## Report on the Schedule

We have audited the accompanying Schedule of Employer Allocation of Special Funding Situation Pension Amounts of the Indiana Public Retirement System (System) Teachers' Pre-1996 Defined Benefit Account (Schedule), including the weighted proportionate share factor and the total for all entities of the columns titled employer's share of non-employer contributing entity contributions, employer's share of pension expense, and net pension liability associated with employer (specified column totals) included in the accompanying Schedule as of and for the year ended June 30, 2019, and the related Notes to the Schedule.

## Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of this Schedule in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedule that is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified column totals included in the Schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified column totals included in the Schedule are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, specifically, the weighted proportionate share factor and the specified column totals included in the Schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified column totals included in the Schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified column totals included in the Schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Employer Allocation of Special Funding Situation Pension Amounts, including the weighted proportionate share factor and the specified column totals included in the Schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the Schedule referred to above presents fairly, in all material respects, the employer allocation, by weighted proportionate share factor as of and for the year ended June 30, 2019 and the total for the employer entities of the columns titled employer's share of the total non-employer contributing entity contributions, total employer's share of pension expense, and total net pension liability associated with employer (specified column totals) included in the accompanying Schedule of Employer Allocation of Special Funding Situation Pension Amounts as of and for the year ended June 30, 2019, in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

We have also audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Indiana Public Retirement System as of and for the year ended June 30, 2019, and our report thereon, dated November 22, 2019, expressed an unmodified opinion on those financial statements.

In addition, we have also audited, in accordance with auditing standards generally accepted in the United State of America, the Schedule of Allocation of the Indiana Public Retirement System (System) Teachers' Retirement Fund Pre-1996 Account as of and for the years ended June 30, 2019 and 2018, and the related Notes to the Schedule. We have also audited the total for all entities of the columns titles beginning net pension liability, ending net pension liability, total deferred outflows of resources, total deferred inflows of resources and total pension expense (specified column totals) included in the Schedule of Pension Amounts as of and for the year ended June 30, 2019 and the related Notes to the Schedule and our report thereon, dated December 20, 2019, expressed an unmodified opinion on those Schedules.

## Restriction on Use

Our report is intended solely for the information and use of the management and the Board of Trustees of Indiana Public Retirement System, and System employers and their auditors and is not intended to be, and should not be, used by anyone other than these specified parties.

Teachers' Pre-1996 Defined Benefit Account
Notes to the Schedule of Employer Allocation of Special Funding Situation Pension Amounts Year Ended June 30, 2019

## Summary

The purpose of this report is to provide the participating employers of the Teachers' Pre-1996 Defined Benefit Account Plan with information for their financial statements as it relates to GASB Statement No. 68. As of the measurement date the Schedule of Employer Allocation of Special Funding Situation Pension Amounts provide the participating employers with the amount of the non-employer contributing entity's net pension liability, collective pension expense and non-employer contributions associated with each participating employer.

## Plan Description

The Teachers' Pre-1996 Defined Benefit Account (Plan) is a pay-as-you-go, cost-sharing, multipleemployer defined benefit pension plan administered by the Indiana Public Retirement System (INPRS). Membership is closed to new entrants. For additional details about this plan, refer to Note 1 - Descriptions of System and Funds in the Comprehensive Annual Financial Report located on the System's webpage.

## Basis of Presentation

The Schedule of Employer Allocation of Special Funding Situation Pension Amounts present amounts that are elements of the financial statements of the Plan or of its participating employers and the State of Indiana as a non-employer contributing entity. Accordingly, it does not to be a complete presentation of the financial position or changes in financial position of the Plan or its participating employers or the State of Indiana. The accompanying Schedule was prepared in accordance with accounting principles generally accepted in the United States of America. Such preparation requires management of INPRS to make several estimates and assumptions related to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

## Special Funding Situation

GASB Statement No. 68 states that special funding situations are defined as circumstances in which a nonemployer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and the amount of contribution is not dependent upon one or more events unrelated to pensions. Based on this definition, the Plan does have a special funding situation, as the State of Indiana, is a non-employer contributing entity legally responsible for making contributions that are used to provide pension benefits to members of the pension plan on-behalf of the Plan's participating employers. The non-employer Contributing Entity's contributions are appropriated to cover the State's actuarial liability for each member covered by the Teachers' Pre-1996 Defined Benefit Account by the State of Indiana in accordance with IC 5-10.4-2-4. Contributions from a participating employer may occur in specific cases when an active member is paid from federal funds. These contributions are based on a rate which was estimated to be the normal cost for the period covered and all future contributions toward pension benefits are the responsibility of the non-employer contributing entity.

Due to the fact that participating employers do not contribute directly to the past unfunded liability of the Plan, there is no actuarially measured net pension liability, deferred outflows of resources or deferred inflows of resources to report on the participating employers' respective financial statements. However, the notes to the financial statements must disclose the portion of the non-employer contributing entity's total proportionate share of the collective net pension liability associated with them as an employer in the Plan. In addition, each employer must recognize their share of pension expense as well as revenue in an amount equal to the non-employer contributing entity's total proportionate share of the collective pension expense associated with the employer.

Notes to the Schedule of Employer Allocation of Special Funding Situation Pension Amounts Year Ended June 30, 2019

## Basis of Allocation

The basis to determine participating employer's proportionate share of the various pension related amounts associated with the Special Funding Situation is a weighted calculation using a combination of wages reported by employers relative to the collective wages of the Plan, and benefits paid to retirees of employers relative to total benefits paid by the Plan. The weighted calculation is determined by the non-retirees and retirees respective of net pension liabilities as reported by the actuary based on the Plan's census data as of 2019. This method provides a more equitable distribution between employers with active employees and employers with no active employees of the pension amounts. For 2019 the weighted calculation is 29.6\% for wages and $70.4 \%$ for benefits paid.

## Collective Net Pension Liability

The components of the collective net pension liability of the non-employer at June 30, 2019 are as follows:

| Total pension liability | $\$ \quad 14,389,164,104$ |
| :--- | ---: | ---: |
| Plan fiduciary net position | $3,759,145,182$ |
| Net pension liability | $\$ 10,630,018,922$ |

## Actuarial Assumptions

The collective total pension liability for the June 30, 2019 measurement date was determined by actuarial valuations as of June 30, 2019, and based on the assumptions utilized at the time of the valuations as reported within the System's Comprehensive Annual Financial Report (Annual Report) as of June 30, 2019. For details, please refer to Note 8 of the System's June 30, 2019 Annual Report, which can be found on the INPRS website at:

## https://www.in.gov/inprs/annualreports.htm

Changes in assumptions: The COLA assumption was changed due to passage of Senate Enrolled Act No. 373. In lieu of a $1 \%$ COLA occurring beginning on January 1, 2020, we now assume that the COLA will be replaced by a 13th check for 2020 and 2021. The COLA assumption thereafter would be $0.4 \%$ beginning on January 1, 2022, changing to $0.5 \%$ beginning on January 1, 2034, and ultimately $0.6 \%$ beginning on January 1, 2039.

In 2017, two mortality tables, healthy and disabled, were utilized. An assumption study was performed in April 2015. Key assumptions are as follows:

- Inflation remained at 2.25\%
- The future salary increase remained a table ranging from $2.5 \%$ to $12.5 \%$
- Mortality remained the same, as healthy members assume the RP-2014 (with MP-2014 improvement removed) White Collar mortality tables. Disabled members assume the RP-2014 Disabled mortality tables (with MP-2014 mortality removed). Both tables assume future mortality improvement projected generationally using mortality improvement inherent in the Social Security Administration's 2014 Trustee report.
- Retirement and Termination rates remained the same
