shall order the transfer of such funds or the payment of any such
obligation or expenditure and such funds shall be paid by the treasurer
of state on requisition drawn by the board directing the auditor of state
to issue the auditor's warrant therefor. Any such warrant shall be drawn
by the state auditor based upon vouchers certified by the board or the
commissioner. The money in this fund is hereby specifically made
available to replace within a reasonable time any money received by
this state pursuant to 42 U.S.C. 502, as amended, which, because of
any action or contingency, has been lost or has been expended for
purposes other than or in amounts in excess of those approved by the
bureau of employment security. The money in this fund shall be
continuously available to the board for expenditures in accordance with
the provisions of this section and shall not lapse at any time or be
transferred to any other fund, except as provided in this article. Nothing
in this section shall be construed to limit, alter, or amend the liability
of the state assumed and created by IC 22-4-28, or to change the
procedure prescribed in IC 22-4-28 for the satisfaction of such liability,
except to the extent that such liability may be satisfied by and out of the
funds of such special employment and training services fund created
by this section.

(b) The board, subject to the approval of the budget agency and
governor, is authorized and empowered to use all or any part of the
funds in the special employment and training services fund for the
purpose of acquiring suitable office space for the department by way
of purchase, lease, contract, or in any part thereof to purchase land and
erect thereon such buildings as the board determines necessary or to
assist in financing the construction of any building erected by the state
or any of its agencies wherein available space will be provided for the
department under lease or contract between the department and the
state or such other agency. The commissioner may transfer from the
employment and training services administration fund to the special
employment and training services fund amounts not exceeding funds
specifically available to the commissioner for that purpose equivalent
to the fair, reasonable rental value of any land and buildings acquired
for its use until such time as the full amount of the purchase price of
such land and buildings and such cost of repair and maintenance
thereof as was expended from the special employment and training
services fund has been returned to such fund.
(c) The board may also transfer from the employment and training services administration fund to the special employment and training services fund amounts not exceeding funds specifically available to the commissioner for that purpose equivalent to the fair, reasonable rental value of space used by the department in any building erected by the state or any of its agencies until such time as the department's proportionate amount of the purchase price of such building and the department's proportionate amount of such cost of repair and maintenance thereof as was expended from the special employment and training services fund has been returned to such fund.

(d) Whenever the balance in the special employment and training services fund is deemed excessive by the board, the board shall order payment into the unemployment insurance benefit fund of the amount of the special employment and training services fund deemed to be excessive.

(e) Subject to the approval of the board, the commissioner may use not more than five million dollars ($5,000,000) during a program year for training provided by the state educational institution established under IC 20-12-61 to participants in joint labor and management apprenticeship programs approved by the United States Department of Labor's Bureau of Apprenticeship Training. Of the money allocated for training programs under this subsection, fifty percent (50%) is designated for industrial programs, and the remaining fifty (50%) percent is designated for building trade programs.

(f) The commissioner shall allocate an amount not to exceed four hundred fifty thousand dollars ($450,000) annually for training and counseling assistance under IC 22-4-14-2 provided by state educational institutions (as defined in IC 20-12-0.5-1) or counseling provided by the department of workforce development for individuals who:

1. have been unemployed for at least four (4) weeks;
2. are not otherwise eligible for training and counseling assistance under any other program; and
3. are not participating in programs that duplicate those programs described in subsection (e).

Training or counseling provided under IC 22-4-14-2 does not excuse the claimant from complying with the requirements of IC 22-4-14-3. Eligibility for training and counseling assistance under this subsection shall not be determined until after the fourth week of eligibility for
unemployment training compensation benefits. The training and counseling assistance programs funded by this subsection must be approved by the United States Department of Labor's Bureau of Apprenticeship Training.

SECTION 6. IC 22-4-32-19 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 19. The commissioner shall thereupon determine whether or not such contribution or skills 2016 training assessment, or interest or any portion thereof was erroneously paid or wrongfully assessed and notify the employing unit in writing of its decision.

(b) Such decision shall constitute the initial determination referred to in section 4 of this chapter and shall be subject to hearing and review as provided in sections 1 through 15 of this chapter.

(c) The commissioner may grant such application in whole or in part and may allow the employing unit to make an adjustment thereof without interest in connection with subsequent contribution payments or skills 2016 training assessments. If such adjustment cannot be made, the commissioner may refund such amounts, without interest, from the fund. For like cause and within the same period, adjustments or refund may be made on the commissioner's own initiative. Any adjustments or refunds of interest or penalties collected for contributions due under IC 22-4-10-1 shall be charged to and paid from the special employment and training services fund created by IC 22-4-25. Any adjustments or refunds of interest or penalties collected for skills 2016 training assessments due under IC 22-4-10.5-3 shall be charged to and paid from the skills 2016 training fund established by IC 22-4-24.5-1.

(d) If any assessment has become final by virtue of a decision of a liability administrative law judge with the result that no proceeding for judicial review as provided in this article was instituted, no refund or adjustment with respect to such assessment shall be made.

2. The power subsidiary or person sells the services or commodities listed in subsection (b) to another public utility or power subsidiary described in this section or a person described in section 6 of this chapter.

3. The power subsidiary or person sells the services or commodities listed in subsection (b) to a person for use in manufacturing, mining, production, refining, oil extraction, mineral extraction, irrigation, agriculture, or horticulture. However, this exclusion for sales of the services and commodities only applies if the services are consumed as an essential and integral part of an integrated process that produces tangible personal property and those sales are separately metered for the excepted uses listed in this subdivision, or if those sales are not separately metered but are predominately used by the purchaser for the excepted uses listed in this subdivision.

4. The power subsidiary or person sells the services or commodities listed in subsection (b) and all the following conditions are satisfied:

   A. The services or commodities are sold to a business that after June 30, 2004:

However, this subdivision does not apply to a business that substantially reduces or ceases its operations at another location in Indiana in order to relocate its operations in an area described in this subdivision, unless the department determines that the business had existing operations in the area described in this subdivision and that the operations relocated to the area are an expansion of the business's operations in the area.

The tax rate under this section applies to the taxable year in which the corporation locates its operations in the qualified area and to the next succeeding four (4) taxable years. (1) the taxpayer had existing operations in the qualified area; and

of military base property to be acquired from the federal government upon the closure or scheduled closure of the military base.

(1) All or part of a military base is located in the military base development area.
(2) The plan for the military base development area will accomplish the public purposes of this chapter, supported by specific findings of fact to be adopted by the development authority.
(3) The public health and welfare will be benefitted by accomplishment of the plan for the military base development area.
(4) The plan for the military base development area conforms to other development and redevelopment plans for the counties represented on the development authority.
(c) A military base development area may include territory within military base property. However, a military base development area may not include any area of land that constitutes part of an economic development area, a blighted area, or an urban renewal area under IC 36-7-14.

(d) The resolution must state:
   (1) the general boundaries of the area; and
   (2) that the development authority proposes to acquire all the interests in the land within the boundaries, with certain designated exceptions, if any.

(e) For the purpose of adopting a resolution under subsection (b), it is sufficient to describe the boundaries of the area by its location in relation to public ways or streams, or otherwise, as determined by the development authority. Property excepted from the acquisition may be described by street numbers or location.

Sec. 17. (a) After adoption of a resolution under section 16 of this chapter, the development authority shall submit the resolution and supporting data to the plan commission of an affected unit or other body charged with the duty of developing a general plan for the unit, if there is such a body. The plan commission may determine whether the resolution and the development plan conform to the plan of development for the unit and approve or disapprove the resolution and plan proposed. The development authority may amend or modify the resolution and proposed plan to conform to the requirements of a plan commission. A plan commission shall issue a written order approving or disapproving the resolution and military base development plan, and may with the consent of the development authority rescind or modify the order.

(b) The determination that a geographic area is a military base development area must be approved by an affected unit's legislative body.

(c) After receipt of all orders and approvals required under subsections (a) and (b), the development authority shall publish notice of the adoption and the substance of the resolution in accordance with IC 5-3-1. The notice must name a date when the development authority will receive and hear remonstrances and objections from persons interested in or affected by the proceedings concerning the proposed project and will determine
the public utility and benefit of the proposed project. All persons affected in any manner by the hearing shall be considered notified of the pendency of the hearing and of subsequent acts, hearings, adjournments, and orders of the development authority by the notice given under this section.

(d) At the hearing under subsection (c), which may be adjourned from time to time, the development authority shall:
   (1) hear all persons interested in the proceedings; and
   (2) consider all written remonstrances and objections that have been filed.

After considering the evidence presented, the development authority shall take final action determining the public utility and benefit of the proposed project, and confirming, modifying and confirming, or rescinding the resolution. The final action taken by the development authority is final and conclusive, except that an appeal may be taken in the manner prescribed by section 19 of this chapter.

Sec. 18. (a) The development authority must conduct a public hearing before amending a resolution or plan for a military base development area. The development authority shall give notice of the hearing in accordance with IC 5-3-1. The notice must do the following:
   (1) Set forth the substance of the proposed amendment.
   (2) State the time and place where written remonstrances against the proposed amendment may be filed.
   (3) Set forth the date, time, and place of the hearing.
   (4) State that the development authority will hear any person who has filed a written remonstrance during the filing period set forth in subdivision (2).

(b) For the purposes of this section, the consolidation of areas is not considered the enlargement of the boundaries of an area.

(c) If the development authority proposes to amend a resolution or plan, the development authority is not required to have evidence or make findings that were required for the establishment of the original military base development area. However, the development authority must make the following findings before approving the amendment:
   (1) The amendment is reasonable and appropriate when considered in relation to the original resolution or plan and
the purposes of this chapter.

(2) The resolution or plan, with the proposed amendment, conforms to the comprehensive plan for an affected unit.

(d) Notwithstanding subsections (a) and (c), if the resolution or plan is proposed to be amended in a way that enlarges the original boundaries of the area by more than twenty percent (20%), the development authority must use the procedure provided for the original establishment of areas and must comply with sections 16 through 17 of this chapter.

(e) At the hearing on the amendments, the development authority shall consider written remonstrances that are filed. The action of the development authority on the amendment is final and conclusive, except that an appeal of the development authority's action may be taken under section 19 of this chapter.

Sec. 19. (a) A person who filed a written remonstrance with the development authority under section 17 or 18 of this chapter and is aggrieved by the final action taken may, not more than ten (10) days after that final action, file in the office of the clerk of an appropriate circuit or superior court a copy of the order of the development authority and person's remonstrances against that order, together with the person's bond conditioned to pay the costs of the person's appeal if the appeal is determined against the person. The only ground of remonstrance that the court may hear is whether the proposed project will be of public utility and benefit. The burden of proof is on the remonstrator.

(b) An appeal under this section shall be promptly heard by the court without a jury. All remonstrances upon which an appeal has been taken shall be consolidated and heard and determined not more than thirty (30) days after the time of the filing of the appeal. The court shall hear evidence on the remonstrances and may confirm the final action of the development authority or sustain the remonstrances. The judgment of the court is final and conclusive, unless an appeal is taken as in other civil actions.

Sec. 20. (a) If:

(1) an appeal is not taken; or

(2) an appeal is taken but is unsuccessful;
the development authority shall proceed with the plan to the extent that money is available for that purpose.

(b) Negotiations for the purchase of property may be carried on
directly by the development authority, by its employees, or by expert negotiators. However, an option, a contract, or an understanding relative to the purchase of real property is not binding on the development authority until approved and accepted by the development authority in writing. Payment for the property purchased shall be made when and as directed by the development authority but only on delivery of proper instruments conveying the title or interest of the owner to the development authority or its designee.

(c) The acquisition of real and personal property by the development authority under this chapter is not subject to the provisions of IC 5-22, IC 36-1-10.5, or any other statutes governing the purchase of property by public bodies or their agencies.

Sec. 21. (a) If the development authority considers it necessary to acquire real property in or serving a development area by the exercise of the power of eminent domain, the development authority shall adopt a resolution setting out its determination to exercise that power and directing its attorney to file a petition on behalf of the development authority in the circuit or superior court of the county in which the property is situated. The resolution must be approved by the legislative body of the affected unit before the petition is filed.

(b) Eminent domain proceedings under this section are governed by IC 32-24 and other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired under this section. However, property belonging to the state or a political subdivision may not be acquired without the consent of the state or the political subdivision.

(c) The court having jurisdiction shall direct the clerk of the circuit court to execute a deed conveying the title of real property acquired under this section to the development authority for the use and benefit of the development authority.

Sec. 22. (a) The development authority may proceed with the clearing and replanning of the area described in the resolution before the acquisition of all of the area. The development authority may also proceed with the repair and maintenance of buildings that have been acquired and are not to be cleared. This clearance, repair, and maintenance may be carried out by labor employed
directly by the development authority or by contract. Contracts for clearance may provide that the contractor is entitled to retain and dispose of salvaged material, as a part of the contract price or on the basis of stated prices for the amounts of the various materials actually salvaged.

(b) All contracts for material or labor under this section shall be let under IC 36-1.

(c) To the extent the development authority undertakes to engage in the planning and rezoning of the real property acquired, in the opening, closing, relocation, and improvement of public ways, and in the construction, relocation, and improvement of levees, sewers, parking facilities, and utility services, the development authority shall proceed in the same manner as private owners of the property. The development authority may negotiate with the proper officers and agencies of the unit to secure the proper orders, approvals, and consents.

(d) Construction work required in connection with improvements in the area described in the resolution may be carried out by the following:

1. The appropriate municipal or county department or agency.
2. The development authority, if:
   A. all plans, specifications, and drawings are approved by the appropriate department or agency; and
   B. the statutory procedures for the letting of contracts by the appropriate department or agency are followed by the development authority.

(e) The development authority may pay any charges or assessments made on account of orders, approvals, consents, and construction work under this section, or may agree to pay the assessments in installments as provided by statute in the case of private owners. The development authority may do the following:

1. By special waiver filed with the appropriate municipal works board or county executive, waive the statutory procedure and notices required by law in order to create valid liens on private property.
2. Cause any assessments to be spread on a different basis than that provided by statute.

(f) The real property acquired under this chapter may not be set
aside and dedicated for public ways, parking facilities, sewers, levees, parks, or other public purposes until the development authority has obtained the consent and approval of the department or agency under whose jurisdiction the property will be placed.

(g) The development authority may negotiate for the sale, lease, or other disposition of real and personal property without complying with the provisions of IC 36-1-11 or any other statute governing the disposition of public property. A conveyance under this section may not be made until the agreed consideration has been paid, unless the development authority passes a resolution expressly providing that the consideration does not have to be paid before the conveyance is made. The resolution may provide for a mortgage or other security. All deeds, leases, land sale contracts, or other conveyances shall be:

(1) executed in the name of the development authority; and
(2) signed by the president or vice president of the development authority and attested by the secretary-treasurer.

A seal is not required on these instruments or any other instruments executed in the name of the development authority. Proceeds from the sale, lease, or other disposition of property may be deposited in any fund and used for any purpose allowed under this chapter, as directed by the development authority.

Sec. 23. (a) In addition to other methods of raising money for property acquisition, redevelopment, reuse, or economic development activities in or directly serving or benefiting a military base development area, and in anticipation of the taxes allocated under section 30 of this chapter, other revenues of the district, or any combination of these sources, the development authority may by resolution issue the bonds of the development authority.

(b) The secretary-treasurer of the development authority shall prepare the bonds. The seal of the development authority must be impressed on the bonds or a facsimile of the seal must be printed on the bonds.

(c) The bonds must be executed by the president of the development authority and attested by the secretary-treasurer.

(d) The bonds are exempt from taxation for all purposes.

(e) Bonds issued under this section may be sold at public sale in
accordance with IC 5-1-11 or at a negotiated sale.

(f) The bonds are not a corporate obligation of a unit but are an indebtedness of only the development authority. The bonds and interest are payable, as set forth in the bond resolution of the development authority, from any of the following:

(1) The tax proceeds allocated under section 30 of this chapter.
(2) Other revenues available to the development authority.
(3) A combination of the methods stated in subdivisions (1) through (2).

The bonds issued under this section may be issued in any amount without limitation.

(g) Proceeds from the sale of bonds may be used to pay the cost of interest on the bonds for a period not to exceed five (5) years after the date of issuance.

(h) All laws relating to the filing of petitions requesting the issuance of bonds and the right of taxpayers to remonstrate against the issuance of bonds do not apply to bonds issued under this chapter.

(i) If a debt service reserve is created from the proceeds of bonds, the debt service reserve may be used to pay principal and interest on the bonds as provided in the bond resolution.

(j) If bonds are issued under this chapter that are payable solely or in part from revenues of the development authority, the development authority may adopt a resolution or trust indenture or enter into covenants as is customary in the issuance of revenue bonds. The resolution or trust indenture may pledge or assign revenues of the development authority and properties becoming available to the development authority under this chapter. The resolution or trust indenture may also contain provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law, including a covenant setting forth the duties of the development authority. The development authority may establish fees and charges for the use of any project and covenant with the owners of any bonds to set the fees and charges at a rate sufficient to protect the interest of the owners of the bonds. Revenue bonds issued by the development authority that are payable solely from revenues of the development authority shall contain a statement to
that effect in the form of the bond.

Sec. 24. (a) A development authority may enter into a lease of any property that could be financed with the proceeds of bonds issued under this chapter with a lessor for a term of not more than fifty (50) years. The lease may provide for payments to be made by the development authority from taxes allocated under section 30 of this chapter, any other revenues available to the development authority, or any combination of these sources.

(b) A lease may provide that payments by the development authority to the lessor are required only to the extent and only for the period that the lessor is able to provide the leased facilities in accordance with the lease. The terms of each lease must be based upon the value of the facilities leased and may not create a debt of the unit or the district for purposes of the Constitution of the State of Indiana.

(c) A lease may be entered into by the development authority only after a public hearing by the development authority at which all interested parties are provided the opportunity to be heard. After the public hearing, the development authority may adopt a resolution authorizing the execution of the lease on behalf of the unit if the development authority finds that the service to be provided throughout the term of the lease will serve the public purpose of the unit and is in the best interests of its residents. Any lease approved by a resolution of the development authority must be approved by the fiscal body of the appropriate unit.

(d) A development authority entering into a lease payable from allocated taxes under section 30 of this chapter or other available funds of the development authority may do the following:

   (1) Pledge the revenue to make payments under the lease under IC 5-1-14-4.

   (2) Establish a special fund to make the payments.

   (e) Lease payments may be limited to money in the special fund so that the obligations of the development authority to make the lease rental payments are not considered a debt of a unit or the district for purposes of the Constitution of the State of Indiana.

   (f) Except as provided in this section, approvals of any governmental body or agency are not required before the development authority may enter into a lease under this section.

   (g) If a development authority exercises an option to buy a
leased facility from a lessor, the development authority may subsequently sell the leased facility, without regard to any other statute, to the lessor at the end of the lease term at a price set forth in the lease or at fair market value established at the time of the sale by the development authority through auction, appraisal, or negotiation. If the facility is sold at auction, after appraisal or through negotiation, the development authority shall conduct a hearing after public notice in accordance with IC 5-3-1 before the sale. Any action to contest the sale must be brought not more than fifteen (15) days after the hearing.

(h) Notwithstanding this section, a development authority may negotiate and enter into leases of property from the United States or any department or agency of the United States without complying with the requirements of this section.

Sec. 25. (a) Any of the following persons may lease facilities referred to in section 24 of this chapter to a development authority under this chapter:

(1) A for-profit or nonprofit corporation organized under Indiana law or admitted to do business in Indiana.
(2) A partnership, an association, a limited liability company, or a firm.
(3) An individual.
(4) A redevelopment authority established under IC 36-7-14.5.

(b) Notwithstanding any other law, a lessor under this section and section 24 of this chapter is a qualified entity for purposes of IC 5-1.4.

(c) Notwithstanding any other law, a military base development facility leased by the development authority under this chapter from a lessor borrowing bond proceeds from a unit under IC 36-7-12 is an economic development facility for purposes of IC 36-7-11.9-3 and IC 36-7-12.

(d) Notwithstanding IC 36-7-12-25 and IC 36-7-12-26, payments by a development authority to a lessor described in subsection (c) may be made from sources set forth in section 24 of this chapter if the payments and the lease are structured to prevent the lease obligation from constituting a debt of a unit or the district for purposes of the Constitution of the State of Indiana.

Sec. 26. (a) Notwithstanding any other law, the legislative body of a unit may pledge revenues received or to be received by the unit
from:

(1) the unit's distributive share of the county adjusted gross income tax under IC 6-3.5-1.1;
(2) the unit's distributive share of the county option income tax under IC 6-3.5-6;
(3) the unit's distributive share of the county economic development income tax under IC 6-3.5-7;
(4) any other source legally available to the unit for the purposes of this chapter; or
(5) any combination of revenues under subdivisions (1) through (4);

in any amount to pay amounts payable under section 23 or 24 of this chapter.

(b) The legislative body may covenant to adopt an ordinance to increase its tax rate under the county adjusted gross income tax, county option income tax, county economic development income tax, or any other revenues at the time it is necessary to raise funds to pay any amounts payable under section 23 or 24 of this chapter.

(c) The development authority may pledge revenues received or to be received from any source legally available to the development authority for the purposes of this chapter in any amount to pay amounts payable under section 23 or 24 of this chapter.

(d) The pledge or covenant under this section may be for:

(1) the term of the bonds issued under section 23 of this chapter;
(2) the term of a lease entered into under section 24 of this chapter; or
(3) for a shorter period as determined by the legislative body.

Money pledged by the legislative body under this section shall be considered revenues or other money available to the development authority under sections 23 through 24 of this chapter.

(e) The general assembly covenants not to impair this pledge or covenant as long as any bonds issued under section 23 of this chapter are outstanding or as long as any lease entered into under section 24 of this chapter is still in effect. The pledge or covenant shall be enforced as provided in IC 5-1-14-4.

Sec. 27. (a) All proceeds from the sale of bonds under section 23 of this chapter shall be kept as a separate and specific fund to pay the expenses incurred in connection with the property acquisition,
redevelopment, reuse, and economic development of the military base development area. The fund shall be known as the military base development district capital fund.

(b) All gifts or donations that are given or paid to the development authority or to a unit for military base development purposes shall be promptly deposited to the credit of the military base development district general fund unless otherwise directed by the grantor. The development authority may use these gifts and donations for the purposes of this chapter.

Sec. 28. (a) All payments from any of the funds established by this chapter shall be made by warrants drawn by the secretary-treasurer or the secretary-treasurer's agent under section 12 of this chapter on vouchers of the development authority signed by the president or vice president and the secretary-treasurer or executive director. An appropriation is not necessary, but all money raised under this chapter is considered appropriated to the respective purposes stated and is under the control of the development authority. The development authority has complete and exclusive authority to expend the money for the purposes provided.

(b) Each fund established by this chapter is a continuing fund.

Sec. 29. (a) To finance activities authorized under this chapter, the development authority may apply for and accept advances, short term and long term loans, grants, contributions, and any other form of financial assistance from the federal government, or from any of its agencies. The development authority may also enter into and carry out contracts and agreements in connection with that financial assistance upon the terms and conditions that the development authority considers reasonable and appropriate, if those terms and conditions are not inconsistent with the purposes of this chapter. The provisions of a contract or an agreement in regard to the handling, deposit, and application of project funds, as well as all other provisions, are valid and binding on the development authority, notwithstanding any other provision of this chapter.

(b) The development authority may issue and sell bonds, notes, or warrants to the federal government to evidence short term or long term loans made under this section, without notice of sale being given or a public offering being made.
(c) Notwithstanding the provisions of this chapter or any other law, the bonds, notes, or warrants issued by the development authority under this section may:

1. be in the amounts, form, or denomination;
2. be either coupon or registered;
3. carry conversion or other privileges;
4. have a rank or priority;
5. be of such description;
6. be secured, subject to other provisions of this section, in such manner;
7. bear interest at a rate or rates;
8. be payable as to both principal and interest in a medium of payment, at time or times, which may be upon demand, and at a place or places;
9. be subject to terms of redemption, with or without premium;
10. contain or be subject to any covenants, conditions, and provisions; and
11. have any other characteristics;

that the development authority considers reasonable and appropriate.

(d) Bonds, notes, or warrants issued under this section are not an indebtedness of a unit or taxing district within the meaning of any constitutional or statutory limitation of indebtedness. The bonds, notes, or warrants are not payable from or secured by a levy of taxes, but are payable only from and secured only by any combination of:

1. income;
2. funds;
3. properties of the project becoming available to the development authority under this chapter; or
4. any other legally available revenues of the development authority;
as the development authority specifies in the resolution authorizing their issuance.

(e) Bonds, notes, or warrants issued under this section are exempt from taxation for all purposes.

(f) Bonds, notes, or warrants issued under this section must be executed by the appropriate officers of a development authority.
and must be attested by the appropriate officers of a development authority.

(g) Following the adoption of the resolution authorizing the issuance of bonds, notes, or warrants under this section, the development authority shall certify a copy of that resolution to the officers who have duties with respect to bonds, notes, or warrants of the development authority. At the proper time, the development authority shall deliver to the officers the unexecuted bonds, notes, or warrants prepared for execution in accordance with the resolution.

(h) All bonds, notes, or warrants issued under this section shall be sold by the officers of a development authority who have duties with respect to the sale of bonds, notes, or warrants of the development authority. If an officer whose signature appears on any bonds, notes, or warrants issued under this section leaves office before their delivery, the signature remains valid and sufficient for all purposes as if the officer had remained in office until the delivery.

(i) If at any time during the life of a loan contract or agreement under this section the development authority may obtain loans for the purposes of this section from sources other than the federal government at interest rates not less favorable than provided in the loan contract or agreement, and if the loan contract or agreement allows, the development authority may do so and may pledge the loan contract and any rights under the contract as security for the repayment of the loans obtained from other sources. A loan under this subsection may be evidenced by bonds, notes, or warrants issued and secured in the same manner as provided in this section for loans from the federal government. The bonds, notes, or warrants may be sold at either public or private sale, as the development authority considers appropriate.

(j) Money obtained from the federal government or from other sources under this section, and money that is required by a contract or an agreement under this section to be used for project expenditure purposes, repayment of survey and planning advances, or repayment of temporary or definitive loans, may be expended by the development authority without regard to any law concerning the making and approval of budgets, appropriations, and expenditures.
(k) Bonds, notes, or warrants issued under this section are declared to be issued for an essential public and governmental purpose.

Sec. 30. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base development area to which an allocation provision of a declaratory resolution adopted under section 16 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment to the declaratory resolution, as finally determined for any subsequent assessment date; plus

(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 16 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 18 of this chapter. The allocation provision may apply to all or part of
the military base development area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

1. Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:
   (A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
   (B) the base assessed value;

   shall be allocated to and, when collected, paid into the funds of the respective taxing units.

2. Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the development authority and, when collected, paid into an allocation fund for that allocation area that may be used by the development authority and only to do one (1) or more of the following:
   (A) Pay the principal of and interest and redemption premium on any obligations incurred by the development authority or any other entity for the purpose of financing or refinancing military base development or reuse activities in or directly serving or benefitting that allocation area.
   (B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the development authority, including lease rental revenues.
   (C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.
   (D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefitting that allocation area.
   (E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the development authority. This credit equals the amount determined under the following STEPS for each taxpayer.
in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by
(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; by
(ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 32 of this chapter in the same year.

(F) Pay expenses incurred by the development authority for local public improvements or structures that were in the allocation area or directly serving or benefitting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and
(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The
reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the development authority.

(3) Except as provided in subsection (g), before July 15 of each year the development authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the appropriate county auditor of the amount, if any, of the amount of excess property taxes that the development authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The development authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 24 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under IC 6-1.1-21.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the military base development district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base development district for payment as set forth in subsection (b)(2).
(e) Notwithstanding any other law, each assessor shall, upon petition of the development authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

1) the assessed value of the property as valued without regard to this section; or

2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the development authority shall create funds as specified in this subsection. A development authority that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. The development authority shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A development authority that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The development authority that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or for other
purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to an allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base development district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the military base development district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

Sec. 31. (a) As used in this section, "depreciable personal property" refers to:

(1) all or any part of the designated taxpayer's depreciable personal property that is located in the allocation area; and
(2) all or any part of the other depreciable property located and taxable on the designated taxpayer's site of operations within the allocation area;

that is designated as depreciable personal property for purposes of this section by the development authority in a declaratory resolution adopted or amended under section 16 or 18 of this chapter.

(b) As used in this section, "designated taxpayer" means a taxpayer designated by the development authority in a declaratory resolution adopted or amended under section 16 or 18 of this chapter, and with respect to which the development authority finds that taxes to be derived from the depreciable personal property in the allocation area, in excess of the taxes attributable to the base assessed value of the personal property, are needed to pay debt service or provide security for bonds issued or to be issued under section 23 of this chapter or make payments or provide security on
leases payable or to be payable under section 24 of this chapter in order to provide local public improvements or structures for a particular allocation area.

(c) The allocation provision of a declaratory resolution may modify the definition of "property taxes" under section 30(a) of this chapter to include taxes imposed under IC 6-1.1 on the depreciable personal property located and taxable on the site of operations of the designated taxpayers in accordance with the procedures and limitations set forth in this section and section 30 of this chapter. If a modification is included in the resolution, for purposes of section 30 of this chapter, the term "base assessed value" with respect to the depreciable personal property means the net assessed value of all the depreciable personal property as finally determined for the assessment date immediately preceding the adoption date of the modification, as adjusted under section 30(b) of this chapter.

Sec. 32. (a) As used in this section, "allocation area" has the meaning set forth in section 30 of this chapter.

(b) As used in this section, "taxing district" has the meaning set forth in IC 6-1.1-1-20.

(c) Subject to subsection (e) and except a provided in subsection (h), each taxpayer in an allocation area is entitled to an additional credit for taxes (as defined in IC 6-1.1-21-2) that under IC 6-1.1-22-9 are due and payable in May and November of that year. Except as provided in subsection (h), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in IC 6-1.1-21-2). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

(B) the STEP ONE sum.
STEP THREE: Multiply:
(A) the STEP TWO quotient; by
(B) the total amount of the taxpayer’s taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that would have been allocated to an allocation fund under section 30 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated to the military base development district and paid into an allocation fund under section 30(b)(2) of this chapter.

(d) If the additional credit under subsection (c) is not reduced under subsection (e) or (f), the credit for property tax replacement under IC 6-1.1-21-5 and the additional credit under subsection (c) shall be computed on an aggregate basis for all taxpayers in a taxing district that contains all or part of an allocation area. The credit for property tax replacement under IC 6-1.1-21-5 and the additional credit under subsection (c) shall be combined on the tax statements sent to each taxpayer.

(e) Upon the recommendation of the development authority, the municipal legislative body of an affected municipality or the county executive of an affected county may by resolution provide that the additional credit described in subsection (c):
(1) does not apply in a specified allocation area; or
(2) is to be reduced by a uniform percentage for all taxpayers in a specified allocation area.

(f) If the municipal legislative body or county executive determines that granting the full additional credit under subsection (c) would adversely affect the interests of the holders of bonds or other contractual obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that those bonds or other contractual obligations would not be paid when due, the municipal legislative body or county executive must adopt a resolution under subsection (e) to deny the additional credit or reduce the credit to a level that creates a reasonable expectation that the bonds or other obligations will be paid when due. A resolution adopted under subsection (e) denies or reduces the additional credit for property taxes first due and payable in the allocation area in any year following the year in which the resolution is adopted.
(g) A resolution adopted under subsection (e) remains in effect until rescinded by the body that originally adopted the resolution. However, a resolution may not be rescinded if the rescission would adversely affect the interests of the holders of bonds or other obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that the principal of or interest on the bonds or other obligations would not be paid when due. If a resolution is rescinded and no other resolution is adopted, the additional credit described in subsection (c) applies to property taxes first due and payable in the allocation area in each year following the year in which the resolution is rescinded.

(h) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in IC 6-1.1-20.9-1) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (c) for the taxes (as defined in IC 6-1.1-21-2) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in IC 6-1.1-21-2).

Sec. 33. Notwithstanding any other law, utility services provided within the military base development district are subject to regulation by the appropriate regulatory agencies unless the utility service is provided by a utility that provides utility service solely within the geographic boundaries of an existing or a closed military installation by a utility facility in existence and operating on July 1, 1995, in which case the utility service is not subject to regulation for purposes of rate making, regulation, service delivery, or issuance of bonds or other forms of indebtedness. However, this exemption from regulation does not apply to utility service if the service is generated, treated, or produced outside the boundaries of the existing or closed military installation.

Sec. 34. (a) As used in this section, the following terms have the meanings set forth in IC 6-1.1-1:

(1) Assessed value.
(2) Owner.
(3) Person.
(4) Personal property.
(5) Property taxation.
(6) Tangible property.
(7) Township assessor.

(b) As used in this section, "PILOTS" means payments in lieu of taxes.

(c) The general assembly finds the following:
   (1) That the closing of a military base in a unit results in an increased cost to the unit of providing governmental services to the area formerly occupied by the military base.
   (2) That military base property held by a development authority is exempt from property taxation, resulting in the lack of an adequate tax base to support the increased governmental services.
   (3) That to restore this tax base and provide a proper allocation of the cost of providing governmental services the fiscal body of the unit should be authorized to collect PILOTS from the development authority.
   (4) That the appropriate maximum PILOTS would be the amount of the property taxes that would be paid if the tangible property were not exempt.

(d) The fiscal body of the unit may adopt an ordinance to require a development authority to pay PILOTS at times set forth in the ordinance with respect to tangible property of which the development authority is the owner or the lessee and that is exempt from property taxes. The ordinance remains in full force and effect until repealed or modified by the fiscal body.

(e) The PILOTS must be calculated so that the PILOTS do not exceed the amount of property taxes that would have been levied by the fiscal body for the unit upon the tangible property described in subsection (d) if the property were not exempt from property taxation.

(f) PILOTS shall be imposed as are property taxes and shall be based on the assessed value of the tangible property described in subsection (d). The township assessors shall assess the tangible property described in subsection (d) as though the property were not exempt. The development authority shall report the value of
personal property in a manner consistent with IC 6-1.1-3.

(g) Notwithstanding any other law, a development authority is authorized to pay PILOTS imposed under this section from any legally available source of revenues. The development authority may consider these payments to be operating expenses for all purposes.

(h) PILOTS shall be deposited in the general fund of the unit and used for any purpose for which the general fund may be used.

(i) PILOTS shall be due as set forth in the ordinance and bear interest, if unpaid, as in the case of other taxes on property. PILOTS shall be treated in the same manner as property taxes for purposes of all procedural and substantive provisions of law.

Sec. 35. (a) Notwithstanding any other law, a development authority may:

(1) impose conditions on the development of any property in a development area; and

(2) require the payment of development fees or other fees by private persons to pay, defray, or mitigate the costs of the construction, operation, and maintenance of infrastructure that is required or needed to serve the development, redevelopment, and reuse of property within the development area.

(b) Before a development authority may impose conditions under subsection (a)(1), the development authority shall adopt a written resolution finding that the conditions to be imposed are:

(1) necessary to carry out at least one (1) of the purposes of this chapter; and

(2) reasonably related in nature and extent to the impact upon the development, redevelopment, and reuse of the property upon which the conditions are imposed.

(c) Before a development authority may impose fees under subsection (a)(2), the development authority shall adopt a written resolution finding that:

(1) the infrastructure for which the fees are to be imposed is necessary to carry out at least one (1) of the purposes of this chapter and is required or needed to serve the development, redevelopment, and reuse of the property within the development area; and

(2) the fees to be imposed are reasonably related in nature and
extent to the impact upon the infrastructure attributable to
the development, redevelopment, and reuse of the property
within the development area upon which the fees are imposed.
(d) Conditions imposed under subsection (a)(1) must be
approved by the plan commission of the unit or other body
responsible for developing a general plan for the unit. To approve
the conditions, the plan commission or other body shall adopt a
written resolution making the same findings required to be made
by the development authority under subsection (b).
(e) Fees imposed under subsection (a)(2) must be deposited in
the appropriate fund of the unit responsible for constructing,
operating, and maintaining the particular infrastructure for which
the fee has been imposed.

Sec. 36. A person who knowingly:
(1) applies any money raised under this chapter to any
purpose other than those permitted by this chapter; or
(2) fails to follow the voucher and warrant procedure
prescribed by this chapter in expending any money raised
under this chapter;
commits a Class C felony.

SECTION 12. IC 36-7-32-10, AS AMENDED BY P.L.4-2005,
SECTION 143, IS AMENDED TO READ AS FOLLOWS
[EFFECTIVE JULY 1, 2005]: Sec. 10. (a) A unit may apply to the
Indiana economic development corporation for designation of all or
part of the territory within the jurisdiction of the unit’s redevelopment

(c) If a prescription for a drug described in subsection (a) does not indicate how many times the prescription may be refilled, if any, the prescription may not be refilled unless the pharmacist is subsequently authorized to do so by the practitioner.

(d) The act of dispensing a drug contrary to subsection (a), (b), or (c) is considered to be an act that results in a drug being misbranded while held for sale.

(e) A drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer the drug is exempt from the requirements of section 4(2), 4(3), 4(4), 4(5), 4(6), 4(7), 4(8), and 4(9) of this chapter if the drug bears a label containing the following:

(f) The state department may adopt rules to remove drugs subject to section 4(4) of this chapter, section 7 of this chapter, or section 8 of this chapter from the requirements of subsections (a) through (d) when the requirements are not necessary for the protection of public health. Drugs removed from the prescription requirements of the Federal Act by regulations issued under the Federal Act may also, by rules adopted by the state department, be removed from the requirement of subsections (a) through (d).

(g) A drug that is subject to subsections (a) through (d) is considered to be misbranded if at any time before dispensing the drug's label fails to bear the statement "Caution: Federal Law Prohibits Dispensing Without Prescription" or "Caution: State Law Prohibits Dispensing Without Prescription". A drug to which subsections (a) through (d) do not apply is considered to be misbranded if, at any time before dispensing, the drug's label bears the caution statement described in this subsection.

(h) This section does not relieve a person from a requirement prescribed by or under authority of law with respect to drugs included within the classifications of narcotic drugs or marijuana as defined in the applicable federal and state laws relating to narcotic drugs and marijuana.

signature of a physician, dentist, or veterinarian (except a drug dispensed in the course of the conduct of a business of dispensing drugs pursuant to diagnosis by mail) if the physician, dentist, or veterinarian is licensed by law to administer the drug, and the drug bears a label containing the name and place of business of the dispenser, the serial number and date of the prescription, and the name of the physician, dentist, or veterinarian.

(2) To a drug exempted by rule of the state department and that is intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of drugs.

(4) To any drug that is licensed under the Public Health Service Act of July 1, 1944 (58 Stat. 682, as amended; 42 U.S.C. 201 et seq.) or under the Animal Virus-Serum Toxin Act of March 4, 1913 (13 Stat. 832; 21 U.S.C. 151 et seq.).

(5) To a drug subject to section 4(10) of this chapter.

(b) Rules exempting drugs intended for investigational use under subsection (a)(2) may, within the discretion of the state department among other conditions relating to the protection of the public health, provide for conditioning the exemption upon the following:

(2) The manufacturer or the sponsor of the investigation of a new drug proposed to be distributed to investigators for clinical testing obtaining a signed agreement from each of the investigators that patients to whom the drug is administered will be under the manufacturer's or sponsor's personal supervision or under the supervision of investigators responsible to the manufacturer or sponsor and that the manufacturer or sponsor will not supply the drug to any other investigator or to clinics for administration to human beings.
(3) The establishment and maintenance of the records and the making of the reports to the state department by the manufacturer or the sponsor of the investigation of the drug of data (including analytical reports by investigators) obtained as the result of the investigational use of the drug that the state department finds will enable the state department to evaluate the safety and effectiveness of the drug if an application is filed under section 8 of this chapter.

(c) Rules exempting drugs intended for investigational use under subsection (a)(2) must provide that the exemption is conditioned upon the manufacturer or the sponsor of the investigation requiring that experts using the drugs for investigational purposes certify to the manufacturer or sponsor that the experts will inform any human beings to whom the drugs or any controls used in connection with the drugs are being administered that the drugs are being used for investigational purposes and will obtain the consent of the human beings or their representatives, except where they consider it not feasible or, in their professional judgment, contrary to the best interests of the human beings.

(d) This section does not require a clinical investigator to submit directly to the state department reports on the investigational use of drugs. The regulations adopted under Section 505(i) of the Federal Act are the rules in Indiana. The state may adopt rules, whether or not in accordance with regulations promulgated under the Federal Act.

AN ACT to amend the Indiana Code concerning taxation.

Be it enacted by the General Assembly of the State of Indiana:

SECTION 1. IC 6-3.5-1.1-1.1 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 1.1. (a) For purposes of allocating the certified distribution made to a county under this chapter among the civil taxing units and school corporations in the county, the allocation amount for a civil taxing unit or school corporation is the amount determined using the following formula:

STEP ONE: Determine the sum of the total property taxes being collected by the civil taxing unit or school corporation during the calendar year of the distribution.

STEP TWO: Determine the sum of the following:
(A) Amounts appropriated from property taxes to pay the principal of or interest on any debenture or other debt obligation issued after June 30, 2005, other than an obligation described in subsection (b).
(B) Amounts appropriated from property taxes to make payments on any lease entered into after June 30, 2005, other than a lease described in subsection (c).
(C) The proceeds of any property that are:
   (i) received as the result of the issuance of a debt obligation described in clause (A) or a lease described in clause (B); and
   (ii) appropriated from property taxes for any purpose other than to refund or otherwise refinance a debt obligation or lease described in subsection (b) or (c).

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

STEP FOUR: Determine the sum of:
(A) the STEP THREE amount; plus
(B) the civil taxing unit's or school corporation's certified distribution for the previous calendar year.

(b) Except as provided in this subsection, an appropriation from property taxes to repay interest and principal of a debt obligation is not deducted from the allocation amount for a civil taxing unit or school corporation if:

(1) the debt obligation was issued; and

(2) the proceeds appropriated from property taxes;

to refund or otherwise refinance a debt obligation or a lease issued before July 1, 2005. However, an appropriation from property taxes related to a debt obligation issued after June 30, 2005, is deducted if the debt extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if the debt or lease had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

(c) Except as provided in this subsection, an appropriation from property taxes to make payments on a lease is not deducted from the allocation amount for a civil taxing unit or school corporation if:

(1) the lease was issued; and

(2) the proceeds were appropriated from property taxes;

to refinance a debt obligation or lease issued before July 1, 2005. However, an appropriation from property taxes related to a lease entered into after June 30, 2005, is deducted if the lease extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if the debt or lease had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

SECTION 2. IC 6-3.5-1.1-9 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 9. (a) Revenue derived from the imposition of the county adjusted gross income tax shall, in
the manner prescribed by this section, be distributed to the county that
imposed it. The amount to be distributed to a county during an ensuing
calendar year equals the amount of county adjusted gross income tax
revenue that the department, after reviewing the recommendation of the
budget agency, determines has been:

(1) received from that county for a taxable year ending before the
calendar year in which the determination is made; and
(2) reported on an annual return or amended return processed by
the department in the state fiscal year ending before July 1 of the
calendar year in which the determination is made;
as adjusted (as determined after review of the recommendation of the
budget agency) for refunds of county adjusted gross income tax made
in the state fiscal year.

(b) Before August 2 of each calendar year, the department, after
reviewing the recommendation of the budget agency, shall certify to the
county auditor of each adopting county the amount determined under
subsection (a) plus the amount of interest in the county’s account that
has accrued and has not been included in a certification made in a
preceding year. The amount certified is the county’s “certified
distribution” for the immediately succeeding calendar year. The amount
certified shall be adjusted under subsections (c), (d), (e), (f), and (g).
The department shall provide with the certification an informative
summary of the calculations used to determine the certified
distribution.

(c) The department shall certify an amount less than the amount
determined under subsection (b) if the department, after reviewing the
recommendation of the budget agency, determines that the reduced
distribution is necessary to offset overpayments made in a calendar
year before the calendar year of the distribution. The department, after
reviewing the recommendation of the budget agency, may reduce the
amount of the certified distribution over several calendar years so that
any overpayments are offset over several years rather than in one (1)
lump sum.

(d) The department, after reviewing the recommendation of the
budget agency, shall adjust the certified distribution of a county to
correct for any clerical or mathematical errors made in any previous
certification under this section. The department, after reviewing the
recommendation of the budget agency, may reduce the amount of the
certified distribution over several calendar years so that any adjustment under this subsection is offset over several years rather than in one (1) lump sum.

(e) The department, after reviewing the recommendation of the budget agency, shall adjust the certified distribution of a county to provide the county with the distribution required under section 10(b) of this chapter.

(f) This subsection applies to a county that:

1. initially imposes the county adjusted gross income tax; or
2. increases the county adjusted income tax rate;

under this chapter in the same calendar year in which the department makes a certification under this section. The department, after reviewing the recommendation of the budget agency, shall adjust the certified distribution of a county to provide for a distribution in the immediately following calendar year and in each calendar year thereafter. The department shall provide for a full transition to certification of distributions as provided in subsection (a)(1) through (a)(2) in the manner provided in subsection (c).

(g) The department, after reviewing the recommendation of the budget agency, shall adjust the certified distribution of a county to provide the county with the distribution required under section 3.3 of this chapter beginning not later than the tenth month after the month in which additional revenue from the tax authorized under section 3.3 of this chapter is initially collected.

SECTION 3. IC 6-3.5-1.1-12 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 12. (a) The part of a county's certified distribution for a calendar year that is to be used as property tax replacement credits shall be allocated by the county auditor among the civil taxing units and school corporations of the county.

(b) Except as provided in section 13 of this chapter, the amount of property tax replacement credits that each civil taxing unit and school corporation in a county is entitled to receive during a calendar year equals the product of:

1. that part of the county's certified distribution that is dedicated to providing property tax replacement credits for that same calendar year; multiplied by
2. a fraction:
(A) The numerator of the fraction equals the sum of the total property taxes being collected by the civil taxing unit or school corporation during that calendar year, plus with respect to a civil taxing unit, the amount of federal revenue sharing funds and certified shares received by it during that calendar year to the extent that they are used to reduce its property tax levy below the limit imposed by IC 6-1.1-18.5 for that same calendar year, allocation amount for the civil taxing unit or school corporation during that calendar year.

(B) The denominator of the fraction equals the sum of the total property taxes being collected by all civil taxing units and school corporations, plus the amount of federal revenue sharing funds and certified shares received by all civil taxing units in the county to the extent that they are used to reduce the civil taxing units' property tax levies below the limits imposed by IC 6-1.1-18.5 for that same calendar year, allocation amounts for all the civil taxing units and school corporations of the county for that calendar year.

(c) The department of local government finance shall provide each county auditor with the amount of property tax replacement credits that each civil taxing unit and school corporation in the auditor’s county is entitled to receive under this section. The county auditor shall then certify to each civil taxing unit and school corporation the amount of property tax replacement credits it is entitled to receive (after adjustment made under section 13 of this chapter) under this section during that calendar year. The county auditor shall also certify these distributions to the county treasurer.

SECTION 4. IC 6-3.5-1.1-14 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 14. (a) In determining the amount of property tax replacement credits civil taxing units and school corporations of a county are entitled to receive during a calendar year, the department of local government finance shall consider only property taxes imposed on tangible property that was assessed in that county.

(b) If a civil taxing unit or a school corporation is located in more than one (1) county and receives property tax replacement credits from one (1) or more of the counties, then the property tax replacement credits received from each county shall be used only to reduce the
property tax rates that are imposed within the county that distributed the property tax replacement credits.

(c) A civil taxing unit shall treat any property tax replacement credits that it receives or is to receive during a particular calendar year as a part of its property tax levy for that same calendar year for purposes of fixing its budget and for purposes of the property tax levy limits imposed by IC 6-1.1-18.5.

(d) Subject to subsection (e), if a civil taxing unit or school corporation of an adopting county does not impose a property tax levy that is first due and payable in a calendar year in which property tax replacement credits are being distributed, the civil taxing unit or school corporation is entitled to use the property tax replacement credits distributed to the civil taxing unit or school corporation for any purpose for which a property tax levy could be used.

(e) A school corporation shall treat any property tax replacement credits that the school corporation receives or is to receive during a particular calendar year as a part of its property tax levy for its general fund, debt service fund, capital projects fund, transportation fund, school bus replacement fund, and special education preschool fund in proportion to the levy for each of these funds for that same calendar year for purposes of fixing its budget and for purposes of the property tax levy limits imposed by IC 6-1.1-19. A school corporation shall allocate the property tax replacement credits described in this subsection to all five (5) six (6) funds in proportion to the levy for each fund.

SECTION 5. IC 6-3.5-1.1-15 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 15. (a) As used in this section, "attributed levy" "attributed allocation amount" of a civil taxing unit for a calendar year means the sum of:

(1) the ad valorem property tax levy of the civil taxing unit that is currently being collected at the time the allocation is made; plus the allocation amount of the civil taxing unit for that calendar year; plus

(2) the current ad valorem property tax levy of any special taxing district, authority, board, or other entity formed to discharge governmental services or functions on behalf of or ordinarily attributable to the civil taxing unit; plus
(3) the amount of federal revenue sharing funds and certified shares that were used by the civil taxing unit (or any special taxing district, authority, board, or other entity formed to discharge governmental services or functions on behalf of or ordinarily attributable to the civil taxing unit) to reduce its ad valorem property tax levies below the limits imposed by IC 6-1.1-18.5; plus
(4) (3) in the case of a county, an amount equal to the property taxes imposed by the county in 1999 for the county’s welfare fund and welfare administration fund.

(b) The part of a county’s certified distribution that is to be used as certified shares shall be allocated only among the county’s civil taxing units. Each civil taxing unit of a county is entitled to receive a percentage of the certified shares to be distributed in the county equal to the ratio of its attributed levy to the total attributed levies of all civil taxing units of the county-certified share during a calendar year in an amount determined in STEP TWO of the following formula:

STEP ONE: Divide:
(A) the attributed allocation amount of the civil taxing unit during that calendar year; by
(B) the sum of the attributed allocation amounts of all the civil taxing units of the county during that calendar year.

STEP TWO: Multiply the part of the county’s certified distribution that is to be used as certified shares by the STEP ONE amount.

(c) The local government tax control board established by IC 6-1.1-18.5-11 shall determine the attributed levies of civil taxing units that are entitled to receive certified shares during a calendar year. If the ad valorem property tax levy of any special taxing district, authority, board, or other entity is attributed to another civil taxing unit under subsection (b)(2), (a)(2), then the special taxing district, authority, board, or other entity shall not be treated as having an attributed levy allocation amount of its own. The local government tax control board shall certify the attributed levy allocation amounts to the appropriate county auditor. The county auditor shall then allocate the certified shares among the civil taxing units of the auditor’s county.

(d) Certified shares received by a civil taxing unit shall be treated as additional revenue for the purpose of fixing its budget for the
calendar year during which the certified shares will be received. The certified shares may be allocated to or appropriated for any purpose, including property tax relief or a transfer of funds to another civil taxing unit whose levy was attributed to the civil taxing unit in the determination of its attributed levy allocation amount.

SECTION 6. IC 6-3.5-6-1.1 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 1.1. (a) For purposes of allocating the certified distribution made to a county under this chapter among the civil taxing units in the county, the allocation amount for a civil taxing unit is the amount determined using the following formula:

STEP ONE: Determine the total property taxes that are first due and payable to the civil taxing unit during the calendar year of the distribution plus, for a county, an amount equal to the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund.

STEP TWO: Determine the sum of the following:

(A) Amounts appropriated from property taxes to pay the principal of or interest on any debenture or other debt obligation issued after June 30, 2005, other than an obligation described in subsection (b).

(B) Amounts appropriated from property taxes to make payments on any lease entered into after June 30, 2005, other than a lease described in subsection (c).

(C) The proceeds of any property that are:
    (i) received as the result of the issuance of a debt obligation described in clause (A) or a lease described in clause (B); and
    (ii) appropriated from property taxes for any purpose other than to refund or otherwise refinance a debt obligation or lease described in subsection (b) or (c).

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

STEP FOUR: Determine the sum of:

(A) the STEP THREE amount; plus

(B) the civil taxing unit or school corporation's certified distribution for the previous calendar year.

(b) Except as provided in this subsection, an appropriation from property taxes to repay interest and principal of a debt obligation
is not deducted from the allocation amount for a civil taxing unit if:

(1) the debt obligation was issued; and
(2) the proceeds appropriated from property taxes;

to refund or otherwise refinance a debt obligation or a lease issued before July 1, 2005. However, an appropriation from property taxes related to a debt obligation issued after June 30, 2005, is deducted if the debt extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if the debt or lease had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

(c) Except as provided in this subsection, an appropriation from property taxes to make payments on a lease is not deducted from the allocation amount for a civil taxing unit if:

(1) the lease was issued; and
(2) the proceeds were appropriated from property taxes;

to refinance a debt obligation or lease issued before July 1, 2005. However, an appropriation from property taxes related to a lease entered into after June 30, 2005, is deducted if the lease extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if it had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

SECTION 7. IC 6-3.5-6-17 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 17. (a) Revenue derived from the imposition of the county option income tax shall, in the manner prescribed by this section, be distributed to the county that imposed it. The amount that is to be distributed to a county during an ensuing calendar year equals the amount of county option income tax revenue that the department, after reviewing the recommendation of the budget agency, determines has been:

(1) received from that county for a taxable year ending in a
calendar year preceding the calendar year in which the
determination is made; and
(2) reported on an annual return or amended return processed by
the department in the state fiscal year ending before July 1 of the
calendar year in which the determination is made;
as adjusted (as determined after review of the recommendation of the
budget agency) for refunds of county option income tax made in the
state fiscal year.

(b) Before August 2 of each calendar year, the department, after
reviewing the recommendation of the budget agency, shall certify to the
county auditor of each adopting county the amount determined under
subsection (a) plus the amount of interest in the county's account that
has accrued and has not been included in a certification made in a
preceding year. The amount certified is the county's "certified
distribution" for the immediately succeeding calendar year. The amount
certified shall be adjusted, as necessary, under subsections (c), (d), and
(e). The department shall provide with the certification an informative
summary of the calculations used to determine the certified
distribution.

(c) The department shall certify an amount less than the amount
determined under subsection (b) if the department, after reviewing the
recommendation of the budget agency, determines that the reduced
distribution is necessary to offset overpayments made in a calendar
year before the calendar year of the distribution. The department, after
reviewing the recommendation of the budget agency, may reduce the
amount of the certified distribution over several calendar years so that
any overpayments are offset over several years rather than in one (1)
lump sum.

(d) The department, after reviewing the recommendation of the
budget agency, shall adjust the certified distribution of a county to
correct for any clerical or mathematical errors made in any previous
certification under this section. The department, after reviewing the
recommendation of the budget agency, may reduce the amount of the
certified distribution over several calendar years so that any adjustment
under this subsection is offset over several years rather than in one (1)
lump sum.

(e) This subsection applies to a county that:

(1) initially imposed a **county option income** tax; or
(2) increases the county option income tax rate;
under this chapter in the same calendar year in which the department
makes a certification under this section. The department, after
reviewing the recommendation of the budget agency, shall adjust the
certified distribution of a county to provide for a distribution in the
immediately following calendar year and in each calendar year
thereafter. The department shall provide for a full transition to
certification of distributions as provided in subsection (a)(1) through
(a)(2) in the manner provided in subsection (c).

(f) One-twelfth (1/12) of each adopting county's certified
distribution for a calendar year shall be distributed from its account
established under section 16 of this chapter to the appropriate county
treasurer on the first day of each month of that calendar year.

(g) Upon receipt, each monthly payment of a county's certified
distribution shall be allocated among, distributed to, and used by the
civil taxing units of the county as provided in sections 18 and 19 of this
chapter.

(h) All distributions from an account established under section 16
of this chapter shall be made by warrants issued by the auditor of state
to the treasurer of state ordering the appropriate payments.

SECTION 8. IC 6-3.5-6-18 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 18. (a) The
revenue a county auditor receives under this chapter shall be used to:

(1) replace the amount, if any, of property tax revenue lost due to
the allowance of an increased homestead credit within the county;
(2) fund the operation of a public communications system and
computer facilities district as provided in an election, if any, made
by the county fiscal body under IC 36-8-15-19(b);
(3) fund the operation of a public transportation corporation as
provided in an election, if any, made by the county fiscal body
under IC 36-9-4-42;
(4) make payments permitted under IC 36-7-15.1-17.5;
(5) make payments permitted under subsection (i); and
(6) make distributions of distributive shares to the civil taxing
units of a county.

(b) The county auditor shall retain from the payments of the county's
certified distribution, an amount equal to the revenue lost, if any, due
to the increase of the homestead credit within the county. This money
shall be distributed to the civil taxing units and school corporations of the county as though they were property tax collections and in such a manner that no civil taxing unit or school corporation shall suffer a net revenue loss due to the allowance of an increased homestead credit.

(c) The county auditor shall retain the amount, if any, specified by the county fiscal body for a particular calendar year under subsection (i), IC 36-7-15.1-17.5, IC 36-8-15-19(b), and IC 36-9-4-42 from the county’s certified distribution for that same calendar year. The county auditor shall distribute amounts retained under this subsection to the county.

(d) All certified distribution revenues that are not retained and distributed under subsections (b) and (c) shall be distributed to the civil taxing units of the county as distributive shares.

(e) The amount of distributive shares that each civil taxing unit in a county is entitled to receive during a month equals the product of the following:

1) The amount of revenue that is to be distributed as distributive shares during that month; multiplied by

2) A fraction. The numerator of the fraction equals the total property taxes that are first due and payable to the civil taxing unit during the calendar year in which the month falls; plus; for a county, an amount equal to the property taxes imposed by the county in 1999 for the county’s welfare fund and welfare administration fund; allocation amount for the civil taxing unit for the calendar year in which the month falls. The denominator of the fraction equals the sum of the total property taxes that are first due and payable to all civil taxing units of the county during the calendar year in which the month falls; plus an amount equal to the property taxes imposed by the county in 1999 for the county’s welfare fund and welfare administration fund; allocation amounts of all the civil taxing units of the county for the calendar year in which the month falls.

(f) The department of local government finance shall provide each county auditor with the fractional amount of distributive shares that each civil taxing unit in the auditor’s county is entitled to receive monthly under this section.

(g) Notwithstanding subsection (e), if a civil taxing unit of an adopting county does not impose a property tax levy that is first due
and payable in a calendar year in which distributive shares are being distributed under this section, that civil taxing unit is entitled to receive a part of the revenue to be distributed as distributive shares under this section within the county. The fractional amount such a civil taxing unit is entitled to receive each month during that calendar year equals the product of the following:

1. The amount to be distributed as distributive shares during that month; multiplied by
2. A fraction. The numerator of the fraction equals the budget of that civil taxing unit for that calendar year. The denominator of the fraction equals the aggregate budgets of all civil taxing units of that county for that calendar year.

(h) If for a calendar year a civil taxing unit is allocated a part of a county's distributive shares by subsection (g), then the formula used in subsection (e) to determine all other civil taxing units' distributive shares shall be changed each month for that same year by reducing the amount to be distributed as distributive shares under subsection (e) by the amount of distributive shares allocated under subsection (g) for that same month. The department of local government finance shall make any adjustments required by this subsection and provide them to the appropriate county auditors.

(i) Notwithstanding any other law, a county fiscal body may pledge revenues received under this chapter to the payment of bonds or lease rentals to finance a qualified economic development tax project under IC 36-7-27 in that county or in any other county if the county fiscal body determines that the project will promote significant opportunities for the gainful employment or retention of employment of the county's residents.

SECTION 9. IC 6-3.5-7-11 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 11. (a) Revenue derived from the imposition of the county economic development income tax shall, in the manner prescribed by this section, be distributed to the county that imposed it.

(b) Before August 2 of each calendar year, the department, after reviewing the recommendation of the budget agency, shall certify to the county auditor of each adopting county the sum of the amount of county economic development income tax revenue that the department determines has been:
(1) received from that county for a taxable year ending before the
calendar year in which the determination is made; and
(2) reported on an annual return or amended return processed by
the department in the state fiscal year ending before July 1 of the
calendar year in which the determination is made;
as adjusted (as determined after review of the recommendation of the
budget agency) for refunds of county economic development income
tax made in the state fiscal year plus the amount of interest in the
county's account that has been accrued and has not been included in a
certification made in a preceding year. The amount certified is the
county's certified distribution, which shall be distributed on the dates
specified in section 16 of this chapter for the following calendar year.
The amount certified shall be adjusted under subsections (c), (d), (e),
(f), and (g). The department shall provide with the certification an
informative summary of the calculations used to determine the certified
distribution.

(c) The department shall certify an amount less than the amount
determined under subsection (b) if the department, after reviewing the
recommendation of the budget agency, determines that the reduced
distribution is necessary to offset overpayments made in a calendar
year before the calendar year of the distribution. The department, after
reviewing the recommendation of the budget agency, may reduce the
amount of the certified distribution over several calendar years so that
any overpayments are offset over several years rather than in one (1)
lump sum.

(d) After reviewing the recommendation of the budget agency, the
department shall adjust the certified distribution of a county to correct
for any clerical or mathematical errors made in any previous
certification under this section. The department, after reviewing the
recommendation of the budget agency, may reduce the amount of the
certified distribution over several calendar years so that any adjustment
under this subsection is offset over several years rather than in one (1)
lump sum.

(e) The department, after reviewing the recommendation of the
budget agency, shall adjust the certified distribution of a county to
provide the county with the distribution required under section 16(b)
of this chapter.

(f) The department, after reviewing the recommendation of the
budget agency, shall adjust the certified distribution of a county to provide the county with the amount of any tax increase imposed under section 25 or 26 of this chapter to provide additional homestead credits as provided in those provisions.

(g) This subsection applies to a county that:

(1) initially imposed the county economic development income tax; or

(2) increases the county economic development income rate;

under this chapter in the same calendar year in which the department makes a certification under this section. The department, after reviewing the recommendation of the budget agency, shall adjust the certified distribution of a county to provide for a distribution in the immediately following calendar year and in each calendar year thereafter. The department shall provide for a full transition to certification of distributions as provided in subsection (b)(1) through (b)(2) in the manner provided in subsection (c).

SECTION 10. [EFFECTIVE JANUARY 1, 2006] (a) The definitions in IC 6-3.5 apply throughout this SECTION.

(b) IC 6-3.5-1.1-12, IC 6-3.5-1.1-14, and IC 6-3.5-1.1-15, all as amended by this act, and IC 6-3.5-1.1-1.1, as added by this act, apply to the allocation among the civil taxing units and school corporations of the certified distribution of county adjusted gross income tax revenue made to a county for a year beginning after December 31, 2005.

(c) IC 6-3.5-6-18, as amended by this act, and IC 6-3.5-6-1.1, as added by this act, apply to the allocation among the civil taxing units of the certified distribution of county option income tax revenue made to a county for a year beginning after December 31, 2005.

SECTION 11. [EFFECTIVE UPON PASSAGE] Notwithstanding IC 6-3.5-6-17(b) and IC 6-3.5-7-11(b), the department of state revenue shall, before August 2, 2005, adjust the certified distribution of a county made on or before August 2, 2004, in accordance with IC 6-3.5-6-17(e) and IC 6-3.5-7-11(g), both as amended by this act.

SECTION 12. An emergency is declared for this act.
AN ACT to amend the Indiana Code concerning environment.

Be it enacted by the General Assembly of the State of Indiana:

(b) A person aggrieved by a determination of the department under section 7 of this chapter may obtain an additional review by the department and a public hearing by filing a petition for review with the county auditor of the county in which the brownfield is located not more than thirty (30) days after the department gives notice of the determination under subsection (a). The county auditor shall transmit the petition to the department not more than ten (10) days after the petition is filed.

(c) On receipt by the department of a petition for review, the department shall set a date, time, and place for a hearing. At least ten (10) days before the date fixed for the hearing, the department shall give notice by mail of the date, time, and place fixed for the hearing to:

(e) The petitioner under section 2 of this chapter shall provide to the county auditor reasonable proof of ownership of the brownfield:

(1) if a petition is not filed under subsection (b), at least thirty (30) days but not more than one hundred twenty (120) days
after notice is given under subsection (a); or
(2) after notice is given under subsection (d) but not more than ninety (90) days after notice is given under subsection (d).

(f) The county auditor:

   (B) the final determination of the department under this section;
   not more than thirty (30) days after receipt of the proof of ownership required in subsection (e); and

(g) A reduction or removal of delinquent tax liability under subsection (f) applies until the county auditor makes a determination under this subsection. After the date referred to in section 2(6) of this chapter, the county auditor shall determine if the petitioner successfully completed the plan described in section 2(5) of this chapter by that date. If the county auditor determines that the petitioner completed the plan by that date, the reduction or removal of delinquent tax liability under subsection (f) becomes permanent. If the county auditor determines that the petitioner did not complete the plan by that date, the county auditor shall restore to the tax duplicate the delinquent taxes reduced or removed under subsection (f), along with interest in the amount that would have applied if the delinquent taxes had not been reduced or removed.

Sec. 9. As provided in IC 6-1.5-5-1, a petitioner under section 2 of this chapter may initiate an appeal of the department’s final determination under section 8 of this chapter by filing a petition with the county assessor not more than forty-five (45) days after the department gives the petitioner notice of the final determination.

(c) Except as provided in subsection (e), in order to obtain a review by the Indiana board under this section, the taxpayer must file a petition for review with the appropriate county assessor not later than forty-five (45) days after the notice of the department of local government finance's action is given to the taxpayer.

(b) The department shall record the time of filing of each return claiming a credit under section 13 of this chapter and shall, except as provided in subsection (c), grant the credit to the taxpayer, if the taxpayer otherwise qualifies for a tax credit under this chapter, in the chronological order in which the return is filed in the state fiscal year.

In addition, the department may, if the applicant so requests, approve a credit application, in whole or in part, with respect to the next succeeding state fiscal year.

(d) The department of state revenue shall report the total credits granted under this chapter for each state fiscal year to the Indiana development finance authority. The Indiana development finance authority shall transfer to the state general fund an amount equal to the total credits granted from the subaccount of the environmental remediation revolving loan fund (IC 13-19-5).

(e) At the end of each state fiscal year, the Indiana development finance authority may determine whether money is available in the subaccount of the environmental remediation revolving loan fund (IC 13-19-5) to provide tax credits in excess of the amount set forth in subsection (a) in the subsequent state fiscal year.

(f) Before December 31 June 30 of each year, the Indiana development finance authority may assess the demand for tax credits under this chapter and determine whether the need for other brownfield activities is greater than the need for tax credits. If the Indiana development finance authority determines that the need for other brownfield activities is greater than the need for tax credits, the authority may set aside up to three-fourths (3/4) of the amount of allowable tax credits for the subsequent state fiscal year and use it for
other brownfield projects.

(g) Except as provided in subsection (h), the Indiana development finance authority may use money set aside under subsection (f) for any permissible purpose.

Sec. 2.7. (a) Notwithstanding section 2.5 of this chapter and any other law, and except as provided in subsection (b), an individual policy of accident and sickness insurance that is issued after June 30, 2005, may contain a waiver of coverage for a specified condition and any complications that arise from the specified condition if:

(1) the waiver period does not exceed ten (10) years; and

(2) all of the following conditions are met:

(A) The insurer provides to the applicant before issuance of the certificate written notice explaining the waiver of coverage for the specified condition and complications arising from the specified condition.

(B) The:

(i) offer of coverage; and

(ii) certificate of coverage;

include the waiver in a separate section stating in bold print that the applicant is receiving coverage with an exception for the waived condition.

(C) The:

(ii) remove the waiver if the insurer determines that evidence of insurability is satisfactory.

(F) The insurer discloses to the applicant that the applicant
may decline the offer of coverage, and that any individual to whom the waiver would have applied may apply for a policy issued by the Indiana comprehensive health insurance association under IC 27-8-10.

(G) An insurance benefit card issued by the insurer to the applicant includes a telephone number for verification of coverage waived.

(c) The insurer shall require an applicant to initial the written notice provided under subsection (b)(2)(A) and the waiver included in the offer of coverage and in the certificate of coverage under subsection (b)(2)(B) to acknowledge acceptance of the waiver of coverage.

(d) An offer of coverage under a policy that includes a waiver under this section does not preclude eligibility for an Indiana comprehensive health insurance association policy under IC 27-8-10-5.1.

(e) A policy described in subsection (a) may not include a waiver of coverage for a:

(1) mental health condition; or
(2) developmental disability.

(f) An insurer may not, on the basis of a waiver contained in a policy as provided in this section, deny coverage for any condition or complication that is not specified as required in the:

(1) written notice under subsection (b)(2)(A); and
(2) offer of coverage and certificate of coverage under subsection (b)(2)(B).

(g) An insurer that removes a waiver under subsection (b)(2)(E) shall not consider the condition or any complication to which the waiver previously applied in making policy renewal and underwriting determinations.

(h) Upon the expiration of the waiver period allowed under this section, the insurer shall:

(1) remove the waiver;
(2) not consider the condition or any complication to which the waiver previously applied in making policy underwriting determinations; and
(3) renew the policy in accordance with 45 CFR 148.122.

SECTION 3. IC 27-8-10-5.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5.1. (a) A person is not
eligible for an association policy if the person is eligible for Medicaid. A person other than a federally eligible individual may not apply for an association policy unless the person has applied for Medicaid not more than sixty (60) days before applying for the association policy.

(b) Except as provided in subsection (c), a person is not eligible for an association policy if, at the effective date of coverage, the person has or is eligible for coverage under any insurance plan that equals or exceeds the minimum requirements for accident and sickness insurance policies issued in Indiana as set forth in IC 27. However, an offer of coverage described in IC 27-8-5-2.5(e), or IC 27-8-5-2.7, IC 27-8-5-19.2(e), or IC 27-8-5-19.3 does not affect an individual's eligibility for an association policy under this subsection. Coverage under any association policy is in excess of, and may not duplicate, coverage under any other form of health insurance.

(c) Except as provided in IC 27-13-16-4 and subsection (a), a person is eligible for an association policy upon a showing that:

1) the person has been rejected by one (1) carrier for coverage under any insurance plan that equals or exceeds the minimum requirements for accident and sickness insurance policies issued in Indiana, as set forth in IC 27, without material underwriting restrictions;

2) an insurer has refused to issue insurance except at a rate exceeding the association plan rate; or

3) the person is a federally eligible individual.

For the purposes of this subsection, eligibility for Medicare coverage does not disqualify a person who is less than sixty-five (65) years of age from eligibility for an association policy.

(d) Coverage under an association policy terminates as follows:

1) On the first date on which an insured is no longer a resident of Indiana.

2) On the date on which an insured requests cancellation of the association policy.

3) On the date of the death of an insured.

4) At the end of the policy period for which the premium has been paid.

5) On the first date on which the insured no longer meets the eligibility requirements under this section.

(e) An association policy must provide that coverage of a dependent
unmarried child terminates when the child becomes nineteen (19) years of age (or twenty-five (25) years of age if the child is enrolled full time in an accredited educational institution). The policy must also provide in substance that attainment of the limiting age does not operate to terminate a dependent unmarried child's coverage while the dependent is and continues to be both:

1. incapable of self-sustaining employment by reason of mental retardation or mental or physical disability; and
2. chiefly dependent upon the person in whose name the contract is issued for support and maintenance.

However, proof of such incapacity and dependency must be furnished to the carrier within one hundred twenty (120) days of the child's attainment of the limiting age, and subsequently as may be required by the carrier, but not more frequently than annually after the two (2) year period following the child's attainment of the limiting age.

(f) An association policy that provides coverage for a family member of the person in whose name the contract is issued must, as to the family member's coverage, also provide that the health insurance benefits applicable for children are payable with respect to a newly born child of the person in whose name the contract is issued from the moment of birth. The coverage for newly born children must consist of coverage of injury or illness, including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. If payment of a specific premium is required to provide coverage for the child, the contract may require that notification of the birth of a child and payment of the required premium must be furnished to the carrier within thirty-one (31) days after the date of birth in order to have the coverage continued beyond the thirty-one (31) day period.

(g) Except as provided in subsection (h), an association policy may contain provisions under which coverage is excluded during a period of three (3) months following the effective date of coverage as to a given covered individual for preexisting conditions, as long as medical advice or treatment was recommended or received within a period of three (3) months before the effective date of coverage. This subsection may not be construed to prohibit preexisting condition provisions in an insurance policy that are more favorable to the insured.

(h) If a person applies for an association policy within six (6) months after termination of the person's coverage under a health
insurance arrangement and the person meets the eligibility requirements of subsection (c), then an association policy may not contain provisions under which:

(1) coverage as to a given individual is delayed to a date after the effective date or excluded from the policy; or
(2) coverage as to a given condition is denied; on the basis of a preexisting health condition. This subsection may not be construed to prohibit preexisting condition provisions in an insurance policy that are more favorable to the insured.

(i) For purposes of this section, coverage under a health insurance arrangement includes, but is not limited to, coverage pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985.

SECTION 4. [EFFECTIVE JULY 1, 2005] (a) An insurer that issues a policy of accident and sickness insurance that contains a waiver under IC 27-8-5-2.7 or IC 27-8-5-19.3, both as added by this act, shall submit to the commissioner of the department of insurance the following information for the reporting periods specified under subsection (b) on a form prescribed by the commissioner:

(1) The number of policies and certificates that the insurer issued with a waiver.
(2) A list of specified conditions that the insurer waived.
(3) The number of waivers issued for each specified condition listed under subdivision (2).
(4) The number of waivers issued categorized by the period of time for which coverage of a specified condition was waived.
(5) The number of applicants who were denied insurance coverage by the insurer because of a specified condition.

(b) An insurer shall submit to the commissioner of the department of insurance the information required under subsection (a) as follows:

(1) Not later than September 1, 2006, for the reporting period July 1, 2005, through June 30, 2006.

Sec. 9. As used in this chapter, "placement agency" means a person engaged in the business of securing home care services employment for an individual or securing a home care services worker for a consumer. The term:

(1) includes an employment agency, a nurse registry, and an entity that places a home care services worker for compensation by a consumer in the consumer's residence to provide home care services; and

(2) does not include a worker who solely and personally provides home care services to another individual at the residence of that individual.

Sec. 10. As used in this chapter, "skilled services" means services provided by a:

(1) registered nurse (as defined in IC 25-23-1-1.1(a));
(2) licensed practical nurse (as defined in IC 25-23-1-1.2); or

Sec. 11. As used in this chapter, "worker notice" means the statement described in section 17 of this chapter.

Sec. 12. This chapter applies to a placement agency, but does not apply to a:

(2) is not required to provide a consumer notice when a new or different home care services worker is substituting for the regular home care services worker placed with the consumer.

(b) Before a placement agency places a home care services worker with a consumer, the home care services worker must provide the placement agency with a copy of the individual's limited criminal history from the central repository for criminal history information under IC 10-13-3. The home care services worker is responsible for the fees required under IC 10-13-3-30 and must annually obtain an updated limited criminal history. A copy of the home care services worker's limited criminal history
must be made available to the consumer.

Sec. 14. A consumer notice must include the following:

(1) The duties, responsibilities, and obligations of the placement agency to the:

The department shall determine the content and format of the consumer notice.

Sec. 15. The failure of a placement agency to provide a consumer notice to the consumer at the time a home care services worker is placed in the consumer's home does not relieve a consumer from the duties or obligations as an employer. If a placement agency fails to provide a consumer notice and the consumer is liable for payment of wages, taxes, worker's compensation insurance premiums, or unemployment compensation employer contributions, the consumer has a right of indemnification against the placement agency, which includes the
actual amounts paid to or on behalf of the home care services worker as well as the consumer's attorney's fees and costs.

Sec. 16. A placement agency that will not be the actual employer of the home care services worker shall provide a worker notice as set forth in section 17 of this chapter to a home care services worker who is placed with a consumer. The worker notice must:

Sec. 17. The worker notice referred to in section 16 of this chapter must contain the following:

Sec. 19. The department may impose a civil penalty not to exceed one thousand dollars ($1,000) against a placement agency that fails to provide a worker notice or a consumer notice at the times required under section 13 or 16 of this chapter. The civil penalty may be assessed by the department and, if necessary, shall
be recovered by the prosecuting attorney of the county in which the violation has occurred or by the attorney general, as provided in IC 22-1-1-18.

(1) it has been set aside; or

(2) it is a conviction for which the person has been pardoned.

d) If the person was convicted of the substance offense in a jury trial, the jury shall reconvene for the sentencing hearing. If the trial was to the court, or the judgment was entered on a guilty plea, the court alone shall conduct the sentencing hearing, under IC 35-38-1-3.

e) A person is a habitual substance offender if the jury (if the hearing is by jury) or the court (if the hearing is to the court alone) finds that the state has proved beyond a reasonable doubt that the person had accumulated two (2) prior unrelated substance offense convictions.

(2) all of the substance offenses for which the person has been convicted are substance offenses under IC 16-42-19 or IC 35-48-4, the person has not been convicted of a substance offense listed in section 2(b)(4) of this chapter, and the total number of convictions that the person has for:

   (E) dealing in a schedule V controlled substance (IC 35-48-4-4);
then the court may reduce the additional fixed term. However, the court may not reduce the additional fixed term to less than one (1) year.

(g) If a reduction of the additional year fixed term is authorized under subsection (f), the court may also consider the aggravating or circumstances in IC 35-38-1-7.1(a) and the mitigating circumstances in IC 35-38-1-7.1(b) to:
   (1) decide the issue of granting a reduction; or
   (2) determine the number of years, if any, to be subtracted under subsection (f).

authority and use the proceeds of the bonds to acquire
obligations issued by any entity authorized to acquire, finance,
construct, or lease capital improvements under IC 5-1-17; and
(2) issue bonds under terms and conditions determined by the
authority and use the proceeds of the bonds to acquire any
obligations issued by the northwest Indiana regional
development authority established by IC 36-7.5-2-1.

SECTION 2. IC 4-4-11-16 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE MAY 15, 2005]: Sec. 16. (a) There is
created an industrial development project guaranty fund which shall be
used by the authority as a nonlapsing, revolving fund for carrying out
the provisions of the guaranty program. The industrial development
project guaranty fund shall consist of such money as may be
appropriated by the general assembly. To this sum shall be charged
those expenses of the authority attributable and allocated by the
authority to the authority's guaranty program, including interest,
principal, and lease payments required by loan or lease defaults under
the authority's guaranty program, and to the sum shall be credited that
income of the authority attributable and allocated by the authority to
the authority's guaranty program, including guarantee premiums.

(b) If the authority makes a written finding that the guarantee of a
particular loan secured by, or lease of, real property or tangible or
intangible personal property to or for the benefit of any industrial
development project, mining operation, or agricultural operation that
involves the processing of agricultural products would tend to
accomplish the purposes of this chapter, including the creation or
retention of employment in Indiana through the guarantee of the loan
or lease, and if the authority shall further find that the proposed
borrower or lessee cannot obtain the loan or lease upon reasonable
terms, the authority may, under its guaranty program, guarantee the
loan or lease upon such terms and conditions as the authority may
prescribe. No new or additional guarantee of a loan or lease under this
subsection or subsection (c) or (h) may be entered into if the guarantee
would cause the outstanding aggregate guarantee obligations with
respect to all loans and leases guaranteed under this subsection and
subsections (c) and (h) to exceed eight (8) times the amount of money
in the industrial development project guaranty fund. The amount of all
guarantees by the authority of loans or leases to or for the benefit of any single industrial development project, mining operation, or agricultural operation that involves the processing of agricultural products shall not exceed two million dollars ($2,000,000), less the outstanding aggregate principal balance under any loans made and owed to the authority under subsection (h) to or for the benefit of the project or operation. A guarantee of either a loan secured by real estate or a real estate lease shall not exceed ninety percent (90%) of the unpaid principal balance of the loan from time to time outstanding or ninety percent (90%) of the amount of any lease payment, as applicable, or ninety percent (90%) of the appraised fair market value of the real estate, whichever is less. A guarantee of a loan secured by personal property or of a personal property lease shall not exceed seventy-five percent (75%) of the unpaid principal balance of the loan from time to time outstanding or seventy-five percent (75%) of the amount of any lease payment, as applicable, or seventy-five percent (75%) of the fair market value of the personal property, whichever is less. A guarantee involving both real estate and personal property may not exceed the percentage proportionate to each type of property. To be eligible for a guarantee under this section, a loan or lease must:

1. be one which is to be made to and held by a lender or lessor approved by the authority as responsible and able to service the loan or lease properly;
2. involve a principal obligation or lease payments, as applicable, which may include initial service charges and appraisal, inspection, and other fees approved by the authority;
3. have a maturity or term satisfactory to the authority but in no case later than twenty (20) years from the date of the guaranty;
4. contain payment terms satisfactory to the authority requiring periodic payments by the developer or user which shall include principal and interest payments, cost of local property taxes and assessments, land lease rentals, if any, insurance on the property, as applicable, and such guarantee premiums as may be fixed by the authority; and
5. contain such terms and provisions with respect to property insurance, repairs, alterations, payment of taxes and assessments, default reserves, delinquency charges, default remedies, anticipation of maturity, additional and secondary liens, and other
matters as the authority may prescribe.

(c) The authority may guarantee an unsecured loan for:

(1) working capital purposes, if the authority determines, under criteria that it establishes, that the loan for working capital:

(A) is for an industrial development project, a mining operation, or an agricultural operation that involves the processing of agricultural products; and

(B) will lead directly to increased production or job creation or retention through sales of products or provision of services to federal, state, or local government, private businesses, or individuals, or through exports to foreign markets; or

(2) capital expenditures, if the authority determines, under criteria that the authority establishes, that the loan is for an industrial development project described in IC 4-4-10.9-11(b)(7).

The loan guarantee may not exceed five hundred thousand dollars ($500,000) for any single project or operation, and may be in addition to any other guarantees of the authority under this section. The guarantee terms must include a time limit for working capital loan guarantees that may not exceed eighteen (18) months. However, the guarantees are renewable. A loan guarantee may not exceed eighty percent (80%) of the unpaid principal balance from time to time outstanding of the loan being guaranteed. The authority may impose such additional terms as it considers appropriate for any particular project or operation.

(d) The authority is authorized to fix guarantee premiums for the guarantee under this section of any loan or lease outstanding at the beginning of each year or at the time the guarantee is entered into, and the authority is authorized to fix loan application, placement, origination, commitment, administrative, processing, or other fees or charges in connection with the authority’s powers under subsection (h). These premiums, fees, or charges shall be payable in amounts or based upon formulas established by the authority and may be payable, at the election of the authority, in whole or in part, in the form of cash, shares of stock, warrants for the purchase of shares of stock, or other securities, property, or rights acceptable to the authority. These premiums, fees, or charges shall be payable by the developer or user to the authority in a manner prescribed by the authority.

(e) Notwithstanding section 19(a)(1) of this chapter, any guarantee
made by the authority under subsection (b), (c), or (h) may be effected or enhanced, in whole or in part, through the provision by the authority of a letter of credit or an equivalent form of credit enhancement instrument. However, the maximum principal payment obligations of the authority under the credit instrument, as the same may be effective from time to time, is the amount of the guarantee or portion of the guarantee made under subsection (b), (c), or (h), and for purposes of the limitations on the amount of guarantees under subsection (b), (c), or (h), and the term of any letter of credit may not exceed the respective terms established for guarantees or loans under subsections (b), (c), and (h).

(f) Notwithstanding the provisions of any other law, loans or leases guaranteed or made by the authority are legal investments for all insurance companies, trust companies, banks, investment companies, savings banks, executors, trustees and other fiduciaries, and pension or retirement funds, as well as the board for depositories.

(g) To further the purposes of this chapter, and subject to this chapter, the authority may also use any part of the industrial development project guaranty fund to guarantee any bonds issued by the authority under this chapter or by any authorized issuer under IC 36-7-12. With regard to direct obligations of the authority that are also guaranteed by the authority, the authority may permit a subordination of any valid security agreement, mortgage, combinations thereof, or other appropriate documents securing the direct obligations if the authority in its discretion determines that the subordination is reasonably necessary to accomplish the objectives of the industrial development project undertaken by the authority.

(h) To further the purposes of this chapter, and in addition to the authority's other powers under this chapter, the authority may, upon a written finding as described in subsection (b), make direct loans, from money in the industrial project guaranty fund, to or for the benefit of any industrial development project, mining operation, or agricultural operation that involves the processing of agricultural products, upon the terms and conditions that the authority may prescribe. No new or additional loan may be made if the loan would cause the then outstanding aggregate guarantee obligations with respect to all loans and leases guaranteed under this subsection and subsections (b) and (c) to exceed eight (8) times the amount of money then in the industrial
development project guaranty fund, or would cause the then outstanding aggregate principal balance of all loans made under this subsection and then owing to the authority to exceed twenty percent (20%) of the amount of money then in the industrial development project guaranty fund. The principal amount of such a loan to or for the benefit of a project or operation may not exceed one million dollars ($1,000,000), less the then outstanding aggregate guarantee obligations with respect to any loans or leases guaranteed under this subsection and subsections (b) and (c) to or for the benefit of that project or operation. With respect to any loan made under this subsection, a loan agreement with the authority must contain the following terms:

1. A requirement that the loan proceeds be used for specified purposes consistent with and in furtherance of the purposes of the authority under this chapter.
2. The term of the loan, which must not be later than twenty (20) years from the date of the loan.
3. The repayment schedule.
4. The interest rate or rates of the loan, which may include variations in the rate, but which may not be less than the amount necessary to cover all expenses of the authority in making the loan.
5. Any other terms and provisions that the authority requires.

In addition, a loan agreement with the authority under this subsection may also contain a requirement that the loan be insured directly or indirectly by a loan insurer or be guaranteed by a loan guarantor, and a requirement of any other type or types of security or collateral that the authority may consider to be reasonable or necessary. A loan made under this subsection may be sold by the authority, and the authority may permit other lenders to participate in a loan made under this subsection, at the time or times and upon the terms and conditions as the authority considers reasonable or necessary. A loan sold or in which other lenders participate may be guaranteed by the authority, upon terms and conditions established by the authority.

(i) All proceeds received by the authority from the disposal by sale or in some other manner of property it may have acquired in accordance with section 15 of this chapter and in connection with its guaranty program or otherwise under this section shall be credited to the industrial development project guaranty fund.
(j) Upon the issuance of a loan or a guarantee of a loan or lease, any expenses incurred by the authority in connection with the loan or guarantee or the projects or operations for which the loan or guarantee is being made shall be reimbursed to the authority by the borrower, in the case of a loan (to the extent not provided for under subsection (d)), or by the borrower, lender, lessee, or lessor, in the case of a guarantee of a loan or lease, from the proceeds of the loan or the payments under the lease or otherwise.

SECTION 6. IC 5-1-17 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE MAY 15, 2005]:

Chapter 17. Indiana Stadium and Convention Building Authority

Sec. 1. As used in this chapter, "authority" refers to the Indiana stadium and convention building authority created by this chapter.

Sec. 2. As used in this chapter, "board" refers to the board of directors of the authority.

Sec. 3. As used in this chapter, "bonds" means bonds, notes, commercial paper, or other evidences of indebtedness. The term includes obligations (as defined in IC 8-9.5-9-3) and swap agreements (as defined in IC 8-9.5-9-4).

Sec. 4. As used in this chapter, "capital improvement board" refers to a capital improvement board of managers created by IC 36-10-8 or IC 36-10-9.

Sec. 5. As used in this chapter, "state agency" has the meaning set forth in IC 4-13.5-1-1.

Sec. 6. An Indiana stadium and convention building authority is created in Indiana as a separate body corporate and politic as an instrumentality of the state to acquire, construct, equip, own, lease, and finance facilities for lease to or for the benefit of a capital improvement board.

Sec. 7. (a) The board is composed of the following seven (7) members, who must be residents of Indiana:

(1) Four (4) members appointed by the governor. The president pro tempore of the senate and the speaker of the house of representatives may each make one (1) recommendation to the governor concerning the appointment of a member under this subdivision.

(2) Two (2) members appointed by the executive of a county having a consolidated city.

(3) One (1) member appointed by the governor, who has been nominated by the county fiscal body of a county that is contiguous to a county having a consolidated city, determined as follows:

(A) The member nominated for the initial term shall be nominated by the contiguous county that has the largest population of all the contiguous counties that have adopted
an ordinance to impose a food and beverage tax under IC 6-9-35.

(B) The member nominated for each successive term shall be nominated by the contiguous county that:

(i) contributed the most revenues from the tax imposed by IC 6-9-35 to the capital improvement board of managers created by IC 36-10-9-3 in the immediately previous calendar year; and

(ii) has not previously made a nomination to the governor or, if all the contributing counties have previously made such a nomination, is the one whose then most recent nomination occurred before those of all the other contributing counties.

(b) A member appointed under subsection (a)(1) through (a)(2) is entitled to serve a three (3) year term. A member appointed under subsection (a)(3) is entitled to serve a one (1) year term. A member may be reappointed to subsequent terms.

(c) If a vacancy occurs on the board, the governor shall fill the vacancy by appointing a new member for the remainder of the vacated term. If the vacated member was appointed under subsection (a)(2) or (a)(3), the governor shall appoint a new member who has been nominated by the person or body who made the nomination of the vacated member.

(d) A member may be removed for cause by the appointing authority.

(e) Each member, before entering upon the duties of office, must take and subscribe an oath of office under IC 5-4-1, which shall be endorsed upon the certificate of appointment and filed with the records of the board.

(f) The governor shall nominate an executive director for the authority, subject to the veto authority of the executive of a county having a consolidated city.

Sec. 8. (a) The board shall hold an initial organizational meeting on or before June 30, 2005. Immediately after January 15 of each year, the board shall hold its annual organizational meeting.

(b) The governor shall appoint a member of the board to serve as chair of the board.

(c) The board shall elect one (1) of the members vice chair and another secretary-treasurer to perform the duties of those offices.
These officers serve from the date of their election and until their successors are elected and qualified. The board may elect an assistant secretary-treasurer.

(d) Special meetings may be called by the chair of the board or any three (3) members of the board.

(e) A majority of the members constitutes a quorum, and the concurrence of a majority of the members is necessary to authorize any action.

Sec. 9. (a) The board may adopt the bylaws and rules it considers necessary for the proper conduct of its duties and the safeguarding of the funds and property entrusted to its care.

(b) The board shall, without complying with IC 4-22-2, adopt the code of ethics in executive order 05-12 for its members and employees.

Sec. 10. The authority is organized for the following purposes:

(1) Acquiring, financing, constructing, and leasing land and capital improvements to or for the benefit of a capital improvement board.

(2) Financing and constructing additional improvements to capital improvements owned by the authority and leasing them to or for the benefit of a capital improvement board.

(3) Acquiring land or all or a portion of one (1) or more capital improvements from a capital improvement board by purchase or lease and leasing the land or these capital improvements back to the capital improvement board, with any additional improvements that may be made to them.

(4) Acquiring all or a portion of one (1) or more capital improvements from a capital improvement board by purchase or lease to fund or refund indebtedness incurred on account of those capital improvements to enable the capital improvement board to make a savings in debt service obligations or lease rental obligations or to obtain relief from covenants that the capital improvement board considers to be unduly burdensome.

Sec. 11. (a) The authority may also:

(1) finance, improve, construct, reconstruct, renovate, purchase, lease, acquire, and equip land and capital improvements;

(2) lease the land or those capital improvements to a capital
improvement board;
(3) sue, be sued, plead, and be impleaded;
(4) condemn, appropriate, lease, rent, purchase, and hold any
real or personal property needed or considered useful in
connection with capital improvements;
(5) acquire real or personal property by gift, devise, or
bequest and hold, use, or dispose of that property for the
purposes authorized by this chapter;
(6) after giving notice, enter upon any lots or lands for the
purpose of surveying or examining them to determine the
location of a capital improvement;
(7) design, order, contract for, and construct, reconstruct, and
renovate any capital improvements or improvements thereto;
(8) employ managers, superintendents, architects, engineers,
attorneys, auditors, clerks, construction managers, and other
employees;
(9) make and enter into all contracts and agreements,
including agreements to arbitrate, that are necessary or
incidental to the performance of its duties and the execution
of its powers under this chapter;
(10) acquire in the name of the authority by the exercise of the
right of condemnation, in the manner provided in subsection
(c), public or private lands, or rights in lands, rights-of-way,
property, rights, easements, and interests, as it considers
necessary for carrying out this chapter; and
(11) take any other action necessary to implement its purposes
as set forth in section 10 of this chapter.

(b) The authority is subject to the provisions of 25 IAC 5
concerning equal opportunities for minority business enterprises
and women's business enterprises to participate in procurement
and contracting processes. In addition, the authority shall set a
goal for participation by minority business enterprises of fifteen
percent (15%) and women's business enterprises of five percent
(5%), consistent with the goals of delivering the project on time
and within the budgeted amount and, insofar as possible, using
Indiana businesses for employees, goods, and services. In fulfilling
the goal, the authority shall take into account historical precedents
in the same market.

(c) If the authority is unable to agree with the owners, lessees,
or occupants of any real property selected for the purposes of this chapter, the authority may proceed to procure the condemnation of the property under IC 32-24-1. The authority may not institute a proceeding until the authority has adopted a resolution that:

(1) describes the real property sought to be acquired and the purpose for which the real property is to be used;
(2) declares that the public interest and necessity require the acquisition by the authority of the property involved; and
(3) sets out any other facts that the authority considers necessary or pertinent.

The resolution is conclusive evidence of the public necessity of the proposed acquisition and shall be referred to the attorney general for action, in the name of the authority, in the circuit or superior court of the county in which the real property is located.

Sec. 12. (a) Bonds issued under IC 36-10-8 or IC 36-10-9 or prior law may be refunded as provided in this section.

(b) A capital improvement board may:

(1) lease all or a portion of land or a capital improvement or improvements to the authority, which may be at a nominal lease rental with a lease back to the capital improvement board, conditioned upon the authority assuming bonds issued under IC 36-10-8 or IC 36-10-9 or prior law and issuing its bonds to refund those bonds; and
(2) sell all or a portion of land or a capital improvement or improvements to the authority for a price sufficient to provide for the refunding of those bonds and lease back the land or capital improvement or improvements from the authority.

Sec. 13. (a) Before a lease may be entered into by a capital improvement board under this chapter, the capital improvement board must find that the lease rental provided for is fair and reasonable.

(b) A lease or sublease of land or capital improvements from the authority, or from a state agency under section 26 of this chapter, to a capital improvement board:

(1) may not have a term exceeding forty (40) years;
(2) may not require payment of lease rentals for a newly constructed capital improvement or for improvements to an existing capital improvement until the capital improvement or improvements thereto have been completed and are ready for
occupancy;
(3) may contain provisions:
   (A) allowing the capital improvement board to continue to
       operate an existing capital improvement until completion
       of the improvements, reconstruction, or renovation of that
       capital improvement or any other capital improvement;
       and
   (B) requiring payment of lease rentals for land, for an
       existing capital improvement being used, reconstructed, or
       renovated, or for any other existing capital improvement;
(4) may contain an option to renew the lease for the same or
   shorter term on the conditions provided in the lease;
(5) must contain an option for the capital improvement board
to purchase the capital improvement upon the terms stated in
the lease:
   (A) during the term of the lease for a price equal to the
       amount required to pay all indebtedness incurred on
       account of the capital improvement, including
       indebtedness incurred for the refunding of that
       indebtedness; or
   (B) for one dollar ($1) after the term of the lease, if all
       indebtedness incurred on account of the capital
       improvement, including indebtedness incurred for the
       refunding of that indebtedness, is no longer outstanding;
(6) may be entered into before acquisition or construction of
   a capital improvement;
(7) may provide that the capital improvement board shall
    agree to:
    (A) pay all taxes and assessments thereon;
    (B) maintain insurance thereon for the benefit of the
        authority;
    (C) assume responsibility for utilities, repairs, alterations,
        and any costs of operation; and
    (D) pay a deposit or series of deposits to the authority from
        any funds legally available to the capital improvement
        board before the commencement of the lease to secure the
        performance of the capital improvement board’s
        obligations under the lease;
(8) subject to IC 36-10-8-13 and IC 36-10-9-11, may provide
that the lease rental payments by the capital improvement board shall be made from:

(A) proceeds of one (1) or more of the excise taxes as defined in IC 36-10-8 or IC 36-10-9;
(B) proceeds of the county supplemental auto rental excise tax imposed under IC 6-6-9.7;
(C) that part of the proceeds of the county food and beverage tax imposed under IC 6-9-35, which the capital improvement board or its designee receives pursuant thereto;
(D) revenue captured under IC 36-7-31;
(E) net revenues of the capital improvement;
(F) any other funds available to the capital improvement board; or
(G) any combination of the sources described in clauses (A) through (F);

(9) subject to subdivision (10), must provide that the capital improvement board is solely responsible for the operation and maintenance of the capital improvement upon completion of construction, including the negotiation and maintenance of agreements with tenants or users of the capital improvement;

(10) must provide that, during the term of the lease, the authority retains the right to approve any lease agreements and amendments to any lease agreements between the capital improvement board and any National Football League franchised professional football team that will use the capital improvement;

(11) must provide that:

(A) subject to the terms of the lease, the capital improvement board will retain all revenues from operation of the capital improvement; and
(B) the authority has no responsibility to fund the ongoing maintenance and operations of the capital improvement; and

(12) with respect to a capital improvement that is subject to the county admissions tax imposed by IC 6-9-13, must provide that upon request of the authority the capital improvement board will impose a fee:

(A) not to exceed three dollars ($3), as determined by the
authority, for each admission to a professional sporting event described in IC 6-9-13-1; and
(B) not to exceed one dollar ($1), as determined by the authority, for each admission to any other event described in IC 6-9-13-1;

and, so long as there are any current or future obligations owed by the capital improvement board to the authority or any state agency pursuant to a lease or other agreement entered into between the capital improvement board and the authority or any state agency under section 26 of this chapter, the capital improvement board or its designee shall deposit the revenues received from the fee imposed under this subdivision in a special fund, which may be used only for the payment of the obligations described in this subdivision.

(c) A capital improvement board may designate the authority as its agent to receive on behalf of the capital improvement board any of the revenues identified in subsection (b)(8).

(d) All information prepared by the capital improvement board or a political subdivision served by the capital improvement board with respect to a capital improvement proposed to be financed under this chapter, including a construction budget and timeline, must be provided to the budget director. Any information described in this subsection that was prepared before May 15, 2005, must be provided to the budget director not later than May 15, 2005.

Sec. 14. This chapter contains full and complete authority for leases between the authority and a capital improvement board. No law, procedure, proceedings, publications, notices, consents, approvals, orders, or acts by the board or the capital improvement board or any other officer, department, agency, or instrumentality of the state or any political subdivision is required to enter into any lease, except as prescribed in this chapter.

Sec. 15. If the lease provides for a capital improvement or improvements thereto to be constructed by the authority, the plans and specifications shall be submitted to and approved by all agencies designated by law to pass on plans and specifications for public buildings.

Sec. 16. The authority and a capital improvement board may enter into common wall (party wall) agreements or other
agreements concerning easements or licenses. These agreements shall be recorded with the recorder of the county in which the capital improvement is located.

Sec. 17. (a) A capital improvement board may lease for a nominal lease rental, or sell to the authority, one (1) or more capital improvements or portions thereof or land upon which a capital improvement is located or is to be constructed.

(b) Any lease of all or a portion of a capital improvement by a capital improvement board to the authority must be for a term equal to the term of the lease of that capital improvement back to the capital improvement board.

(c) A capital improvement board may sell property to the authority.

Sec. 18. (a) Subject to subsection (h), the authority may issue bonds for the purpose of obtaining money to pay the cost of:

(1) acquiring real or personal property, including existing capital improvements;
(2) constructing, improving, reconstructing, or renovating one (1) or more capital improvements; or
(3) funding or refunding bonds issued under IC 36-10-8 or IC 36-10-9 or prior law.

(b) The bonds are payable from the lease rentals from the lease of the capital improvements for which the bonds were issued, insurance proceeds, and any other funds pledged or available.

(c) The bonds shall be authorized by a resolution of the board.

(d) The terms and form of the bonds shall either be set out in the resolution or in a form of trust indenture approved by the resolution.

(e) The bonds shall mature within forty (40) years.

(f) The board shall sell the bonds at public or private sale upon the terms determined by the board.

(g) All money received from any bonds issued under this chapter shall be applied to the payment of the cost of the acquisition or construction, or both, of capital improvements, or the cost of refunding or refinancing outstanding bonds, for which the bonds are issued. The cost may include:

(1) planning and development of the facility and all buildings, facilities, structures, and improvements related to it;
(2) acquisition of a site and clearing and preparing the site for
construction;
(3) equipment, facilities, structures, and improvements that
are necessary or desirable to make the capital improvement
suitable for use and operations;
(4) architectural, engineering, consultant, and attorney’s fees;
(5) incidental expenses in connection with the issuance and
sale of bonds;
(6) reserves for principal and interest;
(7) interest during construction;
(8) financial advisory fees;
(9) insurance during construction;
(10) municipal bond insurance, debt service reserve
insurance, letters of credit, or other credit enhancement; and
(11) in the case of refunding or refinancing, payment of the
principal of, redemption premiums (if any) for, and interest
on, the bonds being refunded or refinanced.
(h) The authority may not issue bonds under this chapter unless
the authority first finds that the following conditions are met:
(1) Each contract or subcontract for the construction of a
facility and all buildings, facilities, structures, and
improvements related to that facility to be financed in whole
or in part through the issuance of the bonds:
   (A) requires payment of the common construction wage
       required by IC 5-16-7; and
   (B) requires the contractor or subcontractor to enter into
       a project labor agreement as a condition of being awarded
       and performing work on the contract.
(2) The capital improvement board and the authority have
entered into a written agreement concerning the terms of the
financing of the facility. This agreement must include the
following provisions:
   (A) Notwithstanding any other law, if the capital
       improvement board selected a construction manager and
       an architect for a facility before May 15, 2005, the
       authority will contract with that construction manager and
       architect and use plans as developed by that construction
       manager and architect. In addition, any other agreements
       entered into by the capital improvement board or a
       political subdivision served by the capital improvement
board with respect to the design and construction of the facility will be reviewed by a selection committee consisting of:

(i) two (2) of the members appointed to the board of directors of the authority under section 7(a)(1) of this chapter, as designated by the governor;
(ii) the two (2) members appointed to the board of directors of the authority under section 7(a)(2) of this chapter; and
(iii) the executive director of the authority.

The selection committee is not bound by any prior commitments of the capital improvement board or the political subdivision, other than the general project design, and will approve all contracts necessary for the design and construction of the facility.

(B) If before May 15, 2005, the capital improvement board acquired any land, plans, or other information necessary for the facility and the board had budgeted for these items, the capital improvement board will transfer the land, plans, or other information useful to the authority for a price not to exceed the lesser of:

(i) the actual cost to the capital improvement board; or
(ii) three million five hundred thousand dollars ($3,500,000).

(C) The capital improvement board agrees to take any legal action that the authority considers necessary to facilitate the financing of the facility, including entering into agreements during the design and construction of the facility or a sublease of a capital improvement to any state agency that is then leased by the authority to any state agency under section 26 of this chapter.

(D) The capital improvement board is prohibited from taking any other action with respect to the financing of the facility without the prior approval of the authority. The authority is not bound by the terms of any agreement entered into by the capital improvement board with respect to the financing of the facility without the prior approval of the authority.

(E) As the project financier, the Indiana development
finance authority (or its successor agency) and the public
finance director will be responsible for selecting all
investment bankers, bond counsel, trustees, and financial
advisors.

(F) The capital improvement board agrees to deliver to the
authority the one hundred million dollars ($100,000,000)
that is owed to the capital improvement board, the
consolidated city, or the county having a consolidated city
pursuant to an agreement between the National Football
League franchised professional football team and the
capital improvement board, the consolidated city, or the
county. This amount shall be applied to the cost of
construction for the stadium part of the facility. This
amount does not have to be delivered until a lease is
entered into for the stadium between the authority and the
capital improvement board.

(G) The authority agrees to consult with the staff of the
capital improvement board on an as needed basis during
the design and construction of the facility, and the capital
improvement board agrees to make its staff available for
this purpose.

(H) The authority, the county, the consolidated city, the
capital improvement board and the National Football
League franchised professional football team must commit
to using their best efforts to assist and cooperate with one
another to design and construct the facility on time and on
budget.

(3) The capital improvement board and the National Football
League franchised professional football team have entered
into a lease for the stadium part of the facility that has been
approved by the authority and has a term of at least thirty
(30) years.

Sec. 19. This chapter contains full and complete authority for
the issuance of bonds. No law, procedure, proceedings,
publications, notices, consents, approvals, orders, or acts by the
board or any other officer, department, agency, or instrumentality
of the state or of any political subdivision is required to issue any
bonds, except as prescribed in this chapter.

Sec. 20. Bonds issued under this chapter are legal investments
for private trust funds and the funds of banks, trust companies, insurance companies, building and loan associations, credit unions, banks of discount and deposit, savings banks, loan and trust and safe deposit companies, rural loan and savings associations, guaranty loan and savings associations, mortgage guaranty companies, small loan companies, industrial loan and investment companies, and other financial institutions organized under Indiana law.

Sec. 21. (a) The authority may secure bonds issued under this chapter by a trust indenture between the authority and a corporate trustee, which may be any trust company or national or state bank within Indiana that has trust powers.

(b) The trust indenture may:

(1) pledge or assign lease rentals, receipts, and income from leased capital improvements, but may not mortgage land or capital improvements;
(2) contain reasonable and proper provisions for protecting and enforcing the rights and remedies of the bondholders, including covenants setting forth the duties of the authority and board;
(3) set forth the rights and remedies of bondholders and trustee; and
(4) restrict the individual right of action of bondholders.

(c) Any pledge or assignment made by the authority under this section is valid and binding from the time that the pledge or assignment is made, against all persons whether or not they have notice of the lien. Any trust indenture by which a pledge is created or an assignment made need not be filed or recorded. The lien is perfected against third parties by filing the trust indenture in the records of the board.

Sec. 22. If a capital improvement board exercises its option to purchase leased property, it may issue its bonds as authorized by statute.

Sec. 23. All:

(1) property owned by the authority;
(2) revenues of the authority; and
(3) bonds issued by the authority, the interest on the bonds, the proceeds received by a holder from the sale of bonds to the extent of the holder's cost of acquisition, proceeds received
upon redemption before maturity, proceeds received at
maturity, and the receipt of interest in proceeds;
are exempt from taxation in Indiana for all purposes except the
financial institutions tax imposed under IC 6-5.5 or a state
inheritance tax imposed under IC 6-4.1.

Sec. 24. Any action to contest the validity of bonds to be issued
under this chapter may not be brought after the fifteenth day
following:

(1) the receipt of bids for the bonds, if the bonds are sold at
public sale; or
(2) the publication one (1) time in a newspaper of general
circulation published in the county of notice of the execution
and delivery of the contract for the sale of bonds;
whichever occurs first.

Sec. 25. The authority shall not issue bonds in a principal
amount exceeding five hundred million dollars ($500,000,000) to
finance any capital improvement in a county having a consolidated
first class city unless:

(1) on or before June 30, 2005, the county fiscal body:
   (A) increases the rate of the tax authorized by IC 6-6-9.7
       by the maximum amount authorized by IC 6-6-9.7-7(c);
   (B) increases the rate of the tax authorized by IC 6-9-8 by
       the maximum amount authorized by IC 6-9-8-3(d);
   (C) increases the rate of tax authorized by IC 6-9-12 by the
       maximum amount authorized by IC 6-9-12-5(b); and
   (D) increases the rate of the tax authorized by IC 6-9-13 by
       the maximum amount authorized by IC 6-9-13-2(b); and
(2) on or before October 1, 2005, the budget director makes a
determination under IC 36-7-31-14.1 to increase the amount
of money captured in a tax area established under IC 36-7-31
by up to eleven million dollars ($11,000,000) per year,
commencing July 1, 2007.

Sec. 26. (a) Notwithstanding any other law, any capital
improvement that may be leased by the authority to a capital
improvement board under this chapter may also be leased by the
authority to any state agency to accomplish the purposes of this
chapter. Any lease between the authority and a state agency under
this chapter:

(1) must set forth the terms and conditions of the use and
occupancy under the lease;
(2) must set forth the amounts agreed to be paid at stated intervals for the use and occupancy under the lease;
(3) must provide that the state agency is not obligated to continue to pay for the use and occupancy under the lease but is instead required to vacate the facility if it is shown that the terms and conditions of the use and occupancy and the amount to be paid for the use and occupancy are unjust and unreasonable considering the value of the services and facilities thereby afforded;
(4) must provide that the state agency is required to vacate the facility if funds have not been appropriated or are not available to pay any sum agreed to be paid for use and occupancy when due;
(5) may provide for such costs as maintenance, operations, taxes, and insurance to be paid by the state agency;
(6) may contain an option to renew the lease;
(7) may contain an option to purchase the facility for an amount equal to the amount required to pay the principal and interest of indebtedness of the authority incurred on account of the facility and expenses of the authority attributable to the facility;
(8) may provide for payment of sums for use and occupancy of an existing capital improvement being used by the state agency, but may not provide for payment of sums for use and occupancy of a new capital improvement until the construction of the capital improvement or portion thereof has been completed and the new capital improvement or a portion thereof is available for use and occupancy by the state agency; and
(9) may contain any other provisions agreeable to the authority and the state agency.

(b) Any state agency that leases a capital improvement from the authority under this chapter may sublease the capital improvement to a capital improvement board under the terms and conditions set forth in section 13(a) of this chapter, section 13(b)(1) through 13(b)(4) of this chapter, section 13(b)(6) through 13(b)(8) of this chapter, and section 13(c) of this chapter.

(c) Notwithstanding any other law, in anticipation of the
construction of any capital improvement and the lease of that capital improvement by the authority to a state agency, the authority may acquire an existing facility owned by the state agency and then lease the facility to the state agency. A lease made under this subsection shall describe the capital improvement to be constructed and may provide for the payment of rent by the state agency for the use of the existing facility. If such rent is to be paid pursuant to the lease, the lease shall provide that upon completion of the construction of the capital improvement, the capital improvement shall be substituted for the existing facility under the lease. The rent required to be paid by the state agency pursuant to the lease shall not constitute a debt of the state for purposes of the Constitution of the State of Indiana. A lease entered into under this subsection is subject to the same requirements for a lease entered into under subsection (a) with respect to both the existing facility and the capital improvement anticipated to be constructed.

(d) This chapter contains full and complete authority for leases between the authority and a state agency and subleases between a state agency and a capital improvement board. No laws, procedures, proceedings, publications, notices, consents, approvals, orders, or acts by the board, the governing body of any state agency or the capital improvement board or any other officer, department, agency, or instrumentality of the state or any political subdivision is required to enter into any such lease or sublease, except as prescribed in this chapter.

Sec. 27. In order to enable the authority to lease a capital improvement or existing facility to a state agency under section 26 of this chapter, the governor may convey, transfer, or sell, with or without consideration, real property (including the buildings, structures, and improvements), title to which is held in the name of the state, to the authority, without being required to advertise or solicit bids or proposals, in order to accomplish the governmental purposes of this chapter.

Sec. 28. If the authority enters into a lease with a capital improvement board under section 13 of this chapter or a state agency under section 26 of this chapter, which then enters into a sublease with a capital improvement board under section 26(b) of this chapter, and the rental payments owed by the capital improvement board to the authority under the lease or to the state
agency under the sublease are payable from the taxes described in section 25 of this chapter or from the taxes authorized under IC 6-9-35, the budget director may choose the designee of the capital improvement board, which shall receive and deposit the revenues derived from such taxes. The designee shall hold the revenues on behalf of the capital improvement board pursuant to an agreement between the authority and the capital improvement board or between a state agency and the capital improvement board. The agreement shall provide for the application of the revenues in a manner that does not adversely affect the validity of the lease or the sublease, as applicable.

SECTION 7. IC 5-28-15-3, AS ADDED BY P.L.4-2005, SECTION 34, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 3. 1. underemployment in relation to similarly situated counties; and
2. the presence of a United States government military base or other military installation that is completely or partially inactive or closed.

Maintaining low property tax rates is essential to economic development, and the use of county option income tax revenues as
provided in this chapter to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping described under subsection (c), rather than use of property taxes, promotes that purpose.

(b) In addition to the rates permitted by sections 8 and 9 of this chapter, the county council may impose the county option income tax at a rate of twenty-five hundredths percent (0.25%) on the adjusted gross income of resident county taxpayers if the county council makes the finding and determination set forth in subsection (c). Section 8(e) of this chapter applies to the application of the additional rate to nonresident taxpayers.

(c) In order to impose the county option income tax as provided in this section, the county council must adopt an ordinance finding and determining that revenues from the county option income tax are needed to pay the costs of financing, constructing, acquiring, renovating, and equipping a county jail, including the repayment of bonds issued, or leases entered into, for financing, constructing, acquiring, renovating, and equipping a county jail.

(d) If the county council makes a determination under subsection (c), the county council may adopt a tax rate under subsection (b). (e) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 18 of this chapter.

(f) County option income tax revenues derived from the tax rate imposed under this section:

(g) The department, after reviewing the recommendation of the
budget agency, shall adjust the certified distribution of a county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts an increased tax rate under this section and in each calendar year thereafter. The department shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

(b) Maintaining low property tax rates is essential to economic development, and the use of county option income tax revenues as provided in this chapter and as needed in the county to fund the operation and maintenance of a jail and juvenile detention center, rather than the use of property taxes, promotes that purpose.

(c) In addition to the rates permitted by sections 8 and 9 of this chapter, the county fiscal body may impose the county option income tax at a rate of twenty-five hundredths percent (0.25%) on the adjusted gross income of resident county taxpayers if the county fiscal body makes the finding and determination set forth in subsection (d). Section 8(e) of this chapter applies to the application of the additional rate to nonresident taxpayers.

(d) In order to impose the county option income tax as provided in this section, the county fiscal body must adopt an ordinance:

(1) finding and determining that revenues from the county option income tax are needed in the county to fund the operation and maintenance of a jail, a juvenile detention center, or both; and

(2) agreeing to freeze the part of any property tax levy imposed in the county for the operation of the jail or juvenile detention center, or both, covered by the ordinance at the rate imposed in the year preceding the year in which a full year of additional county option income tax is certified for distribution to the county under this section for the term in which an ordinance is in effect under this section.

(e) If the county fiscal body makes a determination under subsection (d), the county fiscal body may adopt a tax rate under subsection (c). Subject to the limitations in subsection (c), the
county fiscal body may amend an ordinance adopted under this section to increase, decrease, or rescind the additional tax rate imposed under this section. As soon as practicable after the adoption of an ordinance under this section, the county fiscal body shall send a certified copy of the ordinance to the county auditor, the department of local government finance, and the department of state revenue. An ordinance adopted under this section before April 1 in a year applies to the imposition of county income taxes after June 30 in that year. An ordinance adopted under this section after March 31 of a year initially applies to the imposition of county option income taxes after June 30 of the immediately following year.

(f) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 18 of this chapter.

(g) County option income tax revenues derived from the tax rate imposed under this section:

(1) may only be used for the purposes described in this section; and

(2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5.

(h) The department of local government finance shall enforce an agreement under subsection (d)(2).

(i) The department, after reviewing the recommendation of the budget agency, shall adjust the certified distribution of a county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts an increased tax rate under this section and in each calendar year thereafter. The department shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

3. the county income tax council or the county council, whichever acts first, for a county not covered by subdivision (1) or (2).

To impose the county economic development income tax, a county income tax council shall use the procedures set forth in IC 6-3.5-6 concerning the imposition of the county option income tax.

(b) Except as provided in subsections (c), (g), (k), (p), and (r) the county economic development income tax may be imposed at a rate of:

(a) The fiscal officer of each county, city, or town for a county in which the county economic development tax is imposed shall establish an economic development income tax fund. Except as provided in sections 23, 25, 26, and 27 of this chapter, the revenue received by a county, city, or town under this chapter shall be deposited in the unit's economic development income tax fund.

(b) Except as provided in sections 15, 23, 25, 26, and 27 of this chapter, revenues from the county economic development income tax may be used as follows:

1. By a county, city, or town for economic development projects, for paying, notwithstanding any other law, under a written agreement all or a part of the interest owed by a private developer
or user on a loan extended by a financial institution or other lender to the developer or user if the proceeds of the loan are or are to be used to finance an economic development project, for the retirement of bonds under section 14 of this chapter for economic development projects, for leases under section 21 of this chapter, or for leases or bonds entered into or issued prior to the date the economic development income tax was imposed if the purpose of the lease or bonds would have qualified as a purpose under this chapter at the time the lease was entered into or the bonds were issued.

(2) By a county, city, or town for:
   (A) the construction or acquisition of, or remedial action with respect to, a capital project for which the unit is empowered to issue general obligation bonds or establish a fund under any statute listed in IC 6-1.1-18.5-9.8;
   (B) the retirement of bonds issued under any provision of Indiana law for a capital project;

(3) By a city or county described in IC 36-7.5-2-3(b) for making transfers required by IC 36-7.5-4-2. If the county economic development income tax rate is increased after April 30, 2005, in a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000), the first three million five hundred thousand dollars ($3,500,000) of the tax revenue that results each year from the tax rate increase shall be used by the county only to make the county’s transfer required by
IC 36-7.5-4-2. The first three million five hundred thousand dollars ($3,500,000) of the tax revenue that results each year from the tax rate increase shall be paid by the county treasurer to the treasurer of the northwest Indiana regional development authority under IC 36-7.5-4-2 before certified distributions are made to the county or any cities or towns in the county under this chapter from the tax revenue that results each year from the tax rate increase. In a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000), all of the tax revenue that results each year from the tax rate increase that is in excess of the first three million five hundred thousand dollars ($3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for additional homestead credits under subdivision (4).

(4) This subdivision applies only in a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000). Except as otherwise provided, the procedures and definitions in IC 6-1.1-20.9 apply to this subdivision. All of the tax revenue that results each year from a tax rate increase described in subdivision (3) that is in excess of the first three million five hundred thousand dollars ($3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for additional homestead credits under this subdivision. The following apply to additional homestead credits provided under this subdivision:

(A) The additional homestead credits must be applied uniformly to increase the homestead credit under IC 6-1.1-20.9 for homesteads in the county, city, or town.
(B) The additional homestead credits shall be treated for all purposes as property tax levies. The additional homestead credits do not reduce the basis for determining the state property tax replacement credit under IC 6-1.1-21 or the state homestead credit under IC 6-1.1-20.9.
(C) The additional homestead credits shall be applied to
the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1.

(D) The department of local government finance shall determine the additional homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide additional homestead credits in that year.

(5) This subdivision applies only in a county having a population of more than four hundred thousand (400,000) but less than seven hundred thousand (700,000). Except as otherwise provided, the procedures and definitions in IC 6-1.1-20.9 apply to this subdivision. A county or a city or town in the county may use county economic development income tax revenue to provide additional homestead credits in the county, city, or town. The following apply to additional homestead credits provided under this subdivision:

(A) The county, city, or town fiscal body must adopt an ordinance authorizing the additional homestead credits. The ordinance must:
   (i) be adopted before September 1 of a year to apply to property taxes first due and payable in the following year; and
   (ii) specify the amount of county economic development income tax revenue that will be used to provide additional homestead credits in the following year.

(B) A county, city, or town fiscal body that adopts an ordinance under this subdivision must forward a copy of the ordinance to the county auditor and the department of local government finance not more than thirty (30) days after the ordinance is adopted.

(C) The additional homestead credits must be applied uniformly to increase the homestead credit under IC 6-1.1-20.9 for homesteads in the county, city, or town.

(D) The additional homestead credits shall be treated for all purposes as property tax levies. The additional homestead credits do not reduce the basis for determining
the state property tax replacement credit under IC 6-1.1-21 or the state homestead credit under IC 6-1.1-20.9.

(E) The additional homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1.

(F) The department of local government finance shall determine the additional homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide additional homestead credits in that year.

(c) As used in this section, an economic development project is any project that:

(1) the county, city, or town determines will:
   (A) promote significant opportunities for the gainful employment of its citizens;
   (B) attract a major new business enterprise to the unit; or
   (C) retain or expand a significant business enterprise within the unit; and

(2) involves an expenditure for:
   (A) the acquisition of land;

   (L) administrative expenses associated with such a project, including contract payments authorized under subsection (b)(2)(D);
(M) operating expenses authorized under subsection (b)(2)(E); or
(N) to the extent not otherwise allowed under this chapter, substance removal or remedial action in a designated unit; or any combination of these.

(d) If the Marion County city-county council does not adopt all the ordinances required to be adopted by it under IC 5-1-17-25 on or before June 30, 2005, the counties and municipalities described in section 1 of this chapter are no longer subject to the provisions of this chapter. In that event, the fiscal body of the county or municipality may not adopt an ordinance to impose the excise tax authorized by this chapter, and any ordinance adopted by the fiscal body under subsection (a) or (b) is no longer effective.

Sec. 6. If a fiscal body adopts an ordinance under section 5 of this chapter, the clerk shall immediately send a certified copy of the ordinance to the commissioner of the department of state revenue.

If such an ordinance is adopted, the tax shall be paid to the county treasurer no more than twenty (20) days after the end of the month the tax is collected, and the county treasurer is responsible for collecting the tax and enforcing any of the provisions of IC 6-2.5 with respect to the tax. However, the return to be filed for the payment of the taxes may be made on separate returns or may be combined with the return filed for the payment of the state gross retail tax, as prescribed by the department of state revenue.

Sec. 12. This amount plus fifty percent (50%) of the amounts received by the state from the taxes imposed under this chapter by counties shall be paid monthly by the treasurer of state to the treasurer of the capital improvement board or its designee.
upon warrants issued by the auditor of state. The remainder that is received by the state shall be paid monthly by the treasurer of state to the county fiscal officer upon warrants issued by the auditor of state. In any state fiscal year, if the total amount of the taxes imposed under this chapter by all the counties and paid to the treasurer of the capital improvement board or its designee under this subsection equals five million dollars ($5,000,000), the entire remainder of the taxes imposed by a county under this chapter during that state fiscal year shall be retained by the county treasurer or paid by the treasurer of state to the fiscal officer of the county, upon warrants issued by the auditor of state.

(b) If there are then existing no obligations of the capital improvement board described in subsection (a), the entire amount received from the taxes imposed by a county under this chapter shall be paid monthly by the treasurer of state to the county fiscal officer upon warrants issued by the auditor of state.

(c) The entire amount of the taxes paid to the treasurer of the capital improvement board or its designee under subsection (a) shall be deposited in a special fund and used only for the payment or to secure the payment of obligations of the capital improvement board described in subsection (a). If the taxes are not used for the payment or to secure the payment of obligations of the capital improvement board described in subsection (a), the taxes shall be returned by the capital improvement board to the treasurer of state who shall return the taxes to the respective counties that contributed the taxes.

(d) The entire amount received from the taxes imposed by a municipality under this chapter shall be paid monthly by the treasurer of state to the municipality's fiscal officer upon warrants issued by the auditor of state.

Sec. 13. (a) If a tax is imposed under section 5 of this chapter, the county's or municipality’s fiscal officer, or both, shall establish a food and beverage tax fund.

(b) The fiscal officer shall deposit in the fund all amounts received by the fiscal officer under this chapter.

(c) Any money earned from the investment of money in the fund becomes a part of the fund.

Sec. 14. Money in the food and beverage tax fund shall be used by the county or municipality:
(1) to reduce the county’s or municipality’s property tax levy for a particular year at the discretion of the county or municipality, but this use does not reduce the maximum permissible levy under IC 6-1.1-18.5 for the county or municipality; or
(2) for any legal or corporate purpose of the county or municipality, including the pledge of money to bonds, leases, or other obligations under IC 5-1-14-4.

Revenue derived from the imposition of a tax under this chapter may be treated by a county or municipality as additional revenue for the purpose of fixing its budget for the budget year during which the revenues are to be distributed to the county or municipality.

Sec. 15. (a) If there are no obligations of the capital improvement board described in section 12(a) of this chapter then outstanding and there are no bonds, leases, or other obligations then outstanding for which a pledge has been made under section 14 of this chapter, the fiscal body may adopt an ordinance, after December 31, 2009, and before December 1, 2010, or any year thereafter, that repeals the ordinance adopted under section 5 of this chapter.

(b) An ordinance adopted under subsection (a) takes effect January 1 immediately following the date of its adoption. If the fiscal body adopts such an ordinance, the clerk shall immediately send a certified copy of the ordinance to the commissioner of the department of state revenue.

(c) A tax imposed under this chapter terminates on January 1 of the year immediately following the year in which the last payment obligation of the capital improvement board is made with respect to any bond, lease, or other obligation described in section 12(a) of this chapter that existed on July 1, 2006.

Sec. 16. With respect to obligations of the capital improvement board described in section 12(a) of this chapter and bonds, leases, or other obligations for which a pledge has been made under section 14 of this chapter, the general assembly covenants with the holders of these obligations that:

(1) this chapter will not be repealed or amended in any manner that will adversely affect the imposition or collection of the tax imposed under this chapter; and
(2) this chapter will not be amended in any manner that will change the purpose for which revenues from the tax imposed under this chapter may be used; as long as the payment of any of those obligations is outstanding.

SECTION 45. IC 6-9-36 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE MAY 15, 2005]:

(2) A county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000).

Sec. 2. The definitions in IC 6-9-12-1 and IC 36-1-2 apply throughout this chapter.

Sec. 3. (a) The fiscal body of a county described in section 1 of this chapter may adopt an ordinance to impose an excise tax, known as the food and beverage tax, on those transactions described in sections 4 and 5 of this chapter that occur anywhere within the county.

(b) The following apply if the fiscal body of the county imposes a tax under this chapter:

(1) The rate of the tax equals one percent (1%) of the gross retail income on the transaction. For purposes of this chapter, the gross retail income received by the retail merchant from such a transaction does not include the amount of tax imposed on the transaction under IC 6-2.5 or this chapter.

(2) The fiscal body shall immediately send a certified copy of the ordinance to the commissioner of the department of state revenue.

(3) The tax applies to transactions that occur after the last day of the month that follows the month in which the ordinance was adopted.

(4) The fiscal body may adopt an ordinance to rescind the tax. The rescission of the tax takes effect after the last day of the month that follows the month in which the ordinance to
rescind the tax is adopted. However, the fiscal body may not rescind the tax if there are bonds outstanding or leases or other obligations for which the tax has been pledged under IC 36-7.5.

Sec. 4. Except as provided in section 6 of this chapter, a tax imposed under section 3 of this chapter applies to any transaction in which food or beverage is furnished, prepared, or served:

1. for consumption at a location, or on equipment, provided by a retail merchant;
2. in the county or political subdivision, or both, in which the tax is imposed; and
3. by a retail merchant for consideration.

Sec. 5. Transactions described in section 4(1) of this chapter include transactions in which food or beverage is:

1. served by a retail merchant off the merchant's premises;
2. food sold in a heated state or heated by a retail merchant;
3. two (2) or more food ingredients mixed or combined by a retail merchant for sale as a single item (other than food that is only cut, repackaged, or pasteurized by the seller, and eggs, fish, meat, poultry, and foods containing these raw animal foods requiring cooking by the consumer as recommended by the federal Food and Drug Administration in chapter 3, subpart 3-401.11 of its Food Code so as to prevent food borne illnesses); or
4. food sold with eating utensils provided by a retail merchant, including plates, knives, forks, spoons, glasses, cups, napkins, or straws (for purposes of this subdivision, a plate does not include a container or packaging used to transport the food).

Sec. 6. The food and beverage tax under this chapter does not apply to the furnishing, preparing, or serving of any food or beverage in a transaction that is exempt, or to the extent exempt, from the state gross retail tax imposed by IC 6-2.5.

Sec. 7. The tax imposed under this chapter shall be imposed, paid, and collected in the same manner that the state gross retail tax is imposed, paid, and collected under IC 6-2.5. However, the return to be filed for the payment of the taxes may be made on separate returns or may be combined with the return filed for the payment of the state gross retail tax, as prescribed by the
department of state revenue.

Sec. 8. (a) The entire amount received from the taxes imposed by a county under this chapter shall be paid monthly by the treasurer of state to the treasurer of the northwest Indiana regional development authority established by IC 36-7.5-2-1.

(b) The taxes paid to the treasurer of the development authority under this section shall be deposited in the development authority fund established under IC 36-7.5-4-1.

SECTION 46. IC 6-9-37 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:

Chapter 37. Hendricks County Innkeeper's Tax

Sec. 1. (a) This chapter applies to a county having a population of more than one hundred thousand (100,000) but less than one hundred five thousand (105,000) that had adopted an innkeeper's tax under IC 6-9-18 before July 1, 2005.

(b) The:
   (1) convention, visitor, and tourism promotion fund;
   (2) convention and visitor commission;
   (3) innkeeper's tax rate; and
   (4) tax collection procedures;

established under IC 6-9-18 before July 1, 2005, remain in effect and govern the county's innkeeper's tax until amended under this chapter.

(c) A member of the convention and visitor commission established under IC 6-9-18 before July 1, 2005, shall serve a full term of office. If a vacancy occurs, the appointing authority shall appoint a qualified replacement as provided in this chapter. The appointing authority shall make other subsequent appointments to the commission as provided in this chapter.

Sec. 2. As used in this chapter:
   (1) "executive" and "fiscal body" have the meanings set forth in IC 36-1-2; and
   (2) "gross retail income" and "person" have the meanings set forth in IC 6-2.5-1.

Sec. 3. (a) The fiscal body of a county may levy a tax on every person engaged in the business of renting or furnishing, for periods of less than thirty (30) days, any room or rooms, lodgings, or accommodations in any:
(1) hotel;
(2) motel;
(3) boat motel;
(4) inn;
(5) college or university memorial union;
(6) college or university residence hall or dormitory; or
(7) tourist cabin;
located in the county.

(b) The tax does not apply to gross income received in a transaction in which:

(1) a student rents lodgings in a college or university residence hall while that student participates in a course of study for which the student receives college credit from a college or university located in the county; or
(2) a person rents a room, lodging, or accommodations for a period of thirty (30) days or more.

c) The tax may not exceed the rate of eight percent (8%) on the gross retail income derived from lodging income only and is in addition to the state gross retail tax imposed under IC 6-2.5.

d) The county fiscal body may adopt an ordinance to require that the tax be reported on forms approved by the county treasurer and that the tax shall be paid monthly to the county treasurer. If such an ordinance is adopted, the tax shall be paid to the county treasurer not more than twenty (20) days after the end of the month the tax is collected. If such an ordinance is not adopted, the tax shall be imposed, paid, and collected in exactly the same manner as the state gross retail tax is imposed, paid, and collected under IC 6-2.5.

e) All of the provisions of IC 6-2.5 relating to rights, duties, liabilities, procedures, penalties, definitions, exemptions, and administration are applicable to the imposition and administration of the tax imposed under this section except to the extent those provisions are in conflict or inconsistent with the specific provisions of this chapter or the requirements of the county treasurer. If the tax is paid to the department of state revenue, the return to be filed for the payment of the tax under this section may be either a separate return or may be combined with the return filed for the payment of the state gross retail tax as the department of state revenue may, by rule, determine.
(f) If the tax is paid to the department of state revenue, the amounts received from the tax imposed under this section shall be paid monthly by the treasurer of state to the county treasurer upon warrants issued by the auditor of state.

Sec. 4. (a) The county treasurer shall establish a convention, visitor, and tourism promotion fund. The treasurer shall deposit in this fund all amounts the treasurer receives under this chapter.

(b) The county auditor shall issue a warrant directing the county treasurer to transfer money from the convention, visitor, and tourism promotion fund to the treasurer of the commission established under section 5 of this chapter if the commission submits a written request for the transfer.

(c) Subject to subsection (e), money in a convention, visitor, and tourism promotion fund, or money transferred from such a fund under subsection (b), may be expended:

(1) to promote and encourage conventions, visitors, and tourism within the county; and

(2) for the development of a county park, a county fairground, or a county promotion.

Expenditures under subdivision (1) may include, but are not limited to, expenditures for advertising, promotional activities, trade shows, special events, and recreation.

(d) If before July 1, 1997, the county issued a bond with a pledge of revenues from the tax imposed under IC 6-9-18-3, the county shall continue to expend money from the fund for that purpose until the bond is paid.

(e) Tax revenues attributable to a tax rate that exceeds five percent (5%) must be divided equally between the expenditures authorized under subsection (c)(1) and (c)(2).

Sec. 5. (a) The county executive shall create a commission to promote the development and growth of the convention, visitor, and tourism industry in the county. If two (2) or more adjoining counties desire to establish a joint commission, the counties shall enter into an agreement under IC 36-1-7.

(b) The county executive shall determine the number of members, which must be an odd number, to be appointed to the commission. A simple majority of the members must be:

(1) engaged in a convention, visitor, or tourism business; or

(2) involved in or promoting conventions, visitors, or tourism.
If available and willing to serve, at least two (2) of the members must be engaged in the business of renting or furnishing rooms, lodging, or accommodations (as described in section 3 of this chapter). Not more than one (1) member may be affiliated with the same business entity. Not more than a simple majority of the members may be affiliated with the same political party. Each member must reside in the county. The county executive shall also determine who will make the appointments to the commission, except that the executive of the largest municipality in the county shall appoint a number of the members of the commission, which number shall be in the same ratio to the total size of the commission (rounded off to the nearest whole number) that the population of the largest municipality bears to the total population of the county.

(c) If a municipality other than the largest municipality in the county collects fifty percent (50%) or more of the tax revenue collected under this chapter during the three (3) month period following imposition of the tax, the executive of the municipality shall appoint the same number of members to the commission that the executive of the largest municipality in the county appoints under subsection (b).

(d) Except as provided in subsection (c), all terms of office of commission members begin on January 1. Initial appointments must be for staggered terms, with subsequent appointments for two (2) year terms. A member whose term expires may be reappointed to serve another term. If a vacancy occurs, the appointing authority shall appoint a qualified person to serve for the remainder of the term. If an initial appointment is not made by February 1 or a vacancy is not filled within thirty (30) days, the commission shall appoint a member by majority vote.

(e) A member of the commission may be removed for cause by the member's appointing authority.

(f) Members of the commission may not receive a salary. However, commission members are entitled to reimbursement for necessary expenses incurred in the performance of their respective duties.

(g) Each commission member, before entering the member's duties, shall take an oath of office in the usual form, to be endorsed upon the member's certificate of appointment and promptly filed
with the clerk of the circuit court of the county.

(h) The commission shall meet after January 1 each year for the purpose of organization. It shall elect one (1) of its members president, another vice president, another secretary, and another treasurer. The members elected to those offices shall perform the duties pertaining to the offices. The first officers chosen shall serve from the date of their election until their successors are elected and qualified. A majority of the commission constitutes a quorum, and the concurrence of a majority of the commission is necessary to authorize any action.

Sec. 6. (a) The commission may:

1. accept and use gifts, grants, and contributions from any public or private source, under terms and conditions that the commission considers necessary and desirable;
2. sue and be sued;
3. enter into contracts and agreements;
4. make rules necessary for the conduct of its business and the accomplishment of its purposes;
5. receive and approve, alter, or reject requests and proposals for funding by corporations qualified under subdivision (6);
6. after its approval of a proposal, transfer money, quarterly or less frequently, from the fund established under section 4(a) of this chapter, or from money transferred from that fund to the commission's treasurer under section 4(b) of this chapter, to any Indiana nonprofit corporation to promote and encourage conventions, visitors, or tourism in the county; and
7. require financial or other reports from any corporation that receives funds under this chapter.

(b) All expenses of the commission shall be paid from the fund established under section 4(a) of this chapter or from money transferred from that fund to the commission's treasurer under section 4(b) of this chapter. The commission shall annually prepare a budget, taking into consideration the recommendations made by a corporation qualified under subdivision (a)(6), and submit it to the county fiscal body for its review and approval. An expenditure may not be made under this chapter unless it is in accordance with an appropriation made by the county fiscal body in the manner provided by law.
Sec. 7. All money coming into possession of the commission shall be deposited, held, secured, invested, and paid in accordance with statutes relating to the handling of public funds. The handling and expenditure of money coming into possession of the commission is subject to audit and supervision by the state board of accounts.

Sec. 8. (a) A member of the commission who knowingly:
   (1) approves the transfer of money to any person or corporation not qualified under law for that transfer; or
   (2) approves a transfer for a purpose not permitted under law;
commits a Class D felony.

   (b) A person who receives a transfer of money under this chapter and knowingly uses that money for any purpose not permitted under this chapter commits a Class D felony.

The fiscal body of a unit other than a county may not adopt an ordinance under this chapter until after July 31, 2006, unless the fiscal body of the county adopts a resolution to relinquish its exclusive authority to adopt an ordinance under this chapter before August 1, 2006. filed for the payment of the state gross retail tax as prescribed by
the department.

under this chapter shall be paid monthly by the treasurer of state
on warrants issued by the auditor of state to the county auditor of
the county in which the unit that imposed the tax is located.

Sec. 24. (a) The food and beverage tax revenue committee is
established to make recommendations concerning the use of money
in the funds established under section 20 of this chapter. The
committee consists of the following members:

(1) One (1) resident of the county representing each of the
three (3) commissioner districts, appointed by the county
executive. Not more than two (2) of the members appointed under this subdivision may be from the same political party. 

(2) Two (2) residents of the county, appointed by the county fiscal body. The two (2) appointees may not be from the same political party.

(3) Two (2) residents of the largest city in the county, appointed by the city executive. The two (2) appointees under this subdivision may not be from the same political party. One (1) appointee must be interested in economic development.

(e) The food and beverage tax revenue committee is abolished on the date that the county fiscal body adopts a resolution abolishing the food and beverage tax revenue committee. A county fiscal body may adopt a resolution under this subsection if the
county fiscal body determines that each unit in the county that had imposed a tax under this chapter has adopted an ordinance to rescind the tax.

Sec. 25. The general assembly covenants with each unit subject to this chapter and the purchasers and owners of bonds, leases, obligations, or any other evidences of indebtedness of the county payable from a tax imposed under this chapter that this chapter will not be repealed or amended in any manner that will adversely affect the imposition or collection of a tax imposed under this chapter so long as the principal, interest, or lease rentals due under those bonds, leases, obligations, or other evidences of indebtedness of a unit that are payable from a tax imposed under this chapter remain unpaid.

Sec. 26. If a unit incurs indebtedness payable from a tax imposed by the unit under this chapter, the unit's food and beverage tax terminates two (2) years after the retirement of the debt financed by the food and beverage tax.

SECTION 2. IC 6-1.1-12.1-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) A designating body may find that a particular area within its jurisdiction is an economic revitalization area. However, the deduction provided by this chapter for economic revitalization areas not within a city or town shall
(b) In a county containing a consolidated city or within a city or town, a designating body may find that a particular area within its jurisdiction is a residentially distressed area. Designation of an area as a residentially distressed area has the same effect as designating an area as an economic revitalization area, except that the amount of the deduction shall be calculated as specified in section 4.1 of this chapter and the deduction is allowed for not more than five (5) years. In order to declare a particular area a residentially distressed area, the designating body must follow the same procedure that is required to designate an area as an economic revitalization area and must make all the following additional findings or all the additional findings described in subsection (c):

1. The area is comprised of parcels that are either unimproved or contain only one (1) or two (2) family dwellings or multifamily dwellings designed for up to four (4) families, including accessory buildings for those dwellings.

2. Any dwellings in the area are not permanently occupied and are:
   - the subject of an order issued under IC 36-7-9; or
   - evidencing significant building deficiencies.

3. Parcels of property in the area:
   - have been sold and not redeemed under IC 6-1.1-24 and IC 6-1.1-25; or
   - are owned by a unit of local government.

However, in a city in a county having a population of more than two hundred thousand (200,000) but less than three hundred thousand (300,000), the designating body is only required to make one (1) of the additional findings described in this subsection or one (1) of the additional findings described in subsection (c).

(c) In a county containing a consolidated city or within a city or town, a designating body that wishes to designate a particular area a residentially distressed area may make the following additional findings as an alternative to the additional findings described in subsection (b):

1. A significant number of dwelling units within the area are not permanently occupied or a significant number of parcels in the area are vacant land.

2. A significant number of dwelling units within the area are:
   - the subject of an order issued under IC 36-7-9; or
(B) evidencing significant building deficiencies.
(3) The area has experienced a net loss in the number of dwelling units, as documented by census information, local building and demolition permits, or certificates of occupancy, or the area is owned by Indiana or the United States.
(4) The area (plus any areas previously designated under this subsection) will not exceed ten percent (10%) of the total area within the designating body's jurisdiction.

However, in a city in a county having a population of more than two hundred thousand (200,000) but less than three hundred thousand (300,000), the designating body is only required to make one (1) of the additional findings described in this subsection as an alternative to one (1) of the additional findings described in subsection (b).

(d) A designating body is required to attach the following conditions to the grant of a residentially distressed area designation:
(1) The deduction will not be allowed unless the dwelling is rehabilitated to meet local code standards for habitability.
(2) If a designation application is filed, the designating body may require that the redevelopment or rehabilitation be completed within a reasonable period of time.

(e) To make a designation described in subsection (a) or (b), the designating body shall use procedures prescribed in section 2.5 of this chapter.

(f) The property tax deductions provided by sections 3 and 4.5 of this chapter are only available within an area which the designating body finds to be an economic revitalization area.

(g) The designating body may adopt a resolution establishing general standards to be used, along with the requirements set forth in the definition of economic revitalization area, by the designating body in finding an area to be an economic revitalization area. The standards must have a reasonable relationship to the development objectives of the area in which the designating body has jurisdiction. The following three (3) sets of standards may be established:
(1) One (1) relative to the deduction under section 3 of this chapter for economic revitalization areas that are not residentially distressed areas.
(2) One (1) relative to the deduction under section 3 of this chapter for residentially distressed areas.
(3) One (1) relative to the deduction allowed under section 4.5 of this chapter.
(h) A designating body may impose a fee for filing a designation application for a person requesting the designation of a particular area as an economic revitalization area. The fee may be sufficient to defray actual processing and administrative costs. However, the fee charged for filing a designation application for a parcel that contains one (1) or more owner-occupied, single-family dwellings may not exceed the cost of publishing the required notice.

(i) In declaring an area an economic revitalization area, the designating body may:

(1) limit the time period to a certain number of calendar years during which the economic revitalization area shall be so designated;

(2) limit the type of deductions that will be allowed within the economic revitalization area to either the deduction allowed under section 3 of this chapter or the deduction allowed under section 4.5 of this chapter;

(3) limit the dollar amount of the deduction that will be allowed with respect to new manufacturing equipment, new research and development equipment, new logistical distribution equipment, and new information technology equipment if a deduction under this chapter had not been filed before July 1, 1987, for that equipment;

(4) limit the dollar amount of the deduction that will be allowed with respect to redevelopment and rehabilitation occurring in areas that are designated as economic revitalization areas on or after September 1, 1988; or

(5) impose reasonable conditions related to the purpose of this chapter or to the general standards adopted under subsection (g) for allowing the deduction for the redevelopment or rehabilitation of the property or the installation of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

To exercise one (1) or more of these powers, a designating body must include this fact in the resolution passed under section 2.5 of this chapter.

(j) Notwithstanding any other provision of this chapter, if a designating body limits the time period during which an area is an economic revitalization area, that limitation does not:

(1) prevent a taxpayer from obtaining a deduction for new
manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment installed on or before January 1, 2006, the approval deadline determined under section 9 of this chapter, but after the expiration of the economic revitalization area if:

(A) the economic revitalization area designation expires after December 30, 1995; and

(B) the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment was described in a statement of benefits submitted to and approved by the designating body in accordance with section 4.5 of this chapter before the expiration of the economic revitalization area designation; or

(2) limit the length of time a taxpayer is entitled to receive a deduction to a number of years that is less than the number of years designated under section 4 or 4.5 of this chapter.

(k) Notwithstanding any other provision of this chapter, deductions:

(1) that are authorized under section 3 of this chapter for property in an area designated as an urban development area before March 1, 1983, and that are based on an increase in assessed valuation resulting from redevelopment or rehabilitation that occurs before March 1, 1983; or

(2) that are authorized under section 4.5 of this chapter for new manufacturing equipment installed in an area designated as an urban development area before March 1, 1983; apply according to the provisions of this chapter as they existed at the time that an application for the deduction was first made. No deduction that is based on the location of property or new manufacturing equipment in an urban development area is authorized under this chapter after February 28, 1983, unless the initial increase in assessed value resulting from the redevelopment or rehabilitation of the property or the installation of the new manufacturing equipment occurred before March 1, 1983.

(l) If property located in an economic revitalization area is also located in an allocation area (as defined in IC 36-7-14-39 or IC 36-7-15.1-26), an application for the property tax deduction provided by this chapter may not be approved unless the commission that designated the allocation area adopts a resolution approving the
SECTION 3. IC 6-1.1-12.1-5.6 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5.6. (a) This subsection applies to a property owner whose statement of benefits was approved under section 4.5 of this chapter before July 1, 1991. In addition to the requirements of section 5.5(b) of this chapter, a deduction application filed under section 5.5 of this chapter must contain information showing the extent to which there has been compliance with the statement of benefits approved under section 4.5 of this chapter. Failure to comply with a statement of benefits approved before July 1, 1991, may not be a basis for rejecting a deduction application.

(b) This subsection applies to a property owner whose statement of benefits was approved under section 4.5 of this chapter after June 30, 1991. In addition to the requirements of section 5.5(b) of this chapter, a property owner who files a deduction application under section 5.5 of this chapter must provide the county auditor and the designating body with information showing the extent to which there has been compliance with the statement of benefits approved under section 4.5 of this chapter.

(c) Notwithstanding IC 5-14-3 and IC 6-1.1-35-9, the following information is a public record if filed under this section:

1. The name and address of the taxpayer.
2. The location and description of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment for which the deduction was granted.
3. Any information concerning the number of employees at the facility where the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment is located, including estimated totals that were provided as part of the statement of benefits.
4. Any information concerning the total of the salaries paid to those employees, including estimated totals that were provided as part of the statement of benefits.
5. Any information concerning the amount of solid waste or hazardous waste converted into energy or other useful products by the new manufacturing equipment.
6. Any information concerning the assessed value of the new application.
manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment including estimates that were provided as part of the statement of benefits.

(d) The following information is confidential if filed under this section:

(1) Any information concerning the specific salaries paid to individual employees by the owner of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

(2) Any information concerning the cost of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

SECTION 4. IC 6-1.1-12.1-9 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 9. Notwithstanding any other provision of this chapter, a designating body may not approve a statement of benefits for a deduction under section 3 or 4.5 of this chapter after December 31, 2005, the approval deadline, which is determined in the following manner:

(1) The initial approval deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial approval deadline and subsequent approval deadlines are automatically extended in increments of five (5) years, so that approval deadlines subsequent to the initial approval deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an approval deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of approval deadlines under subdivision (2); and

(B) specifically designates a particular date as the final approval deadline.

SECTION 5. IC 6-1.1-39-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) If the fiscal body of a unit finds that:

(1) in order to promote opportunities for the gainful employment of its citizens, the attraction of a new business enterprise to the unit, the retention or expansion of a business enterprise existing within the boundaries of the unit, or the preservation or
enhancement of the tax base of the unit, an area under the fiscal body's jurisdiction should be declared an economic development district;

(2) the public health and welfare of the unit will be benefited by designating the area as an economic development district; and

(3) there has been proposed a qualified industrial development project to be located in the economic development district, with the proposal supported by:

(A) financial and economic data; and

(B) preliminary commitments by business enterprises, associations, state or federal governmental units, or similar entities that evidence a reasonable likelihood that the proposed qualified industrial development project will be initiated and accomplished;

the fiscal body may on or before January 1, 2006, the adoption deadline determined under subsection (c), adopt an ordinance declaring the area to be an economic development district and declaring that the public health and welfare of the unit will be benefited by the designation.

(b) For the purpose of adopting an ordinance under subsection (a), it is sufficient to describe the boundaries of the area by its location in relation to public ways or streams or otherwise as determined by the fiscal body.

(c) The adoption deadline referred to in subsection (a) is determined in the following manner:

(1) The initial adoption deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial adoption deadline and subsequent adoption deadlines are automatically extended in increments of five (5) years, so that adoption deadlines subsequent to the initial adoption deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an adoption deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of adoption deadlines under subdivision (2); and

(B) specifically designates a particular date as the final adoption deadline.
"Allocation area" means that part of a redevelopment project area to which an allocation provision of a declaratory resolution adopted under section 15 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:
   (A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
   (B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:
   (A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
   (B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:
   (A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area expires after June 30, 1997; and
   (B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;
the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision adopted after June 30, 1997, as adjusted under subsection (h).
(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 39.3 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A declaratory resolution adopted under section 15 of this chapter on or before January 1, 2006, the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution on or before January 1, 2006, the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the
specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:
   (A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
   (B) the base assessed value;
shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into an allocation fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:
   (A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds which are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.
   (B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.
   (C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 27 of this chapter.
   (D) Pay the principal of and interest on bonds issued by the unit to pay for local public improvements in or serving that allocation area.
   (E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.
   (F) Make payments on leases payable from allocated tax
proceeds in that allocation area under section 25.2 of this chapter.

(G) Reimburse the unit for expenditures made by it for local public improvements (which include buildings, parking facilities, and other items described in section 25.1(a) of this chapter) in or serving that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in or serving that allocation area under any lease entered into under IC 36-1-10.

(I) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the redevelopment commission. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:
   (i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by
   (ii) the STEP ONE sum.

STEP THREE: Multiply:
   (i) the STEP TWO quotient; times
   (ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 39.5 of this chapter in the same year.

(J) Pay expenses incurred by the redevelopment commission for local public improvements that are in the allocation area or serving the allocation area. Public improvements include buildings, parking facilities, and other items described in
section 25.1(a) of this chapter.

(K) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the commission.

(3) Except as provided in subsection (g), before July 15 of each year the commission shall do the following:

(A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocation area will exceed the amount of assessed value needed to produce the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1). The commission may not authorize an allocation of assessed value to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2) or lessors under section 25.3 of this chapter.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with
respect to which the allocation and distribution is made; or
(2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the redevelopment commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or
(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata portion of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund
(based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. Those programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 7. IC 36-7-15.1-26, AS AMENDED BY HEA
"Allocation area" means that part of a redevelopment project area to which an allocation provision of a resolution adopted under section 8 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:
   (A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
   (B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:
   (A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
   (B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:
   (A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area expires after June 30, 1997; and
   (B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;
the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of
(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 26.2 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A resolution adopted under section 8 of this chapter on or before January 1, 2006, the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution on or before January 1, 2006, the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is
established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:
   (A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made;
   or
   (B) the base assessed value;
shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 19 of this chapter.

(D) Pay the principal of and interest on bonds issued by the consolidated city to pay for local public improvements in that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.
(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 17.1 of this chapter.

(G) Reimburse the consolidated city for expenditures for local public improvements (which include buildings, parking facilities, and other items set forth in section 17 of this chapter) in that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.

(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:
   (i) in the allocation area; and
   (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

   However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

   The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the following:

   (A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocated area will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).

   (B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1).

   The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the
interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from
property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

(1) To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

(2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in the enterprise zone. These loans and grants may be made to the following:

(A) Businesses operating in the enterprise zone.

(B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline
and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 8. IC 36-7-15.1-53, AS AMENDED BY HEA 1590-2005, SECTION 46, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:

Sec. 53. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a resolution adopted under section 40 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means:

(1) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(2) to the extent that it is not included in subdivision (1), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Except as provided in section 55 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A resolution adopted under section 40 of this chapter on or before January 1, 2006, the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution on or before January 1, 2006, the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that
establishes an allocation provision must be approved by resolution of the legislative body of the excluded city and must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

1. Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:
   (A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made;
   or
   (B) the base assessed value;
shall be allocated to and, when collected, paid into the funds of the respective taxing units.

2. Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:
   (A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.
   (B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.
   (C) Pay the principal of and interest on bonds issued by the excluded city to pay for local public improvements in that
allocation area.  
(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.  
(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 46 of this chapter.  
(G) Reimburse the excluded city for expenditures for local public improvements (which include buildings, park facilities, and other items set forth in section 45 of this chapter) in that allocation area.  
(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.  
(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:  
   (i) in the allocation area; and  
   (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.  
However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.  
The special fund may not be used for operating expenses of the commission.  
(3) Before July 15 of each year, the commission shall do the following:  
   (A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).  
   (B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be
allocated to the respective taxing units in the manner prescribed in subdivision (1).
The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located, is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from
allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

(1) To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

(2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in an enterprise zone. These loans and grants may be made to the following:

   (A) Businesses operating in the enterprise zone.
   (B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers, for purposes of payments from the special zone fund, only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.
(i) The allocation deadline referred to in subsection (b) is determined in the following manner:
   (1) The initial allocation deadline is December 31, 2011.
   (2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.
   (3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:
      (A) terminates the automatic extension of allocation deadlines under subdivision (2); and
      (B) specifically designates a particular date as the final allocation deadline.

If the attorney general does not move to intervene earlier than fifteen (15) days after receipt of the notice of intent to intervene, the inspector general may move to intervene. If the attorney general or the inspector general intervenes under this subsection, the attorney general or the inspector general is responsible for prosecuting the action as if the attorney general or the inspector general had intervened in accordance with section 4 of this chapter.

(g) If the attorney general or inspector general shows that a specific discovery action by the person who initially filed the complaint will interfere with the investigation or prosecution of a civil or criminal matter arising out of the same facts, the court may, following a hearing in camera, stay discovery for not more than sixty (60) days. After the court has granted a sixty (60) day stay, the court may extend the stay, following a hearing in camera, if it determines that the state has pursued the civil or criminal investigation with reasonable diligence and that a specific discovery action by the person who initially filed the complaint will interfere with the state's investigation or prosecution of the civil or criminal matter.

(h) A court may dismiss an action brought under this chapter to permit the attorney general or the inspector general to pursue its claim through an alternative proceeding, including an administrative proceeding or a proceeding brought in another jurisdiction. The person who initially filed the complaint has the same rights in the alternative proceedings as the person would have had in the original proceedings. A finding of fact or conclusion of law made in the alternative proceeding is binding on all parties to an action under this section once the determination made in the alternative proceeding is final under the rules, regulations, statutes, or law governing the alternative proceeding, or if the time for seeking an appeal or review of the determination made in the alternative proceeding has elapsed.

Sec. 6. (a) The person who initially filed the complaint is entitled to the following amounts if the state prevails in the action:

(1) Except as provided in subdivision (2), if the attorney general or the inspector general intervened in the action, the
person is entitled to receive at least fifteen percent (15%) and not more than twenty-five percent (25%) of the proceeds of the action or settlement, plus reasonable attorney's fees and an amount to cover the expenses and costs of bringing the action.

(2) If the attorney general or the inspector general intervened in the action and the court finds that the evidence used to prosecute the action consisted primarily of specific information contained in:
   (A) a transcript of a criminal, a civil, or an administrative hearing;
   (B) a legislative, an administrative, or another public report, hearing, audit, or investigation; or
   (C) a news media report;
the person is entitled to receive not more than ten percent (10%) of the proceeds of the action or settlement, plus reasonable attorney's fees and an amount to cover the expenses and costs of bringing the action.

(3) If the attorney general or the inspector general did not intervene in the action, the person is entitled to receive at least twenty-five percent (25%) and not more than thirty percent (30%) of the proceeds of the action or settlement, plus reasonable attorney's fees and an amount to cover the expenses and costs of bringing the action.

(4) If the person who initially filed the complaint:
   (A) planned and initiated the violation of section 2 of this chapter; or
   (B) has been convicted of a crime related to the person's violation of section 2 of this chapter;
the person is not entitled to an amount under this section.

After conducting a hearing at which the attorney general or the inspector general and the person who initially filed the complaint may be heard, the court shall determine the specific amount to be awarded under this section to the person who initially filed the complaint. The award of reasonable attorney's fees plus an amount to cover the expenses and costs of bringing the action is an additional cost assessed against the defendant and may not be paid from the proceeds of the civil action.

(b) If:
   (1) the attorney general or the inspector general did not intervene in the action; and
(2) the defendant prevails; the court may award the defendant reasonable attorney's fees plus an amount to cover the expenses and costs of defending the action, if the court finds that the action is frivolous.

(c) The state is not liable for the expenses, costs, or attorney's fees of a party to an action brought under this chapter.

Sec. 7. (a) This section does not apply to an action brought by:

(1) the attorney general;

(2) the inspector general;

(3) a prosecuting attorney; or

(4) a state employee in the employee's official capacity.

(b) A court does not have jurisdiction over an action brought under section 4 of this chapter that is based on information discovered by a present or former state employee in the course of the employee's employment, unless:

(1) the employee, acting in good faith, has exhausted existing internal procedures for reporting and recovering the amount owed the state; and

(2) the state has failed to act on the information reported by the employee within a reasonable amount of time.

(c) A court does not have jurisdiction over an action brought under section 4 of this chapter if the action is brought by an incarcerated offender, including an offender incarcerated in another jurisdiction.

(d) A court does not have jurisdiction over an action brought under section 4 of this chapter against the state, a state officer, a judge (as defined in IC 33-23-11-7), a justice, a member of the general assembly, a state employee, or an employee of a political subdivision, if the action is based in information known to the state at the time the action was brought.

(e) A court does not have jurisdiction over an action brought under section 4 of this chapter if the action is based upon an act that is the subject of a civil suit, a criminal prosecution, or an administrative proceeding in which the state is a party.

(f) A court does not have jurisdiction over an action brought under section 4 of this chapter if the action is based upon information contained in:

(1) a transcript of a criminal, a civil, or an administrative hearing;

(2) a legislative, an administrative, or another public report, hearing, audit, or investigation; or
(3) a news media report;
unless the person bringing the action has direct and independent knowledge of the information that is the basis of the action, and the person bringing the action has voluntarily provided this information to the state.

Sec. 8. (a) An employee who has been discharged, demoted, suspended, threatened, harassed, or otherwise discriminated against in the terms and conditions of employment by the employee's employer because the employee:

(1) objected to an act or omission described in section 2 of this chapter; or
(2) initiated, testified, assisted, or participated in an investigation, an action, or a hearing under this chapter;
is entitled to all relief necessary to make the employee whole.

(b) Relief under this section may include:

(1) reinstatement with the same seniority status the employee would have had but for the act described in subsection (a);
(2) two (2) times the amount of back pay owed the employee;
(3) interest on the back pay owed the employee; and
(4) compensation for any special damages sustained as a result of the act described in subsection (a), including costs and expenses of litigation and reasonable attorney's fees.

(c) An employee may bring an action for the relief provided in this section in any court with jurisdiction.

Sec. 9. (a) A subpoena requiring the attendance of a witness at a trial or hearing conducted under this chapter may be served at any place in the state.

(b) A civil action under section 4 of this chapter is barred unless it is commenced:

(1) not later than six (6) years after the date on which the violation is committed; or
(2) not later than three (3) years after the date when facts material to the cause of action are discovered or reasonably should have been discovered by a state officer or employee who is responsible for addressing the false claim. However, an action is barred unless it is commenced not later than ten (10) years after the date on which the violation is committed.

(c) In a civil action brought under this chapter, the state is required to establish:

(1) the essential elements of the offense; and
(2) damages;
by a preponderance of the evidence.

(d) If a defendant has been convicted (including a plea of guilty or nolo contendere) of a crime involving fraud or a false statement, the defendant is estopped from denying the elements of the offense in a civil action brought under section 4 of this chapter that involves the same transaction as the criminal prosecution.

Sec. 10. (a) If the attorney general or the inspector general has reason to believe that a person may be in possession, custody, or control of documentary material or information relevant to an investigation involving a false claim, the attorney general or the inspector general may, before commencing a civil proceeding under this chapter, issue and serve a civil investigative demand requiring the person to do one (1) or more of the following:

(1) Produce the documentary material for inspection and copying.
(2) Answer an interrogatory in writing concerning the documentary material or information.
(3) Give oral testimony concerning the documentary material or information.

(b) If a civil investigative demand is a specific demand for a product of discovery, the official issuing the civil investigative demand shall:

(1) serve a copy of the civil investigative demand on the person from whom the discovery was obtained; and
(2) notify the person to whom the civil investigative demand is issued of the date of service.

Sec. 11. (a) A civil investigative demand issued under this chapter must describe the conduct constituting a violation involving a false claim that is under investigation and the statute or rule that has been violated.

(b) If a civil investigative demand is for the production of documentary material, the civil investigative demand must:

(1) describe each class of documentary material to be produced with sufficient specificity to permit the material to be fairly identified;
(2) prescribe a return date for each class of documentary material that provides a reasonable period of time to assemble and make the material available for inspection and copying; and
(3) identify the official to whom the material must be made available.
(c) If a civil investigative demand is for answers to written interrogatories, the civil investigative demand must:

1. set forth with specificity the written interrogatories to be answered;
2. prescribe the date by which answers to the written interrogatories must be submitted; and
3. identify the official to whom the answers must be submitted.

(d) If a civil investigative demand requires oral testimony, the civil investigative demand must:

1. prescribe a date, time, and place at which oral testimony will be given;
2. identify the official who will conduct the examination and the custodian to whom the transcript of the examination will be submitted;
3. specifically state that attendance and testimony are necessary to the conduct of the investigation;
4. notify the person receiving the demand that the person has the right to be accompanied by an attorney and any other representative; and
5. describe the general purpose for which the demand is being issued and the general nature of the testimony, including the primary areas of inquiry.

(e) A civil investigative demand that is a specific demand for a product of discovery may not be returned until at least twenty-one (21) days after a copy of the civil investigative demand has been served on the person from whom the discovery was obtained.

(f) The date prescribed for the giving of oral testimony under a civil investigative demand issued under this chapter must be a date that is not less than seven (7) days after the date on which the demand is received, unless the official issuing the demand determines that exceptional circumstances are present that require an earlier date.

(g) The official who issues a civil investigative demand may not issue more than one (1) civil investigative demand for oral testimony by the same person, unless:

1. the person requests otherwise; or
2. the official who issues a civil investigative demand, after conducting an investigation, notifies the person in writing that an additional civil investigative demand for oral testimony is necessary.
Sec. 12. (a) A civil investigative demand issued under this chapter may not require the production of any documentary material, the submission of any answers to written interrogatories, or the giving of any oral testimony if the material, answers, or testimony would be protected from disclosure under the standards applicable:

1. to a subpoena or subpoena duces tecum issued by a court to aid in a grand jury investigation; or
2. to a discovery request under the rules of trial procedure; to the extent that the application of these standards to a civil investigative demand is consistent with the purposes of this chapter.

(b) A civil investigative demand that is a specific demand for a product of discovery supersedes any contrary order, rule, or statutory provision, other than this section, that prevents or restricts disclosure of the product of discovery. Disclosure of a product of discovery under a specific demand does not constitute a waiver of a right or privilege that the person making the disclosure may be otherwise entitled to invoke to object to discovery of trial preparation materials.

Sec. 13. (a) A civil investigative demand issued under this chapter may be served by an investigator or by any other person authorized to serve process.

(b) A civil investigative demand shall be served in accordance with the rules of trial procedure. A court having jurisdiction over a person not located in the state has the same authority to enforce compliance with this chapter as the court has over a person located in the state.

Sec. 14. (a) The production of documentary material in response to a civil investigative demand served under this chapter shall be made in accordance with Trial Rule 34.

(b) Each interrogatory in a civil investigative demand served under this chapter shall be answered in accordance with Trial Rule 33.

(c) The examination of a person under a civil investigative demand for oral testimony served under this chapter shall be conducted in accordance with Trial Rule 30.

Sec. 15. (a) The official who issued the civil investigative demand is the custodian of the documentary material, answers to interrogatories, and transcripts of oral testimony received under this chapter.
(b) An investigator who receives documentary material, answers to interrogatories, or transcripts of oral testimony under this section shall transmit them to the official who issued the civil investigative demand. The official shall take physical possession of the material, answers, or transcripts and is responsible for the use made of them and for the return of documentary material.

(c) The official who issued the civil investigative demand may make copies of documentary material, answers to interrogatories, or transcripts of oral testimony as required for official use by the attorney general, the inspector general, or the state police. The material, answers, or transcripts may be used in connection with the taking of oral testimony under this chapter.

(d) Except as provided in subsection (e), documentary material, answers to interrogatories, or transcripts of oral testimony, while in the possession of the official who issued the civil investigative demand, may not be made available for examination to any person other than:

1. the attorney general or designated personnel of the attorney general's office;
2. the inspector general or designated personnel of the inspector general's office; or
3. an officer of the state police who has been authorized by the official who issued the civil investigative demand.

(e) The restricted availability of documentary material, answers to interrogatories, or transcripts of oral testimony does not apply:

1. if the person who provided:
   A. the documentary material, answers to interrogatories, or oral testimony; or
   B. a product of discovery that includes documentary material, answers to interrogatories, or oral testimony; consents to disclosure;
2. to the general assembly or a committee or subcommittee of the general assembly; or
3. to a state agency that requires the information to carry out its statutory responsibility.

Documentary material, answers to interrogatories, or transcripts of oral testimony requested by a state agency may be disclosed only under a court order finding that the state agency has a substantial need for the use of the information in carrying out its statutory responsibility.

(f) While in the possession of the official who issued the civil
investigative demand, documentary material, answers to interrogatories, or transcripts of oral testimony shall be made available to the person, or to the representative of the person who produced the material, answered the interrogatories, or gave oral testimony. The official who issued the civil investigative demand may impose reasonable conditions upon the examination of use of the documentary material, answers to interrogatories, or transcripts of oral testimony.

(g) The official who issued the civil investigative demand and any attorney employed in the same office as the official who issued the civil investigative demand may use the documentary material, answers to interrogatories, or transcripts of oral testimony in connection with a proceeding before a grand jury, a court, or an agency. Upon the completion of the proceeding, the attorney shall return to the official who issued the civil investigative demand any documentary material, answers to interrogatories, or transcripts of oral testimony that are not under the control of the grand jury, court, or agency.

(h) Upon written request of a person who produced documentary material in response to a civil investigative demand, the official who issued the civil investigative demand shall return any documentary material in the official's possession to the person who produced documentary material, if:

1. a proceeding before a grand jury, a court, or an agency involving the documentary material has been completed; or
2. a proceeding before a grand jury, a court, or an agency involving the documentary material has not been commenced within a reasonable time after the completion of the investigation.

The official who issued the civil investigative demand is not required to return documentary material that is in the custody of a grand jury, a court, or an agency.

Sec. 16. (a) A person who has failed to comply with a civil investigative demand is subject to sanctions under Trial Rule 37 to the same extent as a person who has failed to cooperate in discovery.

(b) A person who objects to a civil investigative demand issued under this chapter may seek a protective order in accordance with Trial Rule 26(C).

Sec. 17. Documentary material, answers to written interrogatories, or oral testimony provided in response to a civil
investigative demand issued under this chapter are confidential.

Sec. 18. Proceedings under this chapter are governed by the Indiana Rules of Trial Procedure, unless the Indiana Rules of Trial Procedure are inconsistent with this chapter.

(3) A collective bargaining agreement between a governmental body and its employees.
(4) The employment relationship between a governmental body and an employee of the governmental body.
(5) An investment of public funds.
(6) A contract between a governmental body and a body corporate and politic.

(4) employment relationship; or
(5) investment;

described in subsection (a).

SECTION 25. IC 5-22-2-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1. Except as otherwise provided, the definitions in this chapter apply throughout this article.

SECTION 26. IC 5-22-2-1.3 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1.3. "Affiliate" means a business entity that effectively controls or is controlled by a contractor or is associated with a contractor under common ownership or control, whether by shareholdings or other means, including a subsidiary, parent, or sibling of a contractor.

SECTION 27. IC 5-22-3-7 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE
UPON PASSAGE: Sec. 7. (a) This section applies to every use of funds by a governmental body. However, this section does not apply to a contract in which one (1) party is a political subdivision, including a body corporate and politic created by or authorized by a political subdivision.

(b) A prospective contractor may not contract with a governmental body unless the prospective contractor includes the following certifications as terms of the contract with the governmental body:

(1) The contractor and any principals of the contractor certify that:
   (A) the contractor, except for de minimis and nonsystematic violations, has not violated the terms of:
      (i) IC 24-4.7;
      (ii) IC 24-5-12; or
      (iii) IC 24-5-14;
   in the previous three hundred sixty-five (365) days, even if IC 24-4.7 is preempted by federal law; and
   (B) the contractor will not violate the terms of IC 24-4.7 for the duration of the contract, even if IC 24-4.7 is preempted by federal law.

(2) The contractor and any principals of the contractor certify that an affiliate or principal of the contractor and any agent acting on behalf of the contractor or on behalf of an affiliate or principal of the contractor:
   (A) except for de minimis and nonsystematic violations, has not violated the terms of IC 24-4.7 in the previous three hundred sixty-five (365) days, even if IC 24-4.7 is preempted by federal law; and
   (B) will not violate the terms of IC 24-4.7 for the duration of the contract, even if IC 24-4.7 is preempted by federal law.

(c) If a certification in subsection (b) concerning compliance with IC 24-4.7, IC 24-5-12, or IC 24-5-14 is materially false or if the contractor, an affiliate or a principal of the contractor, or an agent acting on behalf of the contractor or an affiliate or a principal of the contractor violates the terms of IC 24-4.7, IC 24-5-12, or IC 24-5-14, even if IC 24-4.7 is preempted by federal law, the attorney general may bring a civil action in the circuit or superior court of Marion County to:

(1) void a contract under this section, subject to subsection
(d); and
(2) obtain other proper relief.
However, a contractor is not liable under this section if the contractor or an affiliate of the contractor acquires another business entity that violated the terms of IC 24-4.7, IC 24-5-12, or IC 24-5-14 within the preceding three hundred sixty-five (365) days before the date of the acquisition if the acquired business entity ceases violating IC 24-4.7, IC 24-5-12, or IC 24-5-14, even if IC 24-4.7 is preempted by federal law, as of the date of the acquisition.

(d) If:
(1) the attorney general notifies the contractor, department of administration, and budget agency in writing of the intention of the attorney general to void a contract; and
(2) the attorney general does not receive a written objection from the department of administration or budget agency, sent to both the attorney general and the contractor, within thirty (30) days of the notice;
a contract between a contractor and a governmental body is voidable at the election of the attorney general in a civil action brought under subsection (c). If an objection of the department of administration or the budget agency is submitted under subdivision (2), the contract that is the subject of the objection is not voidable at the election of the attorney general unless the objection is rescinded or withdrawn by the department of administration or the budget agency.

(e) If the attorney general establishes in a civil action that a contractor is knowingly, intentionally, or recklessly liable under subsection (c), the contractor is prohibited from entering into a contract with a governmental body for three hundred sixty-five (365) days after the date on which the contractor exhausts appellate remedies.

(f) In addition to any remedy obtained in a civil action brought under this section, the attorney general may obtain the following:
(1) All money the contractor obtained through each telephone call made in violation of the terms of IC 24-4.7, IC 24-5-12, or IC 24-5-14, even if IC 24-4.7 is preempted by federal law.
(2) The attorney general's reasonable expenses incurred in:
   (A) investigation; and
   (B) maintaining the civil action.

SECTION 29. IC 10-13-3-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 10. (a) As used in this chapter, "law enforcement agency" means an agency or a department of any level of government whose principal function is the apprehension of criminal offenders.

(b) The term includes:

(1) the office of the attorney general; and

(2) the office of the inspector general.

SECTION 30. IC 15-1.5-10.5-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 8. (a) The trustees shall recommend an individual to be employed as executive director of the barn, subject to the approval of the governor. If the governor approves an individual recommended by the trustees, the trustees may employ the individual as executive director. If the governor does not approve an individual recommended by the trustees, the trustees shall submit another recommendation to the governor.

(b) The executive director employed under this section:

(1) is the chief administrative officer of the barn; and

(2) shall implement the policies of the trustees.

(c) The trustees may delegate any of the trustees' powers to the executive director. The trustees may make a delegation under this subsection through a resolution adopted by the trustees.

(d) Notwithstanding IC 4-2-6-5, the compensation for the executive director and other employees of the trustees may be paid in full or in part by the nonprofit entity established under section 10 of this chapter.

SECTION 31. IC 16-41-11-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 8. (a) A person who believes that this chapter or rules adopted under this chapter have been violated may file a complaint with the state department. A complaint must be in writing unless the violation complained of constitutes an emergency. The state department shall reduce an oral complaint to writing. The state department shall maintain the confidentiality of the person who files the complaint.

(b) The state department shall promptly investigate all complaints received under this section.
(c) The state department shall not disclose the name or identifying characteristics of the person who files a complaint under this section unless:

(1) the person consents in writing to the disclosure; or
(2) the investigation results in an administrative or judicial proceeding and disclosure is ordered by the administrative law judge or the court.

(d) The state department shall give a person who files a complaint under this section the opportunity to withdraw the complaint before disclosure.

(e) An employee must make a reasonable attempt to ascertain the correctness of any information to be furnished and may be subject to disciplinary actions for knowingly furnishing false information, including suspension or dismissal, as determined by the employer or the ethics commission. However, an employee disciplined under this subsection is entitled to process an appeal of the disciplinary action under any procedure otherwise available to the employee by employment contract, collective bargaining agreement, or, if the employee is an employee of the state, a rule as set forth in IC 4-15-2-34 and IC 4-15-2-35 through IC 4-15-2-35.5.

(f) The employer of an employee who files a complaint in good faith with the state department under this section may not, solely in retaliation for filing the complaint, do any of the following:

(1) Dismiss the employee.
(2) Withhold salary increases or employment related benefits from the employee.
(3) Transfer or reassign the employee.
(4) Deny a promotion that the employee would have received.
(5) Demote the employee.

SECTION 32. IC 24-4.7-5-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 1. A telephone solicitor who fails to comply with any provision of IC 24-4.7-4 commits a deceptive act that is actionable by the attorney general under this chapter. In addition, a contractor who contracts or seeks to contract with the state:

(1) may be prohibited from contracting with the state; or
(2) may have an existing contract with the state voided; if the contractor, an affiliate or principal of the contractor, or any agent acting on behalf of the contractor or an affiliate or principal of the contractor does not or has not complied with the terms of
this article, even if this article is preempted by federal law.

SECTION 33. IC 24-5-0.5-4, AS AMENDED BY SEA 509-2005, SECTION 9, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 4. (a) A person relying upon an uncured or incurable deceptive act may bring an action for the damages actually suffered as a consumer as a result of the deceptive act or five hundred dollars ($500), whichever is greater. The court may increase damages for a willful deceptive act in an amount that does not exceed the greater of:

(1) three (3) times the actual damages of the consumer suffering the loss; or
(2) one thousand dollars ($1,000).

Except as provided in subsection (j), the court may award reasonable attorney fees to the party that prevails in an action under this subsection. This subsection does not apply to a consumer transaction in real property, including a claim or action involving a construction defect (as defined in IC 32-27-3-1(5)) brought against a construction professional (as defined in IC 32-27-3-1(4)), except for purchases of time shares and camping club memberships. This subsection also does not apply to a violation of IC 24-4.7, IC 24-5-12, or IC 24-5-14. Actual damages awarded to a person under this section have priority over any civil penalty imposed under this chapter.

(b) Any person who is entitled to bring an action under subsection (a) on the person's own behalf against a supplier for damages for a deceptive act may bring a class action against such supplier on behalf of any class of persons of which that person is a member and which has been damaged by such deceptive act, subject to and under the Indiana Rules of Trial Procedure governing class actions, except as herein expressly provided. Except as provided in subsection (j), the court may award reasonable attorney fees to the party that prevails in a class action under this subsection, provided that such fee shall be determined by the amount of time reasonably expended by the attorney and not by the amount of the judgment, although the contingency of the fee may be considered. Any money or other property recovered in a class action under this subsection which cannot, with due diligence, be restored to consumers within one (1) year after the judgment becomes final shall be returned to the party depositing the same. This subsection does not apply to a consumer transaction in real property, except for purchases of time shares and camping club memberships. Actual damages
awarded to a class have priority over any civil penalty imposed under this chapter.

(c) The attorney general may bring an action to enjoin a deceptive act. However, the attorney general may seek to enjoin patterns of incurable deceptive acts with respect to consumer transactions in real property. In addition, the court may:

1. issue an injunction;
2. order the supplier to make payment of the money unlawfully received from the aggrieved consumers to be held in escrow for distribution to aggrieved consumers; and
3. order the supplier to pay to the state the reasonable costs of the attorney general's investigation and prosecution related to the action; and

4. provide for the appointment of a receiver.

(d) In an action under subsection (a), (b), or (c), the court may void or limit the application of contracts or clauses resulting from deceptive acts and order restitution to be paid to aggrieved consumers.

(e) In any action under subsection (a) or (b), upon the filing of the complaint or on the appearance of any defendant, claimant, or any other party, or at any later time, the trial court, the supreme court, or the court of appeals may require the plaintiff, defendant, claimant, or any other party or parties to give security, or additional security, in such sum as the court shall direct to pay all costs, expenses, and disbursements that shall be awarded against that party or which that party may be directed to pay by any interlocutory order by the final judgment or on appeal.

(f) Any person who violates the terms of an injunction issued under subsection (c) shall forfeit and pay to the state a civil penalty of not more than fifteen thousand dollars ($15,000) per violation. For the purposes of this section, the court issuing an injunction shall retain jurisdiction, the cause shall be continued, and the attorney general acting in the name of the state may petition for recovery of civil penalties. Whenever the court determines that an injunction issued under subsection (c) has been violated, the court shall award reasonable costs to the state.

(g) If a court finds any person has knowingly violated section 3 or 10 of this chapter, the attorney general, in an action pursuant to subsection (c), may recover from the person on behalf of the state a civil penalty of a fine not exceeding five hundred thousand dollars ($500,000) ($5,000) per violation.
(h) An elderly person relying upon an uncured or incurable deceptive act, including an act related to hypnotism, may bring an action to recover treble damages, if appropriate.

(i) An offer to cure is:

1. not admissible as evidence in a proceeding initiated under this section unless the offer to cure is delivered by a supplier to the consumer or a representative of the consumer before the supplier files the supplier's initial response to a complaint; and
2. only admissible as evidence in a proceeding initiated under this section to prove that a supplier is not liable for attorney's fees under subsection (j).

If the offer to cure is timely delivered by the supplier, the supplier may submit the offer to cure as evidence to prove in the proceeding in accordance with the Indiana Rules of Trial Procedure that the supplier made an offer to cure.

(j) A supplier may not be held liable for the attorney's fees and court costs of the consumer that are incurred following the timely delivery of an offer to cure as described in subsection (i) unless the actual damages awarded, not including attorney's fees and costs, exceed the value of the offer to cure.

Chapter 4.5. Pest Control Compact
Sec. 1. (a) The pest control compact is enacted and entered into with all other jurisdictions legally joining the compact in the form substantially as follows in this chapter.

(b) The party states find the following:
   (1) In the absence of the higher degree of cooperation among the party states possible under this compact, the annual loss of approximately one hundred thirty-seven billion dollars ($137,000,000,000) from the depredations of pests is virtually certain to continue, if not to increase.
   (2) Because of the varying climatic, geographic, and economic factors, each state may be affected differently by particular species of pests. However, all states share the inability to protect themselves fully against the pests that present serious dangers.
   (3) The migratory character of pest infestations makes it necessary for states to complement each other's activities when faced with conditions of infestation and reinfestation.
   (4) While every state is seriously affected by a substantial
number of pests, and every state is susceptible to infestation by many species of pests not causing damage to its crops, plant life, and products, the fact that relatively few species of pests present equal danger to, or are of interest to, all states makes the establishment and operation of a fund from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interest, the most equitable means of financing cooperative pest eradication and control programs.

Sec. 2. As used in this chapter:

1. "State" means a state, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

2. "Requesting state" means a state that invokes the procedures of the compact to secure the undertaking or intensification of measures to control or eradicate one (1) or more pests within one (1) or more other states.

3. "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (2).

4. "Pest or pathogen" means an invertebrate animal, a pathogen, a parasitic plant, or a similar or an allied organism that can cause disease or damage in any crop, tree, shrub, grass, or other plant of substantial value.

5. "Fund" means the pest control insurance fund established by section 3 of this chapter.

6. "Governing board" means the administrators of the compact representing all the party states when the administrators act as a body under authority vested in the administrators by the compact.

7. "Executive committee" means the committee established under section 5(e) of this chapter.

8. "Compact" refers to the pest control compact enacted under section 1(a) of this chapter.

Sec. 3. The pest control insurance fund is established to finance other than normal pest control operations that states may be called upon to engage in under the compact. The fund consists of money appropriated to the fund by the party states and any donations and grants accepted by the fund. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in the compact, must be unconditional and may not be
restricted by the appropriating state to use in the control of a
specified pest or pests. Donations and grants may be conditional or
unconditional. However, the fund may not accept any donation or
grant whose terms are inconsistent with the compact.

Sec. 4. (a) The fund shall be administered by the governing
board and executive committee as provided in this chapter. The
actions of the governing board and the executive committee under
the compact are considered the actions of the fund.

(b) The members of the governing board are entitled to one (1)
vote on the board. Action of the governing board is not binding
unless taken at a meeting at which a majority of the total number
of votes on the governing board is cast in favor of the proposed
action. Action of the governing board may be only at a meeting at
which a majority of the members is present.

(c) The fund shall have a seal that may be employed as an
official symbol and that may be affixed to documents and used as
the governing board provides.

(d) The governing board shall elect annually, from among its
members, a chairperson, a vice chairperson, a secretary, and a
treasurer. The chairperson may not serve consecutive terms. The
governing board may appoint an executive director and fix the
executive director's duties and compensation, if any. The executive
director shall serve at the pleasure of the governing board. The
governing board shall provide for the bonding of the officers and
employees of the fund as is appropriate.

(e) Notwithstanding the civil service, personnel, or other merit
system laws of any of the party states, the executive director, or if
there is not an executive director, the chairperson, in accordance
with the procedures the bylaws provide, shall appoint, remove, or
discharge any personnel as is necessary to perform the functions of
the fund and shall fix the duties and compensation of any
personnel. The governing board in its bylaws shall provide for the
personnel policies and programs of the fund.

(f) The fund may borrow, accept, or contract for the services of
personnel from any state, the United States, or any other
governmental agency or from any person, firm, association, or
corporation.

(g) The fund may accept for purposes of the fund or functions
under this compact donations, grants, equipment, supplies,
materials, and services, conditional or otherwise, from any state,
the United States, or any other governmental agency, or from any
person, firm, association, or corporation and may receive, use, and dispose of the same. A donation, gift, or grant accepted by the governing board under this subsection or services borrowed under subsection (f) shall be reported in the annual report of the fund. The annual report must include the nature, amount, and conditions, if any, of the donation, gift, or grant or services borrowed and the identity of the donor or lender.

(h) The governing board shall adopt bylaws for the conduct of the business of the fund and may amend and rescind these bylaws. The fund shall publish the bylaws of the fund in convenient form and shall file a copy of the bylaws and a copy of any amendment to the bylaws with the appropriate agency or officer in each of the party states.

(i) The fund annually shall make to the governor and legislature of each party state a report covering the fund's activities for the preceding year. The fund may make additional reports it considers desirable. The report to the legislature under this subsection must be in an electronic format under IC 5-14-6.

(j) The fund may do other things as are necessary and incidental to the conduct of the fund's affairs under the compact.

Sec. 5. (a) Each party state must have a compact administrator who shall be selected and serve in a manner as the laws of the party state may provide and who shall:

(1) assist in the coordination of activities under the compact in the compact administrator's state; and

(2) represent the compact administrator's state on the governing board of the fund.

(b) If the laws of the United States specifically provide, or if an administrative provision is made within the federal government, the United States may be represented on the governing board by not more than three (3) representatives. A representative of the United States shall be appointed and serve in a manner as provided by federal law, but the representative may not vote on the governing board or the executive committee.

(c) The governing board shall meet at least once each year to determine policies and procedures in the administration of the fund and, consistent with the compact, supervise and give direction to the expenditure of money from the fund. Additional meetings of the governing board shall be held on call of the chairperson, the executive committee, or a majority of the governing board.

(d) When the governing board meets, it shall act upon
applications for assistance from the fund and authorize disbursements from the fund. When the governing board is not meeting, the executive committee shall act as agent of the governing board, with full authority to act for the governing board in acting upon the applications for assistance.

(e) The executive committee consists of the chairperson of the governing board and four (4) additional members of the governing board chosen by the governing board so that one (1) member represents each of four (4) geographic groupings of party states. The governing board shall make the geographic groupings. If there is representation of the United States on the governing board, one (1) United States representative may meet with the executive committee. The chairperson of the governing board shall be chairperson of the executive committee. An action of the executive committee is not binding unless taken at a meeting at which at least four (4) members of the executive committee are present and vote in favor of the action. Necessary expenses of each of the five (5) members of the executive committee incurred in attending meetings of the executive committee, when not held at the same time and place as a meeting of the governing board, are charges against the fund.

Sec. 6. (a) Each party state pledges to each other party state that the party state will employ its best efforts to eradicate, or control within the strictest practicable limits, all pests or pathogens. The performance of this responsibility involves the following:

(1) The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for the party state's own protection in the absence of the compact.

(2) The meeting of emergency outbreaks or infestations of interstate significance to not less an extent than would have been done in the absence of the compact.

(b) Whenever a party state is threatened by a pest or pathogen not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pathogen and finds that control or eradication activities are or would be impracticable or substantially more difficult to accomplish because of failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the fund for eradication or control
measures to be taken by one (1) or more of the other party states
at a level sufficient to prevent, or to reduce to the greatest
practicable extent, infestation or reinfestation of the requesting
state. Upon the governing board's authorization, the responding
state or states shall take or increase any eradication or control
measures warranted. A responding state shall use money available
from the fund expeditiously and efficiently to assist in providing
the protection requested.

(c) To apply for expenditures from the fund, a requesting state
shall submit the following in writing:

(1) A detailed statement of the circumstances that occasion
the request to invoke the compact.

(2) Evidence that the pest or pathogen on account of whose
eradication or control assistance is requested constitutes a
danger to an agricultural or a forest crop, product, tree,
shrub, grass, or other plant having a substantial value to the
requesting state.

(3) A statement of the extent of the present and projected
program of the requesting state and its subdivisions, including
full information as to the legal authority for the conduct of the
program or programs and the expenditures being made or
budgeted for the program or programs, in connection with the
eradication, control, or prevention of introduction of the pest
or pathogen concerned.

(4) Proof that the expenditures being made or budgeted as
detailed in subdivision (3) do not constitute a reduction of the
effort for the control or eradication of the pest or pathogen
concerned or, if there is a reduction, the reasons why the level
of program detailed in subdivision (3) constitutes a normal
level of pest control activity.

(5) A declaration as to whether, to the best of its knowledge
and belief, the conditions that the requesting state believes
require the invoking of the compact in the particular instance
can be abated by a program undertaken with the aid of money
from the fund in one (1) year or less, or whether the request
is for an installment in a program that is likely to continue for
a longer period.

(6) Other information the governing board requires consistent
with the compact.

(d) The governing board or executive committee shall give due
notice of any meeting at which an application for assistance from
the fund is to be considered. The notice shall be given to the compact administrator of each party state and to the other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state are entitled to be represented and present evidence and argument at the meeting.

(e) Upon the submission as required by subsection (c) and any other information that the governing board has or acquires, and upon determining that an expenditure of funds is within the purposes of and justified by the compact, the governing board or executive committee shall authorize support of the program. The governing board or executive committee may meet at any time or place to receive and consider an application. All determinations of the governing board or executive committee, with respect to an application, together with the reasons for the determination shall be recorded and subscribed in a manner that shows and preserves the votes of the individual members of the board or committee.

(f) A requesting state that is dissatisfied with a determination of the executive committee, upon notice in writing given within twenty (20) days of the determination with which it is dissatisfied, is entitled to receive a review of the determination at the next meeting of the governing board. Determinations of the executive committee are reviewable only by the governing board at one (1) of its regular meetings or at a special meeting held in a manner the governing board authorizes.

(g) Responding states required to undertake or increase measures under the compact may receive money from the fund, either at the time or times when the state incurs expenditures because of the measures, or as reimbursement for expenses incurred and chargeable to the fund. The governing board shall adopt and may amend or revise procedures for submission and payment of claims from the fund.

(h) Before authorizing the expenditure of money from the fund under an application of a requesting state, the fund shall ascertain the extent and nature of any timely assistance or participation that is available from the federal government and shall request the appropriate agency or agencies of the federal government for any available assistance and participation.

(i) The fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the fund, cooperating federal agencies, states, and any other entities
Sec. 7. The governing board may establish advisory and technical committees composed of state, local, and federal officials and private persons to advise the governing board concerning any of its functions. An advisory or technical committee or a member or members of the committee may meet with and participate in the governing board's deliberations upon request of the governing board or executive committee. An advisory or a technical committee may furnish information and recommendations concerning any application for assistance from the fund being considered by the governing board or committee, and the governing board or committee may receive and consider the same. However, a participant in a meeting of the governing board or executive committee held under section 6(d) of this chapter is entitled to know the substance of the advisory or technical committee's information and recommendations at the time of the meeting if made before the meeting or as a part of the meeting, or, if made after the meeting, not later than the time at which the governing board or executive committee makes its disposition of the application.

Sec. 8. (a) A party state may make an application for assistance from the fund concerning a pest in a nonparty state. The application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this section.

(b) At or in connection with any meeting of the governing board or executive committee held under section 6(d) of this chapter, a nonparty state is entitled to appear, participate, and receive information only to the extent as the governing board or executive committee may provide. A nonparty state is not entitled to review of a determination made by the executive committee.

(c) The governing board or executive committee shall authorize expenditures from the fund to be made in a nonparty state only after determining that the conditions in the nonparty state and the value of the expenditures to the party states as a whole justify the expenditures. The governing board or executive committee may set any conditions it considers appropriate concerning the expenditure of money from the fund in a nonparty state and may enter into an agreement or agreements with nonparty states and other jurisdictions or entities as it considers necessary or appropriate to

concerned.
protect the interests of the fund with respect to expenditures and activities outside party states.

Sec. 9. (a) The fund shall submit to the executive head or designated officer or officers of each party state a budget for the fund for a period as may be required by the laws of that party state for a presentation to the party state's legislature.

(b) Each of the budgets must contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The request for appropriations shall be apportioned among the party states as follows:

1. One-tenth (0.1) of the total budget in equal shares.
2. The remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state.

In determining the value of the party states' crops and products, the fund may employ any source of information it believes presents the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations must indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the fund shall be maintained in two (2) accounts to be designated respectively as the "operating account" and the "claims account". The operating account consists only of those assets necessary for the administration of the fund during the ensuing two (2) year period. The claims account must contain all money not included in the operating account and may not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the fund for three (3) years. If the claims account has reached its maximum limit or would reach its maximum limit by the addition of money requested for appropriation by the party states, the governing board shall reduce the budget requests on a pro rata basis in a manner that keeps the claims account within its maximum limit. Any money in the claims account by virtue of conditional donations, grants, or gifts shall be included in calculations made under this subsection only to the extent that the money is available to meet demands arising out of the claims.

(d) The fund shall not pledge the credit of any party state. The fund may meet any of its obligations in whole or in part with money available to it under section 4(g) of this chapter. However, the governing board takes specific action setting aside the money
before incurring any obligation to be met in whole or in part. Except where the fund makes use of money available to it under section 4(g) of this chapter, the fund shall not incur any obligation before the allotment of money by the party states adequate to meet the obligation.

(e) The fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the fund are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the fund shall be audited yearly by a certified or licensed public accountant and report of the audit must be included in and become part of the annual report of the fund.

(f) The accounts of the fund must be open at any reasonable time for inspection by authorized officers of the party states and by any persons authorized by the fund.

Sec. 10. (a) The compact becomes effective when enacted into law by any five (5) or more states. After the compact becomes effective, the compact becomes effective as to any other state upon the state's enactment of the compact.

(b) A party state may withdraw from the compact by enacting a statute repealing the law enacting the compact, but a withdrawal does not take effect until two (2) years after the executive head of the withdrawing state gives notice in writing of the withdrawal to the executive heads of all other party states. A withdrawal does not affect any liability incurred by or chargeable to a party state before the time of the withdrawal.

Sec. 11. This compact shall be liberally construed to effectuate the purposes of the compact. The provisions of the compact are severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of the compact and its applicability to any government, agency, person, or circumstance is not affected thereby. If this compact is held contrary to the constitution of any party state, the compact remains in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

Sec. 12. Consistent with law and within available appropriations, the departments, agencies, and officers of Indiana may cooperate with the fund.
Sec. 13. (a) The commissioner of agriculture or the commissioner's designee shall serve as compact administrator for Indiana. The duties of the compact administrator are considered a regular part of the duties of the commissioner of agriculture.

(b) Copies of bylaws and amendments to the compact adopted under section 4(h) of this chapter must be filed with the compact administrator.

Sec. 14. Within the meaning of sections 6(b) and 8(a) of this chapter, a request or an application for assistance from the fund may be made by the commissioner of agriculture or the commissioner's designee whenever the commissioner or commissioner's designee believes the conditions qualifying Indiana for assistance exist and it would be in the best interest of Indiana to make a request.

Sec. 15. The compact administrator is designated to receive notices under section 6(d) of this chapter.

Sec. 16. The department, agency, or officer expending or becoming liable for an expenditure on account of a control or eradication program undertaken or intensified under the compact shall have credited to the department's, agency's, or officer's account, in the state treasury, the amount or amounts of any payments made to Indiana to defray the cost of the program or any part of the program, or as reimbursement from the program.

Sec. 17. When the compact refers to the executive head, with reference to Indiana, the executive head is the governor.

(f) The board shall adopt rules under IC 4-22-2 to establish a pre-basic course for the purpose of training:

The board may approve courses offered by other public or private training entities, including colleges and universities, as necessary in order to ensure the availability of an adequate number of inservice training programs. (c) As used in this chapter, "professional appraiser" means an
individual or firm that is certified under IC 6-1.1-31.7.

SECTION 9. IC 6-1.1-4-27.5 IS AMENDED TO READ AS

auditor of each county shall establish a property reassessment fund.
The county treasurer shall deposit all collections resulting from the

(b) With respect to the general reassessment of real property
that is to commence on July 1, 2009, the county council of each
county shall, for property taxes due in 2006, 2007, 2008, and 2009,
levy in each year against all the taxable property in the county an
amount equal to one-fourth (1/4) of the remainder of:

(1) the estimated costs referred to in section 28.5(a) of this
chapter; minus
(2) the amount levied under this section by the county council

(c) (d) The department of local government finance shall give to
each county council notice, before January 1 in a year, of the tax levies
required by this section for that year.
(d) (e) The department of local government finance may raise or lower the property tax levy under this section for a year if the department determines it is appropriate because the estimated cost of:

(1) a general reassessment; including a general reassessment to be completed for the March 1, 2002, assessment date; or

(2) making annual adjustments under section 4.5 of this chapter;

has changed.

(e) If the county council determines that there is insufficient money in the county's reassessment fund to pay all expenses (as permitted under sections 28.5 and 32 of this chapter) relating to the general reassessment of real property commencing July 1, 2000; the county may, for the purpose of paying expenses (as permitted under sections 28.5 and 32 of this chapter) relating to the general reassessment commencing July 1, 2000; use money deposited in the fund from the tax levy under this section for 2000 or a later year:

Any interest received from investment of the money shall be paid into the property reassessment fund.
(d) An appropriation under this section must be approved by the fiscal body of the county after the review and recommendation of the county assessor. However, in a county with an elected township assessor in every township, the county assessor does not review an appropriation under this section; and only the fiscal body must approve an appropriation under this section.

SECTION 11. IC 6-1.1-4-31 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 31. (a) The department of local government finance shall periodically check the conduct of:
(1) a general reassessment of property;
(2) work required to be performed by local officials under 50 IAC 21; and
(3) other property assessment activities in the county, as determined by the department.
The department of local government finance may inform township assessors, county assessors, and the presidents of county councils in writing if its check reveals that the general reassessment is or other property assessment activities are not being properly conducted, work required to be performed by local officials under 50 IAC 21 is not being properly conducted, or if property assessments under the general reassessment are not being properly made.
(b) The failure of the department of local government finance to inform local officials under subsection (a) shall not be construed as an indication by the department that:

1. the general reassessment or other property assessment activities are being properly conducted;
2. work required to be performed by local officials under 50 IAC 21 is being properly conducted; or that
3. property assessments under the general reassessment are being properly made.

(c) If the department of local government finance:

1. determines under subsection (a) that a general reassessment or other assessment activities for a general reassessment year or any other year are not being properly conducted; and
2. informs:
   A. the township assessor of each affected township;
   B. the county assessor; and
   C. the president of the county council;

the department may order a state conducted assessment or reassessment under section 31.5 of this chapter to begin not less than sixty (60) days after the date of the notice under subdivision (2). If the department determines during the period between the date of the notice under subdivision (2) and the proposed date for beginning the state conducted assessment or reassessment that the general reassessment or other assessment activities for the general reassessment are being properly conducted, the department may rescind the order.

(d) If the department of local government finance:

1. determines under subsection (a) that work required to be performed by local officials under 50 IAC 21 is not being properly conducted; and
2. informs:
   A. the township assessor of each affected township;
   B. the county assessor; and
   C. the president of the county council;

the department may conduct the work or contract to have the work conducted to begin not less than sixty (60) days after the date of the notice under subdivision (2). If the department determines during the period between the date of the notice under subdivision (2) and
the proposed date for beginning the work or having the work conducted that work required to be performed by local officials under 50 IAC 21 is being properly conducted, the department may rescind the order.

(e) If the department of local government finance contracts to have work conducted under subsection (d), the department shall forward the bill for the services to the county and the county shall pay the bill under the same procedures that apply to county payments of bills for assessment or reassessment services under section 31.5 of this chapter.

SECTION 12. IC 6-1.1-4-31.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 31.5. (a) As used in this section, "assessment official" means any of the following:

1. A county assessor.
2. A township assessor.
3. A township trustee-assessor.

(b) As used in this section, "department" refers to the department of local government finance.

(c) If the department makes a determination and informs local officials under section 31(c) of this chapter, the department may order a state conducted assessment or reassessment in the county subject to the time limitation in that subsection.

(d) If the department orders a state conducted assessment or reassessment in a county, the department shall assume the duties of the county's assessment officials. Notwithstanding sections 15 and 17 of this chapter, an assessment official in a county subject to an order issued under this section may not assess property or have property assessed for the assessment or general reassessment. Until the state conducted assessment or reassessment is completed under this section, the assessment or reassessment duties of an assessment official in the county are limited to providing the department or a contractor of the department the support and information requested by the department or the contractor.

(e) Before assuming the duties of a county's assessment officials, the department shall transmit a copy of the department's order requiring a state conducted assessment or reassessment to the county's assessment officials, the county fiscal body, the county auditor, and the county treasurer. Notice of the department's actions must be published one (1) time in a newspaper of general circulation published in the county. The department is not required
to conduct a public hearing before taking action under this section.

(f) Township and county officials in a county subject to an order issued under this section shall, at the request of the department or the department's contractor, make available and provide access to all:

(1) data;
(2) records;
(3) maps;
(4) parcel record cards;
(5) forms;
(6) computer software systems;
(7) computer hardware systems; and
(8) other information;
related to the assessment or reassessment of real property in the county. The information described in this subsection must be provided at no cost to the department or the contractor of the department. A failure to provide information requested under this subsection constitutes a failure to perform a duty related to an assessment or a general reassessment and is subject to IC 6-1.1-37-2.

(g) The department may enter into a contract with a professional appraising firm to conduct an assessment or reassessment under this section. If a county or a township located in the county entered into a contract with a professional appraising firm to conduct the county's assessment or reassessment before the department orders a state conducted assessment or reassessment in the county under this section, the contract:

(1) is as valid as if it had been entered into by the department; and
(2) shall be treated as the contract of the department.

(h) After receiving the report of assessed values from the appraisal firm acting under a contract described in subsection (g), the department shall give notice to the taxpayer and the county assessor, by mail, of the amount of the assessment or reassessment. The notice of assessment or reassessment:

(1) is subject to appeal by the taxpayer under section 31.7 of this chapter; and
(2) must include a statement of the taxpayer's rights under section 31.7 of this chapter.

(i) The department shall forward a bill for services provided under a contract described in subsection (g) to the auditor of the
county in which the state conducted reassessment occurs. The county shall pay the bill under the procedures prescribed by subsection (j).

(j) A county subject to an order issued under this section shall pay the cost of a contract described in subsection (g), without appropriation, from the county property reassessment fund. A contractor may periodically submit bills for partial payment of work performed under the contract. Notwithstanding any other law, a contractor is entitled to payment under this subsection for work performed under a contract if the contractor:

1. submits to the department a fully itemized, certified bill in the form required by IC 5-11-10-1 for the costs of the work performed under the contract;
2. obtains from the department:
   - (A) approval of the form and amount of the bill; and
   - (B) a certification that the billed goods and services have been received and comply with the contract; and
3. files with the county auditor:
   - (A) a duplicate copy of the bill submitted to the department;
   - (B) proof of the department's approval of the form and amount of the bill; and
   - (C) the department's certification that the billed goods and services have been received and comply with the contract.

The department's approval and certification of a bill under subdivision (2) shall be treated as conclusively resolving the merits of a contractor's claim. Upon receipt of the documentation described in subdivision (3), the county auditor shall immediately certify that the bill is true and correct without further audit, publish the claim as required by IC 36-2-6-3, and submit the claim to the county executive. The county executive shall allow the claim, in full, as approved by the department, without further examination of the merits of the claim in a regular or special session that is held not less than three (3) days and not more than seven (7) days after the completion of the publication requirements under IC 36-2-6-3. Upon allowance of the claim by the county executive, the county auditor shall immediately issue a warrant or check for the full amount of the claim approved by the department. Compliance with this subsection constitutes compliance with IC 5-11-6-1, IC 5-11-10, and IC 36-2-6. The determination and payment of a claim in compliance with this subsection is not
subject to remonstrance and appeal. IC 36-2-6-4(f) and IC 36-2-6-9
do not apply to a claim submitted under this subsection.
IC 5-11-10-1.6(d) applies to a fiscal officer who pays a claim in
compliance with this subsection.

(k) Notwithstanding IC 4-13-2, a period of seven (7) days is
permitted for each of the following to review and act under
IC 4-13-2 on a contract of the department entered into under this
section:

(1) The commissioner of the Indiana department of
administration.
(2) The director of the budget agency.
(3) The attorney general.

(l) If money in the county's property reassessment fund is
insufficient to pay for an assessment or reassessment conducted
under this section, the department may increase the tax rate and
tax levy of the county's property reassessment fund to pay the cost
and expenses related to the assessment or reassessment.

(m) The department or the contractor of the department shall
use the land values determined under section 13.6 of this chapter
for a county subject to an order issued under this section to the
extent that the department or the contractor finds that the land
values reflect the true tax value of land, as determined under this
article and the rules of the department. If the department or the
contractor finds that the land values determined for the county
under section 13.6 of this chapter do not reflect the true tax value
of land, the department or the contractor shall determine land
values for the county that reflect the true tax value of land, as
determined under this article and the rules of the department.
Land values determined under this subsection shall be used to the
same extent as if the land values had been determined under
section 13.6 of this chapter. The department or the contractor of
the department shall notify the county's assessment officials of the
land values determined under this subsection.

(n) A contractor of the department may notify the department
if:

(1) a county auditor fails to:
(A) certify the contractor's bill;
(B) publish the contractor's claim;
(C) submit the contractor's claim to the county executive;
or
(D) issue a warrant or check for payment of the
contractor's bill;
as required by subsection (j) at the county auditor's first legal
opportunity to do so;
(2) a county executive fails to allow the contractor's claim as
legally required by subsection (j) at the county executive's
first legal opportunity to do so; or
(3) a person or an entity authorized to act on behalf of the
county takes or fails to take an action, including failure to
request an appropriation, and that action or failure to act
delays or halts progress under this section for payment of the
contractor's bill.
(o) The department, upon receiving notice under subsection (n)
from a contractor of the department, shall:
(1) verify the accuracy of the contractor's assertion in the
notice that:
(A) a failure occurred as described in subsection (n)(1) or
(n)(2); or
(B) a person or an entity acted or failed to act as described
in subsection (n)(3); and
(2) provide to the treasurer of state the department's approval
under subsection (j)(2)(A) of the contractor's bill with respect
to which the contractor gave notice under subsection (n).
(p) Upon receipt of the department's approval of a contractor's
bill under subsection (o), the treasurer of state shall pay the
contractor the amount of the bill approved by the department from
money in the possession of the state that would otherwise be
available for distribution to the county, including distributions
from the property tax replacement fund or distribution of
admissions taxes or wagering taxes.
(q) The treasurer of state shall withhold from the money that
would be distributed under IC 4-33-12-6, IC 4-33-13-5,
IC 6-1.1-21-4(b), or any other law to a county described in a notice
provided under subsection (n) the amount of a payment made by
the treasurer of state to the contractor of the department under
subsection (p). Money shall be withheld first from the money
payable to the county under IC 6-1.1-21-4(b) and then from all
other sources payable to the county.
(r) Compliance with subsections (n) through (q) constitutes
compliance with IC 5-11-10.
(s) IC 5-11-10-1.6(d) applies to the treasurer of state with
respect to the payment made in compliance with subsections (n)
through (q). This subsection and subsections (n) through (q) must be interpreted liberally so that the state shall, to the extent legally valid, ensure that the contractual obligations of a county subject to this section are paid. Nothing in this section shall be construed to create a debt of the state.

(t) The provisions of this section are severable as provided in IC 1-1-1-8(b).

2) include provisions in a contract entered into by the department under section 31.5(g) of this chapter; to require the contractor of the department to represent the department in appeals initiated under section 31.7 of this chapter and to afford to taxpayers an opportunity to attend an informal hearing.

(c) Following an informal hearing referred to in subsection (b), the contractor shall:

1) make a recommendation to the department of local
government finance as to whether a change in the reassessment is warranted; and
(2) if recommending a change under subdivision (1), provide to the department a statement of:
   (A) how the changed assessment or reassessment was determined; and
   (B) the amount of the changed assessment or reassessment.
(d) To preserve the right to appeal under section 31.7 of this chapter, a taxpayer must initiate the informal hearing process by notifying the department of local government finance or its designee of the taxpayer's intent to participate in an informal hearing referred to in subsection (b) not later than forty-five (45) days after the department of local government finance gives notice under section 31.5(h) of this chapter to taxpayers of the amount of the reassessment.
(e) The informal hearings referred to in subsection (b) must be conducted:
   (1) in the county where the property is located; and
   (2) in a manner determined by the department of local government finance.
(f) The department of local government finance shall:

(c) Except as provided in subsections (j) and (k), before the department of local government finance reviews, revises, reduces,

The department of local government finance shall make reductions as specified in the political subdivision's response if the response is provided as required by this subsection and sufficiently specifies all necessary reductions. (4) A taxpayer that owns property that represents at least ten percent (10%) of the taxable assessed valuation in the political subdivision.

The petition must be filed in the tax court not more than forty-five (45) days after the department certifies its action under subsection (f).

(h) The department of local government finance is expressly directed to complete the duties assigned to it under this section not later than February 15th of each year for taxes to be collected during that year.

(i) Subject to the provisions of all applicable statutes, the department of local government finance may increase a political subdivision's tax levy to an amount that exceeds the amount originally fixed by the political subdivision if the increase is:

(1) requested in writing by the officers of the political subdivision;
(2) either:
   (A) based on information first obtained by the political
subdivision after the public hearing under section 3 of this chapter; or
(B) results from an inadvertent mathematical error made in
determining the levy; and
(3) published by the political subdivision according to a notice
provided by the department.

(j) The department of local government finance shall annually
review the budget by fund of each school corporation not later than
April 1. The department of local government finance shall give the

reduction, or increase the department proposes in the school
supplementation's budget by fund. A public hearing is not required in
connection with this review of the budget.

(k) The department of local government finance may hold a
hearing under subsection (c) only if the notice required in
IC 6-1.1-17-12 is published at least ten (10) days before the date of
the hearing.

SECTION 22. IC 6-1.1-21-4 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 4. (a) Each year the
department shall allocate from the property tax replacement fund an
amount equal to the sum of:

(1) each county's total eligible property tax replacement amount
for that year; plus
(2) the total amount of homestead tax credits that are provided
under IC 6-1.1-20.9 and allowed by each county for that year; plus
(3) an amount for each county that has one (1) or more taxing
districts that contain all or part of an economic development
district that meets the requirements of section 5.5 of this chapter.
This amount is the sum of the amounts determined under the
following STEPS for all taxing districts in the county that contain
all or part of an economic development district:

STEP ONE: Determine that part of the sum of the amounts
under section 2(g)(1)(A) and 2(g)(2) of this chapter that is
attributable to the taxing district.
STEP TWO: Divide:
  (A) that part of the subdivision (1) amount that is
      attributable to the taxing district; by
  (B) the STEP ONE sum.
STEP THREE: Multiply:
(A) the STEP TWO quotient; times
(B) the taxes levied in the taxing district that are allocated to
a special fund under IC 6-1.1-39-5.

(b) Except as provided in subsection (e), between March 1 and
August 31 of each year, the department shall distribute to each county
treasurer from the property tax replacement fund one-half (1/2) of the
estimated distribution for that year for the county. Between September
1 and December 15 of that year, the department shall distribute to each
county treasurer from the property tax replacement fund the remaining
one-half (1/2) of each estimated distribution for that year. The amount
of the distribution for each of these periods shall be according to a
schedule determined by the property tax replacement fund board under
section 10 of this chapter. The estimated distribution for each county
may be adjusted from time to time by the department to reflect any
changes in the total county tax levy upon which the estimated
distribution is based.

(c) On or before December 31 of each year or as soon thereafter as
possible, the department shall make a final determination of the amount
which should be distributed from the property tax replacement fund to
each county for that calendar year. This determination shall be known
as the final determination of distribution. The department shall
distribute to the county treasurer or receive back from the county
treasurer any deficit or excess, as the case may be, between the sum of
the distributions made for that calendar year based on the estimated
distribution and the final determination of distribution. The final
determination of distribution shall be based on the auditor's abstract
filed with the auditor of state, adjusted for postabstract adjustments
included in the December settlement sheet for the year, and such
additional information as the department may require.

(d) All distributions provided for in this section shall be made on
warrants issued by the auditor of state drawn on the treasurer of state.
If the amounts allocated by the department from the property tax
replacement fund exceed in the aggregate the balance of money in the
fund, then the amount of the deficiency shall be transferred from the
state general fund to the property tax replacement fund, and the auditor
of state shall issue a warrant to the treasurer of state ordering the
payment of that amount. However, any amount transferred under this
section from the general fund to the property tax replacement fund
shall, as soon as funds are available in the property tax replacement
fund, be retransferred from the property tax replacement fund to the
state general fund, and the auditor of state shall issue a warrant to the treasurer of state ordering the replacement of that amount.

(e) Except as provided in subsection (g) and subject to subsection (h), the department shall not distribute under subsection (b) and section 10 of this chapter a percentage, determined by the department, of the money attributable to the county’s property reassessment fund that would otherwise be distributed to the county under subsection (b) and section 10 of this chapter if:

(1) by the date the distribution is scheduled to be made, the county auditor has not sent a certified statement required to be sent by that date under IC 6-1.1-17-1 to the department of local government finance;

(2) by the deadline under IC 36-2-9-20, the county auditor has not transmitted data as required under that section; or

(3) the county assessor has not forwarded to the department of local government finance the duplicate copies of all approved exemption applications required to be forwarded by that date under IC 6-1.1-11-8(a);

(4) the county assessor has not forwarded to the department of local government finance in a timely manner sales disclosure forms under IC 6-1.1-5.5-3(b);

(5) local assessing officials have not provided information to the department of local government finance in a timely manner under IC 4-10-13-5(b);

(6) the county auditor has not paid a bill for services under IC 6-1.1-4.31.5 to the department of local government finance in a timely manner;

(7) the elected township assessors in the county, the elected township assessors and the county assessor, or the county assessor has not transmitted to the department of local government finance by October 1 of the year in which the distribution is scheduled to be made the data for all townships in the county required to be transmitted under IC 6-1.1-4-25(b);

(8) the county has not established a parcel index numbering system under 50 IAC 12-15-1 in a timely manner; or

(9) a township or county official has not provided other information to the department of local government finance in a timely manner as required by the department.

(f) Except as provided in subsection (i) if the elected township assessors in the county, the elected township assessors and the county
assessor, or the county assessor has not transmitted to the department of local government finance by October 1 of the year in which the distribution is scheduled to be made the data for all townships in the county required to be transmitted under IC 6-1.1-4-25(b); the state board or the department shall not distribute under subsection (b) and section 10 of this chapter a part of the money attributable to the county's property reassessment fund. The portion not distributed is the amount that bears the same proportion to the total potential distribution as the number of townships in the county for which data was not transmitted by October 1 as described in this section bears to the total number of townships in the county:

(g) (f) Except as provided in subsection (i), money not distributed for the reasons stated in subsection (e)(1) and (e)(2) shall be distributed to the county when

(1) the county auditor sends to the department of local government finance the certified statement required to be sent under IC 6-1.1-17-1; and

(2) the county assessor forwards to the department of local government finance the approved exemption applications required to be forwarded under IC 6-1.1-11-8(a);

with respect to which the failure to send or forward resulted in the withholding of the distribution under subsection (e).

(h) Money not distributed under subsection (f) shall be distributed to the county when the elected township assessors in the county, the elected township assessors and the county assessor, or the county assessor transmits to the department of local government finance the data required to be transmitted under IC 6-1.1-4-25(b) with respect to which the failure to transmit resulted in the withholding of the distribution under subsection (f) determines that the failure to:

(1) provide information; or

(2) pay a bill for services;

has been corrected.

(i) (g) The restrictions on distributions under subsections (e) and (f) do not apply if the department of local government finance determines that

(1) the failure of:

(A) a county auditor to send a certified statement; or

(B) a county assessor to forward copies of all approved exemption applications;

as described in subsection (e); or
(2) the failure of an official to transmit data as described in subsection (f):

to:

(1) provide information; or
(2) pay a bill for services;
in a timely manner is justified by unusual circumstances.

(h) The department shall give the county auditor at least thirty (30) days notice in writing before withholding a distribution under subsection (e).

(i) Money not distributed for the reason stated in subsection (e)(6) may be deposited in the fund established by IC 6-1.1-5.5-4.7(a). Money deposited under this subsection is not subject to distribution under subsection (f).
