

STATEWIDE HIV PREVENTION PLAN

And what it means to you.

CPG

- An advisory Board Mandated by CDC.
- Comprised of persons throughout the state of Indiana who are either infected or affected by HIV/AIDS.

So what?

- CPG advises ISDH of needed assessments on particular populations
- CPG determines targeted prioritized populations
- CPG determines best fit interventions that match the prioritized populations
- CPG writes letter to CDC that either concedes, dissents, or remains hopeful regarding ISDH's funding application.

How does that relate to what you do?

- Your activities
 - Your funding amount
 - Your evaluations
-
