

Sensitive Population - FISH CONSUMPTION ADVISORY

Location	Species	Fish Size	Maximum Amount for Adults to Eat
Kunkel Lake Wells County	Bluegill	up to 6	1 meal / week (8 ounces / week)
Wabash River Adams/Jay/Wells County	Channel Catfish	21+	Do not eat
	Freshwater Drum	up to 12	1 meal / week (8 ounces / week)
	Redhorse species	up to 13	1 meal / week (8 ounces / week)
	White Crappie	up to 9	1 meal / week (8 ounces / week)

Sensitive Population

*Sensitive populations include: pregnant or nursing women, women that will become pregnant, and children under 6 years of age. These consumers should use caution when eating some types of sportfish.

**The maximum amount for adults to eat is determined by fishing location, species and fish length. For instance, if you eat the maximum amount of one species during a week, you should not eat any other fish which has a consumption limitation until the following week. Example - if you eat the limit (4 ounces) of a 20 inch long Carp from the Easy Catch River, then you should not eat any other sportfish from the list until the following week.
