Office: (317) 232-2701
Facsimile: (317) 232-6758

February 5, 2010

To: All Indiana Video Service Providers

The Indiana Utility Regulatory Commission (IURC) is required to provide the Indiana General Assembly with timely information on communications issues. In particular, the IURC has a statutory mandate to report, as part of the 2010 Report to the Regulatory Flexibility Committee, on the deployment of video service and infrastructure build-outs in Indiana that occurred from July 1, 2006 through June 30, 2010. (P.L. 27-2006, Section 64.)

We are contacting your company because you may have provided video service in Indiana under a locally-issued franchise and/or initiated/completed a video service infrastructure build-out under either a local franchise or a state-issued franchise during that time period. Enclosed is a survey soliciting information about the geographic location of those video service offerings under a local franchise and any infrastructure build-outs initiated or completed under either type of franchise. Please provide the requested information through January 31, 2010.

In order to fulfill our mandate and complete our report in a timely manner, we request that the **IURC Video Services Survey**, attached hereto, be completed and returned to the IURC Communications Division **no later than February 26, 2010**. Surveys may be submitted via email to bdarlington@urc.in.gov or regular mail using the addresses below:

IURC Communications Division
National City Center
101 W. Washington Street, Suite 1500E.
Indianapolis, IN 43204-3407

Questions should be directed to Brandy Darlington at (317) 232-5559 or bdarlington@urc.in.gov.

Thank you for your cooperation and assistance.

Sincerely,

Pamela D. Taber
Director - Communications Division
Indiana Utility Regulatory Commission
