting. The comment forms are attached to this packet and extra copies are available on the table with the other handout materials.
2. **Mail** your comments to the Indiana Department of Transportation's Seymour District Office, Customer Service Center, 185 Agricola Lane, Seymour, Indiana 47274.
3. **Participate** during the Public Comment Session this evening.
4. **E-mail** comments to the INDOT Office of Public Involvement at: rclark@indot.in.gov or the Seymour District Customer Service Center at: secommunications@indot.in.gov
5. A copy of this presentation is available on-line at the INDOT Seymour District page: <http://www.in.gov/indot/2706.htm>. The Seymour District Customer Service Center phone number is 1-877-305-7611.

All public comments submitted will be reviewed, evaluated and given full consideration during the decision making process.

Rickie Clark, INDOT Office of Public Involvement
