Indianapolis, Indiana 46204

Re: Indiana-American Water Company, Inc. 30-day Filing Pursuant to  
170 IAC 1-6-1 et seq.

Dear Ms. Howe:

Pursuant to 170 IAC 1-6, the Thirty-Day Administrative Filing Procedures and Guidelines Rule, Indiana-American Water Company, Inc. ("Indiana American" or the "Company") submits herewith for filing a proposed revised tariff page (identified as Exhibit 1) establishing, in lieu of directly billed hydrant charges, public fire protection surcharges in the City of Franklin ("Franklin") based on the directly billed hydrant charges Franklin would pay pursuant to the currently applicable rates.

To recover the costs of public fire protection in the relevant community, Indiana American presently collects directly billed hydrant charges payable by Franklin. Franklin is a municipality located in Johnson County, Indiana. Attached hereto as Exhibit 2 is a copy of Ordinance No. 12-25 passed by the Franklin Common Council pursuant to Ind. Code§ 8-1-2-103(d) ("Section 103") providing that all costs for fire protection shall henceforth be recovered pursuant to a surcharge to be included in the basic rates of customers located in Franklin.

Section 103(d) provides as follows:

This subsection applies to a public utility or a municipally owned water utility that is not subject to subsection (c). Except as provided in subsection (e), in the case of a public utility or municipally owned water utility furnishing water, if the governing body of any municipality within the service area of the utility adopts an ordinance providing that costs shall be recovered under this subsection, the charges for the production, storage, transmission, sale and delivery, or furnishing of water for public fire protection

Brenda A. Howe  
Indiana Utility Regulatory Commission  
January 18, 2013  
Page 2

purposes shall be included in the basic rates of all customers of the utility within the municipality. However, on or after a date specified in the ordinance, the construction cost of any fire hydrant installed at the request of a municipality, township, county, or other governmental unit that adopts an ordinance under this subsection shall be paid for by or on behalf of the municipality, township, county, or other governmental unit. The change in the recovery of current revenue authorized by the ordinance shall be reflected in a new schedule of rates to be filed with the commission at least thirty (30) days before the time the new schedule of rates is to take effect. The new schedule of rates shall:

(1) eliminate fire protection charges billed directly to governmental units, other than charges for the construction cost for new hydrants installed on and after the date specified in the ordinance; and

(2) increase the rates charged each customer of the utility, based on equivalent meter size, by an amount equal to:

(A) the revenues lost from the elimination of such fire protection charges; divided by

(B) the current number of equivalent five-eighths (5/8) inch meters.

This change in the recovery of public fire protection costs shall not be considered to be a general increase in basic rates and charges of the utility and is not subject to the notice and hearing requirements applicable to general rate proceedings. The commission shall approve the new schedule of rates that are to be effective on a date specified in the ordinance.

Section 103(d) allows the implementation of a fire-protection surcharge applicable only within Franklin without conducting a hearing pursuant to appropriate notice. Furthermore, Section 103(d) requires only that Indiana American file an amended schedule of rates "at least thirty (30) days before the time the new schedule of rates is to take effect." Indiana American is proposing the revised tariff pages be effective no later than February 18, 2013.

By email correspondence with Indiana American dated September 7, 2012, Dana Lynn, Senior Utility Analyst for the Indiana Utility Regulatory Commission ("Commission") indicated that it is appropriate for Indiana American to use the Commission's 30-day filing process for any non-controversial changes related to fire

Brenda A. Howe  
Indiana Utility Regulatory Commission  
January 18, 2013  
Page 3

protection surcharges. Indiana American is submitting this filing in accordance with that communication.

Attached hereto as Exhibit 3 is the workpaper supporting the calculation of the public fire protection surcharge. The surcharge has been calculated by dividing the current monthly revenues from directly billed hydrant charges pursuant to Indiana American's existing tariff by the current number of equivalent 5/8-inch meters located within Franklin. The calculation is revenue neutral to Indiana American.

In support of this 30-day filing, Indiana American is submitting herewith Exhibits 1, 2 and 3 described above and a mark-up of the existing tariff sheet for reference. Exhibit 1 also reflects proposed changes to the tariff with respect to the Lake Ridge Fire Protection District that are the subject of a separate 30-day filing being submitted by Indiana American contemporaneously with this filing. Indiana American is also submitting a verified statement by the Company affirming that customers have been notified as required under Rule 6, stating in detail the means used for notification, and copies of any written means of communication. By copy of this letter, the Office of Utility Consumer Counselor is being provided with a copy of this 30-day filing.

Indiana American appreciates your assistance in processing this request through the Commission's 30-Day Filing procedures. The contact information regarding this filing is as follows:

CLASSIFICATION OF SERVICE  
FIRE SERVICE

PUBLIC FIRE HYDRANTS

Each municipality or governmental entity responsible for public fire service in the areas listed below shall pay for each public fire hydrant within its boundaries.

Monthly surcharge per hydrant: \$61.60

Where applicable: Burns Harbor, Clarksville, Porter, Seymour, Shelbyville, Summitville, and West Lafayette.

PUBLIC FIRE PROTECTION SURCHARGE

Applicability

Applies to customers not located within the boundaries of the governmental entities responsible for public fire service in the areas listed in Public Fire Hydrants. Applicable to any water customer located in areas within municipal boundaries or to any water customer within 1,000 feet of a public fire hydrant (measured from the hydrant to the nearest point on the property line of the customer) on the Company's distribution mains in areas not within municipal boundaries. In addition to the charges for water service under currently approved tariffs, a public fire protection surcharge shall be charged to, and collected from, each customer to whom said surcharge is hereby made applicable. If multiple meters are installed the surcharge(s) shall be based upon the total of all meters installed.

Size of Meter	Monthly Charge Area One and Two	Monthly Charge Sale For Resale	Monthly Charge Franklin Only	Monthly Charge Lake Ridge Only

**ORDINANCE NUMBER 12-25  
OF THE CITY OF FRANKLIN, INDIANA**

**AN ORDINANCE REGARDING THE COST OF PUBLIC FIRE PROTECTION SERVICE  
TO BE PROVIDED BY INDIANA-AMERICAN WATER COMPANY, INC.**

**WHEREAS**, pursuant to franchises licenses and permits previously obtained by Indiana-American Water Company, Inc. ("Indiana- American"), Indiana-American provides water service to the public within the City of Franklin ("City"); and

**WHEREAS**, Indiana Code § 8-1-2-103(d) and (e) permit the Franklin Common Council by ordinance to require that the costs of providing water for public fire protection purposes within the City be recovered by the public water utility that provides service within the City through the basic rates of all customers of the utility within the City; and

**WHEREAS**, without such an ordinance, the cost of providing water for public fire protection by Indiana-American within the City is recovered through monthly hydrant rental fees assessed against the City; and

**WHEREAS**, it has been determined that the allocation of such cost of public fire protection to all customers within the City is deemed to be a reasonable and equitable means of paying the cost of the described services, while still providing for the health, safety and welfare of the citizens of the City; and

**WHEREAS**, Indiana. Code § 8-1-2-103(d) provides that on or after a date specified in this ordinance, the construction cost of any hydrants installed at the request of the City shall be paid by the City, or on behalf of the City; and

**NOW, THEREFORE, THE COMMON COUNCIL OF THE CITY OF FRANKLIN, INDIANA, ORDAINS AND ENACTS THE FOLLOWING:**

Section 1. That all costs incurred by Indiana-American for the production, storage, transmission, sale and delivery, and furnishing of water for public fire protection services within the City of Franklin shall be recovered from customers located within the City in accordance with Indiana Code § 8-1-2-103(d) and (e).

Section 2. The cost of construction of any fire hydrant requested by the City and installed after the date of this ordinance shall be paid by, or on behalf of, the City.

Section 3. The invalidity of any section, clause, sentence or provision of this Ordinance shall not affect the validity of any other part of this Ordinance which can be given effect without such invalid part or parts.

Section 4.Effective Date. This Ordinance shall be in full force and effect after its passage and approval by the City Council of the City of Franklin and publication as required by law. The change in method of recovering fire protection costs described herein shall be effective upon the first day of the first month following approval by the Indiana Utility Regulatory Commission ("IURC") of a new schedule of rates implementing the change. IAWC shall file such revised rate schedules with IURC within a reasonable time after being notified of the final passage of this Ordinance.

**VERIFIED STATEMENT IN SUPPORT OF 30-DAY FILING**

TO THE INDIANA UTILITY REGULATORY COMMISSION:

1. Indiana-American Water Company, Inc. is requesting revisions to its tariff establishing, in lieu of directly billed hydrant charges, public fire protection surcharges in the City of Franklin, Indiana ("Franklin").
2. In accordance with 170 IAC 1-6-6, affected customers have been notified by a legal notice published in the Daily Journal, a newspaper of general circulation that has a circulation encompassing the highest number of the utility's customers affected by the filing. The notice will also be placed on the utility's website. The utility has no local customer service office in the Franklin area that is open to the public.
3. A copy of the above-referenced legal notice is attached as Exhibit A.

I affirm under penalties for perjury that the foregoing representations are true to the best of my knowledge, information, and belief.

Dated this 18th day of January, 2013.

RE: Notice of Filing of Franklin Public  
Fire Protection Surcharge

Notice is hereby given that on or about January 7, 2013, Indiana-American Water Company, Inc. will file a revised schedule of rates with the Indiana Utility Regulatory Commission (IURC) to revise its rates for customers located within the Franklin area of the Johnson County district for the purpose of establishing a fire protection surcharge in lieu of directly billed hydrant charges now being paid by the City of Franklin. It is expected that the surcharge will be approved and in effect in mid-February 2013.

Prior to this filing, the Franklin Common Council passed Ordinance number 12-25 on November 19, 2012, pursuant to Ind. Code Code 8-1-2-103(d), providing that all costs for fire protection shall henceforth be recovered through a surcharge to be included in the basic rates of customers located in Franklin, Ind. The current statewide fire protection surcharges for customers vary based on the size of the applicable water meter(s). The fire protection surcharge associated with the typical 5/8" residential water meter is \$4.12 per month. A chart showing the specific impact per month by meter size is shown below.

Size of Meter	Monthly Charge
5/8"	\$4.12
3/4"	\$6.17
1"	\$10.29
1 1/2"	\$20.58
2"	\$32.93
3"	\$61.75
4"	\$102.91
6"	\$205.82
8"	\$329.31
10"	\$535.13
12"	\$885.02

Once the revised rates have been approved by the IURC, all customers located within the City of Franklin or within 1,000 feet of the nearest fire hydrant (measured from the fire hydrant to the nearest point on the property line of the customer) will be assessed this fire protection surcharge on an ongoing basis. Customers that do not live within the affected areas will receive a credit on their bills for the relevant amount.

If you have questions regarding this matter, please visit [www.indianaamerican.com](http://www.indianaamerican.com) and click on "rates information" located under the "Customer Service" tab at the top of the Indiana American Water homepage. If you wish to file an objection to this filing you may contact Anthony Swinger, Public Information Officer at the Office of Utility Consumer Counselor at [aswinger@oucc.in.gov](mailto:aswinger@oucc.in.gov) or by calling 317-233-2747. To file an objection with the IURC regarding this matter, you may contact Brenda Howe, Secretary of the IURC at [bhowe@iurc.in.gov](mailto:bhowe@iurc.in.gov) or by phone at 317-232-2703.
