If the treasurer of state determines that the total amount of money distributed to an entity under IC 4-33-12-6 during the preceding state fiscal year was less than the entity's base year revenue (as determined under IC 4-33-12-6), the treasurer of state shall make a supplemental distribution to the entity from taxes collected under this chapter and deposited into the property tax replacement fund. The amount of the supplemental distribution is equal to the difference between the entity's base year revenue (as determined under IC 4-33-12-6) and the total amount of money distributed to the entity during the preceding state fiscal year under IC 4-33-12-6.

(h) This subsection applies only to a county containing a consolidated city. The county auditor shall distribute the money received by the county under subsection (d) as follows:

2. To each town located in the county according to the ratio that the town's population bears to the total population of the county.

3. After the distributions required in subdivisions (1) and (2) are made, the remainder shall be paid in equal amounts to the consolidated city and the county.

bond, one-tenth (1/10) of the principal amount of such redemption bond and, in addition thereto, will pay semiannually all interest which shall have accrued thereon to the date when such payment is to be made. The interest accrued on such bond shall be paid semiannually on June 1 and December 1, beginning on the same date as the first partial payment on such bond. The board of commissioners shall further agree to levy a tax on the taxable property of such county in an amount sufficient to make the payments on such redemption bonds as they fall due, together with all interest which shall have accrued thereon. Any bondholder who elects to avail himself or herself of the provisions of this chapter shall agree that in consideration of the privilege hereby afforded he the bondholder will not maintain or attempt to maintain a suit for the collection or the enforcement of the lien of any such bond, other than in accordance with the remedies afforded by the provisions of this chapter. (b) Except as provided in subsection (l), a law enforcement officer appointed after July 5, 1972, and before July 1, 1993, may not enforce the laws or ordinances of the state or any political subdivision unless the officer has, within one (1) year from the date of appointment, successfully completed the minimum basic training requirements established under this chapter by the board. If a person fails to successfully complete the basic training requirements within one (1)
year from the date of employment, the officer may not perform any of the duties of a law enforcement officer involving control or direction of members of the public or exercising the power of arrest until the officer has successfully completed the training requirements. (c) Military leave or other authorized leave of absence from law enforcement duty during the first year of employment after July 6, 1972, shall toll the running of the first year, which in such cases shall be calculated by the aggregate of the time before and after the leave, for the purposes of this chapter.

Successful completion of the pre-basic course authorizes a law enforcement officer to exercise the police powers described in subsection (d) for one (1) year after the date the law enforcement officer is appointed.

(f) The board shall adopt rules under IC 4-22-2 to establish a pre-basic course for the purpose of training:

In addition, the board may certify pre-basic courses that may be conducted by other public or private training entities, including colleges and universities.

The board may approve courses offered by other public or private training entities, including colleges and universities, as necessary in order to ensure the availability of an adequate number of inservice training programs. (d) The following provisions apply for purposes of subsection (c):
(1) The modifications that are to be applied are those
modifications required under IC 6-3-1-3.5 for the same taxable
year in which each net operating loss was incurred.
(2) The amount of the taxpayer's net operating loss that is derived
from sources within Indiana shall be determined in the same
manner that the amount of the taxpayer's adjusted income derived
from sources within Indiana is determined under section 2 of this chapter for the same taxable year during which each loss was incurred.

(3) An Indiana net operating loss includes a net operating loss that arises when the modifications required by IC 6-3-1-3.5 exceed the taxpayer's federal taxable income (as defined in Section 63 of the Internal Revenue Code), if the taxpayer is a corporation, or when the modifications required by IC 6-3-1-3.5 exceed the taxpayer's federal adjusted gross income (as defined by Section 62 of the Internal Revenue Code), if the taxpayer is a nonresident person, for the taxable year in which the Indiana net operating loss is determined.

(e) Subject to the limitations contained in subsection (g), an Indiana net operating loss carryback or carryover shall be available as a deduction from the taxpayer's adjusted gross income derived from sources within Indiana (as defined in section 2 of this chapter) in the carryback or carryover year provided in subsection (f).

(f) Carrybacks and carryovers shall be determined under this subsection as follows:

(1) An Indiana net operating loss shall be an Indiana net operating loss carryback to each of the carryback years preceding the taxable year of the loss.

(2) An Indiana net operating loss shall be an Indiana net operating loss carryover to each of the carryover years following the taxable year of the loss.

(3) Carryback years shall be determined by reference to the number of years allowed for carrying back a net operating loss under Section 172(b) of the Internal Revenue Code.

(4) Carryover years shall be determined by reference to the number of years allowed for carrying over net operating losses under Section 172(b) of the Internal Revenue Code.

(5) A taxpayer who makes an election under Section 172(b)(3) of the Internal Revenue Code to relinquish the carryback period with respect to a net operating loss for any taxable year shall be considered to have also relinquished the carryback of the Indiana net operating loss for purposes of this section.

(g) The entire amount of the Indiana net operating loss for any taxable year shall be carried to the earliest of the taxable years to which
(as determined under subsection (f)) the loss may be carried. The amount of the Indiana net operating loss remaining after the deduction is taken under this section in a taxable year may be carried back or carried over as provided in subsection (f). The amount of the Indiana net operating loss carried back or carried over from year to year shall be reduced to the extent that the Indiana net operating loss carryback or carryover is used by the taxpayer to obtain a deduction in a taxable year until the occurrence of the earlier of the following:

(1) The entire amount of the Indiana net operating loss has been used as a deduction.
(2) The Indiana net operating loss has been carried over to each of the carryover years provided by subsection (f).

(h) An Indiana net operating loss deduction determined under this section shall be allowed notwithstanding the fact that in the year the taxpayer incurred the net operating loss the taxpayer was not subject to the tax imposed under section 1 of this chapter because the taxpayer was:

(1) a life insurance company (as defined in Section 816(a) of the Internal Revenue Code); or
(2) an insurance company subject to tax under Section 831 of the Internal Revenue Code.

(i) In the case of a life insurance company that claims an operations loss deduction under Section 810 of the Internal Revenue Code, this section shall be applied by:

(1) substituting the corresponding provisions of Section 810 of the Internal Revenue Code in place of references to Section 172 of the Internal Revenue Code; and
(2) substituting life insurance company taxable income (as defined in Section 801 of the Internal Revenue Code) in place of references to taxable income (as defined in Section 63 of the Internal Revenue Code).

(j) For purposes of an amended return filed to carry back an Indiana net operating loss:

(1) the term "due date of the return", as used in IC 6-8.1-9-1(a)(1), means the due date of the return for the taxable year in which the net operating loss was incurred; and
(2) the term "date the payment was due", as used in IC 6-8.1-9-2(c), means the due date of the return for the taxable
year in which the net operating loss was incurred.

SECTION 22. IC 6-8.1-9-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1. (a) If a person has paid more tax than the person determines is legally due for a particular taxable period, the person may file a claim for a refund with the department. Except as provided in subsections (f) and (g), in order to obtain the refund, the person must file the claim with the department within three (3) years after the latter of the following:

(1) The due date of the return.
(2) The date of payment.

For purposes of this section, the due date for a return filed for the state gross retail or use tax, the gasoline tax, the special fuel tax, the motor carrier fuel tax, the oil inspection fee, or the petroleum severance tax is the end of the calendar year which contains the taxable period for which the return is filed. The claim must set forth the amount of the refund to which the person is entitled and the reasons that the person is entitled to the refund.

(b) When the department receives a claim for refund, the department shall consider the claim for refund and may hold a hearing on the claim for refund to obtain and consider additional evidence. After considering the claim and all evidence relevant to the claim, the department shall issue a decision on the claim, stating the part, if any, of the refund allowed and containing a statement of the reasons for any part of the refund that is denied. The department shall mail a copy of the decision to the person who filed the claim. If the department allows the full amount of the refund claim, a warrant for the payment of the claim is sufficient notice of the decision.

(c) If the person disagrees with any part of the department's decision, the person may appeal the decision, regardless of whether or not he protested the tax payment or whether or not the person has accepted a refund. The person must file the appeal with the tax court. The tax court does not have jurisdiction to hear a refund appeal suit, if:

(1) the appeal is filed more than three (3) years after the date the claim for refund was filed with the department;
(2) the appeal is filed more than ninety (90) days after the date the department mails the decision of denial to the person; or
(3) the appeal is filed both before the decision is issued and before the one hundred eighty-first day after the date the person
files the claim for refund with the department.

(d) The tax court shall hear the appeal de novo and without a jury, and after the hearing may order or deny any part of the appealed refund. The court may assess the court costs in any manner that it feels is equitable. The court may enjoin the collection of any of the listed taxes under IC 33-26-6-2. The court may also allow a refund of taxes, interest, and penalties that have been paid to and collected by the department.

(e) With respect to the motor vehicle excise tax, this section applies only to penalties and interest paid on assessments of the motor vehicle excise tax. Any other overpayment of the motor vehicle excise tax is subject to IC 6-6-5.

(f) If a taxpayer's federal income tax liability for a taxable year is modified by the Internal Revenue Service, and the modification would result in a reduction of the tax legally due, the due date by which the taxpayer must file a claim for refund with the department is the later of:

(1) the date determined under subsection (a); or

(2) the date that is six (6) months after the date on which the taxpayer is notified of the modification by the Internal Revenue Service.

(g) If an agreement to extend the assessment time period is entered into under IC 6-8.1-5-2(e), the period during which a person may file a claim for a refund under subsection (a) is extended to the same date to which the assessment time period is extended.  

SECTION 23. IC 6-8.1-10-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1. (a) If a person fails to file a return for any of the listed taxes, fails to pay the full amount of tax shown on his return by the due date for the return or the payment, or incurs a deficiency upon a determination by the department, the person is subject to interest on the nonpayment.

(b) The interest for a failure described in subsection (a) is the adjusted rate established by the commissioner under subsection (c), from the due date for payment. The interest applies to:

(1) the full amount of the unpaid tax due if the person failed to file the return;

(2) the amount of the tax that is not paid, if the person filed the return but failed to pay the full amount of tax shown on the return; or
(3) the amount of the deficiency.

(c) The commissioner shall establish an adjusted rate of interest for a failure described in subsection (a) and for an excess tax payment on or before November 1 of each year. For purposes of subsection (b), the adjusted rate of interest shall be the percentage rounded to the nearest whole number that equals two (2) percentage points above the average investment yield on state money for the state's previous fiscal year, excluding pension fund investments, as published in the auditor of state's comprehensive annual financial report. For purposes of IC 6-8.1-9-2(c), the adjusted rate of interest for an excess tax payment is the percentage rounded to the nearest whole number that equals the average investment yield on state money for the state's previous fiscal year, excluding pension fund investments, as published in the auditor of state's comprehensive annual financial report. The adjusted rates of interest established under this subsection shall take effect on January 1 of the immediately succeeding year.

(d) For purposes of this section, the filing of a substantially blank or unsigned return does not constitute a return.

(e) Except as provided by IC 6-8.1-5-2(e)(2), The department may not waive the interest imposed under this section.

(f) Subsections (a) through (c) do not apply to a motor carrier fuel tax return.

(b) When participation as described in this section is authorized, the participation must be under direction of the governing body, and when cash amounts are included in the qualified entity's share of total cost, the cost amounts shall be provided in the usual and accepted manner for the financing of the affairs of the qualified entity. Costs of engineering and legal services to the borrower may be regarded as a part of the total cost of the project.

Sec. 14. (a) The state board of finance and the corporation shall determine and ascribe to an applicant for a loan a priority rating. The rating must be based primarily on the need of the qualified entity for a proposed program or on the need of the small business investment company or minority enterprise small business investment company for the loan as the need is related to the needs of other applicants for loans.

(b) The qualified entities, small business investment companies, or minority enterprise small business investment companies with the highest priority rating shall be given first consideration when loans are made under this chapter. The loans shall be made in descending order as shown by the priority ratings.

(4) If the qualified entity is a special taxing district that was not established by a city, town, or county, by the county in which the special taxing district is located.

If repayment of the loan is to be from a specified revenue source under subsection (a)(5), the ordinance must state the revenue source and must state that the qualified entity is not obligated to pay the principal or interest on the loan except from the specified revenue source. An ordinance may not provide for repayment from a specified revenue source if the repayment would impair the qualified entity's contract with an owner of outstanding obligations.
payable from the specified revenue source.

(c) Notwithstanding any other law, the qualified entity may enter into loans under this chapter without obtaining the approval of any other body.

Sec. 16. A qualified entity receiving a loan under this chapter may levy an annual tax on personal and real property located within the qualified entity's geographical limits for industrial development purposes, in addition to any other tax authorized by statute to be levied for such purposes, at a rate that will produce sufficient revenue to pay the annual installment and interest on a loan made under this chapter. The tax may be in addition to the maximum annual rates prescribed by IC 6-1.1-18, IC 6-1.1-18.5, IC 6-1.1-19, and other statutes.

Sec. 17. (a) If a qualified entity fails to make repayment of money lent under this chapter or is in any way indebted to the industrial development fund for any amounts incurred or accrued, the amount payable may be:

(1) withheld by the auditor of state, as set forth in the loan agreement with the qualified entity, from any money payable to the qualified entity and transferred to the fund; or

(2) recovered in an action by the state on relation of the corporation, prosecuted by the attorney general, in the circuit or superior court of the county in which the qualified entity is located.

(b) If a small business investment company or a minority enterprise small business investment company fails to make repayment of money lent under this chapter or is in any way indebted to the industrial development fund for any amounts incurred or accrued, the amount payable may be recovered in an action by the state on relation of the company, prosecuted by the attorney general, in the circuit or superior court of the county in which the small business investment company or minority enterprise small business investment company is located.

Sec. 18. There is appropriated annually to the corporation from the state general fund, from money not otherwise appropriated, an amount sufficient to administer this chapter, subject to the approval of the budget committee.

Sec. 19. (a) The corporation, with the approval of the state board of finance, may sell to a person (including the board for
depositories) the notes or other debt obligations issued by a county, city, or town under this chapter or IC 6-1.1-39 for any borrowing from the industrial development fund under this chapter.

(b) A sale by the corporation of a note or another debt obligation of a county, city, or town as authorized by subsection (a) shall be made:

For such a coordinated or simultaneous lending and sale, the sale proceeds may be applied to the funding of the loan to the county, city, or town.

(b) Notes or other debt obligations of a county, city, or town that may be sold by the corporation under this section are declared to be legal investments for:

The application must be in the form specified by the board. The extension may not exceed forty-five (45) days under rules adopted by the board under IC 4-22-2.

(d) If a zone business that did not comply with subsection (a) before June 1 and did not file for an extension under subsection (c) before June 1 complies with subsection (a) before July 16, the amount of the tax credit and exemption incentives for the preceding year that were otherwise available to the zone business because the business was a zone business are waived, unless the zone business pays to the board a penalty of fifteen percent (15%) of the amount of the tax credit and exemption incentives for the preceding year that were otherwise available to the zone business because the business was a zone business. A zone business that pays a penalty under this subsection for a year must pay the penalty to the board before July 16 of that year. The board shall deposit any penalty payments received under this subsection in the enterprise zone fund.

(e) This subsection is in addition to any other sanction imposed by subsection (d) or any other law. If a zone business fails to comply with subsection (a) before July 16 and does not pay any penalty required under subsection (d) by letter postmarked before July 16 of that year, the zone business is:

Notwithstanding any other law, the person or entity to whom the request is made under this section must comply with the request. A person or entity receiving records or information under this section that are confidential must also keep the records or information confidential.

(c) A person or an entity that receives confidential records or information under this section and knowingly or intentionally discloses the records or information to an unauthorized person commits a Class A misdemeanor.

Sec. 9. (a) The board may designate up to ten (10) enterprise zones, in addition to any enterprise zones the federal government may designate in Indiana. The board may by seven (7) affirmative votes increase the number of enterprise zones above ten (10), but it may not add more than two (2) new zones each year (excluding any zone that may be added by the board in a municipality in which a previously designated zone has expired) and may not add any new zones after December 31, 2015. There may not be more than one (1) enterprise zone in any municipality.

(b) After approval by resolution of the legislative body, the executive of any municipality that is not an included town under IC 36-3-1-7 may submit one (1) application to the board to have one (1) part of the municipality designated as an enterprise zone. If an application is denied, the executive may submit a new application. The board shall provide application procedures.

(c) The board shall evaluate an enterprise zone application if it finds that the following threshold criteria exist in a proposed zone:

1. A poverty level in which twenty-five percent (25%) of the households in the zone are below the poverty level as established by the most recent United States census or an average rate of unemployment for the most recent eighteen
(18) month period for which data is available that is at least one and one-half (1 1/2) times the average statewide rate of unemployment for the same eighteen (18) month period.

(3) An area of more than three-fourths (3/4) of a square mile but less than four (4) square miles, with a continuous boundary (using natural, street, or highway barriers when possible) entirely within the applicant municipality. However, if the zone includes a parcel of property that:
   (A) is owned by the municipality; and
   (B) has an area of at least twenty-five (25) acres;
the area of the zone may be increased above the four (4) square mile limitation by an amount not to exceed the area of the municipally owned parcel.

(4) Property suitable for the development of a mix of commercial, industrial, and residential activities.

(5) The appointment of a U.E.A. that meets the requirements of section 13 of this chapter.

(6) A statement by the applicant indicating its willingness to provide certain specified economic development incentives.

(d) If an applicant has met the threshold criteria of subsection (c), the board shall evaluate the application, arrive at a decision based on the following factors, and either designate a zone or reject the application:

(1) Level of poverty, unemployment, and general distress of the area in comparison with other applicant and nonapplicant municipalities and the expression of need for an enterprise zone over and above the threshold criteria of subsection (c).

(2) Evidence of support for designation by residents, businesses, and private organizations in the proposed zone, and the demonstration of a willingness among those zone constituents to participate in zone area revitalization.

(3) Efforts by the applicant municipality to reduce the impediments to development in the zone area where necessary, including but not limited to the following:
   (A) A procedure for streamlining local government regulations and permit procedures.
   (B) Crime prevention activities involving zone residents.
(C) A plan for infrastructure improvements capable of supporting increased development activity.

(4) Significant efforts to encourage the reuse of existing zone structures in new development activities to preserve the existing character of the neighborhood, where appropriate.

(5) The proposed managerial structure of the zone and the capacity of the U.E.A. to carry out the goals and purposes of this chapter.

Sec. 10. (a) An enterprise zone expires ten (10) years after the day on which it is designated by the board. The two (2) year period immediately before the day on which the enterprise zone expires is the phaseout period. During the phaseout period, the board may review the success of the enterprise zone based on the following criteria and may, with the consent of the budget committee, renew the enterprise zone, including all provisions of this chapter, for five (5) years:

(1) Increases in capital investment in the zone.

(2) Retention of jobs and creation of jobs in the zone.

(3) Increases in employment opportunities for residents of the zone.

(b) If an enterprise zone is renewed under subsection (a), the two (2) year period immediately before the day on which the enterprise zone expires is another phaseout period. During the phaseout period, the board may review the success of the enterprise zone based on the criteria set forth in subsection (a) and, with the consent of the budget committee, may again renew the enterprise zone, including all provisions of this chapter, for a final period of five (5) years. The zone may not be renewed after the expiration of this final five (5) year period.

The legislative body must include in the resolution that a U.E.A. is created or designate another entity to function as the U.E.A. under this chapter. The resolution must also be approved by the executive of the unit.
(b) If the resolution is approved, the executive shall file the resolution and the executive's approval with the board. (c) Establishment of an enterprise zone under this section is not subject to the limit of two (2) new enterprise zones each year under section 9(a) of this chapter.

Sec. 12. The board may not approve the enlargement of an enterprise zone's geographic boundaries unless the area to be enlarged meets the criteria of economic distress set forth in section 9(c)(1) of this chapter.

Sec. 13. (a) There is established in each applicant for designation as an enterprise zone and in each enterprise zone an urban enterprise association (U.E.A). The twelve (12) members of the U.E.A. shall be chosen as follows:

This election shall be held every two (2) years in the same month as the first meeting or whenever a vacancy occurs. The U.E.A. shall meet at least once every three (3) months. The secretary shall notify members of meetings at least two (2) weeks in advance of meetings. The secretary shall provide a list of members to each member and shall notify members of any changes in membership.

(2) Recommend that the board modify a zone boundary or disqualify a zone business from eligibility for one (1) or more
benefits or incentives available to zone businesses.

(3) Incorporate as a nonprofit corporation. Such a corporation may continue after the expiration of the zone in accordance with the general principles established by this chapter. (c) The U.E.A. may request, by majority vote, that the legislative body of the municipality in which the zone is located modify or waive any municipal ordinance or regulation that is in effect in the zone. (d) The U.E.A. may request, by majority vote, that the board waive or modify any state rule that is in effect in the zone. The board shall review the request and may approve, modify, or reject the request. Approval or modification by the board shall take place after review by the appropriate state agency. A modification may include but is not limited to establishing different compliance or reporting requirements, timetables, or exemptions in the zone for a business or an individual, to the extent that the modification does not adversely affect health (including environment health), safety, employment rights, or civil rights. An approval or a modification of a state rule by the board takes effect upon the approval of the governor. In no case are the provisions of IC 22-2-2 and IC 22-7-1-2 mitigated by this chapter.

Sec. 15. (a) Any business that substantially reduces or ceases an operation located in Indiana and outside an enterprise zone (referred to as a nonzone operation) in order to relocate in an Indiana enterprise zone is disqualified from benefits or incentives available to zone businesses. Determinations under this section shall be made by a hearing panel composed of the chairperson of the board or the chairperson's designee, the commissioner of the department of state revenue or the commissioner's designee, and the commissioner of the department of local government finance or the commissioner's designee. The panel, after an evidentiary hearing held subsequent to the relocation of the business, shall

certified as uninhabitable by a state or local building authority.

(D) The building for the nonzone operation has been totally destroyed through no fault of the business.

(E) The renovation and construction costs at the location of the nonzone operation are more than one and one-half (1 1/2) times the costs of purchase, renovation, and construction of a facility in the zone, as certified by three (3) independent estimates.

A business is eligible for benefits and incentives under clause (C) or (D) only if renovation and construction costs at the location of the nonzone operation are more than one and one-half (1 1/2) times the cost of purchase, renovation, and construction of a facility in the zone. These costs must be certified by three (3) independent estimates.

(2) The business has not terminated or reduced the pension or health insurance obligations payable to employees or former employees of the nonzone operation without the consent of the employees.

(c) The hearing panel shall cause to be delivered to the business and to any person who testified before the panel in favor of disqualification of the business a copy of the panel's recommended order. The business and these persons shall be considered parties for purposes of this section.

(d) A party who wishes to oppose the board's adoption of the recommended order of the hearing panel shall, not later than ten (10) days after the party's receipt of the recommended order, file written objections with the board. If the objections are filed, the board shall set the objections for oral argument and give notice to the parties. A party at its own expense may cause to be filed with the board a transcript of the oral testimony or any other part of the record of the proceedings. The oral argument shall be on the record filed with the board. The board may hear additional evidence or remand the action to the hearing panel with instructions appropriate to the expeditious and proper disposition of the action. The board may adopt the recommendations of the hearing panel, may amend or modify the recommendations, or may make an order or determination as is proper on the record.

(e) If no objections are filed, the board may adopt the
recommended order without oral argument. If the board does not adopt the proposed findings of fact and recommended order, the parties shall be notified and the action shall be set for oral argument as provided in subsection (d).

(f) The final determination made by the board shall be made by a majority of the quorum needed for board meetings.

Sec. 16. Whenever federal or state money is available for job training purposes, considerations shall, to the extent possible, be given to training residents of enterprise zones in industry specific skills relevant to a resident's particular zone.

Sec. 17. The state pledges to and agrees with the direct recipient of any enterprise zone incentive under this chapter that the state will not limit or alter the rights vested in the U.E.A. to fulfill the terms of any agreements it makes with those recipients or in any way impair the rights and remedies of those recipients until the terms of the incentive are fulfilled. The board may include this pledge and agreement of the state in any agreement it makes with the recipient.

The receipt by a qualified taxing unit of any payment of delinquent tax owed by a taxpayer in bankruptcy is considered to be part of the ad valorem property tax levy actually collected by the qualified taxing unit for taxes first due and payable during a particular calendar year for the purpose of calculating the levy excess under IC 6-1.1-18.5-17 and IC 6-1.1-19-1.7.

An annual report under subdivision (8) to the legislative council must be in an electronic format under IC 5-14-6.

SECTION 134. IC 36-7-14-22.2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 22.2. (a) The commission may sell or grant, at no cost, title to real property to an urban enterprise association for the purpose of developing the real property if the following requirements are met:
   (1) The urban enterprise association has incorporated as a not-for-profit corporation under IC 4-4-6.1-5(b)(3).
   (2) The parcel of property to be sold or granted is located entirely within the enterprise zone for which the urban enterprise association was created under IC 4-4-6.1-4.
   (3) The urban enterprise association agrees to cause development on the parcel of property within a specified period that may not exceed five (5) years from the date of the sale or grant.
   (4) The urban enterprise association agrees to rehabilitate or otherwise develop the property in a manner that is similar to and consistent with the use of the other properties in the enterprise zone.

(b) The commission may sell or grant, at no cost, title to real property to a community development corporation (as defined in IC 4-4-28-2) for the purpose of providing low or moderate income housing or other development that will benefit or serve low or moderate income families if the following requirements are met:
   (1) The community development corporation has as a major corporate purpose and function the provision of housing for low and moderate income families within the geographic area in which the parcel of real property is located.
(2) The community development corporation agrees to cause development that will serve or benefit low or moderate income families on the parcel of real property within a specified period, which may not exceed five (5) years from the date of the sale or grant.

(3) The community development corporation agrees that the community development corporation and each applicant, recipient, contractor, or subcontractor undertaking work in connection with the real property will:

(A) use lower income project area residents as trainees and as employees; and

(4) The community development corporation agrees to rehabilitate or otherwise develop the property in a manner that is similar to and consistent with the use of the other properties in the area served by the community development corporation.

(c) To carry out the purposes of this section, the commission may secure from the county under IC 6-1.1-25-9(e) parcels of property acquired by the county under IC 6-1.1-24 and IC 6-1.1-25.

(d) Before offering any parcel of property for sale or grant, the fair market value of the parcel of property must be determined by an appraiser, who may be an employee of the department. However, if the commission has obtained the parcel in the manner described in subsection (c), an appraisal is not required. An appraisal under this subsection is solely for the information of the commission and is not available for public inspection.

(e) The commission must decide at a public meeting whether the commission will sell or grant the parcel of real property. In making this decision, the commission shall give substantial weight to the extent to which and the terms under which the urban enterprise association or community development corporation will cause development on the property.

(f) Before conducting a meeting under subsection (g), the commission shall publish a notice in accordance with IC 5-3-1
indicating that at a designated time the commission will consider selling or granting the parcel of real property under this section. The notice must state the general location of the property, including the street address, if any, or a common description of the property other than the legal description.

(g) If the county agrees to transfer a parcel of real property to the commission to be sold or granted under this section, the commission may conduct a meeting to sell or grant the parcel to an urban enterprise zone or to a community development corporation even though the parcel has not yet been transferred to the commission. After the hearing, the commission may adopt a resolution directing the department to take appropriate steps necessary to acquire the parcel from the county and to transfer the parcel to the urban enterprise association or to the community development corporation.

(h) A conveyance of property under this section shall be made in accordance with section 22(i) of this chapter.

(i) An urban enterprise association that purchases or receives real property under this section shall report the terms of the conveyance to the enterprise zone board created under IC 4-6-1-1 of the Indiana economic development corporation not later than thirty (30) days after the date the conveyance of the property is made.

SECTION 135. IC 36-7-14-39 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 39. (a) As used in this section:

"Allocation area" means that part of a blighted area to which an allocation provision of a declaratory resolution adopted under section 15 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential
property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a blighted area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:

(A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing a blighted area expires after June 30, 1997; and

(B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;

the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision adopted after June 30, 1997, as adjusted under subsection (h).

(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded portion of the area added after June 30, 1995.

(6) If an allocation area established in a blighted area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded portion of the area

Except as provided in section 39.3 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A declaratory resolution adopted under section 15 of this chapter before January 1, 2006, may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution before January 1, 2006, in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the blighted area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date
with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into an allocation fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds which are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 27 of this chapter.

(D) Pay the principal of and interest on bonds issued by the unit to pay for local public improvements in or serving that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 25.2 of this chapter.

(G) Reimburse the unit for expenditures made by it for local public improvements (which include buildings, parking facilities, and other items described in section 25.1(a) of this chapter) in or serving that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in or serving that allocation area under any lease entered into under IC 36-1-10.

(I) Pay all or a portion of a property tax replacement
credit to taxpayers in an allocation area as determined by the redevelopment commission. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(A) (i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

(B) (ii) the STEP ONE sum.

STEP THREE: Multiply:

(A) (i) the STEP TWO quotient; times

(B) (ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 39.5 of this chapter in the same year.

(J) Pay expenses incurred by the redevelopment commission for local public improvements that are in the allocation area or serving the allocation area. Public improvements include buildings, parking facilities, and other items described in section 25.1(a) of this chapter.

(K) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.
However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the commission.

(3) Except as provided in subsection (g), before July 15 of each year the commission shall do the following:

(A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocation area will exceed the amount of assessed value needed to produce the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1). The commission may not authorize an allocation of assessed value to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2) or lessors under section 25.3 of this chapter.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
(2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).
(e) Notwithstanding any other law, each assessor shall, upon petition of the redevelopment commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

1. the assessed value of the property as valued without regard to this section; or
2. the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 4-16-1, IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata portion of such current property tax proceeds from the portion of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2),
except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that portion part of the allocation area that is also located in the enterprise zone. Those programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 136. IC 36-7-14-44.2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 44.2. On a quadrennial basis, the general assembly shall provide for an evaluation of the provisions of this chapter, giving first priority to using the Indiana economic development council corporation established under IC 4-3-14-4, IC 5-28-3. The evaluation shall be a fiscal analysis, including an assessment of the effectiveness of the provisions of this chapter to:

(1) create new jobs;
(2) increase income; and
(3) increase the tax base;

in the jurisdiction of the unit. The fiscal analysis may also consider impacts on tax burdens borne by property owners. The fiscal analysis may also include a review of the practices and experiences of other states or political subdivisions with laws similar to the provisions of this chapter. The president of the Indiana economic development council corporation established under IC 4-3-14-4 IC 5-28-3 or another person or entity designated by the general assembly shall
submit a report on the evaluation to the governor, the president pro tempore of the senate, and the speaker of the house of representatives before December 1, 1999, and every fourth year thereafter. The report submitted to the president pro tempore of the senate and the speaker of the house of representatives must be in an electronic format under IC 5-14-6.

SECTION 137. IC 36-7-15.1-15.2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 15.2. (a) The commission may sell or grant, at no cost, title to real property to an urban enterprise association for the purpose of developing the real property if the following requirements are met:

1. The urban enterprise association has incorporated as a not-for-profit corporation under IC 4-4-6.1-5(b)(3).
2. The parcel of property to be sold or granted is located entirely within the enterprise zone for which the urban enterprise association was created under IC 4-4-6.1-4.
3. The urban enterprise association agrees to cause development on the parcel of property within a specified period that may not exceed five (5) years from the date of the sale or grant.
4. The urban enterprise association agrees to rehabilitate or otherwise develop the property in a manner that is similar to and consistent with the use of the other properties in the enterprise zone.

(b) To carry out the purposes of this section, the commission may secure from the county under IC 6-1.1-25-9(e) parcels of property acquired by the county under IC 6-1.1-24 and IC 6-1.1-25.

(c) Before offering any parcel of property for sale or grant, the fair market value of the parcel of property must be determined by an appraiser, who may be an employee of the department. However, if the commission has obtained the parcel in the manner described in subsection (b), an appraisal is not required. An appraisal under this subsection is solely for the information of the commission and is not available for public inspection.

(d) The commission must decide at a public meeting whether the commission will sell or grant the parcel of real property. In making this decision, the commission shall give substantial weight to the extent to which and the terms under which the urban enterprise association will
cause development on the property.

(e) Before conducting a meeting under subsection (d), the commission shall publish a notice in accordance with IC 5-3-1 indicating that at a designated time the commission will consider selling or granting the parcel of real property under this section. The notice must state the general location of the property, including the street address, if any, or a common description of the property other than the legal description.

(f) If the county agrees to transfer a parcel of real property to the commission to be sold or granted under this section, the commission may conduct a meeting to sell or grant the parcel to an urban enterprise zone even though the parcel has not yet been transferred to the commission. After the hearing, the commission may adopt a resolution directing the department to take appropriate steps necessary to acquire the parcel from the county and to transfer the parcel to the urban enterprise association.

(g) A conveyance of property to an urban enterprise association under this section shall be made in accordance with section 15(i) of this chapter.

(h) An urban enterprise association that purchases or receives real property under this section shall report the terms of the conveyance to the enterprise zone board created under IC 4-4-6.1 of the Indiana economic development corporation not later than thirty (30) days after the date the conveyance of the property is made.

SECTION 138. IC 36-7-15.1-26 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 26. (a) As used in this section:

"Allocation area" means that part of a blighted area to which an allocation provision of a resolution adopted under section 8 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory
resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net
assessed value of property that is assessed as residential
property under the rules of the department of local government
finance, as finally determined for any assessment date after the
effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a
declaratory resolution or an amendment to a declaratory
resolution establishing a blighted area:
   (A) the net assessed value of all the property as finally
determined for the assessment date immediately preceding the
effective date of the allocation provision of the declaratory
resolution, as adjusted under subsection (h); plus
   (B) to the extent that it is not included in clause (A), the net
assessed value of property that is assessed as residential
property under the rules of the department of local government
finance, as finally determined for any assessment date after the
effective date of the allocation provision.

(3) If:
   (A) an allocation provision adopted before June 30, 1995, in
a declaratory resolution or an amendment to a declaratory
resolution establishing a blighted area expires after June 30,
1997; and
   (B) after June 30, 1997, a new allocation provision is included
in an amendment to the declaratory resolution;
the net assessed value of all the property as finally determined for
the assessment date immediately preceding the effective date of
the allocation provision adopted after June 30, 1997, as adjusted
under subsection (h).

(4) Except as provided in subdivision (5), for all other allocation
areas, the net assessed value of all the property as finally
determined for the assessment date immediately preceding the
effective date of the allocation provision of the declaratory
resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development
area before July 1, 1995, is expanded after June 30, 1995, the
definition in subdivision (1) applies to the expanded portion part
of the area added after June 30, 1995.
(6) If an allocation area established in a blighted area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded portion of the area added after June 30, 1997.

Except as provided in section 26.2 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A resolution adopted under section 8 of this chapter before January 1, 2006, may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution before January 1, 2006, in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the blighted area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of
the taxes attributable to the lesser of:
   (A) the assessed value of the property for the assessment date
       with respect to which the allocation and distribution is made;
   or
   (B) the base assessed value;
shall be allocated to and, when collected, paid into the funds of
the respective taxing units.

(2) Except as otherwise provided in this section, property tax
proceeds in excess of those described in subdivision (1) shall be
allocated to the redevelopment district and, when collected, paid
into a special fund for that allocation area that may be used by the
redevelopment district only to do one (1) or more of the
following:
   (A) Pay the principal of and interest on any obligations
       payable solely from allocated tax proceeds that are incurred by
       the redevelopment district for the purpose of financing or
       refinancing the redevelopment of that allocation area.
   (B) Establish, augment, or restore the debt service reserve for
       bonds payable solely or in part from allocated tax proceeds in
       that allocation area.
   (C) Pay the principal of and interest on bonds payable from
       allocated tax proceeds in that allocation area and from the
       special tax levied under section 19 of this chapter.
   (D) Pay the principal of and interest on bonds issued by the
       consolidated city to pay for local public improvements in that
       allocation area.
   (E) Pay premiums on the redemption before maturity of bonds
       payable solely or in part from allocated tax proceeds in that
       allocation area.
   (F) Make payments on leases payable from allocated tax
       proceeds in that allocation area under section 17.1 of this
       chapter.
   (G) Reimburse the consolidated city for expenditures for local
       public improvements (which include buildings, parking
       facilities, and other items set forth in section 17 of this
       chapter) in that allocation area.
   (H) Reimburse the unit for rentals paid by it for a building or
       parking facility in that allocation area under any lease entered
into under IC 36-1-10. 
(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:
   (i) in the allocation area; and
   (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the following:

   (A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocated area will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).

   (B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1).

The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

   (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
(2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or
(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 4-4-6.1, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

(1) To pay for programs in job training, job enrichment, and basic
skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

(2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in the enterprise zone. These loans and grants may be made to the following:

(A) Businesses operating in the enterprise zone.

(B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers for purposes of payments from the special zone fund only to that portion part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 139. IC 36-7-15.1-36.2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 36.2. On a quadrennial basis, the general assembly shall provide for an evaluation of the provisions of this chapter, giving first priority to using the Indiana economic development council corporation established under IC 4-3-14-4. IC 5-28-3. The evaluation must be a fiscal analysis,
including an assessment of the effectiveness of the provisions of this chapter to:

(1) create new jobs;
(2) increase income; and
(3) increase the tax base;

in the jurisdiction of the county. The fiscal analysis may also consider impacts on tax burdens borne by property owners. The fiscal analysis may also include a review of the practices and experiences of other states or political subdivisions with laws similar to the provisions of this chapter. The president of the Indiana economic development corporation established under IC 4-3-14-4 or another person or entity designated by the general assembly shall submit a report on the evaluation to the governor, the president pro tempore of the senate, and the speaker of the house of representatives before December 1, 1999, 2007, and every fourth year thereafter.

SECTION 140. IC 36-7-15.1-53 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 53. (a) As used in this section:

"Allocation area" means that part of a blighted area to which an allocation provision of a resolution adopted under section 40 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means:

(1) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(2) to the extent that it is not included in subdivision (1), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Except as provided in section 55 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A resolution adopted under section 40 of this chapter before January 1, 2006, may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include
an allocation provision by the amendment of that resolution before January 1, 2006, in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision must be approved by resolution of the legislative body of the excluded city and must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the blighted area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made;  

or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.  

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.
(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 50 of this chapter.

(D) Pay the principal of and interest on bonds issued by the excluded city to pay for local public improvements in that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 46 of this chapter.

(G) Reimburse the excluded city for expenditures for local public improvements (which include buildings, park facilities, and other items set forth in section 45 of this chapter) in that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.

(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:
   (i) in the allocation area; and
   (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the following:

   (A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed
the amount of assessed value needed to provide the property
taxes necessary to make, when due, principal and interest
payments on bonds described in subdivision (2) plus the
amount necessary for other purposes described in subdivision
(2) and subsection (g).
(B) Notify the county auditor of the amount, if any, of excess
assessed value that the commission has determined may be
allocated to the respective taxing units in the manner
prescribed in subdivision (1).
The commission may not authorize an allocation to the respective
taxing units under this subdivision if to do so would endanger the
interests of the holders of bonds described in subdivision (2).
(c) For the purpose of allocating taxes levied by or for any taxing
unit or units, the assessed value of taxable property in a territory in the
allocation area that is annexed by any taxing unit after the effective
date of the allocation provision of the resolution is the lesser of:
(1) the assessed value of the property for the assessment date with
respect to which the allocation and distribution is made; or
(2) the base assessed value.
(d) Property tax proceeds allocable to the redevelopment district
under subsection (b)(2) may, subject to subsection (b)(3), be
irrevocably pledged by the redevelopment district for payment as set
forth in subsection (b)(2).
(e) Notwithstanding any other law, each assessor shall, upon
petition of the commission, reassess the taxable property situated upon
or in, or added to, the allocation area, effective on the next assessment
date after the petition.
(f) Notwithstanding any other law, the assessed value of all taxable
property in the allocation area, for purposes of tax limitation, property
tax replacement, and formulation of the budget, tax rate, and tax levy
for each political subdivision in which the property is located, is the
lesser of:
(1) the assessed value of the property as valued without regard to
this section; or
(2) the base assessed value.
(g) If any part of the allocation area is located in an enterprise zone
created under IC 5-28-15, the unit that designated the
allocation area shall create funds as specified in this subsection. A unit
that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

1. To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

2. To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in an enterprise zone. These loans and grants may be made to the following:
   A. Businesses operating in the enterprise zone.
   B. Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

3. To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers, for purposes of payments from the special zone fund, only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of
local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 141. IC 36-7-30-25 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 25. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base reuse area to which an allocation provision of a declaratory resolution adopted under section 10 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment thereto, as finally determined for any subsequent assessment date; plus
(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Clause (C) applies only to allocation areas established in a military reuse area after June 30, 1997, and to the portion part of an allocation area that was established before June 30, 1997, and that is added to an existing allocation area after June 30, 1997.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real
property.

(b) A declaratory resolution adopted under section 10 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 13 of this chapter. The allocation provision may apply to all or part of the military base reuse area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:
   (A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
   (B) the base assessed value;

2) shall be allocated to and, when collected, paid into the funds of the respective taxing units.

2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the military base reuse district and, when collected, paid into an allocation fund for that allocation area that may be used by the military base reuse district and only to do one (1) or more of the following:

   (A) Pay the principal of and interest and redemption premium on any obligations incurred by the military base reuse district or any other entity for the purpose of financing or refinancing military base reuse activities in or directly serving or benefitting that allocation area.
   (B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the reuse authority, including lease rental revenues.
   (C) Make payments on leases payable solely or in part from
allocated tax proceeds in that allocation area.  
(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefiting that allocation area. 
(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the reuse authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area: 

**STEP ONE:** Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district. 

**STEP TWO:** Divide: 
(i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by 
(ii) the **STEP ONE** sum. 

**STEP THREE:** Multiply: 
(i) the **STEP TWO** quotient; times 
(ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section. 

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 27 of this chapter in the same year. 

(F) Pay expenses incurred by the reuse authority for local public improvements or structures that were in the allocation area or directly serving or benefiting the allocation area. 

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located: 
(i) in the allocation area; and
(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the reuse authority.

(3) Except as provided in subsection (g), before July 15 of each year the reuse authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess property taxes that the reuse authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The reuse authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 19 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under IC 6-1.1-21.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
(2) the base assessed value.

(d) Property tax proceeds allocable to the military base reuse district
under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base reuse district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the reuse authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or
(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 4-4-6.1, IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment,
and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that portion of the allocation area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base reuse district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the military base reuse district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 142. IC 36-7-32-9 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 9. SECTION 145. IC 36-7-32-12 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 12. A redevelopment commission and the legislative body of the unit that established the redevelopment commission may enter into an agreement with the department of commerce Indiana economic development corporation establishing the terms and conditions governing a certified technology park designated under section 11 of
this chapter. Upon designation of the certified technology park under the terms of the agreement, the subsequent failure of any party to comply with the terms of the agreement does not result in the termination or rescission of the designation of the area as a certified technology park. The agreement must include the following provisions:

1. A description of the area to be included within the certified technology park.
2. Covenants and restrictions, if any, upon all or a part of the properties contained within the certified technology park and terms of enforcement of any covenants or restrictions.

(a) A denial of disclosure by a public agency occurs when the person making the request is physically present in the office of the agency, makes the request by telephone, or requests enhanced access to a document and:

1. the person designated by the public agency as being responsible for public records release decisions refuses to permit inspection and copying of a public record when a request has been made; or

whichever occurs first.

(b) If a person requests by mail or by facsimile a copy or copies of a public record, a denial of disclosure does not occur until seven (7) days have elapsed from the date the public agency receives the request.

(c) If a request is made orally, either in person or by telephone, a
public agency may deny the request orally. However, if a request initially is made in writing, by facsimile, or through enhanced access, or if an oral request that has been denied is renewed in writing or by facsimile, a public agency may deny the request if:

(1) the denial is in writing or by facsimile; and
(2) the denial includes:

(A) a statement of the specific exemption or exemptions authorizing the withholding of all or part of the public record; and

(B) the name and the title or position of the person responsible for the denial.

(d) This subsection applies to a board, a commission, a department, a division, a bureau, a committee, an agency, an office, an instrumentality, or an authority, by whatever name designated, exercising any part of the executive, administrative, judicial, or legislative power of the state. If an agency receives a request to inspect or copy a record that the agency considers to be excepted from disclosure under section 4(b)(19) of this chapter, the agency may consult with the counterterrorism and security council established under IC 4-3-20. (e) A person who has been denied the right to inspect or copy a public record by a public agency may file an action in the circuit or superior court of the county in which the denial occurred to compel the public agency to permit the person to inspect and copy the public record. Whenever an action is filed under this subsection, the public agency must notify each person who supplied any part of the public record at issue:

need not allege or prove any special damage different from that suffered by the public at large.

(f) The court shall determine the matter de novo, with the burden of proof on the public agency to sustain its denial. If the issue in de novo review under this section is whether a public agency properly denied access to a public record because the record is exempted under section 4(a) of this chapter, the public agency meets its burden of proof under this subsection by establishing the content of the record with adequate specificity and not by relying on a conclusory statement or affidavit.

(g) If the issue in a de novo review under this section is whether a public agency properly denied access to a public record because the record is exempted under section 4(b) of this chapter:

(1) the public agency meets its burden of proof under this subsection by:

Inservice training must include training in interacting with persons with mental illness, addictive disorders, mental retardation, and developmental disabilities, to be provided by persons approved by the secretary of family and social services and the law enforcement training board. In addition, a certified academy staff may develop and make available inservice training programs on a regional or local basis. The board may approve courses offered by other public or private training entities, including colleges and universities, as necessary in order to ensure the availability of an adequate number of inservice training programs. The board may waive an officer's inservice training requirements if the board determines that the officer's reason for lacking the required amount of inservice training hours is due to any either of the following:

(1) An emergency situation.
(2) The unavailability of courses.
(h) The board shall also adopt rules establishing a town marshal basic training program, subject to the following:

1. The program must require fewer hours of instruction and class attendance and fewer courses of study than are required for the mandated basic training program.

However, if space in the executive training program is not available at a time that will allow the police chief to complete completion of the executive training
program within six (6) months of the date the police chief initially takes office, the police chief must successfully complete the next available **executive training** program that is offered to the police chief after the police chief initially takes office.

(k) A police chief who fails to comply with subsection (j) may not **continue to serve** as the police chief until the police chief has completed the police chief completion of the executive training program. For the purposes of this subsection and subsection (j), "police chief" refers to:

(2) the plan provides, at a minimum, for the capture for treatment of first flush;

(3) the plan is reviewed periodically; and

(4) additional controls are implemented as provided in section 2.4 of this chapter.

The NPDES permit holder shall provide the results of the review to the department.

(a) A person who commits murder shall be imprisoned for a fixed term of fifty-five (55) years, with not more than ten (10) years added for aggravating circumstances or not more than ten (10) years subtracted for mitigating circumstances: between forty-five (45) and sixty-five (65) years, with the advisory sentence being fifty-five (55) years. (1) the court finds that:
   (A) the person has committed a prior, unrelated felony for which judgment was entered as a conviction of a Class A misdemeanor; and
   (B) the prior felony was committed less than three (3) years before the second felony was committed;
(2) the offense is domestic battery as a Class D felony under IC 35-42-2-1.3; or
(3) the offense is possession of child pornography (IC 35-42-4-4(c)).

The court shall enter in the record, in detail, the reason for its action whenever it exercises the power to enter judgment of conviction of a Class A misdemeanor granted in this subsection.

SECTION 11. IC 35-50-2-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 8. (a) Except as otherwise provided in this section, the state may seek to have a person sentenced as a habitual offender for any felony by alleging, on a page separate from the rest of the charging instrument, that the person has accumulated two (2) prior unrelated felony convictions.

(b) The state may not seek to have a person sentenced as a habitual offender for a felony offense under this section if:

(1) the offense is a misdemeanor that is enhanced to a felony in the same proceeding as the habitual offender proceeding solely because the person had a prior unrelated conviction;
(2) the offense is an offense under IC 9-30-10-16 or IC 9-30-10-17; or
(3) all of the following apply:
   (A) The offense is an offense under IC 16-42-19 or IC 35-48-4.
   (B) The offense is not listed in section 2(b)(4) of this chapter.
   (C) The total number of unrelated convictions that the person has for:
      (i) dealing in or selling a legend drug under IC 16-42-19-27;
(ii) dealing in cocaine or a narcotic drug (IC 35-48-4-1);
(iii) dealing in a schedule I, II, III controlled substance (IC 35-48-4-2);
(iv) dealing in a schedule IV controlled substance (IC 35-48-4-3; and
(v) dealing in a schedule V controlled substance (IC 35-48-4-4);

does not exceed one (1).

(c) A person has accumulated two (2) prior unrelated felony convictions for purposes of this section only if:

(1) the second prior unrelated felony conviction was committed after sentencing for the first prior unrelated felony conviction; and
(2) the offense for which the state seeks to have the person sentenced as a habitual offender was committed after sentencing for the second prior unrelated felony conviction.

(d) A conviction does not count for purposes of this section as a prior unrelated felony conviction if:

(1) the conviction has been set aside;
(2) the conviction is one for which the person has been pardoned; or
(3) all of the following apply:

   (B) The offense is not listed in section 2(b)(4) of this chapter.
   (C) The total number of unrelated convictions that the person has for:

      does not exceed one (1).

(e) The requirements in subsection (b) do not apply to a prior unrelated felony conviction that is used to support a sentence as a habitual offender. A prior unrelated felony conviction may be used
under this section to support a sentence as a habitual offender even if
the sentence for the prior unrelated offense was enhanced for any
reason, including an enhancement because the person had been
convicted of another offense. However, a prior unrelated felony
conviction under IC 9-30-10-16, IC 9-30-10-17, IC 9-12-3-1 (repealed),
or IC 9-12-3-2 (repealed) may not be used to support a sentence as a
habitual offender.

(f) If the person was convicted of the felony in a jury trial, the jury
shall reconvene for the sentencing hearing. If the trial was to the court
or the judgment was entered on a guilty plea, the court alone shall
conduct the sentencing hearing under IC 35-38-1-3.

(g) A person is a habitual offender if the jury (if the hearing is by
jury) or the court (if the hearing is to the court alone) finds that the
state has proved beyond a reasonable doubt that the person had
accumulated two (2) prior unrelated felony convictions.

(h) The court shall sentence a person found to be a habitual offender
to an additional fixed term that is not less than the presumptive
advisory sentence for the underlying offense nor more than three (3)

However, the additional sentence may not exceed thirty (30) years.

separate from the rest of the charging instrument, that the person has
accumulated two (2) prior unrelated substance offense convictions.

(c) After a person has been convicted and sentenced for a substance
offense committed after sentencing for a prior unrelated substance
offense conviction, the person has accumulated two (2) prior unrelated
substance offense convictions. However, a conviction does not count
for purposes of this subsection if:

(1) it has been set aside; or

(2) it is a conviction for which the person has been pardoned.

d) If the person was convicted of the substance offense in a jury trial, the jury shall reconvene for the sentencing hearing. If the trial was to the court, or the judgment was entered on a guilty plea, the court alone shall conduct the sentencing hearing, under IC 35-38-1-3.

e) A person is a habitual substance offender if the jury (if the hearing is by jury) or the court (if the hearing is to the court alone) finds that the state has proved beyond a reasonable doubt that the person had accumulated two (2) prior unrelated substance offense convictions.

f) The court shall sentence a person found to be a habitual substance offender to an additional fixed term of at least three (3) years but not more than eight (8) years imprisonment, to be added to the term of imprisonment imposed under IC 35-50-2 or IC 35-50-3. If the court finds that:

(1) three (3) years or more have elapsed since the date the person was discharged from probation, imprisonment, or parole (whichever is later) for the last prior unrelated substance offense conviction and the date the person committed the substance offense for which the person is being sentenced as a habitual substance offender; or

(2) all of the substance offenses for which the person has been convicted are substance offenses under IC 16-42-19 or IC 35-48-4, the person has not been convicted of a substance offense listed in section 2(b)(4) of this chapter, and the total number of convictions that the person has for:

(A) dealing in or selling a legend drug under IC 16-42-19-27;
(B) dealing in cocaine or a narcotic drug (IC 35-48-4-1);
(C) dealing in a schedule I, II, or III controlled substance (IC 35-48-4-2);
(D) dealing in a schedule IV controlled substance (IC 35-48-4-3); and
(E) dealing in a schedule V controlled substance (IC 35-48-4-4);

does not exceed one (1);

then the court may reduce the additional fixed term. However, the court
may not reduce the additional fixed term to less than one (1) year.

(g) If a reduction of the additional year fixed term is authorized under subsection (f), the court may also consider the aggravating or circumstances in IC 35-37-2.5-2 and the mitigating circumstances in IC 35-38-1-7.1 to:

(1) decide the issue of granting a reduction; or
(2) determine the number of years, if any, to be subtracted under subsection (f).

(d) If after a sentencing hearing a court finds that a person who committed an offense used a firearm in the commission of the offense, the court may sentence the person to an additional fixed term of imprisonment of five (5) years.

(d) If the person was convicted of the offense in a jury trial, the jury shall reconvene to hear evidence in the enhancement hearing. If the trial was to the court, or the judgment was entered on a guilty plea, the court alone shall hear evidence in the enhancement hearing.

(e) If the jury (if the hearing is by jury) or the court (if the hearing is to the court alone) finds that the state has proved beyond a reasonable doubt that the person knowingly or intentionally used a firearm in the commission of the offense, the court may sentence the person to an additional fixed term of imprisonment of five (5) years.

SECTION 14. IC 35-50-2-13 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 13. (a) The state
may seek, on a page separate from the rest of a charging instrument, to have a person who allegedly committed an offense of dealing in a controlled substance under IC 35-48-4-1 through IC 35-48-4-4 sentenced to an additional fixed term of imprisonment if the state can show beyond a reasonable doubt that the person knowingly or intentionally:

   (B) sawed-off shotgun in violation of IC 35-47-5-4.1; or
   (C) machine gun in violation of IC 35-47-5-8;
while committing the offense.

(b) If after a sentencing hearing a court finds that a person committed an offense as described in subsection (a), the court may sentence the person to an additional fixed term of imprisonment of not more than five (5) years; except as follows:

(1) If the firearm is a sawed-off shotgun, the court may sentence the person to an additional fixed term of imprisonment of not more than ten (10) years;

(2) If the firearm is a machine gun or is equipped with a firearm silencer or firearm muffler, the court may sentence the person to an additional fixed term of imprisonment of not more than twenty (20) years: The additional sentence under this subdivision is in addition to any additional sentence imposed under section 11 of this chapter for use of a firearm in the commission of an offense.

(b) If the person was convicted of the offense in a jury trial, the jury shall reconvene to hear evidence in the enhancement hearing. If the trial was to the court, or the judgment was entered on a guilty plea, the court alone shall hear evidence in the enhancement hearing.

(c) If the jury (if the hearing is by jury) or the court (if the hearing is to the court alone) finds that the state has proved beyond a reasonable doubt that the person knowingly or intentionally committed an offense as described in subsection (a), the court may sentence the person to an additional fixed term of imprisonment of not more than five (5) years, except as follows:

(1) If the firearm is a sawed-off shotgun, the court may sentence the person to an additional fixed term of
imprisonment of not more than ten (10) years.
(2) If the firearm is a machine gun or is equipped with a firearm silencer or firearm muffler, the court may sentence the person to an additional fixed term of imprisonment of not more than twenty (20) years. The additional sentence under this subdivision is in addition to any additional sentence imposed under section 11 of this chapter for use of a firearm in the commission of an offense.

SECTION 15. IC 35-50-2-14 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 14. (a) The state may seek to have a person sentenced as a repeat sexual offender for a sex offense under IC 35-42-4-1 through IC 35-42-4-9 or IC 35-46-1-3 by alleging, on a page separate from the rest of the charging instrument, that the person has accumulated one (1) prior unrelated felony conviction for a sex offense under IC 35-42-4-1 through IC 35-42-4-9 or IC 35-46-1-3.

(b) After a person has been convicted and sentenced for a felony committed after sentencing for a prior unrelated felony conviction under IC 35-42-4-1 through IC 35-42-4-9 or IC 35-46-1-3, the person has accumulated one (1) prior unrelated felony conviction. However, a conviction does not count for purposes of this subsection, if:
   (1) it has been set aside; or
   (2) it is one for which the person has been pardoned.

(c) The court alone shall conduct the sentencing hearing under IC 35-38-1-3.

(c) If the person was convicted of the offense in a jury trial, the jury shall reconvene to hear evidence in the enhancement hearing. If the trial was to the court, or the judgment was entered on a guilty plea, the court alone shall hear evidence in the enhancement hearing.

(d) A person is a repeat sexual offender if the jury (if the hearing is by jury) or the court (if the hearing is to the court alone) finds that the state has proved beyond a reasonable doubt that the person had accumulated one (1) prior unrelated felony conviction under IC 35-42-4-1 through IC 35-42-4-9 or IC 35-46-1-3.

(e) The court may sentence a person found to be a repeat sexual offender to an additional fixed term that is the presumptive advisory sentence for the underlying offense. However, the additional sentence
may not exceed ten (10) years.

P.L.73-2005
[S.209. Approved April 25, 2005.]

AN ACT to amend the Indiana Code concerning human services.

Be it enacted by the General Assembly of the State of Indiana:

SECTION 1. IC 6-1.1-17-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. When formulating an annual budget estimate the proper officers of a political subdivision shall prepare an estimate of the amount of revenue which the political subdivision will receive from the state for and during the budget year for which the budget is being formulated. These estimated revenues
shall be shown in the budget estimate and shall be taken into consideration in calculating the tax levy which is to be made for the ensuing calendar year. However, this section does not apply to funds to be received from the state or the federal government for:

1. (1) poor relief;
   (2) township assistance;
   (3) unemployment relief;
   (4) old age pensions; or
   (4) other funds which may at any time be made available under "The Economic Security Act" or under any other federal act which provides for civil and public works projects.

SECTION 2. IC 6-1.1-17-3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 3. (a) The proper officers of a political subdivision shall formulate its estimated budget and its proposed tax rate and tax levy on the form prescribed by the department of local government finance and approved by the state board of accounts. The political subdivision shall give notice by publication to taxpayers of:

1. (1) the estimated budget;
   (2) the estimated maximum permissible levy;
   (3) the current and proposed tax levies of each fund; and
   (4) the amounts of excessive levy appeals to be requested.

In the notice, the political subdivision shall also state the time and place at which a public hearing will be held on these items. The notice shall be published twice in accordance with IC 5-3-1 with the first publication at least ten (10) days before the date fixed for the public hearing.

(b) The board of directors of a solid waste management district established under IC 13-21 or IC 13-9.5-2 (before its repeal) may conduct the public hearing required under subsection (a):
   (1) in any county of the solid waste management district; and
   (2) in accordance with the annual notice of meetings published under IC 13-21-5-2.

(c) The trustee of each township in the county shall estimate the amount necessary to meet the cost of poor relief township assistance in the township for the ensuing calendar year. The township board shall adopt with the township budget a tax rate sufficient to meet the estimated cost of poor relief township assistance. The taxes collected
as a result of the tax rate adopted under this subsection are credited to the township poor relief assistance fund.

SECTION 3. IC 6-1.1-17-14 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 14. The county auditor shall initiate an appeal to the department of local government finance if the county board of tax adjustment reduces a poor relief township assistance tax rate below the rate necessary to meet the estimated cost of poor relief township assistance.

SECTION 4. IC 6-1.1-18.5-13 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 13. With respect to an appeal filed under section 12 of this chapter, the local government tax control board may recommend that a civil taxing unit receive any one (1) or more of the following types of relief:

(1) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if in the judgment of the local government tax control board the increase is reasonably necessary due to increased costs of the civil taxing unit resulting from annexation, consolidation, or other extensions of governmental services by the civil taxing unit to additional geographic areas or persons.

(2) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the civil taxing unit needs the increase to meet the civil taxing unit's share of the costs of operating a court established by statute enacted after December 31, 1973. Before recommending such an increase, the local government tax control board shall consider all other revenues available to the civil taxing unit that could be applied for that purpose. The maximum aggregate levy increases that the local government tax control board may recommend for a particular court equals the civil taxing unit's share of the costs of operating a court for the first full calendar year in which it is in existence.

(3) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the quotient determined under STEP SIX of the following formula is equal to or greater than one and three-hundredths (1.03):

STEP ONE: Determine the three (3) calendar years that most
immediately precede the ensuing calendar year and in which a statewide general reassessment of real property does not first become effective.

STEP TWO: Compute separately, for each of the calendar years determined in STEP ONE, the quotient (rounded to the nearest ten-thousandth (0.0001)) of the sum of the civil taxing unit's total assessed value of all taxable property and the total assessed value of property tax deductions in the unit under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the particular calendar year, divided by the sum of the civil taxing unit's total assessed value of all taxable property and the total assessed value of property tax deductions in the unit under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the calendar year immediately preceding the particular calendar year.

STEP THREE: Divide the sum of the three (3) quotients computed in STEP TWO by three (3).

STEP FOUR: Compute separately, for each of the calendar years determined in STEP ONE, the quotient (rounded to the nearest ten-thousandth (0.0001)) of the sum of the total assessed value of all taxable property in all counties and the total assessed value of property tax deductions in all counties under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the particular calendar year, divided by the sum of the total assessed value of all taxable property in all counties and the total assessed value of property tax deductions in all counties under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the calendar year immediately preceding the particular calendar year.

STEP FIVE: Divide the sum of the three (3) quotients computed in STEP FOUR by three (3).

STEP SIX: Divide the STEP THREE amount by the STEP FIVE amount.

The civil taxing unit may increase its levy by a percentage not greater than the percentage by which the STEP THREE amount exceeds the percentage by which the civil taxing unit may increase its levy under section 3 of this chapter based on the assessed value growth quotient determined under section 2 of this chapter.

(4) Permission to the civil taxing unit to increase its levy in excess
of the limitations established under section 3 of this chapter, if the local government tax control board finds that the civil taxing unit needs the increase to pay the costs of furnishing fire protection for the civil taxing unit through a volunteer fire department. For purposes of determining a township’s need for an increased levy, the local government tax control board shall not consider the amount of money borrowed under IC 36-6-6-14 during the immediately preceding calendar year. However, any increase in the amount of the civil taxing unit’s levy recommended by the local government tax control board under this subdivision for the ensuing calendar year may not exceed the lesser of:

(A) ten thousand dollars ($10,000); or

(B) twenty percent (20%) of:

(i) the amount authorized for operating expenses of a volunteer fire department in the budget of the civil taxing unit for the immediately preceding calendar year; plus

(ii) the amount of any additional appropriations authorized during that calendar year for the civil taxing unit's use in paying operating expenses of a volunteer fire department under this chapter; minus

(iii) the amount of money borrowed under IC 36-6-6-14 during that calendar year for the civil taxing unit's use in paying operating expenses of a volunteer fire department.

(5) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter in order to raise revenues for pension payments and contributions the civil taxing unit is required to make under IC 36-8. The maximum increase in a civil taxing unit's levy that may be recommended under this subdivision for an ensuing calendar year equals the amount, if any, by which the pension payments and contributions the civil taxing unit is required to make under IC 36-8 during the ensuing calendar year exceeds the product of one and one-tenth (1.1) multiplied by the pension payments and contributions made by the civil taxing unit under IC 36-8 during the calendar year that immediately precedes the ensuing calendar year. For purposes of this subdivision, "pension payments and contributions made by a civil taxing unit" does not include that part of the payments or contributions that are funded by
distributions made to a civil taxing unit by the state.

(6) Permission to increase its levy in excess of the limitations established under section 3 of this chapter if the local government tax control board finds that:

(A) the township's \text{poor relief township assistance} ad valorem property tax rate is less than one and sixty-seven hundredths cents ($0.0167) per one hundred dollars ($100) of assessed valuation; and

(B) the township needs the increase to meet the costs of providing \text{poor relief township assistance} under IC 12-20 and IC 12-30-4.

The maximum increase that the board may recommend for a township is the levy that would result from an increase in the township's \text{poor relief township assistance} ad valorem property tax rate of one and sixty-seven hundredths cents ($0.0167) per one hundred dollars ($100) of assessed valuation minus the township's ad valorem property tax rate per one hundred dollars ($100) of assessed valuation before the increase.

(7) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter if:

(A) the increase has been approved by the legislative body of the municipality with the largest population where the civil taxing unit provides public transportation services; and

(B) the local government tax control board finds that the civil taxing unit needs the increase to provide adequate public transportation services.

The local government tax control board shall consider tax rates and levies in civil taxing units of comparable population, and the effect (if any) of a loss of federal or other funds to the civil taxing unit that might have been used for public transportation purposes. However, the increase that the board may recommend under this subdivision for a civil taxing unit may not exceed the revenue that would be raised by the civil taxing unit based on a property tax rate of one cent ($0.01) per one hundred dollars ($100) of assessed valuation.

(8) Permission to a civil taxing unit to increase the unit's levy in excess of the limitations established under section 3 of this chapter if the local government tax control board finds that:
(A) the civil taxing unit is:
   (i) a county having a population of more than one hundred forty-eight thousand (148,000) but less than one hundred seventy thousand (170,000);
   (ii) a city having a population of more than fifty-five thousand (55,000) but less than fifty-nine thousand (59,000);
   (iii) a city having a population of more than twenty-eight thousand seven hundred (28,700) but less than twenty-nine thousand (29,000);
   (iv) a city having a population of more than fifteen thousand four hundred (15,400) but less than sixteen thousand six hundred (16,600); or
   (v) a city having a population of more than seven thousand (7,000) but less than seven thousand three hundred (7,300);
   and

(B) the increase is necessary to provide funding to undertake removal (as defined in IC 13-11-2-187) and remedial action (as defined in IC 13-11-2-185) relating to hazardous substances (as defined in IC 13-11-2-98) in solid waste disposal facilities or industrial sites in the civil taxing unit that have become a menace to the public health and welfare.

The maximum increase that the local government tax control board may recommend for such a civil taxing unit is the levy that would result from a property tax rate of six and sixty-seven hundredths cents ($0.0667) for each one hundred dollars ($100) of assessed valuation. For purposes of computing the ad valorem property tax levy limit imposed on a civil taxing unit under section 3 of this chapter, the civil taxing unit's ad valorem property tax levy for a particular year does not include that part of the levy imposed under this subdivision. In addition, a property tax increase permitted under this subdivision may be imposed for only two (2) calendar years.

(9) Permission for a county:

   (A) having a population of more than eighty thousand (80,000) but less than ninety thousand (90,000) to increase the county's levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the county needs the increase to meet the county's share of
the costs of operating a jail or juvenile detention center, including expansion of the facility, if the jail or juvenile detention center is opened after December 31, 1991;
(B) that operates a county jail or juvenile detention center that is subject to an order that:
   (i) was issued by a federal district court; and
   (ii) has not been terminated;
(C) that operates a county jail that fails to meet:
   (i) American Correctional Association Jail Construction Standards; and
   (ii) Indiana jail operation standards adopted by the department of correction; or
(D) that operates a juvenile detention center that fails to meet standards equivalent to the standards described in clause (C) for the operation of juvenile detention centers.
Before recommending an increase, the local government tax control board shall consider all other revenues available to the county that could be applied for that purpose. An appeal for operating funds for a jail or a juvenile detention center shall be considered individually, if a jail and juvenile detention center are both opened in one (1) county. The maximum aggregate levy increases that the local government tax control board may recommend for a county equals the county's share of the costs of operating the jail or a juvenile detention center for the first full calendar year in which the jail or juvenile detention center is in operation.
(10) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township needs the increase so that the property tax rate to pay the costs of furnishing fire protection for a township, or a portion of a township, enables the township to pay a fair and reasonable amount under a contract with the municipality that is furnishing the fire protection. However, for the first time an appeal is granted the resulting rate increase may not exceed fifty percent (50%) of the difference between the rate imposed for fire protection within the municipality that is providing the fire protection to the township and the township's rate. A township is required to appeal a second
time for an increase under this subdivision if the township wants to further increase its rate. However, a township's rate may be increased to equal but may not exceed the rate that is used by the municipality. More than one (1) township served by the same municipality may use this appeal.

(11) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township has been required, for the three (3) consecutive years preceding the year for which the appeal under this subdivision is to become effective, to borrow funds under IC 36-6-6-14 to furnish fire protection for the township or a part of the township. However, the maximum increase in a township's levy that may be allowed under this subdivision is the least of the amounts borrowed under IC 36-6-6-14 during the preceding three (3) calendar years. A township may elect to phase in an approved increase in its levy under this subdivision over a period not to exceed three (3) years. A particular township may appeal to increase its levy under this section not more frequently than every fourth calendar year.

(12) Permission to a city having a population of more than twenty-nine thousand (29,000) but less than thirty-one thousand (31,000) to increase its levy in excess of the limitations established under section 3 of this chapter if:

(A) an appeal was granted to the city under this section to reallocate property tax replacement credits under IC 6-3.5-1.1 in 1998, 1999, and 2000; and

(B) the increase has been approved by the legislative body of the city, and the legislative body of the city has by resolution determined that the increase is necessary to pay normal operating expenses.

The maximum amount of the increase is equal to the amount of property tax replacement credits under IC 6-3.5-1.1 that the city petitioned under this section to have reallocated in 2001 for a purpose other than property tax relief.

SECTION 5. IC 12-7-2-44.7 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 44.7. "Countable income", for purposes of IC 12-20, means a monetary amount either paid to an applicant or a member of an applicant's household not more
than thirty (30) days before the date of application for poor relief, township assistance, or accrued and legally available for withdrawal by an applicant or a member of an applicant's household at the time of application or not more than thirty (30) days after the date of application for poor relief, township assistance.    (2) provision of services;
   to a poor relief township assistance recipient commits poor relief township assistance fraud, a Class D felony. For purposes of this subsection, a person unfairly profits if the person receives payment from the township trustee for goods or services that the person does not provide or the person charges the township trustee more for the goods or services than the person would charge members of the public.

   (E) the supplies necessary for each school; and
   (F) the need for poor relief township assistance in the township; and

(2) submit to questions from the legislative body or taxpayers concerning expenditures of the township.

(b) The written statement required under subsection (a)(1) must comply with forms prescribed by the state board of accounts and show the amount of each item to be charged against township funds.

SECTION 175. IC 36-10-7-6 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 6. (a) This section applies to all townships having a population of at least eight thousand five hundred (8,500) that contain a town.

(b) The township executive may do the following in relation to township parks:
   (1) Purchase, acquire by eminent domain, accept by grant, devise, bequest, or other conveyance, or otherwise acquire land within the township for park purposes.
   (2) Make necessary improvements on the land.
   (3) Maintain and operate the land.
   (4) Dispose of all or part of the land that is unnecessary for the park or park purposes.

(c) If the executive decides to acquire land for park purposes under this section, the following procedures apply:
   (1) A resolution to that effect shall be adopted by the legislative body and shall be entered upon the minutes of the legislative body. The resolution must be signed by the members of the legislative body and by the executive.
   (2) Upon a petition signed in ink by at least one hundred (100) resident taxpayers and freeholders of the township, the executive shall, after the adoption of the resolution, fix a day not less than fifteen (15) nor more than twenty (20) days after adoption during
which time remonstrances may be filed with the executive against the resolution.

(3) The executive shall give notice by publication of the resolution and of the time limits for filing remonstrances in accordance with IC 5-3-1.

(4) Remonstrances must be signed in ink and shall be filed not later than the day fixed for the expiration of the time for filing remonstrances in the notices.

(5) If the number of signers of remonstrances exceeds the number of signers who have signed the original petition, determined by the same qualifications, the executive may give notice, in accordance with IC 5-3-1, of a date by which time a supplementary petition containing the names of qualified signers in addition to the names signed to the first petition may be filed asking for acquisition.

(6) A supplemental petition must be signed in ink by signers having the same qualifications as required for the original petition.

(7) If, after the expiration of the period for filing a supplemental petition, it is determined that the number of qualified signers to the original petition and the supplemental petition exceeds the number of signers to the remonstrance, the executive may proceed with the acquisition of land and the improvement and operation of it.

(8) If the number signing the remonstrance is greater than the number signing the original and supplemental petition, then the township may not proceed with the improvement.

However, the remonstrance does not prevent the acquisition of land or inhibit the power of the executive to acquire parkland unless at least twenty percent (20%) of the resident freeholders who are also legal voters, execute the remonstrance. Only the executive and the legislative body may determine the sufficiency of a petition or remonstrance and the qualifications of a signer. These matters are subject to review only for fraud.

(d) The executive may acquire any property, land, privilege, immunities, or other species of interest reasonably necessary for the park or for the purpose of improving, maintaining, or operating it. The executive may sue in the name of the township for the condemnation
of any property, land, privilege, immunities, or other species of interest in accordance with statutes available to municipal corporations for condemnation.

(e) To provide money for any of the purposes of this section, the legislative body may authorize the executive to issue the bonds of the township. However, the total bonds issued and outstanding at any time for such purposes may not exceed ninety thousand dollars ($90,000). The bonds may bear interest at any rate, may be made payable semiannually, shall be sold for at least their par value, and run for a period of not less than ten (10) nor more than twenty (20) years. Parts of the total issue may be sold from time to time as the executive determines. After the authorization of the bonds, the executive shall, in accordance with IC 5-3-1, publish notice of that part of the bonds that will be sold at that time. The notice must state the amount of bonds offered, the denomination, the period to run, the rate of interest, and the date, place, and hour of sale. No part of the bonds may be sold except after notice.

(f) The legislative body shall levy annually a sufficient tax to pay at least the principal and interest of bonds that will mature in the following year, and the executive shall apply the tax to the payment of bonds and interest. The tax levy is in addition to other tax levies. The tax shall be levied and collected on all property within the boundaries of the township, including municipalities. The cost of the care, upkeep, repair, maintenance, and improvement of the park shall be paid out of the general fund of the township, and the legislative body shall increase the levy of the fund each year by an amount sufficient to provide the money to maintain the park.

(g) The executive shall direct the expenditure of the money raised by the bond issue to save money that otherwise would be expended for poor relief. The executive may offer persons who are able-bodied and capable of work the opportunity to work upon the park improvement. If a person refuses without good excuse, the executive shall consider the refusal prima facie evidence that the person is not entitled to poor relief.

SECTION 176. [EFFECTIVE JULY 1, 2005] (a) After June 30, 2005, a reference to "poor relief" in a statute, a rule, an interim guideline, a contract, an application for benefits, an eligibility standard, a tax levy, a fund, a bond issue or another form of
indebtedness, or any other legal document or order shall be treated as a reference to "township assistance".

(c) On July 1, 2005, all powers, duties, assets, and liabilities of the township poor relief control board are transferred to the township assistance control board.

(d) After June 30, 2005, a reference to the township poor relief control board shall be treated as a reference to the township assistance control board.

(e) A member of the township poor relief control board appointed under IC 12-20-25-29 (before its amendment by this act) shall continue to serve as a member of the township assistance control board established by IC 12-20-25-29, as amended by this act, until the end of the term for which the member was appointed.

[EFFECTIVE JULY 1, 2005] (a) Notwithstanding the amendment of IC 12-20-25-40 by this act, funds that are in the county income tax poor relief control fund on June 30, 2005, are transferred to the county income tax township assistance control fund established by IC 12-20-25-40, as amended by this act.

(b) Notwithstanding the amendment of IC 12-20-25-51 by this act, funds that are in the distressed township supplemental poor relief fund on June 30, 2005, are transferred to the distressed

   (C) the department's certification that the billed goods and services have been received and comply with the contract.

The department's approval and certification of a bill under subdivision (2) shall be treated as conclusively resolving the merits of a contractor's claim. Upon receipt of the documentation described in subdivision (3), the county auditor shall immediately certify that the bill is true and correct without further audit, publish the claim as required by IC 36-2-6-3, and submit the claim to the county executive. The county executive shall allow the claim, in full, as approved by the department, without further examination of the merits of the claim in a regular or special session that is held not less than three (3) days and not more than seven (7) days after the completion of the publication requirements under IC 36-2-6-3. Upon allowance of the claim by the county executive, the county auditor shall immediately issue a warrant or check for the full amount of the claim approved by the department.

(o) The department or the contractor of the department shall use the land values determined under section 13.6 of this chapter for a county subject to an order issued under this section to the extent that the department or the contractor finds that the land values reflect the true tax value of land, as determined under this article and the rules of the department. If the department or the contractor finds that the land values determined for the county under section 13.6 of this chapter do not reflect the true tax value of land, the department or the contractor shall determine land values for the county that reflect the true tax value of land, as determined under this article and the rules of the department. Land values determined under this subsection shall be used to the same extent as if the land values had been determined under section 13.6 of this chapter. The department or the contractor of the department shall notify the county's reassessment officials of the land values determined under this subsection.

(p) A contractor of the department may notify the department if:

1. A county auditor fails to:

subsection (p)(3); and
(2) provide to the treasurer of state the department's approval
under subsection (l)(2)(A) of the contractor's bill with respect to
which the contractor gave notice under subsection (p).
(r) Upon receipt of the department's approval of a contractor's bill
under subsection (q), the treasurer of state shall pay the contractor the
amount of the bill approved by the department from money in the
possession of the state that would otherwise be available for
distribution to the county, including distributions from the property tax
replacement fund or distribution of admissions taxes or wagering taxes.
(s) The treasurer of state shall withhold from the money that would

any other law to a county described in a notice provided under
subsection (p) the amount of a payment made by the treasurer of state
to the contractor of the department under subsection (r). Money shall
be withheld first from the money payable to the county under
IC 6-1.1-21-4(b) and then from all other sources payable to the county.

compliance with IC 5-11-10.
(u) IC 5-11-10-1.6(d) applies to the treasurer of state with respect
to the payment made in compliance with subsections (p) through (s).
This subsection and subsections (p) through (s) must be interpreted
liberally so that the state shall, to the extent legally valid, ensure that
the contractual obligations of a county subject to this section are paid.
Nothing in this section shall be construed to create a debt of the state.
(v) The provisions of this section are severable as provided in
IC 1-1-1-8(b).

(a) The parents of any student, regardless of the student's age, or the student after the student has reached eighteen (18) years of age, may request a transfer from a school corporation in which the student has a legal settlement to a transferee school corporation in Indiana or another state if the student may be better accommodated in the public schools of the transferee corporation. Whether the student can be better accommodated depends on such matters as:

(1) crowded conditions of the transferee or transferor corporation; and
(2) curriculum offerings at the high school level that are important to the vocational or academic aspirations of the student.

(b) This request for transfer must be made in writing to the transferor corporation, which shall immediately mail a copy to the transferee corporation. This request must be made at the times provided by rule of the state board of education. The transfer is effected if both the transferee and the transferor corporations approve the transfer within thirty (30) days after that mailing. If the transferor school corporation fails to act on the transfer request within thirty (30) days after the request is received, the transfer is considered approved. The transfer shall be denied when either school corporation either:

(1) mails a written denial by certified mail to the requesting parents or student at their last known address; or
(2) fails to act on the request within that period;

(c) in that event, If a transfer is denied under subsection (b), an appeal may be taken to the state board of education by the requesting parents, or student, if perfected within ten (10) days after the denial.
This appeal shall be perfected by mailing a notice of appeal by certified mail to the superintendent of each school corporation and the state board of education. The superintendent of public instruction shall develop forms for this purpose, and the transferor corporation shall assist the parents or student in the mechanics of perfecting the appeal. Appeals shall be heard in accord with section 10 of this chapter.

SECTION 2. IC 20-8.1-6.1-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5. (a) A student who is placed in a state licensed private or public health care facility, child care facility, or foster family home:

(3) by a child-placing agency licensed by the division of family and children;

may attend school in the school corporation in which the home or facility is located. If the school corporation in which the home or facility is located is not the school corporation in which the student has legal settlement, the school corporation in which the student has legal settlement shall pay the transfer tuition of the student.

(b) A student who is placed in a state licensed private or public health care or child care facility by a parent or guardian may attend school in the school corporation in which the facility is located if:

(1) the placement is necessary for the student's physical or emotional health and well-being and, if the placement is in a health care facility, is recommended by a physician; and
(2) the placement is projected to be for no less than fourteen (14) consecutive calendar days or an aggregate of twenty (20) calendar days.

The school corporation in which the student has legal settlement shall pay the transfer tuition of the student. The parent or guardian of the student shall notify the school corporation in which the facility is located and the school corporation of the student's legal settlement, if identifiable, of the placement. No later than thirty (30) days after this notice, the school corporation of legal settlement shall either pay the transfer tuition of the transferred student or appeal the payment by notice to the department of education. The acceptance or notice of appeal by the school corporation shall be given by certified mail to the parent or guardian of the student and any affected school corporation.
In the case of a student who is not identified as disabled under IC 20-1-6, the Indiana state board of education shall make a determination on transfer tuition in accordance with the procedures set out in section 10 of this chapter.
