(b) Every issue of bonds shall be obligations of the authority payable solely out of the revenues or funds of the authority under section 15 of this chapter, subject to agreements with the holders of a particular series of bonds pledging a particular revenue or
Bonds may be additionally secured by a pledge of a grant or contributions from the United States, a political subdivision, or a person, or by a pledge of income or revenues, funds, or money of the authority from any source.

Sec. 8. (a) A bond of the authority:
   (1) is not a debt, liability, loan of the credit, or pledge of the faith and credit of the state or of any political subdivision;
   (2) is payable solely from the money pledged or available for its payment under this chapter, unless funded or refunded by bonds of the authority; and
   (3) must contain on its face a statement that the authority is obligated to pay principal and interest, and redemption premiums, if any, and that the faith, credit, and taxing power of the state are not pledged to the payment of the bond.

(b) The state pledges to and agrees with the holders of the bonds issued under this chapter that the state will not:
   (1) limit or restrict the rights vested in the authority to fulfill the terms of any agreement made with the holders of its bonds; or
   (2) in any way impair the rights or remedies of the holders of the bonds;

until the bonds, together with the interest on the bonds, and interest on unpaid installments of interest, and all costs and expenses in connection with an action or proceeding by or on behalf of the holders, are fully met, paid, and discharged.

Sec. 9. The bonds of the authority are negotiable instruments for all purposes of the Uniform Commercial Code (IC 26), subject only to the provisions of the bonds for registration.

Sec. 10. (a) Bonds of the authority must be authorized by resolution of the authority, may be issued in one (1) or more series, and must:

as the resolution of the authority or the trust agreement securing the bonds provides.

(b) Bonds may be issued under this chapter without obtaining the consent of any state agency and without any other proceeding or condition other than the proceedings or conditions specified in this chapter. However, the total principal of all outstanding bonds issued under this chapter may not exceed one billion dollars ($1,000,000,000). Not more than two hundred million dollars ($200,000,000) in bonds may be issued in any state fiscal year. Bonds issued before July 1, 2007, must provide that debt principal and other debt service payments are not required before July 1, 2007. Bonds may not be issued under this chapter after June 30, 2011, other than bonds issued to refinance bonds originally issued before July 1, 2011.

(c) The rate or rates of interest on the bonds may be fixed or variable. Variable rates shall be determined in the manner and in accordance with the procedures set forth in the resolution authorizing the issuance of the bonds. Bonds bearing a variable rate of interest may be converted to bonds bearing a fixed rate or rates of interest, and bonds bearing a fixed rate or rates of interest may be converted to bonds bearing a variable rate of interest, to the extent and in the manner set forth in the resolution pursuant to which the bonds are issued. The interest on bonds may be payable semiannually or annually or at any other interval or intervals as may be provided in the resolution, or the interest may be compounded and paid at maturity or at any other times as may be specified in the resolution.

(d) The bonds may be made subject to mandatory redemption by the authority at the times and under the circumstances set forth in the authorizing resolution.

Sec. 11. Bonds of the authority may be sold at public or private sale at the price the authority determines. If bonds of the authority are to be sold at public sale, the authority shall publish notice of the sale for two (2) weeks in two (2) newspapers published and of general circulation in Indianapolis.

Sec. 12. The authority may periodically issue its bonds under this chapter and pay and retire the principal of the bonds or pay the interest due thereon or fund or refund the bonds from proceeds of bonds, or from other funds or money of the authority available for that purpose in accordance with a contract between the authority and the holders of the bonds.
Sec. 13. (a) In the discretion of the authority, any bonds issued under this chapter may be secured by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside Indiana.

(b) The trust agreement or the resolution providing for the issuance of the bonds may contain provisions for protecting and enforcing the rights and remedies of the holders of any such bonds as are reasonable and proper and not in violation of law.

(c) The trust agreement or resolution may set forth the rights and remedies of the holders of any bonds and of the trustee and may restrict the individual right of action by the holders.

(d) In addition to the provisions of subsections (a), (b), and (c), any trust agreement or resolution may contain other provisions the authority considers reasonable and proper for the security of the holders of any bonds.

(e) All expenses incurred in carrying out the trust agreement or resolution may be paid from revenues or assets pledged or assigned to the payment of the principal of and the interest on bonds or from any other funds available to the authority.

Sec. 14. The authority may purchase bonds of the authority out of the authority's funds or money available for the purchase of its own bonds. The authority may hold, cancel, or resell the bonds subject to, and in accordance with, agreements with holders of its bonds. Unless canceled, bonds held by the authority are considered to be held for resale or transfer and the obligation evidenced by the bonds shall not be considered to be extinguished.

Sec. 15. (a) The authority may establish and maintain a debt service fund, and if necessary, a reserve fund, for each issue of bonds in which there shall be deposited or transferred:

(1) all money appropriated by the general assembly for the purpose of the fund in accordance with section 18(a) of this chapter;

(2) all proceeds of bonds required to be deposited in the fund by terms of a contract between the authority and its holders or a resolution of the authority with respect to the proceeds of bonds;

(3) all other money appropriated by the general assembly to the funds; and

(4) any other money or funds of the authority that the authority decides to deposit in either fund.
(b) Subject to section 18(b) of this chapter, money in any reserve fund shall be held and applied solely to the payment of the interest on and principal of bonds of the authority as the interest and principal become due and payable and for the retirement of bonds.

(c) Money in any reserve fund in excess of the required debt service reserve, whether by reason of investment or otherwise, may be withdrawn at any time by the authority and transferred to another fund or account of the authority, subject to the provisions of any agreement with the holders of any bonds.

Sec. 16. Money in any reserve fund may be invested in the manner provided in the trust agreement or the resolution authorizing issuance of the bonds.

Sec. 17. For purposes of valuation, investments in the reserve fund shall be valued at par, or if purchased at less than par, at cost unless otherwise provided by resolution or trust agreement of the authority. Valuation on a particular date shall include the amount of interest then earned or accrued to that date on the money or investments in the reserve fund.

Sec. 18. (a) In order to assure the payment of debt service on bonds of the authority issued under this chapter or maintenance of the required debt service reserve in any reserve fund, the general assembly may annually or biannually appropriate to the authority for deposit in one (1) or more of the funds the sum, certified by the chairman of the authority to the general assembly, that is necessary to pay the debt service on the bonds or to restore one (1) or more of the funds to an amount equal to the required debt service reserve. The chairman annually, before December 1, shall make and deliver to the general assembly the chairman's certificate stating the sum required to pay debt service on the bonds or to restore one (1) or more of the funds to an amount equal to the required debt service reserve. This subsection does not create a debt or liability of the state to make any appropriation.

(b) All amounts received on account of money appropriated by the state to any fund shall be held and applied in accordance with section 15(b) of this chapter. However, at the end of each fiscal year, if the amount in any fund exceeds the debt service or required debt service reserve, any amount representing earnings or income received on account of any money appropriated to the funds that exceeds the expenses of the authority for that fiscal year may be transferred to the Indiana twenty-first century research and technology fund established by IC 4-4-5.1-3.
Sec. 19. Subject to any agreement with its holders, the authority may combine a reserve fund established for an issue of bonds into one (1) or more reserve funds.

Sec. 20. The authority may establish additional reserves or other funds or accounts as the authority considers necessary, desirable, or convenient to further the accomplishment of the authority's purposes or to comply with any of the authority's agreements or resolutions.

Sec. 21. Unless the resolution or trust agreement authorizing the bonds provides otherwise, money or investments in a fund or account of the authority established or held for the payment of bonds shall be applied to the payment or retirement of the bonds, and to no other purpose.

Sec. 22. (a) An action to contest the validity of any bonds of the authority to be sold at public sale may not be brought after the fifteenth day following the first publication of notice of the sale of the bonds. An action to contest the validity of any bond sale under this chapter may not be brought after the fifth day following the bond sale.

(b) If bonds are sold at private sale, an action to contest the validity of such bonds may not be brought after the fifteenth day following the adoption of the resolution authorizing the issuance of the bonds.

(c) If an action challenging the bonds of the authority is not brought within the time prescribed by subsection (a) or (b), whichever is applicable, all bonds of the authority are conclusively presumed to be fully authorized and issued under the laws of the state, and a person or a qualified entity is estopped from questioning their authorization, sale, issuance, execution, or delivery by the authority.

(d) If this chapter is inconsistent with any other law (general, special, or local), this chapter controls.

Sec. 23. All property of the authority is exempt from levy and sale by virtue of an execution and no execution or other judicial process may issue against the property. A judgment against the authority may not be a charge or lien upon its property. However, this section does not apply to or limit the rights of the holder of bonds to pursue a remedy for the enforcement of a pledge or lien given by the authority on the authority’s revenues or other money.

Sec. 24. A pledge of revenues or other money made by the authority is binding from the time the pledge is made. Revenues or
other money so pledged and thereafter received by the authority are immediately subject to the lien of the pledge without any further act, and the lien of a pledge is binding against all parties having claims of any kind in tort, contract, or otherwise against the authority, regardless of whether the parties have notice of the lien. Neither the resolution nor any other instrument by which a pledge is created needs to be filed or recorded except in the records of the authority.

Sec. 25. The chairman of the authority may receive from the United States of America or any department or agency thereof, or any state agency any amount of money as and when appropriated, allocated, granted, turned over, or in any way provided for the purposes of the authority or this chapter, and those amounts shall, unless otherwise directed by the federal authority, be credited to and be available to the authority.

Sec. 26. A financial institution may give to the authority a good and sufficient undertaking with such sureties as are approved by the authority to the effect that the financial institution shall faithfully keep and pay over to the order of or upon the warrant of the authority or the authority's authorized agent all those funds deposited with the financial institution by the authority and agreed interest under or by reason of this chapter, at such times or upon such demands as may be agreed with the authority or instead of these sureties, deposit with the authority or the authority's authorized agent or a trustee or for the holders of bonds, as collateral, those securities as the authority may approve. The deposits of the authority may be evidenced by an agreement in the form and upon the terms and conditions that may be agreed upon by the authority and the financial institution.

Sec. 27. The authority may enter into agreements or contracts with a financial institution inside or outside Indiana as the authority considers necessary, desirable, or convenient for rendering services in connection with the care, custody, or safekeeping of securities or other investments held or owned by the authority, for rendering services in connection with the payment or collection of amounts payable as to principal or interest, and for rendering services in connection with the delivery to the authority of securities or other investments purchased by or sold by the authority, and to pay the cost of those services. The authority may also, in connection with any of the services to be rendered by a financial institution as to the custody and safekeeping of its
securities or investments, require security in the form of collateral bonds, surety agreements, or security agreements in such form and amount as, the authority considers necessary or desirable.

Sec. 28. Notwithstanding the restrictions of any other law, all financial institutions, investment companies, insurance companies, insurance associations, executors, administrators, guardians, trustees, and other fiduciaries may legally invest sinking funds, money, or other funds belonging to them or within their control in bonds issued under this chapter.

Sec. 29. All property of the authority is public property devoted to an essential public and governmental function and purpose and is exempt from all taxes and special assessments, direct or indirect, of the state or a political subdivision of the state. All bonds issued under this chapter are issued by a body corporate and public of the state, but not a state agency, and for an essential public and governmental purpose and the bonds, the interest thereon, the proceeds received by a holder from the sale of the bonds to the extent of the holder’s cost of acquisition, proceeds received upon redemption before maturity, and proceeds received at maturity and the receipt of the interest and proceeds are exempt from taxation in the state for all purposes except a state inheritance tax imposed under IC 6-4.1.

Sec. 30. Any bonds issued by the authority under this chapter are exempt from the registration and other requirements of IC 23-2-1 and any other securities registration laws.

Sec. 31. This chapter is supplemental to all other statutes governing the authority.

SECTION 5. IC 8-10-1-4 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 4. Revenue bonds issued under the provisions of this article: shall

(1) do not be deemed to constitute a debt of the commission, the state, or of any political subdivision thereof of the state, or a pledge of the faith and credit of the commission, the state, or of any such political subdivision but such bonds shall be of the state;

(2) are payable solely from the funds pledged for their payment as authorized in this article, unless such the bonds are refunded by refunding bonds issued under the provisions of this chapter, which refunding bonds shall be payable solely from funds pledged for their payment as authorized herein: All such revenue bonds shall in this article; and
(3) must contain on the face thereof a statement to the effect that the bonds, as to both principal and interest, are not an obligation of the commission, the state, of Indiana, or of any political subdivision thereof, but are payable solely from revenues pledged for their payment.

All expenses incurred in carrying out the provisions of this article shall be payable solely from funds provided under the authority of this article and nothing in this article contained shall be construed to authorize the commission to incur indebtedness or liability on behalf of or payable by the state or any political subdivision thereof.

SECTION 6. IC 8-10-1-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 10. (a) The commission is hereby authorized and empowered to acquire by purchase whenever it shall deem such purchase expedient, any land, property, rights, right-of-ways, rights of way, franchises, easements, and other interests in lands, including lands under water and riparian rights, as it may deem necessary or convenient for the construction and operation of any port or project, upon such terms and at such price as may be considered by it to be reasonable and can be agreed upon between the commission and the owner thereof, and to take title thereto in the name of the state.

(b) The commission is hereby further authorized and empowered to sell, transfer, and convey any such land or any interest therein so acquired, or any portion thereof, when the same shall no longer be needed for such purposes. The commission is further authorized and empowered to transfer and convey any such lands or interest therein as may be necessary or convenient for the construction and operation of any port or project, or as otherwise required under the provisions of this article. However, no such sale shall be made without first obtaining the approval of the governor, and a sale may not be made at less than the appraised value established by three (3) independent appraisers appointed by the governor. The commission shall be authorized to restrict the use of any land so sold by it and provide for a reversion to the commission in the event the land shall not be used for the purpose represented by the purchaser, and such restrictions and reversions shall be set out in appropriate covenants in the deeds of conveyance, which deeds shall be subject to the approval of the governor.

(c) The commission shall also be authorized to lease, or grant options to lease, to others for development any portion of the land owned by the commission, on such terms as the commission shall
determine to be advantageous. All such leases or options to lease which leases cover a period of more than four (4) years shall be subject to the approval of the governor. Leases of lands under the jurisdiction or control of the commission shall be made only for such uses and purposes as are calculated to contribute to the growth and development of ports, terminal facilities, and projects under the jurisdiction or control of the commission. In the event the commission shall lease to others a building or structure financed by the issuance of revenue bonds under IC 8-10-4, the rent shall be in an amount at least sufficient to pay the interest on and principal of the amount of such bonds representing the cost of such building or structure to the extent such interest and principal is payable during the term of the lease; as well as to pay the cost of maintenance, repair and insurance for such building and a reasonable portion of the commission's administrative expense incurred during the term of the lease which is allocable to such building or structure. This transaction must be structured as a self-liquidating or nonrecourse project (as defined in IC 8-10-4-1).

(d) No tenant, lessee, licensee, owner of real estate located within a port or project, or other person or entity has any right, claim, title, or interest in any real estate, personal property, or common property owned by the commission, a port, a project, or the state, unless a written agreement entered into by the commission expressly provides:

(1) the exact nature and extent of the right, claim, title, or interest;
(2) all the conditions under which the right, claim, title, or interest is granted; and
(3) a legal or complete description of the specific property.

SECTION 7. IC 8-10-1-16 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 16. In the discretion of the commission any bonds issued under the provisions of this act may be secured by a trust agreement by and between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state, except as provided in IC 8-10-4. Any resolution adopted by the commission providing for the issuance of revenue bonds and any trust agreement pursuant to which such bonds are issued may pledge or assign all or any portion of the revenues received or to be received by the commission except such part as may be necessary to pay the cost of the commission's administrative expenses, operation, maintenance and repair and to provide reserves therefor and depreciation reserves required by any bond resolution adopted or trust agreement executed by the commission, but the
commission shall not convey or mortgage any port or project or any part thereof, except for self liquidating or nonrecourse projects under IC 8-10-4. In authorizing the issuance of bonds for any particular port or project, the commission may limit the amount of such bonds that may be issued as a first lien and charge against the revenues pledged to the payment of such bonds or the commission may authorize the issuance from time to time thereafter of additional bonds secured by the same lien to provide funds for the completion of the port or project on account of which the original bonds were issued, or to provide funds to pay the cost of additional projects undertaken in connection with the development of the port or project, or for both such purposes. Such additional bonds shall be issued on such terms and conditions as may be provided in the bond resolution or resolutions adopted by the commission and in the trust agreement or any agreement supplemental thereto and may be secured equally and ratably without preference, priority or distinction with the original issue of bonds or may be made junior thereto. Any pledge or assignment made by the commission pursuant hereto shall be valid and binding from the time that the pledge or assignment is made and the revenues so pledged and thereafter received by the commission shall immediately be subject to the lien of such pledge or assignment without physical delivery thereof or further act. The lien of such pledge or assignment shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the commission irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created or assignment made need be filed or recorded except in the records of the commission. Any such trust agreement or any resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including, but not limited to, covenants setting forth the duties of the commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the port or project in connection with which such bonds shall have been authorized, the rates of fees, tolls, rentals or other charges, to be collected for the use of the project, and the custody, safeguarding and application of all moneys, and provisions for the employment of consulting engineers in connection with the construction or operation of such project. It shall be lawful for any bank or trust company incorporated under the laws of the state which may
act as depository of the proceeds of bonds or other funds of the commission, to furnish such indemnifying bonds or to pledge such securities as may be required by the commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds or debentures of private corporations. In addition to the foregoing, any such trust agreement may contain such other provisions as the commission may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the port or project.

SECTION 8. IC 8-10-4-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 1. (a) As used in this chapter, "self-liquidating or nonrecourse project" shall mean means:

(B) all costs of maintenance, repair, and insurance of such the project; or

(2) a project that is structured in such a manner that the commission determines there is no recourse against the state or the Indiana port commission.

(b) Other words and terms used in this chapter shall have the same meaning as in other provisions of this article, unless otherwise specifically provided.

SECTION 9. IC 8-10-4-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. In addition to the powers conferred upon the Indiana port commission by other provisions of this article, the commission, in connection with any self-liquidating or nonrecourse project, shall have the following powers notwithstanding any other provision of this article to the contrary:

(a) (1) The revenue bonds issued by the commission to finance the cost of such self-liquidating or nonrecourse project may be issued without regard to any maximum interest rate limitation in this article or any other law.

(b) (2) The revenue bonds issued by the commission to finance
the cost of such self-liquidating or nonrecourse project may be sold in such manner, either at public or private sale, as the commission may determine, and the provisions of IC 4-1-5 shall not be applicable to such sale.

<table>

(2) Notwithstanding subdivision (1), for the calendar year beginning January 1, 1995, the distributive shares for each civil taxing unit in a county containing a consolidated city shall be not less than the following:

- Decatur Township $164,103

- Wayne Township $988,397
- Lawrence-City $648,848
- Beech Grove $639,017
- Southport $18,906
- Speedway $546,000

(3) For each year after 1995, calculate the total amount of revenues that are to be distributed as distributive shares during that month as follows:

STEP ONE: Determine the total amount of revenues that were distributed as distributive shares during that month in calendar year 1995.

STEP TWO: Determine the total amount of revenue that the department has certified as distributive shares for that month under section 17 of this chapter for the calendar year.

STEP THREE: Subtract the STEP ONE result from the STEP TWO result.

STEP FOUR: If the STEP THREE result is less than or equal to zero (0), multiply the STEP TWO result by the ratio established under subdivision (1).

STEP FIVE: Determine the ratio of:

(A) the maximum permissible property tax levy under IC 6-1.1-18.5, and IC 6-1.1-18.6 IC 12-19-7, and
IC 12-19-7.5 for each civil taxing unit for the calendar year in which the month falls, plus, for a county, an amount equal to the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund; divided by
(B) the sum of the maximum permissible property tax levies under IC 6-1.1-18.5, and IC 6-1.1-18.6 IC 12-19-7, and IC 12-19-7.5 for all civil taxing units of the county during the calendar year in which the month falls, and an amount equal to the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund.

STEP SIX: If the STEP THREE result is greater than zero (0), the STEP ONE amount shall be distributed by multiplying the STEP ONE amount by the ratio established under subdivision (1).

STEP SEVEN: For each taxing unit determine the STEP FIVE ratio multiplied by the STEP TWO amount.

STEP EIGHT: For each civil taxing unit determine the difference between the STEP SEVEN amount minus the product of the STEP ONE amount multiplied by the ratio established under subdivision (1). The STEP THREE excess shall be distributed as provided in STEP NINE only to the civil taxing units that have a STEP EIGHT difference greater than or equal to zero (0).

STEP NINE: For the civil taxing units qualifying for a distribution under STEP EIGHT, each civil taxing unit's share equals the STEP THREE excess multiplied by the ratio of:
(A) the maximum permissible property tax levy under IC 6-1.1-18.5, and IC 6-1.1-18.6 IC 12-19-7, and IC 12-19-7.5 for the qualifying civil taxing unit during the calendar year in which the month falls, plus, for a county, an amount equal to the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund; divided by
(B) the sum of the maximum permissible property tax levies under IC 6-1.1-18.5, and IC 6-1.1-18.6 IC 12-19-7, and IC 12-19-7.5 for all qualifying civil taxing units of the county during the calendar year in which the month falls, and an amount equal to the property taxes imposed by the
county in 1999 for the county's welfare fund and welfare administration fund.

SECTION 7. IC 4-4-11-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE MAY 15, 2005]: Sec. 2. (a) The legislature makes the following findings of fact:

1. That there currently exists in certain areas of the state critical conditions of unemployment, inadequate drinking water, inadequate wastewater and storm water management, or environmental pollution, including water pollution, air pollution, sewage and solid waste, radioactive waste, thermal pollution, radiation contamination, and noise pollution, and that these conditions may well exist, from time to time, in other areas of the state.

2. That in some areas of the state such conditions are chronic and of long standing and that without remedial measures they may become so in other areas of the state.

3. That economic insecurity due to unemployment, inadequate drinking water, inadequate wastewater and storm water management, or environmental pollution is a menace to the health, safety, morals, and general welfare of not only the people of the affected areas but of the people of the entire state.

4. That involuntary unemployment and its resulting burden of indigency falls with crushing force upon the unemployed worker and ultimately upon the state in the form of public assistance and unemployment compensation.

5. That security against unemployment and the resulting spread of indigency and economic stagnation in the areas affected can best be provided by:

   A. the promotion, attraction, stimulation, rehabilitation, and revitalization of industrial development projects, rural development projects, mining operations, and agricultural operations that involve the processing of agricultural products;

(7) That there is a need to stimulate a larger flow of private investment funds from commercial banks, investment bankers, insurance companies, other financial institutions, and individuals into such industrial development projects, rural development projects, mining operations, international exports, and agricultural operations that involve the processing of agricultural products in the state.

(8) That the authority can encourage the making of loans or leases for creation or expansion of industrial development projects, rural development projects, mining operations, international exports, and agricultural operations that involve the processing of agricultural products, thus putting a larger portion of the private capital available in Indiana for investment to use in the general economic development of the state.

(9) That the issuance of bonds of the authority to create a financing pool for industrial development projects and carrying out the purposes of IC 13-18-13 and IC 13-18-21 promoting a substantial likelihood of opportunities for:
   (A) gainful employment;
   (B) business opportunities;
   (C) educational enrichment (including cultural, intellectual, scientific, or artistic opportunities);
   (D) the abatement, reduction, or prevention of pollution;
(E) the provision of safe drinking water;
(F) the provision of wastewater and storm water management;
(G) the removal or treatment of any substances in materials being processed that otherwise would cause pollution when used; or
(H) increased options for and availability of child care;
will improve the health, safety, morals, and general welfare of the people of the state and constitutes a public purpose for which the authority shall exist and operate.

(10) That the issuance of bonds of the authority to create a funding source for the making of guaranteed participating loans will promote and encourage an expanding international exports market and international exports sales and will promote the general welfare of all of the people of Indiana by assisting Indiana businesses through stimulation of the expansion of international exports sales for Indiana products and services, especially those of small and medium-sized businesses, by providing financial assistance through the authority.

(b) The Indiana development finance authority shall exist and operate for the public purposes of:

(1) promoting opportunities for gainful employment and business opportunities by the promotion and development of industrial development projects, rural development projects, mining operations, international exports, and agricultural operations that involve the processing of agricultural products, in any areas of the state;

(2) promoting the educational enrichment (including cultural, intellectual, scientific, or artistic opportunities) of all the people of the state by the promotion, development, and assistance of educational facility projects;

(3) promoting affordable farm credit and agricultural loan financing at interest rates that are consistent with the needs of borrowers for farming and agricultural enterprises;

(4) preventing and remediating environmental pollution, including water pollution, air pollution, sewage and solid waste disposal, radioactive waste, thermal pollution, radiation contamination, and noise pollution affecting the health and
well-being of the people of the state by:

(A) the promotion and development of industrial development projects; and

(B) carrying out the purposes of IC 13-18-13 and IC 13-18-21;

(5) promoting the provision of safe and adequate drinking water and wastewater and storm water management to positively affect the public health and well-being by carrying out the purposes of IC 13-18-13 and IC 13-18-21;

(6) otherwise positively affecting the public health and well-being by carrying out the purposes of IC 13-18-13 and IC 13-18-21; and

(1) There are currently numerous bodies corporate and politic of the state, with separate decision making and borrowing authority, that may issue bonds, notes, obligations, and otherwise access the financial markets.

1) A guarantee shall be made only of industrial development obligations or credit enhancement obligations for the purpose of retaining, retaining and expanding, or bringing significant employment into Indiana, as determined by the board under subdivision (3)(A).

Each guarantee must provide that in the event of a valid claim of loss by the lender, the lessor, or the issuer of the credit
enhancement arising under the industrial development obligation or credit enhancement documents, the amount of the loss, up to two million dollars ($2,000,000), shall first be paid by the industrial development project guaranty fund created by IC 4-4-11-16, and only the remainder of the loss, if any, shall to the extent guaranteed be paid by the public deposit insurance fund. Neither fund is responsible for the amount due from the other under its guarantee.

(3) The guarantee of the industrial development obligation or credit enhancement obligation by the board for depositories must be recommended by the Indiana development finance authority. Subject to that recommendation, the board for depositories may make the guarantee if it determines:
  
  (A) that the guarantee creates a reasonable probability that loss in Indiana employment that would occur will be significantly reduced or that Indiana's employment will be significantly expanded;
  (B) that the consequent reduction in employment loss or the expansion in employment will enhance the economic stability of the community or communities in the state where the borrower or lessee conducts its business;
  (C) that there is reasonable probability that the industrial development obligation will be repaid or satisfied or that the credit enhancement will be satisfied; and
  (D) that the industrial development obligation or credit enhancement obligation and guarantee are protected against loss and the borrower or lessee has agreed to pay the insurance fund a guarantee premium annually as provided in subdivision (6).

(4) Protection against loss on the industrial development obligation or credit enhancement obligation guaranteed will be provided:
  
  (A) in loan transactions by:
    (i) a valid security agreement;
    (ii) mortgage;
    (iii) combination of (i) and (ii); or
    (iv) other document; and
  (B) in lease transactions by the guaranteed party's rights as
(5) The term of the guarantee must not exceed twenty (20) years. The amount of the guarantee provided by the board, together with the corresponding guarantee to be provided by the industrial development project guaranty fund under subdivision (2), must not exceed:

(A) the lesser of:
   (i) ninety percent (90%) of the unpaid balance of the obligation; or
   (ii) ninety percent (90%) of the appraised fair market value of the real estate;
if the obligation is backed by real estate;

(B) the lesser of:
   (i) seventy-five percent (75%) of the unpaid balance of the obligation; or
   (ii) seventy-five percent (75%) of the appraised fair market value of the equipment;
if the obligation is backed by equipment; or

(C) a weighted average of the figures derived under clauses (A)(ii) and (B)(ii) if the obligation is backed by real estate and equipment.

(6) The guarantee premium to be received by the public deposit insurance fund for the guarantee must be at an annual percentage rate on the outstanding principal amount of the industrial development obligation or the credit enhancement obligation of not less, in the discretion of the board, than the market rate for guarantees, mortgage insurance rates, or letters of credit used for similar purposes at the time the guarantee is made. However, the annual percentage rate must not exceed two percent (2%) of the outstanding principal obligation.

(b) The following conditions apply to the making of bond bank obligation guarantees under section 7(d)(7) of this chapter:

(1) Each bond bank obligation guaranteed must be secured by a pledge of securities of a qualified entity (as defined in IC 5-1.5-1-8) under an indenture of trust requiring an adequate debt reserve fund.

(2) The board for depositories shall fix the one (1) time or annual charge to be paid by the bond bank for each guarantee in an
amount considered by the board to be appropriate and consistent with the market rate for that guarantee, taking into consideration the terms of the indenture applicable to the bond bank obligation.

(3) The board for depositories may agree to other terms for each guarantee that the secretary-investment manager certifies as being commercially reasonable and that the board, in its judgment, determines to be proper.

(c) Any claim, loss, or debt arising out of any guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter is the obligation of the board for depositories payable out of the public deposit insurance fund only and does not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state. The document evidencing any guarantee must have on its face the words, "The obligations created by this guarantee (or other document as appropriate) do not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state but are obligations of the board for public depositories and are payable solely out of the public deposit insurance fund, and neither the faith and credit nor the taxing power of the state is pledged to the payment of any obligation hereunder."

(d) Any claim of loss by a lender or lessor under a guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter, at the time it is made in writing to the board, has priority against the fund on all claims made after that time.

(a) The amount of tax credits allowed under this chapter may not exceed two million dollars ($2,000,000) in a state fiscal year unless the Indiana [development] finance authority determines under subsection (e) that money is available for additional tax credits in a particular state fiscal year. However, if the maximum amount of tax credits allowed under this subsection exceeds the amount available in the subaccount of the environmental remediation revolving loan fund (IC 13-19-5), the maximum amount of tax credits allowed under this subsection is reduced to the amount available.

(b) The department shall record the time of filing of each return claiming a credit under section 13 of this chapter and shall, except as provided in subsection (c), grant the credit to the taxpayer, if the taxpayer otherwise qualifies for a tax credit under this chapter, in the chronological order in which the return is filed in the state fiscal year.

(c) If the total credits approved under this section equal the maximum amount allowable in a state fiscal year, a return claiming the credit filed later in that same fiscal year may not be approved. However, if an applicant for whom a credit has been approved fails to file the information required by section 13 of this chapter, an amount equal to the credit previously allowed or set aside for the applicant may be allowed to the next eligible applicant or applicants until the total amount has been allowed. In addition, the department may, if the applicant so requests, approve a credit application, in whole or in part, with respect to the next succeeding state fiscal year.

(d) The department of state revenue shall report the total credits granted under this chapter for each state fiscal year to the Indiana [development] finance authority. The Indiana [development] finance authority shall transfer to the state general fund an amount equal to the total credits granted from the subaccount of the environmental remediation revolving loan fund (IC 13-19-5).
(e) At the end of each state fiscal year, the Indiana development finance authority may determine whether money is available in the environmental remediation revolving loan fund (IC 13-19-5) to provide tax credits in excess of the amount set forth in subsection (a) in the subsequent state fiscal year.

(f) Before June 30 of each year, the Indiana development finance authority may assess the demand for tax credits under this chapter and determine whether the need for other brownfield activities is greater than the need for tax credits. If the Indiana development finance authority determines that the need for other brownfield activities is greater than the need for tax credits, the authority may set aside up to three-fourths (3/4) of the amount of allowable tax credits for the subsequent state fiscal year and use it for other brownfield projects.

(g) Except as provided in subsection (h), the Indiana development finance authority may use money set aside under subsection (f) for any permissible purpose.

(h) Money specifically appropriated for tax credits may not be set aside for another use.

Chapter 33. Indiana Broadband Development Program

Sec. 1. (a) The general assembly finds that certain areas of Indiana are not being adequately served with broadband services.

(b) The general assembly declares that it is a valid public purpose for the Indiana finance authority to issue bonds and notes, and loan the proceeds of those bonds and notes to the program, so that the authority may provide for financing or refinancing to broadband developers and broadband operators serving underserved areas.

If voice transmission capacity is offered in conjunction with other services using transmission of more than two hundred (200) kilobits per second, the voice transmission capacity may be less
than two hundred (200) kilobits per second. The authority shall
annually reconsider the two hundred (200) kilobits threshold under
this section with a bias toward raising the threshold in a manner
consistent with technological advances.

Sec. 9. As used in this chapter, "development costs" means the
costs associated with the broadband infrastructure that have been
approved by the authority and includes all the following:

underserved areas within Indiana. The authority shall send a
request to each person that provides a relevant service within one
hundred (100) miles of the proposed broadband service area. A
request under this subsection must inquire as to whether the
person:
(1) provides broadband service; or
(2) intends to provide broadband service not later than three
months after the date of the authority’s request under this
subsection;
in the proposed broadband service area. This section does not
empower the authority to require providers of broadband service
to disclose confidential and proprietary business plans and other
confidential information without adequate protection of the

(b) The authority may determine that there is not a person that
provides or intends to provide broadband service in the proposed
broadband service area if the authority’s inquiry under subsection

(1) The authority does not receive a response to any of the
requests sent under subsection (a) within twenty (20) days
after the date the requests were sent.

taxes due from the taxpayer for a tax period (or payment of the
unpaid listed taxes in full in the manner and time established in a
written payment program agreement between the department and
the taxpayer), entry into an agreement that the taxpayer is not
eligible for any other amnesty program that may be established
and waives any part of interest and penalties on the same type of
listed tax that is being granted amnesty in the current amnesty
program, and compliance with all other amnesty conditions
adopted under a rule of the department in effect on the date the
voluntary payment is made, the department:

period. The department shall conduct an assessment of the impact
of the tax amnesty program on tax collections and an analysis of
the costs of administering the tax amnesty program. As soon as

However, an individual adopted after being totally emancipated shall be treated as the natural child of the adopting parent if the adoption was finalized before July 1, 2004.

(b) If the appropriate probate court finds that because of an unavoidable delay an inheritance tax return cannot be filed within nine (9) months after the date of decedent's death, the court may extend the period for filing the return. After the expiration of the first extension period, the court may grant a subsequent extension if the person seeking the extension files a written motion which states the reason for the delay in filing the return.

(2) Three-fourths (3/4) of the net estate, if there is no surviving issue, but the intestate is survived by one (1) or both of the intestate's parents.

(3) All of the net estate, if there is no surviving issue or parent.

(c) If the surviving spouse is a second or other subsequent spouse who did not at any time have children by the decedent, and the decedent left surviving him the decedent a child or children or the descendants of a child or children by a previous spouse, such surviving second or subsequent childless spouse shall take only an amount equal to twenty-five percent (25%) of the fair market value as of the date of death of the lands real property of the deceased spouse, less liens and encumbrances on the real property of the deceased spouse, and the fee shall, at the decedent's death, vest at once in such child or children, or the descendants of such as may be dead. Such second or subsequent childless spouse shall, however, receive the same share of the personal
property of the decedent as is provided in subsection (b) with respect to surviving spouses generally.

(d) The share of the net estate not distributable to the surviving spouse, or the entire net estate if there is no surviving spouse, shall descend and be distributed as follows:

(1) To the issue of the intestate, if they are all of the same degree of kinship to the intestate, they shall take equally, or if of unequal degree, then those of more remote degrees shall take by representation.

(2) If there is a surviving spouse but no surviving issue of the intestate, then to the surviving parents of the intestate.

(3) If there is no surviving spouse or issue of the intestate, then to the surviving parents, brothers, and sisters, and the issue of deceased brothers and sisters of the intestate. Each living parent of the intestate shall be treated as of the same degree as a brother or sister and shall be entitled to the same share as a brother or sister. However, the share of each parent shall be not less than one-fourth (1/4) of such net estate. Issue of deceased brothers and sisters shall take by representation.

(4) If there is no surviving parent or brother or sister of the intestate, then to the issue of brothers and sisters. If such distributees are all in the same degree of kinship to the intestate, they shall take equally or, if of unequal degree, then those of more remote degrees shall take by representation.

(5) If there is no surviving issue or parent of the intestate or issue of a parent, then to the surviving grandparents of the intestate equally.

(6) If there is no surviving issue or parent or issue of a parent, or grandparent of the intestate, then the estate of the decedent shall be divided into that number of shares equal to the sum of:

(B) the number of deceased brothers and sisters of the decedent's parents leaving issue surviving both them and the decedent;
and one (1) of the shares shall pass to each of the brothers and sisters of the decedent's parents or their respective issue per stirpes.

(a) A person is a constructive trustee of any property that is acquired by him or that he is otherwise entitled to receive as a result of a decedent's death, including property from a trust, if that person has been found guilty, or guilty but mentally ill, of murder, causing suicide, or voluntary manslaughter, because of the decedent's death. A judgment of conviction is conclusive in a subsequent civil action to have the person declared a constructive trustee.

(b) A civil action may be initiated to have a person declared a constructive trustee of property that is acquired by him or that he is otherwise entitled to receive, including property from a trust, as a result of a decedent's death, if:

(1) the person has been charged with murder, causing suicide, or voluntary manslaughter, because of the decedent's death; and

(2) the person has been found not responsible by reason of insanity at the time of the crime.

If a civil action is initiated under this subsection, the court shall declare that the person is a constructive trustee of the property if by a preponderance of the evidence it is determined that the person killed or caused the suicide of the decedent.

(c) If a constructive trust is established under this section, the property that is subject to the trust may be used only to benefit those persons, other than the constructive trustee, legally entitled to the property, determined as if the constructive trustee had died immediately before the decedent. However, if any property that the constructive trustee acquired as a result of the decedent's death has been sold to an innocent purchaser for value who acted in good faith, that property is no longer subject to the constructive trust, but the property received from the purchaser under the transaction becomes
subject to the constructive trust.

SECTION 5. IC 29-1-2-14 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 14. If either a husband or wife shall have left the other and shall be living at the time of his or her death in adultery, he or she as the case may be shall take no part of the estate or trust of the deceased husband or wife.

SECTION 6. IC 29-1-2-15 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 15. If a person shall abandon his or her spouse without just cause, he or she shall take no part of his or her estate or trust.

SECTION 7. IC 29-1-3-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) Except as provided in subsection (b), the election by a surviving spouse to take the share hereinbefore provided must be made not later than ten (10) days three (3) months after the expiration of the time limited for the filing of claims; provided that date of the order admitting to probate the will against which the election is made.

(b) If, at the expiration of such period for making the election, litigation is pending to test the validity or determine the effect or construction of the will or to determine the existence of issue surviving the deceased, or to determine any other matter of law or fact which would affect the amount of the share to be received by the surviving spouse, the right of such surviving spouse to make an election shall not be barred until the expiration of thirty (30) days after the final determination of the litigation.

SECTION 8. IC 29-1-6-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 1. In the absence of a contrary intent appearing in the will, wills shall be construed as to real and personal estate in accordance with the rules in this section.

(a) Any estate, right, or interest in land or other things acquired by the testator after the making of the testator's will shall pass as if title was vested in the testator at the time of making of the will.

(b) All devises of real estate shall pass the whole estate of the testator in the premises devised, although there are no words of inheritance or of perpetuity, whether or not at the time of the execution of the will the decedent was the owner of that particular interest in the real estate devised. Such devise shall also pass any interest which the testator may have at the time of the testator's death as vendor under a
(c) A devise of real or personal estate, whether directly or in trust, to the testator's or another designated person's "heirs", "next of kin", "relatives", or "family", or to "the persons thereunto entitled under the intestate laws" or to persons described by words of similar import, shall mean those persons (including the spouse) who would take under the intestate laws if the testator or other designated person were to die intestate at the time when such class is to be ascertained, domiciled in this state, and owning the estate so devised. With respect to a devise which does not take effect at the testator's death, the time when such class is to be ascertained shall be the time when the devise is to take effect in enjoyment.

(d) In construing a will making a devise to a person or persons described by relationship to the testator or to another, any person adopted prior to the person's twenty-first birthday before the death of the testator shall be considered the child of the adopting parent or parents and not the child of the natural or previous adopting parents. However, if a natural parent or previous adopting parent marries the adopting parent before the testator's death, the adopted person shall also be considered the child of such natural or previous adopting parent. Any person adopted after the person's twenty-first birthday by the testator shall be considered the child of the testator, but no other person shall be entitled to establish relationship to the testator through such child.

(e) In construing a will making a devise to a person described by relationship to the testator or to another, a person born out of wedlock shall be considered the child of the child's mother, and also of the child's father, if, but only if, the child's right to inherit from the child's father is, or has been, established in the manner provided in IC 29-1-2-7.

(f) A will shall not operate as the exercise of a power of appointment which the testator may have with respect to any real or personal estate, unless by its terms the will specifically indicates that the testator intended to exercise the power.

(g) If a devise of real or personal property, not included in the residuary clause of the will, is void, is revoked, or lapses, it shall become a part of the residue, and shall pass to the residuary devisee. Whenever any estate, real or personal, shall be devised to any
descendant of the testator, and such devisee shall die during the lifetime of the testator, whether before or after the execution of the will, leaving a descendant who shall survive such testator, such devise shall not lapse, but the property so devised shall vest in the surviving descendant of the devisee as if such devisee had survived the testator and died intestate. The word "descendant", as used in this section, includes children adopted during minority by the testator and by the testator's descendants and includes descendants of such adopted children. "Descendant" also includes children of the mother who are born out of wedlock, and children of the father who are born out of wedlock, if, but only if, such child's right to inherit from such father is, or has been, established in the manner provided in IC 29-1-2-7. This rule applies where the parent is a descendant of the testator as well as where the parent is the testator. Descendants of such children shall also be included.

(h) Except as provided in subsection (m), if a testator in the testator's will refers to a writing of any kind, such writing, whether subsequently amended or revoked, as it existed at the time of execution of the will, shall be given the same effect as if set forth at length in the will, if such writing is clearly identified in the will and is in existence both at the time of the execution of the will and at the testator's death.

(i) If a testator devises real or personal property upon such terms that the testator's intentions with respect to such devise can be determined at the testator's death only by reference to a fact or an event independent of the will, such devise shall be valid and effective if the testator's intention can be clearly ascertained by taking into consideration such fact or event even though occurring after the execution of the will.

(j) If a testator devises or bequeaths property to be added to a trust or trust fund which is clearly identified in the testator's will and which trust is in existence at the time of the death of the testator, such devise or bequest shall be valid and effective. Unless the will provides otherwise, the property so devised or bequeathed shall be subject to the terms and provisions of the instrument or instruments creating or governing the trust or trust fund, including any amendments or modifications in writing made at any time before or after the execution of the will and before or after the death of the testator.

(k) If a testator devises securities in a will and the testator then
owned securities that meet the description in the will, the devise includes additional securities owned by the testator at death to the extent the additional securities were acquired by the testator after the will was executed as a result of the testator's ownership of the described securities and are securities of any of the following types:

1. Securities of the same organization acquired because of an action initiated by the organization or any successor, related, or acquiring organization, excluding any security acquired by exercise of purchase options.
2. Securities of another organization acquired as a result of a merger, consolidation, reorganization, or other distribution by the organization or any successor, related, or acquiring organization.
3. Securities of the same organization acquired as a result of a plan of reinvestment.

Distributions in cash before death with respect to a described security are not part of the devise.

For purposes of this subsection, "incapacitated principal" means a principal who is an incapacitated person. An adjudication of incapacity before death is not necessary. The acts of an agent within the authority of a durable power of attorney are presumed to be for an incapacitated principal. If:

1. specifically devised property is sold or mortgaged by; or
2. a condemnation award, insurance proceeds, or recovery for injury to specifically devised property are paid to;

a guardian or an agent acting within the authority of a durable power of attorney for an incapacitated principal, the specific devisee has the right to a general pecuniary devise equal to the net sale price, the amount of the unpaid loan, the condemnation award, the insurance proceeds, or the recovery.

A written statement or list that:
1. complies with this subsection; and
2. is referred to in a will;
may be used to dispose of items of tangible personal property, other than property used in a trade or business, not otherwise specifically disposed of by the will. To be admissible under this subsection as evidence of the intended disposition, the writing must be signed by the testator and must describe the items and the beneficiaries with reasonable certainty. The writing may be
prepared before or after the execution of the will. The writing may be altered by the testator after the writing is prepared. The writing may have no significance apart from the writing’s effect on the dispositions made by the will. If more than one (1) otherwise effective writing exists, then, to the extent of a conflict among the writings, the provisions of the most recent writing revoke the inconsistent provisions of each earlier writing.

SECTION 9. IC 29-1-7-3.1 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 3.1. (a) This section applies whether it is:

(b) The court may modify the administrative terms of a trust or terminate the trust if:

1) the purpose of the trust has been fulfilled; or
2) continuation of the trust on the trust's existing terms would:
   A) be illegal, impossible, impracticable, or wasteful; or
   B) impair the trust's administration.

(c) If the trust terminates under this section, the court shall direct the trustee to distribute the trust property in a manner consistent with the purposes of the trust.

2) remove the trustee and appoint a different trustee; if the court determines that the value of the trust property is insufficient to justify the cost of administration. (d) If a trust terminates under subsection (b), the trustee shall
distribute the trust property in a manner consistent with the purposes of the trust.

(b) The terms of a charitable trust that would result in the distribution of the trust property to a noncharitable beneficiary prevails over the power of the court under subsection (a) to apply the cy pres doctrine to modify or terminate the trust only if, when the provision takes effect:

(c) Unless a successor trustee is named in or selected according to a method prescribed in the terms of the trust; the court may appoint a trustee to replace a removed; resigned; or deceased trustee and; on petition by a party to the trust; may appoint a co-trustee if to do so would facilitate more effective administration of the trust. (2) until the trust property is delivered to a successor trustee or other person entitled to the trust property.

The attorney in fact or a person that the attorney in fact has a legal obligation to support may not be the recipient of gifts in one (1) year that total more than ten thousand dollars ($10,000) in aggregate value to the recipient; the amount allowed as an exclusion from gifts under Section 2503 of the Internal Revenue Code.

(b) The powers described in this section are exercisable equally with respect to a gift of property in which the principal is interested at the time of the giving of the power of attorney or becomes interested in after that time, whether conducted in Indiana or in another jurisdiction.

SECTION 51. IC 30-5-8-7 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 7. (a) A person who acts in good faith reliance on a power of attorney is immune from liability to the same extent as if the person had dealt directly with the named principal and the named principal had been competent and not incapacitated.

(b) The named attorney in fact may furnish an affidavit to a person that states, to the best knowledge of the attorney in fact:

(1) that the instrument relied on by the person is a true copy of the power of attorney;
(2) that the named principal is alive;
(3) that the power of attorney was validly granted and executed;
(4) that the relevant powers granted to the attorney in fact have not been altered or terminated;
(5) in the case of a successor attorney in fact, that the original attorney in fact has failed or ceased to serve and the successor attorney in fact is empowered to act on behalf of the principal; and
(6) if the effective date of the power of attorney begins upon the occurrence of a certain event, that the event has occurred and the attorney in fact is authorized to act under the power of attorney.
(c) A person who:
   (1) relies on an affidavit described in subsection (b); and
   (2) acts in good faith;

is immune from liability that might otherwise arise from the person's action in reliance on the power of attorney that is the subject of the affidavit.

SECTION 52. IC 30-5-9-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) An attorney in fact who acts with due care for the benefit of the principal is not liable or limited only because the attorney in fact:
   (1) also benefits from the act;

   (3) acts in a different manner with respect to the principal's and the attorney in fact's individual interests.

(b) A gift, bequest, transfer, or transaction is not presumed to be valid or invalid if the gift, bequest, transfer, or transaction:

SECTION 53. IC 30-5-10-4 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 4. (a) Except as provided in subsections (b) and (c), a power of attorney terminates on the death of the principal.

(b) The death of a principal who has executed a written power of attorney does not revoke or terminate the power of attorney as to the attorney in fact or other person who, without actual knowledge of the death of the principal, acts in good faith under the power. Unless otherwise invalid or unenforceable, an action taken under this subsection binds the principal and the principal's successors in interest.

(c) The death of a principal who executes a written power of attorney does not revoke or terminate the power of attorney as to authority granted under IC 30-5-16(b)(5) through IC 30-5-16(b)(7). An action taken under this subsection binds the principal and the principal's successors in interest, unless the action is inconsistent with a written directive executed by the
principal before the principal's death.

(c) Notice from the United States Department of Defense of the death of a principal who has given a power of attorney is official notice of the death of the principal. A report or listing of the principal's being missing or missing in action does not do any of the following:

1. Constitute and may not be interpreted as actual notice of the death of the principal.
2. Terminate the power of attorney.

SECTION 54. IC 32-17.5-4-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 1. Except for a disclaimer under IC 32-17.5-5 or IC 32-17.5-6-1, the following rules apply to a disclaimer of an interest in property:

   (A) when the instrument creating the interest becomes irrevocable; or
   (B) upon the intestate's death if the interest arose under the law of intestate succession.

2. A disclaimed interest passes according to any provision in the instrument creating the interest:
   (A) that provides for the disposition of the interest should the interest be disclaimed; or
   (B) that concerns disclaimed interests in general.

3. If the instrument creating the disclaimed interest does not contain a provision described in subdivision (2), the following rules apply:
   (A) If the disclaimant is an individual, the following rules apply:
      (i) Except as provided in item (ii), the disclaimed interest passes as if the disclaimant had died immediately before the time of distribution.
      (ii) If, by law or under the instrument, the descendants of the disclaimant would share in the disclaimed interest by any method of representation had the disclaimant died before the time of distribution, the disclaimed interest passes only to the descendants of the disclaimant who survive at the time of distribution.
   (B) If the disclaimant is not an individual, the disclaimed interest passes as if the disclaimant did not exist.
(4) If the disclaimed interest arose under the law of intestate succession, the disclaimed interest passes as if the disclaimant had died immediately before the intestate's death.

(4) (5) Upon the disclaimer of a preceding interest:

(A) a future interest held by a person other than the disclaimant takes effect as if the disclaimant had died or ceased to exist immediately before the time of distribution; and

(B) a future interest held by the disclaimant is not accelerated in possession or enjoyment.

SECTION 55. IC 32-29-7-3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 3. (a) In a proceeding for the foreclosure of a mortgage executed on real estate, process may not issue for the execution of a judgment or decree of sale for a period of three (3) months after the filing of a complaint in the proceeding. However:

(1) the period shall be:

(A) twelve (12) months in a proceeding for the foreclosure of a mortgage executed before January 1, 1958; and

(B) six (6) months in a proceeding for the foreclosure of a mortgage executed after December 31, 1957, but before July 1, 1975; and

(2) if the court finds that the mortgaged real estate is residential real estate and has been abandoned, a judgment or decree of sale may be executed on the date the judgment of foreclosure or decree of sale is entered, regardless of the date the mortgage is executed.

(b) A judgment and decree in a proceeding to foreclose a mortgage that is entered by a court having jurisdiction may be filed with the clerk in any county as provided in IC 33-32-3-2. After the period set forth in subsection (a) expires, a person who may enforce the judgment and decree may file a praecipe with the clerk in any county where the judgment and decree is filed, and the clerk shall promptly issue and certify to the sheriff of that county a copy of the judgment and decree under the seal of the court.

(c) Upon receiving a certified judgment under subsection (b), the sheriff shall, subject to section 4 of this chapter, sell the mortgaged premises or as much of the mortgaged premises as necessary to satisfy
the judgment, interest, and costs at public auction at the office of the sheriff or at another location that is reasonably likely to attract higher competitive bids. The sheriff shall schedule the date and time of the sheriff's sale for a time certain between the hours of 10 a.m. and 4 p.m. on any day of the week except Sunday.

(d) Before selling mortgaged property, the sheriff must advertise the sale by publication once each week for three (3) successive weeks in a daily or weekly newspaper of general circulation. The sheriff shall publish the advertisement in at least one (1) newspaper published and circulated in each county where the real estate is situated. The first publication shall be made at least thirty (30) days before the date of sale. At the time of placing the first advertisement by publication, the sheriff shall also serve a copy of the written or printed notice of sale upon each owner of the real estate. Service of the written notice shall be made as provided in the Indiana Rules of Trial Procedure governing service of process upon a person. The sheriff shall charge a fee of ten dollars ($10) to one (1) owner and three dollars ($3) to each additional owner for service of written notice under this subsection. The fee is:

(1) a cost of the proceeding;
(2) to be collected as other costs of the proceeding are collected; and
(3) to be deposited in the county general fund for appropriation for operating expenses of the sheriff's department.

(e) The sheriff also shall post written or printed notices of the sale in at least three (3) public places in each township in which the real estate is situated and at the door of the courthouse of each county in which the real estate is located.

(f) If the sheriff is unable to procure the publication of a notice within the county, the sheriff may dispense with publication. However, the sheriff shall state that the sheriff was not able to procure the publication and explain the reason why publication was not possible.

(g) Notices under subsections (d) and (e) must contain a statement, for informational purposes only, of the location of each property by street address, if any, or other common description of the property other than legal description. A misstatement in the informational statement under this subsection does not invalidate an otherwise valid sale.

(h) The sheriff may charge an administrative fee of not more than two hundred dollars ($200) with respect to a proceeding
referred to in subsection (b) for actual costs directly attributable to the administration of the sale under subsection (c). The fee is:

(1) payable by the person seeking to enforce the judgment and decree; and

SECTION 3. IC 4-22-2-28.2 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 28.2. (a) This section applies to a violation described in subsection (c) that occurs after June 30, 2005. However, in the case of a violation of a rule adopted under IC 13-14-9 by the department of environmental management or any of the boards (as defined in IC 13-11-2-18), the procedures set forth in IC 13-30-4-3 and IC 13-30-7 apply instead of this section.

(2) The violation resulted in a substantial economic benefit that afforded the small business a clear advantage over the small business's competitors.

(3) The small business has a pattern of continuous or repeated

AN ACT to amend the Indiana Code concerning local government.

Be it enacted by the General Assembly of the State of Indiana:

SECTION 1. IC 32-29-7-3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 3. (a) In a proceeding for the foreclosure of a mortgage executed on real estate, process may not issue for the execution of a judgment or decree of sale for a period of three (3) months after the filing of a complaint in the proceeding. However:

(1) the period shall be:

(A) twelve (12) months in a proceeding for the foreclosure of
a mortgage executed before January 1, 1958; and
(B) six (6) months in a proceeding for the foreclosure of a
mortgage executed after December 31, 1957, but before July
1, 1975; and
(2) if the court finds that the mortgaged real estate is residential
real estate and has been abandoned, a judgment or decree of sale
may be executed on the date the judgment of foreclosure or
decree of sale is entered, regardless of the date the mortgage is
executed.

(b) A judgment and decree in a proceeding to foreclose a mortgage
that is entered by a court having jurisdiction may be filed with the clerk
in any county as provided in IC 33-32-3-2. After the period set forth in
subsection (a) expires, a person who may enforce the judgment and
decree may file a praecipe with the clerk in any county where the
judgment and decree is filed, and the clerk shall promptly issue and
certify to the sheriff of that county a copy of the judgment and decree
under the seal of the court.

(c) Upon receiving a certified judgment under subsection (b), the
sheriff shall, subject to section 4 of this chapter, sell the mortgaged
premises or as much of the mortgaged premises as necessary to satisfy
the judgment, interest, and costs at public auction at the office of the
sheriff or at another location that is reasonably likely to attract higher
competitive bids. The sheriff shall schedule the date and time of the
sheriff's sale for a time certain between the hours of 10 a.m. and 4 p.m.
on any day of the week except Sunday.

(d) Before selling mortgaged property, the sheriff must advertise the
sale by publication once each week for three (3) successive weeks in
a daily or weekly newspaper of general circulation. The sheriff shall
publish the advertisement in at least one (1) newspaper published and
circulated in each county where the real estate is situated. The first
publication shall be made at least thirty (30) days before the date of
sale. At the time of placing the first advertisement by publication, the
sheriff shall also serve a copy of the written or printed notice of sale
upon each owner of the real estate. Service of the written notice shall
be made as provided in the Indiana Rules of Trial Procedure governing
service of process upon a person. The sheriff shall charge a fee of ten
dollars ($10) to one (1) owner and three dollars ($3) to each additional
owner for service of written notice under this subsection. The fee is:
(1) a cost of the proceeding;
(2) to be collected as other costs of the proceeding are collected; and
(3) to be deposited in the county general fund for appropriation for operating expenses of the sheriff's department.

(e) The sheriff also shall post written or printed notices of the sale in at least three (3) public places in each township in which the real estate is situated and at the door of the courthouse of each county in which the real estate is located.

(f) If the sheriff is unable to procure the publication of a notice within the county, the sheriff may dispense with publication. However, the sheriff shall state that the sheriff was not able to procure the publication and explain the reason why publication was not possible.

(g) Notices under subsections (d) and (e) must contain a statement, for informational purposes only, of the location of each property by street address, if any, or other common description of the property other than legal description. A misstatement in the informational statement under this subsection does not invalidate an otherwise valid sale.

(h) The sheriff may charge an administrative fee of not more than two hundred dollars ($200) with respect to a proceeding referred to in subsection (b) for actual costs directly attributable to the administration of the sale under subsection (c). The fee is:
(1) payable by the person seeking to enforce the judgment and decree; and

The term does not include a charitable organization, or a bona fide officer, employee, member, or volunteer of a charitable organization, that solicits on its own behalf.

"Professional solicitor" means a person who, for a financial consideration, solicits contributions for, or on behalf of, a charitable organization, either personally or through agents or employees specifically employed for that purpose, including agents or employees specifically employed by or for a charitable organization who solicit contributions under the direction, supervision, or instruction of a professional solicitor. The fund at any time consists of the original appropriation thereto, if any, all receipts accrued to the fund, and all money withdrawn from the fund and invested or to be invested. The fund shall be kept intact by separate entries in the auditor of state's office, and no part thereof shall be used for any purpose other than the lawful purpose of the fund or revert to any other fund at any time.

However, any unencumbered excess above any prescribed amount shall be transferred to the state general fund at the close of each fiscal year unless otherwise specified in the Indiana Code.

SECTION 2. [EFFECTIVE JULY 1, 2005]

For the conduct of state government, its offices, funds, boards, commissions, departments, societies, associations, services, agencies, and undertakings, and for other appropriations not otherwise provided by statute, the following sums in SECTIONS 3 through 10 are appropriated for the periods of time designated from the general fund of the state of Indiana or other specifically designated funds.
In this act, whenever there is no specific fund or account designated, the appropriation is from the general fund.

SECTION 3. [EFFECTIVE JULY 1, 2005]

GENERAL GOVERNMENT

A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY

LEGISLATORS' SALARIES - HOUSE

Total Operating Expense  5,013,333  5,014,333

HOUSE EXPENSES

Total Operating Expense  7,803,042  7,806,100

LEGISLATORS' SALARIES - SENATE

Total Operating Expense  1,140,203  1,232,406

SENATE EXPENSES

Total Operating Expense  8,406,750  8,826,192

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of
the general assembly is entitled to receive equals the maximum
daily amount allowable to employees of the executive branch of
the federal government for subsistence expenses while away from
home in travel status in the Indianapolis area. The legislative
business per diem changes each time there is a change in that
maximum daily amount.

In addition to the legislative business per diem allowance, each
member of the general assembly shall receive the mileage
allowance in an amount equal to the standard mileage rates for
personally owned transportation equipment established by the
federal Internal Revenue Service for each mile necessarily
traveled from the member's usual place of residence to the state
capitol. However, if the member traveled by a means other than
by motor vehicle, and the member's usual place of residence is
more than one hundred (100) miles from the state capitol, the
member is entitled to reimbursement in an amount equal to the
lowest air travel cost incurred in traveling from the usual place of
residence to the state capitol. During the period the general
assembly is convened in regular or special session, the mileage
allowance shall be limited to one (1) round trip each week per
member.

Any member of the general assembly who is appointed, either by
the governor, speaker of the house, president or president pro
tempore of the senate, house or senate minority floor leader, or
Indiana legislative council to serve on any research, study, or
survey committee or commission, or who attends any meetings
authorized or convened under the auspices of the Indiana
legislative council, including pre-session conferences and
federal-state relations conferences, is entitled, when authorized by
the legislative council, to receive the legislative business per diem
allowance for each day in actual attendance and is also entitled to
a mileage allowance, at the rate specified above, for each mile
necessarily traveled from the member's usual place of residence
to the state capitol, or other in-state site of the committee,
commission, or conference. The per diem allowance and the
mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

(1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and
(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or
commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

Each member of the general assembly is entitled to a subsistence allowance of forty percent (40%) of the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area:

1. each day that the general assembly is not convened in regular or special session; and
2. each day after the first session day held in November and before the first session day held in January.

However, the subsistence allowance under subdivision (2) may not be paid with respect to any day after the first session day held in November and before the first session day held in January with respect to which all members of the general assembly are entitled to a legislative business per diem.
The subsistence allowance is payable from the appropriations for legislators' subsistence.

The officers of the senate are entitled to the following amounts annually in addition to the subsistence allowance: president pro tempore, $6,500; assistant president pro tempore, $2,500; majority floor leader emeritus, $1,500; majority floor leader, $5,000; assistant majority floor leader, $1,000; majority caucus chair, $5,000; assistant majority caucus chair, $1,000; appropriations committee chair, $5,000; tax and fiscal policy committee chair, $5,000; appropriations committee ranking majority member, $1,500; tax and fiscal policy committee ranking majority member, $1,500; majority whip, $3,500; assistant majority whip, $1,000; minority floor leader, $5,500; minority leader pro tempore, $1,000; minority caucus chair, $4,500; minority assistant floor leader, $4,500; appropriations committee ranking minority member, $2,000; tax and fiscal policy committee ranking minority member, $2,000; minority whip, $2,500; assistant minority whip, $500; and assistant minority caucus chair, $500.

If the senate or house of representatives eliminates a committee or officer referenced in this SECTION and replaces the committee or officer with a new committee or position, the foregoing appropriations for subsistence shall be used to pay for the new committee or officer. However, this does not permit any additional amounts to be paid under this SECTION for a replacement committee or officer than would have been spent for the eliminated committee or officer. If the senate or house of representatives creates a new additional committee or officer, the foregoing appropriations for subsistence shall be used to pay for the new committee or officer in amounts determined by the legislative council.

If the funds appropriated for legislators' subsistence are insufficient to pay all the subsistence incurred, there are hereby appropriated such further sums as may be necessary to pay such subsistence.

The department may establish an account to be known as the "local government revolving account". The account is to be used to administer the federal-local highway construction program. All contracts issued and all funds received for federal-local projects under this program shall be entered into this account.

If the federal apportionments for the fiscal years covered by this act exceed the above estimated appropriations for the department or for local governments, the excess federal apportionment is hereby appropriated for use by the department with the approval of the governor and the budget agency.

The department shall bill, in a timely manner, the federal government for all department payments that are eligible for total or partial reimbursement.
The department may let contracts and enter into agreements for construction and preliminary engineering during each year of the 2005-2007 biennium that obligate not more than one-third (1/3) of the amount of state funds estimated by the department to be available for appropriation in the following year for formal contracts and consulting engineers for the capital improvements program.

Under IC 8-23-5-7(a), the department, with the approval of the governor, may construct and maintain roadside parks and highways where highways will connect any state highway now existing, or hereafter constructed, with any state park, state forest preserve, state game preserve, or the grounds of any state institution. There is appropriated to the department of transportation an amount sufficient to carry out the provisions of this paragraph. The department shall develop an annual program of work for research and extension in cooperation with those units being served, listing the types of research and educational programs to be undertaken. The commissioner of the department of transportation may make a grant under this appropriation to the institution or agency selected to conduct the annual work program. Under IC 8-14-1-3(6), appropriations for the program of technical assistance and for the program of research and extension shall be taken from the local share of the motor vehicle
highway account.

All such income and all such fees, earnings, and receipts on hand June 30, 2005, and all such income and fees, earnings, and receipts accruing thereafter are hereby appropriated to the boards of trustees or directors of the aforementioned institutions and IHETS and may be expended for any necessary expenses of the respective institutions and IHETS, including university hospitals, schools of medicine, nurses' training schools, schools of dentistry, and agricultural extension and experimental stations. However, such income, fees, earnings, and receipts may be used for land and structures only if approved by the governor and the budget agency.

The reports of the treasurer also shall contain in such form and in such detail as the governor and the budget agency may specify, complete information concerning receipts from all sources, together with any contracts, agreements, or arrangements with any federal agency, private foundation, corporation, or other entity from which such receipts accrue.

All such treasurers' reports are matters of public record and shall include without limitation a record of the purposes of any and all gifts and trusts with the sole exception of the names of those donors who request to remain anonymous.

Notwithstanding IC 4-10-11, the auditor of state shall draw warrants to the treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech State College on the basis of vouchers stating the total amount claimed against each fund or account, or both, but not to exceed the legally made appropriations.

Notwithstanding IC 4-12-1-14, for universities and colleges supported in whole or in part by state funds, grant applications

Each institution shall retain the applications for a reasonable period of time and submit a list of all grant applications, at least monthly, to the commission for higher education for informational purposes.

For all university special appropriations, an itemized list of intended expenditures, in such form as the governor and the budget agency may specify, shall be submitted to support the allotment request. All budget requests for university special appropriations shall be furnished in a like manner and as a part of the operating budgets of the state universities.

In accordance with IC 20-1-18.3, the budget agency, with the advice of the commission on vocational and technical education and the budget committee, may augment or reduce an allocation of federal funds made under SECTION 11 of this act.

SECTION 13. [EFFECTIVE JULY 1, 2005]

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.
SECTION 14. [EFFECTIVE JULY 1, 2005]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of $50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than $90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than $85 for any twenty-four (24) hour period; while traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than $65
for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2005]

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is $50 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2005]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.
SECTION 17. [EFFECTIVE JULY 1, 2005]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than $10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2005]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the general fund.

SECTION 19. [EFFECTIVE JULY 1, 2005]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2005]

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products, or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and
farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

SECTION 21. [EFFECTIVE JULY 1, 2005]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 22. [EFFECTIVE JULY 1, 2005]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 23. [EFFECTIVE JULY 1, 2005]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or
other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 24. [EFFECTIVE JULY 1, 2005]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

1. In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.

2. In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

3. In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment. In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each
side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

SECTION 25. [EFFECTIVE JULY 1, 2005]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory recommendation. The budget committee may hold hearings and take any actions authorized by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 26. [EFFECTIVE JULY 1, 2005]

The governor of the state of Indiana is solely authorized to accept on behalf of the state any and all federal funds available to the state of Indiana. Federal funds received under this SECTION are appropriated for purposes specified by the federal government, subject to allotment by the budget agency. The provisions of this SECTION and all other SECTIONS concerning the acceptance, disbursement, review, and approval of any grant, loan, or gift made by the federal government or any other source to the state or its agencies and political subdivisions shall apply, notwithstanding any other law.

SECTION 27. [EFFECTIVE JULY 1, 2005]

Federal funds received as revenue by a state agency or department are not available to the agency or department for expenditure until allotment has been made by the budget agency under IC 4-12-1-12(d).
SECTION 28. [EFFECTIVE JULY 1, 2005]

A contract or an agreement for personal services or other services may not be entered into by any agency or department of state government without the approval of the budget agency or the designee of the budget director.

SECTION 29. [EFFECTIVE JULY 1, 2005]

Except in those cases where a specific appropriation has been made to cover the payments for any of the following, the auditor of state shall transfer, from the personal services appropriations for each of the various agencies and departments, necessary payments for Social Security, public employees' retirement, health insurance, life insurance, and any other similar payments directed by the budget agency.

SECTION 30. [EFFECTIVE JULY 1, 2005]

Subject to SECTION 25 of this act as it relates to the budget committee, the budget agency with the approval of the governor may withhold allotments of any or all appropriations contained in this act for the 2005-2007 biennium, if it is considered necessary to do so in order to prevent a deficit financial situation.

SECTION 31. [EFFECTIVE JULY 1, 2004 (RETROACTIVE)]

The deficiency appropriation made by this SECTION is not subject to transfer to any other fund or subject to transfer, assignment, or reassignment for any other use or purpose by the state board of finance, notwithstanding IC 4-9.1-1-7 and IC 4-13-2-23, or by the budget agency, notwithstanding IC 4-12-1-12, or any other law.

The true tax value of property for which an election is made under this subsection is calculated under subsections (b) through (f).

SECTION 60. IC 6-1.1-19-1.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 1.5. (a) The following definitions apply throughout this section and IC 21-3-1.7:

STEP ONE: Determine the result of:

(A) the school corporation's adjusted target property tax rate; minus

(B) the school corporation's previous year property tax rate.

STEP TWO: If the school corporation's adjusted target property tax rate:

(A) exceeds the school corporation's previous year property tax rate, perform the calculation under STEP THREE and not under STEP FOUR; result under this STEP for the school corporation is the school corporation's previous year property tax rate after increasing the rate by the lesser of:

(i) the STEP ONE result; or

(ii) three cents ($0.03); or

(B) is less than the school corporation's previous year property tax rate, perform the calculation under STEP FOUR and not under STEP THREE; result under this STEP is the school corporation's previous year property tax rate after reducing the rate by the lesser of:

(i) the absolute value of the STEP ONE result; or

(ii) eight cents ($0.08); or

(C) equals the school corporation's previous year property tax rate, determine the levy resulting from using result under this STEP is the school corporation's adjusted target property tax rate, and do not perform the calculation under STEP THREE or STEP FOUR.

STEP THREE: Determine the levy resulting from using the school corporation's previous year property tax rate after increasing the rate by the lesser of:

(A) the STEP ONE result; or

(B) five cents ($0.05).

STEP FOUR: Determine the levy resulting from using the school corporation's previous year property tax rate after reducing the
rate by the lesser of:

(B) five cents ($0.05).

STEP THREE: Divide the school corporation’s total assessed value by one hundred dollars ($100).

STEP FOUR: Multiply the STEP TWO result by the STEP THREE result.

STEP FIVE: Determine the result sum of the following:

(A) The STEP TWO (C), STEP THREE, or STEP FOUR result, whichever applies; plus
(B) An amount equal to the annual decrease in federal aid to impacted areas from the year preceding the ensuing calendar year by three (3) years to the year preceding the ensuing calendar year by two (2) years.
(C) The part of the maximum general fund levy is to include for the portion of any excessive levy and year that equals the original amount of the levy for the school corporation to cover the costs of opening a new facilities school facility or reopening an existing facility during the preceding year.
(D) The amount determined under item (iv) of the following formula:

(i) Determine the target revenue per ADM under IC 21-3-1.7-6.7 for each charter school that included at least one (1) student who has legal settlement in the school corporation in the charter school’s current ADM.
(ii) For each charter school, multiply the item (i) amount by the number of students who have legal settlement in the school corporation and who are included in the charter school’s current ADM.
(iii) Determine the sum of the item (ii) amounts.
(iv) Multiply the item (iii) amount by

STEP SIX: Determine the result of:

(A) the STEP FIVE result; plus
(B) the product of:

(i) the weighted average of the amounts determined under IC 21-3-1.7-6.7(c) STEP NINE for all charter schools attended by students who have legal settlement in the school corporation; multiplied by
(ii) thirty-five hundredths (0.35).
In determining the number of students for purposes of this
STEP, clause, each kindergarten pupil shall be counted as
one-half (1/2) pupil.

The result determined under this STEP may not be included in the
school corporation's adjusted base levy for the year following the
year in which the result applies or in the school corporation's
determination of tuition support:

(c) For purposes of this section, "total assessed value" with respect
to a school corporation means the total assessed value of all taxable
property for ad valorem property taxes first due and payable during that
year.

(d) The department of local government finance shall annually
establish an assessment ratio and adjustment factor for each school
corporation to be used upon the review and recommendation of the
budget committee. The information compiled, including background
documentation, may not be used in a:

(1) review of an assessment under IC 6-1.1-8, IC 6-1.1-13,
IC 6-1.1-14, or IC 6-1.1-15;
(2) petition for a correction of error under IC 6-1.1-15-12; or

to the nearest dollar amount: in conformity with IC 21-3-1.7-7.

(f) For the calendar year beginning January 1, 2004; and ending
December 31, 2004; a school corporation may impose a general fund
ad valorem property tax levy in the amount determined under STEP
EIGHT of the following formula:

STEP ONE: Determine the quotient of:
(A) the school corporation's 2003 assessed valuation; divided by
(B) the school corporation's 2002 assessed valuation.

STEP TWO: Determine the greater of zero (0) or the difference
between:
(A) the STEP ONE amount; minus
(B) one (1);

STEP THREE: Determine the lesser of eleven-hundredths (0.11)
or the product of:
  (A) the STEP TWO amount; multiplied by
  (B) eleven-hundredths (0.11):

STEP FOUR: Determine the sum of:
  (A) the STEP THREE amount; plus
  (B) one (1):

STEP FIVE: Determine the product of:
  (A) the STEP FOUR amount; multiplied by
  (B) the school corporation's general fund ad valorem property
tax levy for calendar year 2003:

STEP SIX: Determine the lesser of:
  (A) the STEP FIVE amount; or
  (B) the levy resulting from using the school corporation's
  previous year property tax rate after increasing the rate by five
cents ($0.05):

STEP SEVEN: Determine the result of:
  (A) the STEP SIX amount; plus
  (B) an amount equal to the annual decrease in federal aid to
  impacted areas from the year preceding the ensuing calendar
  year by three (3) years to the year preceding the ensuing
  calendar year by two (2) years:

The maximum levy is to include the part of any excessive levy
and the levy for new facilities:

STEP EIGHT: Determine the result of:
  (A) the STEP SEVEN result; plus
  (B) the product of:
      (i) the weighted average of the amounts determined under
          IC 21-3-1.7-6.7(c) STEP NINE for all charter schools

SECTION 61. IC 6-1.1-20.4 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:

Chapter 20.4. Local Homestead Credits

Sec. 1. As used in this chapter, "homestead" has the meaning set forth in IC 6-1.1-20.9-1.

Sec. 2. As used in this chapter, "property tax liability" means liability for the tax imposed on property under this article determined after application of all credits and deductions under this article, except the credit under this chapter, but does not include any interest or penalty imposed under this article.

Sec. 3. As used in this chapter, "revenue" includes revenue received by a political subdivision under any law or from any person.

Sec. 4. (a) A political subdivision may adopt an ordinance or resolution each year to provide for the use of revenue for the purpose of providing a homestead credit the following year to homesteads. An ordinance must be adopted under this section before December 31 for credits to be provided in the following year. The ordinance applies only to the immediately following year.

(b) A homestead credit under this chapter is to be applied to the net property tax liability due on the homestead.

(c) A homestead credit under this chapter does not reduce the basis for determining the state property tax replacement credit under IC 6-1.1-21 or the state homestead credit under IC 6-1.1-20.9.

Sec. 5. An ordinance or resolution adopted under this chapter must provide for a homestead credit that is either a uniform:

(1) percentage of the net property taxes due on the homestead after the application of all other deductions and credits; or

(2) dollar amount applicable to each homestead.

The ordinance or resolution must specify the percentage or the dollar amount.

Sec. 6. If the credit under this chapter is authorized for property taxes first due and payable in a calendar year, a person is entitled to a credit against the person's property tax liability for property taxes first due and payable in that calendar year attributable to the person's homestead located in the county.

Sec. 7. A person is not required to file an application for the
credit under this chapter. The county auditor shall:

1. identify qualified homesteads in the political subdivision that are eligible for the credit under this chapter; and
2. apply the credit under this chapter to property tax liability on the identified homestead.

Sec. 8. If an ordinance or resolution is adopted under this chapter, the county auditor shall, for the calendar year in which a homestead credit is authorized under this chapter, account for the revenue used to provide the homestead credit in a manner so that no other political subdivision in the county suffers a revenue loss because of the allowance of the homestead credit.

Sec. 9. The application of the credit under this chapter results in a reduction of the property tax collections of the political subdivision which provided the credit. A political subdivision may not increase its property tax levy to make up for that reduction.

SECTION 62. IC 6-1.1-20.6 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2005 (RETROACTIVE)]:

Chapter 20.6. Credit for Excessive Residential Property Taxes

Sec. 1. As used in this chapter, "apartment complex" means real property consisting of at least five (5) units that are regularly used to rent or otherwise furnish residential accommodations for periods of thirty (30) days or more.

Sec. 3. As used in this chapter, "property tax liability" means liability for the tax imposed on property under this article determined after application of all credits and deductions under this article, except the credit under this chapter, but does not include any interest or penalty imposed under this article.

Sec. 4. As used in this chapter, "qualified residential property" refers to any of the following that a county fiscal body specifically makes eligible for a credit under this chapter in an ordinance adopted under section 6 of this chapter:

2. A homestead.
3. Residential rental property.

(2) must adopt an ordinance under subdivision (1) before July 1 of a calendar year to authorize the credit under this chapter for property taxes first due and payable in the immediately succeeding calendar year.

(b) An ordinance adopted under this section must specify the categories of residential property listed in section 4 of this chapter that are eligible for the credit provided under this chapter.

Sec. 7. If the credit under this chapter is authorized under section 2 of this chapter for property taxes first due and payable in a calendar year:

(1) a person is entitled to a credit against the person's property tax liability for property taxes first due and payable in that calendar year attributable to the person's qualified residential property located in the county; and
(2) the amount of the credit is the amount by which the person's property tax liability attributable to the person's qualified residential property for property taxes first due and payable in that calendar year exceeds two percent (2%) of the gross assessed value that is the basis for determination of property taxes on the qualified residential property for property taxes first due and payable in that calendar year.

Sec. 8. A person is not required to file an application for the credit under this chapter. The county auditor shall:

(1) identify qualified residential property in the county eligible for the credit under this chapter; and
(2) apply the credit under this chapter to property tax liability on the identified qualified residential property.

Sec. 9. this chapter for that calendar year.

(b) The county fiscal officer shall distribute in a calendar year to each political subdivision located wholly or in part in the county loan proceeds under subsection (a) for that calendar year in the amount by which the property tax collections of the political subdivision in that calendar year are reduced as a result of the application of the credit under this chapter for that calendar year.

(c) If the county fiscal officer distributes money to political subdivisions under subsection (b), the political subdivisions that receive the distributions shall repay the loan under subsection (a) over the term of the loan. Each political subdivision that receives a distribution under subsection (b):

(1) shall:

(A) appropriate for each year in which the loan is to be repaid an amount sufficient to pay the part of the principal and interest on the loan attributable to the distribution received by the political subdivision under subsection (b); and

(B) raise property tax revenue in each year in which the loan is to be repaid in the amount necessary to meet the appropriation under clause (A); and

(2) other than the county, shall transfer to the county fiscal officer money dedicated under this section to repayment of the loan in time to allow the county to meet the loan repayment schedule.

(d) Property taxes imposed under subsection (c)(1)(B) are subject to levy limitations under IC 6-1.1-18.5 or IC 6-1.1-19.

(e) The obligation to:

(1) repay; or

(2) contribute to the repayment of;

the loan under subsection (a) is not a basis for a political subdivision to obtain an excessive tax levy under IC 6-1.1-18.5 or IC 6-1.1-19.

(f) The application of the credit under this chapter results in a reduction of the property tax collections of each political subdivision in which the credit is applied. A political subdivision may not increase its property tax levy to make up for that reduction.

SECTION 63. IC 6-1.1-20.9-2 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 2. (A) attributable to the homestead during the particular calendar year; and

(B) determined after the application of the property tax replacement credit under IC 6-1.1-21.

(c) For purposes of determining that part of an individual's property tax liability that is attributable to the individual's homestead, all deductions from assessed valuation which the individual claims under IC 6-1.1-12 or IC 6-1.1-12.1 for property on which the individual's homestead is located must be applied first against the assessed value of the individual's homestead before those deductions are applied against any other property.

(d) The percentage of the credit referred to in subsection (b)(1) is as follows:

<table>

However, the property tax replacement fund board established under IC 6-1.1-21-10 in its sole discretion may increase the percentage of the credit provided in the schedule for any year if the board feels that the property tax replacement fund contains enough money for the resulting increased distribution. budget agency determines that an increase is necessary to provide the minimum tax relief authorized
under IC 6-1.1-21-2.5. If the board increases the percentage of the credit provided in the schedule for any year, the percentage of the credit for the immediately following year is the percentage provided in the schedule for that particular year, unless as provided in this subsection the board in its discretion increases must increase the percentage of the credit provided in the schedule for that particular year. However, the percentage credit allowed in a particular county for a particular year shall be increased if on January 1 of a year an ordinance adopted by a county income tax council was in effect in the county which increased the homestead credit. The amount of the increase equals the amount designated in the ordinance.

(e) Before October 1 of each year, the assessor shall furnish to the county auditor the amount of the assessed valuation of each homestead for which a homestead credit has been properly filed under this chapter.

(f) The county auditor shall apply the credit equally to each installment of taxes that the individual pays for the property.

2. the residence is located in Indiana;

SECTION 65. IC 6-1.1-21-2.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 2.5. (a) Annually, before the department determines the eligible property tax replacement amount for a year under section 3 of this chapter and the department of local government finance makes its certification under section 3(b) of this chapter, the budget agency shall determine the sum of the following:
   (1) One billion one hundred twenty-one million seven hundred thousand dollars ($1,121,700,000).
   (2) An amount equal to the net amount of revenue, after deducting collection allowances and refunds, that the budget agency estimates will be collected in a particular calendar
year from the part of the gross retail and use tax rate imposed under IC 6-2.5 equal to one percent (1%).

The estimate made under this subsection must be consistent with the latest technical forecast of state revenues that is prepared for distribution to the general assembly and the general public and available to the budget agency at the time that the estimate is made.

(b) The department may not distribute eligible property tax replacement amounts and eligible homestead credit replacement amounts for a year under this chapter that, in the aggregate, is less than the amount computed under subsection (a).

(c) Annually, before the department determines the eligible property tax replacement amount for a year under section 3 of this chapter and the department of local government finance makes its certification under section 3(b) of this chapter, the budget agency shall determine whether the total amount of property tax replacement credits granted in Indiana under section 5 of this chapter and homestead credits granted in Indiana under IC 6-1.1-20.9-2 for a year, determined without applying subsection (b), will be less than the amount determined under subsection (b). The budget agency shall give notice of its determination to the members of the board and, in an electronic format under IC 5-14-6, the general assembly. If the budget agency determines that the amount determined under subsection (b) will not be exceeded in a particular year, the board shall increase for that year the percentages used to determine a taxpayer's property tax replacement credit amount and the homestead credit percentage applicable under IC 6-1.1-20.9-2 so that the total amount of property tax replacement credits granted in Indiana under section 5 of this chapter and homestead credits granted in Indiana under IC 6-1.1-20.9-2 at least equals the amount determined under subsection (b). In making adjustments under this subsection, the board shall increase percentages in the following order until the total of property tax replacement credits granted under section 5 of this chapter and homestead credits granted under IC 6-1.1-20.9-2 for the year at least equals the amount determined under subsection (b):

(1) The homestead credit percentage specified in IC 6-1.1-20.9-2 until the homestead percentage reaches the
lesser of:
(A) thirty percent (30%); or
(B) the percentage at which the total of property tax replacement credits granted under section 5 of this chapter and homestead credits granted under IC 6-1.1-20.9-2 for the year at least equals the amount determined under subsection (b).

(2) If the amount determined under subsection (b) is not exceeded after increasing the homestead percentage under subdivision (1), the board shall increase the property tax replacement credit percentage specified in section 2(j)(1) and 2(l)(1) of this chapter until the property tax replacement percentage reaches the lesser of:
(A) seventy percent (70%); or
(B) the percentage at which the total of property tax replacement credits granted under section 5 of this chapter and homestead credits granted under IC 6-1.1-20.9-2 for the year, as adjusted under this subsection, at least equals the amount determined under subsection (b).

(3) If the amount determined under subsection (b) is not exceeded after making all possible increases in credit percentages under subdivisions (1) and (2), the board shall increase the property tax replacement credit percentages specified in section 2(j)(2), 2(j)(3), 2(l)(2), and 2(l)(3) of this chapter to the percentage at the total of property tax replacement credits granted under section 5 of this chapter and homestead credits granted under IC 6-1.1-20.9-2 for the year, as adjusted under this subsection, at least equals the amount determined under subsection (b).

(d) The adjusted percentages set under subsection (c):
(1) are the percentages that apply under:
(A) section 5 of this chapter to determine a taxpayer's property tax replacement credit amount; and
(B) IC 6-1.1-20.9-2 to determine a taxpayer's homestead credit; and

(2) must be used by the:
(A) department in estimating the eligible property tax replacement amount under section 3 of this chapter; and
(B) department of local government finance in making its
certification under section 3(b) of this chapter;
and for all other purposes under this chapter and
IC 6-1.1-20.9 related to distributions under this chapter;
for the particular year covered by a budget agency’s determination under subsection (c).

SECTION 66. IC 6-1.1-21.8-4, AS AMENDED BY HEA 1288-2005, SECTION 93, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:
Sec. 4. (a) The board shall determine the terms of a loan made under this chapter. However, the interest charged on the loan may not exceed the percent of increase in the United States Department of Labor Consumer Price Index for Urban Wage Earners and Clerical Workers during the most recent twelve (12) month period for which data is available as of the date that the unit applies for a loan under this chapter. In the case of a qualified taxing unit that is not a school corporation or a public library (as defined in IC 36-12-1-5), a loan must be repaid not later than ten (10) years after the date on which the loan was made. In the case of a qualified taxing unit that is a school corporation or a public library (as defined in IC 36-12-1-5), a loan must be repaid not later than eleven (11) years after the date on which the loan was made. A school corporation or a public library (as defined in IC 36-12-1-5) is not required to begin making payments to repay a loan until after June 30, 2004. The total amount of all the loans made under this chapter may not exceed twenty-eight million dollars ($28,000,000). The board may disburse the proceeds of a loan in installments. However, not more than one-third (1/3) of the total amount to be loaned under this chapter may be disbursed at any particular time without the review of the budget committee and the approval of the budget agency.

(b) A loan made under this chapter shall be repaid only from:
(1) property tax revenues of the qualified taxing unit that are subject to the levy limitations imposed by IC 6-1.1-18.5 or IC 6-1.1-19; or
(2) in the case of a school corporation, the school corporation's debt service fund; or
(3) any other source of revenues (other than property taxes) that is legally available to the qualified taxing unit.

The payment of any installment of principal constitutes a first charge against the property tax revenues described in subdivision (1) that are
collected by the qualified taxing unit during the calendar year the installment is due and payable.

(c) The obligation to repay a loan made under this chapter is not a basis for the qualified taxing unit to obtain an excessive tax levy under IC 6-1.1-18.5 or IC 6-1.1-19.

(d) Whenever the board receives a payment on a loan made under this chapter, the board shall deposit the amount paid in the counter-cyclical revenue and economic stabilization fund.

(e) This section does not prohibit a qualified taxing unit from repaying a loan made under this chapter before the date specified in subsection (a) if a taxpayer described in section 3 of this chapter resumes paying property taxes to the qualified taxing unit.

(f) Interest accrues on a loan made under this chapter until the date the board receives notice from the county auditor that the county has adopted at least one (1) of the following:

1. The county adjusted gross income tax under IC 6-3.5-1.1.
2. The county option income tax under IC 6-3.5-6.
3. The county economic development income tax under IC 6-3.5-7.

Notwithstanding subsection (a), interest may not be charged on a loan made under this chapter if a tax described in this subsection is adopted before a qualified taxing unit applies for the loan.

SECTION 67. IC 6-1.1-30-7 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 7. The commissioner shall appoint an individual to serve as deputy commissioner of the department of local government finance. However, the appointment must be approved by the governor. (2) are listed in section 2(a)(1) through 2(a)(7) of this chapter.
(b) For each year after 2003, the levy for the fund may not exceed:

STEP TWO: Determine the sum of the STEP ONE results.
STEP THREE: Divide the STEP TWO result by six (6), rounding to the nearest one-thousandth (0.001).
STEP FOUR: Determine the lesser of the following:
   (A) The STEP THREE quotient.
   (B) One and six-hundredths (1.06).
If the amount levied in a particular year exceeds the amount necessary to cover the costs payable from the fund, the levy in the following year shall be reduced by the amount of surplus money.
(d) As used in this subsection, "last state transportation distribution" means the total amount of state funding received by a school corporation for transportation costs:
   (1) under IC 21-3-3.1-1 through IC 21-3-3.1-3; and

The amount of the additional levy imposed in a year under this subsection shall be treated, for purposes of applying subsection (b)(1) in the following year, as part of the school corporation's levy for the school transportation fund for the previous year.
(c) (e) Each school corporation may levy for the calendar year a tax for the school bus replacement fund in accordance with the school bus acquisition plan adopted under section 3.1 of this chapter.
(d) (f) The tax rate and levy for each fund shall be established as a part of the annual budget for the calendar year in accord with IC 6-1.1-17.

(2) the referendum tax levy is approved, before January 1, 2013, by a majority of the individuals who vote in a referendum that is conducted in accordance with the requirements in IC 6-1.1-19-4.5(c).

As soon as practicable after adopting the resolution under subdivision (1), the school corporation shall send a certified copy of the resolution to the county auditor and the department of local government finance. Upon receipt of the certified resolution, the tax control board shall proceed in the same manner as the tax
control board would for any other referendum tax levy being reimposed or extended under IC 6-1.1-19-4.5(c). However, if requested by the school corporation in the resolution adopted under subdivision (1), the question of reimposing or extending a referendum tax levy transferred to the referendum tax levy fund under this section may be combined with a question presented to the voters to reimpose or extend a referendum tax levy initially imposed after 2001. A referendum tax levy reimposed or extended under this subsection shall be treated for all purposes as a referendum tax levy reimposed or extended under IC 6-1.1-19-4.5(c).

(e) The school corporation's referendum tax levy under subsection (c) may not be considered in the determination of the school corporation's state tuition support under IC 21-3-1.7 or the determination of the school corporation's maximum general fund tax levy under IC 6-1.1-19 and IC 21-3-1.7.

(e) The fund may be used for any of the following purposes:

1. To purchase, lease, upgrade, maintain, or repair one (1) or more of the following:
   A. Computer hardware.

(f) The fund may be used to purchase:

1. building sites;

(j) Money from the fund may be used to pay for the construction, repair, replacement, remodeling, or maintenance of a school sports facility. However, a school corporation’s expenditures in a calendar year under this subsection may not exceed five percent (5%) of the property tax revenues levied for the fund in the calendar year.

(k) Money from the fund may be used to carry out a plan developed
under IC 16-41-37.5.

(1) This subsection applies during the period beginning January 1, 2004, 2006, and ending December 31, 2005, 2007. Money from the fund may be used to pay for up to one hundred percent (100%) of the following costs of a school corporation:

(1) Utility services.

(2) Property or casualty insurance.

(3) Both utility services and property or casualty insurance.

In the 2004 calendar year, a school corporation’s expenditures under this subsection may not exceed one percent (1%) of the school corporation’s 2003 calendar year distribution. In the 2005 calendar year, a school corporation’s expenditures under this subsection may not exceed in 2006 two and seventy-five hundredths percent (2.75%) and in 2007 three and five-tenths percent (3.5%) of the school corporation’s 2003 2005 calendar year distribution.

(m) Notwithstanding subsection (l), a school corporation’s expenditures under subsection (l) in the 2004 calendar year may exceed one percent (1%) of the school corporation’s 2003 calendar year distribution if the school corporation’s 2004 calendar year distribution is less than the school corporation’s 2003 calendar year distribution. The amount by which a school corporation’s expenditures under subsection (l) in the 2004 calendar year may exceed one percent (1%) of the school corporation’s 2003 calendar year distribution is the least of the following:

(1) One percent (1%) of the school corporation’s 2003 calendar year distribution:

(2) The greater of zero (0) or the difference between:

(A) the sum of:

(i) the school corporation’s calendar year distribution;

(ii) the amount determined for the school corporation under subsection (l); plus

(iii) the amount determined for the school corporation under this subsection, if any;

for the immediately preceding calendar year; minus

(B) the school corporation’s calendar year distribution for the calendar year:

(3) The difference between:

(A) one hundred percent (100%) of the school corporation’s
costs for utility services and property or casualty insurance; minus

(B) the amount determined for the school corporation under subsection (l) for the calendar year.

(n) Notwithstanding subsection (l): a school corporation's expenditures under subsection (l) in the 2005 calendar year may exceed two percent (2%) of the school corporation's 2003 calendar year distribution if the school corporation's 2005 calendar year distribution is less than the school corporation's 2003 calendar year distribution. The amount by which a school corporation's expenditures under subsection (l) in the 2005 calendar year may exceed two percent (2%) of the school corporation's 2003 calendar year distribution is the least of the following:

(1) Two percent (2%) of the school corporation's 2003 calendar year distribution;
(2) The greater of zero (0) or the difference between:
   (A) the sum of:
      (i) the school corporation's calendar year distribution;
      (ii) the amount determined for the school corporation under subsection (l); plus
      (iii) the amount determined for the school corporation under this subsection, if any;
   for the immediately preceding calendar year; minus
   (B) the school corporation's calendar year distribution for the calendar year;
(3) The difference between:
   (A) one hundred percent (100%) of the school corporation's costs for utility services and property or casualty insurance; minus

SECTION 190. IC 21-2-15-11 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 11. (a) Except as provided in subsection (e), to provide for the capital projects fund, the governing body may, for each year in which a plan adopted under section 5 of this chapter is in effect, impose a property tax rate that does not exceed forty-one and sixty-seven hundredths cents ($0.4167) on each one hundred dollars ($100) of assessed valuation of the school
corporation. This actual rate must be advertised in the same manner as other property tax rates.

(b) The maximum property tax rate levied by each school corporation must be adjusted each time a general reassessment of property takes effect. The adjusted property tax rate becomes the new maximum property tax rate for the levy for property taxes first due and payable in each year:

1. after the general reassessment for which the adjustment was made takes effect; and
2. before the next general reassessment takes effect.

(c) The new maximum rate under this section is the tax rate determined under STEP SEVEN of the following formula:

STEP ONE: Determine the maximum rate for the school corporation for the year preceding the year in which the general reassessment takes effect.

STEP TWO: Determine the actual percentage increase (rounded to the nearest one-hundredth percent (0.01%)) in the assessed value of the taxable property from the year preceding the year the general reassessment takes effect to the year that the general reassessment is effective.

STEP THREE: Determine the three (3) calendar years that immediately precede the ensuing calendar year and in which a statewide general reassessment of real property does not first become effective.

STEP FOUR: Compute separately, for each of the calendar years determined in STEP THREE, the actual percentage increase (rounded to the nearest one-hundredth percent (0.01%)) in the assessed value of the taxable property from the preceding year.

STEP FIVE: Divide the sum of the three (3) quotients computed in STEP FOUR by three (3).

STEP SIX: Determine the greater of the following:

1. Zero (0).
2. The result of the STEP TWO percentage minus the STEP FIVE percentage.

STEP SEVEN: Determine the quotient of the STEP ONE tax rate divided by the sum of one (1) plus the STEP SIX percentage increase.

(d) The department of local government finance shall compute the
maximum rate allowed under subsection (c) and provide the rate to each school corporation.

(e) For a year in which a school corporation uses money from the school corporation’s capital projects fund to pay for costs described in section 4(l) of this chapter, the school corporation may impose a property tax rate that exceeds the rate described in subsection (a). The amount by which the property tax rate may exceed the rate described in subsection (a) equals the amount determined under STEP THREE of the following formula:

STEP ONE: Determine the sum of:

(A) the school corporation’s expenditures under section 4(l) of this chapter for the calendar year. plus

(B) either:

(i) the school corporation’s expenditures under section 4(m) of this chapter for the 2004 calendar year; or

(ii) the school corporation’s expenditures under section 4(n) of this chapter for the 2005 calendar year.

STEP TWO: Determine the quotient of:

(A) the STEP ONE amount; divided by

(B) the school corporation’s assessed valuation for the year.

STEP THREE: Determine the product of:

(A) the STEP TWO amount; multiplied by

(B) one hundred (100).

SECTION 191. IC 21-3-1.6-1.1, AS AMENDED BY HEA 1288-2005, SECTION 176, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2005 (RETROACTIVE)]: Sec. 1.1. As used in this chapter:

(a) "School corporation" means any local public school corporation established under Indiana law. Except as otherwise indicated, the term includes a charter school.

(b) "School year" means a year beginning July 1 and ending the next succeeding June 30.

(c) "State distribution" due a school corporation means the amount of state funds to be distributed to a school corporation in any calendar year under this chapter.

(d) "Average daily membership" or "ADM" of a school corporation means the number of eligible pupils enrolled in the school corporation or in a transferee corporation on a day to be fixed annually by the
Indiana state board of education and **beginning in the school year that ends in the 2005 calendar year**; as subsequently adjusted not later than January 30 under the rules adopted by the state board of education. The initial day of the count shall fall within the first thirty (30) days of the school term. If, however, extreme patterns of student in-migration, illness, natural disaster, or other unusual conditions in a particular school corporation's enrollment on either the day fixed by the Indiana state board of education or on the subsequent adjustment date, cause the enrollment to be unrepresentative of the school corporation's enrollment throughout a school year, the Indiana state board of education may designate another day for determining the school corporation's enrollment. The Indiana state board of education shall monitor changes that occur after the fall count, in the number of students enrolled in programs for children with disabilities and shall, before December 2 of that same year and, beginning in the 2004 calendar year, before April 2 of the following calendar year, make an adjusted count of students enrolled in programs for children with disabilities. The superintendent of public instruction shall certify the December adjusted count to the budget committee before February 5 of the following year and the April adjusted count not later than May 31 immediately after the date of the April adjusted count. In determining the ADM, each kindergarten pupil shall be counted as one-half (1/2) pupil. Where a school corporation commences kindergarten in a school year, the ADM of the current and prior calendar years shall be adjusted to reflect the enrollment of the kindergarten pupils. In determining the ADM, each pupil enrolled in a public school and a nonpublic school is to be counted on a full-time equivalency basis as provided in section 1.2 of this chapter.

(e) "Additional count" of a school corporation, or comparable language, means the aggregate of the additional counts of the school corporation for certain pupils as set out in section 3 of this chapter (repealed) and as determined at the times for calculating ADM. "Current additional count" means the initial computed additional count of the school corporation for the school year ending in the calendar year. "Prior year additional count" of a school corporation used in computing its state distribution in a calendar year means the initial computed additional count of the school corporation for the school year ending in the preceding calendar year.
(f) For purposes of this subsection, "school corporation" does not include a charter school. "Adjusted assessed valuation" of any school corporation used in computing state distribution for a calendar year means the assessed valuation in the school corporation, adjusted as provided in IC 6-1.1-34. The amount of the valuation shall also be adjusted downward by the department of local government finance to the extent it consists of real or personal property owned by a railroad or other corporation under the jurisdiction of a federal court under the federal bankruptcy laws (11 U.S.C. 101 et seq.) if as a result of the corporation being involved in a bankruptcy proceeding the corporation is delinquent in payment of its Indiana real and personal property taxes for the year to which the valuation applies. If the railroad or other corporation in some subsequent calendar year makes payment of the delinquent taxes, then the state superintendent of public instruction shall prescribe adjustments in the distributions of state funds pursuant to this chapter as are thereafter to become due to a school corporation affected by the delinquency as will ensure that the school corporation will not have been unjustly enriched under the provisions of P.L.382-1987(ss). The amount of the valuation shall also be adjusted downward by the department of local government finance to the extent it consists of real or personal property described in IC 6-1.1-17-0.5(b).

(g) "General fund" means a fund established under IC 21-2-11-2.

(h) "Teacher" means every person who is required as a condition of employment by a school corporation to hold a teacher's license issued or recognized by the state, except substitutes and any person paid entirely from federal funds.

(i) For purposes of this subsection, "school corporation" does not include a charter school. "Teacher ratio" of a school corporation used in computing state distribution in any calendar year means the ratio assigned to the school corporation pursuant to section 2 of this chapter.

(j) "Eligible pupil" means a pupil enrolled in a school corporation if:

(1) the school corporation has the responsibility to educate the pupil in its public schools without the payment of tuition;
(2) subject to subdivision (5), the school corporation has the responsibility to pay transfer tuition under IC 20-8.1-6.1 (before its repeal) or IC 20-26-11, because the pupil is transferred for education to another school corporation (the "transferee
corporation");
(3) the pupil is enrolled in a school corporation as a transfer student under IC 20-8.1-6.1-3 (before its repeal) or IC 20-26-11-6 or entitled to be counted for ADM or additional count purposes as a resident of the school corporation when attending its schools under any other applicable law or regulation;
(4) the state is responsible for the payment of transfer tuition to the school corporation for the pupil under IC 20-8.1-6.1 (before its repeal) or IC 20-26-11; or
(5) all of the following apply:
   (A) The school corporation is a transferee corporation.
   (B) The pupil does not qualify as a qualified pupil in the transferee corporation under subdivision (3) or (4).
   (C) The transferee corporation's attendance area includes a state licensed private or public health care facility, child care facility, or foster family home where the pupil was placed:
      (i) by or with the consent of the division of family and children;
      (ii) by a court order;
      (iii) by a child placing agency licensed by the division of family and children; or
      (iv) by a parent or guardian under IC 20-8.1-6.1-5 (before its repeal) or IC 20-26-11-8.
For purposes of IC 21-3-12, the term includes a student enrolled in a charter school.

(k) "General fund budget" of a school corporation means the amount of the budget approved for a given year by the department of local government finance and used by the department of local government finance in certifying a school corporation's general fund tax levy and tax rate for the school corporation's general fund as provided for in IC 21-2-11. The term does not apply to a charter school.

(l) "At risk index" means the following:
   (i) For a school corporation that is not a charter school, the sum of:
      (A) the product of sixteen-hundredths (0.16) multiplied by the percentage of families in the school corporation with children who are less than eighteen (18) years of age and who have a family income below the federal income poverty level (as
defined in IC 12-15-2-1);
(B) the product of four-tenths (0.4) multiplied by the percentage of families in the school corporation with a single parent; and
(C) the product of forty-four hundredths (0.44) multiplied by the percentage of the population in the school corporation who are at least twenty (20) years of age with less than a twelfth grade education.

The data to be used in making the calculations under this subdivision must be the data from the 2000 federal decennial census:

(2) For a charter school, the index determined under subdivision (1) for the school corporation in which the charter school is located:

(m) (l) "ADM of the previous year" or "ADM of the prior year" used in computing a state distribution in a calendar year means the initial computed ADM for the school year ending in the preceding calendar year.

(m) (m) "Current ADM" used in computing a state distribution in a calendar year means the initial computed ADM for the school year ending in the calendar year.

SECTION 192. IC 21-3-1.7-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2005 (RETROACTIVE)]: Sec. 2. (a) As used in this chapter, "excise tax revenue" means the amount sum of:

(1) financial institution excise tax revenue (IC 6-5.5); plus
(2) the motor vehicle excise taxes (IC 6-6-5); and the
(3) commercial vehicle excise taxes (IC 6-6-5.5);
(4) boat excise tax (IC 6-6-11); and
(5) aircraft excise tax (IC 6-6-6.5);
the school corporation received for deposit in the school corporation's general fund in a year or would have received for deposit in the school corporation's general fund in a year if the settlement of property taxes first due and payable in the year had been made on the schedule required under IC 6-1.1-27-1. The excise tax revenue for a charter school is zero (0).

(b) Not later than January 15 each year, the department of local government finance shall certify to the department of education the
amount of each school corporation's excise tax revenue for the immediately preceding year. In 2006, the department of local government finance shall certify to the department of education the amount of each school corporation's excise tax revenue for both 2004 and 2005. The department of education may rely on the excise tax revenue amounts certified by the department of local government finance under this subsection in making calculations under this chapter.

SECTION 193. IC 21-3-1.7-3.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 3.1. (a) As used in this chapter, "previous year revenue" for calculations with respect to a school corporation equals:

(1) the school corporation's tuition support for regular programs, including basic tuition support, and excluding:
   (A) special education grants;
   (B) vocational education grants;
   (C) at-risk programs;
   (D) the enrollment adjustment grant;
   (E) the academic honors diploma award; and

(6) in calendar year 2003: the amount determined for calendar year 2002 under section 8.2 of this chapter; STEP TWO (C); plus

(7) in calendar year 2004: the amount determined for calendar year 2002 under section 8.2 of this chapter; STEP TWO (D); plus

(b) A school corporation's previous year revenue shall be reduced if:

(1) the school corporation's state tuition support for special or vocational education was reduced as a result of a complaint being filed with the department of education after December 31, 1988, because the school program overstated the number of children enrolled in special or vocational education programs; and

(2) the school corporation's previous year revenue has not been reduced under this subsection more than one (1) time because of a given overstatement.

The amount of the reduction equals the amount the school corporation would have received in tuition support for special and vocational education because of the overstatement.

(c) A school corporation's previous year revenue shall be reduced if an existing elementary or secondary school located in the school corporation converts to a charter school under IC 20-5.5-11 before July 1, 2005, or IC 20-24-11 after June 30, 2005. The amount of the reduction equals the product of:

(1) the sum of the amounts distributed to the conversion charter school under IC 20-5.5-7-3.5(c) and IC 20-5.5-7-3.5(d) before July 1, 2005, and IC 20-24-7-3(c) and IC 20-24-7-3(d) after June 30, 2005; multiplied by

(2) two (2).

SECTION 194. IC 21-3-1.7-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 5. (a) As used in this section, "school corporation" does not include a charter school.

(b) As used in this chapter, "tuition support levy" means with respect to a school corporation for a year the result determined using the following formula:

(C) The part of the maximum general fund levy for the year that is added to the maximum general fund levy in the year under IC 6-1.1-19-1.5 to provide revenue for one (1) or more charter schools attended by students with legal settlement in the school corporation.

STEP THREE: Determine the difference of:

SECTION 195. IC 21-3-1.7-6.6 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006]: Sec. 6.6. (a) This subsection does not apply to a charter school. When calculating adjusted ADM for 2006 distributions, this subsection, as effective after December 31, 2005, shall be used to calculate the adjusted ADM for the previous year rather than the calculation used to calculate adjusted ADM for 2005 distributions. For purposes of this chapter, a school corporation's "adjusted ADM" for the current year is the result determined under the following formula:

STEP ONE: Determine the greatest sum of the following:

(B) The school corporation's ADM for the current year.

STEP SIX: Determine the greater of zero (0) or the result of:
(A) the school corporation's ADM for the year preceding the current year by two (2) years; minus
(B) the STEP FIVE amount.

STEP SEVEN: Determine the greater of zero (0) or the result of:
(A) the school corporation's ADM for the year preceding the current year by one (1) year; minus
(B) the school corporation's ADM for the current year.

STEP EIGHT: Determine the sum of the following:
(A) The STEP TWO result multiplied by two-tenths (0.2);
(B) The STEP FOUR result multiplied by four-tenths (0.4);
(C) The STEP SIX result multiplied by six-tenths (0.6);
(D) The STEP SEVEN result multiplied by eight-tenths (0.8).

STEP NINE: Determine the result of:
(A) the school corporation's ADM for the current year; plus
(B) the STEP EIGHT result.

STEP TEN: This STEP applies to a school corporation for which the amount determined under STEP EIGHT is zero (0): Determine the sum of:

(A) the school corporation's ADM for the 2003 school year;

plus

(B) the subsection (b) or (c) result, whichever is applicable.

Round the result to the nearest five-tenths (0.5): 

(b) This subsection applies during the 2004 calendar year to a school corporation described in subsection (a) STEP TEN: Determine the result under the following formula:

STEP ONE: Determine the difference between:

the amount to be distributed for tuition support under this chapter to
each school corporation during each of the last six (6) months of the
year shall be proportionately reduced by the same dollar amount per
ADM (as adjusted by IC 21-3-1.6-1.1) so that the total reductions equal

excess multiplied by a fraction. The numerator of the fraction is
the amount of the distribution for tuition support that the school
corporation would have received if a reduction were not made
under this section. The denominator of the fraction is the total
amount that would be distributed for tuition support to all school
corporations if a reduction were not made under this section.

(a) The general assembly shall appropriate from the state general fund an amount that is sufficient to cover the state's actuarial liability for each member covered by the pre-1996 account and for each state employee covered by the 1996 account. The board may reduce this liability by the amount of interest earned on the deposits in the fund. This liability is determined by the actuarial investigation prescribed in IC 5-10.2-2-9. The actuarial investigation and the board shall include in the determination of the liability, contribution rate, and appropriation the amount necessary to fully fund any past and estimated future cost of living increases for members of the pre-1996 account and the 1996 account, amortized over thirty (30) years. SECTION 207. IC 21-6.1-4-6.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 6.1. (a) This subsection applies to members who retire before July 1, 1980. A member who had completed four (4) years of approved college teacher training before voluntary or involuntary induction into the military services is entitled to credit for that service as if the member had begun teaching before the induction. A member who serves in military service is considered a teacher and is entitled to the benefits of the fund if for
or during the leave of absence the member pays into the fund the member's contributions. Time served by a member in military service for the duration of the hostilities or for the length of active service in the hostilities and the necessary demobilization time after the hostilities is not subject to the one-seventh rule specified in section 5 of this chapter.

(b) This subsection applies to members who retire after June 30, 1980. A member who had completed four (4) years of approved college teacher training before voluntary or involuntary induction into military service is entitled to credit for the member's active military service as if the member had begun teaching before the induction. A member who serves in military service is considered a teacher and is entitled to the benefits of the fund if:

1. the member has an honorable discharge; and
2. except as provided in subsection (f), the member returns to active teaching service within eighteen (18) months after the completion of active military service.

The time served by a member in military service for the duration of the hostilities or for the length of active service in the hostilities and the necessary demobilization time after the hostilities is not subject to the one-seventh rule specified in section 5 of this chapter. However, not more than six (6) years of military service credit may be granted under this subsection. In order to be eligible for any military service credit under this subsection, a member must have at least ten (10) years of in-state service credit.

(c) This subsection applies to members who retire after May 1, 1989. A member who had begun but had not completed four (4) years of approved college teacher training before voluntary or involuntary induction into the military services is entitled to service credit in an amount equal to the duration of the member's active military service if the following conditions are met:

1. The member has an honorable discharge.
2. Except as provided in subsection (f), the member returns to a four (4) year approved college teacher training program within eighteen (18) months after the completion of active military service and subsequently completes that program.
3. The member has at least ten (10) years of in-state service credit.
(d) This subsection applies to members who retire after May 1, 1991, and who are employed at state institutions of higher education. A member who had begun but had not completed baccalaureate or post-baccalaureate training before voluntary or involuntary induction into military service is entitled to the member's active military service credit for the member's active military service in an amount equal to the duration of the member's military service if the following conditions are met:

1. The member received an honorable discharge.
2. Except as provided in subsection (f), the member returns to baccalaureate or post-baccalaureate training within eighteen (18) months after completion of active military service and subsequently completes that training.
3. The member has at least ten (10) years of in-state service credit.

(e) The maximum amount of service credit that may be granted to a member who meets the conditions of subsection (c), or (d) is six (6) years. However, for purposes of subsection (c), or (d), the time served by the member in active military service for the length of active service in hostilities and necessary demobilization is not subject to the one-seventh rule specified in section 5 of this chapter.

(f) The board shall extend the eighteen (18) month deadline contained in subsection (b)(2), (c)(2), or (d)(2) if the board determines that an illness, an injury, or a disability related to the member's military service prevented the member from returning to active teaching service or to a teacher training program within eighteen (18) months after the member's discharge from military service. However, the board may not extend the deadline beyond thirty (30) months after the member's discharge.

(g) If a member retires, and the board subsequently determines that the member is entitled to additional service credit due to the extension of a deadline under subsection (f), the board shall recompute the member's benefit. However, the additional service credit may be used only in the computation of benefits to be paid after the date of the board's determination, and the member is not entitled to a recomputation of benefits received before the date of the board's determination.

(h) Notwithstanding any provision of this section, a member is
entitled to military service credit and benefits in the amount and to the extent required by the Uniformed Services Employment and Reemployment Rights Act (38 U.S.C. 4301 et seq.), including all later amendments.

(i) Subject to the provisions of this section, an active member may purchase not more than two (2) years of service credit for the member's service on active duty in the armed services if the member meets the following conditions:

(1) The member has at least one (1) year of credited service in the fund.
(2) The member serves on active duty in the armed services of the United States for at least six (6) months.
(3) The member receives an honorable discharge from the armed services.
(4) Before the member retires, the member makes contributions to the fund as follows:

(A) Contributions that are equal to the product of the following:

(i) The member's salary at the time the member actually makes a contribution for the service credit.
(ii) A rate, determined by the actuary of the fund, that is based on the age of the member at the time the member actually makes a contribution for service credit and computed to result in a contribution amount that approximates the actuarial present value of the benefit attributable to the service credit purchased.
(iii) The number of years of service credit the member intends to purchase.

(B) Contributions for any accrued interest, at a rate determined by the actuary of the fund, for the period from the member's initial membership in the fund to the date payment is made by the member.

However, a member is entitled to purchase service credit under this subsection only to the extent that service credit is not granted for that time under another provision of this section. At least ten (10) years of service in Indiana is required before a member may receive a benefit based on service credits purchased under this section. A member who terminates employment before satisfying the eligibility requirements
necessary to receive a monthly allowance or receives a monthly allowance for the same service from another tax supported public employee retirement plan other than under the federal Social Security Act may withdraw the purchase amount plus accumulated interest after submitting a properly completed application for a refund to the fund.

(j) The following apply to the purchase of service credit under subsection (i):

1. The board may allow a member to make periodic payments of the contributions required for the purchase of the service credit. The board shall determine the length of the period during which the payments must be made.

2. The board may deny an application for the purchase of service credit if the purchase would exceed the limitations under Section 415 of the Internal Revenue Code.

3. A member may not claim the service credit for purposes of determining eligibility or computing benefits unless the member has made all payments required for the purchase of the service credit.

SECTION 208. IC 23-13-5-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 8. (a) Should for any cause any action of the board of directors or trustees of a corporation be invalid or ineffective in whole or in part as and for a cancellation or retirement of capital stock as provided in this chapter, then the entire act of cancellation or retirement as to all other stock shall be held null and void. If at any time after the transfer of any stock to the corporation or to the trustees or directors it becomes no longer possible for the corporation to operate the university, college, or institution of learning as a university, college, or institution of learning, and the fact is found to exist by the board of trustees or directors, the property and assets of the corporation vest in and belong absolutely to the local public school corporation within whose territorial limits the college, university, or institution of learning is situated unless the local public school corporation elects to refuse to accept the property and assets in writing served upon the board of trustees or an officer thereof within one hundred twenty (120) days. If the local public school corporation elects to refuse to accept the property and assets, then the property and assets of the corporation vest in and belong absolutely to the county within whose territorial limits the college, university, or institution of learning
is situated unless the county, acting by its legislative body, elects to refuse to accept the property and assets in writing served upon the board of trustees or an officer within one hundred twenty (120) days. If the county refuses to accept the property and assets, the property and assets vest in and belong absolutely to the common school state general fund of the state of Indiana. If the university, college, or institution of learning is situated in a school township, the election shall be made by the township executive with the approval of the township legislative body. If situated in a school city or town corporation, the election shall be made by the school board of the municipality.

(b) The local school corporation receiving the property or assets is responsible for the payment of the lawful debts and liabilities of the corporation. For the purpose of raising funds to pay the debts and liabilities, the township executive, with the concurrence and sanction of the township legislative body, or the city or town school board, as the case may be, is authorized and empowered to issue and sell bonds of the school township, school city, or school town. The debt created by the bonds, together with all other indebtedness of the school corporation, may not exceed two percent (2%) of the adjusted value of the taxable property within the school corporation as determined under IC 36-1-15. If the building or property of the corporation vested in the school corporation is suitable for instructing students of the township in the arts of agriculture, domestic science, or physical or practical mental culture, and in which to hold school or civic entertainments or be used for township, town, or city purposes, then the township executive, with the concurrence and sanction of the township, city, or town legislative body, as the case may be, is authorized and empowered to issue and sell bonds of the civil township, city, or town, as the case may be, and apply the proceeds to the payment of the debts and liabilities of the corporation. The proceeds of the bonds, together with all other indebtedness of the civil township, city, or town, may not exceed two percent (2%) of the adjusted value of the taxable property within the civil township, city, or town, as determined under IC 36-1-15. If the county receives the property, it is authorized to issue its general obligation bonds to pay the debts and liabilities as general obligation bonds of counties are issued under the general law. Unless the school and civil townships and school and civil cities and towns can
liquidate the debts and liabilities without violating Article 13, Section 1 of the Constitution of the State of Indiana and IC 36-1-15, they shall elect to refuse to accept the property. Unless the county can liquidate the debts and liabilities without violating the constitutional provision, it shall elect to refuse the property. If a civil township, city, or town uses its funds or the proceeds of the sale of its bonds to liquidate the debts and liabilities, it shall have an interest in the property in the proportion the funds expended by it bear to the funds expended by the school township, school city, or school town.

(c) Any bonds issued under this chapter shall be payable in not more than twenty (20) years after the date of their issuance. The municipal corporation issuing the bonds shall annually levy a tax on all of the taxable property within the municipal corporation in an amount sufficient to pay the interest on and the principal of such bonds as they mature. The bonds may mature and be payable either semiannually or annually. Notice of sale of the bonds shall be published once each week for two (2) weeks in a newspaper published in the municipal corporation issuing the bonds, or in a newspaper published in the county seat of the county in which the municipal corporation is located. Additional notices may be published.

(d) If the corporation ceases to exist or winds up its affairs without its board of trustees or directors finding that it is no longer possible for the corporation to operate the university, college, or institution of learning as a university, college, or institution of learning, this shall have the same effect as such a finding.

SECTION 245. [EFFECTIVE JULY 1, 2005] (a) The budget
agency shall make an early distribution of state tuition support to school corporations under IC 21-3-1.7 that may not exceed fifty percent (50%) of the most recent accrued tuition support payment delay balance, as determined by the budget agency. The distribution is to reduce accrued payment delay balances to school corporations that were created because of the distribution of eleven-twelfths (11/12) of the appropriated amount in the state fiscal year ending June 30, 2002. If the budget agency determines that insufficient combined balances exist to make an early distribution of fifty percent (50%), the budget agency may make an early distribution that is less than fifty percent (50%), so long as the percentage of the accrued payment delay is the same under this subsection as that used under subsection (b). An early distribution under this subsection is to be treated as a tuition support distribution under IC 21-3-1.7 for the calendar year in which the early distribution is made.

(b) The budget agency shall make an early distribution of property tax replacement credits and homestead credits under IC 6-1.1-21 that may not exceed fifty percent (50%) of the most recent accrued property tax replacement credit and homestead credit payment delay balance, as determined by the budget agency. The distribution is to reduce accrued payment delay balances that were created because of the statutory change in IC 6-1.1-21-10 that was made by P.L.192-2002(ss), SECTION 43, to move the May distribution to July beginning with the May 2003 distribution. If the budget agency determines that insufficient combined balances exist to make an early distribution of fifty percent (50%), the budget agency may make an early distribution that is less than fifty percent (50%), so long as the percentage of the accrued payment delay is the same under this subsection as that used under subsection (a). An early distribution under this subsection is to be treated as a distribution under IC 6-1.1-21 for the calendar year in which the early distribution is made.

(c) The budget agency shall make an additional distribution to Indiana University, Purdue University, Indiana State University, Ball State University, the University of Southern Indiana, Vincennes University, Ivy Tech State College, and the Indiana Higher Education Telecommunications System (IHETS) that may not exceed fifty percent (50%) of the claim of each of the above
state educational institutions resulting from the previous distribution of eleven-twelfths (11/12) of the budgeted amount in fiscal year 2001-2002, as determined by the budget agency. If the budget agency determines that insufficient balances exist in the state general fund, after making any early tuition distribution to school corporations under this act, to make an additional distribution under this SECTION of fifty percent (50%), the budget agency may make an additional distribution that is less than fifty percent (50%). An additional distribution under this subsection reduces the claim of a state educational institution receiving the distribution, and the institution shall reflect the reduction on its financial statements.

(d) Distributions under this SECTION:

(1) may be made in one (1) or more installments before July 1, 2007; and

(2) shall be separately allotted and the accrued payment delay balances for the state fiscal year shall be reduced accordingly.

(e) There is appropriated from the state general fund or property tax replacement fund to the budget agency the amount necessary to make early distributions under this SECTION.

(f) This SECTION expires July 2, 2007.

SECTION 246. [EFFECTIVE JULY 1, 2005]

For purposes of reconciling the amount the property tax replacement fund paid under IC 4-33-13-5(g) to entities covered by IC 6-3.1-20-7, with respect to taxable years ending in 2001, 2002, and 2003, the treasurer of state shall reduce the supplemental distributions under IC 4-33-13-5(g) to the entities covered by IC 6-3.1-20-7. The total reduction amount is what is necessary so that the property tax replacement fund realizes the difference between payments made compared to the payments that should have been made had the reimbursement under IC 6-3.1-20-7 been treated as provided in IC 4-33-13-5(g), as amended by this act. The reduction shall be allocated equally to the supplemental distributions made before September 2005, 2006, and 2007 for state fiscal years ending in 2006, 2007, and 2008.

SECTION 247. [EFFECTIVE JANUARY 1, 2004 (RETROACTIVE)]: IC 6-1.1-3-23, as amended by this act, applies only to property taxes first due and payable after December 31, 2004.
SECTION 248. [EFFECTIVE JANUARY 1, 2005 (RETROACTIVE)]: (a) As used in this SECTION, "taxable year" has the meaning set forth in IC 6-3-1-16.

SECTION 250. [EFFECTIVE JANUARY 1, 2004 (RETROACTIVE)]: (a) Notwithstanding IC 6-3-1-11, as effective before the passage of this act, this SECTION applies to taxable years beginning after December 31, 2003, and before January 1, 2005.

(b) As used in this SECTION, "Internal Revenue Code" means the Internal Revenue Code of 1986 of the United States as amended and in effect on January 1, 2004.

To the extent the provisions apply to IC 6-3, regulations adopted under Section 7805(a) of the Internal Revenue Code and in effect on January 1, 2004, shall be regarded as rules adopted by the department under IC 6-3, unless the department of state revenue adopts specific rules that supersede the regulation.

(d) An amendment to the Internal Revenue Code made by an act passed by Congress before January 1, 2004, that is effective for any taxable year that began before January 1, 2004, and that affects:

1) individual adjusted gross income (as defined in Section 62 of the Internal Revenue Code);
2) corporate taxable income (as defined in Section 63 of the Internal Revenue Code);

(6) taxable income (as defined in Section 832 of the Internal Revenue Code);
is also effective for that same taxable year for purposes of determining adjusted gross income under IC 6-3-1-3.5.
(e) However, this act may not be construed to authorize a taxpayer to deduct, in computing the taxpayer's Indiana adjusted gross income, the amount of bonus depreciation (as defined in IC 6-3-12-33, as amended by this act, or IC 6-5.5-1-20, as amended by this act, as applicable) or a deduction under Section 179 of the Internal Revenue Code in a total amount exceeding twenty-five thousand dollars ($25,000) in any taxable year beginning before January 1, 2005.

SECTION 251. [EFFECTIVE UPON PASSAGE]  (a) Notwithstanding IC 12-17-15-17, as amended by this act, the budget agency shall submit a report to the health finance commission established by IC 2-5-23 and the budget committee containing the following information concerning the funding for the infants and toddlers with disabilities program under IC 12-17-15:
