

Sensitive Population - FISH CONSUMPTION ADVISORY

Location	Species	Fish Size	Maximum Amount for Adults to Eat
East Fork of White Lick Creek Hendricks County	Northern Hogsucker	11+	Do not eat
	Yellow Bullhead	10+	Do not eat
White Lick Creek Hendricks County	Channel Catfish	22+	Do not eat
	Smallmouth Bass	14+	Do not eat

Sensitive Population

*Sensitive populations include: pregnant or nursing women, women that will become pregnant, and children under 6 years of age. These consumers should use caution when eating some types of sportfish.

**The maximum amount for adults to eat is determined by fishing location, species and fish length. For instance, if you eat the maximum amount of one species during a week, you should not eat any other fish which has a consumption limitation until the following week. Example - if you eat the limit (4 ounces) of a 20 inch long Carp from the Easy Catch River, then you should not eat any other sportfish from the list until the following week.
