ACTS 2005

Laws enacted by the

114th GENERAL ASSEMBLY

at the

FIRST REGULAR SESSION
(2005)

VOLUME I
(P.L. 1-2005)

By the authority of
INDIANA LEGISLATIVE COUNCIL
(IC 2-6-1.5)

Office of Code Revision
Legislative Services Agency
PREFACE TO 2005 ACTS

ARRANGEMENT

This year's edition of the Acts of Indiana includes all laws from the First Regular Session of the 114th General Assembly. The laws are arranged into two categories: first, laws of a permanent nature that amend the Indiana Code or laws that are temporary or special in nature and that do not amend the Code; and second, joint resolutions.

Public Law 1 of the 2005 First Regular Session of the 114th General Assembly (P.L.1-2005) is a nonsubstantive act to recodify Title 20 of the Indiana Code, concerning education. Public Law 2 of the 2005 First Regular Session of the 114th General Assembly (P.L.2-2005) is a technical, nonsubstantive act to correct technical errors in Indiana's statutary law.

The text of all other laws enacted during the First Regular Session is arranged, insofar as possible, in the order in which the governor signed the bills into law or the order in which laws not signed and not vetoed by the governor took effect.
A special printing code has been used in publishing the session laws in order that the reader may determine at a glance the specific changes made by any amendment. The following statement appeared at the top of each bill:

PRINTING CODE: Amendments: Whenever an existing statute (or a section of the Indiana Constitution) is being amended, the text of the existing provision will appear in this style type, additions will appear in this style type, and deletions will appear in this style type.

Additions: Whenever a new statutory provision is being enacted (or a new constitutional provision adopted), the text of the new provision will appear in this style type. Also, the word NEW will appear in that style type in the introductory clause of each SECTION that adds a new provision to the Indiana Code or the Indiana Constitution.

Conflict reconciliation: Text in a statute in this style type or this style type reconciles conflicts between statutes enacted by the 2004 General Assembly.

Upon the recommendation of the Code Revision Commission, the Legislative Council authorized a change in the style in which bills are printed to highlight the manner in which “blind amendments” are resolved in the technical correction bill prepared by the Code Revision Commission. A “blind amendment” occurs when two or more enrolled acts amend the same section of law but fail to indicate how they are to be read together. P.L.2-2005 (HEA 1398-2005), the technical correction bill prepared for the 2005 Session of the General Assembly, uses an italic typeface to indicate that one or more words contained in a law enacted in 2004 were absent from other versions the law enacted in the same session. P.L.2-2005 (HEA 1398-2005) in 2005 resolves the differences by striking superfluous words and inserting additional words as needed to harmonize the various versions of the law.

This system is intended to make the session laws more usable to the researcher by eliminating the need to compare each amendment against the text of the prior law in order to determine exactly what changes the General Assembly made.

Of course, these typefaces are intended only as a tool to indicate to the reader the text of the prior law that was deleted by amendment and to highlight any new text that was added by amendment. They are
not a permanent part of the law itself. In reproducing or quoting the law, it is unnecessary to retain these typefaces; instead, all stricken text may be deleted and all boldface and italic may be reproduced in regular type.

PUBLIC LAW CITATION FORM

The public law citation form incorporates the year the public law was enacted as a part of the public law number. For example, Public Law 1 enacted by the 114th First Regular Session is cited as P.L.1-2005.

CERTIFICATION

IC 2-6-1.5 requires the Indiana Legislative Council to supervise the preparation, indexing, and distribution of the session laws. Under IC 2-6-1.5, the Speaker of the House of Representatives and President Pro Tempore of the Senate must certify that the printed session laws have been compared with the enrolled acts and joint resolutions and have been found correct. The certification immediately follows the text of the session laws in the last volume of the 2005 Acts.

CASH STATEMENT

Article 10, Section 4 of the Constitution of the State of Indiana requires that an "accurate statement of the receipts and expenditures of the public money, shall be published with the laws of each regular session of the General Assembly". The statement for the current year appears in this publication following the certification of the session laws.
TABLES

There are two citation tables at the end of the last volume of the 2005 Acts, offset from the text by a green divider. The Table of Citations Affected sets out each section of the Code that has been affected by legislation enacted at the First Regular Session of the 114th General Assembly. The Enrolled Act Number to Public Law Number Table provides cross-references from House and Senate bill numbers to public law numbers for the First Regular Session of the 114th General Assembly.

INDEX

Immediately following the tables in the last volume of the 2005 Acts is a subject index for the legislation enacted at the First Regular Session of the 114th General Assembly.
AN ACT to amend the Indiana Code concerning education.

Be it enacted by the General Assembly of the State of Indiana:

SECTION 1. IC 20-17 IS ADDED TO THE INDIANA CODE AS A NEW ARTICLE TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:

ARTICLE 17. EFFECT OF RECODIFICATION OF TITLE 20
Chapter 1. Effect of Recodification by the Act of the 2005 Regular Session of the General Assembly

Sec. 1. As used in this chapter, "prior law" refers to the statutes concerning education that are repealed or amended in the recodification act of the 2005 regular session of the general assembly as the statutes existed before the effective date of the applicable or corresponding provision of the recodification act of the 2005 regular session of the general assembly.

Sec. 2. The purpose of the recodification act of the 2005 regular session of the general assembly is to recodify prior law in a style that is clear, concise, and easy to interpret and apply. Except to the extent that:

(1) the recodification act of the 2005 regular session of the general assembly is amended to reflect the changes made in a provision of another bill that adds to, amends, or repeals a provision in the recodification act of the 2005 regular session of the general assembly; or

(2) the minutes of meetings of the code revision commission during 2004 expressly indicate a different purpose;

the substantive operation and effect of the prior law continue uninterrupted as if the recodification act of the 2005 regular session of the general assembly had not been enacted.

Sec. 3. Subject to section 2 of this chapter, sections 4 through 9 of this chapter shall be applied to the statutory construction of the recodification act of the 2005 regular session of the general assembly.
Sec. 4. (a) The recodification act of the 2005 regular session of the general assembly does not affect:

(1) any rights or liabilities accrued;
(2) any penalties incurred;
(3) any violations committed;
(4) any proceedings begun;
(5) any bonds, notes, loans, or other forms of indebtedness issued, incurred, or made;
(6) any tax levies made or authorized;
(7) any funds established;
(8) any patents issued;
(9) the validity, continuation, or termination of any contracts, easements, or leases executed;
(10) the validity, continuation, scope, termination, suspension, or revocation of:
   (A) permits;
   (B) licenses;
   (C) certificates of registration;
   (D) grants of authority; or
   (E) limitations of authority; or
(11) the validity of court decisions entered regarding the constitutionality of any provision of the prior law;

Before the effective date of the recodification act of the 2005 regular session of the general assembly (July 1, 2005). Those rights, liabilities, penalties, violations, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, and limitations of authority continue and shall be imposed and enforced under prior law as if the recodification act of the 2005 regular session of the general assembly had not been enacted.

(b) The recodification act of the 2005 regular session of the general assembly does not:

(1) extend or cause to expire a permit, license, certificate of registration, or other grant or limitation of authority; or
(2) in any way affect the validity, scope, or status of a license, permit, certificate of registration, or other grant or limitation of authority;

Issued under the prior law.

(c) The recodification act of the 2005 regular session of the general assembly does not affect the revocation, limitation, or suspension of a
permit, license, certificate of registration, or other grant or limitation of authority based in whole or in part on violations of the prior law or the rules adopted under the prior law.

Sec. 5. The recodification act of the 2005 regular session of the general assembly shall be construed as a recodification of prior law. Except as provided in section 2(1) and 2(2) of this chapter, if the literal meaning of the recodification act of the 2005 regular session of the general assembly (including a literal application of an erroneous change to an internal reference) would result in a substantive change in the prior law, the difference shall be construed as a typographical, spelling, or other clerical error that must be corrected by:

1. inserting, deleting, or substituting words, punctuation, or other matters of style in the recodification act of the 2005 regular session of the general assembly; or

2. using any other rule of statutory construction;
as necessary or appropriate to apply the recodification act of the 2005 regular session of the general assembly in a manner that does not result in a substantive change in the law. The principle of statutory construction that a court must apply the literal meaning of an act if the literal meaning of the act is unambiguous does not apply to the recodification act of the 2005 regular session of the general assembly to the extent that the recodification act of the 2005 regular session of the general assembly is not substantively identical to the prior law.

Sec. 6. Subject to section 9 of this chapter, a reference in a statute or rule to a statute that is repealed and replaced in the same or a different form in the recodification act of the 2005 regular session of the general assembly shall be treated after the effective date of the new provision as a reference to the new provision.

Sec. 7. A citation reference in the recodification act of the 2005 regular session of the general assembly to another provision of the recodification act of the 2005 regular session of the general assembly shall be treated as including a reference to the provision of prior law that is substantively equivalent to the provision of the recodification act of the 2005 regular session of the general assembly that is referred to by the citation reference.

Sec. 8. (a) As used in the recodification act of the 2005 regular session of the general assembly, a reference to rules adopted under any provision of this title or under any other provision of the recodification act of the 2005 regular session of the general assembly refers to either:
(1) rules adopted under the recodification act of the 2005 regular session of the general assembly; or
(2) rules adopted under the prior law until those rules have been amended, repealed, or superseded.

(b) Rules adopted under the prior law continue in effect after June 30, 2005, until the rules are amended, repealed, or suspended.

Sec. 9. (a) A reference in the recodification act of the 2005 regular session of the general assembly to a citation in the prior law before its repeal is added in certain sections of the recodification act of the 2005 regular session of the general assembly only as an aid to the reader.

(b) The inclusion or omission in the recodification act of the 2005 regular session of the general assembly of a reference to a citation in the prior law before its repeal does not affect:

1. any rights or liabilities accrued;
2. any penalties incurred;
3. any violations committed;
4. any proceedings begun;
5. any bonds, notes, loans, or other forms of indebtedness issued, incurred, or made;
6. any tax levies made or authorized;
7. any funds established;
8. any patents issued;
9. the validity, continuation, or termination of contracts, easements, or leases executed;
10. the validity, continuation, scope, termination, suspension, or revocation of:
   (A) permits;
   (B) licenses;
   (C) certificates of registration;
   (D) grants of authority; or
   (E) limitations of authority; or
11. the validity of court decisions entered regarding the constitutionality of any provision of the prior law;

before the effective date of the recodification act of the 2005 regular session of the general assembly (July 1, 2005). Those rights, liabilities, penalties, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, and limitations of authority continue and shall be imposed and enforced under prior law as if the recodification act of the 2005 regular session
of the general assembly had not been enacted.

(c) The inclusion or omission in the recodification act of the 2005 regular session of the general assembly of a citation to a provision in the prior law does not affect the use of a prior conviction, violation, or noncompliance under the prior law as the basis for revocation of a license, permit, certificate of registration, or other grant of authority under the recodification act of the 2005 regular session of the general assembly, as necessary or appropriate to apply the recodification act of the 2005 regular session of the general assembly in a manner that does not result in a substantive change in the law.

A contract entered into under this section may extend only for the period required for its expiration to coincide with the expiration of contracts for textbooks for other subjects in the same classification.

Sec. 19. A publisher that has a textbook adopted must post a five thousand dollar ($5,000) bond to the acceptance and satisfaction of the governor. If a publisher fails to adequately and properly furnish an adopted textbook, the state board may cancel the adoption of the textbook.

Sec. 20. (a) The state board and publishers of adopted textbooks shall enter into contracts approved by the attorney general. A contract must specify terms, specifications, price, and other necessary matters. If a publisher of an adopted textbook sells the same book elsewhere at a lower price than in Indiana, the publisher shall make that lower price apply to all subsequent sales in Indiana. On refusal by a publisher to make this lower price available, the governor shall investigate to verify that the publisher is selling the same book at a lower price and under similar conditions elsewhere than in Indiana. If the governor's investigation verifies that such a sale has occurred, the governor shall cancel the adoption of the textbook involved.

4. other innovative educational technology programs.

(b) The department may also use money in the fund under contracts entered into with the Indiana department of administration and the state data processing oversight commission to study the feasibility of establishing an information telecommunications gateway that provides access to information on employment opportunities, career development, and instructional services from data bases operated by the state among the following:

1. Elementary and secondary schools.

(f) Subject to section 7 of this chapter, a school corporation may use money from the school corporation's capital projects fund as permitted under IC 21-2-15-4 for educational technology equipment.

Sec. 7. (a) Notwithstanding any other law, a school corporation is not entitled to:

(2) those funds shall be made available to the 4R's technology program under this chapter; and
(3) the department, upon approval by the governor and the budget agency, shall use those funds to award grants under this section.

(c) To be eligible to receive a grant under the program, a school corporation must comply with the following:

(1) The school corporation must apply to the department for a grant on behalf of a school within the school corporation to purchase technology equipment.

(2) The school corporation must certify the following:

(A) That the school will provide every kindergarten and grade 1 student at that school the opportunity to learn reading, writing, and arithmetic using technology.
(B) That the school will provide daily before or after school technology laboratories for students in grades 1 through 3 who have been identified as needing remediation in reading, writing, or arithmetic.
(C) That the school will provide additional technology opportunities, that may include Saturday sessions, for students in other grade levels to use the technology laboratories for remediation in reading, writing, arithmetic, or mathematics.
(D) That the school will provide technology opportunities to students that attend remediation programs under IC 20-32-8 (if the school corporation is required to do so) or any other additional summer programs.
(E) That the school corporation, either through its own or the school's initiative or through donations made to the corporation for educational technology under IC 20-20-15 on behalf of the school corporation, is able to provide a part of the costs attributable to purchasing the necessary technology equipment.
(3) The school corporation must include in the application the sources of and the amount of money secured under subdivision (2)(E).

(4) The school corporation or the school must:
   (A) provide teacher training services; or
   (B) use vendor provided teacher training services.

(5) The school corporation must give primary consideration to the purchase of technology equipment that includes teacher training services.

(6) The teachers who will be using the technology equipment must support the initiative described in this chapter.

(d) Upon review of the applications by the department, the satisfaction of the requirements set forth in subsection (c), and subject to the availability of funds for this purpose, the department shall award to each eligible school corporation a grant to purchase technology equipment under section 6(a)(1) of this chapter.

(e) The department shall monitor the compliance by the school corporations receiving grants of the matters cited in subsection (c).

Sec. 10. The department shall develop guidelines necessary to implement sections 6 through 9 of this chapter, including guidelines that require the school corporation to use the laboratories to the fullest extent possible.

Sec. 11. To be eligible to receive money under sections 6 through 9 of this chapter, a school corporation must apply to the department on forms provided by the department.

Sec. 12. A school corporation that receives a grant under sections 6 through 9 of this chapter must deposit the grant in the school technology fund established under IC 21-2-18.

Sec. 13. There is established a technology plan grant program.

Sec. 14. The department shall fund and administer the technology plan grant program.

Sec. 15. A school corporation qualifies for a technology plan grant under sections 13 through 24 of this chapter when the technology plan of the school corporation developed under section 7 of this chapter is approved by the department. For purposes of determining whether a school corporation qualifies for a grant under sections 13 through 24 of this chapter, the department shall:
   (1) review;
   (2) suggest changes;
   (3) approve; or
(4) reject;

a school corporation’s technology plan. However, before the
department may approve a technology plan, the department must
consult with the corporation for educational technology established by
IC 20-20-15-3 on the contents of the technology plan.

Sec. 16. (a) This section applies when a school corporation does not
qualify for a grant because the school corporation’s technology plan
has not been approved under section 15 of this chapter.

(b) The department shall delay grant distribution after the
scheduled time for grant distribution until the school corporation's
technology plan is approved. The delay is without loss or penalty to
the school corporation. If the school corporation's technology plan is
not approved by the end of the grant distribution period, the school
corporation may not receive a grant distribution.

Sec. 17. The total technology plan grant amount to a qualifying
school corporation is the amount determined by the department, with
advice from the educational technology council established by
IC 20-20-14-2, multiplied by the school corporation's ADM. The
amount is one hundred dollars ($100). However, for the purposes of
determining the ADM of a school corporation, students who are
transferred under IC 20-33-4 or IC 20-26-11 shall be counted as
students having legal settlement in the transferee corporation and not
having legal settlement in the transferor corporation.

Sec. 18. A school corporation must use a grant received under
sections 13 through 24 of this chapter to implement all or part of the
school corporation’s technology plan by funding uses that include the
following:

(1) Support of the school corporation’s remediation plans.
(2) Professional development related to technology.
(3) Computers in classrooms.
(4) Computers for teachers.
(5) Access to electronic gateways or telephone access to
    information providers.
(6) The buddy system project (as described in
    IC 20-20-15-4(1)(A)).
(7) Video distance learning.
(8) Wiring infrastructure.
(9) Salaries for management of the technology program.
(10) Technical support.
(12) Media distribution systems.
(13) Expansion of the 4R's technology program (as described in section 6(a)(1) of this chapter).

(16) Indiana public broadcasting services.
(17) Assistive technology devices for students with disabilities.

Sec. 19. (a) The department shall list all school corporations in Indiana according to assessed valuation for property tax purposes per student in ADM, beginning with the school corporation having the lowest assessed valuation for property tax purposes per student in ADM. For purposes of the list made under this section, the Indiana School for the Deaf established by IC 20-22-2-1 and the Indiana School for the Blind established by IC 20-21-2-1 shall be considered to have the lowest assessed valuation for property tax purposes per student in ADM during the six (6) year period beginning July 1, 2001.

(b) The department must prepare a revised list under subsection (a) before a new series of grants may begin.

(c) The department shall determine those school corporations to be placed in a group to receive a grant in a fiscal year under sections 13 through 24 of this chapter as follows:

(1) Beginning with the school corporation that is first on the list developed under subsection (a), the department shall continue sequentially through the list and place school corporations that qualify for a grant under section 15 of this chapter in a group until the cumulative total ADM of all school corporations in the group depletes the money that is available for grants in the fiscal year.

(2) Each fiscal year the department shall develop a new group by continuing sequentially through the list beginning with the first qualifying school corporation on the list that was not placed in a group in the prior fiscal year.

(3) If the final group developed from the list contains substantially fewer students in ADM than available money, the department shall:

(A) prepare a revised list of school corporations under subsection (a); and

(B) place in the group qualifying school corporations from the top of the revised list.

(4) The department shall label the groups with sequential
numbers beginning with "group one".

Sec. 20. (a) Except as provided in subsection (b), in a state fiscal year, the department shall distribute grants to only two (2) groups of school corporations with each of the two (2) groups receiving fifty percent (50%) of the group's total grant amount.

(b) In state fiscal year 1996-1997:
   (1) the department shall begin grant distribution under sections 13 through 24 of this chapter; and
   (2) the school corporations in group one shall receive one hundred percent (100%) of the group's total grant.
(c) Beginning in state fiscal year 1997-1998, the department shall:
   (1) distribute grants so that school corporations in group two receive:
       (A) fifty percent (50%) of group two's total grant in the first year of distribution; and
       (B) fifty percent (50%) of group two's total grant in the second year of distribution; and
   (2) continue in group number sequence so that school corporations in each group receive:
       (A) fifty percent (50%) of the group's total grant in the first year of distribution to the group; and
       (B) fifty percent (50%) of the group's total grant in the second year of distribution to the group.

Sec. 21. A school corporation shall report to the department on the use of grant money received under sections 13 through 24 of this chapter. A school corporation that fails to make a report under this section is not eligible for a subsequent grant.

Sec. 22. (a) This section applies in a year when a school corporation receives a grant under sections 13 through 24 of this chapter. The school corporation's capital projects fund budget must include an expenditure for technology that is not less than the school corporation's average annual expenditure for technology from the capital projects fund in the six (6) budget years preceding the year of the grant. If the Indiana School for the Deaf established by IC 20-22-2-1 or the Indiana School for the Blind established by IC 20-21-2-1 receives a grant under sections 13 through 24 of this chapter, the school's expenditures for technology in the year of the grant must exceed the school's average annual expenditure for technology in the six (6) budget years preceding the year of the grant.

(b) For each year that a school corporation fails to observe
subsection (a), the school corporation forfeits a grant under sections
13 through 24 of this chapter. The forfeit of the grant must occur in
the first grant year after the school corporation fails to observe
subsection (a).

Sec. 23. The department shall develop guidelines to implement
sections 13 through 24 of this chapter.

Sec. 24. A school corporation that receives a grant under sections
13 through 24 of this chapter shall deposit the grant in the school
technology fund established under IC 21-2-18. If the Indiana School
for the Deaf established by IC 20-22-2-1 or the Indiana School for the
Blind established by IC 20-21-2-1 receives a grant under sections 13
through 24 of this chapter, the school shall deposit the grant in an
account or fund that the school uses exclusively for the funding of
technology.

Chapter 1. County Boards of Education

Sec. 1. (a) As used in this chapter, "board" means a county board of education.

(b) As used in this chapter, "county superintendent" means the county superintendent of schools.

(c) The township trustees of each township of each county constitute a county board of education.

(d) The board shall meet:

(1) monthly at the office of the county superintendent; and
(2) at other times as the county superintendent considers necessary.

(e) The county superintendent:
(1) is ex officio chairperson of the board; and
(2) shall act as administrator of the board, carrying out the acts and duties designated by the board.

(f) The secretary of the board shall keep an accurate record of the minutes of the board. The minutes shall be kept at the county superintendent's office.

(g) A quorum consists of a number of members equal to the number of township schools under the administration of the county superintendent. However, business may not be transacted unless a majority of the trustees of the township schools under the administration of the county superintendent is present. Business shall be transacted and the acts of the board become effective by a two-thirds (2/3) majority vote of members present on matters coming before the board.

(h) This chapter may not be construed as granting the board any authority over:
(1) the selection or employment of any personnel or employees;
or
(2) the purchase of supplies;
in a township school.

(i) Upon nomination by the county superintendent and with the approval of two-thirds (2/3) of the members, the board shall enter into written contracts with additional administrative and supervisory employees who are necessary for the proper administration and supervision of the county school system and the township schools of the county.

(j) Except as provided in subsection (i), funds for the salaries of and supplies for persons employed under this section shall be provided in the same manner as the fixing and appropriation of the salaries of the county superintendent.

(k) The salary or fee of a school attorney related to performing the duties of the attorney's office may in part be paid directly from the school fund.

(l) The board shall make decisions concerning the general conduct of the schools, which shall be enforced as entered upon the minutes recorded by the secretary of the board.

(m) The board:
(1) shall receive through its treasurer from the state money provided and distributed from the state school tuition fund for teaching units for those employed by the board; and
(2) is considered to fulfill all requirements of a school corporation for receiving the funds from the state school tuition fund.

(n) The county treasurer is ex officio treasurer of the board, eligible to receive the distribution of funds from the state. Funds received under this section shall be credited to the county revenue fund as a receipt against the estimated expenditures for the salaries of the school employees, for which distribution was made by the state.

Sec. 2. The board by a majority vote of the members of the board shall appoint a county superintendent of schools who serves for a term of four (4) years. The board shall fill vacancies in this office, in accordance with law, by appointment. An appointment to fill a vacancy under this section expires at the end of the regular term of the county superintendent of schools.

Sec. 3. This chapter may not be construed to affect the status of or to interfere with a county school corporation created by a board under section 6 of this chapter.

Sec. 4. (a) A county superintendent of schools shall see that the full amount of interest on the school fund is paid and apportioned.
(b) When there is a deficit of interest of any school fund or loss of any school fund or revenue by the county, the county superintendent of schools shall see that proper warrants are issued for the reimbursement of the appropriate fund. However, the board of county commissioners may not pay interest that exceeds the amount provided under this chapter to the county superintendent of schools.

Sec. 5. (a) The official dockets, records, and books of account of the following officers serving in the county must be open at all times to the inspection of the county superintendent of schools:

   (3) County commissioners.
   (4) Prosecuting attorneys.
   (5) Mayors of cities.
   (6) Township trustees.

(2) make a report concerning the action to the board of county commissioners and to the state superintendent.

Sec. 6. (a) The township trustees of each township of each county shall perform all the civil functions performed before March 13, 1947, by the township trustees. The township trustees of the county constitute a county board of education to manage the affairs of the county school corporation created under this chapter in each county.

(b) School cities and school towns retain independent organization and administration unless abandoned as provided by law. The county school corporation includes all areas not organized on March 13, 1947, into jurisdictions controlled and governed as school cities or school towns.

(c) The board shall meet:

(1) at the time the board designates at the office of the county superintendent; and

(2) at other times and places the county superintendent considers necessary.

(d) At the first meeting of each year, to be held on the first Wednesday after the first Monday in January, the board shall organize by selecting a president, a vice president, a secretary, and a treasurer from its membership.

(e) The county superintendent shall call the board into special session. Unless the board elects to have this section remain inoperative, the board shall organize itself. The failure of the county superintendent to call the board into session under this section may not be construed to mean that a county school corporation described in this section is in existence in the county, and a county school corporation may not be brought into existence until the board has met in special session after March 13, 1947, and has taken action to organize itself into a county school corporation, after consideration of the question of whether it should elect to have the provisions of this section remain inoperative. The organization, if affected, must be:

(1) filed with the county auditor; and
(2) published by the county auditor in two (2) newspapers of different political persuasions of general circulation throughout the county within ten (10) days after the filing. The organization is considered to fulfill the requirements of this section for the transacting of public business under this section. The secretary of the board shall keep an accurate record of the minutes of the board, which shall be kept at the county superintendent's office. The county superintendent shall act as administrator of the board and shall carry out such acts and duties as shall be designated by the board. A quorum consists of two-thirds (2/3) of the members of the board.

(f) The board shall:

(1) make decisions as to the general conduct of the schools that may be enforced as entered in the minutes recorded by the secretary of the board; and

(2) exercise all powers exercised before March 13, 1947, by or through township trustees or meetings or petitions of the trustees of the county.

(g) The board shall appoint a county superintendent who serves a term of four (4) years. The board shall fill vacancies in this office by appointments that expire at the end of the regular term. The county superintendent of schools and other persons employed for administrative or supervisory duties are considered to be supervisors of instruction.

(h) The government of the common schools of the county is vested in the board. The board has the authority, powers, privileges, duties, and obligations granted to or required of school cities before March 13, 1947, and school towns and their governing boards generally with reference to the following:

(1) The purchase of supplies.

(2) The purchase and sale of buildings, grounds, and equipment.

(3) The erection of buildings.

superintendent and employees as approved by the board.

(i) A county school corporation organized under this section:
   (1) has all right, title, and interest of the predecessor township school corporations terminated under this section to and in all the real, personal, and other property of any nature and from whatever source derived; and
   (2) shall assume, pay, and be liable for all the indebtedness and liabilities of the predecessor school corporation.

(j) The treasurer, before entering upon the duties of treasurer's office, shall execute a bond to the acceptance of the county auditor in an amount equal to the largest sum of money that will be in the possession of the treasurer at any one (1) time conditioned as an ordinary official bond, with a reliable surety company or at least two (2) sufficient freehold sureties, who may not be members of the board, as surety or sureties on the treasurer's bond.

(k) The president and secretary shall each give bond, with a surety or sureties described in subsection (j), to be approved by the county auditor, in the sum of one-fourth (1/4) of the amount required of the treasurer under subsection (j). A board may purchase bonds from a reliable surety company and pay for them out of the special school revenue of the board's county.

(l) The powers set forth in this section may not be considered or construed to limit the authority of a board to the powers expressly conferred in this section or to restrict or modify any authority granted by any other law not in conflict with this section.

(m) A board may annually levy the amount of taxes that in the judgment of the board, made a matter of record in the board's minutes, is necessary to produce income sufficient to conduct and carry on the common schools committed to the board.

(n) A board shall annually levy a sum sufficient to meet all payments of principal and interest as they mature in the year for which the levy is made on the bonds, notes, or other obligations of the board. The board may impose tax levies within statutory limits, and the levies are subject to the same review as school city and school town levies.

(e) If a vacancy occurs in the office of county superintendent, the township trustees of the county, on at least three (3) days notice given by the county auditor, shall assemble at 10 a.m., on the day designated in the notice, at the office of the auditor, and fill the vacancy by ballot for the unexpired term.

(f) In all elections of a county superintendent, the county auditor is the clerk of the election. In case of a tie vote, the auditor shall cast the deciding vote. If one (1) candidate receives a number of votes equal to one-half (1/2) of all the trustees of the county, the county auditor shall then and at all subsequent ballots cast the auditor’s vote with the trustees until a candidate receives a majority of all the votes in the county, including the county auditor. The county auditor shall keep a record of the election in a book kept for that purpose.

Sec. 2. If there is an election of a county superintendent under section 1(a) of this chapter and the person elected dies or fails, refuses, or neglects to assume the duties of the office on or before August 16 of the year of the election, the township trustees shall:

(3) the location, building, repair, or removal of school buildings;
(4) the transfer of individuals for school purposes; or
(5) the resignation or dismissal of teachers.

In all controversies of a general nature arising under the school law, the decision of the county superintendent must first be obtained. An appeal may be taken from the county superintendent's decision to the state superintendent on a written statement of facts, certified by the county superintendent.

(c) This chapter may not be construed to change or abridge the jurisdiction of any court in cases arising under the school laws of Indiana. The right of any person to bring suit in any court, in any case arising under the school laws, is not abridged by this chapter.

(d) A graded high school may not be built unless there are, at the time the graded high school is built, at least twenty-five (25) common graduates of school age residing in the township.

Sec. 3. School trustees shall authorize a local tuition levy, not to exceed the limit provided by law, that is sufficient to conduct a six (6) month term of school each year. Sec. 7. (a) If a school lunch fund is established under section 5 of this chapter or a textbook rental fund is established under section 6 of this chapter, the receipts and expenditures for each program shall be made to and from the proper fund without appropriation or the application of other laws relating to the budgets of local governmental units.

(b) If either program or both programs under sections 5 and 6 of this chapter are operated through the extracurricular account, the township trustee shall approve the amount of the bond of the treasurer of the extracurricular account in an amount the township trustee considers necessary to protect the account for all funds coming into the hands of the treasurer.

Each person selected shall notify the judge of the circuit court in writing not later than ten (10) days after receipt of the notice whether the person accepts the appointment. If a person:
   (1) refuses an appointment; or
   (2) fails to notify the judge of the circuit court of the person's acceptance or refusal of an appointment;
the judge shall select a qualified replacement for appointment to the county committee.

(k) Not later than thirty (30) days after the date of the county convention, the county committee shall meet to organize and to elect from its membership:
   (1) a chairperson;
   (2) a treasurer; and
   (3) a secretary.

The secretary may be the county superintendent or the superintendent of one (1) of the school corporations in the county.

(l) The chairperson and the members of the county committee serve without compensation. Subject to approval by the state board, the
chairperson of the county committee shall:
   (1) secure necessary office space and equipment;
   (2) engage necessary clerical help; and
   (3) receive reimbursement for any necessary expenses incurred
       by the chairperson with respect to duties in connection with the
       county committee.

(m) Members of the county committee hold office for terms of four
   (4) years until the reorganization program in the county is completed,
   subject to replacement as prescribed in this chapter. An appointed
   member who ceases to be a resident of the county may not continue to
   serve on a county committee.

(n) An individual appointed member of a county committee or the
   appointed members as a group are not disqualified from serving on a
   county committee because they fail at any time to meet the
   qualifications for appointment by the judge of the circuit court, other
   than county residence, if they met the qualifications at the time of their
   appointments.

(o) Vacancies shall be filled by the remaining members of the
    committee without regard for the qualifications for appointment by
    the judge of the circuit court.

(p) Meetings of the county committee shall be held:
   (1) upon call of the chairperson; or
   (2) by a petition to hold a meeting signed by a majority of the
       members of the committee.

(q) A majority of the committee constitutes a quorum.

Sec. 12. (a) In formulating a preliminary reorganization plan and
   with respect to each of the community school corporations that are a
   part of the reorganization plan, the county committee shall determine
   the following:

   (1) The name of the community school corporation.
   (2) Subject to subsection (e), a general description of the
       boundaries of the community school corporation.
   (3) With respect to the board of school trustees:
       (A) whether the number of members is:
           (i) three (3);
           (ii) five (5); or
           (iii) seven (7);
       (B) whether the members are elected or appointed;
       (C) if the members are appointed:
           (i) when the appointments are made; and
(ii) who makes the appointments;
(D) if the members are elected, whether the election is at:
   (i) the primary election at which county officials are
       nominated; or
   (ii) the general election at which county officials are elected;
and
(E) subject to sections 21 and 22 of this chapter, the manner
in which members are elected or appointed.
(4) The compensation, if any, of the members of the regular and
interim board of school trustees, which may not exceed the
amount provided in IC 20-26-4-6.
(5) Subject to subsection (f), qualifications required of the
members of the board of school trustees, including limitations on:
   (A) residence; and
   (B) term of office.
(6) If an existing school corporation is divided in the
reorganization, the disposition of assets and liabilities.
(7) The disposition of school aid bonds, if any.
(b) If existing school corporations are not divided in the
reorganization, the:
   (1) assets;
   (2) liabilities; and
   (3) obligations;
of the existing school corporations shall be transferred to and assumed
by the new community school corporation of which they are a part,
regardless of whether the plan provides for transfer and assumption.
(c) The preliminary plan must be supported by a summary
statement of:
   (1) the educational improvements the plan's adoption will make
       possible;
   (2) data showing the:
       (A) assessed valuation;
       (B) number of resident students in average daily attendance
           in grades 1 through 12;
       (C) assessed valuation per student referred to in clause (B);
           and
       (D) property tax levies;
of each existing school corporation to which the plan applies;
(3) the:
(A) assessed valuation;
(B) resident average daily attendance; and
(C) assessed valuation per student;
data referred to in subdivision 2(A) through 2(C) that would
have applied for each proposed community school corporation
if the corporation existed in the year the preliminary plan is
prepared or notice of a hearing or hearings on the preliminary
plan is given by the county committee; and
(4) any other data or information the county committee considers
appropriate or that may be required by the state board in its
rules.
(d) The county committee:
(1) shall base the assessed valuations and tax levies referred to in
subsection (c)(2) through (c)(3) on the valuations applying to
taxes collected in:
(A) the year the preliminary plan is prepared; or
(B) the year notice of a hearing or hearings on the
preliminary plan is given by the county committee;
(2) may base the resident average daily attendance figures on the
calculation of the figures under the rules under which they are
submitted to the state superintendent by existing school
corporations; and
(3) shall set out the resident average daily attendance figures for:
(A) the school year in progress if the figures are available for
that year; or
(B) the immediately preceding school year if the figures are
not available for the school year in progress.
The county committee may obtain the data and information referred
to in this subsection from any source the committee considers reliable.
If the county committee attempts in good faith to comply with this
subsection, the summary statement referred to in subsection (c) is
sufficient regardless of whether the statement is exactly accurate.
(e) The general description referred to in subsection (a)(2) may
consist of an identification of an existing school corporation that is to
be included in its entirety in the community school corporation. If a
boundary does not follow the boundary of an existing civil unit of
government or school corporation, the description must set out the
boundary:
(1) as near as reasonably possible by:
(A) streets;
(B) rivers; and
(C) other similar boundaries;
that are known by common names; or
(2) if descriptions as described in subdivision (1) are not possible,
by section lines or other legal description.
The description is not defective if there is a good faith effort by the
county committee to comply with this subsection or if the boundary
may be ascertained with reasonable certainty by a person skilled in
the area of real estate description. The county committee may require
the services of the county surveyor in preparing a description of a
boundary line.

(f) A member of the board of school trustees:
(1) may not serve an appointive or elective term of more than
four (4) years; and
(2) may serve more than one (1) consecutive appointive or
elective term.

Sec. 13. (a) When a county committee has prepared its preliminary
written plans for reorganization of school corporations, the committee
shall fix dates and places for one (1) or more hearings on the plans and
give notice of the hearings to the residents of the school corporations
affected and all interested parties. The county committee may hold
more than one (1) hearing. The chairperson of the county committee
shall give the notice:
(1) by publication at least one (1) time in one (1) newspaper of
general circulation published in the school corporation or
corporations; or
(2) if a newspaper is not published in the school corporation or
corporations, in a newspaper having a general circulation in the
school corporation or corporations;
at least ten (10) days but not more than thirty (30) days before the date
of the hearing.

(b) At the hearing:
(1) the county committee shall:
(A) explain the proposed reorganization plan;
(B) summarize the educational improvements adoption of the
plan will make possible; and
(C) if the proposed reorganization includes division of an
existing school corporation, state the adjustment proposed
for:
   (i) property;
(ii) assets;
(iii) debts; and
(iv) other liabilities; and
(2) any resident of the county or of any affected school corporation in an adjoining county may be heard with reference to:
   (A) the proposed plan; or
   (B) an alternative plan.

Sec. 14. (a) The county committee shall consider any suggestions made in the public hearing and shall make any revisions or modifications in its written plans as it considers necessary and shall thereupon without any further hearing adopt its final comprehensive reorganization plan, and, within ten (10) days after such adoption, but not later than January 14, 1964, shall submit at least three (3) copies of its comprehensive plan to the state board. However, if a county committee encounters any difficulties in formulating and adopting either its preliminary or comprehensive plan for the reorganization of school corporations, through no lack of diligence upon the part of the committee so that it is unable to submit its plans to the state board within the period specified, the county committee may apply to the state board for an extension of time in which to complete and adopt its preliminary or comprehensive plan. The application may be made during or after the original or any extended period for which an extension is asked.

   (b) The state board may, if the facts and circumstances warrant, grant such extension or extensions as it may see fit.

Sec. 15. The county committee may submit to the state board for approval, in accordance with section 18 of this chapter, a plan for the reorganization of one (1) or more school corporations without awaiting the completion of a comprehensive plan. The plan becomes an integral part of the comprehensive plan the county committee is required to prepare.

Sec. 16. The form of a preliminary or final comprehensive plan of reorganization is sufficient if the plan contains in its own terms or by reference the following for each proposed community school corporation:

   (1) The name of the proposed community school corporation.
   (2) A general description of the boundaries of the community school corporation as provided in section 12 of this chapter.
   (3) The number of members of the board of school trustees and
whether the members are elected or appointed.
(4) The manner in which the board of school trustees, other than the interim board, is elected or appointed.
(5) If a school corporation is divided as part of the reorganization, the disposition of assets and liabilities of the school corporation.
(6) The statement required by section 12 of this chapter if that statement is submitted or adopted with the plan.
Sec. 17. (a) The county committee may form one (1) or more advisory committees.
(b) An advisory committee may include as members:
   (1) superintendents; or
   (2) principals;
of local school corporations.
(c) An advisory committee or the individual members of an advisory committee shall:
   (1) help the county committee; and
   (2) furnish information to the county committee;
as requested by the county committee.
Sec. 18. (a) The state board shall:
(1) aid the county committees, as required by subsection (b), in carrying out:
   (A) the powers conferred; and
   (B) the duties imposed;
on the committees by this chapter;
(2) receive and examine each plan for the reorganization of a school corporation submitted to the state board by a county committee and approve each plan that meets the standards of the state board;
(3) adopt a set of minimum standards, in furtherance of the policy expressed in section 1 of this chapter, which all proposed community school corporations must meet, insofar as feasible;
(4) not later than ninety (90) days after receipt of a reorganization plan, hold a public hearing in the county to which the plan mainly applies to allow residents of the affected territory to testify;
(5) not later than sixty (60) days after the public hearing:
   (A) approve or disapprove in writing all or part of the plan; and
   (B) notify in writing the county committee concerned;
(6) assist any county committee whose plan does not meet minimum standards in revising the plan and permit the committee to resubmit the plan not later than ninety (90) days after receipt of notice of nonapproval; and

(7) adopt rules under IC 4-22-2 for:
   (A) the conduct of its own business; and
   (B) the guidance and direction of county committees;

to carry out this chapter and IC 20-23-16-1 through IC 20-23-16-11.

(b) The minimum standards for community school corporations proposed under this chapter or IC 20-23-16-1 through IC 20-23-16-11 must provide for the inclusion of all the area of a county in:
   (1) a school corporation; or
   (2) school corporations;

to furnish efficient and adequate educational opportunity for all students in grades 1 through 12.

(c) Before the adoption of a preliminary written plan, the county committee and the state board may meet to consider problems encountered by the county committee in formulating a plan. Following the meeting, the state board may waive in writing any specified minimum standard for a designated geographic area on the ground that meeting the standard is not feasible.

(d) The state board is not required to hold a public hearing on a plan that does not meet the minimum standards required by the state board unless the state board waives the attainment of a minimum standard.

Sec. 19. (a) If the creation of a community school corporation out of an existing corporation would not involve a change in its territorial boundaries or in its board of school trustees or other governing body, other than a change, if any, in the time of election or appointment or the time the board members take office, and the creation is consistent with the standards set up under this chapter as modified, if any, by the standards set out in this section, the state board may upon its own motion or upon petition of the governing body of the existing school corporation at any time with hearing in the county where such school corporation is located, after notice by publication at least once in one (1) newspaper of general circulation published in the county where such school corporation is located, at least ten (10) but not more than thirty (30) days before the date of a hearing, and without action of the county committee declare such existing school corporation to be a
community school corporation by adopting a resolution to this effect. The existing school corporation qualifies as to size and financial resources if it has an average daily attendance of at least two hundred seventy (270) students in grades 9 through 12 or at least one thousand (1,000) students in grades 1 through 12, and has an assessed valuation per student of at least five thousand dollars ($5,000). For the purposes of this provision, the following terms have the following meanings:

1) "County tax" means a property tax that is levied at an equal rate in the entire county in which any school corporation is located, other than a tax qualifying as a countywide tax within the meaning of Acts 1959, c.328, s.2, or any similar statute, and the net proceeds of which are distributed to school corporations in the county.

2) "Assessed valuation" of any school corporation means the net assessed value of its real and personal property as of March 1, 1964, adjusted in the same manner as such assessed valuation is adjusted for each county by the department of local government finance under Acts 1949, c.247, s.5, as amended, unless that statute has been repealed or no longer provides for such adjustment. If a county has a county tax, the assessed valuation of each school corporation in the county shall be increased by the amount of assessed valuation, if any, that would be required to raise an amount of money, equal to the excess of the amount distributed to any school corporation from the county tax over the amount collected from the county tax in the school corporation, using total taxes levied by the school corporation in terms of rate, excluding the countywide tax under Acts 1959, c.328, s.2, or any similar statute and including all other taxes levied by or for the school corporation, including but not limited to the county tax, bond fund levy, lease rental levy, library fund levy, special school fund levy, tuition fund levy, capital projects fund levy, and special funds levies. The increased valuation shall be based on the excess distributed to the school corporation from the county tax levied for the year 1964 and the total taxes levied for the year, or if the county tax is first applied or is raised for years after 1964, then the excess distributions and total taxes levied for the year in which the tax is first applied or raised. If the excess distribution and total taxes levied cannot be determined accurately on or before the adoption of the resolution provided in this section, excess distribution and taxes levied shall
be estimated by the department of local government finance using the last preceding assessed valuations and tax rates or such other information as that department determines, certifying the increased assessment to the state board before such time. In all cases, the excess distribution shall be determined upon the assumption that the county tax is one hundred percent (100%) collected and all collections are distributed.

(3) "Assessed valuation per student" of any school corporation means the assessed valuation of any school corporation divided by its average daily attendance in grades 1 through 12.

(4) "Average daily attendance" in any school corporation means the average daily attendance of students who are residents in the school corporation and in the particular grades to which the term refers for the school year 1964-1965 in accordance with the applicable regulations of the state superintendent, used in determining average daily attendance in the distribution of the tuition funds by the state to its various school corporations where funds are distributed on such basis and irrespective of whether the figures are the actual resident daily attendance of the school for the school year.

(b) The community school corporation shall automatically come into being on either July 1 or January 1 following the date of approval, whichever is earlier. The state board shall mail by certified United States mail, return receipt requested, a copy of the resolution certified by county committee's chairperson or secretary to the recorder of the county from which the county committee having jurisdiction of such existing school corporation was appointed and to such county committee. The resolution may change the time of election or appointment of the board of trustees of the school corporation or the time such trustees take office. The recorder shall without cost record the certified resolution in the miscellaneous records of the county. The recording shall constitute a permanent record of the action of the state board and may be relied on by any person. Unless the resolution provides that an interim member of the board of trustees shall not be appointed, the board of trustees in office on the date of the action shall continue to constitute the board of trustees of the school corporation until their successors are qualified, and the terms of their respective office and board membership shall remain unchanged except to the extent that the resolution otherwise provides. For purposes of this chapter and IC 20-23-16-1 through
IC 20-23-16-11, a community school corporation shall be regarded as a school corporation created under section 16 of this chapter.

Sec. 20. (a) After the state board approves a comprehensive plan or partial plan for reorganization of school corporations as submitted to the state board by a county committee, the state board shall promptly, by certified mail with return receipt requested, give written notice of the approval to:

(1) the chairperson of the county committee submitting the plan; and
(2) the judge of the circuit court of the county from which the county committee was appointed.

(b) After notice is given under subsection (a), a community school corporation proposed by a plan referred to in subsection (a) may be created:

(1) by petition as provided in this section;
(2) by election as provided in section 21 of this chapter; or
(3) under section 22 of this chapter.

(c) After receipt of the plan referred to in subsection (a) by the county committee and before or after the election described in section 21 of this chapter, a community school corporation proposed by a plan referred to in subsection (a) may be created by a petition. The petition must be signed by at least fifty-five percent (55%) of the registered voters residing in the community school corporation, determined in the manner set out in this section, and filed by any signer or by the county committee with the clerk or clerks of the circuit court or courts of the county or counties where the voters reside. The petition must state that the signers request the establishment of a community school corporation and must contain the following information:

(1) The name of the proposed community school corporation.
(2) A general description of the boundaries as set out in the plan.
(3) The number of members of the board of school trustees.
(4) The manner in which:
   (A) the permanent board of school trustees; and
   (B) if covered in the plan, the interim board of school trustees;
will be elected or appointed.
(5) The compensation, if any, of the members of:
   (A) the permanent board of school trustees; and
   (B) if covered in the plan, the interim board of school trustees.
(6) The disposition, if any, of assets and liabilities of each existing
school corporation that:
(A) is included in the proposed community school corporation; and
(B) has been divided.

(7) The disposition of school aid bonds, if any.
(d) The petition referred to in subsection (c) must show:
(1) the date on which each person signed the petition; and
(2) the person's residence address on that date.

The petition may be executed in several counterparts, the total of which constitutes the petition described in this section. An affidavit of the person circulating a counterpart must be attached to the counterpart. The affidavit must state that each signature appearing on the counterpart was affixed in the person's presence and is the true and lawful signature of the signer. Each signer on the petition may withdraw the signer's signature from the petition before the petition is filed with the clerk of the circuit court. Names may not be added to the petition after the petition is filed with the clerk of the circuit court.

(e) After receipt of the petition referred to in subsection (c), the clerk of the circuit court shall make a certification under the clerk's hand and seal of the clerk's office as to:
(1) the number of signers of the petition;
(2) the number of signers of the petition who are registered voters residing in:
   (A) the proposed community school corporation; or
   (B) the part of the school corporation located in the clerk's county;
   as disclosed by the voter registration records of the county;
(3) the number of registered voters residing in:
   (A) the proposed community school corporation; or
   (B) the part of the school corporation located in the clerk's county;
   as disclosed by the voter registration records of the county; and
(4) the date of the filing of the petition with the clerk.

If a proposed community school corporation includes only part of a voting precinct, the clerk of the circuit court shall ascertain from any means, including assistance from the county committee, the number of registered voters residing in the part of the voting precinct.

(f) The clerk of the circuit court shall make the certification referred to in subsection (e):
(1) not later than thirty (30) days after the filing of the petition
under subsection (c), excluding from the calculation of that period the time during which the registration records are unavailable to the clerk; or

(2) within any additional time as is reasonably necessary to permit the clerk to make the certification.

In certifying the number of registered voters, the clerk shall disregard any signature on the petition not made in the ninety (90) days that immediately precede the filing of the petition with the clerk as shown by the dates set out in the petition. The clerk shall establish a record of the certification in the clerk's office and shall return the certification to the county committee.

(g) If the certification or combined certifications received from the clerk or clerks disclose that the petition was signed by at least fifty-five percent (55%) of the registered voters residing in the community school corporation, the county committee shall publish a notice in two newspapers of general circulation in the community school corporation. The notice must:

(1) state that the steps necessary for the creation and establishment of the community school corporation have been completed; and

(2) set forth:

(A) the number of registered voters residing in the community school corporation who signed the petition; and

(B) the number of registered voters residing in the community school corporation.

(h) A community school corporation created by a petition under this section takes effect on the earlier of:

(1) July 1; or

(2) January 1;

that next follows the date of publication of the notice referred to in subsection (g).

(i) If a public official fails to perform a duty required of the official under this chapter within the time prescribed in this section and sections 21 through 24 of this chapter, the omission does not invalidate the proceedings taken under this chapter.

(j) An action:

(1) to contest the validity of the formation or creation of a community school corporation under this section;

(2) to declare that a community school corporation:

(A) has not been validly formed or created; or
(B) is not validly existing; or

(3) to enjoin the operation of a community school corporation;

may not be instituted later than thirty (30) days after the date of
publication of the notice referred to in subsection (g).

Sec. 21. (a) If the chairperson of the county committee does not
receive the certification or combined certifications under section 20(f)
of this chapter not later than ninety (90) days after the receipt by the
county committee of the plan referred to in section 20(a) of this
chapter, the judge of the circuit court of the county from which the
county committee submitting the plan was appointed shall:

(1) certify the public question under IC 3-10-9-3; and

(2) order the county election board to conduct a special election
in which the registered voters residing in the proposed
community school corporation may vote to determine whether
the corporation will be created.

(b) If:

(1) a primary election at which county officials are nominated; or

(2) a general election at which county officials are elected;

and for which the question can be certified in compliance with
IC 3-10-9-3 is to be held not later than six (6) months after the receipt
by the chairperson of the county committee of the plan referred to in
section 20(a) of this chapter, regardless of whether the ninety (90) day
period referred to in subsection (a) has expired, the judge shall order
the county election board to conduct the special election to be held in
conjunction with the primary or general election.

(c) If a primary or general election will not be held in the six (6)
month period referred to in subsection (b), the special election shall be
held:

(1) not earlier than sixty (60) days; and

(2) not later than one hundred twenty (120) days;

after the expiration of the ninety (90) day period referred to in
subsection (a).

(d) The county election board shall give notice under IC 5-3-1 of
the special election referred to in subsection (a).

(e) The notice referred to in subsection (d) of a special election
must:

(1) clearly state that the election is called to afford the registered
voters an opportunity to approve or reject a proposal for the
formation of a community school corporation;
(2) contain:
   (A) a general description of the boundaries of the community school corporation as set out in the plan;
   (B) a statement of the terms of adjustment of:
      (i) property;
      (ii) assets;
      (iii) debts; and
      (iv) liabilities;
   of an existing school corporation that is to be divided in the creation of the community school corporation;
   (C) the name of the community school corporation;
   (D) the number of members comprising the board of school trustees; and
   (E) the method of selecting the board of school trustees of the community school corporation; and
(3) designate the date, time, and voting place or places at which the election will be held.

(f) A special election referred to in subsection (a) is under the direction of the county election board in the county. The election board shall take all steps necessary to carry out the special election. If the special election is not conducted at a primary or general election, the cost of conducting the election is:
   (1) charged to each component school corporation embraced in the community school corporation in the same proportion as the component school corporation's assessed valuation is to the total assessed valuation of the community school corporation; and
   (2) paid:
      (A) from any current operating fund not otherwise appropriated of; and
      (B) without appropriation by;
   each component school corporation.

If a component school corporation is to be divided and its territory assigned to two (2) or more community corporations, the component school corporation's cost of the special election is in proportion to the corporation's assessed valuation included in the community school corporation.

(g) The county election board shall place the public question on the ballot in the form prescribed by IC 3-10-9-4. The public question must state "Shall the (here insert name) community school corporation be formed as provided in the Reorganization Plan of the County
Committee for the Reorganization of School Corporations?”. Except as otherwise provided in this chapter, the election is governed by IC 3.

(h) If a majority of the votes cast at a special election referred to in subsection (a) on the public question are in favor of the formation of the corporation, a community school corporation is created and takes effect on the earlier of:

(1) the July 1; or
(2) the January 1;

that next follows the date of publication of the notice referred to in subsection (d).

(i) If a public official fails to perform a duty required of the official under this section within the time prescribed in this section, the omission does not invalidate the proceedings taken under this section.

(j) An action:

(1) to contest the validity of the formation or creation of a community school corporation under this section;
(2) to declare that a community school corporation:
   (A) has not been validly formed or created; or
   (B) is not validly existing; or
(3) to enjoin the operation of a community school corporation;

may not be instituted later than thirty (30) days after the date of the special election referred to in subsection (a).

Sec. 22. (a) This section applies to a proposed school corporation reorganization plan approved by the state board that involves no change in:

(1) territorial boundaries; or
(2) the board of school trustees or other governing body;

of a school corporation, other than a change in the time of election of board members or the time the board members take office.

(b) A plan referred to in subsection (a) automatically comes into being on the earlier of:

(1) the July 1; or
(2) the January 1;

that next follows the date of approval of the plan by the state board.

(c) If subsection (b) applies:

(1) an interim board of trustees member may not be appointed;
(2) the board members in office on the date the plan comes into being under subsection (b) continue to constitute the governing body of the school corporation until their successors are qualified; and
(3) the:
   (A) terms of offices; and
   (B) board memberships;
   of the board members remain unchanged except to the extent the
   plan provides otherwise.

Sec. 23. (a) If a proposal for the formation of a community school
    corporation is rejected by the voters at the special election provided
    for in this chapter, the county committee shall:
    (1) subject to subsection (b), devise a new plan of reorganization
        considered more acceptable to the electors of the territory
        affected; or
    (2) subject to subsection (c), direct the county election board or
        boards to resubmit the same plan rejected by the voters.

(b) The county committee shall submit a new plan devised under
    subsection (a)(1) to the state board for the state board’s approval not
    later than six (6) months after the date of the special election at which
    the proposal was rejected, subject to the same conditions and
    requirements concerning extensions of time and other matters
    provided in this chapter. If the new plan is approved by the state
    board, the procedures of this chapter for the creation of a community
    school corporation must be followed.

(c) The county committee may direct the county election board or
    boards to resubmit the plan referred to in subsection (a)(2) at a special
    election to be held not later than six (6) months after the special
    election at which the proposal was rejected. If a primary or general
    election for state offices is to be held not later than six (6) months after
    the special election at which the proposal was rejected, the special
    election must be held in conjunction with the primary or general
    election. The judge of the circuit court shall give notice by publication
    of the special election on request of the county committee. The special
    election is held in the same manner required for the holding of a
    special election under section 21 of this chapter. Officials concerned
    shall take all actions necessary to conduct the special election as
    required under section 21 of this chapter.

Sec. 24. (a) Except as provided in subsection (b), if a public official
    fails to perform a duty required under this chapter or IC 20-23-16-1
    through IC 20-23-16-11 within the time prescribed in this chapter or
    IC 20-23-16-1 through IC 20-23-16-11, the omission does not
    invalidate any proceedings taken by the official.

(b) This section:
(1) does not apply to the time within which a county committee must accept jurisdiction of all or part of a school corporation from another county committee following a petition under IC 20-23-16-1; and

(2) may not be construed to extend the time within which petitions may be filed by registered voters under this chapter or IC 20-23-16-1 through IC 20-23-16-11.

Sec. 25. (a) A party aggrieved by the decision of the county committee after the hearing provided for under section 13 of this chapter may:

(1) appear before the state board when the state board holds public hearings on the reorganization plan involved; and

(2) state the grievance.

(b) A party aggrieved by the decision of the state board after the hearing provided for in section 13 of this chapter may appeal within thirty (30) days from the decision to the court in the county on any question of adjustment of:

(1) property;
(2) debts; and
(3) liabilities;

among the school corporations involved. Notice of the appeal shall be given to the chairperson or secretary of the county committee ten (10) days before the appeal is filed with the court.

(c) The court may:

(1) determine the constitutionality and the equity of the adjustment or adjustments proposed; and

(2) direct the county committee to alter the adjustment or adjustments found by the court to be inequitable or violative of any provision of the Constitution of the State of Indiana or of the United States.

An appeal may be taken to the supreme court or the court of appeals in accordance with the rules of civil procedure of the state.

(d) A determination by the court with respect to the adjustment of:

(1) property;
(2) debts; and
(3) liabilities;

among the school corporations or areas involved does not otherwise affect the validity of the reorganization or creation of a school corporation or corporations under this chapter or IC 20-23-16-1 through IC 20-23-16-11.
Sec. 26. (a) This section applies to each community school corporation.

(b) A community school corporation established under this chapter or IC 20-23-16-1 through IC 20-23-16-11, is a body corporate and politic. The corporation may:

(1) sue and be sued; and

(2) acquire, hold, and convey real and personal property necessary to the community school corporation's establishment and operation.

(c) A corporation has:

(1) all the powers, rights, duties, and obligations of the school cities of any class in which the school corporation would fall if it were organized as a school city; and

(2) the additional powers granted school corporations:

(A) in general; or

(B) school corporations in the population or other classifications in which the school corporation falls.

(d) The officers of the governing body are a:

(1) president;

(2) secretary;

(3) treasurer; and

(4) vice president, if the board of trustees consists of more than three (3) members.

Sec. 27. (a) Subsections (b) and (c) do not apply to a community school corporation created before March 12, 1965. A community school corporation created before March 12, 1965, shall operate in accordance with the plan under which it was created and the statutes applicable to that plan, as if Acts 1965, c.336, s.4 had not been enacted.

(b) If the members of a governing body are elected, the members shall be elected in accordance with one (1) of the options set forth in subsection (c) or in accordance with section 35 of this chapter. The options must be set out in the plan with sufficient description to permit the plan to be operable with respect to the community school corporation. The description may be partly or wholly by reference to the applicable option.

(c) The options described in subsection (b) are the following:

(1) Members of a governing body:

(A) may reside anywhere in the school corporation; and

(B) shall be voted upon by all registered voters living within the school corporation voting at any governing body member
election.

(2) The community school corporation shall be divided into two (2) or more residence districts with one (1) or more members of the governing body resident within each of the residence districts. The plan may also provide that one (1) or more members of the governing body may reside anywhere in the community school corporation. The plan:

(A) must set out the number of members to be elected from each district;
(B) may provide for the election of an equal number of members from each district; and
(C) must set out the number, if any, to be elected at large without reference to governing body member districts.

Under this option, all candidates must be voted on by all registered voters of the community school corporation voting at any governing body member election.

(3) The community school corporation shall be divided into three (3) residence districts of approximately equal population. In a district divided into three (3) residence districts, if:

(A) the governing body consists of three (3) members, one (1) member must reside in each residence district;
(B) the governing body consists of five (5) members, two (2) members may not reside in any one (1) residence district; and
(C) the governing body consists of seven (7) members, at least two (2) shall be elected from each residence district.

Candidates shall be voted on by all registered voters of the community school corporation voting at any governing body member election.

(4) The community school corporation shall be divided into two (2) or more electoral districts. Each member:

(A) serves from one (1) electoral district;
(B) must be a resident of the district; and
(C) must be voted upon by the registered voters residing within the electoral district and voting at any governing body member election.

The plan must set out the number to be elected from each electoral district and may provide for election of an equal number of members from each district. The plan must provide that not less than one (1) less than a majority of the governing body may reside anywhere in the community school corporation.
and must be voted upon by all its registered voters voting at any
governing body member election.

(5) The community school corporation consists of one (1)
electoral district that must embrace the entire community school
corporation from which a majority of the members of the
governing body shall be elected by all the registered voters of the
community school corporation voting at a governing body
member election. The other electoral districts must be
subdivisions of the community school corporation. Each of the
remaining members of the governing body:

(A) serves from one (1) of the latter electoral districts;

(B) must be a resident of that district; and

(C) must be voted upon by registered voters voting at a
governing body member election.

The plan must set out the number to be elected from each district
and may provide for the election of an equal number of members
from the district.

(6) The community school corporation shall be divided into two
(2) or more electoral districts. Each member:

(A) serves from one (1) electoral district;

(B) must be a resident of that district; and

(C) must be voted upon only by the registered voters residing
within that district who vote at a governing body election.

The plan must set out the number of members to be elected from
each electoral district in the school corporation and may provide
for election of an equal number of members from each district.

Sec. 28. (a) Subsections (b) through (g) do not apply to a
community school corporation created before March 12, 1965. A
community school corporation created before March 12, 1965, shall
operate in accordance with the plan under which it was created and
the statutes applicable to that plan, as if Acts 1965, c.336, s.4 had not
been enacted.

(b) If the members of the governing body are to be appointed, they
shall be appointed in accordance with one (1) of the options described
in subsection (c). The option must be set out in the plan with sufficient
description to permit the plan to be operable with respect to each
community school corporation. The description may be partly or
wholly by reference to the applicable option provided in this section.

(c) The options described in subsection (b) are the following:

(1) Members of the governing body may reside anywhere in the
community school corporation.

(2) The community school corporation shall be divided into two
or more governing body member districts, any one (1) of
which may embrace the entire community school corporation.

Each member:

(A) serves from a particular district; and

(B) must be a resident of the district.

The plan must set out the number to be appointed from each
district and may provide for an equal number of members from
each district.

(d) The plan, under either option in subsection (c), may provide
that the first appointments of the governing body members are for
staggered terms of not more than four (4) years. Thereafter,
appointments shall be made for terms of four (4) years. All terms of
office for appointive governing body members expire June 30 in the
applicable year.

(e) A plan providing for the appointment of members of the
governing body must designate the appointing authority. The
authority may be the same for each governing body member and must
be one (1) or more of the following:

(1) The judge of the circuit or superior court.
(2) The city executive.
(3) The legislative body of a city.
(4) The board of commissioners of a county.
(5) The county fiscal body.
(6) The town legislative body.
(7) The township executive.
(8) The township legislative body.
(9) A township executive and legislative body jointly.
(10) More than one (1) township executive and legislative body
jointly.

(f) If an appointment is to be made by:

(1) a body, the appointment must be made by a majority vote of
the body in official session;
(2) township executives, the appointment must be made by a
majority vote of the executives taken in joint session; and
(3) township legislative bodies, the appointment must be made by
a majority vote of the total number of township legislative body
members by a majority vote of the members, taken in joint
session.
(g) If a member of the governing body, whether of the interim governing body or regular governing body, is to be appointed, and the beginning of the appointive member's term of office coincides with the date an individual assumes the office of the official who is to make the appointment, the appointment shall be made by the latter individual. If the appointing official or body fails to appoint a member of the first governing body within five (5) days after a community school corporation comes into being, or, for members appointed after the first board is appointed, within five (5) days after a member is to take office, the member of the governing body shall be appointed:

(1) by the judge of the circuit court; or

(2) in the case of a united school corporation, by the judge of the circuit court of the county having the most students enrolled in the united school corporation.

Sec. 29. (a) This section applies to each school corporation.

(b) If a plan provides for the election of members of the governing body of the community school corporation at a primary election, at the time provided by IC 3-8-2 for the filing of notice of candidacies for the primary election following the creation of the community school corporation, nominations for members of the governing body of the community school corporation may be made by a petition signed by the candidates and ten (10) registered voters residing within the boundaries of the community school corporation.

(c) A petition must be filed with the circuit court clerk of the county that contains the greatest percentage of population of the school corporation. If the plan requires residence in a specified district or voting solely in a specified district for a governing body member office, the petition must clearly state the residence or electoral district from or for which the person is a candidate. If a school corporation is located in more than one (1) county, the circuit court clerk shall, after determining that a petition complies with subsection (b), promptly certify to each circuit court clerk of a county in which the school corporation is located, the names of the candidates to be placed on the ballot.

(d) If a plan provides for an election of members of the governing body at a general election, the filing of notice of candidates must be made in the manner provided for filing at primary elections under this section. The filing must be made within the same period before the general election as would have been required before the primary election had the election been held at the latter time.
(e) All nominations shall be listed for each office in the form prescribed by IC 3-10-1-19 or IC 3-11-2 but without party designation. Voting and tabulation of votes shall be conducted in the same manner as voting and tabulation in primary elections are conducted. The precinct election boards serving at each primary election in each county shall conduct the election for governing board members. If a school corporation is located in more than one (1) county, each county election board shall print the ballots required for voters in that county to vote for candidates for members of the board of school trustees of the school corporation.

(f) If the plan provides that the governing body shall be elected by all the voters of the community school corporation, candidates shall be placed on the ballot in the form prescribed by IC 3-10-1-19 or IC 3-11-2 without party designation. Candidates elected shall be those having the greatest number of votes.

(g) If the plan provides that members of the governing body are to be elected from residence districts by all voters in the community school corporation, nominees for the governing body shall be placed on the ballot in the form prescribed by IC 3-10-1-19 or IC 3-11-2 by residence districts without party designation. The ballot must state the:

1. number of members to be voted upon; and
2. maximum number that may be elected from each residence district as provided in the plan.

A ballot is not valid if a voter votes for more than the maximum number of members that are determined under subdivision (2). Candidates having the greatest number of votes are elected. However, if more than the maximum number that may be elected from a residence district are among those having the greatest number of votes, the lowest of those candidates from the residence districts in excess of the maximum number shall be eliminated in determining the candidates who are elected.

(h) If the plan provides that members of the governing body are to be elected from electoral districts solely by the voters of each district, nominees residing in each electoral district shall be placed on the ballot:

1. in the form prescribed by IC 3-10-1-19 or IC 3-11-2; and
2. without party designation.

The ballot must state the number to be voted on from the electoral district. Candidates residing in the electoral district having the
greatest number of votes are elected.
Sec. 30. (a) This section applies to each school corporation.
(b) If the governing body is to be elected at the primary election, each registered voter may vote in the governing body election without otherwise voting in the primary election.
(c) If a tie vote occurs among any of the candidates:
   (1) the judge of the circuit court; or
   (2) in case of a united school corporation, the judge of the circuit court of the county having the most students enrolled in the united school corporation;
shall select one (1) of the candidates, who shall be declared and certified elected.
(d) If after the first governing body takes office, there is a vacancy on the governing body for any reason, including the failure of the sufficient number of petitions for candidates being filed, whether the vacating member was elected or appointed, the remaining members of the governing body, whether or not a majority of the governing body, shall by a majority vote fill the vacancy by appointing a person from within the boundaries of the community school corporation to serve for the term or balance of the term. An individual appointed under this subsection must possess the qualifications provided for a regularly elected or appointed governing body member filling the office. If:
   (1) a tie vote occurs among the remaining members of the governing body; or
   (2) the governing body fails to act within thirty (30) days after any vacancy occurs;
the judge of the circuit court in the county where the majority of registered voters of the school corporation reside shall make the appointment.
(e) A vacancy in the governing body occurs if a member ceases to be a resident of any community school corporation. A vacancy does not occur when the member moves from a district of the school corporation from which the member was elected or appointed if the member continues to be a resident of the school corporation.
(f) At the first primary or general election in which members of the governing body are elected:
   (1) a simple majority of the candidates elected as members of the governing body who receive the highest number of votes shall be elected for four (4) year terms; and
(2) the balance of the candidates elected as members of the governing body receiving the next highest number of votes shall be elected for two (2) year terms. Thereafter, all school board members shall be elected for four (4) year terms.

(g) Governing body members elected:
(1) in November take office and assume their duties on January 1 or July 1 after their election, as determined by the board of school trustees before the election; and
(2) in May take office and assume their duties on July 1 after their election.

Sec. 31. (a) This section applies to each school corporation.
(b) If the plan provides for the election of members of the governing body of the community school corporation:
(1) the judge of the circuit court; or
(2) in the case of a united school corporation, the judge of the circuit court of the county having the most students enrolled in the united school corporation;
shall appoint interim governing body members in accordance with the plan approved by the county committee and the state board.
(c) The members of the governing body appointed serve until their successors are elected and qualified.
(d) Instead of appointment, the plan may provide for an alternative method of appointing the members of the interim governing body of a community or united school corporation. The appointment under this subsection must be made by one (1) or more of the class of officials listed in section 28(e) of this chapter.

Sec. 32. (a) This section applies to each school corporation.
(b) The governing body does not assume its powers and duties until the date the community school corporation becomes effective. For thirty (30) days before the date on which the governing body of a community school corporation assumes office, an existing school corporation having territory that will be included within the boundaries of a community school corporation may not contract or place the school corporation under any further obligations, except upon written approval of the county committee.
(c) The transfer of:
(1) powers;
(2) duties;
(3) property rights;
(4) other assets;
(5) liabilities;
(6) contracts both as to rights and obligations; and
(7) all else connected with the transfer of authority from existing
school corporations to the community school corporation;
takes place at the time of the formation and creation of the community
school corporation and are vested in the community school
corporation.

Sec. 33. (a) This section applies to each school corporation.
(b) The governing body shall:
(1) divide the community school corporation into the proper
attendance units;
(2) adopt rules with respect to the units; and
(3) provide adequate and practical transportation if a
reorganization plan provides for the transportation of students
from one (1) part of a community school corporation to a central
point.

Sec. 34. (a) This section applies to a community school corporation
located in a county containing a consolidated city.
(b) The same method used to cast votes for all other offices for
which candidates have qualified to be on the election ballot must be
used for the school board offices on the election ballot.

Sec. 35. (a) The governing body of a school corporation may be
organized under this section.
(b) The governing body consists of seven (7) members, elected as
follows:
(1) Four (4) members elected from districts, with one (1) member
serving from each electoral district. A member elected under this
subdivision must be:
(A) a resident of the electoral district from which the member
is elected; and
(B) voted upon by only the registered voters residing within
the electoral district and voting at a governing body election.
(2) Three (3) members, who are voted upon by all the registered
voters residing within the school corporation and voting at a
governing body election, elected under this subdivision. The
governing body shall establish three (3) residential districts as
follows:
(A) One (1) residential district must be the township that has
the greatest population within the school corporation.
(B) Two (2) residential districts must divide the remaining area within the school corporation. Only one (1) member who resides within a particular residential district established under this subdivision may serve on the governing body at a time.

(c) A member of the governing body who is:
   (1) elected from an electoral or a residential district; or
   (2) appointed to fill a vacancy from an electoral or a residential district;

must reside within the boundaries of the district the member represents.

(d) A vacancy on the governing body shall be filled by the governing body as soon as practicable after the vacancy occurs. A member chosen by the governing body to fill a vacancy holds office for the remainder of the unexpired term.

(e) The members of the governing body serving at the time a plan is amended under this section shall establish the electoral and residential districts described in subsection (b).

(f) The electoral districts described in subsection (b)(1):
   (1) shall be drawn on the basis of precinct lines;
   (2) may not cross precinct lines; and
   (3) as nearly as practicable, be of equal population, with the population of the largest exceeding the population of the smallest by not more than fifteen percent (15%).

(g) The residential districts described in subsection (b)(2) may:
   (1) be drawn in any manner considered appropriate by the governing body; and
   (2) be drawn along township lines.

(h) The governing body shall certify the districts established under subsections (f) and (g) to:
   (1) the state board; and
   (2) the county election board of the county in which the school corporation is located.

(i) The governing body shall designate:
   (1) three (3) of the districts established under this section to be elected at the first school board election that occurs after the effective date of the plan; and
   (2) the remaining four (4) districts to be elected at the second school board election that occurs after the effective date of the plan.
Sec. 36. (a) This section applies to a school corporation located in a county containing a consolidated city.

(b) The same method used to cast votes for all other offices for which candidates have qualified to be on the election ballot must be used for the governing body offices on the election ballot.

Sec. 37. (a) A consolidation or reorganization of a school corporation does not become effective until the consolidation or reorganization is approved by the state board.

(b) Except to the extent set forth in subsection (a), this chapter shall be construed as being supplemental to all laws appertaining to public schools in Indiana.

Sec. 38. (a) Whenever an entire county has been reorganized under this chapter or IC 20-23-16-1 through IC 20-23-16-11, by the creation of a community school corporation or corporations for the entire county, the county committee shall be dissolved. Where the term of any member of a county committee expires before the time of dissolution of the county committee, the judge shall fill a vacancy by replacement or reappointment for a term of four (4) years in accordance with sections 11 through 15 of this chapter and IC 20-23-16-2. In the event the membership of an entire county committee shall at any time be vacant by resignation or otherwise, the judge shall appoint a new county committee in accordance with sections 11 through 15 of this chapter or IC 20-23-16-2.

(b) After a county committee has been dissolved, if the local governing body or the state superintendent considers further reorganization necessary to improve educational opportunities for the students in the county, the local school trustees or the state superintendent shall submit proposed changes to the state board. If the changes proposed by the local governing body or the state superintendent are approved by the state board, the proposal becomes effective under the procedure specified in sections 20 through 24 of this chapter so far as the same are applicable.

Sec. 39. A county committee formed under this chapter and the state board may accept donations of money or other articles of value to assist in financing the studies authorized by this chapter.

Sec. 40. (a) To defray the expenses of the county study, a county committee may prepare and submit a budgetary request to the county council on or before August 1 of each year during the life of the committee. The county council may, upon receipt of a request, establish a uniform ad valorem tax levy on all real and personal
property within the county, in an amount sufficient to raise an amount of money not to exceed the amount of the budget request.

(b) The county committee may request from the county council sufficient sums of money necessary to defray legal expenses incident to placing the county plan in operation.

Sec. 41. The state board of accounts shall prescribe accounting forms to be used by the county committees and shall audit the financial records of each county committee at least once every three (3) years.

Sec. 42. (a) The state board shall enforce the rules compiled under IC 20-19-2-8 that establish procedures and standards for the construction of, addition to, or remodeling of school facilities. The commission shall apply these rules equally to facilities to be used or leased by both community school corporations and school corporations that are not community school corporations.

(b) A school building or an addition to a school building may not be constructed and a lease of a school building for a term of more than one (1) year may not be entered into by a school corporation other than a community school corporation or by two (2) or more school corporations jointly without the approval of the state board. For purposes of this subsection, "community school corporation" does not include a community school corporation governed by an interim board of school trustees.

(c) An action to question any approval referred to in this section or to enjoin school construction or the performance of any of the terms and conditions of a lease or the execution, sale, or delivery of bonds, on the ground that any approval should not have been granted, may not be instituted at any time later than fifteen (15) days after approval has been granted.

Sec. 43. A plan approved by:

(1) a county committee or committees; and

(2) the state board before May 1, 1984;

may provide for or be amended to provide for delaying the commencement of the terms of some members of the governing body for one (1) year and for extending the terms of their predecessors for one (1) year where this is necessary to prevent a majority of the board from taking office at any one time.

Sec. 44. (a) This section applies only to a school corporation with territory in a county having a population of more than one hundred forty-eight thousand (148,000) but less than one hundred seventy
thousand (170,000).

(b) This section applies if there is a:
   (1) tie vote in an election for a member of the governing body of
       a school corporation; or
   (2) vacancy on the governing body of a school corporation.

(c) Notwithstanding any other law, if a tie vote occurs among any
    of the candidates for the governing body or a vacancy occurs on the
    governing body, the remaining members of the governing body, even
    if the remaining members do not constitute a majority of the
    governing body, shall by a majority vote of the remaining members:
       (1) select one (1) of the candidates who shall be declared and
           certified elected; or
       (2) fill the vacancy by appointing an individual to fill the
           vacancy.

(d) An individual appointed to fill a vacancy under subsection
    (c)(2):
       (1) must satisfy all the qualifications required of a member of the
           governing body; and
       (2) shall fill the remainder of the unexpired term of the vacating
           member.

(e) If a tie vote occurs among the remaining members of the
    governing body or the governing body fails to act within thirty (30)
    days after the election or the vacancy occurs, the fiscal body (as
    defined in IC 3-5-2-25) of the township in which the greatest
    percentage of population of the school district resides shall break the
    tie or make the appointment. A member of the fiscal body who was a
    candidate and is involved in a tie vote may not cast a vote under this
    subsection.

(f) If the fiscal body of a township is required to act under this
    section and a vote in the fiscal body results in a tie, the deciding vote
    to break the tie vote shall be cast by the executive.

Sec. 45. A community school corporation created or organized
under this chapter may change its name at any time by adoption of a
resolution by majority vote of the governing body.

(D) Any terms and conditions facilitating education of students in the:
   (i) annexed territory;
   (ii) losing school corporation; or
   (iii) acquiring school corporation.

The terms may provide for the continued attendance by students in the annexed territory at schools in the losing school corporation for specified periods after annexation on a transfer basis. If students will continue attendance in schools in the losing school corporation, transfer tuition for the students shall be paid by the acquiring school corporation to the losing school corporation:
   (i) using the method; and
   (ii) at the rates;

provided by the Indiana statutes governing the computation and payment of transfer tuition costs.

(E) Disposition of assets and liabilities of the losing school corporation to the acquiring school corporation.

(F) Allocation between the acquiring and losing school corporations of subsequently collected school taxes levied on property in the annexed territory.

(G) The amount, if any, to be paid by the acquiring school corporation to the losing school corporation on account of property received from the losing school corporation.

(H) Dispositions, allocations, and amounts transferred under this subsection must be equitable.

(2) After the adoption of the resolution, notice shall be given by publication in both the acquiring school corporation and the losing school corporation setting out:
   (A) the text of the resolution; and
   (B) a statement that the resolution has been adopted and that a right of remonstrance exists as provided in this chapter.

(3) It is not necessary to set out the remonstrance provisions of this chapter. A general reference to a right of remonstrance with a reference to this chapter is sufficient.
(4) The annexation takes effect:
   (A) within thirty (30) days after publication; or
   (B) at the time provided in the resolution;

whichever is later, unless within the period during which a
remonstrance may be filed a remonstrance is filed in the circuit
or superior court of the county where the annexed territory or
any part of the annexed territory is located, by registered voters
residing in the losing school corporation at least equal in number
to the greater of ten percent (10%) of the number of registered
voters residing in the losing school corporation or fifty-one
percent (51%) of the number of registered voters residing in the
annexed territory.

Sec. 9. (a) The notice by publication required by section 8 of this
chapter shall be made:
   (1) two (2) times;
   (2) a week apart; and
   (3) in two (2) daily newspapers of general circulation, published
      in the English language and of general circulation in the
      acquiring school corporation and in the losing school
corporation.

   (b) If there is only one (1) or no daily newspaper in either school
corporation, a weekly newspaper may be used.

   (c) If there is only one (1) daily or weekly newspaper, publication
      in the newspaper is sufficient.

   (d) If a newspaper is of general circulation in both the acquiring
      school corporation and the losing school corporation, publication in
      the newspaper qualifies as one (1) of the required publications in the
      acquiring school corporation and the losing school corporation.

   (e) Publication may be made jointly by the losing school
corporation and acquiring school corporation.

   (f) The remonstrance period runs from the second publication.

Sec. 10. (a) A remonstrance under section 8 of this chapter must be
in the following or a substantially similar form:

"The undersigned hereby remonstrate against the annexation of
the following described territory situated in ______ County,
Indiana, whereby it would be transferred from ______ (the
losing corporation) to ______ (the acquiring corporation):

(Description of the annexed territory sufficient to identify it.)"

The remonstrance may be filed in any number of counterparts. Each
counterpart shall have attached to it the affidavit of the person
circulating it that each signature appearing on the remonstrance was affixed in the presence of the person circulating the petition and is the true and lawful signature of the person who made the signature. The person who makes the affidavit does not have to be one (1) of the persons who signs the counterpart to which the affidavit is attached. The remonstrance must be accompanied by a complaint filed by one (1) or more of the remonstrators (who shall be treated as a representative of the entire class of remonstrators) and signed by the remonstrator or the remonstrator’s attorney, stating the reasons for the remonstrance. The reasons for the remonstrance are limited to the following:

1. There is a procedural defect in the manner in which the annexation is carried out that is jurisdictional.
2. The annexed territory does not form a compact area abutting the acquiring corporation.
3. The benefits to be derived from the annexation are outweighed by the detriments, taking into consideration the respective benefits and detriments to the schools and of the students residing in the acquiring school corporation, the losing school corporation, and the annexed territory.
4. The:
   A. disposition of assets and liabilities of the losing school corporation;
   B. allocation of school tax receipts between the acquiring school corporation and the losing school corporation; and
   C. amount to be paid by the acquiring school corporation as set out in the annexation resolution;

are inequitable. Except with respect to subdivision (1), the allegations may be made in the statutory language.

(b) The plaintiff in a remonstrance under section 8 of this chapter must be the person whose name appears on the complaint. The defendants in a remonstrance under section 8 of this chapter shall be both the acquiring school corporation and the losing school corporation. Service of process shall be made on the defendants as in other civil actions.

(c) To determine if a petition was timely filed, the time of filing is the time of filing with the clerk without regard to the time of issuance of the summons. If the thirtieth day falls on Sunday, a holiday, or any other day when the clerk’s office is not open, the time shall be extended to the next day when the office is open.
(d) The issues in a remonstrance under section 8 of this chapter are made up by the complaint. The allegations in the complaint shall be treated as denied by each defendant. A responsive pleading may not be filed except that any defendant may, if appropriate, file a motion to dismiss the remonstrance on the ground that:

1. the requisite number of qualified remonstrators have not signed the petition;
2. the remonstrance was not timely filed; or
3. the complaint does not state a cause of action.

A responsive pleading to this motion may not be filed. With respect to a motion under subdivisions (1) and (2), the allegations of the pleading shall be treated as denied by the remonstrators. To determine whether there are the requisite number of qualified remonstrators, a person may not withdraw the person's name after a remonstrance has been filed or add the person's name to the remonstrance. Any person may, however, at the trial of the cause and in support or derogation of the substantive matters in the complaint, introduce into evidence a verified statement that the person wishes the person's name added to or withdrawn from the remonstrance. The court may either hear all or a part of the matters raised by the motion to dismiss separately or may consolidate for trial all or a part of the matters with the matters relating to the substance of the case. A complaint may not be dismissed for failure to state a cause of action if a fair reading of the complaint supports one (1) of the grounds for remonstrance provided in subsection (a). The court may permit an amendment of the complaint if the amendment does not state a new ground of remonstrance.

(e) The trial of a remonstrance shall be conducted as other civil cases by the court without the intervention of a jury on the issues raised by the complaint or a motion to dismiss, or both. A change of venue from a judge may be permitted. A change of venue from the county may not be permitted. The court shall expedite the hearing of the case. The court's judgment, except with respect to any matter raised under subsection (a)(4), shall be either that:

1. the annexation shall take place;
2. the annexation shall not take place; or
3. the remonstrance shall be dismissed.

If the court finds that the remonstrators have proved any of the reasons for the remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation may not take place. Unless the remonstrators have proved at least one (1) of the
reasons for a remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation shall take place. With respect to any matter raised under subsection (a)(4), the court's judgment may be either that the disposition, allocation, and amount set out in the annexing resolution is equitable or that it is inequitable. In the latter event, the court in the court's judgment shall provide for an equitable disposition, allocation, and amount. Costs shall follow judgment. Appeals may be taken from any judgment of the court in the same manner as appeals are taken in other civil cases.

Sec. 11. (a) Within sixty (60) days after the annexation takes place, the governing body of the acquiring school corporation and losing school corporation shall adopt a plan determining the manner in which the governing body shall be constituted. The plan shall be adopted in accordance with the requirements and procedures of IC 20-23-8, except as set out in subsection (b).

(b) The adoption of a plan by the governing body in accordance with IC 20-23-8-10 and its submission to the state board under IC 20-23-8-15 are the only procedures required when an existing plan is changed as follows:

1. All governing body members are elected at large, and there are no governing body member residency districts.
2. Governing body members are elected from governing body member residency districts, and the annexed territory is added to or deleted from one (1) or more districts.
3. A governing body member is appointed from a given area or district, and the annexed territory is added to or deleted from one (1) or more districts or areas.
4. A governing body member is elected solely by the voters in a school governing body member district, but the addition or deletion of the annexed territory to or from an existing district does not constitute a denial of equal protection of the laws.

If a school corporation elects or appoints members of its governing body both from a school governing body member district encompassing the entire school corporation and from smaller districts, the governing body of the acquiring school corporation shall add the annexed territory both to the district consisting of the entire school corporation and to one (1) or more smaller districts. In a comparable situation, the losing school corporation shall delete the annexed territory both from the district consisting of the entire school corporation and from any smaller district or districts. The change in
the plan becomes effective upon its approval by the state board. The application of this subsection does not limit the initiation of, or further changes in, any plan under IC 20-23-8.

Sec. 12. (a) With respect to whether the disposition of the assets and liabilities of the losing school corporation, allocation of school tax receipts, and the amount to be paid by the acquiring school corporation is equitable, the court, subject to subsection (b), shall be satisfied that the annexing resolution conforms substantially to the following standards:

(1) The acquiring school corporation shall assume a part of all installments of principal and interest on any indebtedness of the losing school corporation (other than current obligations or temporary borrowing) that fall due after the end of the last calendar year in which the losing school corporation is entitled to receive current tax receipts from property tax levies on the property of the annexed territory. The part consists of the following:

(A) All installments relating to any indebtedness incurred in connection with the acquisition or construction of any building located in the annexed territory.
(B) A proportion of all installments relating to any other indebtedness that is the same proportion as the valuation of the real property in the annexed territory bears to the valuation of all the real property in the losing school corporation, as the indebtedness is assessed for general taxation immediately before annexation.

(2) The acquiring school corporation shall make the payments and assume the obligations provided for a school corporation acquiring territory or a building or buildings under IC 21-5-10.

(3) Unless the losing school corporation consents to some other allocation, the part of the general fund money collected by the losing school corporation may not be allocated to the acquiring school corporation in a greater amount than would be awarded if the losing school corporation and the acquiring school corporation were respectively the "original school corporation" and the "annexing school corporation" within the meaning of IC 20-23-16, using the method provided in IC 20-23-16 for allocating the special school and tuition fund money.

(b) Standards under subsection (a) may not be applicable to the extent the losing school corporation and acquiring school corporation
otherwise agree in a situation where all or a majority of the students in the annexed territory have been transferred from the losing school corporation to the acquiring school corporation for the five (5) school years immediately preceding the transfer. The agreement between school corporations may not prejudice the rights of bondholders or lessors whose rights against the losing school corporation and acquiring school corporation shall, upon enforcement, be allocated between the losing school corporation and acquiring school corporation in accordance with subsection (a)(1) and (a)(2).

Sec. 13. (a) If a remonstrance is filed on grounds other than the grounds in section 10(a)(4) of this chapter, annexation does not become effective until final judgment in the remonstrance suit. Judgment may not be considered to be final until:

(1) the time for taking an appeal has expired; or

(2) final judgment in the appeal is entered.

A judgment of the trial court dismissing a remonstrance is a final judgment. If judgment is against the annexation, a further annexation of the annexed territory may not take place for two (2) years after the date the remonstrance was filed. A final judgment may not prevent either the acquiring school corporation or acquiring school corporation and losing school corporation from rescinding the annexation resolution. If the suit is dismissed without prejudice, the two (2) year prohibition does not apply unless a subsequent annexation resolution is adopted primarily for the purpose of harassment and not for some other purpose, including the correction of procedural irregularities or a substantial change in the annexed territory or the annexation resolution.

(b) If the remonstrance relates solely to any matter raised under section 10(a)(4) of this chapter, the annexation takes effect at the time provided under section 8 of this chapter.

Sec. 14. (a) Laws or parts of laws in conflict with this chapter are repealed. This chapter may not be construed to repeal any part of IC 20-23-4 or any statute concerning the consolidation of two (2) or more school corporations, to which this chapter is supplementary, except to the extent that IC 20-23-4 conflicts with this section.

(b) An annexation that is undertaken under or that results by operation of any section of this chapter may require, for its effectiveness, any approval of any county committee or state commission or committee created under, or referred to in, IC 20-23-4.

Chapter 6. Consolidation of School Corporations
Sec. 1. As used in this chapter, "trustees" means the:
(1) township trustee and township board; or
(2) governing body;
of each school corporation joining in the resolution provided for in
this chapter.
Sec. 2. The governing body of two (2) or more school corporations,
whether:
(1) towns;
(2) cities;
(3) townships;
(4) joint schools; or
(5) consolidated schools;
situated in the same or adjoining counties may consolidate their
respective school corporations in the manner and upon the conditions
prescribed in this chapter.
Sec. 3. (a) If the governing bodies of at least two (2) school
corporations desire to consolidate school corporations, the governing
bodies may meet together and adopt a joint resolution declaring
intention to consolidate school corporations. The resolution must set
out the following information concerning the proposed consolidation:
(1) The name of the proposed new school corporation.
(2) The number of members on the governing body and the
manner in which they shall be elected or appointed.
(A) If members are to be elected, the resolution must provide
for:
(i) the manner of the nomination of members;
(ii) who shall constitute the board of election
commissioners;
(iii) who shall appoint inspectors, judges, clerks, and
sheriffs; and
(iv) any other provisions desirable in facilitating the
election.
(B) Where applicable and not in conflict with the resolution,
the election is governed by the general election laws of
Indiana, including the registration laws.
(3) Limitations on residences, term of office, and other
qualifications required of the members of the governing body. A
resolution may not provide for an appointive or elective term of
more than four (4) years. A member may succeed himself or
herself in office.
(4) Names of present school corporations that are to be merged together as a consolidated school corporation. In addition, the resolution may specify the time when the consolidated school corporation comes into existence.

(b) The number of members on the governing body as provided in the resolution may not be less than three (3) or more than seven (7). However, the joint resolution may provide for a board of nine (9) members if the proposed consolidated school corporation is formed out of two (2) or more school corporations that:

(1) have entered into an interlocal agreement to construct and operate a joint high school; or

(2) are operating a joint high school that has an enrollment of at least six hundred (600) in grades 9 through 12 at the time the joint resolution is adopted.

(c) The members of the governing body shall, after adopting a joint resolution, give notice by publication once each week for two (2) consecutive weeks in a newspaper of general circulation, if any, in each of the school corporations. If a newspaper is not published in the school corporation, publication shall be made in the nearest newspaper published in the county in which the school corporation is located. The governing bodies of school corporations shall meet one (1) week following the date of the appearance of the last publication of notice of intention to consolidate. If a protest has not been filed, as provided in this chapter, the governing bodies shall declare by joint resolution the consolidation of the school corporations to be accomplished, to take effect as provided in section 8 of this chapter. However, on or before the sixth day following the last publication of the notice of intention to consolidate, twenty percent (20%) of the legal voters residing in any school corporation may petition the governing body of the school corporations for an election to determine whether or not the majority of the voters of the school corporation is in favor of consolidation.

Sec. 4. (a) If the joint resolution under section 3 of this chapter provides that the consolidated schools shall be under the direction of the county superintendent of schools, the resolution may be amended by following the procedure in this section to provide that the consolidated schools are under the direction of a superintendent selected by the governing body of the new consolidated school corporation. The change shall be effected by a resolution adopted by a majority of the members of the governing body at a meeting held
within the limits of the consolidated school corporation. All the members of the governing body shall receive or waive written notice of the:

(1) date;
(2) time;
(3) place; and
(4) purpose;

of the meeting. The resolution and proof of service or waiver of the notice shall be made a part of the records of the governing body. An amendment takes effect after the adoption of a resolution at the time a superintendent is selected by the governing body and commences the superintendent's duties. The superintendent shall serve under a contract in the same manner and under the same rules governing the employment and service of other licensed personnel. The superintendent's original contract and succeeding contracts may be for a period of from one (1) to five (5) years.

(b) The joint resolution of a consolidated school corporation may not be amended under this section unless the corporation is entitled at the time the governing body adopts an amending resolution under:

(1) the rules established by the state board or its successor; or
(2) any appropriation or other statute;

to an additional unit or administrative unit of state support if the governing body employs a licensed superintendent devoting full time to administration or supervision of schools of the corporation.

(c) In all instances of reorganization under this chapter after March 11, 1965, the consolidated school corporation shall be under the direction of a superintendent selected by its governing body.

Sec. 5. (a) If a petition is filed in one (1) or more of the school corporations protesting consolidation as provided in this chapter by the legal voters of any school corporation the governing body of which proposes to consolidate, the governing body in each school corporation in which a protest petition is filed shall certify the public question to each county election board of the county in which the school corporation is located. The county election board shall call an election of the voters of the school corporation to determine if a majority of the legal voters of the corporation is in favor of consolidating the school corporations.

(b) If a protest is filed in more than one (1) school corporation, the elections shall be held on the same day. Each county election board shall give notice by publication once each week for two (2) consecutive
weeks in a newspaper of general circulation in the school corporation. If a newspaper is not published in the:

(1) township;
(2) town; or
(3) city;
the notice shall be published in the nearest newspaper published in the county or counties, that on a day and at an hour to be named in the notice, the polls will be open at the usual voting places in the various precincts in the corporation for taking the vote of the legal voters upon whether the school corporation shall be consolidated with the other school corporations joining in the resolution.

(c) The public question shall be placed on the ballot in the form provided by IC 3-10-9-4 and must state: "Shall (insert name of school corporation) be consolidated with (insert names of other school corporations)?".

(d) Notice shall be given not later than thirty (30) days after the petition is filed. The election shall be held not less than ten (10) days or more than twenty (20) days after the last publication of the notice.

(e) The governing body of each school corporation in which an election is held is bound by the majority vote of those voting. However, if the election falls within a period of not more than six (6) months before a primary or general election, the election shall be held concurrently with the primary or general election.

(f) If a majority of those voting in any one (1) school corporation votes against the plan of consolidation, the plan fails. However, the failure does not prevent any or all the school corporations from taking further initial action for the consolidation of school corporations under this chapter.

(g) Whenever:

(1) twenty percent (20%) of the legal voters residing in any school corporation join with twenty percent (20%) of the legal voters in each of one (1) or more other school corporations;
(2) prepare a resolution; and
(3) petition the trustees of their respective school corporations; to consolidate the school corporations, as set out in the resolution, the governing body petitioned shall call the school election provided for in this chapter in each of the school corporations.

(h) Notice of the election shall be published within thirty (30) days after the filing of the resolution with the governing body of the school corporation where it is last filed. However, if any of the petitioned
governing bodies agrees to the consolidation as set out in the resolution, an election in that school corporation may not be required under the resolution.

(i) Notice as set out in this section shall be given, and a protest requesting an election may be filed in conformity with section 3 of this chapter.

Sec. 6. (a) On the day and hour named in the notice filed under section 5 of this chapter, polls shall be opened and the votes of the registered voters shall be taken upon the public question of consolidating school corporations. The election shall be governed by IC 3, except as provided in this chapter.

(b) The county election board shall conduct the election. The public question shall be placed on the ballot in the form prescribed by IC 3-10-9-4 and must state "Shall (here insert the names of the school corporations that the resolution proposes to consolidate) be consolidated into a consolidated school corporation?".

(c) A brief statement of the provisions in the resolution for appointment or election of a governing body may be placed on the ballot in the form prescribed by IC 3-10-9-4. A certificate of the votes cast for and against the consolidation of the school corporations shall be filed with:

(1) the governing body of the school corporations subject to the election;
(2) the state superintendent; and
(3) the county recorder of each county in which a consolidated school corporation is located;

together with a copy of the resolution.

(d) If a majority of the votes cast at each of the elections is in favor of the consolidation of two (2) or more school corporations, the trustees of the school corporations shall proceed to consolidate the schools and provide the necessary buildings and equipment. In any school corporation where a petition was not filed and an election was not held, the failure on the part of the voters to file a petition for an election shall be considered to give the consent of the voters of the school corporation to the consolidation as set out in the resolution.

(e) If the special election is not conducted at a primary or general election, the expense of the election shall be borne by the school corporation or each of the school corporations subject to the election and shall be paid out of the special school fund.

Sec. 7. (a) Each school of the consolidated schools is under the
control and management of the original governing body until the consolidated school corporation comes into existence at the time provided in section 8 of this chapter. When the consolidated school corporation comes into existence, the term of office of each of the original members of the governing body expires.

(b) The term of any township trustee does not expire. However, the duties and powers of the trustee as a school township trustee may be altered or changed by any resolution and the consolidation provided for in this chapter.

Sec. 8. (a) Consolidated schools are under the control and management of the consolidated governing body created under this chapter, and a new consolidated school corporation comes into existence:

(1) at the time specified in the resolutions provided in section 3 or 4 of this chapter; or
(2) if a time is not specified, at the following times:
   (A) If a protest has not been filed and the creation is accomplished by the adoption of a joint resolution following publication of notice as provided in section 3 of this chapter, thirty (30) days following the adoption of the joint resolution.
   (B) If the creation is accomplished after an election as provided in section 6 of this chapter, thirty (30) days following the election.

(b) The members of the governing body shall:
   (1) take an oath to faithfully discharge the duties of office; and
   (2) meet at least five (5) days before the time the new consolidated school corporation comes into existence to organize.

(c) The governing body shall meet to reorganize on August 1 of each year and at any time the personnel of the board is changed. At the organization or reorganization meeting, the members of the governing body shall elect the following:

   (1) A president.
   (2) A secretary.
   (3) A treasurer.

(d) The treasurer, before starting the duties of the treasurer's office, shall execute a bond to the acceptance of the county auditor. The fee for the bond shall be paid from the special school fund of the consolidated school corporation. Any vacancy occurring in governing body membership in any governing body, other than vacancy in the office of an ex officio member, shall be filled in the following manner:
(1) If the membership was originally made by appointment, the vacancy shall be filled by appointment by the legislative body of the:
   (A) city;
   (B) town;
   (C) township; or
   (D) other body;
or other official making the original appointment.
(2) If the membership was elected, the vacancy shall be filled by a majority vote of the remaining members of the governing body of the consolidated school corporation.

(e) The members of the governing body, other than the township executive or ex officio member, shall receive compensation for services as fixed by resolution of the governing body. The members, other than the township executive or any ex officio member, may not receive more than two hundred dollars ($200) annually. Any:
   (1) township executive; or
   (2) ex officio member of the governing body;
shall serve without additional compensation.

(f) The governing body of a consolidated school corporation may elect and appoint personnel it considers necessary.

Sec. 9. (a) When any:
   (1) school town;
   (2) school city;
   (3) school township;
   (4) joint school; or
   (5) consolidated school;
have become consolidated by resolution or election and the new governing body has been appointed and legally organized, the former school township, school town, school city, joint school, or consolidated school is considered abandoned.

(b) All school:
   (1) property;
   (2) rights;
   (3) privileges; and
   (4) any indebtedness;
from the abandoned school is considered to have accrued to and be assumed by the new consolidated school corporation.

(c) The title of property shall pass to and become vested in the new consolidated school corporation. All debts of the former school
corporations shall be assumed and paid by the new consolidated school corporation. All the privileges and rights conferred by law upon the former:

(1) school township;
(2) school town;
(3) school city;
(4) joint school; or
(5) consolidated school;

are granted to the newly consolidated school corporation.

(d) This subsection applies when the consolidated governing body of a consolidated school corporation decides that property acquired under subsection (b) from a township is no longer needed for school purposes. The governing body shall offer the property as a gift for park and recreation purposes to the township that owned the property before the school was consolidated. If the township board accepts the offer, the governing body shall give the township a quitclaim deed to the property. The deed must state that the township is required to use the property for park and recreation purposes. If the township board refuses the offer, the governing body may sell the property in the manner provided in subsection (e).

(e) This subsection provides the procedure for the sale of school property that is no longer needed for school purposes by the governing body of a consolidated school corporation. The governing body shall cause the property to be appraised at a fair cash value by three (3) reputable resident freeholders of the school corporation offering the property for sale. The appraisals shall be made under oath and spread of record upon the records of the governing body. A sale may not be made for less than the appraised value, and the sale must be made for cash. The sale shall take place after the governing body gives notice under IC 5-3-1 of the terms, date, time, and place of sale.

(f) Proceeds from a sale under subsection (e) shall be placed in a special school fund of the consolidated school corporation designated as the capital outlay fund that shall be available for capital outlay of the school corporation.

Sec. 10. (a) The governing body of a consolidated school corporation formed under this chapter may join with other:

(1) townships;
(2) school towns;
(3) school cities;
(4) joint schools; or
(5) consolidated schools;

to decide whether a consolidation shall take place.

(b) The provisions concerning:

(1) resolutions;
(2) petitions; and
(3) elections;

set out in this chapter apply.

(c) The new resolution may change the name of the consolidated school corporation or the number of members of the newly consolidated governing body under this chapter.

Sec. 11. A governing body shall, after the members have taken their oath of office, cause a copy of the resolution to consolidate to be filed with the county recorder in the county in which the new school district is located. Any consolidated school district is declared to be and is made a school corporation for school purposes, separate and distinct from any civil corporation.

Sec. 12. (a) This section provides an alternative method for a school corporation to be reorganized as a community school corporation.

(b) The following may petition directly to the state board to be reorganized as a community school corporation:

(1) A consolidated school corporation organized under section 3 of this chapter.
(2) A county school corporation organized under IC 20-23-16-15.
(3) A metropolitan school district organized under IC 20-23-7-2 or IC 20-23-7-12.

(c) The following apply to a school corporation that petitions directly to the state board under subsection (b):

(1) The school corporation is not required to do the following:

(A) Seek approval of a county committee established by IC 20-23-4-11.

(B) Pursue a joint meeting of a county committee and the state board under IC 20-23-4-18.

(2) The state board may waive the attainment of any standard required for reorganization as a community school corporation under this chapter.

Sec. 13. If the term "majority" is used in connection with any law providing for the submission to an electorate of the question of the consolidation of two (2) or more school corporations, in all laws enacted before March 13, 1959, concerning school consolidation, and in particular IC 20-23-6 and IC 20-23-7, the term means the greater
number of votes cast and counted either for or against the proposition of consolidation. Any additions to the certificate of the votes cast, other than the number of votes cast for and against the proposition of consolidation, shall be considered as surplusage and of no effect, and the intention of IC 20-23-6 and of IC 20-23-7 shall be so interpreted.

Sec. 14. All laws enacted pertaining to the consolidation of school corporations shall be liberally construed to effect the following purposes for which the laws were enacted:

1) Better schools.
2) Ease of administration.
3) Economy of operation.

Sec. 15. An action to test or question the legality of a consolidated school corporation may only be brought in an action of quo warranto in the name of the state on information filed by the prosecuting attorney of the county in which the principal office of the consolidated school corporation is located where attempts are made or have been made to consolidate or join together school corporations under the provisions of IC 20-23-6 or IC 20-23-7, and an election on the question of consolidation has been held and the certificate certifying the vote is filed as provided by law or, an election is not held and the number of days allowed by statutes for filing a petition for an election has expired.

Sec. 16. It is the policy of the state that whenever a community school corporation (as defined in IC 20-23-4-3) seeks to:

1) reorganize into a community school corporation under IC 20-23-4 or IC 20-23-16-1 through IC 20-23-16-11;
2) enter into a territorial annexation under IC 20-23-5 either as an acquiring school corporation or a losing school corporation (as defined in IC 20-23-5-4);
3) consolidate with another school corporation under IC 20-23-6; or
4) consolidate with another school corporation into one (1) metropolitan school district under IC 20-23-7;
the school corporation shall give consideration to the educational opportunities for students, local community interest, the effect on the community as a whole, and the economic interests of the community relative to establishing the boundaries of the school corporation that is involved in the school corporation reorganization, consolidation, or annexation attempt.

Sec. 17. (a) If the territory of a third class city is in a part of the
 territory of a consolidated school corporation, the third class city may
lease to the consolidated school corporation a building and the
property the building is on that is owned by the city for school
purposes for a period of at least five (5) consecutive years.

(b) The common council of the city shall authorize a lease under
subsection (a) and the authorization may be made:

(1) without appraisement;
(2) without compensation; or
(3) upon terms agreed upon.

(c) The possession and use of a specified part of property that a city
leases under this section may be reserved by the city for city use. A
lease made under this section shall be in the form of a deed or other
written instrument that may be recorded. The grant must state that if
the property is no longer needed for school purposes, the property
reverts back to the city. A consolidated school corporation acting
through its board of school trustees may accept a lease:

(1) without appraisement;
(2) compensation; or
(3) upon agreed upon terms;
by its board of school trustees.

(d) This section, being necessary and intended to remedy
deficiencies in laws existing on June 30, 1955, relating to powers of
certain municipal corporations and of certain school corporations,
does not repeal the provisions of those laws governing corporations
but supplements and clarifies those laws, and to that end shall be
liberally construed.

Chapter 7. Consolidation of County School Corporations and
Metropolitan School Districts

Sec. 1. It is the purpose of this chapter to provide for the
organization of public schools in Indiana to:

(1) promote the best interests of the students of Indiana;
(2) provide for the organization of additional forms of local
school government;
(3) preserve and ensure an economical and efficient school
system in accordance with the desires of the people in local
communities; and
(4) improve the education of the students of Indiana as
guaranteed by the laws and Constitution of the State of Indiana.

Sec. 2. (a) In any county or adjoining counties at least two (2)
school corporations, including school townships, school towns, school
cities, consolidated school corporations, joint schools, metropolitan school districts, township school districts, or community school corporations, regardless of whether the consolidating school corporations are of the same or of a different character, may consolidate into one (1) metropolitan school district. Subject to subsection (h), the consolidation must be initiated by following either of the following procedures:

(1) The township trustee, board of school trustees, board of education, or other governing body (the trustee, board, or other governing body is referred to elsewhere in this section as the "governing body") of each school corporation to be consolidated shall:

(A) adopt substantially identical resolutions providing for the consolidation; and
(B) publish a notice setting out the text of the resolution one (1) time under IC 5-3-1.

The resolution must set forth any provision for staggering the terms of the board members of the metropolitan school district elected under this chapter. If, not more than thirty (30) days after publication of the resolution, a petition of protest, signed by at least twenty percent (20%) of the registered voters residing in the school corporation is filed with the clerk of the circuit court of each county where the voters who are eligible to sign the petition reside, a referendum election shall be held as provided in subsection (c).

(2) Instead of the adoption of substantially identical resolutions in each of the proposed consolidating school corporations under subdivision (1), a referendum election under subsection (c) shall be held on the occurrence of all of the following:

(A) At least twenty percent (20%) of the registered voters residing in a particular school corporation sign a petition requesting that the school corporation consolidate with another school corporation (referred to in this subsection as "the responding school corporation").
(B) The petition described in clause (A) is filed with the clerk of the circuit court of each county where the voters who are eligible to sign the petition reside.
(C) Not more than thirty (30) days after the service of the petition by the clerk of the circuit court to the governing body of the responding school corporation under subsection (b) and
the certification of signatures on the petition occurs under subsection (b), the governing body of the responding school corporation adopts a resolution approving the petition and providing for the consolidation.

(D) An approving resolution has the same effect as the substantially identical resolutions adopted by the governing bodies under subdivision (1), and the governing bodies shall publish the notice provided under subdivision (1) not more than fifteen (15) days after the approving resolution is adopted. However, if a governing body that is a party to the consolidation fails to publish notice within the required fifteen (15) day time period, a referendum election still must be held as provided in subsection (c).

If the governing body of the responding school corporation does not act on the petition within the thirty (30) day period described in clause (C), the governing body's inaction constitutes a disapproval of the petition request. If the governing body of the responding school corporation adopts a resolution disapproving the petition or fails to act within the thirty (30) day period, a referendum election as described in subsection (c) may not be held and the petition requesting the consolidation is defeated.

(b) Any petition of protest under subsection (a)(1) or a petition requesting consolidation under subsection (a)(2) must show in the petition the date on which each person has signed the petition and the person's residence on that date. The petition may be executed in several counterparts, the total of which constitutes the petition. Each counterpart must contain the names of voters residing within a single county and shall be filed with the clerk of the circuit court of the county. Each counterpart must have attached to it the affidavit of the person circulating the counterpart that each signature appearing on the counterpart was affixed in that person's presence and is the true and lawful signature of each person who made the signature. Any signer may file the petition or any counterpart of the petition. Each signer on the petition may before and may not after the filing with the clerk withdraw the signer's name from the petition. A name may not be added to the petition after the petition has been filed with the clerk.

After the receipt of any counterpart of the petition, each circuit court clerk shall certify:

(1) the number of persons signing the counterpart;

(2) the number of persons who are registered voters residing
within that part of the school corporation located within the clerk’s county, as disclosed by the voter registration records in the office of the clerk or the board of registration of the county, or wherever registration records may be kept;

(3) the total number of registered voters residing within the boundaries of that part of the school corporation located within the county, as disclosed in the voter registration records; and

(4) the date of the filing of the petition.

Certification shall be made by each clerk of the circuit court not more than thirty (30) days after the filing of the petition, excluding from the calculation of the period any time during which the registration records are unavailable to the clerk, or within any additional time as is reasonably necessary to permit the clerk to make the certification. In certifying the number of registered voters, the clerk of the circuit court shall disregard any signature on the petition not made within the ninety (90) days immediately before the filing of the petition with the clerk as shown by the dates set out in the petition. The clerk of the circuit court shall establish a record of the certification in the clerk’s office and shall serve the original petition and a copy of the certification on the county election board under IC 3-10-9-3 and the governing bodies of each affected school corporation. Service shall be made by mail or manual delivery to the governing bodies, to any officer of the governing bodies, or to the administrative office of the governing bodies, if any, and shall be made for all purposes of this section on the day of the mailing or the date of the manual delivery.

(c) The county election board in each county where the proposed metropolitan school district is located, acting jointly where the proposed metropolitan school district is created and where it is located in more than one (1) county, shall cause any referendum election required under either subsection (a)(1) or (a)(2) to be held in the entire proposed metropolitan district at a special election. The special election shall be not less than sixty (60) days and not more than ninety (90) days after the service of the petition of protest and certification by each clerk of the circuit court under subsection (a)(1) or (a)(2) or after the occurrence of the first action requiring a referendum under subsection (a)(2). However, if a primary or general election at which county officials are to be nominated or elected, or at which city or town officials are to be elected in those areas of the proposed metropolitan school district that are within the city or town, is to be held after the sixty (60) days and not more than six (6) months after
the service or the occurrence of the first action, each election board may hold the referendum election with the primary or general election.

(d) Notice of the special election shall be given by each election board by publication under IC 5-3-1.

(e) Except where it conflicts with this section or cannot be practicably applied, IC 3 applies to the conduct of the referendum election. If the referendum election is not conducted at a primary or general election, the cost of conducting the election shall be charged to each component school corporation included in the proposed metropolitan school district in the same proportion as its assessed valuation bears to the total assessed valuation of the proposed metropolitan school district and shall be paid from any current operating fund of each component school corporation not otherwise appropriated, without appropriation.

(f) The question in the referendum election shall be placed on the ballot in the form prescribed by IC 3-10-9-4 and must state "Shall the school corporations of ______ be formed into one (1) metropolitan school district under IC 20-23-7?" (in which blanks the respective name of the school districts concerned will be inserted).

(g) If:

(1) a protest petition with the required signatures is not filed after the adoption of substantially identical resolutions of the governing bodies providing for or approving the consolidation as described in subsection (a)(1); or

(2) a referendum election occurs in the entire proposed metropolitan district and a majority of the voters in each proposed consolidating school corporation vote in the affirmative;

a metropolitan school district is created and comes into existence in the territory subject to the provisions and under the conditions described in this chapter. The boundaries include all of the territory within the school corporations, and it shall be known as "Metropolitan School District of ______, Indiana" (the name of the district concerned will be inserted in the blank). The name of the district shall be decided by a majority vote of the metropolitan governing board of the metropolitan school district at the first meeting. The metropolitan governing board of the new metropolitan school district shall be composed and elected under this chapter. The failure of any public official or body to perform any duty within the time provided in this
chapter does not invalidate any proceedings taken by that official or body, but this provision shall not be construed to authorize a delay in the holding of a referendum election under this chapter.

(h) If the governing body of a school corporation is involved in a consolidation proposal under subsection (a)(1) or (a)(2) that fails to result in a consolidation, the:

(1) governing body of the school corporation may not initiate a subsequent consolidation with another school corporation under subsection (a)(1); and

(2) residents of the school corporation may not file a petition requesting a consolidation with another school corporation under subsection (a)(2); for one (1) year after the date on which the prior consolidation proposal failed.

Sec. 3. (a) The metropolitan school district shall conduct the educational activities of all the schools in the district in compliance with:

(1) state law; and

(2) the laws of the state of Indiana with reference to public education.

(b) The control and administration of the schools of the metropolitan school district are vested in a governing body whose:

(1) composition;
(2) duties;
(3) manner of election; and
(4) powers;
are described in this chapter.

Sec. 4. (a) At the first meeting of the board of commissioners of the county after the creation of the metropolitan school district as provided in this chapter, the board of commissioners shall divide the district into three (3) governing body districts approximately equal in population. Not more than one (1) year after the effective date of each United States decennial census, the board of commissioners shall readjust the boundaries of the districts to equalize the districts by population.

(b) Instead of the division provided under subsection (a), any resolution or petition provided in section 2(a) or 2(b) of this chapter may:

(1) provide that the metropolitan school district to be created shall be divided into two (2) or more governing body districts;
(2) describe the governing body member districts;
(3) provide that one (1) or more members of the governing body must reside within each of the governing body member districts;
(4) set out the number of members to serve from each designated district;
(5) provide that the governing body member districts need not be equal in size or population, and that one (1) board member district may include all the area in the metropolitan school district;
(6) specify that the number of governing body members to be resident in each district need not be an equal number; and
(7) eliminate all requirements that there be governing body member districts.

(c) If the resolution or petition:
(1) does not provide for governing body member districts and designate the number of governing body members to be resident in each district; or
(2) provides for the elimination of governing body member districts;
subsection (a) controls. If either subsection (a) or (b) applies, candidates shall be voted upon by all the registered voters of the metropolitan school district voting at any governing body member election.

Sec. 5. (a) The rights, powers, and duties of the metropolitan school district shall be vested in the governing body that must be composed of:
(1) three (3);
(2) five (5); or
(3) seven (7) members;
who have resided in the district for at least two (2) years before taking office. The resolution or petition provided by section 2(a) or 2(b) of this chapter may designate the number of members of the governing body. If a designation is not made concerning the number of members of a governing body, the governing body is composed of five (5) members.

(b) If section 4(a) of this chapter applies to a metropolitan school district, the following rules apply:
(1) If the governing body consists of three (3) members, one (1) member shall reside in each residence district.
(2) If the governing body consists of five (5) members, not more
than two (2) shall reside in any one (1) residence district.
(3) If the governing body consists of seven (7) members, at least
two (2) shall reside in any one (1) residence district.
(c) If a governing body member moves the member's residence
within the metropolitan school district from one (1) governing body
member district to another or when governing body member district
boundaries are moved so that the member's place of residence changes
from one (1) governing body member district to another, the member
does not on this account become disqualified as a governing body
member but may continue to hold office as a member of the governing
body.

Sec. 6. (a) The first metropolitan board of education shall be
composed of the:
(1) trustees; and
(2) members of school boards;
of the school corporations forming the metropolitan board of
education.
(b) The members of the metropolitan board of education shall serve
ex officio as members subject to the laws concerning length of terms,
powers of election, or appointment and filling vacancies applicable to
their respective offices.
(c) If a metropolitan school district is comprised of only two (2)
board members, the two (2) members shall appoint a third board
member not more than ten (10) days after the creation of the
metropolitan school district. If the two (2) members are unable to
agree on or do not make the appointment of a third board member
within the ten (10) day period after the creation of the metropolitan
school district, the third member shall be appointed not more than
twenty (20) days after the creation of the metropolitan school district
by the judge of the circuit court of the county in which the
metropolitan school district is located. If the metropolitan school
district is located in two (2) or more counties, the judge of the circuit
court of the county containing that part of the metropolitan school
district having more students than the part or parts located in another
county or counties shall appoint the third member. The members of
the metropolitan board of education serve until their successors are
elected or appointed and qualified.
(d) The first meeting of the first metropolitan board of education
shall be held not more than one (1) month after the creation of the
metropolitan school district. The first meeting shall be called by the
superintendent of schools, or township trustee of a school township, of the school corporation in the district having the largest number of students. At the first meeting, the board shall organize, and during the first ten (10) days of each July the board shall reorganize, by electing a president, a vice president, a secretary, and a treasurer.

(e) The secretary of the board shall keep an accurate record of the minutes of the metropolitan board of education and the minutes shall be kept in the superintendent's office. When a metropolitan school district is formed, the metropolitan superintendent shall act as administrator of the board and shall carry out the acts and duties as designated by the board. A quorum consists of a majority of the members of the board. A quorum is required for the transaction of business. The vote of a majority of those present is required for a:

(1) motion;
(2) ordinance; or
(3) resolution;
to pass.

(f) The board shall conduct its affairs in the manner described in this section. Except in unusual cases, the board shall hold its meetings at the office of the metropolitan superintendent or at a place mutually designated by the board and the superintendent. Board records are to be maintained and board business is to be conducted from the office of the metropolitan superintendent or a place designated by the board and the superintendent.

(g) The metropolitan board of education shall have the power to pay to a member of the board:

(1) a reasonable per diem for service on the board not to exceed one hundred twenty-five dollars ($125) per year; and
(2) for travel to and from a member's home to the place of the meeting within the district, a sum for mileage equal to the amount per mile paid to state officers and employees. The rate per mile shall change when the state government changes its rate per mile.

Sec. 7. (a) The transfer of:

(1) powers;
(2) duties;
(3) property;
(4) property rights;
(5) other assets;
(6) liabilities;
(7) contracts, both as to rights and obligations; and
(8) other issues connected with the transfer of authority from existing school corporations to the metropolitan school district; shall take place at the time of the first meeting of the metropolitan board of education not more than one (1) month after the creation of the board.

(b) The transfer of the items listed in subsection (a) are vested in the metropolitan school district at the time of the first meeting of the metropolitan board of education.

Sec. 8. (a) Members of the metropolitan board of education are elected by the registered voters of the metropolitan school district at the primary elections held biennially in the state, commencing with the next primary election that is held more than sixty (60) days after the creation of the metropolitan school district as provided in this chapter. Nominations for a member of the board of education are made by a petition signed by the nominee and by ten (10) registered voters residing in the same board member district as the nominee. A petition must be filed not earlier than the date that a petition of nomination may first be filed under IC 3-8-6-10 and not later than noon on the last date provided by IC 3-8-2-4 for the filing of a declaration of candidacy for the primary election with the clerk of the circuit court in each county where the metropolitan school district is located.

(b) Nominees for school board members shall be listed on the primary election ballot in the form prescribed by IC 3-10-1-19 by board member districts without party designation. A ballot shall state the number of board members to be voted upon and the maximum number of board members who may be elected from each board member district in compliance with section 5 of this chapter. A ballot is not valid if more than the maximum number of board members are voted upon from a board member district. The election boards in the various precincts and in the county or counties serving at a primary election shall conduct the election for school board members. A registered voter may vote in a school board election without otherwise voting in the primary election.

(c) Voting and tabulation of votes shall be conducted in the same manner as voting and tabulation in primary elections are conducted, and the candidates having the greatest number of votes shall be elected. If more than the maximum number of candidates that may be elected from a board member district, as provided in section 5 of this chapter, are among those having the greatest number of votes, the
lowest of those candidates from the board member district in excess of the maximum number must be eliminated in determining the candidates who are elected. If there is a tie vote for the candidates, the judge of the circuit court in the county where the majority of the registered voters of the metropolitan school district reside shall select one (1) of the candidates who shall be declared and certified elected.

(d) If after the first board member election a vacancy on the board occurs, including the failure of a sufficient number of petitions for candidates being filed, and whether the vacating member was elected or appointed, the remaining members of the metropolitan board of education shall by a majority vote fill the vacancy by appointing a person from the board member district that the person who vacated the board membership was elected, or if the person was appointed, the board member district from which the last elected predecessor of the person was elected. If there is a tie vote among the remaining members of the board or their failure to act not more than thirty (30) days after the vacancy occurs, the judge of the circuit court in the county where the majority of registered voters of the metropolitan school district reside shall make the appointment. A successor to the appointive board member shall be elected at the next primary election that is held more than sixty (60) days after an elected board member vacates membership on the board or at the primary election held immediately before the end of the term for which the vacating member was elected, whichever is sooner. Unless the successor takes office at the end of the term of the vacating member, the member shall serve only for the balance of the term. In an election of a successor board member to fill a vacancy for a two (2) year balance of a term, nominating petitions for school board membership candidacy need not be filed for or with reference to the vacancy. However, as required by IC 3-11-2-14.5, candidates for at-large seats must be distinguished on the ballot from candidates for district seats. If there is more than one (1) at-large seat on the ballot due to this vacancy, the elected candidate who receives the lowest number of votes at the election at which the successor is elected shall serve for a two (2) year term.

(e) At the first primary election in which members of the metropolitan board of education are elected under this section, a simple majority of the elected candidates, consisting of those elected candidates who receive the highest number of votes, are elected for four (4) year terms, and the balance of the elected candidates, consisting of those who received the lowest number of votes, are
elected for two (2) year terms. A candidate for membership on the metropolitan board of education shall:

(1) be voted upon by the voters of the entire district;
(2) be elected for four (4) year terms after the first election; and
(3) take office and assume the duties of the office July 1 following their election.

Sec. 9. (a) This section applies to a metropolitan or consolidated school corporation located in a county containing a consolidated city.

(b) The same method used to cast votes for other offices for which candidates have qualified to be on the election ballot shall be used for the school board offices on the election ballot.

Sec. 10. (a) The metropolitan board of education shall appoint a metropolitan superintendent of schools who shall serve under contract in the same manner and under the same laws that govern the employment and service of other licensed school personnel. The metropolitan superintendent of schools' salary and expense allowance is fixed by the metropolitan board of education. The metropolitan superintendent of schools' original contract:

(1) must be for a period of one (1) to five (5) years; and
(2) may be changed or extended by mutual agreement.

(b) Appointments to fill a vacancy for a metropolitan superintendent of schools shall be made under this chapter.

(c) The board shall:

(1) act upon the recommendations of the metropolitan superintendent of schools; and
(2) make other decisions and perform other duties as required by law.

(d) A:

(1) county superintendent;
(2) city school superintendent; or
(3) town superintendent;

in a metropolitan school district shall continue in the superintendents' respective employment at the same salary, paid in the same manner and according to the same terms as agreed to before the formation of the metropolitan school district.

(e) A metropolitan board of education shall:

(1) assign administrative duties; and
(2) designate:

(A) one (1) of the superintendents in the metropolitan school district; or
(B) a competent and qualified person as determined by the board; to perform the duties of the metropolitan superintendent of the metropolitan school district as set forth in this chapter.

(f) A metropolitan board of education shall appoint a superintendent of the metropolitan school district and other administrative supervisory officers as provided in this chapter if:

(1) the previous superintendent’s term expired;
(2) the previous superintendent’s contract of employment ended; or
(3) the previous superintendent:
   (A) died; or
   (B) resigned.

(g) The appointment and salary of the metropolitan superintendent of schools appointed under subsection (f) shall be made, set, and paid as provided in this chapter.

Sec. 11. If a metropolitan school district formed under this chapter includes territory in more than one (1) county, the respective counties, boards, commissions, and officers of each of the counties shall perform duties required to form a metropolitan school district jointly and severally, including:

(1) dividing the territory into board member districts;
(2) levying and collecting taxes;
(3) allocating receipts;
(4) filing petitions for nomination;
(5) printing and distributing ballots,
(6) tabulating and certifying election results; and
(7) filling vacancies.

Sec. 12. (a) As used in this section, "school township" means a school township of this state that:

(1) for the last full school semester immediately preceding the adoption of a preliminary resolution by the township trustee and the township board under subsection (f) or their adoption of a resolution of disapproval under subsection (g) had an average daily membership of at least six hundred (600) students in kindergarten through grade 12 in the public schools of the school township; or
(2) is part of a township in which there were more votes cast for township trustee outside the school township than inside the school township in the general election at which the trustee was
elected and that preceded the adoption of the preliminary or disapproving resolution.

(b) As used in this section, "township trustee" means the township trustee of the township in which the school township is located.

(c) As used in this section, "township board" means the township board of the township in which the school township is located.

(d) As used in this section, "county" means the county in which the school township is located.

(e) In a school township, a metropolitan school district may be created by complying with this section. A metropolitan school district created under this section shall have the same boundaries as the school township. After a district has been created under this section, the school township that preceded the metropolitan school district is abolished. None of the procedures or provisions governing the creation of a metropolitan school district under another section of this chapter are applicable to the creation of a district under this section. After a district is created under this section, the metropolitan school district shall, except as otherwise provided in this section, be governed by and operate in accordance with this chapter governing the operation of a metropolitan school district as established under section 2 of this chapter.

(f) Except as provided in subsection (g), a metropolitan school district provided for in subsection (e) may be created in the following manner:

(1) The township trustee shall call a meeting of the township board. At the meeting the township trustee and a majority of the township board shall adopt a resolution that a metropolitan school district shall be created in the school township. The township trustee shall then give notice:
   (A) by publication by two (2) insertions one (1) week apart in a newspaper of general circulation published in the school township, or
   (B) if there is no newspaper as described in clause (A), in a newspaper of general circulation in the county;

   of the adoption of the resolution setting forth the text of the resolution.

(2) On the thirtieth day after the date of the last publication of the notice under subdivision (1) and if a protest has not been filed, the township trustee and a majority of the township board shall confirm their preliminary resolution. If, however, on or
before the twenty-ninth day after the date of the last publication of the notice, a number of registered voters of the school township, equal to five percent (5%) or more of the number of votes cast in the school township for secretary of state at the last preceding general election for that office, sign and file with the township trustee a petition requesting an election in the school township to determine whether or not a metropolitan school district must be created in the township in accordance with the preliminary resolution, then an election must be held as provided in subsection (h). The preliminary resolution and confirming resolution provided in this subsection shall both be adopted at a meeting of the township trustee and township board in which the township trustee and each member of the township board received or waived a written notice of the date, time, place, and purpose of the meeting. The resolution and the proof of service or waiver of the notice shall be made a part of the records of the township board.

(g) Except as provided in subsection (f), a metropolitan school district may also be created in the following manner:

(1) A number of registered voters of the school township, equal to five percent (5%) or more of the votes cast in the school township for secretary of state at the last general election for that office, shall sign and file with the township trustee a petition requesting the creation of a metropolitan school district under this section.

(2) The township trustee and a majority of the township board shall, not more than ten (10) days after the filing of a petition:
   (A) adopt a preliminary resolution that a metropolitan school district shall be created in the school township and proceed as provided in subsection (f); or
   (B) adopt a resolution disapproving the creation of the district.

(3) If either the township trustee or a majority of township board members vote in favor of disapproving the resolution, an election must be held to determine whether or not a metropolitan school district shall be created in the school township in the same manner as is provided in subsection (f) if an election is requested by petition.

(h) An election required under subsection (f) or (g) may, at the option of the township trustee, be held either as a special election or
in conjunction with a primary or general election to be held not more than one hundred twenty (120) days after the filing of a petition under subsection (f) or the adoption of the disapproving resolution under subsection (g). The township trustee shall certify the question to the county election board under IC 3-10-9-3 and give notice of an election:

(i) On the day and time named in the notice, the polls shall be opened and the votes of the voters shall be taken regarding whether a metropolitan school district shall be created in the township. The election shall be held not less than twenty (20) days and not more than thirty (30) days after the last publication of the notice unless a primary or general election will be conducted not more than six (6) months after the publication. In that case, the county election board shall place the public question on the ballot at the primary or general election. If the election is to be a special election, the township trustee shall give notice not more than thirty (30) days after the filing of the petition or the adoption of the disapproving resolution.

(j) The votes cast in the election shall be canvassed at a place in the school township determined by the county election board. The certificate of the votes cast for and against the creation of a metropolitan school district shall be filed in the records of the township board and recorded with the county recorder. If the special election is not conducted at a primary or general election, the school township shall pay the expense of holding the election out of the special school fund that is appropriated for this purpose.
(k) A metropolitan school district shall, subject to section 7 of this chapter, be created on the thirtieth day after the date of the adoption of the confirming resolution under subsection (f) or an election held under subsection (h). If a public official fails to do the official’s duty within the time prescribed in this section, the failure does not invalidate the proceedings taken under this section. An action to contest the validity of the creation of a metropolitan school district under this section or to enjoin the operation of a metropolitan school district may not be instituted later than the thirtieth day following the date of the adoption of the confirming resolution under subsection (f) or of the election held under subsection (h). Except as provided in this section, an election under this subsection may not be held sooner than twelve (12) months after another election held under subsection (h).

(l) A metropolitan school district is known as "The Metropolitan School District of ____________ Township, ____________ County, Indiana". The first metropolitan board of education in a metropolitan school district created under this section consists of five (5) members. The township trustee and the township board members are ex officio members of the first board, subject to the laws concerning length of their respective terms of office, manner of election or appointment, and the filling of vacancies applicable to their respective offices. The ex officio members serve without other compensation or reimbursement for expenses than that which they may receive from their respective offices. The township board shall, by a resolution recorded in its records, appoint the fifth member of the metropolitan board of education. The fifth member shall meet the qualifications of a member of a metropolitan board of education under this chapter, with the exception of the board member district requirements provided in sections 4, 5, and 8 of this chapter.

(m) A fifth board member shall be appointed not more than fifteen (15) days after the date of the adoption of the confirming resolution under subsection (f)(2) or an election held under subsection (h). The first board shall hold its first meeting not more than fifteen (15) days after the date when the fifth board member is appointed or elected, on a date established by the township board in the resolution in which it appoints the fifth board member. The first board shall serve until July 1 following the election of a metropolitan school board at the first primary election held more than sixty (60) days following the creation of the metropolitan school district.

(n) After the creation of a metropolitan school district under with
this section, the president of the metropolitan school board of the district shall serve as a member of the county board of education and perform the duties on the county board of education that were previously performed by the township trustee. The metropolitan school board and superintendent of the district may call upon the assistance of and use the services provided by the county superintendent of schools. This subsection does not limit or take away the powers, rights, privileges, or duties of the metropolitan school district or the board or superintendent of the district provided in this chapter.

Sec. 13. In the resolution creating a county school corporation or metropolitan school district or in the petitions requesting the creation of or requesting a referendum on the question of creating a corporation or district under IC 20-23-16-15 or section 2 or 12 of this chapter, the resolutions or petitions may specify when a school corporation or school district shall be created and the corporation or district shall then be created at the time provided in the resolutions or petitions.

Sec. 2. As used in this chapter, "clerk" means:
(1) the clerk of the circuit court of the county in which a school corporation is located; or
(2) if a school corporation is located in more than one (1) county, the clerks in each of the counties in which the school corporation is located.

selection, either by appointment or by election of the members of the
governing body.

Sec. 5. As used in this chapter, "school corporation" means a local
public school corporation established under the laws of Indiana. The
term does not include a school township or a school corporation
covered by IC 20-23-12.

Sec. 6. As used in this chapter, "voter", with respect to a petition,
means a registered voter in the school corporation as determined in
this chapter.

Sec. 7. (a) A plan or proposed plan must contain the following
items:

1) The number of members of the governing body, which shall
   be:
   (A) three (3);
   (B) five (5); or
   (C) seven (7);
   members.
2) Whether the governing board shall be elected or appointed.
3) If appointed, when and by whom, and a general description
   of the manner of appointment that conforms with the
   requirements of IC 20-23-4-28.
4) If elected, whether the election shall be at the primary or at
   the general election that county officials are nominated or
   elected, and a general description of the manner of election that
   conforms with the requirements of IC 20-23-4-27.
5) The limitations on:
   (A) residence;
   (B) term of office; and
   (C) other qualifications;
   required by members of the governing body.
6) The time the plan takes effect.
A plan or proposed plan may have additional details to make the
provisions of the plan workable. The details may include provisions
relating to the commencement or length of terms of office of the
members of the governing body taking office under the plan.

(b) Except as provided in subsection (a)(1), in a city having a
population of more than fifty-nine thousand seven hundred (59,700)
but less than sixty-five thousand (65,000), the governing body
described in a plan may have up to nine (9) members.

Sec. 8. (a) A plan is subject to the following limitations:
(1) A member of the governing body may not serve for a term of more than four (4) years, but a member may succeed himself or herself in office. This limitation does not apply to members who hold over during an interim period to effect a new plan awaiting the selection and qualification of a member under the new plan.

(2) The plan, if the members are:
   (A) to be elected, shall conform with one (1) of the types of board organization permitted by IC 20-23-4-27; or
   (B) appointed, shall conform with one (1) of the types permitted by IC 20-23-4-28.

(3) The terms of the members of the governing body, either elected to or taking office on or before the time the plan takes effect, may not be shortened. The terms of the members taking office under the plan may be shortened to make the plan workable on a permanent basis.

(4) If the plan provides for electoral districts, where a member of the governing body is elected solely by the voters of a single district, the districts must be as near as practicable equal in population. The districts shall be reapportioned and their boundaries changed, if necessary, by resolution of the governing body before the election next following the effective date of the subsequent decennial census to preserve the equality by resolution of the governing body.

(5) The plan shall comply with the:
   (A) Constitution of the State of Indiana; and
   (B) Constitution of the United States;
   including the equal protection clauses of both constitutions.

(6) The provisions of IC 20-23-4-26 through IC 20-23-4-33 and IC 20-23-16-4 relating to the board of trustees of a community school corporation and to the community school corporation, including provisions relating to powers of the board and corporation and provisions relating to the mechanics of selection of the board, where elected and where appointed, apply to a governing body set up by a plan under this chapter and to the school corporation.

(b) The limitations set forth in this section do not have to be specifically set forth in a plan but are a part of the plan. A plan shall be construed, if possible, to comply with this chapter. If a provision of the plan or an application of the plan violates this chapter, the invalidity does not affect the other provisions or applications of the
plan that can be given effect without the invalid provision or application. The provisions of a plan are severable.

Sec. 9. The plan of school board organization of a governing body may be changed in accordance with the procedures set out in this chapter.

Sec. 10. (a) A change in a plan may be initiated by one (1) of the following procedures:

1. By filing a petition signed by at least twenty percent (20%) of the voters of the school corporation with the clerk of the circuit court.
2. By a resolution adopted by the governing body of the school corporation.
3. By ordinance adopted by a city legislative body under section 13 of this chapter.

(b) A petition, resolution, or ordinance must set forth a description of the plan that conforms with section 7 of this chapter.

(c) Except as provided in subsection (a)(1), in a city having a population of more than fifty-nine thousand seven hundred (59,700) but less than sixty-five thousand (65,000), a change in a plan may be initiated by filing a petition signed by ten percent (10%) or more of the voters of the school corporation with the clerk of the circuit court.

Sec. 11. (a) A voter is entitled to file a petition under this chapter with the clerk of the circuit court to:

1. initiate a plan;
2. protest a plan; or
3. initiate an alternative plan.

(b) If a voter files a petition under subsection (a), the filing and certification of the petition is governed by the following provisions:

1. The petition must show:
   (A) the date that a person has signed the petition; and,
   (B) in order to identify the person as a registered voter of the school corporation, the person's residence on that date.
2. The petition may be executed in several counterparts, the total of which constitutes a petition. A counterpart must:
   (A) contain the names of voters residing within a single county;
   (B) be filed with the clerk of the circuit court of that county;
   (C) have attached to it the affidavit of the person circulating the counterpart stating that each signature:
      (i) appearing on the counterpart was affixed in the person's
presence; and
(ii) is the true and lawful signature of the person who made
the signature.

(3) A person who signs a petition or a counterpart may file the
petition or a counterpart.

(4) All counterparts constituting a petition shall be filed on the
same day.

(5) A person who signs a petition filed under subsection (a) may
withdraw the person's name from the petition before the petition
is filed with the clerk. Names may not be added to a petition after
the petition has been filed with the clerk.

(6) After the receipt of a petition, the clerk shall:
(A) strike all signatures appearing on the petition more than
once; and
(B) make a certification under the clerk's hand and seal of the
office as to the following:
(i) The number of signatures on the petition that are not
duplicates representing persons who are registered voters
residing within that part of the school corporation located
within the county, as disclosed by the voter registration
records in the office of the clerk or the board of registration
of the county, or wherever the registration records are kept.
(ii) The total number of registered voters residing within
the boundaries of that part of the school corporation
located within the county, as disclosed in the records
described in item (i).
(iii) The date of the filing of the petition with the clerk.

(7) The clerk shall:
(A) certify a petition not more than thirty (30) days after the
filing of the petition, excluding time when the registration
records are unavailable to the clerk, or within additional time
as is reasonably necessary not to exceed an additional thirty
(30) days, to permit the clerk to make a certification;
(B) establish a record of the certification at the clerk’s office;
and
(C) file:
(i) the original petition; and
(ii) a copy of the clerk’s certification;
with the governing body.

Sec. 12. The governing body shall, by resolution adopted not more
than thirty (30) days after a petition is filed with it, either approve or disapprove a plan. The failure to take action within the thirty (30) day period constitutes disapproval of the plan.

Sec. 13. (a) This section applies to a school corporation located in a city having a population of more than ninety thousand (90,000) but less than one hundred five thousand (105,000).

(b) The city legislative body may adopt an ordinance to increase the membership of the governing body of a school corporation to seven (7) members.

(c) The ordinance must provide the following:
   (1) The additional members of the governing body are to be appointed by the city executive.
   (2) If the plan is subsequently changed to provide for the election of governing body members:
       (A) the membership of the governing body may not be less than seven (7); and
       (B) the members of the governing body are to be elected.
   (3) The initial terms of the members appointed under this section.
   (4) The effective date of the ordinance.

(d) An ordinance adopted under this section:
   (1) supersedes a part of the plan that conflicts with the ordinance;
   (2) must be filed with the state superintendent under section 22 of this chapter; and
   (3) may only be amended or repealed by the city legislative body.

Sec. 14. (a) Not more than ten (10) days after a governing body has:
   (1) initiated;
   (2) approved; or
   (3) disapproved;

a plan initiated by the petition filed with it, the governing body shall publish a notice one (1) time in a newspaper of general circulation in the county of the school corporation. If a newspaper of general circulation is not published in the county of the school corporation, the governing body shall publish a notice one (1) time in a newspaper of general circulation published in a county adjoining the county of the school corporation.

(b) The notice must set out the text of a plan initiated by the governing body or another plan filed with the governing body before the preparation of the notice. The notice must also state the right of a
voter, as provided in this section, to file a petition for alternative plans or a petition protesting the adoption of a plan or plans to which the notice relates.

(c) If the governing body fails to publish a notice required by this section, the governing body shall, not more than five (5) days after the expiration of the ten (10) day period for publication of notice under this section, submit the petition that has been filed with the clerk to the state board, whether or not the plan contained in the petition or the petition meets the requirements of this chapter.

(d) Not later than one hundred twenty (120) days after the publication of the notice, voters of the school corporation may file with the clerk a petition protesting a plan initiated or approved by the governing body or a petition submitting an alternative plan as follows:

   (1) A petition protesting a plan shall be signed by at least twenty percent (20%) of the voters of the school corporation or five hundred (500) voters of the school corporation, whichever is less.

   (2) A petition submitting an alternative plan shall be signed by at least twenty percent (20%) of the voters of the school corporation.

A petition filed under this subsection shall be certified by the clerk and shall be filed with the governing body in the same manner as is provided for a petition in section 11 of this chapter.

(e) The governing body or the voters may not initiate or file additional plans until the plans that were published in the notice or submitted as alternative plans not later than one hundred twenty (120) days after the publication of the notice have been disposed of by:

   (1) adoption;

   (2) defeat at a special election held under section 16 of this chapter; or

   (3) combination with another plan by the state board under section 15 of this chapter.

Sec. 15. (a) Not more than thirty (30) days after the expiration of the one hundred twenty (120) day period for filing a petition, plans that have been published in accordance with section 14 of this chapter, whether the plans were initiated by the governing body or in connection with a petition, shall be submitted to the state board.

(b) The state board shall:

(4) certify a plan, with revisions, to the governing body and to the clerk.

The state board may combine plans if the state board determines that the plans are substantially similar. In making its determinations, the commission may, but is not obligated to, hold hearings and shall make an investigation as it considers necessary. If the state board holds a hearing, the state board may hear the evidence through hearing examiners, who do not have to be members of the state board. The state board shall send a certified record of its determinations to the governing body, the clerk, and the county election board.

(c) Not more than sixty (60) days after receiving a plan submitted by a governing body under section 14 of this chapter, the state board shall publish notice of the plan in accordance with section 14 of this chapter, unless the state board determines that the plan or the petition does not meet the requirements of this chapter.

Sec. 16. (a) If:
(1) the governing body has disapproved a plan submitted;
(2) an alternative plan has been filed; or
(3) a petition of protest has been filed;
the county election board shall hold a special election at a date to be determined by the county election board not more than ninety (90) days after the receipt of the determination of the state board on a plan in the form certified by the state board.

(b) If a special election under subsection (a) can be held not more than six (6) months after the receipt of the determination from the state board in conjunction with a primary or general election at which:
(1) county officials are to be elected or nominated; or
(2) city or town officials are to be elected in those areas of the school corporations that are within the city or town;
the county election board may delay the special election until the date of the regular election.

(c) If a school corporation is located in more than one (1) county, the county election board of the county containing the greatest
percentage of population of the school corporation shall determine the date of an election held under this section.

Sec. 17. (a) The clerk shall create the form of notice of the election and the ballot not more than thirty (30) days after receiving the certification from the state board as required by section 15 of this chapter. The notice must:

(5) other information sufficient to distinguish a plan from other plans.

If the text of the public question includes a description of the plan regarding how the current board is organized, as required by subsection (d), the plan must be identified as the existing plan.

(c) If only one (1) plan is proposed, the ballot shall be prepared so that voters who wish to vote on the plan must cast either an affirmative vote or a negative vote.

(d) If more than one (1) plan is proposed, the plan organizing the governing body must appear on the ballot as an option. The text of the public question must include a description of the existing plan that meets the criteria specified in subsection (b). The ballot must be prepared so that voters who wish to vote on the plans may vote for only one (1) plan.

(e) The text of the public question must be placed on the ballot in the form prescribed by IC 3-10-9-4.

(f) Subject to IC 3-12-1, the notice or ballot is not invalid if there has been a good faith effort to comply with this section.

Sec. 18. (a) The county election board shall give notice of an election under section 16 of this chapter after receiving the form of notice and ballot from the clerk. The county election board shall publish notice one (1) time in two (2) newspapers of general
circulation in the school corporation, or if only one (1) newspaper is of general circulation, then in that newspaper. The publication may not be made less than ten (10) days nor more than forty-five (45) days before the election. Any other notice of the election or requirement for the time of printing ballots, whether prescribed by IC 3 or otherwise, is not required to be given or observed. A person may not vote at the special election unless the person is then qualified as a registered voter.

(b) IC 3 applies to the conduct of an election under this chapter, except if the provisions of this chapter are in conflict with provisions of IC 3 or if IC 3 cannot be practically applied.

(c) If the special election is not conducted at a primary or general election, the school corporation shall pay the cost of conducting the election from the school corporation’s general fund not otherwise appropriated without appropriation.

Sec. 19. (a) A plan shall be adopted in the following circumstances:

(1) At the expiration of one hundred twenty (120) days after the publication of notice by the governing body if:
   (A) the governing body has initiated or approved the plan;
   (B) a petition has not been filed either protesting the plan or setting forth an alternative plan; and
   (C) the state board has reviewed and certified the plan.

(2) If only one (1) plan is on the ballot and it receives more affirmative than negative votes, the plan is adopted at the expiration of thirty (30) days following the special election.

(3) If more than one (1) plan is on the ballot, the plan receiving the most votes is adopted at the expiration of thirty (30) days after the special election.

(b) The plan is effective:

(1) at the time provided in the plan; or

(2) if a time is not provided or if the time provided is inapplicable due to the lapse of time of the proceedings under this chapter, either on the January 1 or July 1 following the time of adoption of the plan.

Sec. 20. An action to:

(1) contest the validity of the adoption of a plan to declare that the plan has not been validly adopted; or

(2) enjoin the operation of a plan;

may not be instituted with respect to the adoption of the plan under section 19(a)(1) of this chapter at any time later than the one hundred
twenty (120) days following the publication of the notice required by section 14 of this chapter or under section 19(a)(2) or 19(a)(3) of this chapter at any time later than the thirtieth day following the election at which the plan is adopted.

Sec. 21. An election may not be held under this chapter more than once each eighteen (18) months. A plan for a governing body may not be adopted more than once each six (6) years, except if:

(1) the plan only changes the time of voting for board members from the primary to the general election or from the general to the primary election;
(2) a plan adopted is declared or held to be invalid by a binding judgment or order in a United States or an Indiana court that no appeal or further approval can be taken; or
(3) the plan provides solely for changes in items specified in section 7(a)(5) of this chapter.

Sec. 22. (a) A school corporation shall file with the state superintendent:

(1) a transcript showing the acts and resolutions related to the school corporation’s formation; and
(2) a description, if not otherwise contained in the transcript under subdivision (1), of the structure and manner of selection of its governing body.

(1) members of its governing body; and
(2) the school corporation's officers along with the expiration of the officer's respective terms.

(d) A school corporation shall file any change to a list under subsection (c) not later than thirty (30) days after the change occurs.

Sec. 23. (a) The failure of a public official or body to perform the duties specified in this chapter within the time limits prescribed does not invalidate any proceedings taken by the official or board.

(b) If a public official or body refuses to perform duties within the time limits provided in this chapter, the official or body may be mandated to perform the duties in an action filed in the circuit or superior court by a voter or by the governing body.

(c) The court shall award reasonable attorney’s fees to a voter who
brings an action under this section against a governing body or public official and prevails. The governing body or employer of a public official shall pay costs and fees incurred by or on behalf of an employee in defense of a claim or suit for a loss occurring because of acts or omissions within the scope of the employee's employment, regardless of whether the employee can or cannot be held personally liable for the loss.

Sec. 24. If a United States or an Indiana court enters a binding temporary or permanent order directing or approving a change in the manner of selecting the governing body, any governing body selected under the order is the legal governing body of the school corporation, until its manner of selection is changed under this or any other applicable Indiana statute.

Sec. 25. (a) In implementing a plan adopted under this chapter, requiring the holding of a special election, the county election board, or county election boards in the case of a multicounty school corporation, shall hold, manage, and supervise a special election.

(k) A complaint may not be dismissed for failure to state a cause of action, if a fair reading of the complaint makes out one (1) of the grounds for remonstrance and suit provided in subsection (a).

(l) An amendment of the complaint may be permitted in the discretion of the court if the complaint does not state a new ground of remonstrance.

(m) The trial of a remonstrance suit shall be conducted as other civil cases by a court without the intervention of a jury on the issues raised by the:

county committees of the counties in which the school corporations are
located shall jointly prepare a plan for the united school corporation.
For the purpose of submission to the state board, the plan shall be

number of students residing in the proposed united school corporation. If an existing school corporation from which a united school corporation is created contains territory in two (2) or more counties, the county committee of the county containing that part of the school corporation that has the most students shall include the entire corporation in its plan in the absence of a written agreement with the county committee of the adjoining county to the contrary.

Sec. 2. (a) Reorganization plans approved before March 15, 1963, by the state board are void on March 15, 1963, except with respect to any community school corporation where:

Sec. 3. With respect to a proposed community school corporation formed out of two (2) or more school corporations operating a joint high school that has an enrollment of at least six hundred (600) in grades 9 through 12 at the time of the adoption of a preliminary plan adopted under IC 20-23-4-5 through IC 20-23-4-10, IC 20-23-16-1, and IC 20-23-16-2, the preliminary plan or final plan adopted under IC 20-23-4-5 through IC 20-23-4-10, IC 20-23-16-1, and IC 20-23-16-2 may provide for a board of nine (9) members.

Sec. 4. (a) This section applies to each school corporation.

(b) Each governing body created under this chapter may annually levy the amount of taxes that;

(1) in the judgment of the governing body; and
(2) made a matter of record in the minutes;
should be levied to produce income sufficient to conduct and carry on the public schools committed to the governing body.

of the community school corporation.

(d) The power of the governing body in making tax levies shall be exercised within existing statutory limits. The levies:

(2) shall be at a uniform and equal rate on all taxable property located within the boundaries of the community school corporation.

Sec. 5. School corporations adjacent to rejected segments of proposed reorganized school corporations shall accept on transfer, in the manner required by law, pupils of the rejected school corporation territory.

(2) the united school corporation;

with each civil township paying annually a proportionate share of the cost of the payment of the principal and interest of school aid bonds falling due each year. The proportionate share must be in the proportion that the net assessed valuation of the civil township's taxable property located within the community or united school corporation bears to the total net assessed valuation in the community or united school corporation. The annual amount shall be paid in semiannual installments on June 20 and December 20 of each year to the treasurer of the governing body of the community or united school corporation who shall in turn promptly pay over to the fiscal officer of each civil unit having outstanding school aid bonds an amount sufficient to pay the then next succeeding installment of principal and interest on the bonds.

Sec. 8. (a) If a reorganization plan provides for the payment of school aid bonds as authorized in section 7(a) or section 7(b) of this chapter, a school corporation or civil township that is required to make payments shall include in the corporation's annual budget an amount sufficient to make the payments and to levy a tax for the bonds. For civil townships, the tax may be levied only on the property located within the community or united school corporation (which constitutes a special taxing district), and is in addition to all taxes previously authorized. The levy is reviewable by other bodies with authority to ascertain that the levy is sufficient to raise the amount required to meet the payments.

any bonds issued (before the final order and decision of the court) in the name of the community school corporation to provide funds to be applied on the cost of construction and equipment of a school building are not invalid by reason of the final order and decision of the court but constitute the valid and binding obligation of the prior established school corporation in the territory where the school building was or is being constructed, the same as if the bonds had been validly issued in the name of the prior established school corporation.

(b) This section applies only if the bonds at the time of their issuance would have been within the limitation of indebtedness imposed by the Constitution of the State of Indiana on the prior established school corporation.

Sec. 12. (a) Except as otherwise provided with respect to the power to issue bonds under section 13 of this chapter, the governing body shall perform the duties and have all the powers vested in the governing body of a school city of the class in which the consolidated school corporation would fall on the basis of its population according to the last preceding United States census under the Indiana statutes if it were organized as a school city.

to the board. A board shall annually levy a rate that will produce a
sum sufficient to meet payments of principal and interest that will
mature in the year that the levy is made on the bonds, notes, or other
obligations of the board. The power of a board in making tax levies
shall be exercised within statutory limits and levies are subject to the
same review as school city levies.

Sec. 27. The boards of education of a county or metropolitan school
district created under this chapter may levy and collect taxes to

formed or operating under Acts 1949, c.227, on March 13, 1959, shall,
after that date, be governed, have the powers, and operate in

though it had been formed in accordance with this chapter.

Sec. 29. The following definitions apply throughout this chapter:

or town, including but not limited to:

(C) formation in a city or town of a city or town school corporation, if territory is acquired by one (1) school corporation from another school corporation.

(3) "Annexed territory" means the territory acquired from an original school corporation as a result of annexation by a city or town.

(4) "Depreciated replacement cost" of a building means the then cost of replacing the building with a comparable building built by then current methods and designs and providing the same general facilities, reduced by the sum of the following amounts:

(A) that part of the replacement cost that is equal to that part of the useful life of the building that has expired at that time; plus

(B) the additional amount that is necessary to reflect an obsolescence or damage that is not reasonably made by the reduction specified in clause (A).

(5) "Indebtedness of an original school corporation" means indebtedness on account of unpaid bonds of the original school corporation or its predecessors in interest.

(6) "Original school corporation" means a school corporation that loses territory to an acquiring school corporation by annexation.

(7) "Real property" means land, buildings, and interests in real estate located in the annexed territory and owned by the original school corporation at the time of annexation.

Sec. 30. (a) If a city or town annexes territory where real property of the original school corporation is located at the time of the annexation, the real property shall become the property of the acquiring school corporation. The acquiring school corporation shall make the payments provided by this section.

(b) If the original school corporation is indebted at the time of annexation for the acquisition or construction of real property, the acquiring school corporation shall assume and pay installments of principal and interest that fall due on the indebtedness after the end of the last calendar year that the original school corporation is entitled to receive current tax receipts from property tax levies on the property in the annexed territory.

(c) The acquiring school corporation shall make payments to the original school corporation as the agent for payment to the holders of the indebtedness. Indebtedness must include the proceeds that were
spent for:
   (1) the costs of acquisition or construction of the real property;
   (2) the architects' fees;
   (3) the attorney's fees;
   (4) other costs attributable to the acquisition or construction; and

(e) The present value of land that is a part of the real property means the present market value of the land.
(f) The present value of a building that is a part of the real property means the depreciated replacement cost of the building.
(g) A majority vote of three (3) appraisers shall determine the present value of the real property. The appraisers must include:
   (1) one (1) appraiser to be selected by the governing body of the original school corporation;
   (2) one (1) appraiser to be selected by the governing body of the acquiring school corporation; and
   (3) one (1) appraiser chosen by the appraisers selected under subdivisions (1) and (2).
If the appraisers fail to agree upon an appraiser under subdivision (3), the judge of the circuit court in the county where the real property to be appraised is located upon a motion of either school corporation shall appoint the third appraiser.
(h) On payment by the acquiring school corporation of the present value of the real property less indebtedness, the acquiring school corporation is entitled to a deed for the real property from the original school corporation.
Sec. 31. (a) If:
   (1) a city or town annexes territory; and
   (2) the original school corporation at the time of annexation has outstanding indebtedness, other than the indebtedness to be paid by the acquiring school corporation under section 30 of this chapter;
the city or town shall assume and pay the original school corporation's indebtedness and part of the installments of principal and interest due on the indebtedness after the end of the last calendar year that the original school corporation is entitled to receive current tax receipts from property tax levies on the property in the annexed territory.
(b) The proportion must be the same proportion as the valuation of the real property in the annexed territory bears to the valuation of the real property in the original school corporation, as the real property is assessed for general taxation immediately before the annexation. The payments shall be made to the original school corporation as the agent for payment to the holders of the indebtedness.

Sec. 32. Annexation of territory by a city or town is not effective if, as a result of the annexation, the liability of the city or town or of the acquiring school corporation will cause the entire indebtedness of the city or town or of the acquiring school corporation to exceed the constitutional limitation.

Sec. 33. This chapter may not be construed to permit or prohibit an annexation, except as provided in section 32 of this chapter, or to determine whether or to what extent an action by a city or town shall cause territory in an original school corporation to be acquired by another school corporation.

Sec. 34. This chapter applies to all annexations. The rights, privileges, or duties from the benefit of or imposed upon a municipal corporation on or after March 9, 1959, arising on account of an annexation occurring before March 9, 1959, shall remain unimpaired and shall be exercised and enforced as if the following statutes had not been repealed:

Acts 1893, c.109, s.1
Acts 1919, c.84
Acts 1927, c.219
Acts 1935, c.158.

Sec. 35. The following definitions apply in this section and sections 36 through 40 of this chapter:

(2) "Annexing school corporation" means the school corporation of a city or town that annexes territory.
(3) "City" or "town" means a city or town that conducts its school as a school city, school town, or as part of a consolidated or metropolitan school corporation.
(4) "Original school corporation" means a school corporation from whom territory is annexed.
(5) "Tax receipts" means the amounts received from the tax levy for the tuition and special school funds by the original school
corporation from the annexed territory.

Sec. 36. If a city or town has:
(1) annexed territory from an original school corporation; and
(2) assumed the responsibility for providing educational facilities
for the school age children residing in the annexed territory
before the end of the calendar year when the annexation occurs;
the auditor or auditors of the county or counties where the annexed
territory is located shall pay to the treasurer of the annexing school
corporation a proportion of the tax receipts payable in the year equal
to the number of months and any major fraction of a month, excluding
in the calculation any time falling within the summer recess, during
which the annexing school corporation provides the educational
facilities divided by nine (9).

Sec. 37. If a city or town has:
(1) annexed territory from an original school corporation after
March 1 of a calendar year; and
(2) assumed the responsibility for providing educational facilities
for the school age children residing in the annexed territory
during the calendar year following the year when the annexation
occurs;
the auditor or auditors of the county or counties where the annexed
territory is located shall pay to the treasurer of the annexing school
corporation a proportion of the tax receipts payable in the following
calendar year equal to the number of months and any major fraction
of a month, excluding in the calculation any time falling within the
summer recess, when the annexing school corporation provides the
educational facilities during the following calendar year divided by
nine (9).

Sec. 38. If the annexing school corporation assumed the
responsibility for providing educational facilities for only a part of
the school age children residing in the annexed territory during a period,
the school corporation shall receive a proportion of the amounts to be
received by it under sections 36 and 37 of this chapter during the
period, equal to the proportion of the children that the school
corporation is responsible for compared to the total number of
children in the annexed territory.

Sec. 39. (a) The governing bodies of the annexing and original
school corporations may mutually agree upon a date that the annexing
school corporation shall assume responsibility for providing facilities
for all or a part of the school age children residing in the annexed
territory, and payment provided in sections 36, 37, and 38 of this chapter may not be made until the annexing school corporation has assumed responsibility for providing educational facilities.

(b) In the absence of an agreement described in subsection (a), the annexing school corporation shall assume responsibility for providing educational facilities on the first day of July succeeding the annexation. The payment under this chapter to the annexing school corporation, on account of taxes collected in the name of the original school corporation for a calendar year, may not exceed the amount that would be due from the original school corporation to the annexing school corporation for transfer tuition for the part of the year that the children from the annexed territory were educated by the annexing school corporation, had the children still been residents during the time of the original school corporation.

(c) The amount of transfer tuition in subsection (b) shall be computed on the basis of the per capita cost of maintaining the school or schools of the annexing school corporation for the school year ending within the calendar year that tax receipts are to be paid to the annexing school corporation. The per capita cost shall be determined in the manner provided by Indiana law governing the computation of transfer tuition costs.

Sec. 40. This chapter does not apply to an annexation by a city or town in a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000). Sections 35 through 39 of this chapter do not require the transfer of territory from one (1) school corporation to another in the county, as a result of an annexation by a city or town in the county.

Sec. 41. (a) School boards, boards of school trustees, boards of school commissioners, and school township trustees may hire and fix the salaries for clerical personnel as necessary to assist principals of schools in which at least twelve (12) teachers are employed.

(b) The board or trustees that hire personnel under subsection (a) may pay the salaries of the personnel out of the special school funds belonging to their respective school corporations in the manner provided by law for the payment of other school expenses.

(d) The board shall:
Sec. 10. (a) The superintendent shall act as general administrator of the school city and make recommendations to the board concerning:

1. the conduct of the schools;
2. the employment and dismissal of personnel;
3. the purchase of supplies;
4. the construction of buildings; and
5. all other matters pertaining to the conduct of the schools within the general framework of the school laws of the state.

(b) The superintendent shall:

1. attend all meetings of the board, except when the superintendent's appointment is under consideration;
2. carry out the orders of the board; and
3. make all other decisions and perform all other duties that are prescribed by law or that reasonably fall within the superintendent's power and jurisdiction.

Sec. 11. (a) Except as provided in subsections (b) and (c), a payment made from money of the board must be made in accordance with budget appropriations.

(b) If a payment is from a fund of the board that is not subject to budgeting and appropriation but has been transferred to the board for specific purposes, the payment must be made:

1. in accordance with the terms of the fund being drawn upon that are made available to the board; and
2. after the superintendent has approved the proposed payment.

(c) If a payment is from a fund of the board that is not subject to budgeting and appropriation and is unrestricted as to the purposes for which it may be expended, the payment must be made in accordance with the prior:

1. direction of the superintendent; or
2. order of the board.

(d) Not later than thirty (30) days after a payment under subsection (b) or (c) is made from a fund of the board, the superintendent shall report the payment to the board for approval.

Sec. 12. (a) An appointment or discharge of an employee of the school city must be:

1. made in conformity with the rules of the board; and
(2) reported at the meeting of the board that follows the date of each appointment or discharge by the superintendent.

(b) The superintendent's actions reported to the board under this section are subject to the approval of the majority of the board.

(c) A discharge operates as a suspension until the discharge is approved by the board.

(d) A school employee of the school city, except a probationary employee discharged before the end of the employee's probationary period, is entitled to request a hearing before being discharged. Upon written request for a hearing from the school employee, the superintendent shall appoint a hearing examiner.

(e) The hearing examiner appointed by the superintendent under subsection (d) may be an individual on the school city's administrative staff or the school city's counsel, as long as the hearing examiner:

(1) did not recommend the discharge of the employee;

(2) will not be a witness at the hearing; and

(3) has no involvement in the recommendation to discharge the employee.

(f) The hearing examiner shall:

(1) make a written report of the hearing examiner's findings and conclusions; and

(2) submit the report to the superintendent.

(g) An employee may appeal in writing an adverse decision of the hearing examiner to the board. Upon appeal, the board shall review the decision of the hearing examiner and may receive additional evidence or testimony.

(h) The board shall adopt rules and procedures that afford an employee, other than a probationary employee, the right to a hearing and the right to appeal under this section.

(i) This section does not apply to teachers.

Sec. 13. (a) Money may not be drawn from the treasury of the board except for appropriations made:

(1) by the board; and

(2) upon an aye and nay vote recorded in the board's minutes.

(b) An appropriation may not be made for a period extending beyond December 31 of the current calendar year.

(c) Except as otherwise provided in this article, at the end of a fiscal year, all unexpended balances of all appropriations, except appropriations from tuition funds and the capital projects fund, revert to the board's general fund.
(d) General fund money that has been obligated but not paid at the end of a fiscal year may be paid without a new appropriation. Except as otherwise provided in this article, money obligated under this subsection does not revert to the board's general fund at the end of the fiscal year in which the money is appropriated, unless the board by affirmative act causes the money to revert.

Sec. 14. (a) The books, accounts, and vouchers of the board and of all the board's officers and employees may be examined by the state board of accounts at a time selected by the state board of accounts.

(b) An officer or employee of the board shall, on request of the state board of accounts:

(1) produce and submit to the state board of accounts for examination all:
   (A) books;
   (B) papers;
   (C) documents;
   (D) vouchers;
   (E) accounts; and
   (F) records;
   of the board in the possession of the officer or employee or belonging to the office of the officer or employee; and

(2) assist in every way the state board of accounts in its work in making an examination.

Sec. 15. (a) Money payable to the board must be paid to the board's treasurer. The treasurer's receipt for the money must be filed with the business manager of the board.

(b) The business manager, after receiving the treasurer's receipt, shall issue a quietus. The business manager's quietus alone is sufficient evidence of payment to the board.

(c) Only the treasurer of the board may collect or receive money payable to the board. A payment made to an individual other than the treasurer and a receipt given by an individual other than the treasurer are void as against the board.

Chapter 4. General Administrative Provisions

Sec. 1. A contract or an obligation is not binding on the board unless the board makes an appropriation for the contract or obligation.

Sec. 2. (a) A contract involving more than seventy-five thousand dollars ($75,000) must be:

(1) in writing;
(2) executed in the name of the board by:
   (A) the board’s business manager; or
   (B) another board designated employee; and
   (3) approved by the board.

(b) If money for a contract or purchase has been appropriated by the board, the designated employee may make contracts and purchases not exceeding seventy-five thousand dollars ($75,000) in any one (1) transaction. A contract and purchase under this subsection must be reported to the board at its next regular meeting.

(c) A purchase of supplies or materials may not be made from one (1) person, firm, limited liability company, or corporation at any one (1) time or in any one (1) transaction totalling more than ten thousand dollars ($10,000) unless bids for the purchase of the supplies or the materials have been advertised and accepted. The board shall determine the mode and manner of advertising for bids for supplies and materials.

Sec. 3. (a) This section does not apply if the board by formal vote elects to:
   (1) build;
   (2) enlarge;
   (3) make alterations to; or
   (4) make improvements to;
   a school or building owned by the board if the project described in subdivisions (1) through (4) will cost not more than fifteen thousand dollars ($15,000) and the board intends to complete the project using its own employees.

(b) If subsection (a) does not apply and the board determines to:
   (1) build;
   (2) enlarge;
   (3) make alterations to; or
   (4) make improvements to;
   a school or building owned by the board, the cost of which is estimated to be more than ten thousand dollars ($10,000), the business manager or other board designated employee shall advertise for bids in the manner provided in subsection (c).

(c) The advertisements for bids must be placed as follows:
   (1) One (1) advertisement must be placed each week for three (3) weeks.
   (2) The first advertisement must be placed at least twenty-one (21) days before the bids are opened.
(3) The advertisement must be placed in two (2) newspapers of general circulation in the city. The board shall enter in full in the minutes that advertisements for bids have been placed under this subsection.

(d) If bids are taken under this section, a bid must be:

(1) enclosed by the bidder in an envelope sealed by the bidder; and

(2) presented at a meeting of the board or the bid committee of the board at the time and place fixed by the advertisement. A bid may not be received after the time established in the advertisement.

(e) The business manager at the hour established in the advertisements and in the presence of the board or the bid committee shall open all the bids. The bids must then be publicly read by a designated employee and be immediately entered in full in the records of the board.

(f) The board shall, by general rules, specify the condition of each bid, and only the lowest and best bids from responsible bidders may be accepted. The board may, if the board has reason to suspect collusion among bidders, reject the bids of all bidders involved in the collusion.

Sec. 4. (a) Notwithstanding any other law, the board may designate a committee of the board, which may consist of employees or officers of the board, to open or tabulate bids at a date, time, and place fixed by advertisement for:

(1) the purchase of:
   (A) supplies;
   (B) material;
   (C) equipment; or
   (D) land;

(2) the building, enlargement, or alteration of any school building; or

(3) any other purpose.

(b) The committee of the board shall open and tabulate each bid that is presented to the committee. The bids shall be:

(1) read and tabulated publicly;

(2) immediately entered in the record of the board; and

(3) reported to the board at the board’s next meeting.

(c) A bid shall be accepted or rejected by the committee of the board under this section. The bid shall be accepted or rejected by the
board in an official board meeting.

Sec. 5. (a) The board may annually levy taxes in an amount the board determines is necessary to:

(1) produce income sufficient to conduct and carry on the work of the board; and
(2) meet all payments of principal and interest on bonds, notes, or other obligations of the board that mature in the year the levy is made.

The fund arising from a levy made by the board under this section is the board's general fund. The general fund may lawfully be used by the board for any purpose within the scope of the duties of the board as imposed by law.

(b) The board shall record the amount of the annual levy in its minutes.

Sec. 6. (a) The board may periodically, as the need arises, borrow money and issue school building bonds to supply the school city with funds:

(1) to buy real estate;
(2) to erect buildings for school or administrative purposes;
(3) to enlarge, remodel, and repair school buildings; or
(4) for one (1) or more of the purposes described in subdivisions (1) through (3).

The proceeds of the sale of bonds under this subsection may not be used for a purpose other than a purpose described in subdivisions (1) through (4).

(b) The board may periodically, as the need arises, issue school funding bonds to take up and retire the principal and accrued interest of any outstanding bonds of the school city. School funding bonds may be issued only if the board determines it is to the advantage of the school city to refund the outstanding bonds of the school city. A school funding bond may not be issued and the proceeds of a school funding bond may not be used for a purpose other than to refund or take up and discharge outstanding bonds of the school city. Any preexisting bonds for which the school city is liable under this chapter are outstanding bonds of the school city under this subsection.

(c) Before school building bonds may be issued under subsection (a), the board shall, by a resolution entered into the record in the board's corporate minutes, demonstrate a particular need for the money and the inability of the school city to supply the money from any other applicable fund under the control of the board. Before
school funding bonds may be issued under subsection (b), the board shall, by a resolution entered into the record of the board's corporate minutes, provide a description of the bonds to be taken up, including the kind, date, date of maturity, and amount of the bonds.

(d) Bonds issued under this section must:
   (1) be serial bonds;
   (2) bear interest at a rate payable semiannually; and
   (3) mature at a time or times fixed in the resolution of the board.

(e) A bond to be issued under this section may not be delivered until the price of the bond is paid to the treasurer of the school city in:
   (1) money for school building bonds; or
   (2) money or bonds to be refunded for school funding bonds.

A bond issued under this section may not accrue interest before its delivery.

(f) A bond issued under this section must be payable to bearer and be of the general form usual in municipal bonds.

(g) Before offering bonds authorized by this section for sale, the board must give three (3) weeks notice of the date fixed for the sale of the bonds. The notice must include a description of the bonds and invite bids for the bonds. The notice shall be given by three (3) advertisements, one (1) time each week for the three (3) consecutive weeks immediately preceding the day of sale in a newspaper published and with a general circulation in Indianapolis. Notice may also be required in other advertisements if ordered by the board.

(h) The board shall sell the bonds to the highest and best bidder and has the right to reject any bid. The proceeds arising from the sale shall be used only for the purpose declared in the resolution of the board.

Sec. 7. (a) The board may, if the board's general fund is exhausted or in the board's judgment is in danger of exhaustion, make temporary loans for the use of the board's general fund to be paid out of the proceeds of taxes levied by the school city for the board's general fund. The amount borrowed for the general fund must be paid into the board's general fund and may be used for any purpose for which the board's general fund lawfully may be used. A temporary loan must:

   (1) be evidenced by the promissory note or notes of the school city;
   (2) bear interest that is payable, according to the note or notes, periodically or at the maturity of the note or notes and at not
more than seven percent (7%) per annum; and
(3) mature at a time or times determined by the board, but not
later than one (1) year after the date of the note or notes.
Loans made in a calendar year may not be for a sum greater than the
amount estimated by the board as proceeds to be received by the
board from the levy of taxes made by the school city for the board's
general fund. Successive loans may be made to aid the general fund in
a calendar year, but the total amount of successive loans outstanding
at any time may not exceed the estimated proceeds of taxes levied for
the board's general fund.

(b) A loan under this section may not be made until notice asking
for bids is given by newspaper publication. Notice must be made one
(1) time in a newspaper published in the school city at least seven (7)
days before the time the bids for the loans will be opened. A bidder
shall name the amount of interest the bidder agrees to accept, not
exceeding seven percent (7%) per annum. The loan shall be made to
the bidder or bidders bidding the lowest rate of interest. The note,
notes, or warrants may not be delivered until the full price of the face
of the loan is paid to the treasurer of the school city, and interest does
not accrue on the loan until delivery.

Sec. 8. (a) A school city wishing to make a temporary loan for its
general fund under this section may temporarily borrow money,
without payment of interest, from the school city's treasury if the
school city has in its treasury money derived from the sale of bonds
that cannot or will not in the due course of the business of the school
city be expended in the near future. A school city shall, by its board,
take the following steps required by law to obtain a temporary loan
under this section:

(1) Present to the department of local government finance and
the state board of accounts:
(A) a copy of the corporate action of the school city
concerning the school city's desire to make a temporary loan;
(B) a petition showing the particular need for a temporary
loan;
(C) the amount and the date or dates when the general fund
will need the temporary loan or the installments of the loan;
(D) the date on which the loan and each installment of the
loan will be needed;
(E) the estimated amounts from taxes to come into the general
fund;
(F) the dates when it is expected the proceeds of taxes will be
received by the school city for the general fund;
(G) the amount of money the school city has in each fund
derived from the proceeds of the sale of bonds that cannot or
will not be expended in the near future; and
(H) a showing of when, to what extent, and why money in the
bond fund will not be expended in the near future.
(2) Request the department of local government finance and the
state board of accounts to authorize a temporary loan from the
bond fund for the general fund.
(b) If:
(1) the department of local government finance finds and orders
that there is need for a temporary loan and that it should be
made;
(2) the state board of accounts finds that the money proposed to
be borrowed will not be needed during the period of the
temporary loan by the fund from which it is to be borrowed; and
(3) the state board of accounts and the department of local
government finance approve the loan;
the business manager and treasurer of the school city shall, upon the
approval of the state board of accounts and the department of local
government finance, take all steps necessary to transfer the amount of
the loans as a temporary loan from the fund to be borrowed from to
the general fund of the school city. The loan is a debt of the school city
chargeable against its constitutional debt limit.
(c) The state board of accounts and the department of local
government finance:
(1) may fix the total amount that may be borrowed on a petition;
and
(2) shall determine:
   (A) at what time or times;
   (B) in what installments; and
   (C) for what periods;
the money may be borrowed.
The treasurer and business manager of the school city, as money is
collected from taxes levied in behalf of the general fund, shall credit
the amount of money collected from taxes levied to the loan until the
amount borrowed is fully repaid to the lending fund. The treasurer
and business manager of the school city shall at the end of each
calendar month report to the board the amounts applied from taxes
(d) The school city shall, as often as once a month, report to both the state board of accounts and the department of local government finance:

1. the amount of money borrowed and unpaid;
2. any anticipated similar borrowings for the current month;
3. the amount left in the general fund; and
4. the anticipated drafts on the bond fund for the purposes for which the fund was created.

(e) The state board of accounts and the department of local government finance, or either acting independently:

1. if it appears that the fund from which the loan was made requires the repayment of all or part of the loan before maturity; or
2. if the general fund no longer requires all or some part of the proceeds of the loan;

may require the school city to repay all or part of the loan. A school city shall, if necessary to repay all or part of a loan under this subsection, exercise its power to obtain a temporary loan from others under section 7 of this chapter to raise the money needed to repay the bond fund the amount ordered repaid.

Sec. 9. A school city shall provide for the payment and retirement of debt obligations of the school city in the manner provided under IC 21-2-21-5, IC 21-2-21-10, and IC 21-2-4.

Sec. 10. (a) The board may not create debt in excess of twenty-five thousand dollars ($25,000) in total, except:

1. as otherwise provided in this chapter; or
2. for debts that exist on or after March 9, 1931, that are authorized by the general school laws of Indiana, including debt incurred under IC 21-4-20, IC 20-26-1, IC 20-26-2, IC 20-26-3, IC 20-26-4, IC 20-26-5, IC 20-26-6, and IC 20-26-7.

(b) Notwithstanding subsection (a), the board is liable for the board's lawful contracts with persons rendering services and furnishing materials incident to the ordinary current operations of the board's schools if the contracts have been entered into as provided in this chapter and in accordance with law. The obligations of the board to persons rendering services or furnishing materials is not limited or prohibited by this chapter.

(c) If the compensation to be paid for the purchase of real estate or an interest in real estate required by the board for the board's
purposes cannot be agreed upon or determined by the:

(1) board; and
(2) persons owning or having an interest in the land desired;
the board may, by eminent domain, determine the compensation and acquire the title to the real estate or interest in the real estate by court action under IC 32-24.

d) The right and power of the board to own and acquire real estate and interests in real estate in any manner and for any purpose specified in this chapter or by the general school laws of Indiana is not limited to real estate situated within the corporate boundaries of the civil city in which a school city is located. However, the right and power to acquire and own real estate extends to any parcel or trace of real estate the whole of which is situated:

(1) within one-half (1/2) mile of the nearest point on the corporate boundary of the civil city;
(2) within a platted territory:
   (A) outside but contiguous to; or
   (B) contiguous to another platted territory that is contiguous to;
the corporate boundary of the civil city; or
(3) within one-half (1/2) mile of the nearest point of the boundary of a platted territory:
   (A) outside but contiguous to; or
   (B) contiguous to another platted territory that is contiguous to;
the corporate boundary of the civil city.
"Platted territory", as used in this subsection, means a territory or land area for which a plat has been recorded in the manner provided by Indiana statutes pertaining to the recording of plats of land.

e) Before acquiring any real estate or interest in real estate outside the corporate limits of the civil city, the board must, by resolution entered into the record of the board's corporate minutes, find and determine that, in the judgment of the board, the real estate or interest in real estate to be acquired will be needed for the future purposes of the board. This chapter does not limit the right of any board to accept, own, and hold real estate or an interest in real estate, wherever situated, that is acquired by the board by gift or devise.

Sec. 11. The board has the powers and duties conferred upon governing bodies by existing statutes and by the general school laws, including IC 20-26-1, IC 20-26-2, IC 20-26-3, IC 20-26-4, IC 20-26-5,
Sec. 12. (a) The board may:

1. except as provided in subsection (b), acquire by purchase, devise, gift, lease, or condemnation grounds needed by the school city;
2. construct or lease buildings for school, school administration, or school office purposes;
3. employ and pay all employees needed in any branch of the work committed to the board;
4. disburse, according to law, all money of the school city for lawful school city purposes;
5. have and exercise in the school city full and exclusive:
   A. authority concerning the conduct and management of all common schools, including elementary schools and high schools; and
   B. power to establish and enforce all regulations for the:
      i. grading of; and
      ii. courses of;
   instruction in all schools and for the government and discipline of the schools;
6. divide the city into districts for school attendance purposes;
7. maintain special day or night schools to which the board may admit adults and children at least fifteen (15) years of age; and
8. maintain playgrounds and vacation schools.

(b) The board may not acquire the following real property:
Lots 693-719, inclusive, and 7 1/2 feet west of and adjacent to such lots, in Norcliffe Addition, an addition to the city of Indianapolis, as per plat thereof, recorded in plat book 18 at pages 165 and 166, in the office of the recorder of Marion County, Indiana.

Sec. 13. The expense of operating special schools under section 12(a)(7) of this chapter and playgrounds and vacation schools under section 12(a)(8) of this chapter must be paid out of the board’s general fund. The board may make and impose fees that the board considers reasonable for:

1. enrollment of any high school graduate in any class offered in a special school; and
2. enrollment by any person at least seventeen (17) years of age in any special school class that does not provide credit toward
graduation or progression in the regularly maintained common schools in the school city.
The receipts from fees under this section become a part of the board's general fund.

Sec. 14. (a) A school city may:
(1) sell real estate;
(2) transfer personal property; and
(3) execute deeds of conveyance and instruments of transfer with or without covenants of warranty;
if, in the opinion of the board, the real estate or personal property cannot be advantageously used for school or library purposes and can be sold for its fair cash value.
(b) A determination by the board that real estate or personal property cannot be advantageously used under subsection (a) must be entered into the record of the minutes of the school city's board.

Sec. 15. (a) The board may, subject to the board's rules, authorize a member of the board or an officer or individual employed by the board to be absent from the school city in the interest of the school city without loss of compensation.
(b) The board may refund to an individual described in subsection (a) necessary expenses incurred during the individual's absence. The amount refunded under this subsection must be paid from the board's general fund.

Sec. 16. (a) The board may establish and conduct a system of industrial or manual training and education in connection with and as part of the board's common school system.
(b) Industrial or manual training or education may include:
(1) the principal use of tools and mechanical implements; and
(2) the elementary principles of mechanical construction, mechanical drawing, and printing.
The board shall employ competent instructors in each of the various subjects.
(c) The board shall establish rules and regulations for the admission of students to the industrial and manual training education system. The rules and regulations must, in the judgment of the board, produce the best results and provide instruction to the largest practicable number of students. The instruction in industrial and manual training education may be given in space provided in school buildings or in separate buildings if, in the judgment of the board, it is most advantageous.
Sec. 17. (a) If a school city acquires title to or possession of real estate, buildings, and personal property in the school city by gift or donation, and the real estate, building, or personal property was used as an industrial or trade school for the education of youths in the trades of:

(1) printing;
(2) lithography;
(3) machine making;
(4) molding;
(5) typesetting;
(6) bricklaying;
(7) tile setting;
(8) pattern making;
(9) pharmacy; or
(10) other trades or occupations;
the board may, by the use of the board's school funds, maintain and operate the industrial or trade school or schools.

(b) If real estate, a building, or personal property is acquired by the school city under subsection (a), the board shall:

(1) perform any conditions incident to the school city's acquisition of the property;
(2) maintain and operate the trade school and real estate, building, or personal property;
(3) employ competent instructors in the various subjects to be taught;
(4) purchase all necessary tools, implements, supplies, and apparatus; and
(5) establish general rules and requirements for:
    (A) admission of pupils to the school or schools;
    (B) the courses of instruction; and
    (C) the conduct of the trade or industrial schools;
    that, in the board's judgment, will produce the best results and give instruction to the largest practicable number of students.
The school city may also use the real estate, building, or personal property acquired under subsection (a) for other school purposes, but not for any purpose that will materially interfere with the conduct of the trade or industrial schools.

(c) The transfer tuition charge for each student who:

(1) is transferred to the school city from another school corporation in Indiana; and
(2) receives trade or industrial instruction in a trade or industrial
school located on property acquired under subsection (a);
must be the actual per capita cost of operating the school the student
attends. However, the costs of permanent improvements or additions,
the salaries of the superintendents, or the costs of apparatus or
repairing broken or damaged apparatus may not be used in
computing the actual per capita cost.

(d) If the school city admits a student to a trade school acquired by
means described in this section and the student is not, by law, entitled
to school privileges, the tuition charge for the student may not be
greater than the per capita cost of operating the school the student
attends. The cost of permanent improvements and additions may not
be included in computing the cost under this subsection.

(e) A school city may admit to the school city's vocational, trade, or
industrial schools nonresidents of Indiana. A nonresident student must
pay reasonable laboratory and shop fees and a tuition fee of not more
than the per student cost to the school city conducting the vocational,
trade, or industrial schools. A return on capital invested in buildings,
grounds, or equipment may not be included in computing the per
student cost under this subsection.

Sec. 18. (a) A school city may accept property in trust to be used for
common school or vocational, trade, or industrial school purposes.
The school city, whether made trustee by appointment of a court or by
the founder of the trust, may carry out the terms of the trust in
conducting common schools or vocational, trade, or industrial schools.

(b) If a school city by:
(1) resolution of; or
(2) other formal corporate action of;
the board accepts real estate or other property in trust under
subsection (a), the school city shall perform all requirements made
conditions of the trust performable by the trustee.

Sec. 19. (a) If the board determines it will promote the health of
school children and advance the educational work of the schools, the
board may provide for the serving of lunches to the students attending
designated schools.

(b) The board may:
(1) establish kitchens and lunch rooms;
(2) provide equipment suitable for kitchens and lunch rooms;
(3) make other necessary provision for furnishing and serving
lunches; and
(4) employ a director and other necessary assistants or employees; to provide lunches under subsection (a).

(c) The board shall pay the expenses arising under subsection (b) out of the board's general fund. The expense of operating a lunch department shall, so far as practicable, be paid from charges paid by the students for the lunches. However, the board may, in the board's discretion, furnish lunches without cost to a student who is needy and unable to pay for the student's lunch.

Sec. 20. The general school laws of Indiana and all laws and parts of laws applicable to the general system of common schools in school cities, so far as not inconsistent with this chapter and other provisions of this article, and unless made inapplicable by this article, are in full force and effect in a school city to which this chapter applies.

Sec. 21. This chapter applies to the school city to the extent the chapter is not in conflict with:

(1) IC 20-23-4 and IC 20-23-16; and
(2) the school reorganization plan applicable to the school city or the school city's successor corporation under the terms of IC 20-23-4 and IC 20-23-16.

However, IC 20-25-3-4 prevails over any conflicting provision of IC 20-23-4 and IC 20-23-16 and over the provisions of any school reorganization plan.

Chapter 5. Real Property Annexations and Transfers; Remonstrances

Sec. 1. As used in this chapter, "acquiring school corporation" means the school corporation that acquires territory as a result of annexation.

Sec. 2. As used in this chapter, "annex", "annexing", "annexation", and "school annexation" mean an action in which the boundaries of a school corporation are changed so that additional territory, constituting all or a part of one (1) or more other school corporations, is transferred to the acquiring school corporation.

Sec. 3. As used in this chapter, "annexed territory" means the territory acquired by an acquiring school corporation as a result of annexation from a losing school corporation.

Sec. 4. As used in this chapter, "civil annexation" means an action in which the civil boundaries of a civil city are extended.

Sec. 5. As used in this chapter, "civil city" means a civil city or a civil town, the area of which, or the major part of the area of which,
is under the jurisdiction of a school city.

Sec. 6. As used in this chapter, "losing school corporation" means a school corporation that loses territory to an acquiring school corporation by annexation.

Sec. 7. As used in this chapter, "resolution" of:
(1) a school township means a resolution adopted by the trustee and a majority of the township board; and
(2) any other school corporation means a resolution duly adopted by the school corporation's governing body.

Sec. 8. As used in this chapter, "school city" means a school corporation that at any time:
(1) is a school city;
(2) is a school town;
(3) has succeeded to the jurisdiction of all a school city or a school town; or
(4) has succeeded to the jurisdiction of a major part in area of a school city or school town.

Sec. 9. As used in this chapter, "school corporation" means a public school corporation of the state located in whole or in part in a county containing a consolidated city.

Sec. 10. Subject to the limitations and procedure set out in this chapter, any:
(1) school corporation may annex territory from any other school corporation by resolutions of the acquiring and losing school corporations as provided in section 11 of this chapter; and
(2) school city may annex territory from any other school corporation by a single resolution of the school city as provided in section 12 of this chapter.

Sec. 11. (a) An annexation may be effected if an acquiring school corporation and a losing school corporation each adopts a substantially identical annexation resolution that contains the following items:
(1) A description of the annexed territory. The description must, as near as reasonably possible, be by streets and other boundaries known by common names. The description does not need to include a legal description unless a legal description is necessary to identify the annexed territory. A notice is not defective if there is a good faith compliance with this section and if the area designated may be ascertained with reasonable certainty by a person skilled in the area of real estate description.
(2) The time the annexation takes place. The time the annexation takes place may vary with respect to the different parts of the annexed territory. If the entire annexed territory is contiguous to the acquiring school corporation, the annexed territory may be annexed so that some parts may not be contiguous to the annexed territory for temporary periods.

(3) The terms and conditions facilitating education of students in the annexed territory, losing school corporation, or acquiring school corporation. The terms may include, but are not limited to, the continued attendance by students in the annexed territory at schools in the losing school corporation for specified periods after annexation on a transfer basis. If a student in an annexed territory attends a school in a losing school corporation under this subdivision, transfer tuition for the student must be paid by the acquiring school corporation to the losing school corporation in the manner and at the rates provided by the statutes governing the computation and payment of transfer tuition costs.

(4) The:
   (A) disposition of assets and liabilities of the losing school corporation to the acquiring school corporation;
   (B) allocation between the acquiring school corporation and losing school corporation of subsequently collected school taxes levied on property in the annexed territory; and
   (C) amount, if any, to be paid by the acquiring school corporation to the losing school corporation on account of property received from the losing school corporation.
   The disposition, allocation, and amount must be equitable.

(b) After the adoption of the resolutions under subsection (a), notice shall be given by publication in both the acquiring school corporation and the losing school corporation. The notice must include the text of the resolution, a statement that the resolution has been adopted, and a statement that a right of remonstrance exists as provided in this chapter. It is not necessary to set out the remonstrance provisions of this chapter in the notice. A general reference to a right of remonstrance with a reference to this chapter is sufficient to satisfy the requirements of this subsection. The annexation must take effect not later than thirty (30) days after the publication of the notice or at the time provided in the resolution, whichever is later. However, the annexation is not required to take effect within the period required by this subsection if a remonstrance,
based on a ground other than that set out in section 14(a)(5) of this chapter, is filed in the circuit or superior court of the county in which the annexed territory or any part of the annexed territory is located. The remonstrance must be filed by registered voters residing in the losing school corporation at least equal in number to the greater of:

(1) ten percent (10%) of the number of registered voters residing in the losing school corporation; or
(2) fifty-one percent (51%) of the number of registered voters residing in the annexed territory.

Sec. 12. (a) Notwithstanding section 11 of this chapter, a school city may effect an annexation as follows:

(1) The acquiring school corporation must adopt an annexation resolution of the type provided in section 11 of this chapter. Unless the losing corporation consents, the resolution may not provide a time for annexation before July 1 following the May 1 next succeeding the last publication of the notice of annexation.
(2) The acquiring school corporation, after adopting a resolution under subdivision (1), shall give notice of the type provided in section 11 of this chapter by publication in the acquiring school corporation and in the losing school corporation. The acquiring school corporation shall also give notice to the losing school corporation before the last publication of notice of the type provided in section 11 of this chapter. The annexation must take effect thirty (30) days after the last publication in the losing school corporation or at the time provided in the resolution, whichever is later. However, the annexation is not required to take effect within the period required by this subdivision if a remonstrance, based on a ground other than that set out in section 14(a)(5) of this chapter, is filed in the circuit or superior court of the county in which the annexed territory or a part of the annexed territory is located. The remonstrance must be filed by:

(A) the losing school corporation;
(B) not less than a majority of the owners of land in the annexed territory; or
(C) the owners of seventy-five percent (75%) or more in assessed valuation of the real estate in the annexed territory.

(b) For purposes of determining ownership under subsection (a)(2)(B) and (a)(2)(C), the following rules apply:

(1) Only the record title holder or holders of a single piece of
property are considered an owner.

(2) If record title of a single piece of property is in more than one individual, all the individuals constitute only one (1) owner, and the remonstrance of any one (1) of the individuals constitutes the remonstrance of all the individuals, whether or not the other individuals authorized the filing of the remonstrance.

Sec. 13. (a) The notice by publication required by sections 11 and 12 of this chapter shall be made two (2) times a week apart in two (2) daily newspapers of general circulation in the acquiring school corporation and the losing school corporation. The two (2) daily newspapers must be published in the English language. If there is only one (1) daily newspaper or if there are not any daily newspapers in either school corporation, a weekly newspaper may be used to provide notice. If there is only one (1) daily or weekly newspaper, publication in that newspaper is sufficient. If a newspaper is of general circulation in both school corporations, the publication of notice in the newspaper qualifies as one (1) of the required publications in each of the school corporations. Publication may be made jointly by the losing school corporation and the acquiring school corporation. The remonstrance period runs from the second publication.

(b) If notice is required to be given by an acquiring school corporation to a losing school corporation, it may be made by registered or certified United States mail, return receipt requested, addressed to the:

(1) governing body of the losing school corporation at the governing body’s established business office;
(2) township trustee in the case of a school township; or
(3) superintendent of schools or any officer of the governing body of any other school corporation.

Sec. 14. (a) A remonstrance under section 11 or 12 of this chapter must be in substantially the following form:

The undersigned hereby remonstrate against the annexation of the following described territory situated in ________ County, Indiana, whereby it would be transferred from __________ (the losing corporation) to ____________ (the acquiring corporation):

(Description of the annexed territory sufficient to identify it.)

The remonstrance may be filed in any number of counterparts. Each counterpart must have attached to it the affidavit of the individual circulating the counterpart that affirms that each signature appearing on the counterpart was affixed in the presence of the individual
circulating the counterpart and that each signature is the true and lawful signature of the individual who made it. The individual who makes the affidavit is not required to be one (1) of the individuals who signs the counterpart to which the affidavit is attached. The remonstrance must be accompanied by a complaint filed by one (1) or more of the remonstrators. The individual or individuals who file the complaint must be treated as a representative of the entire class of remonstrators and must sign the complaint individually or have their respective attorneys sign it. The complaint must state the reasons for the remonstrance. The reasons for the remonstrance are limited to the following:

1. There is a procedural defect in the manner in which the annexation is carried out that is jurisdictional.
2. The annexed territory does not form a compact area abutting the acquiring school corporation.
3. The losing school corporation is left with no high school facilities, or its enrollment after annexation will be less than one thousand (1,000) students. This subdivision does not provide a basis for a remonstrance if the annexation includes all of the territory of the losing school corporation.
4. The benefits to be derived from the annexation are outweighed by the detriments after consideration of the respective benefits and detriments to the schools, the students residing in the acquiring school corporation, the students residing in the losing school corporation, and the students residing in the annexed territory.
5. The disposition of assets and liabilities of the losing corporation, the allocation of school tax receipts between the two school corporations, and the amount to be paid by the acquiring school corporation as set out in the annexation resolution are inequitable.

Except for subdivision (1), each allegation enumerated under this subsection may be made in the statutory language.

(b) The plaintiff in a remonstrance suit is the individual whose name appears on the complaint and may be the losing school corporation in a remonstrance under section 12 of this chapter. The defendants in a remonstrance under section 11 of this chapter are the acquiring school corporation and the losing school corporation. The defendant in a remonstrance under section 12 of this chapter is the acquiring school corporation. Service of process shall be made on each
defendant in the manner required in other civil actions.

(c) To determine if a petition is timely filed, the time of filing is the time of filing with the clerk of the circuit court without regard to the time of issuance of the summons. If the thirtieth day falls on Sunday, a holiday, or any other day when the clerk's office is not open, the time for filing must be extended to the next day when the clerk's office is open.

(d) The issues in a remonstrance suit are made up by the allegations in the complaint that are denied by each defendant. A responsive pleading does not need to be filed. A defendant may file a motion to dismiss the suit on the ground that the:

1. requisite number of qualified remonstrators have not signed the petition;
2. remonstrance was not timely filed; or
3. complaint does not state a cause of action.

A responsive pleading to a motion to dismiss does not need to be filed. With respect to a motion under subdivisions (1) and (2), the allegations are considered denied by the remonstrators. In order to determine whether there are the requisite number of qualified remonstrators, an individual is not entitled to withdraw the individual's name after a remonstrance is filed, and an individual is not entitled to add the individual's name to the remonstrance after the remonstrance is filed. An individual may, however, at a remonstrance trial, in support or derogation of the substantive matters in the complaint, introduce into evidence a verified statement that the individual wishes to add or withdraw the individual's name from the remonstrance. The court may hear all or part of the matters raised by the motion to dismiss separately, or the court may consolidate all or part of the matters in the motion to dismiss with matters relating to the substance of the case for trial. A complaint may not be dismissed for failure to state a cause of action if a fair reading of the complaint makes out one (1) of the grounds for remonstrance and suit provided in subsection (a). An amendment of the complaint may be permitted in the discretion of the court if the amendment does not state a new ground of remonstrance.

(e) A remonstrance trial must be conducted in the same manner as other civil cases by the court without the intervention of a jury on the issues raised by a complaint or a motion to dismiss, or both. A change of venue from a judge is permitted, but a change of venue from the county is not permitted. The court shall expedite the hearing of the case. A court's judgment, except with respect to a matter raised under
subsection (a)(5), must be that the:

1. annexation will take place;
2. annexation will not take place; or
3. remonstrance is dismissed.

(f) If the court finds that the remonstrators have proved a reason for the remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation will not take place. If the remonstrators fail to prove a reason for the remonstrance described in subsection (a)(1) through (a)(4), the court's judgment shall be that the annexation will take place. If the remonstrators raise an issue under subsection (a)(5) in support of a remonstrance, the court's judgment may be either that the disposition, allocation, and amount set out in the annexing resolution are equitable or inequitable. If the court finds that the disposition, allocation, and amount set out in the annexing resolution are inequitable, the court shall provide for an equitable disposition, allocation, and amount. Costs will follow judgment. Appeals may be taken from any judgment of the court in the same manner as appeals are taken in other civil cases.

Sec. 15. With respect to whether the disposition of the assets and liabilities of the losing school corporation is equitable, the allocation of school tax receipts is equitable, and the amount to be paid by the acquiring school corporation is equitable, a court must be satisfied that the annexing resolution conforms substantially to the following standards:

1. Except for current obligations or temporary borrowing, the acquiring school corporation shall assume a part of all installments of principal and interest on the indebtedness of the losing school corporation that is due after the end of the last calendar year in which the losing school corporation is entitled to receive current tax receipts from property tax levies on the property in the annexed territory. The part assumed by the acquiring school corporation consists of the following:
   A. All installments relating to any indebtedness incurred in connection with the acquisition or construction of a building located in the annexed territory.
   B. A proportion of all installments relating to any other indebtedness that is in the same proportion as the valuation of the real property in the annexed territory bears to the valuation of all the real property in the losing school corporation. Valuation under this clause is based upon the
assessment for general taxation immediately before annexation.

(2) The acquiring school corporation shall make the payments and assume the obligations provided for a school corporation acquiring:
   (A) territory;
   (B) a building or buildings; or
   (C) both territory and a building or buildings;
under IC 21-5-10.

(3) Unless the losing school corporation consents to another allocation, the part of the special school and tuition fund money collected by the losing school corporation shall not be allocated in a greater amount to the acquiring school corporation than would be awarded if the:
   (A) two (2) corporations were respectively the original school corporation and the annexing school corporation under IC 20-23-16; and
   (B) amount to be paid to the losing corporation by the acquiring school corporation based on the acquisition by the acquiring school corporation of a building in the annexed territory may not be less than would be awarded if the two (2) school corporations were respectively the acquiring school corporation and original school corporation under IC 20-23-16.

(4) If the annexed territory includes an entire losing school corporation, the acquiring school corporation shall:
   (A) acquire all the property and assets of the losing school corporation without making any payments for the losing school corporation; and
   (B) assume all of the liabilities and obligations of the losing school corporation.

Sec. 16. (a) If a remonstrance is filed on any ground other than a ground set forth in section 14(a)(5) of this chapter, annexation does not become effective until final judgment in the remonstrance suit. A judgment is not considered final until the time for taking an appeal has expired or, if an appeal is taken within the permitted time, until a final judgment is issued in the appeal.

(b) A judgment of a trial court dismissing a remonstrance is a final judgment, subject to subsection (a).

(c) If a judgment is against annexation, no further annexation of
the annexed territory may occur for two (2) years after the date of the filing of the remonstrance. However, a judgment against annexation does not prevent either the:

(1) acquiring school corporation; or
(2) acquiring school corporation and the losing school corporation;

from rescinding the annexation resolution. If an annexation resolution is rescinded under this subsection, the suit must be dismissed without prejudice. If an annexation suit is dismissed without prejudice under this subsection, the two (2) year prohibition does not apply unless a subsequent annexation resolution is adopted primarily for the purpose of harassment and not for another purpose, such as the correction of procedural irregularities or a substantial change in the annexed territory or the annexation resolution.

d) If a remonstrance relates solely to a matter raised under section 14(a)(5) of this chapter, the annexation takes effect at the time provided under section 11 or 12 of this chapter.

Sec. 17. Notwithstanding any other statute that provides that the boundaries of a school city or school town are coterminous or coextensive with the boundaries of a civil city or civil town, the boundaries of a school city may be changed after March 8, 1961, solely by annexation under this chapter if this chapter was in effect at the time the annexation became effective or finally effective.

Sec. 18. (a) Except as provided in subsection (b), a law or a part of a law in conflict with this chapter is void.

(b) This chapter may not be construed to invalidate IC 20-23-4, IC 20-23-16, or any other statute concerning the consolidation of two (2) or more school corporations to which this chapter is supplementary. However, IC 20-23-4 and IC 20-23-16 are void to the extent that IC 20-23-4 and IC 20-23-16 conflict with the subsequent provisions of this section.

c) An annexation sought under this chapter does not require the approval of a:

(1) county committee;
(2) state commission; or
(3) committee created under or referred to in IC 20-23-4.

d) Acts 1961, c.186, s.9, with respect to an annexation that is finally effective before February 25, 1969, operates after March 8, 1961, before and after a final plan is put into effect by:

(1) election;
Sec. 19. Acts 1961, c.186, s.9 is repealed regarding an annexation that is not effective or finally effective before February 25, 1969.

Sec. 20. (a) This section applies to a school city described in IC 20-25-2-12.

(b) All real estate belonging to a school city that:

1. consists of lots and buildings on the real property of the school city; and
2. has not been used for school purposes for at least five (5) years;

may be transferred to and placed under the jurisdiction of the board of park commissioners of the city in which the school city is located and must be operated, managed, controlled, and maintained as a recreation center for the use and benefit of the city.

   (2) innovations; and
   (3) approaches;
that have led individual schools to significant improvement in student achievement.
Sec. 2. (a) Educators in each school are responsible for improving student achievement in the school and may develop the educators' own school plan to achieve improvement that:

Sec. 6. (a) Each school's educators may:
   (1) determine the educational resources, goods, and services that are necessary and appropriate for improving student performance in the school; and

remediation services upon the provider's enrollment of the student in
the remediation program.

Chapter 1. Applicability
Sec. 1. IC 20-26-1 through IC 20-26-5 and IC 20-26-7 apply to all school corporations.

Chapter 2. Definitions
Sec. 1. Notwithstanding IC 20-18-2, the definitions in this chapter apply in IC 20-26-1 through IC 20-26-5 and IC 20-26-7.
Sec. 2. "Governing body" refers to the board of commissioners charged by law with the responsibility of administering the affairs of a school corporation, including a:
(1) board of school commissioners;
(2) metropolitan board of education;
(3) board of school trustees; or
(4) board of trustees.
Sec. 3. "Member" means a member of a governing body.
Sec. 4. "School corporation" means a local public school corporation established under Indiana law, including a:
(1) school city;
(2) school town;
(3) metropolitan school district;
(4) consolidated school corporation;
(5) county school corporation;
(6) community school corporation; and
(7) united school corporation.
The term does not include a school township.
Sec. 5. "School purposes" means the general purposes and powers specified in IC 20-26-5-1 and IC 20-26-5-4. However, the delineation of a specific power in IC 20-26-5-4 is not a limitation on the general powers and purposes set out in IC 20-26-5-1.

Chapter 3. Home Rule
Sec. 1. Notwithstanding any other law and subject to section 7 of this chapter, the policy of the state is to grant to each school corporation all the powers needed for the effective operation of the school corporation.
Sec. 2. (a) The rule of law that any doubt as to the existence of a power of a school corporation must be resolved against the existence of the power is abrogated.
(b) Any doubt as to the existence of a power of a school corporation must be resolved in favor of the existence of the power. This rule
applies when a statute granting the power has been repealed.

Sec. 3. (a) The rule of law that a school corporation has only:
   (1) powers expressly granted by statute;
   (2) powers necessarily or fairly implied in or incident to powers
      expressly granted through rules adopted by the state board
      under IC 4-22-2 or otherwise; and
   (3) powers indispensable to the declared purposes of the school
      corporation;

   is abrogated.
   (b) A school corporation has:
      (1) all powers granted to the school corporation by statute or
          through rules adopted by the state board; and
      (2) all other powers necessary or desirable in the conduct of the
          school corporation’s affairs, even if the power is not granted by
          statute or rule.
   (c) The powers that school corporations have under subsection
      (b)(1) are listed in various statutes. However, these statutes do not list
      the powers that school corporations have under subsection (b)(2). The
      omission of a power from a list does not imply that school
      corporations lack that power.

Sec. 4. A school corporation may exercise any power the school
    corporation possesses to the extent that the power:
   (1) is not expressly denied by the Constitution of the State of
       Indiana, by statute, or by rule of the state board; and
   (2) is not expressly granted to another entity.

Sec. 5. (a) If there is a constitutional or statutory provision
    requiring a specific manner for exercising a power, a school
    corporation that exercises the power shall exercise the power in the
    specified manner as a minimum requirement.
   (b) If there is not a constitutional or statutory provision requiring
    a specific manner for exercising a power, a school corporation that
    exercises the power shall:
      (1) adopt a written policy prescribing a specific manner for
          exercising the power; or
      (2) comply with a statutory provision permitting a specific
          manner for exercising the power.

Sec. 6. A state agency and other agencies may review or regulate
    the exercise of powers by a school corporation only to the extent
prescribed by statute.

Sec. 7. A school corporation does not have any of the following powers:

(1) Powers expressly prohibited of a unit under IC 36-1-3-8.
(2) Power for eminent domain, unless specifically authorized by statute.
(3) Power to prescribe a civil penalty or a fine.
(4) Power to adopt ordinances.
(5) Power to require the attendance of witnesses and the production of documents relative to matters being considered, unless specifically authorized by statute.
(6) Power to exercise powers outside the boundaries of the school corporation, unless authorized by statute through a joint agreement or otherwise.

Chapter 4. Organization and Operation of Governing Body

Sec. 1. (a) As used in this section, "electronic funds transfer" means a transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephone, or computer or magnetic tape to order, instruct, or authorize a financial institution to debit or credit an account.

(b) The governing body of each school corporation shall organize by electing:

(1) a president;
(2) a vice president; and
(3) a secretary;

each of whom is a different member, not more than fifteen (15) days after the commencement date of the members’ terms of office, as provided in section 4 of this chapter.

(c) A governing body shall, at the time that officers are elected under subsection (b), appoint a treasurer of the governing body and of the school corporation who is a person, other than the superintendent of schools, who is not a member of the governing body. The treasurer may, with the approval of the governing body, appoint a deputy who must be a person, other than the superintendent of schools, who is not a member of the governing body and who has the same powers and duties as the treasurer, or lesser duties as provided by the governing body by rule.

accounting for the funds. The treasurer shall:

(1) issue a receipt for money received by the treasurer;
(2) deposit money described in subdivision (1) in accordance with the laws governing the deposit of public funds; and
(3) issue all warrants in payment of expenses lawfully incurred on behalf of the school corporation. However, except as otherwise provided by law, warrants described in this subdivision must be issued only after proper allowance or approval by the governing body. The governing body may not require an allowance or approval for amounts lawfully due in payment of indebtedness or payments due the state, the United States government, or agencies and instrumentalities of the state or the United States government.

A verification, other than a properly itemized invoice, may not be required for any claim of one hundred dollars ($100) or less. A claim that exceeds one hundred dollars ($100) is sufficient as to form if the bill or statement for the claim has printed or stamped on the face of the bill or statement a verification of the bill or statement in language approved by the state board of accounts.

(e) Notwithstanding subsection (d), a treasurer may transact school corporation financial business with a financial institution or a public retirement fund through the use of electronic funds transfer. The treasurer must provide adequate documentation to the governing body of transfers made under this subsection. This subsection applies only to agreements for joint investment of money under IC 5-13-9 and to payments to:

(1) the Indiana state teachers’ retirement fund; or
(2) the public employees’ retirement fund;

from participating employers.

(f) A treasurer is not personally liable for an act or omission occurring in connection with the performance of the duties set forth in this section, unless the act or omission constitutes gross negligence or an intentional disregard of the treasurer’s duties.

(g) A governing body may establish the position of executive secretary to the governing body. The executive secretary:

(1) must be an employee of the school corporation;
(2) may not be a member of the governing body; and
(3) must be appointed by the governing body upon the recommendation of the superintendent of the school corporation.

The governing body shall determine the duties of the executive
Sec. 1. The governing body shall designate a secretary, which may include all or part of the duties of the secretary of the board.

Sec. 2. A person elected or selected to be a member of a governing body shall take the following oath before taking office:

"I solemnly swear (or affirm) that I will support the Constitution of the United States of America, the Constitution of the State of Indiana, and the laws of the United States and the State of Indiana. I will faithfully execute the duties of my office as a member of this governing body, so help me God."

However, the governing body may provide for additional provisions to the oath that the governing body considers appropriate for the office.

Sec. 3. (a) Regular meetings must be held by each governing body at a time and place established by resolution of the board or may be incorporated in the rules provided in IC 20-26-5-4. A notice need not be given a member for holding or taking any action at a regular meeting.

(b) If a meeting is held according to a procedure set forth by statute or rule and if publication of notice of the meeting is required, notice of the meeting is not required and need not be given a member for holding or taking any action at the meeting contemplated by the notice. The meeting must be held at the time and place specified in the published notice.

(c) Special meetings of a governing body must be held on call by the governing body's president or by the superintendent of the school corporation. The call must be evidenced by a written notice specifying the date, time, and place of the meeting, delivered to each member personally or sent by mail or telegram so that each member has at least seventy-two (72) hours notice of the special meeting. Special meetings must be held at the regular meeting place of the board.

(d) All meetings of a governing body must be open to the public to the extent required by IC 5-14-1.5. The governing body shall comply with IC 5-14-1.5.

(e) If notice of a meeting is required and each member of a governing body has waived notice of the meeting, as provided in this subsection, notice of the meeting is not necessary. Waiver of notice of a meeting by a member consists of the following:

(1) The member's presence at the meeting.

(2) The member's execution of a written notice waiving the date, time, and place of the meeting, executed either before or after the
meeting. However, if notice is executed after the meeting, the waiver must also state in general terms the purpose of the meeting. If a waiver specifies that the waiver was executed before the meeting, third persons are entitled to rely on the statement.

(f) At a meeting of the governing body, a majority of the members constitutes a quorum. Action may not be taken unless a quorum is present. Except where a larger vote is required by statute or rule with respect to any matter, a majority of the members present may adopt a resolution or take any action.

(g) All meetings of the governing body for the conduct of business must be held within the school corporation, except as follows:

1. Meetings may be held at the administrative offices of the school corporation if the offices are outside the geographic limits of the school corporation but are within a county where all or a part of the school corporation is located.
2. Meetings may be held at a place where the statute or rule according to which a statutory meeting is held permits meeting outside the school corporation, as may occur when the meeting is held jointly with another governing body.

Sec. 4. (a) This section does not apply to a school city of the first class or to a school corporation succeeding to all or the major part in area of a school city of the first class.

(b) The commencement and termination of terms of members of a governing body are as follows:

1. Except as provided in subdivision (2), the governing body of each school corporation shall determine whether the term of office for the governing body's members extends from January 1 to December 31 or from July 1 to June 30. A governing body that makes a change in the commencement date of the governing body's members' terms shall report the change to the state board before August 1 preceding the year in which the change takes place. An ex officio member of a governing body shall take office at the time the ex officio member takes the oath of the office by virtue of which the ex officio member is entitled to become an ex officio member.
2. In a county having a population of more than four hundred thousand (400,000), the terms of office for the members of a governing body, whether elected or appointed, commence on July 1 of the year in which the members are to take office under the plan, resolution, or law under which the school corporation
is established, and terminate on the June 30 of the final year of
the term for which the members are to serve under the plan,
resolution, or law.

(c) If a vacancy in the membership of a governing body occurs for
any reason (including the failure of a sufficient number of petitions for
candidates for governing body membership being filed for an election
and whether the vacancy was of an elected or appointed member), the
remaining members of the governing body shall by majority vote fill
the vacancy by appointing a person from within the boundaries of the
school corporation, with the residence and other qualifications
provided for a regularly elected or appointed board member filling
the membership, to serve for the term or the balance of the term.
However, this subsection does not apply to a vacancy:

1) of a member who serves on a governing body in an ex officio
capacity; or

2) a vacancy in an appointed board membership if a plan,
resolution, or law under which the school corporation operates
specifically provides for filling vacancies by the appointing
authority.

Sec. 5. For each school year commencing July 1, the treasurer of
each governing body and the governing body's school corporation and
a deputy treasurer, if so appointed, shall give a bond for the faithful
performance of the treasurer's and deputy treasurer's duties written
by an insurance company licensed to do business in Indiana, in an
amount determined by the governing body. The treasurer shall be
responsible under the treasurer's bond for the acts of a deputy
treasurer appointed as provided in section 1 of this chapter.

Sec. 6. (a) The governing body of any school corporation may
designate a committee of at least two (2) of the governing body's
members, or a committee of not less than two (2) employees of the
school corporation, to open and tabulate bids:

1) in connection with the purchase of supplies, material, or
equipment;

2) for the construction or alteration of a building or facility; or

3) for any similar purpose.

(b) Bids described in subsection (a):

1) may be opened by the committee at the time and place fixed
by the advertisement for bids;

2) must be read aloud and tabulated publicly, to the extent
required by law for governing bodies; and
(3) must be available for inspection.
(c) The bids described in subsection (a) must be reported to and the tabulation entered upon the records of the governing body at the governing body's next meeting following the bid opening.
(d) A bid described in subsection (a) may not be accepted or rejected by the committee, but the bid must be accepted or rejected solely by the governing body in a board meeting open to the public as provided in section 3 of this chapter.

Sec. 7. (a) Except as provided in IC 20-25-3-3, the governing body of a school corporation by resolution has the power to pay each member of the governing body a reasonable amount for service as a member, not to exceed:
   (1) two thousand dollars ($2,000) per year; and
   (2) a per diem not to exceed the rate approved for members of the board of school commissioners under IC 20-25-3-3(d).
(b) If the members of the governing body are totally comprised of appointed members, the appointive authority under IC 20-23-4-28(e) shall approve the per diem rate allowable under subsection (a)(2) before the governing body may make the payments.
(c) To make a valid approval under subsection (b), the appointive authority must approve the per diem rate with the same endorsement required under IC 20-23-4-28(f) to make the appointment of the member.

Sec. 8. Notwithstanding any other law, the president and secretary of the governing body of a school corporation are entitled, on behalf of the school corporation, to sign any contract, including employment contracts and contracts for goods and services. However, each contract must be approved by a majority of all members of the governing body. In the absence of either the president or secretary of the governing body, the vice president is entitled to sign the contracts with the officer who is present.

Sec. 9. An individual who is at least twenty-one (21) years of age and is otherwise eligible to assume office as a member of a governing body may not be disqualified on the basis of age.

Sec. 10. Property ownership is not a qualification for serving as a member of a governing body.

Sec. 11. In addition to any other eligibility requirements for members of the governing body of a school corporation as set forth in law, an individual who is employed as a teacher or as a noncertificated employee (as defined in IC 20-29-2-11) of the school corporation may

Sec. 19. A governing body under its powers to fix and pay the salaries and compensation of employees of the school corporation and to contract for services under IC 20-26-5-4(8) may distribute payroll based on contractual and salary schedule commitments instead of payroll estimates approved in advance by the governing body.

Sec. 20. The governing body of any school corporation may permit any of its facilities to be used by any person in situations and at times that do not interfere with use of the facility for school purposes, as for example:

(1) use of a swimming pool or other athletic facility; or
(2) use of classrooms or other space in a school for purposes of
school age childcare;
and may incur any necessary expense in the use or operation of the
facility. The governing body may set up and charge a schedule of fees
for admission to or use of any facility outside the school corporation's
regular school program. Fees shall be deposited in the general fund or
the special school fund of the school corporation.

Sec. 21. (a) As used in this section, "public school endowment
corporation" means a corporation that is:

1) organized under the Indiana Nonprofit Corporation Act of
1991 (IC 23-17);
2) organized exclusively for educational, charitable, and
scientific purposes; and
3) formed to provide educational resources to:
   A) a particular school corporation or school corporations; or
   B) the schools in a particular geographic area.

(b) As used in this section, "proceeds from riverboat gaming"
means tax revenue received by a political subdivision under
IC 4-33-12-6, IC 4-33-13, or an agreement to share a city's or county's
part of the tax revenue.

(c) As used in this section, "political subdivision" has the meaning

(d) A political subdivision may donate proceeds from riverboat
gaming to a public school endowment corporation under the following
conditions:
1) The public school endowment corporation retains all rights
to the donation, including investment powers.
2) The public school endowment corporation agrees to return
the donation to the political subdivision if the corporation:
   A) loses the corporation's status as a public charitable
organization;
   B) is liquidated; or
   C) violates any condition of the endowment set by the fiscal
body of the political subdivision.

(e) A public school endowment corporation may distribute both
principal and income.

Sec. 22. (a) The governing body of a school corporation may donate
the proceeds of a grant, a gift, a donation, an endowment, a bequest,
a trust, or an agreement to share tax revenue received by a city or
county under IC 4-33-12-6 or IC 4-33-13, or other funds not generated
from taxes levied by the school corporation, to a foundation under the
following conditions:
(1) The foundation is a charitable nonprofit community foundation.
(2) The foundation retains all rights to the donation, including investment powers, except as provided in subdivision (3).
(3) The foundation agrees to do the following:
   (A) Hold the donation as a permanent endowment.
   (B) Distribute the income from the donation only to the school corporation as directed by resolution of the governing body of the school corporation.
   (C) Return the donation to the general fund of the school corporation if the foundation:
      (i) loses the foundation’s status as a public charitable organization;
      (ii) is liquidated; or
      (iii) violates any condition of the endowment set by the governing body of the school corporation.
(b) A school corporation may use income received under this section from a community foundation only for purposes of the school corporation.

Sec. 23. Public school corporations may enter into agreements with institutions of higher education to provide teaching experience for students of the institutions preparing for the educational profession and for the services of persons working jointly for the school corporation and an institution.

Sec. 24. (a) An agreement under section 23 of this chapter must set out the responsibilities and rights of the public school corporations, the institutions, and the students or persons who supervise the students and who are working jointly for a school corporation and an institution.
(b) An agreement must contain:
   (1) a provision for the payment of an honorarium for consulting services by the institution of higher education directly to the supervisor; and
   (2) a provision that, if the sum paid by the institution to the supervisor should ever be lawfully determined to be a wage rather than an honorarium by an instrumentality of the United States, then the institution of higher education shall be considered under the agreement to be the supervisor’s part-time employer.
(c) The provisions required by subsection (b) must be included in an agreement entered into or renewed under this chapter after June 30, 1981. Public school corporations and institutions of higher education shall revise agreements in effect on July 1, 1981, to include the provisions required by subsection (b).

Sec. 25. In cities and incorporated towns, a governing body may establish a free public library in connection with the common schools for:

(1) the care, protection, and operation of the library;
(2) the care of books and other materials; and
(3) borrowing and returning books and other materials and penalties for any violations.

However, in any city or incorporated town where there is established a library open to all the people, a tax may not be levied.

Sec. 26. The governing body may levy a tax of not more than one tenth cent ($0.001) on each one dollar ($1) of taxable property assessed for taxation in a city or incorporated town in each year. The tax shall be placed on the tax duplicate of the city or incorporated town and collected in the same manner as other taxes. The taxes shall be paid to the governing body for the support and maintenance of the public library. The governing body may use tax revenues received under this section and gifts, devises, and grants to:

(1) provide suitable facilities for the library;
(2) purchase books and other materials; and
(3) hire necessary personnel.

Sec. 27. A city or incorporated town in which a free public library is established under this chapter may acquire by purchase or take and hold by gift, grant, or devise any real estate necessary for, or that is donated or devised for, the library. Any revenue derived from the real property shall be used for the library.

Sec. 28. A governing body may establish and maintain nursery schools for the instruction of children less than six (6) years of age. Expenses of operating the nursery schools shall be paid in the same manner as other expenses of the school corporation.

Sec. 29. A school corporation may establish and maintain nursery schools from the same revenue in the same manner as other grades and departments in the common schools of the school corporation are provided for and may apply for and receive from any state or federal governmental agency any funds as may be made available through the agencies for that purpose.
Sec. 30. A school corporation may use funds under section 27 of this chapter for the aid, maintenance, and support of nursery schools conducted by an association incorporated to operate a nursery school.

Chapter 6. Treasurer and Accounting

Sec. 1. As used in this chapter, "treasurer" includes an assistant treasurer or a deputy treasurer.

Sec. 2. All public school governing bodies in Indiana shall adopt and fully and accurately implement a single, unified accounting system as prescribed by the state board and the state board of accounts.

Sec. 3. (a) A public school must have a treasurer for purposes of this chapter. The superintendent or principal of the particular school or a clerk of the school corporation or member of the faculty appointed by the superintendent or principal shall be the treasurer. This designation must be made immediately upon the opening of the school term or the vacating of the treasurership. Claims shall be filed and paid under section 4 of this chapter. The employing or appointing officials of a school may appoint and engage a school treasurer or clerk.

(b) A school corporation may appoint one (1) or more assistant or deputy treasurers.

Sec. 4. (a) The treasurer has charge of the custody and disbursement of any funds collected by a collecting authority and expended to pay expenses:

1. approved by the principal or teacher in charge of the school;
2. incurred in conducting any athletic, social, or other school function (other than functions conducted solely by any organization of parents and teachers);
3. that cost more than twenty-five dollars ($25) during the school year; and
4. that are not paid from public funds.

The principal or teacher in charge of the school shall designate a collecting authority to be in charge of the collection of any funds described in this subsection. Upon collection of any funds, the collecting authority shall deliver the funds, together with an accounting of the funds, to the custody of the school treasurer. The principal may designate different collecting authorities for each separate account of funds described in this subsection.

(b) The treasurer shall keep an accurate account of all money received by the collecting authority and expended, showing the sources of all receipts and the purposes for which the money was
expended and the balance on hand. A copy of the report shall be filed with the township trustee, board of school trustees, or board of school commissioners, not more than two (2) weeks after the close of each school year, together with all records and files of extracurricular activities.

(c) However, in a school that has two (2) or more semesters in any one (1) school year, the treasurer of the school shall file a copy of the treasurer's financial report of receipts and disbursements with the township trustee, board of school trustees, or board of school commissioners, not more than two (2) weeks after the close of each semester. Records and files of extracurricular activities for the entire school year shall be filed with the last financial semester report of any one (1) school year.

(d) A copy of the report shall be filed with and kept by the city superintendent having jurisdiction and the county superintendent where the superintendent has jurisdiction. These records are permanent records for five (5) years, after which time they may be destroyed.

(e) A treasurer is not personally liable for an act or omission occurring in connection with the performance of the duties set forth in this section, unless the act or omission constitutes gross negligence or an intentional disregard of the treasurer's duties.

Sec. 5. (a) The treasurer shall give a bond in an amount fixed by the superintendent and principal of the school approximating the total amount of the anticipated funds that will come into the hands of the treasurer at any one (1) time during the regular school year. Bonds shall be filed with the trustee or board of school trustees. The surety on the bonds must be a surety company authorized to do business in Indiana. However, the requirement for giving the bond and the requirement to deposit the receipts in a separate bank account, as required in section 6 of this chapter do not apply in any school for which the funds, as estimated by the principal, will not exceed three hundred dollars ($300) during a school year.

(b) The requirements of this chapter may be fulfilled by the providing of a comprehensive bonding instrument, including a single blanket position bond, for all extracurricular treasurers. A comprehensive bonding instrument shall be acceptable instead of individual separate personal position bonds.

Sec. 6. (a) The treasurer shall deposit all receipts in one (1) bank account. The receipts shall be deposited without unreasonable delay.
The account is known as the school extracurricular account. The records of each organization, class, or activity shall be kept separate so that the balance in each fund may be known at all times.

(b) The money in the school extracurricular account may be invested under the conditions specified in IC 5-13-10 and IC 5-13-10.5 for investment of state money. However, investments under this section are at the discretion of the principal. The interest earned from any investment may be credited to the school extracurricular account and need not be credited proportionately to each separate extracurricular fund. The interest earned from the investment may be used for any of the following:

(1) A school purpose approved by the principal.
(2) An extracurricular purpose approved by the principal.

(c) Amounts expended under this section for the purposes described in this section are in addition to the appropriation under IC 20-26-5-4(3).

Sec. 7. All forms and records for keeping the accounts of the extracurricular activities in school corporations shall be prescribed or approved by the state board of accounts. The records and affairs of the extracurricular activities may be examined by the state board of accounts when in the judgment of the state examiner an examination is necessary. The forms prescribed or approved for keeping these accounts must achieve a simplified system of bookkeeping and shall be paid for, along with the bond required in this chapter, from the special school fund. The funds of all accounts of any organizations, class, or activity shall be accounted separately from all others. Funds may not be transferred from the accounts of any organization, class, or activity except by a majority vote of its members, if any, and by the approval of the principal, sponsor, and treasurer of the organization, class, or activity. However, in the case of athletic funds:

(1) approval of the transfer must be made by the athletic director, who is regarded as the sponsor; and
(2) participating students are not considered members.

All expenditures shall be subject to review by the local school board.

Chapter 7. Property and Eminent Domain

Sec. 1. (a) If a governing body of a school corporation determines that any real or personal property:

(1) is no longer needed for school purposes; or
(2) should, in the interests of the school corporation, be exchanged for other property;
the governing body may sell or exchange the property in accordance with IC 36-1-11.

(b) Money derived from the sale or exchange of property under this section shall be placed in any school fund:

1. established under applicable law; and
2. that the governing body considers appropriate.

Sec. 2. A governing body of a school corporation may deposit insurance proceeds received as a result of damage to real or personal property in any school fund:

1. established under applicable law; and
2. that the governing body considers appropriate.

Sec. 3. Any building or other property owned by a civil township may be conveyed to the corresponding school township in the manner prescribed in section 4 of this chapter.

Sec. 4. (a) To transfer or convey a building or other property from a civil township to the corresponding school township, a petition may be filed with the board of commissioners of the county in which the civil township is located that:

1. asks for the conveyance or transfer of the building or other property;
2. describes the nature of the building or other property to be conveyed or transferred; and
3. contains the reasons for the conveyance or transfer.

(b) A petition must be:

1. signed by a majority of the legal voters residing in the civil township; and
2. filed in the office of the county auditor.

When the petition is filed, the petitioners shall give a bond, with good and sufficient freehold sureties, that is payable to the state, approved by the board of county commissioners, and conditioned to pay all expenses if the board of county commissioners does not authorize the proposed conveyance or transfer.

(c) After a petition is filed, the county auditor shall give notice of the filing of the petition by publication once a week for two (2) consecutive weeks in one (1) newspaper printed and published in the county and of general circulation in the county in which the civil township is located.

(d) The board of commissioners shall:

1. hear the petition at the next regular meeting and on the day designated in the notice; and
(2) determine all matters concerning the petition. If the board is satisfied as to the propriety of granting the petitioners' request, the board shall make a finding to that effect and the trustee of the civil township shall convey the building or other property belonging to the civil township to the corresponding school township. The school township shall hold, control, and manage the building or other property. Expenses incurred in the conveyance of the property, if the conveyance is authorized, shall be paid out of the general funds of the civil township.

Sec. 5. A school corporation (as defined in IC 36-1-2-17) may convey property owned by the school corporation to a civil city or other political subdivision for civic purposes if:

(1) the governing body adopts a resolution recommending the transfer and conveyance of the school property;
(2) the civil city or political subdivision agrees to accept the school property;
(3) the governing body executes a deed for the school property; and
(4) the conveyance is not for payment or other consideration.

Sec. 6. A school corporation that acquires any real property by gift, devise, or bequest shall hold, use, and dispose of the real property under the terms and conditions imposed by the donor or testator.

Sec. 7. (a) If a common school corporation has acquired or acquires any personal property or real estate by gift, devise, or bequest concerning which the donor or testator, at the time of making the gift, bequest, or devise, does not include conditions or directions concerning the gift, bequest, or devise inconsistent with this section, the principal of the gifts, devises, and bequests is inviolate, but the interest, rents, incomes, issues, and profits thereof may be expended by the school corporation. The interest, rent, incomes, issues, and profits may not be devoted:

(1) to the payment of any obligation of the corporation incurred before the property was acquired;
(2) to the payment of the salaries or wages of:
   (A) teachers of the branches commonly and generally taught in the public schools; or
   (B) school or library officers or employees; or
(3) to purchase ordinary school furniture or supplies of the character required by the corporation to be paid for from the current income or revenue coming to it from taxes or by
However, the interest, rents, incomes, issues, and profits may be devoted to any public educational or public library or similar purpose for which the managing board or trustee of the corporation believes adequate financial provision has not been made by law.

(b) If:

(1) the board or trustee desires to invest the principal of the gift, devise, or bequest in the erection or equipping, or both, of a building to be devoted to a special use of a public educational or library character; and

(2) the expressed will of the donor or testator will not be violated; the principal may be used for that purpose, notwithstanding any other provision of this chapter. This subsection may not be construed to permit its use for the building or equipping of buildings for ordinary graded or high schools.

Sec. 8. (a) If the board of trustees or school commissioners of a corporation governed by sections 6 through 9 of this chapter desires:

(1) to appoint one (1) or more trustees to hold the title to any property, real or personal, acquired by the board or commissioners in the manner mentioned in sections 6 through 9 of this chapter, unless the wish and will of the donor or testator would be violated; and

(2) to invest the principal and pay over only the net interest, rents, issues, incomes, and profits of the fund to the school corporation for use as provided in sections 6 through 9 of this chapter;

the school corporation may name and appoint one (1) or more trustees and to vest in the trustees the title to the property, subject to trust and powers as the school corporation may impose, not inconsistent with the expressed wish or will of the donor or testator or this chapter applicable to the property if a transfer to a trustee has not been made.

(b) However, if:

(1) the managing board of the school corporation consists of less than three (3) persons; and

(2) the school corporation elects to have the property held and managed by trustees;

the corporation shall establish the terms of the trust and make the conveyance, and the judge of the circuit court of the county in which the school corporation is domiciled shall appoint at least three (3) trustees.
Sec. 9. (a) It is the main purpose of this chapter that the identity of the principal of gifts, bequests, and devises to the state's public schools may not be lost and that the income from investment of the gifts, bequests, and devises shall be used in giving students the public education and library advantages that could not be enjoyed if only the school and library revenue and income provided by law were available.

(b) Sections 6 through 9 of this chapter may not be construed as a limitation against the investment and reinvestment either by the school corporation itself or the trustees appointed under section 8 of this chapter, as the safety of the fund or the best interests of the recipient school corporation require.

Sec. 10. (a) If a person gives or bequeathes to trustees an amount of money that exceeds five thousand dollars ($5,000) to erect a public school building or seminary in any unincorporated town, and upon the express or implied condition contained in the gift or bequest that an equal amount shall be raised by the citizens of the town or township for a like purpose, the township trustee of the township in which the town is located shall, upon the petition of a majority of the legal voters of the township, prepare, issue, and sell the bonds of the township to secure a loan of not more than fifteen thousand dollars ($15,000), in anticipation of the revenue for special school purposes, to comply with the condition attached to the gift or devise. The bonds must bear a rate of interest of not more than seven percent (7%) per annum, payable at such time, within seven (7) years after the date, as the trustee determines.

(b) Notwithstanding subsection (a), until all the bonds of any one (1) issue have been redeemed:

1. the township trustee may not make another issue; and
2. bonds may not be sold at a less rate than ninety-five cents ($0.95) on the dollar.

Sec. 11. The whole number of votes cast for candidates for Congress at the last preceding congressional election in the township is considered to be the whole number of legal voters of the township. A majority of the names of these legal voters must be signed to the petition presented to the township trustee, to which petition shall be attached the affidavit or affidavits, as the trustee considers necessary, of a competent and credible person or persons that the signatures of all the names to the petition are genuine and that the persons who signed the petition are, as the trustee believes, legal voters of the
section 12. (a) The township trustee shall:
(1) record the petition and the attached names in the record book of the township; and
(2) file and preserve the petition, entering into the record the date and time the petition was filed.
(b) If the township trustee is satisfied that the petition contains the names of a majority of the legal voters of the township, the township trustee shall prepare, issue, and sell bonds of the amount listed in the petition, as provided in section 10 of this chapter.
(c) The township trustee shall accurately keep a record of all proceedings concerning:
(1) the issue and sale of the bonds;
(2) to whom and for what amount the bonds are sold;
(3) the rate of interest; and
(4) the time when the bonds become due.

section 13. If:
(1) the trustees of school corporations of a city or town believe;
or
(2) the township trustee of a township believes;
it is necessary to purchase any real estate on which to build a schoolhouse, or for any other purpose connected with the real estate, the township trustee or school trustees, or a majority of them, may file a petition in the circuit court of the county asking for the appointment of appraisers to appraise and assess the value of the real estate.

section 14. Ten (10) days after a petition is filed under section 13 of this chapter, the court shall appoint three (3) freeholders who reside in the school corporation or township where the real estate is located to appraise and assess the value of the real estate.

section 15. (a) Before making the appraisement and assessment, the appraisers shall take an oath before the clerk of the court to make a fair, true, and honest appraisement of the real estate.
(b) After taking the oath under subsection (a), the appraisers shall examine the real estate, hear evidence they consider necessary, and make a report of their appraisement to the court not more than five (5) days after their appointment.
(c) After the examination under subsection (b), the township trustee or school trustees of the school corporation, or a majority of them, may pay to the clerk of the court, for the use of the owner or owners of the real estate, the amount assessed.
(d) When the payment is made under subsection (c) and the payment is shown to the court hearing the cause:
   (1) the title to the real estate vests immediately in the school corporation or school township for school purposes;
   (2) the court shall cause the real estate to be conveyed to the school corporation or school township by a commissioner appointed for that purpose; and
   (3) the school corporation or school township may immediately take possession of the real estate for the purpose.

(e) When the report of the appraisers is filed, any party to the action, not later than ten (10) days, may except to the amount of the appraisement and valuation of the real estate and a trial may be had on the exception before the court as other civil causes are tried. The court shall fix the amount of the appraisement and assessment, and any party to the action may appeal the judgment of the court as other civil cases are appealed.

(f) If the township trustee or school trustees, or a majority of them, except to the amount of the appraisement and assessment:
   (1) the court shall convey the real estate to the school corporation or school township;
   (2) the title to the real estate vests immediately in the school corporation or school township for the purposes; and
   (3) subsequent proceedings upon the exceptions affect only the amount of the appraisement and assessments.

Sec. 16. Before the filing of the petition, the township trustee or school trustees, or a majority of them, may offer or tender to the owner or owners of the real estate an amount considered a reasonable value for the real estate. If the amount fixed by the appraisers or by the court later becomes the same or less than the amount tendered:
   (1) the cause shall be prosecuted at the cost of the owner or owners of the real estate; and
   (2) upon exception to the amount fixed by the appraisers, if the exceptor does not increase the amount of the appraisement and assessment, the action on the exception shall be at the cost of the exceptor.

If an amount has not been tendered by the township trustee or school trustees, or a majority of them, and an exception is not taken, the action shall be prosecuted at the cost of the petitioners.

Sec. 17. (a) A school corporation may:
   (1) purchase buildings or lands, or both, for school purposes; and
(2) improve the buildings or lands, or both.

(b) An existing building, other than a building obtained under IC 5-17-2 (before its repeal) or IC 4-13-1.7, permitting the purchase of suitable surplus government buildings, may not be purchased for use as a school building unless the building was originally constructed for use by the school corporation and used for that purpose for at least five (5) years preceding the acquisition as provided in this section through section 19 of this chapter.

(c) Notwithstanding this section through section 19 of this chapter limiting the purchase of school buildings, a school corporation may:

(1) purchase suitable buildings or lands, or both, adjacent to school property for school purposes; and

(2) improve the buildings or lands, or both, after giving notice to the taxpayers of the intention of the school corporation to purchase.

The taxpayers of the school corporation have the same right of appeal to the department of local government finance under the same procedure as provided for in IC 6-1.1-20-5 through IC 6-1.1-20-6.

Sec. 18. A school corporation may issue and sell bonds under the general statutes governing the issuance of bonds to purchase and improve buildings or lands, or both. All laws relating to the filing of petitions, remonstrances, and objecting petitions, giving notices of the filing of petitions, the determination to issue bonds, and the appropriation of the proceeds of the bonds are applicable to the issuance of bonds under sections 17 through 19 of this chapter.

Sec. 19. (a) If:

(1) a school township whose boundaries are coterminous with the boundaries of the corresponding civil township has occupied as lessee for at least five (5) years a building constructed for its use as a school building;

(2) the township board finds that it would be in the best interests of the school township and its taxpayers for the school township to purchase the building; and

(3) the entire amount required to pay the cost of acquisition cannot be provided by the school township on account of the constitutional debt limitation;

the township board, with the approval of the township trustee, may authorize the issuance of bonds by each of the school township and the civil township to provide funds to pay the cost of acquisition of the building.
(b) The amount of the civil township bonds may not exceed the amount required to pay the cost of acquisition over and above the amount that can validly be financed by the school township for that purpose. The issuance of bonds must be authorized by separate resolutions specifying the amount, terms, and conditions of the bonds to be issued by each of the corporations. The bonds issued are the separate obligations of the corporations, respectively. The bonds must be payable at times and in amounts not later than twenty (20) years after the date of issuance as the township board may determine and shall otherwise be authorized, issued, and sold in accordance with the applicable general laws.

(c) As used in this section, "building" includes the land occupied by the school township for school purposes.

Sec. 20. (a) It is the policy of the state to promote the acquisition, construction, and erection of school facilities by the off-site construction method so school corporations might obtain needed school facilities that, in many cases, would be denied by the higher cost of conventional construction.

(b) As used in this section through section 26 of this chapter, "off-site construction" means the fabrication and assembly of the component parts of various materials at a point other than the construction site where the parts are normally fabricated or assembled.

Sec. 21. (a) If the governing body or officer of a school corporation determines to erect or build a school building or buildings in which off-site construction techniques are to be used, the governing body or officer shall advertise for plans and specifications and for bids covering the plans and specifications.

(b) A bidder must file the bidder's plans or specifications with its bid.

(c) The advertisement shall be published once each week for two (2) consecutive weeks in two (2) newspapers published in the school corporation. If only one (1) newspaper is published in the boundaries of the school corporation, the advertisement shall be published in that newspaper and in a newspaper of general circulation published in the county where the school corporation is located. If a newspaper is not published in the boundaries of the school corporation, the advertisement shall be published in any two (2) newspapers of general circulation published in the county where the school corporation is located. If only one (1) newspaper is published in the county where the
school corporation is located, publication in one (1) newspaper is sufficient.

(d) The advertisement:
   (1) must contain a description of the building or buildings to be erected and the estimated cost; and
   (2) may not require plans and specifications or bids to be filed for at least four (4) weeks after the date of the last publication of the advertisement.

(e) Subject to other applicable provisions of sections 20 through 25 of this chapter, the school corporation may accept the bid of the lowest bidder submitting plans and specifications considered satisfactory by the school corporation for a building or buildings.

Sec. 22. A school corporation may issue and sell bonds to construct a building or buildings under the general statutes governing the issuance and sale of bonds by school corporations if not in conflict with sections 20 through 25 of this chapter.

Sec. 23. (a) Before the execution of a contract under sections 20 through 25 of this chapter, the plans and specifications for a building or buildings, which must be prepared by an architect or engineer registered to practice in Indiana, must be submitted to:
   (1) the state department of health;
   (2) the state fire marshal;
   (3) the state building commissioner; and
   (4) any other agencies designated by law to pass on plans and specifications for school buildings.

(b) The plans and specifications must be approved by each agency in writing before the execution of the contract.

Sec. 24. (a) After the completion of a school building or buildings erected or constructed under this chapter and before acceptance by the school corporation, the state building commissioner shall examine and inspect the building or buildings to determine if the requirements of the contract and the plans and specifications have been met.

(b) The state building commissioner shall immediately report to the school corporation any deviation from any requirements.

(c) Before final payment and settlement is made, the state building commissioner must file with the governing body or officer an affidavit that all requirements of the contract and of the plans and specifications have been fully and faithfully met.

Sec. 25. Sections 20 through 24 of this chapter may not be considered to alter, amend, or repeal any other Indiana statute.
However, the provisions of any other statute may not apply to proceedings under sections 20 through 24 of this chapter to the extent that the statute is inconsistent with sections 20 through 24 of this chapter.

Sec. 26. (a) A common school corporation:
(1) has the same powers; and
(2) is subject to the same duties and liabilities;
concerning municipal assessments for the cost of public improvements affecting the common school corporation's real estate that private owners of real estate possess or to which private owners of real estate are subject.
(b) The real estate of a common school corporation is subject to liens for municipal assessments for public improvements if the real estate:
(1) had been owned by a private owner; and
(2) would have been subject to a lien at the time the lien was attached.
(c) A penalty or an attorney’s fee concerning a municipal assessment may not be collected from a school corporation.

Sec. 27. The superintendent of a school corporation shall cause an annual inspection to be conducted of all heating systems and supporting gas, oil, propane, or any other fuel lines used for school purposes.

Sec. 28. A report of the inspection described in section 27 of this chapter shall be made to the office of the state fire marshal before September 1 of each year. The report shall be made on forms prescribed and approved by the office of the state fire marshal.

Sec. 29. A school building may not be condemned and declared unfit for use for school purposes except as provided in sections 30 through 34 of this chapter.

Sec. 30. A petition signed by:
(1) the state department of health;
(2) the state fire marshal; or

Sec. 34. (a) The state board may not:

Sec. 36. Before the governing body exercises power granted by any law to spend more than one million dollars ($1,000,000) to build, repair, or alter school buildings that would be financed by:

1. entering into a lease agreement under IC 21-5-11-7 or IC 21-5-12-7;

1. entering into a lease agreement under IC 21-5-11-7 or IC 21-5-12-7;
2. issuing bonds under IC 21-2-21; or
3. any other available method;

the governing body must hold a public hearing at which explanations of the potential value of the proposed project to the school corporation and to the community shall be given and at which interested parties may present testimony and questions.

(b) Notice of the hearing shall be given in accordance with IC 5-3-1. The notice must state that on a given day, at an hour, and place, the governing body will meet to discuss and hear objections and support to the proposed construction.

Sec. 38. At the public hearing and before bids for construction of the project are invited, the governing body shall adopt a resolution that specifies the following:

1. The educational purpose the building will serve.
2. The estimated cost of construction, including the cost of land.
3. Any other pertinent information, including the estimated impact on the tax rate and the proposed sources of funding.

Sec. 39. (a) If:

1. a school corporation; and
2. the state, either in the name of the state or in the name of the trustees of an agency of the state;
each own improved or unimproved real estate that lies within the boundaries of the school corporation and that is not needed or required for the purpose for which it was acquired, the school corporation and the state may sell, trade, exchange, or convey to or with each other the unneeded real estate upon such terms and conditions mutually agreed upon and incorporated in an agreement between the trustees or board of trustees of the school corporation and the state or, if the real estate is held in the name of the trustees of an agency of the state, by the trustees.

(b) A value must be assigned to each parcel of real estate involved in the sale, trade, or exchange in the agreement. The assigned value must be the fair market value of the real estate as determined by three appraisers appointed as follows:

1. One (1) to be appointed by the board of trustees of the school corporation.
2. One (1) to be appointed by the state or, if the real estate is held in the name of the trustees of an agency of the state, by the trustees.

(c) The agreement must provide for payment by the party owning the real estate of the smaller value to the other party of the difference of value of the properties.

Sec. 40. Whenever:

1. an agreement described in section 39 of this chapter is executed; and
2. the payment of any money is made;
deeds of conveyance shall be executed by the trustees or board of trustees of the school corporation and by the state for the transfer of state owned real estate.

   (iii) instruction; and
   (iv) oversight;
necessary to conduct public educational and recreational
activities in and upon the other buildings and grounds; and

general fund.

Sec. 2. (a) If:
(1) a petition is filed with:

that is signed by at least ten percent (10%) of the number of
voters voting at the last general election held in the city; or
(2) a petition is presented that contains the signatures of at least
one hundred (100) freeholders living in a town or township;
that sets forth a question in the form prescribed by IC 3-10-9-4 and a
date for an election on the question, the question of exercising the
powers granted for any of the purposes enumerated in section 1 of this
chapter shall be submitted to the electors of the municipalities or
townships.

(b) The clerk or trustee shall certify the public question to the
county election board of each county in which the school corporation
is located. The county election board shall place the public question on
the ballot at the first primary or general election conducted after
certification under IC 3-10-9-3. If the first primary or general election
will be conducted more than six (6) months after certification, the county election board shall conduct the election not later than thirty (30) days after certification.

(c) If a majority of the votes cast upon the question are affirmative:

(1) the board of school trustees of the municipality; or

(2) the school trustee of the school township;

shall exercise the powers in accordance with the petition under this chapter.

Sec. 3. (a) The board or school trustee of any school township may receive and expend for purposes of this chapter money received as gifts or appropriations made by individuals, business establishments, or organizations.

(b) The board or school trustee of a school township may also receive property that donors transfer to the board or school trustee of a school township. The property may be used only in conformity with the purposes of this chapter.

Sec. 4. (a) The board of school trustees in a third class city may establish, maintain, and equip public playgrounds to be used by children during the summer vacation period. The board may use the public school buildings and grounds in the cities as is necessary to carry out this section. The board may levy a tax not exceeding sixty-seven hundredths of one cent ($0.0067) on each one hundred dollars ($100) of assessed valuation of the property in the city to create a fund to carry out this section. The board may lease or purchase grounds in addition to the school grounds, either adjacent to the school grounds or elsewhere in the city. The board may also, under eminent domain statutes, condemn ground to be used for these purposes and pay for condemned ground out of the school revenues of the city not otherwise appropriated.

(b) The board:

(1) has full control of all playgrounds, including the preservation of order on playgrounds; and

(2) may adopt suitable rules, regulations, and bylaws for the control of playgrounds. The board may enforce the rules by suitable penalties.

(c) The board may select and pay for directors and assistants. The directors and assistants, while on duty and to preserve order and the observance of the rules, regulations, and bylaws of the board, have all the powers of police officers of the city. The compensation for the directors and assistants shall be:
(1) fixed by the board; and
(2) paid for out of the school revenues not otherwise appropriated.

Sec. 5. If a district public school has been abandoned and the schoolhouse and school grounds in the district are no longer used or needed for public school purposes, the township trustee in charge of the school building and school grounds:
(1) shall, upon application of at least fifty-one percent (51%) of the freehold residents of the school district, allow the use of the abandoned schoolhouse and school grounds as a community center for nonpartisan gatherings of citizens of the school district for civic, social, and recreational purposes; and
(2) may not sell or offer for sale any building or grounds:
   (A) while the building or grounds are used as a community center; or
   (B) for at least one (1) year after the discontinuance of the use of any abandoned schoolhouse and school grounds for a community center.

Sec. 6. (a) The operation and management of a community center shall be vested in a nonprofit corporation organized for that purpose under the general laws regulating the formation of nonprofit corporations.

(b) The membership of a nonprofit corporation described in subsection (a) must be composed of resident freeholders of the school district.

(c) The expenses of improvement of the school grounds and reconstruction or repairs of the abandoned schoolhouse shall be paid for by the corporation in charge of the community center while the school grounds or schoolhouse is operated and managed as a community center.

Sec. 7. An established community center in a school district shall cease its operation in the schoolhouse and upon the school grounds not more than one (1) month following the receipt of a written notice:
(1) submitted to the proper officers of the corporation of the community center; and
(2) by the township trustee of the township where the community center is being operated;
that indicates the school building and school grounds are needed for school purposes.

Sec. 8. If:
(1) a third class city in which a school corporation of the city has purchased, in the name of the school corporation, real estate to be used for school purposes; and

(2) the real estate is subsequently abandoned for school purposes; the school trustees of the school corporations may authorize the use of the real estate for park purposes as provided by this chapter.

Sec. 9. (a) Money may not be expended out of a school corporation treasury for the maintenance of abandoned school grounds for park purposes.

(b) However, the board of school trustees of a school corporation in a third class city that owns abandoned school grounds may, by an order entered and properly recorded, allow the use of abandoned school grounds by a third class city for park purposes. The order must contain the conditions, restrictions, and limitations within which the third class city may take and use the abandoned school grounds for park purposes.

Sec. 10. (a) A third class city may, by an ordinance of the common council, accept from a school corporation located within the city the use of abandoned school grounds as provided by this chapter.

(b) A third class city may, by an ordinance of the common council, accept from a person for a definite time of at least five (5) years the use of any real estate in the city formerly used as a cemetery if:

(1) the cemetery has been abandoned; and

(2) the bodies have been removed from the cemetery.

(c) A third class city may, through its common council, use and maintain real estate described in subsections (a) and (b) for park purposes for the use of the general public under the same conditions and restrictions provided by law for the use and control and maintenance of park properties by third class cities as if the city owned the real estate.

(d) A third class city may accept by city ordinance real estate for park purposes under the order of the school trustees of the school corporation as provided by this chapter or from another person.

Sec. 11. The:

(1) title to the real estate remains in the school corporation; and

(2) use by third class cities continues;

while the cities continue to maintain the real estate as a public park.

Sec. 12. If:

(1) real estate has been accepted for park purposes; and

(2) a city abandons the use of the real estate for park purposes;
the school trustees of the school corporation that owns the real estate may take possession of the real estate and sell or otherwise convey the real estate.

Sec. 13. (a) In a school township located in a county having a population of:

1. more than four hundred thousand (400,000) but less than seven hundred thousand (700,000); or
2. more than two hundred thousand (200,000) but less than three hundred thousand (300,000);

the township trustee, in administering the recreation program under this chapter, may supplement the funds by making a reasonable charge for admission to any outdoor swimming pool located on the school township property and owned by the school township.

(b) With the approval of the township board, the township trustee shall establish the admission fee or a schedule of admission fees to be collected for the use of the swimming pool. Fees collected shall be deposited in a recreation fund established under this chapter. Disbursements for personal services, operation, maintenance, and repairs of the swimming pool shall be paid from the recreation fund.

breakfast program at each qualifying school building within the

Sec. 5. (a) A teacher employed in a joint program who does not have existing years of service in one (1) of the member corporations of the joint program is considered to have been employed as a teacher by the governing body that is administering the joint program at the time that the teacher is first employed by the joint program.

(b) The teacher is entitled to the same rights and privileges as set forth in IC 20-28-6 through IC 20-28-10 as if employed as a regular teacher by the governing body that is administering the joint program at the time that the teacher is first employed by the joint program.

Sec. 6. A teacher who has existing years of service in one (1) of the member school corporations of the joint program shall retain the same rights and privileges as set forth in IC 20-28-6 through IC 20-28-10 as if still employed as a teacher in the school corporation in which the teacher has already acquired years of service.

Sec. 7. (a) A teacher who loses the teacher's job in a joint program because of:
   (1) a reduction in services;
   (2) a reorganization;
   (3) the discontinuance of the joint program; or

A governing body shall budget and appropriate funds for the joint program from a special school fund or tuition fund of their respective school corporations in accordance with laws governing the use of those funds.

(b) The joint services, leasing, construction, and supply fund shall be held by the governing body of the school corporation designated in the written agreement to administer and supervise the joint program. The designated governing body shall receive, disburse, and maintain an account for the fund in the same manner as prescribed for other funds of the governing body and under the written agreement but without any further or additional appropriation of the funds. The designated governing body shall make a complete and detailed financial report of all receipts and disbursements not later than thirty (30) days after the end of each school year and shall furnish copies of the report to the governing bodies of all other participating school corporations. The reports required under this chapter are supplementary to and do not supersede or repeal the requirements for publication of annual reports of certain school corporations as provided by IC 5-3-1.

Sec. 9. (a) The governing bodies of participating school corporations may pay into a joint fund, to be known as the joint investment fund, all or part of the money the governing bodies may otherwise invest under IC 5-13-9. (2) Joint purchases of necessary supplies, equipment, and other materials that the participating school officers consider proper to the operation of their respective schools.

The cost of these services and purchases to participating corporations shall be determined by their proportionate use in the schools of participating corporations. The county superintendent of schools is the administrator of these joint activities.

Sec. 11. (a) A county board of education may authorize the county superintendent of schools to establish a joint service and supply fund, into which fund the participating school corporations shall pay their proportionate share under an agreement for the joint services and supplies in which the school corporations are interested. However, the bids shall be submitted by the superintendent of county schools to the participating corporations for approval.

Chapter 11. Legal Settlement and Transfer of Students; Transfer Tuition

Sec. 1. As used in this chapter with respect to legal settlement, transfers, and the payment of tuition, the words "residence", "resides", or other comparable language means a permanent and principal habitation that an individual uses for a home for a fixed or indefinite period, at which the individual remains when not called elsewhere for work, studies, recreation, or other temporary or special purpose. These terms are not synonymous with legal domicile. Where a court order grants an individual custody of a student, the residence of the student is where that individual resides.

Sec. 2. The legal settlement of a student is governed by the following provisions:

1) If the student:
   (A) is less than eighteen (18) years of age; or
   (B) is at least eighteen (18) years of age but is not emancipated;
   the legal settlement of the student is in the attendance area of the school corporation where the student's parents reside.

2) If the student’s mother and father, in a situation to which subdivision (1) otherwise applies, are divorced or separated, the legal settlement of the student is the school corporation whose attendance area contains the residence of the parent with whom the student is living, in the following situations:
   (A) If a court order has not been made establishing the custody of the student.
   (B) If both parents have agreed on the parent or person with whom the student will live.
   (C) If the parent granted custody of the student has
abandoned the student. In the event of a dispute between the parents of the student, or between the parents and a student at least eighteen (18) years of age, the legal settlement of the student shall be determined as otherwise provided in this section.

(3) If the legal settlement of a student, in a situation to which subdivision (1) otherwise applies, cannot reasonably be determined and the student is being supported by, cared for by, and living with some other individual, the legal settlement of the student is in the attendance area of that individual’s residence, except where the parents of the student are able to support the student but have placed the student in the home of another individual, or allowed the student to live with another individual, primarily for the purpose of attending school in the attendance area where the other individual resides. The school may, if the facts are in dispute, condition acceptance of the student’s legal settlement on the appointment of that individual as legal guardian or custodian of the student, and the date of legal settlement will be fixed to coincide with the commencement of the proceedings for the appointment of a guardian or custodian. However, if a student does not reside with the student’s parents because the student’s parents are unable to support the child and the child is not residing with an individual other than a parent primarily to attend a particular school, the student's legal settlement is where the student resides, and the establishment of a legal guardianship may not be required by the school. In addition, a legal guardianship or custodianship established solely to attend school in a particular school corporation does not affect the determination of the legal settlement of the student under this chapter.

(4) If a student, to whom subdivision (1) would otherwise apply, is married and living with a spouse, the legal settlement of that student is in the attendance area of the school corporation where the student and the student’s spouse reside.

(5) If the student’s parents:
   (A) are living outside the United States due to educational pursuits or a job assignment;
   (B) do not maintain a permanent home in any school corporation in the United States; and
   (C) have placed the student in the home of another individual;
the legal settlement of the student is in the attendance area where the other individual resides.

(6) If the student is emancipated, the legal settlement is the attendance area of the school corporation of the student's residence.

(7) If a student's legal settlement is changed after the student has begun attending school in a school corporation in any school year, the effective date of change may:
   (A) at the election of:
       (i) the parent;
       (ii) the student if the student is at least eighteen (18) years of age; or
       (iii) a juvenile court conducting a proceeding under IC 31-34-20-5, IC 31-34-21-10, IC 31-37-19-26, or IC 31-37-20-6 (or IC 31-6-4-18.5 before its repeal);
       be extended until the end of that semester; or
   (B) at the discretion of the school, until the end of that school year.

However, that election, where a student has completed grade 11 in any school year, shall extend to the end of the following school year in grade 12.

(8) If a juvenile court has:
   (A) made findings of fact concerning the legal settlement of a student under IC 31-34-20-5, IC 31-34-21-10, IC 31-37-19-26, or IC 31-37-20-6 (or IC 31-6-4-18.5 before its repeal); and
   (B) jurisdiction over the student under IC 31-34 or IC 31-37;
   the legal settlement of the student is the attendance area specified as the legal settlement in the latest findings of fact issued by the juvenile court.

Sec. 3. The state superintendent shall prepare the form of agreement to be used under section 2(2) of this chapter and a form to be executed by any individual with whom the student is living under section 2(2), 2(3), or 2(5) of this chapter. The execution of the form by the individual and its continuance in force is a condition to the application of section 2(2), 2(3), or 2(5) of this chapter. The form must contain an agreement of the individual that the individual shall, with respect to dealing with the school corporation and for all other purposes under this article, assume all the duties and be subject to all the liabilities of a parent of the student in the same manner as if the individual were the student's parent. On the execution of that form.
and for as long as it remains in force, the individual has these duties
and liabilities.

Sec. 4. A student is emancipated when the student:
(1) furnishes the student's support from the student's own
resources;
(2) is not dependent in any material way on the student's parents
for support;
(3) files or is required by applicable law to file a separate tax
return; and
(4) maintains a residence separate from that of the student's
parents.

Sec. 5. (a) The parents of any student, regardless of the student's
age, or the student after the student has become eighteen (18) years of
age may request a transfer from a school corporation in which the
student has a legal settlement to a transferee school corporation in
Indiana or another state if the student may be better accommodated
in the public schools of the transferee corporation. Whether the
student can be better accommodated depends on such matters as:
(1) crowded conditions of the transferee or transferor
corporation; and
(2) curriculum offerings at the high school level that are
important to the vocational or academic aspirations of the
student.

(b) The request for transfer must be made in writing to the
transferor corporation, which shall immediately mail a copy to the
transferee corporation. The request for transfer must be made at the
times provided under rules adopted by the state board. The transfer
is effected if both the transferee and the transferor corporations
approve the transfer not more than thirty (30) days after that mailing.
The transfer is denied when either school corporation:
(1) mails a written denial by certified mail to the requesting
parents or student at their last known address; or
(2) fails to act on the request not more than thirty (30) days after
the mailing.

(c) If a request for transfer is denied, an appeal may be taken to the
state board by the requesting parents or student, if commenced not
more than ten (10) days after the denial. An appeal is commenced by
mailing a notice of appeal by certified mail to the superintendent of
each school corporation and the state board. The state superintendent
shall develop forms for this purpose, and the transferor corporation
shall assist the parents or student in the mechanics of commencing the appeal. An appeal hearing must comply with section 15 of this chapter.

Sec. 6. (a) A school corporation may accept a transferring student without approval of the transferor corporation under section 5 of this chapter.

(b) A transfer may not be accepted unless the requesting parents or student pays transfer tuition in an amount determined under the formula established in section 13 of this chapter for the payment of transfer tuition by a transferor school corporation. However, the transferee school may not offset the amounts described in section 13(b) STEP TWO (B) through section 13(b) STEP TWO (D) of this chapter from the amount charged to the requesting parents or student.

(c) The tuition determined under subsection (b) must be paid by the parents or the student before the end of the school year in installments as determined by the transferee corporation.

(d) Failure to pay a tuition installment is a ground for exclusion from school.

Sec. 7. (a) A school corporation may transfer a student with a physical, emotional, or mental disability to a transferee corporation that maintains special programs or facilities for children with the disability of the transferred student.

(b) A transferee corporation may refuse the transfer under subsection (a) by mailing a notice by certified mail to:

1. the transferor corporation;
2. the parents of the student; and
3. the state board.

(c) If a transferee corporation refuses transfer under subsection (b), the state board shall determine the question of granting a transfer under the procedures set out in section 15 of this chapter.

Sec. 8. (a) A student who is placed in a state licensed private or public health care facility, child care facility, or foster family home:

1. by or with the consent of the division of family and children;
2. by a court order; or
3. by a child placing agency licensed by the division of family and children;

may attend school in the school corporation in which the home or facility is located. If the school corporation in which the home or facility is located is not the school corporation in which the student has legal settlement, the school corporation in which the student has legal
settlement shall pay the transfer tuition of the student.

(b) A student who is placed in a state licensed private or public health care or child care facility by a parent may attend school in the school corporation in which the facility is located if:

(1) the placement is necessary for the student's physical or emotional health and well-being and, if the placement is in a health care facility, is recommended by a physician; and
(2) the placement is projected to be for not less than fourteen (14) consecutive calendar days or a total of twenty (20) calendar days.

The school corporation in which the student has legal settlement shall pay the transfer tuition of the student. The parent of the student shall notify the school corporation in which the facility is located and the school corporation of the student's legal settlement, if identifiable, of the placement. Not later than thirty (30) days after this notice, the school corporation of legal settlement shall either pay the transfer tuition of the transferred student or appeal the payment by notice to the department. The acceptance or notice of appeal by the school corporation must be given by certified mail to the parent or guardian of the student and any affected school corporation. In the case of a student who is not identified as disabled under IC 20-35, the state board shall make a determination on transfer tuition according to the procedures in section 15 of this chapter. In the case of a student who has been identified as disabled under IC 20-35, the determination on transfer tuition shall be made under this subsection and the procedures adopted by the state board under IC 20-35-2-1(c)(5).

(c) A student who is placed in:

(1) an institution operated by the division of disability, aging, and rehabilitative services or the division of mental health and addiction; or
(2) an institution, a public or private facility, a home, a group home, or an alternative family setting by the division of disability, aging, and rehabilitative services or the division of mental health and addiction;

may attend school in the school corporation in which the institution is located. The state shall pay the transfer tuition of the student, unless another entity is required to pay the transfer tuition as a result of a placement described in subsection (a) or (b) or another state is obligated to pay the transfer tuition.

Sec. 9. (a) This section applies to each student:

(1) described in section 8(a) of this chapter;
(2) who is placed in a home or facility in Indiana that is outside the school corporation where the student has legal settlement; and

(3) for which the state is not obligated to pay transfer tuition.

(b) Not later than ten (10) days after a county places or changes the placement of a student, the county that placed the student shall notify the school corporation where the student has legal settlement and the school corporation where the student will attend school of the placement or change of placement. Before June 30 of each year, a county that places a student in a home or facility shall notify the school corporation where a student has legal settlement and the school corporation in which a student will attend school if a student's placement will continue for the ensuing school year. The notifications required under this subsection must be made by:

(1) the county office (as defined in IC 12-7-2-45) if the county office or the division of family and children placed or consented to the placement of the student; or

(2) if subdivision (1) does not apply, the court or other agency making the placement.

Sec. 10. (a) A student who is the child of a state employee who resides on state owned property, resides on state owned property, or is the child of a full-time employee of a state supported postsecondary institution, who resides on property owned or operated by the state supported postsecondary institution and used for educational, research, or public service programs is considered a transferred student if:

(1) the student attends a public school in the school corporation located nearest to the student’s residence within the county in which all or a part of either the state owned property, or the property owned or operated by the state supported postsecondary institution, is located; or

(2) the state owned property is the Soldiers' and Sailors' Children's Home and the student attends a public school in the county in which the home is located or in an adjacent county.

Transfer tuition for a student transferred under this subsection shall be paid by the state. However, this subsection does not apply to children of state employees residing in student housing on property owned by any state supported postsecondary school institution.

(b) A foreign student visiting in Indiana under any student exchange program approved by the state board is considered a
resident student with legal settlement in the school corporation where the foreign exchange student resides. The student may attend a school in the school corporation in which the family with whom the student is living resides. A school corporation that receives a foreign student may not be paid any transfer tuition. The school corporation shall include the foreign student in computations to determine the amount of state aid that it is entitled to receive.

Sec. 11. (a) A school corporation may enter into an agreement with:
   (1) a nonprofit corporation that operates a federally approved education program; or
   (2) a nonprofit corporation that:
      (A) is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code;
      (B) for its classroom instruction, employs teachers who are certified by the professional standards board;
      (C) employs other professionally and state licensed staff as appropriate; and
      (D) educates children who:
         (i) have been suspended, expelled, or excluded from a public school in that school corporation and have been found to be emotionally disturbed;
         (ii) have been placed with the nonprofit corporation by court order;
         (iii) have been referred by a local health department; or
         (iv) have been placed in a state licensed private or public health care or child care facility as described in section 8(b) of this chapter;

in order to provide a student with an individualized education program that is the most suitable educational program available.

(b) If a school corporation that is a transferee corporation enters into an agreement as described in subsection (a), the school corporation shall pay to the nonprofit corporation an amount agreed upon from the transfer tuition of the student. The amount agreed upon may not exceed the transfer tuition costs that otherwise would be payable to the transferee corporation.

(c) If a school corporation that is a transferor corporation enters into an agreement as described in subsection (a), the school corporation shall pay to the nonprofit corporation an amount agreed upon, which may not exceed the transfer tuition costs that otherwise would be payable to a transferee school corporation.
Sec. 12. (a) If a student is transferred under section 5 of this chapter from a school corporation in Indiana to a public school corporation in another state, the transferor corporation shall pay the transferee corporation the full tuition fee charged by the transferee corporation. However, the amount of the full tuition fee may not exceed the amount charged by the transferor corporation for the same class of school, or if the school does not have the same classification, the amount may not exceed the amount charged by the geographically nearest school corporation in Indiana that has the same classification.

(b) If a child is:
   (1) placed by a court order in an out-of-state institution or other facility; and
   (2) provided all educational programs and services by a public school corporation in the state where the child is placed, whether at the facility, the public school, or another location;
the county office of family and children for the county placing the child shall pay from the county family and children’s fund to the public school corporation in which the child is enrolled the amount of transfer tuition specified in subsection (c).

(c) The transfer tuition for which a county office is obligated under subsection (b) is equal to the following:
   (1) The amount under a written agreement among the county office, the institution or other facility, and the governing body of the public school corporation in the other state that specifies the amount and method of computing transfer tuition.
   (2) The full tuition fee charged by the transferee corporation, if subdivision (1) does not apply. However, the amount of the full tuition fee must not exceed the amount charged by the transferor corporation for the same class of school, or if the school does not have the same classification, the amount must not exceed the amount charged by the geographically nearest school corporation in Indiana that has the same classification.

(d) If a child is:
   (1) placed by a court order in an out-of-state institution or other facility; and
   (2) provided:
      (A) onsite educational programs and services either through the facility’s employees or by contract with another person or organization that is not a public school corporation; or
      (B) educational programs and services by a nonpublic school;
the county office of family and children for the county placing the child shall pay from the county family and children's fund in an amount and in the manner specified in a written agreement between the county office and the institution or other facility.

(e) An agreement described in subsection (c) or (d) is subject to the approval of the director of the division of family and children. However, for purposes of IC 4-13-2, the agreement shall not be treated as a contract.

Sec. 13. (a) As used in this section, the following terms have the following meanings:

(1) "ADM" means the following:
   (A) For purposes of allocating to a transfer student state distributions under IC 21-1-30 (primetime), "ADM" as computed under IC 21-1-30-2.
   (B) For all other purposes, "ADM" as set forth in IC 21-3-1.6-1.1.

(2) "Class of school" refers to a classification of each school or program in the transferee corporation by the grades or special programs taught at the school. Generally, these classifications are denominated as kindergarten, elementary school, middle school or junior high school, high school, and special schools or classes, such as schools or classes for special education, vocational training, or career education.

(3) "Special equipment" means equipment that during a school year:
   (A) is used only when a child with disabilities is attending school;
   (B) is not used to transport a child to or from a place where the child is attending school;
   (C) is necessary for the education of each child with disabilities that uses the equipment, as determined under the individualized education program for the child; and
   (D) is not used for or by any child who is not a child with disabilities.

(4) "Student enrollment" means the following:
   (A) The total number of students in kindergarten through grade 12 who are enrolled in a transferee school corporation on a date determined by the state board.
   (B) The total number of students enrolled in a class of school in a transferee school corporation on a date determined by
the state board. However, a kindergarten student shall be counted under clauses (A) and (B) as one-half (1/2) student. The state board may select a different date for counts under this subdivision. However, the same date shall be used for all school corporations making a count for the same class of school.

(b) Each transferee corporation is entitled to receive for each school year on account of each transferred student, except a student transferred under section 6 of this chapter, transfer tuition from the transferor corporation or the state as provided in this chapter. Transfer tuition equals the amount determined under STEP THREE of the following formula:

STEP ONE: Allocate to each transfer student the capital expenditures for any special equipment used by the transfer student and a proportionate share of the operating costs incurred by the transferee school for the class of school where the transfer student is enrolled.

STEP TWO: If the transferee school included the transfer student in the transferee school's ADM for a school year, allocate to the transfer student a proportionate share of the following general fund revenues of the transferee school for, except as provided in clause (C), the calendar year in which the school year ends:

(A) The following state distributions that are computed in any part using ADM or other student count in which the student is included:
   (i) Primetime grant under IC 21-1-30.
   (ii) Tuition support for basic programs.
   (iii) Enrollment growth grant under IC 21-3-1.7-9.5.
   (iv) At-risk grant under IC 21-3-1.7-9.7.
   (v) Academic honors diploma award under IC 21-3-1.7-9.8.
   (vi) Vocational education grant under IC 21-3-12.
   (vii) Special education grant under IC 21-3-2.1.
   (viii) The portion of the ADA flat grant that is available for the payment of general operating expenses under IC 21-3-4.5-2(b)(1).

(B) Property tax levies.

(C) Excise tax revenue (as defined in IC 21-3-1.7-2) received for deposit in the calendar year in which the school year begins.
(D) Allocations to the transferee school under IC 6-3.5.

STEP THREE: Determine the greater of:
(A) zero (0); or
(B) the result of subtracting the STEP TWO amount from the STEP ONE amount.

If a child is placed in an institution or facility in Indiana under a court order, the institution or facility shall charge the county office of the county of the student's legal settlement under IC 12-19-7 for the use of the space within the institution or facility (commonly called capital costs) that is used to provide educational services to the child based upon a prorated per student cost.

(c) Operating costs shall be determined for each class of school where a transfer student is enrolled. The operating cost for each class of school is based on the total expenditures of the transferee corporation for the class of school from its general fund expenditures as specified in the classified budget forms prescribed by the state board of accounts. This calculation excludes:

1. capital outlay;
2. debt service;
3. costs of transportation;
4. salaries of board members;
5. contracted service for legal expenses; and
6. any expenditure that is made out of the general fund from extracurricular account receipts;

for the school year.

(d) The capital cost of special equipment for a school year is equal to:

1. the cost of the special equipment; divided by
2. the product of:
   (A) the useful life of the special equipment, as determined under the rules adopted by the state board; multiplied by
   (B) the number of students using the special equipment during at least part of the school year.

(e) When an item of expense or cost described in subsection (c) cannot be allocated to a class of school, it shall be prorated to all classes of schools on the basis of the student enrollment of each class in the transferee corporation compared with the total student enrollment in the school corporation.

(f) Operating costs shall be allocated to a transfer student for each school year by dividing:
(1) the transferee school corporation’s operating costs for the class of school in which the transfer student is enrolled; by
(2) the student enrollment of the class of school in which the transfer student is enrolled.

When a transferred student is enrolled in a transferee corporation for less than the full school year of student attendance, the transfer tuition shall be calculated by the part of the school year for which the transferred student is enrolled. A school year of student attendance consists of the number of days school is in session for student attendance. A student, regardless of the student’s attendance, is enrolled in a transferee school unless the student is no longer entitled to be transferred because of a change of residence, the student has been excluded or expelled from school for the balance of the school year or for an indefinite period, or the student has been confirmed to have withdrawn from school. The transferor and the transferee corporation may enter into written agreements concerning the amount of transfer tuition due in any school year. If an agreement cannot be reached, the amount shall be determined by the state board, and costs may be established, when in dispute, by the state board of accounts.

(g) A transferee school shall allocate revenues described in subsection (b) STEP TWO to a transfer student by dividing:
(1) the total amount of revenues received; by
(2) the ADM of the transferee school for the school year that ends in the calendar year in which the revenues are received.

However, for state distributions under IC 21-1-30, IC 21-3-2.1, IC 21-3-12, or any other statute that computes the amount of a state distribution using less than the total ADM of the transferee school, the transferee school shall allocate the revenues to the transfer student by dividing the revenues that the transferee school is eligible to receive in a calendar year by the student count used to compute the state distribution.

(h) Instead of the payments provided in subsection (b), the transferor corporation or state owing transfer tuition may enter into a long term contract with the transferee corporation governing the transfer of students. The contract may:
(1) be entered into for a period of not more than five (5) years with an option to renew;
(2) specify a maximum number of students to be transferred; and
(3) fix a method for determining the amount of transfer tuition and the time of payment, which may be different from that
provided in section 14 of this chapter.

(i) If the school corporation can meet the requirements of IC 21-1-30-5, it may negotiate transfer tuition agreements with a neighboring school corporation that can accommodate additional students. Agreements under this section may:

1) be for one (1) year or longer; and
2) fix a method for determining the amount of transfer tuition or time of payment that is different from the method, amount, or time of payment that is provided in this section or section 14 of this chapter.

A school corporation may not transfer a student under this section without the prior approval of the child's parent.

(j) If a school corporation experiences a net financial impact with regard to transfer tuition that is negative for a particular school year as described in IC 6-1.1-19-5.1, the school corporation may appeal for an excessive levy as provided under IC 6-1.1-19-5.1.

Sec. 14. (a) Not later than March 1, a school corporation shall estimate the:

1) transfer tuition payments that the school corporation is required to pay for students transferring from the school corporation; and
2) transfer tuition payments that the school corporation is entitled to receive on behalf of students transferring to the school corporation.

A school corporation shall send a preliminary statement of the amount of transfer tuition due to the state agency and to any school corporation that owes transfer tuition to the school corporation.

(b) Not later than October 1 following the end of a school year, a school corporation shall send a final statement of the amount of transfer tuition due to the state agency and to any school corporation that owes transfer tuition to the school corporation.

(c) A statement sent under subsection (a) or (b) must include the following:

1) A statement, to the extent known, of all transfer tuition costs chargeable to the state or school corporation for the school year ending in the current calendar year.
2) A statement of any transfer tuition costs chargeable to the state or school corporation and not previously billed for the school year ending in the immediately preceding calendar year.
3) A statement of any transfer tuition costs previously billed to
the state or school corporation and not yet paid.
(d) Transfer tuition for each school year shall be paid by the
transferor corporation or state, if the entity is obligated to pay the
tuition, in not more than four (4) installments. These installments must
be paid not later than October 30, January 10, April 10, and July 10
following the school year in which the obligation is incurred, unless
another schedule is mutually agreed upon.
(e) Payment of operating costs shall be paid from and receipted to
the respective general funds of the transferor and transferee
corporations. Payment of capital costs shall be made by the transferor
corporation at its discretion from any fund or source and shall be
receipted by the transferee corporation at its discretion either to the
capital projects fund or to the debt service fund, or if the transferee
corporation has neither of these two (2) funds, to its general fund.

Sec. 15. (a) The state board shall hear the following:
(1) All appeals from an order expelling a child under
IC 20-33-8-17.
(2) All appeals provided in this chapter.
(3) All disputes on the following:
   (A) Legal settlement.
   (B) Right to transfer.
   (C) Right to attend school in any school corporation.
   (D) Amount of transfer tuition.
   (E) Any other matter arising under this chapter.
The board shall hold a hearing on the timely written application of
any interested party.
(b) The state board shall make its determination under the
following procedure:
(1) A hearing shall be held on each matter presented.
(2) Each interested party, including where appropriate, the
parents, the student, the transferor corporation, the transferee
corporation, or the state, shall be given at least ten (10) days
notice of the hearing by certified mail or by personal delivery.
(3) The date of giving the notice is the date of mailing or delivery.
(4) Any interested party may appear at the hearing in person or
by counsel, present evidence, cross-examine witnesses, and
present in writing or orally summary statements of position.
(5) A written or recorded transcript of the hearing shall be made.
(6) The hearing may be held by the state board or by a hearing
examiner appointed by it who must be a state employee.
(7) The hearing, at the option of the state board or hearing examiner, may be held at any place in Indiana.
(8) The hearing examiner shall make written findings of fact and recommendations.
(9) The determination of the state board must be made on the basis of the record, summaries, and findings, but it is required to examine only those parts of the entire record as it considers necessary.
(c) The hearing and proceedings are not governed by IC 4-21.5.
(d) The determination of the state board is final and binding on the parties to the proceeding.
(e) A notice of the state board’s determination shall be mailed to each party by certified mail. An action to contest the validity of the decision may not be instituted more than thirty (30) days after the mailing of the notice.
Sec. 16. (a) The provisions to implement this chapter, including:
(1) the calculation of transfer tuition;
(2) the credits for state distribution; and
(3) the time in the year when requests for transfer must be filed;
shall be implemented by rules adopted by the state board.
(b) The state board shall adopt rules for the enforcement of the payment of transfer tuition. The enforcement may include withholding state support from the transferor corporation for the benefit of the transferee corporation, charging interest, penalties for late payment, and the costs of collection.
(c) If a school corporation prevails at the final adjudication of:
(1) an administrative proceeding under this chapter; or
(2) a lawsuit against a school corporation;
to compel payment of transfer tuition owed by the school corporation under this chapter, the administrative body or the court shall award to the prevailing party the transfer tuition owed, if any, plus reasonable attorney’s fees and interest as provided by law.
Sec. 17. (a) Each year before the date specified in the rules adopted by the state board, a school corporation shall report the information specified in subsection (b) for each student:
(1) for whom tuition support is paid by another school corporation;
(2) for whom tuition support is paid by the state; and
(3) who is enrolled in the school corporation but has the equivalent of a legal settlement in another state or country;
to the county office (as defined in IC 12-7-2-45) for the county in which the principal office of the school corporation is located and to the department.

(b) Each school corporation shall provide the following information for each school year for each category of student described in subsection (a):

1. The amount of tuition support and other support received for the students described in subsection (a).
2. The operating expenses, as determined under section 13 of this chapter, incurred for the students described in subsection (a).
3. Special equipment expenditures that are directly related to educating students described in subsection (a).
4. The number of transfer students described in subsection (a).
5. Any other information required under the rules adopted by the state board after consultation with the office of the secretary of family and social services.

(c) The information required under this section shall be reported in the format and on the forms specified by the state board.

(d) Not later than November 30 of each year the department shall compile the information required from school corporations under this section and submit the compiled information in the form specified by the office of the secretary of family and social services to the office of the secretary of family and social services.

2. The name of the school corporation where the child has legal settlement.
3. The last known address of the custodial parent or guardian of the child.
4. Any other information required by the office of the secretary of family and social services.

(f) Not later than December 31 of each year, the office of the secretary of family and social services shall submit a report to the members of the budget committee and the executive director of the
legislative services agency that compiles and analyzes the information required from school corporations under this section. The report must identify the types of state and local funding changes that are needed to provide adequate state and local money to educate transfer students. A report submitted under this subsection to the executive director of the legislative services agency must be in an electronic format under IC 5-14-6.

Sec. 18. (a) If a student:
(1) has legal settlement in the attendance area of a school corporation in another state, when legal settlement is determined without regard to the appointment of a guardian in Indiana solely to facilitate the placement of the student in a facility described in subdivision (2);
(2) is placed in a state licensed private or public health care facility, private or public child care institution, or treatment center in Indiana by:
   (A) the parent of the student; or
   (B) a governmental entity in another state; and
(3) is enrolled in a school corporation in Indiana;
the state licensed private or public health care facility, private or public child care institution, or treatment center where the student is placed, regardless of when the student is placed, is jointly liable with the person placing the student for transfer tuition under this chapter.

(b) Notwithstanding subsection (a), a sole proprietorship, a partnership, an association, a corporation, a limited liability company, a fiduciary, an individual who is not the student's parent, or another entity in Indiana that accepts the placement of a student who:

is the guarantor for the student's transfer tuition under this chapter unless there is another guarantor. The state board shall hear all appeals under this subsection in accordance with section 15 of this chapter.

Sec. 19. (a) This section through section 29 of this chapter concern the transfer of students for education from one (1) school corporation (transferor corporation) to another school corporation (transferee corporation) in compliance with a court order as described in this section. This chapter applies solely in a situation where a court of the United States or of Indiana in a suit to which the transferor or
transferee corporation or corporations are parties has found the following:

(1) A transferor corporation has violated the equal protection clause of the Fourteenth Amendment to the Constitution of the United States by practicing de jure racial segregation of the students within its borders.

(2) A unitary school system within the meaning of the Fourteenth Amendment cannot be implemented within the boundaries of the transferor corporation.

(3) The Fourteenth Amendment compels the court to order a transferor corporation to transfer its students for education to one (1) or more transferee corporations to effect a plan of desegregation in the transferor corporation that is acceptable within the meaning of the Fourteenth Amendment.

(b) This chapter does not apply until all appeals from the order, whether taken by the transferor corporation, any transferee corporation or any party to the action, have been exhausted or the time for taking the appeals has expired, except where all stays of a transfer order pending appeal or further court action have been denied.

Sec. 20. (a) As used in sections 19 through 29 of this chapter, "ADM" refers to ADM as defined in IC 21-3-1.6-1.1.

(b) As used in sections 19 through 29 of this chapter, "capital projects fund" refers to the school corporation fund set up under IC 21-2-15.

(c) As used in sections 19 through 29 of this chapter, "class of school" refers to a classification of each school in the transferee corporation by the grades taught therein (generally denominated as elementary schools, middle schools or junior high schools, high schools, and special schools such as schools for special education, vocational training or career education). Elementary schools include schools containing kindergarten, but for purposes of this chapter, a kindergarten student shall be counted as one-half (1/2) student.

(d) As used in sections 19 through 29 of this chapter, "debt service fund" refers to the school corporation fund set up under IC 21-2-4.

(e) As used in sections 19 through 29 of this chapter, "general fund" refers to the school corporation funds set up under IC 21-2-11.

(f) As used in sections 19 through 29 of this chapter, "transferee corporation" means the school corporation receiving students under a court order described in section 19 of this chapter.
(g) As used in sections 19 through 29 of this chapter, "transferor corporation" means the school corporation transferring students under a court order described in section 19 of this chapter.

(h) As used in sections 19 through 29 of this chapter, "transferred student" means any student transferred under a court order described in section 19 of this chapter.

Sec. 21. (a) The governing body of a transferee corporation may add two (2) members, one (1) of whom must be a resident of the contributing geographic area within the transferor corporation from which students are being bused, to the transferee corporation's governing body for each transferor corporation that the transferee corporation serves. These members are in addition to the number of members of the governing body who are residents of the transferee corporation.

(b) Each member who is a resident of a contributing transferor corporation added to the governing body of a transferee corporation by this section:

(1) shall be elected by a majority of all registered and eligible voters who vote in each applicable school board election in the school corporation;

(2) must have the same qualifications, other than residency or property ownership, that are required for a member of the governing body who is a resident of the transferee corporation; and

(3) serves for the same number of years as members of the governing body who are residents of the transferee corporation.

(c) The members of the governing body of the transferee corporation shall appoint by majority vote the first additional members of a governing body under this section. The members appointed under this subsection serve until replacement members are elected under subsections (d) and (e).

(d) The first elected members of a governing body from a transferor corporation shall be elected at the first election after the members are added under subsection (a):

(1) that occurs in the transferor corporation; and

(2) where one (1) or more members of the governing body of the transferor corporation are elected.

The election shall be conducted in the manner required by law for the conduct of elections of governing bodies of school corporations.

(e) This subsection applies to an additional member of a governing
body appointed under subsection (c) to whom subsection (d) does not apply. The first additional elected member of a governing body must be elected at the first election after the members are added under subsection (a) where one (1) or more members of the governing body of the transferee corporation are elected. The election must be conducted in the manner required by law for the conduct of elections of governing bodies of school corporations.

Sec. 22. (a) The transferee corporation is entitled to receive from the transferor corporation transfer tuition for each transferred student for each school year calculated in two (2) parts:

(1) operating cost; and

(2) capital cost.

These costs must be allocated on a per student basis separately for each class of school.

(b) The operating cost for each class of school must be based on the total expenditures of the transferee corporation for the class from its general fund expenditures as set out on the classified budget forms prescribed by the state board of accounts, excluding from the calculation capital outlay, debt service, costs of transportation, salaries of board members, contracted service for legal expenses and any expenditure that is made out of the general fund from extracurricular account receipts, for the school year.

(c) The capital cost for each class of school must consist of the lesser of the following alternatives:

(1) The capital cost must be based on an amount equal to five percent (5%) of the cost of transferee corporation's physical plant, equipment, and all items connected to the physical plant or equipment, including:

(A) buildings, additions, and remodeling to the buildings, excluding ordinary maintenance; and

(B) on-site and off-site improvements such as walks, sewers, waterlines, drives, and playgrounds;

that have been paid or are obligated to be paid in the future out of the general fund, capital projects fund, or debt service fund, including principal and interest, lease rental payments, and funds that were legal predecessors to these funds. If an item of the physical plant, equipment, appurtenances, or part of the item is more than twenty (20) years old at the beginning of the school year, the capital cost of the item shall be disregarded in making the capital cost computation.
(2) The capital cost must be based on the amount budgeted from the general fund for capital outlay for physical plant, equipment, and appurtenances and the amounts levied for the debt service fund and the capital projects fund for the calendar year in which the school year ends.

(d) If an item of expense or cost cannot be allocated to a class of school, the item shall be prorated to all classes of schools on the basis of the ADM of each class in the transferee corporation compared to the total ADM therein.

(e) The transfer tuition for each student transferred for each school year shall be calculated by dividing the transferee school corporation’s total operating costs and the total capital costs for the class of school in which the student is enrolled by the ADM of students therein. If a transferred student is enrolled in a transferee corporation for less than the full school year, the transfer tuition shall be calculated by the proportion of such school year for which the transferred student is enrolled. A school year for this purpose consists of the number of days school is in session for student attendance. A student shall be enrolled in a transferee school, whether or not the student is in attendance, unless the:

(1) student’s residence is outside the area of students transferred to the transferee corporation;
(2) student has been excluded or expelled from school; or
(3) student has been confirmed as a school dropout.

The transferor and transferee corporations may enter into written agreements concerning the amount of transfer tuition. If an agreement cannot be reached, the amount shall be determined by the state superintendent, with costs to be established, where in dispute, by the state board of accounts.

(f) The transferor corporation shall pay the transferee corporation, when billed, the amount of book rental due from transferred students who are unable to pay the book rental amount. The transferor corporation is entitled to collect the amount of the book rental from the appropriate township trustee, from its own funds, or from any other source, in the amounts and manner provided by law.

Sec. 23. (a) If a transfer is ordered to commence in a school year, where the transferor corporation has net additional costs over savings (on account of any transfer ordered) allocable to the calendar year in which the school year begins, and where the transferee corporation does not have budgeted funds for the net additional costs, the net
additional costs may be recovered by one (1) or more of the following methods in addition to any other methods provided by applicable law:

(1) An emergency loan made under IC 21-2-21-6 to be paid, out of the debt service levy and fund, or a loan from any state fund made available for the net additional costs.

(2) An advance in the calendar year of state funds, which would otherwise become payable to the transferee corporation after such calendar year under law.

(3) A grant or grants in the calendar year from any funds of the state made available for the net additional costs.

(b) The net additional costs must be certified by the department of local government finance, and any grant shall be made solely after affirmative recommendation of the school property tax control board established by IC 6-1.1-19-4.1. Repayment of any advance or loan from the state shall be made in accordance with IC 6-1.1-19-4.5(d). The use of any of the methods in this section does not subject the transferor corporation to IC 6-1.1-19-4.7.

Sec. 24. Transfer tuition for each school year shall be paid by the transferor corporation during the term of the year and following the end of term in four (4) installments within ten (10) days after the first day of November, February, May and August, respectively. The first three (3) payments shall be calculated on the basis of estimates based on the previous year's cost per student and the enrollment for the day schools are open in the transferee corporation next preceding the applicable payment date.

Sec. 25. (a) Payment of the operating cost must be paid from and receipted to the respective general funds of the transferor and transferee corporations.

(b) Payment of capital costs must be made by the transferor corporation, at its discretion, from any fund or source and be receipted by the transferee corporation, at its discretion, either to the cumulative building fund or to the debt service fund.

Sec. 26. The transferor corporation shall provide each transferred student transportation to and from the school in the transferee corporation to which the student is assigned. However, the transferor corporation may require the transferred student to walk a reasonable distance from the student's home to school or to a transportation pickup point.

Sec. 27. Transportation must be provided by the transferor corporation to each transferred student under IC 20-27. However, the
transferor corporation may contract with the transeree corporation to provide transportation to the transferred students (the transferor corporation paying the costs of transportation) and that the transferor corporation, in addition to the other means of financing the purchase of transportation equipment, may make the purchases out of its cumulative building fund.

Sec. 28. Transportation costs for transferred students for each calendar year or for capital outlay and for operations shall be reimbursed by the state to the transferor corporation in the same percent of the total outlay that the distributions to the transferor corporation under IC 21-3-1.5-3, or from the state flat grant distribution account where it is credited to the general fund, constitute its total annual general fund appropriations for such year. In this calculation, there shall be excluded from general fund appropriations capital outlay, debt service, and any expenditure that is made out of the general fund from extracurricular accounts. Any amount not reimbursed and raised as part of the transferor corporation’s general fund levy constitutes an increase in its base tax levy for that budget year, as otherwise defined and as applied in IC 6-1.1-1-16 and IC 6-1.1-19. The state reimbursement for transportation operating expense to the transferor corporation may not be less than it would receive under applicable law without regard to this section.

Sec. 29. (a) The provisions of sections 19 through 29 of this chapter concerning the calculation of transfer tuition, the credits for state distribution, state reimbursement of transportation costs, or other state reimbursement may be implemented by rules adopted by the state board.

(b) The state board shall adopt rules for the enforcement of the payment of transfer tuition. The payment enforcement may include the withholding of state support from the transferor corporation for the benefit of the transeree corporation.

(c) A transferor or the transeree corporation may dispute the amount of transfer tuition or state reimbursement by petitioning the state superintendent. Any dispute in the amount of transfer tuition or state reimbursement shall be determined by the state superintendent.

Chapter 12. Textbooks

Sec. 1. (a) Except as provided in subsections (b) and (c) and notwithstanding any other law, each governing body shall purchase from a contracting publisher, at a price equal to or less than the net contract price, the textbooks adopted by the state board and selected
by the proper local officials, and shall rent these textbooks to each
student enrolled in a public school that is:
   (1) in compliance with the minimum certification standards of
       the board; and
   (2) located within the attendance unit served by the governing
       body.
   (b) This section does not prohibit the purchase of textbooks at the
       option of a student or the providing of free textbooks by the governing
       body under sections 6 through 21 of this chapter.
   (c) This section does not prohibit a governing body from
       suspending the operation of this section under a contract entered into
       under IC 20-26-15.
Sec. 2. (a) A governing body may purchase from a contracting
publisher, at a price equal to or less than the net contract price, any
textbook adopted by the state board and selected by the proper local
officials. The governing body may rent these textbooks to students
enrolled in any public or nonpublic school that is:
   (1) in compliance with the minimum certification standards of
       the state board; and
   (2) located within the attendance unit served by the governing
       body.
The annual rental rate may not exceed twenty-five percent (25%) of
the retail price of the textbooks.
   (b) Notwithstanding subsection (a), the governing body may not
       assess a rental fee of more than fifteen percent (15%) of the retail
       price of a textbook that has been:
       (1) adopted for usage by students under IC 20-20-5;
       (2) extended for usage by students under IC 20-20-5-2; and
       (3) paid for through rental fees previously collected.
   (c) This section does not limit other laws.
Sec. 3. (a) Upon a written determination by the governing body of
a school corporation that a textbook is no longer scheduled for use in
the school corporation, the governing body may sell, exchange,
transfer, or otherwise convey the textbook. However, before a
governing body may mutilate or otherwise destroy a textbook, the
governing body must first comply with the following provisions:
   (1) Subsection (b).
   (2) Subsection (c).
   (3) Section 4 of this chapter.
   (4) Section 5 of this chapter.
(b) Before a governing body may mutilate or otherwise destroy a textbook, the governing body shall provide at no cost and subject to availability one (1) copy of each textbook that is no longer scheduled for use in the school corporation to:

(1) the parent of each student who is enrolled in the school corporation and who wishes to receive a copy of the textbook; and

(2) if any textbooks remain after distribution under subdivision (1), to any resident of the school corporation who wishes to receive a copy of the textbook.

(c) If a governing body does not sell, exchange, transfer, or otherwise convey unused textbooks under subsection (a) or (b), each public elementary and secondary school in the governing body's school corporation shall provide storage for at least three (3) months for the textbooks in the school corporation. A school corporation may sell or otherwise convey the textbooks to another school corporation at any time during the period of storage.

Sec. 4. (a) A school corporation shall compile a list of textbooks in storage under section 3 of this chapter. The list must include the names of the publishers and the number of volumes being stored. The list must be mailed to the department. The department shall maintain a master list of all textbooks being stored by school corporations.

(b) Upon request, the state superintendent shall mail to a nonprofit corporation or institution located in Indiana a list of textbooks available for access. A nonprofit corporation or institution may acquire the textbooks from the appropriate school corporation by paying only the cost of shipping and mailing.

Sec. 5. Textbooks stored for at least three (3) months under section 3 of this chapter may not be mutilated or destroyed and must be maintained and stored according to regulations prescribed by local and state health authorities. Textbooks that have not been requested after at least three (3) months may be mutilated, destroyed, or otherwise disposed of by the school corporation.

Sec. 6. (a) Sections 7 through 21 of this chapter apply to elementary and high school libraries that contain free textbooks. The textbooks must be adopted by the board and selected by the proper local officials.

(b) As used in sections 6 through 21 of this chapter, "resident student" means a student enrolled in any of the grades in any school located in a school corporation, whether the student resides there or
Sec. 7. (a) If a petition requesting the establishment of an elementary school library is filed with a governing body, the governing body shall provide a library containing textbooks in sufficient numbers to meet the needs of every resident student in each of the eight (8) grades of each elementary school. The petition must be signed by at least fifty-one percent (51%) of the registered voters of the governing body's school corporation.

(b) This subsection applies to a governing body that has established an elementary school library under subsection (a). If a petition requesting establishment of a high school library is filed with the governing body, the governing body shall provide a library containing textbooks in sufficient numbers to meet the needs of every resident student in each of the four (4) grades of each high school. (c) A clerk employed under subsection (b) shall take an oath to perform honestly and faithfully. The clerk is entitled to daily compensation of not more than three dollars ($3) for this work.

(2) a high school library containing textbooks in sufficient numbers to meet the needs of every resident student in each of the four (4) grades of each high school located within the school corporation;

as applicable.
Sec. 14. (a) This subsection applies to a school corporation described in section 13(1) of this chapter. The governing body shall make the first appropriation from the school corporation’s general fund in August following the petition's filing. Not later than the school term following the first appropriation, the library must be established and textbooks must be loaned to resident students enrolled in the first five (5) grades of the elementary school. Not later than the second school term following the first appropriation, textbooks must be procured and loaned to resident students enrolled in the eight (8) grades of the elementary school.

(b) This subsection applies to a school corporation described in section 13(2) of this chapter. The governing body shall make the first appropriation from the school corporation’s general fund in September following the petition's filing. Not later than the second school term following the first appropriation, the library must be established and textbooks of the library must be loaned to resident students enrolled in grade nine of the high school. During each following school term, textbooks must be procured and loaned to resident students for an additional high school grade, in addition to the earlier high school grades.

Sec. 15. (a) A governing body shall requisition the necessary textbooks from the contracting publishers approved by the state board. The contracting publisher shall ship the textbooks to the governing body not more than ninety (90) days after the requisition. On receipt of the textbooks, the governing body’s school corporation has custody of the textbooks. The governing body shall provide a receipt to the contracting publisher and reimburse the contracting publisher the amount owed by the school corporation from the school corporation’s general fund.

(b) A governing body shall purchase textbooks:
   (1) from a resident student who presents the textbooks for sale on or before the beginning of the school term in which the books are to be used;
   (2) with money from the school corporation’s general fund; and
   (3) at a price based on the original price to the school corporation minus a reasonable reduction for damage from usage.

(c) The proper school authorities shall purchase any textbooks that are to be used during any school year from any dealer:
   (1) whose business is located in the county in which the school
corporation is located; and
(2) who was authorized to sell textbooks before March 1, 1935.
The purchase price may not exceed the price paid by the dealer to the contracting publisher.

Sec. 16. Upon receipt of the textbooks, a governing body shall loan the textbooks at no charge to each resident student. Library textbooks are available to each resident student under this chapter and under regulations prescribed by the superintendent and governing body of the school corporation.

Sec. 17. (a) If a student transfers to a school corporation other than the one in which the student resides under IC 20-26-11, the governing body of the school corporation to which the student transfers shall purchase a sufficient supply of books for the transferred student.

(b) In the annual settlement between the school corporations for tuition of transferred students, the amounts must include rental of the books furnished to the transferred students. The state board shall determine the rental rate.

Sec. 18. A governing body may provide a sufficient number of textbooks for sale to resident students at the price stipulated in the contracts under which the textbooks are supplied to the governing body’s school corporation. Proceeds from sales under this section must be paid into the school corporation’s general fund.

Sec. 19. A governing body shall provide sufficient library facilities for the textbooks to best accommodate the resident students.

Sec. 20. A governing body shall prescribe reasonable rules and regulations for the care, custody, and return of library textbooks. A resident student using library textbooks is responsible for the loss, mutilation, or defacement of the library textbooks, other than reasonable wear.

Sec. 21. A governing body shall provide for the fumigation or destruction of library textbooks at the times and under regulations prescribed by local and state health authorities. Before a governing body may mutilate or otherwise destroy a textbook, the governing body shall provide at no cost and subject to availability one (1) copy of each textbook that is no longer scheduled for use in the school corporation to:

(1) the parent of each child who is enrolled in the school corporation and who wishes to receive a copy of the textbook; and

(2) if any textbooks remain after distribution under subdivision
Sec. 22. If a school corporation purchases textbooks on a time basis:

(1) the schedule for payments shall coincide with student payments to the school corporation for textbook rental; and

(2) the schedule must not require the school corporation to assume a greater burden than payment of twenty-five percent (25%) within thirty (30) days after the beginning of the school year immediately following delivery by the contracting publisher with the school corporation’s promissory note evidencing the unpaid balance.

Sec. 23. (a) A school corporation may:

(1) borrow money to buy textbooks; and

(2) issue notes, maturing serially in not more than six (6) years and payable from its general fund, to secure the loan.

However, when an adoption is made by the state board for less than six (6) years, the period for which the notes may be issued is limited to the period for which that adoption is effective.

(b) Notwithstanding subsection (a), a school township may not borrow money to purchase textbooks unless a petition requesting such an action and bearing the signatures of twenty-five percent (25%) of the resident taxpayers of the school township has been presented to and approved by the township trustee and township board.

Sec. 24. (a) The superintendent shall establish procedures for textbook adoption. The procedures must include the involvement of teachers and parents on an advisory committee for the preparation of recommendations for textbook adoptions. The majority of the members of the advisory committee must be teachers, and at least forty percent (40%) of the committee must be parents. These recommendations shall be submitted to the superintendent in accordance with the established procedures in the local school corporation.

(b) The governing body, upon receiving these recommendations from the superintendent, shall adopt from the state textbook adoption lists a textbook for use in teaching each subject in the school corporation.

(c) A special committee of teachers and parents may also be appointed to review books, magazines, and audiovisual material used or proposed for use in the classroom to supplement state adopted
textbooks and may make recommendations to the superintendent and
the governing body concerning the use of this material.

(d) A textbook selected shall be used for the lesser of:
   (1) six (6) years; or
   (2) the effective period of the state board's adoption of that
textbook.

(e) A selection may be extended beyond that period for up to six (6)
years if the governing body is granted a waiver under section 28 of
this chapter.

Sec. 25. (a) After a local superintendent has selected textbooks
under this chapter, and not later than July 1, when new contracts
become effective, the superintendent shall forward to the state board
a list of those selections for all subjects and grades.

(b) The state board shall:
   (1) examine the lists forwarded under subsection (a); and
   (2) if the state board finds a deviation from the state adopted list
and a waiver has not been granted under section 28 of this
chapter, notify the local superintendent of the deviation.

If the school corporation does not comply with this chapter within
thirty (30) days after receiving the notification, the state board shall
cancel the accreditation of the offending schools.

Sec. 26. If a family moves during the school term from one (1)
school corporation to another within the state, the corporation from
which they move shall:
   (1) evaluate the affected children's textbooks; and
   (2) offer to purchase the textbooks at a reasonable price for
resale to any family that moves into that corporation during a
school term.

Sec. 27. It is unlawful for a person, firm, or school corporation to
sell selected textbooks at a price exceeding one hundred twenty
percent (120%) of the net price submitted to the state board. The
person, firm, or school corporation shall pay all transportation
charges.

Sec. 28. (a) After giving the advisory committee under section 24 of
this chapter an opportunity to give its recommendation, the governing
body may request a waiver from the adoption requirements of this
chapter if the governing body believes that the educational needs of
the students attending the school corporation can best be served by:
   (1) not adopting a textbook; or
   (2) adopting a textbook that has not been adopted by the state
board under this chapter.

(b) A request for a waiver must be submitted on a form approved by the state board before June 1 of the year preceding the first school year for which the waiver is to apply.

(c) The state board shall grant the waiver if it determines that the request is reasonable.

Chapter 13. Graduation Rate Determination

Sec. 5. (a) If a school corporation requires funds to purchase a school bus for cash, the school corporation may, instead of issuing general obligation bonds, negotiate for and borrow funds or purchase the school bus on an installment conditional sales contract or a promissory note secured by the school bus.

(b) To effect a loan, the school corporation shall execute a negotiable note or notes to the lender. The notes may not extend for more than six (6) years and are payable at the same times and in the same manner as provided for security agreements in section 2 of this chapter.

(c) Before a note described in this section is executed, an appropriation for the amount of the purchase price of the school bus and any incidental expenses connected with the purchase or the loan, must be made in the same manner as other appropriations are made, except that the amount of the appropriation is not limited by the amount of funds available at the time of the loan or purchase or by the amount of funds to be raised by a tax levy effective at the time of the loan.

(d) A petition to borrow, a notice to taxpayers, or other formality is not necessary to borrow funds under this section except as specifically provided in this chapter.

Sec. 6. (a) The purchase of a school bus shall be made in the same manner as provided by law for the purchase of school supplies by a school corporation.

(b) If a school bus is purchased under a security agreement, the required notice to bidders or solicitation of bids must set:

(1) the length of time the security agreement shall run; and
(2) the terms of the security agreement, including the security agreement price and interest rate.

(c) The low bid for a security agreement shall be determined by adding to each bidding price the net interest cost and then comparing
the totals of the price and interest on each bid. Any difference between
the cash and the security agreement prices may not be considered a
charge under section 2 of this chapter. Instead, a separate statement
of each price shall be made to enable the governing body to determine
the advisability of purchasing a school bus under a security
agreement.

Sec. 7. Notwithstanding any other provision of this chapter, a
school corporation may negotiate and enter into loans, security
agreements, or leases with the Indiana bond bank for the acquisition
and financing of a school bus.

Sec. 8. This chapter does not affect the validity or legality of a
negotiable instrument, conditional sales contract, purchase money
mortgage contract, or promissory note executed and delivered before
July 1, 1965, by a school corporation and given for the purchase of a
school bus in accordance with Indiana law that was specifically
repealed or repealed by implication by Acts 1965, c.259.

Chapter 5. Transportation Contracts

Sec. 1. This chapter does not apply to a nonpublic school or to a
school bus driver contract executed for a nonpublic school.

Sec. 2. The governing body of a school corporation may provide
transportation for students to and from school.

Sec. 3. If a school corporation provides transportation for students,
the governing body of the school corporation is responsible for
obtaining the necessary school buses and school bus drivers.

Sec. 4. (a) If a school corporation owns the school bus equipment
in its entirety, the school corporation may employ a school bus driver
on a school year basis in the same manner as other noninstructional
employees are employed.

(b) If a school corporation employs a school bus driver under
subsection (a), the employment contract between the school
corporation and the school bus driver must be in writing.

(c) A school corporation that hires a school bus driver under this
section shall purchase and carry public liability and property damage
insurance covering the operation of school bus equipment in
compliance with IC 9-25.

(d) Sections 5 through 32 of this chapter do not apply to the
employment of a school bus driver hired under this section.

Sec. 5. (a) If a school bus driver is required to furnish the school
bus body or the school bus chassis, or both, the governing body of the
school corporation shall enter into a written transportation contract
with the school bus driver.

(b) The transportation contract may include a provision allowing the school bus driver to be eligible for the life and health insurance benefits and other fringe benefits available to other school personnel.

Sec. 6. (a) When a fleet contractor is required to provide two (2) or more school buses and school bus drivers, the governing body of the school corporation shall enter into a written fleet contract with the fleet contractor.

(b) The fleet contract may include a provision allowing the school bus drivers to be eligible for the life and health insurance benefits and other fringe benefits available to other school personnel.

Sec. 7. Transportation or fleet contracts may either be:

1. negotiated and let after receiving bids on the basis of specifications, as provided for in section 10 of this chapter; or
2. negotiated on the basis of proposals by a bidder in which the bidder suggests additional or altered specifications.

A school corporation negotiating and executing a transportation contract shall comply with section 5 and sections 9 through 16 of this chapter. A school corporation negotiating and executing a fleet contract shall comply with sections 8 through 16 of this chapter.

Sec. 8. (a) The governing body of a school corporation shall adopt specifications for transportation and fleet contracts before entering into a transportation or fleet contract under section 5 or 6 of this chapter.

(b) The specifications shall be prepared and placed on file in the office of the governing body at least fifteen (15) days before the advertised date for beginning negotiations or receiving proposals or bids. However, if a school corporation is under the jurisdiction of a county superintendent of schools, the specifications shall be placed on file in the office of the county superintendent.

(c) All specifications are public records and are open, during regular office hours, for inspection by the public.

Sec. 9. The specifications for contracts adopted under section 8 of this chapter must include the following:

1. A description of the route for which the contract is to be let.
2. The approximate number of students to be transported on the route.
3. The approximate number of miles to be traveled each school day on the route.
4. The type of school bus equipment required to be furnished by
the school bus driver or fleet contractor, including the seating capacity of the equipment required.
(5) The amount of public liability and property damage insurance coverage, if any, required to be furnished by the school bus driver or fleet contractor. If a school corporation owns either the chassis or the body of the school bus equipment, the specifications must recite the amount and kind of insurance coverage required to be furnished by a bidding school bus driver. In addition to the amount and kind of insurance set forth in the specifications, the governing body, the school bus driver, or the fleet contractor may, at their own election and at their own expense, carry additional insurance, including health, accident, and medical payments insurance.
(6) The amount of surety bond required to be furnished by the school bus driver.
(7) The length of the term for which the contract may be let. However, a township trustee may not enter into a school bus contract that has a term extending beyond the June 30 following the expiration date of the trustee’s term of office.
(8) Any other relevant information necessary to advise a prospective bidder of the terms and conditions of the transportation contract or fleet contract.

Sec. 10. (a) The governing body shall give notice to the public at least ten (10) days before beginning negotiations or receiving proposals or bids for transportation or fleet contracts. Notice shall be given in the manner provided by IC 5-3-1. The notice must include the following information:
(1) That the governing body will negotiate, receive proposals, or receive bids for transportation contracts and fleet contracts on a specified date.
(2) That the governing body will execute contracts for the school bus routes of the school corporation.
(3) That the specifications for the routes and related information are on file in the office of the governing body or in the office of the county superintendent.
(b) A transportation or fleet contract may not be negotiated until notice has been given under this section.

Sec. 11. (a) Except as provided in subsection (b), if the duration of a transportation or fleet contract is for more than one (1) full school year, the contract must be let before the May 1 preceding the
(b) A contract described in subsection (a) that is let after the May 1 preceding the beginning of the first school year covered by the contract is valid if the contract was let after May 1 due to an emergency situation.

Sec. 12. (a) If a transportation or fleet contract is let under sections 5 through 11 of this chapter, or let after renegotiation under section 16 of this chapter, the contract shall be awarded to the lowest responsible bidder, subject to the limitations in this section and in sections 14 and 15 of this chapter.

(b) The governing body may refuse to award the bid to the lowest responsible bidder if the amount of the bid is not satisfactory to the school corporation.

Sec. 13. Before a bidder may be awarded a transportation contract, the bidder must meet the following conditions:

1. The bidder must meet the physical requirements prescribed in IC 20-27-8-1 as evidenced by a certificate signed by an Indiana physician who has examined the bidder.

2. The bidder must hold a valid public passenger chauffeur's license or commercial driver's license issued by the bureau of motor vehicles.

Sec. 14. A governing body may reject any or all bids. If a bid is not received for a specified route, the governing body may either readvertise for bids or negotiate a contract for the route without further advertising.

Sec. 15. The governing body may alter a school bus route at any time. If the altered route is longer than the route in the original contract, the school bus driver or fleet contractor shall be paid additional compensation for each additional mile or fraction of a mile. The additional compensation shall be based on the average rate per mile in the original contract.

Sec. 16. The governing body may require the school bus driver or fleet contractor to furnish equipment with greater seating capacity at any time. When a school bus driver or fleet contractor is required to furnish different equipment during the term of the contract, the contracting parties may mutually agree to the cancellation of the existing contract and renegotiate a new contract for the balance of the term of the original contract. Action taken by a governing body under section 15 of this chapter does not preclude simultaneous action under this section.
Sec. 17. Notwithstanding any other provision in this chapter, the governing body may, with the consent of the other party or parties to the contract, amend an existing transportation or fleet contract to make any necessary adjustments caused by a fluctuation in the cost of fuel that occurs during the term of the contract.

Sec. 18. If highway or road conditions require a school bus driver to drive a greater distance than provided by the contract, additional compensation shall be paid to the school bus driver or fleet contractor. The additional compensation shall be computed as if the governing body had lengthened the route under section 15 of this chapter.

Sec. 19. A transportation or fleet contract entered into under this chapter may not be sold or assigned except by written agreement of both parties to the original contract and by the assignee or purchaser of the contract.

Sec. 20. After notice to the governing body or its authorized agent, a school bus driver may provide a substitute driver for any of the following reasons:

(1) Illness of the school bus driver.
(2) Illness or death of a member of the school bus driver's family.
(3) Compulsory absence of a school bus driver because of jury duty.
(4) Performance of services and duties related to the Indiana State Association of School Bus Drivers, Inc.
(5) Performance of services and duties required by service in the general assembly.
(6) Attendance at meetings of the committee.
(7) Management by a school bus driver of the school bus driver's personal business affairs. However, a school bus driver may not be absent for management of personal business affairs for more than ten (10) days in any one (1) school year without the approval of the governing body.

Sec. 21. A substitute school bus driver may not operate a school bus unless the substitute school bus driver meets the standards required by IC 20-27-8-1 and has been approved by the governing body or its authorized agent.

Sec. 22. (a) A school bus driver's transportation contract may be terminated for:

(1) incompetency;
(2) physical disability;
(3) negligence; or
(4) failure to faithfully perform the school bus driver's duties under the contract; only after the school bus driver has received notice and a hearing.

(b) Notice under subsection (a) must:
   (1) be in writing; and
   (2) allow a reasonable time before the hearing.

(c) The school bus driver may appear at a hearing under subsection (a) either in person or by counsel.

Sec. 23. A school bus driver may not consume an alcoholic beverage during school hours or while operating a school bus. A transportation contract may be terminated without hearing upon presentation of reliable evidence that a school bus driver has consumed an alcoholic beverage:
   (1) during school hours;
   (2) while operating a school bus; or
   (3) while performing the school bus driver's duties.

Sec. 24. When a physical examination reveals that a school bus driver is physically unfit to perform the transportation contract, the school bus driver shall:
   (1) furnish a substitute school bus driver who is qualified under section 21 of this chapter; or
   (2) assign the school bus driver's transportation contract, if the governing body approves, to a person qualified under this chapter.

Sec. 25. (a) If a school bus driver is found physically unfit and fails to perform the duty required by section 24 of this chapter, the governing body may terminate the school bus driver's contract after the school bus driver has been given notice and an opportunity for a hearing.

(b) Notice under subsection (a) must:
   (1) be in writing; and
   (2) allow a reasonable time before the hearing.

(c) The school bus driver may appear at a hearing under subsection (a) either in person or by counsel.

Sec. 26. A fleet contract entered into under this chapter must provide the following:
   (1) The fleet contractor is responsible for the employment, physical condition, and conduct of every school bus driver employed by the fleet contractor.
   (2) The fleet contractor shall submit to the governing body a list
of the names, addresses, telephone numbers, and route assignments of all regular and substitute school bus drivers employed by the fleet contractor.

(3) All school bus drivers employed by the fleet contractor must meet the physical, moral, and license standards prescribed in IC 20-27-8.

(4) School bus drivers employed by a fleet contractor shall attend the annual safety meeting for school bus drivers sponsored by the committee and the state police department in accordance with IC 20-27-8-9.

(5) Failure to employ school bus drivers who meet and maintain the physical, moral, and license standards of IC 20-27-8, or failure to compel attendance of a school bus driver at the annual safety meeting, is a breach of contract and may result in termination of the fleet contract and in forfeiture of the surety bond.

Sec. 27. If a transportation or fleet contract is canceled by a governing body under this chapter, the governing body may purchase the school bus equipment owned by the school bus driver or fleet contractor and used under the transportation contract. The purchase price is the fair market value of the equipment as determined by agreement of the governing body and the school bus driver or fleet contractor.

Sec. 28. A school bus driver or fleet contractor operating a transportation or fleet contract shall furnish a surety bond conditioned on faithful performance of the contract. The governing body shall specify the amount of bond required.

Sec. 29. A governing body may enter into a contract for student transportation with a regular route common carrier that operates under the jurisdiction of the department of state revenue.

Sec. 30. Each common carrier contract made under section 29 of this chapter must provide the following:

(1) The common carrier is solely responsible for the employment, physical condition, and conduct of every school bus driver employed by the carrier.

(2) The carrier must submit a certificate to the governing body showing that any school bus driver used in performing the contract meets the physical standards required by IC 20-27-8-1(7).

Sec. 31. When a school bus driver is employed by a common carrier
to assist in performing a common carrier contract made under section 29 of this chapter, the school bus driver is exempt from mandatory physical examinations required under this article, except to the extent that examination may be necessary for a common carrier to comply with section 30(2) of this chapter.

Sec. 32. A bus operated under a common carrier contract is not required to be constructed, equipped, or painted as specified under this article or the rules of the committee unless the bus:

(1) is operated exclusively for the transportation of students to and from school; or
(2) must be operated more than three (3) miles outside the corporation limit of a city or town in order to perform the contract.

Sec. 33. A person who violates this chapter commits a Class C misdemeanor.

Chapter 6. Parents' Supplemental Transportation Contracts

Sec. 1. This chapter does not apply to a nonpublic school or to a nonpublic school bus driver contract executed for a nonpublic school.

Sec. 2. Parents may provide bus transportation for students enrolled in a public school who are not provided transportation by the school corporation.

Sec. 3. (a) The parents of public school students not provided bus transportation by the school corporation may contract jointly with a school bus driver to provide transportation under a parents' supplemental transportation contract.

(b) A parents' supplemental transportation contract is subject to the approval of the governing body of the school corporation where the students transported under the contract reside, and a school bus operated under the contract is under the supervision and direction of the governing body.

Sec. 4. A parents' supplemental transportation contract must include the following:

(1) The type of school bus equipment to be furnished by the school bus driver, including a provision that the contract incorporate by reference any equipment requirements prescribed by the committee.
(2) Incorporation by reference of the safety, training, and inspection requirements of the committee and the state.
(3) The amount of liability and property damage insurance required to be furnished by the school bus driver. The amount of
insurance must be commensurate with insurance furnished by a school bus driver operating under a transportation contract with a school corporation.

(4) Any other relevant information necessary to advise the parties of the terms and conditions of the contract.

Sec. 5. Before a school bus driver may enter into a parents' supplemental transportation contract, the school bus driver must meet the following prerequisites:

(1) The school bus driver must meet all physical requirements required of school bus drivers by the committee, including the requirements under IC 20-27-8-1.

(2) The school bus driver must obtain the physical fitness certificate required of all school bus drivers by IC 20-27-8-4.

(3) The school bus driver must have a valid public passenger chauffeur's license issued by the bureau of motor vehicles.

(4) The school bus driver must meet any additional requirements required by the contracting parents.

Sec. 6. A substitute school bus driver may not operate a school bus unless the substitute school bus driver meets the standards required by IC 20-27-8-1 or any other committee requirements for substitute school bus drivers.

Sec. 7. (a) Except as provided in subsections (b) and (d), a school bus operating under a parents' supplemental transportation contract may only be used for the following purposes:

(1) Transportation of eligible students to and from school.

(2) Transportation of eligible students and necessary adult chaperones to and from an activity that is sponsored, controlled, supervised, or participated in by the governing body of the school corporation.

(b) Except as provided in subsection (c), the following conditions apply to a school bus operating under a parents' supplemental
transportation contract that is used for a purpose described in subsection (a):

(1) Students may not be accompanied by more than four (4) adult sponsors or chaperones per school bus.

(2) Transportation must originate from a point within the geographical limits of the school district served by the affected school bus driver.

(3) The group to be transported shall be residents of the affected school district.

(4) Transportation may not exceed one hundred (100) highway miles from point of origin.

(c) Subsection (b) does not apply if transportation can be furnished by a common carrier of passengers that operates under the jurisdiction of the department of state revenue. If transportation is furnished by a common carrier of passengers that operates under the jurisdiction of the department of state revenue, IC 20-27-9-3(b) applies.

(d) A school bus operating under a parents' supplemental transportation contract may be used for the following purposes:

(1) Travel to and from a garage or repair area for maintenance or repair.

(2) Transportation requested by a governmental authority during a local, state, or national emergency.

(3) Transportation of an agricultural worker engaged in cultivating, producing, or harvesting crops under IC 20-27-9-10.

(4) Travel to a school bus driver's residence or parking facility following an authorized use described in this section.

Sec. 8. A person who violates this chapter commits a Class C misdemeanor.

Chapter 7. School Bus Inspection and Registration

Sec. 1. The state police department shall annually inspect all special purpose buses and school buses, including those operated by a nonpublic school to transport students. The inspection of a school bus must determine whether the school bus complies with the safety requirements prescribed for school bus construction and equipment in the rules of the committee.

Sec. 2. The owner of a school bus or special purpose bus shall present the school bus or special purpose bus for the inspection required under section 1 of this chapter at the date, time, and place
Sec. 3. If the inspection required under section 1 of this chapter reveals that a school bus meets all safety requirements, the inspecting officer shall issue to the owner of the school bus a certificate that the school bus has been inspected and that it complies with the safety requirements. Except as provided in sections 5 through 7 of this chapter, a certificate of inspection issued under this section is valid until September 30 of the school year following the school year for which the certificate is issued.

Sec. 4. A school bus may not be used to transport passengers unless a valid certificate of inspection issued under section 3 of this chapter is displayed as viewed from the outside on the lower left corner of the windshield of the school bus. However, if the left corner position obstructs the school bus driver’s view, the inspection sticker may be positioned on the bottom of the windshield so as to minimize the obstruction to the school bus driver’s view.

Sec. 5. A school bus that is sold or has the ownership transferred to a new owner must be presented for an inspection under section 2 of this chapter before the school bus may be used to transport passengers. If the school bus meets the requirements specified under section 3 of this chapter, the state police department shall issue a new certificate of inspection for the school bus. A certificate of inspection issued under this section is valid until September 30 of the school year following the school year for which the certificate is issued.

Sec. 6. In addition to the inspection required under section 1 of this chapter, a school bus that was manufactured at least twelve (12) years before the year for which a certificate of inspection is being sought must be presented for inspection not less than five (5) months nor more than seven (7) months after the inspection required under section 1 of this chapter is completed. If the school bus meets the requirements specified in section 3 of this chapter, the state police department shall issue a new certificate of inspection for the school bus. A certificate of inspection issued for a school bus described in this section is valid for seven (7) months after the date the certificate is issued.

Sec. 7. If a school bus has received damage in an accident that has put the school bus out of service because of passenger safety concerns, the school bus must be presented for an inspection under section 2 of this chapter before the school bus may be used to transport passengers. If the school bus meets the requirements specified in
section 3 of this chapter, the state police department shall issue a new certificate of inspection for the school bus. A certificate of inspection issued under this section is valid until September 30 of the school year following the school year for which the certificate is issued.

Sec. 8. The inspection of a special purpose bus shall consist of an inspection to determine the existence and condition of the vehicle's:

1. brakes;
2. lights (headlamps, tail lamps, brake lights, clearance lights, and turn signals);
3. steering and suspension;
4. exhaust systems;
5. general body condition; and
6. tires.

Sec. 9. A school bus or special purpose bus must be maintained to meet the minimum standards set forth by the committee when transporting passengers.

Sec. 10. If the inspection of a special purpose bus or a school bus performed under this chapter reveals any material defect that renders the school bus unsafe and in noncompliance with any safety requirements established by the committee or with the safety requirements of this chapter, the inspecting officer shall issue a temporary certificate of inspection for the special purpose bus or school bus. The following apply to a temporary certificate of inspection issued under this section:

1. The certificate shall be displayed as viewed from the outside in the lower left corner of the windshield of the special purpose bus or school bus. However, if the left corner position obstructs the driver's view, the temporary certificate of inspection may be positioned on the bottom of the windshield so as to minimize the obstruction to the driver's view.
2. The certificate is valid for thirty (30) days.

Sec. 11. Upon being issued a temporary certificate of inspection under section 10 of this chapter, the owner of a special purpose bus or school bus shall have the special purpose bus or school bus repaired to meet the minimum standards under this chapter. After having the special purpose bus or school bus repaired to meet the minimum standards under this chapter, the owner of the special purpose bus or school bus shall present the special purpose bus or school bus for an inspection under section 2 of this chapter.

Sec. 12. If after being repaired under section 11 of this chapter a
special purpose bus or school bus meets the minimum standards under this chapter, the state police department shall issue a certificate of inspection under section 3 of this chapter.

Sec. 13. If:

(1) after being repaired under section 11 of this chapter a special purpose bus or school bus does not meet the minimum standards under this chapter; or

(2) a special purpose bus or school bus is not repaired to meet the minimum standards under this chapter;

the state police department shall issue an out-of-service order and certificate for the special purpose bus or school bus. Each out-of-service order and certificate shall be served personally on the driver of the special purpose bus or school bus and a copy shall be forwarded to the governing body of the school corporation that controls the operation of the special purpose bus or school bus. After an out-of-service order and certificate have been issued, the affected special purpose bus or school bus may not be used to transport passengers until all defects have been corrected.

Sec. 14. An out-of-service certificate issued under section 13 of this chapter shall be displayed as viewed from the outside in the lower left corner of the windshield of the special purpose bus or school bus for which the certificate is issued. However, if the left corner position obstructs the driver's view, the out-of-service certificate may be positioned on the bottom of the windshield so as to minimize the obstruction to the driver's view. The out-of-service certificate may be removed only by the state police department following an inspection that verifies that the special purpose bus or school bus meets the minimum standards under this chapter.

Sec. 15. (a) An out-of-service order may be appealed to the committee not more than five (5) days after service of the order.

(b) Not more than ten (10) days after an appeal, the committee shall review the order and decide the matter.

(c) The committee may:

(1) uphold;

(2) modify; or

(3) set aside;

the order.

(d) While an out-of-service order is appealed, the order remains in full force until set aside or modified by the committee.

Sec. 16. When the owner of a school bus applies for a registration
plate, the owner shall submit with the application a certificate of inspection and safety issued under this chapter. If the certificate does not accompany an owner's application, the bureau of motor vehicles may not issue a registration plate.

Sec. 17. A school bus driver shall be charged the same annual registration fee for a school bus that is operated under:

(1) a transportation contract with a school corporation; or
(2) a parents' supplemental transportation contract.

Sec. 18. (a) A school corporation that owns a school bus or a special purpose bus and uses the school bus or special purpose bus to transport students is exempt from the payment of the annual registration fee for the school bus or special purpose bus. On application by a school corporation, the commissioner of motor vehicles shall furnish registration number plates for exempted vehicles without charge. Application for registration of exempted vehicles shall be:

(1) made whenever a newly acquired school bus or special purpose bus requires a registration number plate;
(2) made whenever a registration number plate is transferred from one (1) school bus or special purpose bus owned by the school corporation to another school bus or special purpose bus owned by the school corporation;
(3) made in the name of the school corporation that owns the school bus or special purpose bus to be registered; and
(4) signed by the proper official of the school corporation.

(b) An owner other than a school corporation that owns a school bus or a special purpose bus and uses the school bus or special purpose bus to transport students is not exempt from annual registration or payment of the annual registration fee for school buses.

Sec. 19. A person who violates this chapter commits a Class C misdemeanor.

Notwithstanding subsection (a)(5)(B), a school corporation or school bus driver may not employ an individual who is less than twenty-one (21) years of age as a school bus monitor unless the school corporation or school bus driver does not receive a sufficient number of qualified applicants for employment as a school bus monitor who are at least twenty-one (21) years of age. A school corporation or school bus driver shall maintain a record of applicants, their ages, and their qualifications to show compliance with this subsection.

Sec. 2. (a) Before a school corporation enters into a:
   (1) contract with a school bus driver; or

the school corporation shall obtain, at no fee from the bureau of motor vehicles, a copy of the school bus driver's driving summary for the last seven (7) years as maintained by the bureau of motor vehicles or the equivalent agency in another state.

The certificate shall be made by an Indiana physician after the physician has conducted a physical examination of the school bus driver or prospective school bus driver. The physician shall be chosen by the school bus driver or prospective driver, who shall pay for the examination.

Sec. 5. chapter.
(b) A semipermanent teacher who holds an indefinite contract
under IC 20-28-6-10 may not be discharged or have the teacher's
contract canceled except as provided in sections 2 through 5 of this
chapter.
(c) A school corporation and the school corporation's proper
officers shall retain a permanent or semipermanent teacher until the
teacher's indefinite contract is properly terminated.
(d) If subsection (a), (b), or (c) is violated, the permanent or
semipermanent teacher may bring an action for mandate as provided
by law against the proper officers of the school corporation for an
order requiring the officers to reinstate the teacher and restore the
teacher to full rights as a permanent or semipermanent teacher.

Sec. 7. (a) A permanent or semipermanent teacher may not cancel
an indefinite contract during the school term of the contract or during
the thirty (30) days before the beginning date of the school term unless
the cancellation is mutually agreed upon. A permanent or
semipermanent teacher may cancel the teacher's indefinite contract at
any other time by giving five (5) days notice to the school corporation.

(b) A permanent or semipermanent teacher who cancels the
teacher's indefinite contract in any manner other than as provided in
subsection (a) is guilty of unprofessional conduct, for which the state
superintendent may suspend the teacher's license for not more than
one (1) year.

Sec. 8. A contract entered into by a nonpermanent teacher and a
school corporation continues in force on the same terms and for the
same wages, unless increased under IC 20-28-9-1 and IC 20-28-9-2, for
the next school term following the date of termination set in the
contract. However, the contract does not continue if any of the
following occur:

(1) The school corporation refuses continuation of the contract
under sections 9 and 10(b) of this chapter.
(2) The teacher delivers or mails by registered or certified mail
to the school corporation the teacher's written resignation.
(3) The contract is replaced by another contract agreed to by the
parties.

Sec. 9. Before a teacher is refused continuation of the contract
under section 8 of this chapter, the teacher has the following rights,
which shall be strictly construed:

(1) The principal of the school at which the teacher teaches must
provide the teacher with an annual written evaluation of the
teacher's performance before January 1 of each year. Upon the
request of a nonpermanent teacher, delivered in writing to the
principal not later than thirty (30) days after the teacher receives
the evaluation required by this section, the principal shall
provide the teacher with an additional written evaluation.
(2) On or before May 1, the school corporation shall notify the
teacher that the governing body will consider nonrenewal of the
contract for the next school term. The notification must be:

(A) written; and
(B) delivered in person or mailed by registered or certified mail to the teacher at the teacher's last known address.

(3) Upon the request of the teacher, and not later than fifteen (15) days after the teacher's receipt of the notice of the consideration of contract nonrenewal, the governing body or the superintendent of the school corporation shall provide the teacher with a written statement, which:

(A) may be developed in an executive session; and

(B) is not a public document;

 giving the reasons for the nonrenewal of the teacher's contract.

Sec. 10. (a) A teacher who receives notice of the nonrenewal of the teacher's contract under section 9 of this chapter may request a conference under this section.

(b) A conference shall be held:

(1) with the governing body; or

(2) at the direction of the governing body, with the superintendent of the school corporation or the superintendent's designee;

not more than ten (10) days after the day the governing body receives a teacher's request for a conference. If the first conference is not with the governing body, the teacher may request a second conference, which must be held with the governing body at a time mutually agreeable to both parties and not more than twenty (20) days after the day the governing body receives the request for a second conference, or before the end of the school year, whichever is earlier.

(c) The governing body may, in addition to a conference under this section, require that the superintendent of the school corporation or the superintendent's designee and the teacher summarize in writing the position of each party with respect to the continuation of the contract.

(d) At a conference under this section:

(1) the governing body, the superintendent of the school corporation, or the superintendent's designee shall provide full and complete information supporting the reasons given for noncontinuance; and

(2) the teacher shall provide any information demonstrating that noncontinuance of the contract is improper.

(e) A conference under this section with the governing body shall be in executive session unless the teacher requests a public conference. The teacher may have a representative at any conference.
(f) The governing body shall vote on the continuation of the teacher's contract not more than ten (10) days after a conference under this section.

Sec. 11. The periods set out in section 10(b) of this chapter shall be extended for a reasonable period:

1. when a teacher or school official is ill or absent from the school corporation;
2. when the teacher requests a public conference, but a public conference held within the periods of section 10(b) of this chapter violates IC 5-14-1.5-5; or
3. for other reasonable cause.

Sec. 12. The governing body of a school corporation may decide not to continue a teacher's contract under sections 8 through 11 of this chapter:

1. for any reason considered relevant to the school corporation's interest; or
2. because of a teacher's inability to perform the teacher's teaching duties.

Sec. 13. (a) This chapter may not be construed to limit the provisions of a collective bargaining agreement negotiated under IC 20-29.

(b) This chapter does not prohibit a school employer and an exclusive representative from collectively bargaining contracts that alter the requirements of sections 1 through 6 and sections 8 through 12 of this chapter and IC 20-28-9-21 through IC 20-28-9-23.

(c) This chapter may not be construed to limit the rights of a school employer and an exclusive representative (as defined in IC 20-29-2-9) to mutually agree to binding arbitration concerning teacher dismissals.

(d) If the school employer and the exclusive representative mutually agree to binding arbitration of teacher dismissals:

1. the arbitrator shall determine whether the hearing will be open to the public; and
2. the written decision of the arbitrator must be:
   (A) presented to the governing body in an open meeting; and
   (B) made available to the public for inspection and copying.

Sec. 14. (a) This section does not apply to an individual who works at a conversion charter school (as defined in IC 20-24-1-5) for purposes of the individual's employment with the school corporation that sponsored the conversion charter school.
(b) A contract entered into after August 15 between a school corporation and a teacher is void if the teacher, at the time of signing the contract, is bound by a previous contract to teach in a public school. However, another contract may be signed by the teacher that will be effective if the teacher:

(1) furnishes the governing body a release by the employers under the previous contract; or
(2) shows proof that twenty-one (21) days written notice was delivered by the teacher to the first employer.

(c) A governing body may request from a teacher, at the time of contracting, a written statement as to whether the teacher has signed another teaching contract. However, the teacher's failure to provide the statement is not a cause for subsequently voiding the contract.

Sec. 15. (a) A township trustee may not contract with a teacher if the teacher’s term of service under the contract begins after the expiration of the trustee’s term of office.

(b) A contract that violates subsection (a) is void as to the trustee's township and school fund. However, the trustee is personally liable to the teacher for all services rendered under the contract and all damages sustained by reason of the contract.

Chapter 8. Contracts with School Administrators

Sec. 1. A school corporation may provide in the contract of a principal or of any of the principal's administrative assistants compensation for services performed for a time, either before or after the school term, as considered necessary by the governing body.

Sec. 2. A contract of employment shall be entered into between the governing body of the school corporation and a principal or assistant principal subject to the following conditions:

(1) The basic contract must be the regular teacher's contract as prescribed by the state superintendent.
(2) The term of the initial contract must be the equivalent of at least two (2) school years.
(3) The contract may be altered, modified, or rescinded in favor of a new contract at any time by mutual consent of the governing body of the school corporation and the principal or assistant principal, if the contract, when reduced to writing, is consistent with this chapter.

Sec. 3. (a) Before February 1 of the year during which the contract of an assistant superintendent, a principal, or an assistant principal is due to expire, the governing body of the school corporation, or an
employee at the direction of the governing body, shall give written notice of renewal or refusal to renew the individual's contract for the ensuing school year.

(b) If notice is not given before February 1 of the year during which the contract is due to expire, the contract then in force shall be reinstated only for the ensuing school year.

(c) This section does not prevent the modification or termination of a contract by mutual agreement of the assistant superintendent, the principal, or the assistant principal and the governing body.

Sec. 4. (a) At least thirty (30) days before giving written notice of refusal to renew a contract under section 3 of this chapter, the governing body, or an employee at the direction of the governing body, shall inform the assistant superintendent, the principal, or the assistant principal by written preliminary notice that:

(1) the governing body is considering a decision not to renew the contract; and

(2) if the individual files a request with the school corporation for a private conference not later than five (5) days after receiving the preliminary notice, the individual is entitled to a private conference with the superintendent of the school corporation.

(b) If the individual files a request with the school corporation for an additional private conference not later than five (5) days after the initial private conference with the superintendent of the school corporation, the individual is entitled to an additional private conference with the governing body of the school corporation before being given written notice of refusal to renew the contract.

(c) The preliminary notice required under this section must include the governing body's reasons for considering a decision not to renew.

Sec. 5. The evaluation of a principal's performance may not be based wholly on the ISTEP program test scores under IC 20-32-5 of the students enrolled at the principal's school. However, the ISTEP program test scores under IC 20-32-5 of the students enrolled at a principal's school may be considered as one (1) of the factors in the evaluation of the principal's overall performance at the school.

Sec. 6. A contract entered into by a governing body and its superintendent is subject to the following conditions:

(1) The basic contract must be in the form of the regular teacher's contract.

(2) The contract must be for a term of at least thirty-six (36) months.
(3) The contract may be altered or rescinded for a new one at any time by mutual consent of the governing body and the superintendent. The consent of both parties must be in writing and must be expressed in a manner consistent with this section and sections 7 through 8 of this chapter.

(4) The rights of a superintendent as a teacher under any other law are not affected by the contract.

Sec. 7. A superintendent's contract terminates on the following dates and under the following conditions only:

(1) On any date, if the governing body and the superintendent mutually consent.

(2) Before the expiration date set forth in the contract, if the governing body terminates the contract for cause under a statute that sets forth causes for dismissal of teachers. However, the governing body must give the superintendent proper notice and, if the superintendent requests a hearing at least ten (10) days before the termination, must grant the superintendent a hearing at an official meeting of the governing body.

(3) On the expiration date set forth in the contract, if the governing body not later than January 1 of the year in which the contract expires gives notice to the superintendent in writing, delivered in person or by registered mail.

(4) On the expiration date set forth in the contract, if the superintendent not later than January 1 of the year in which the contract expires gives proper notice in writing to the governing body.

Sec. 8. If the governing body fails to give a termination notice under section 7(3) of this chapter, the superintendent's contract is extended for twelve (12) months following the expiration date of the contract.

Sec. 9. A managing body may provide in the contract of a local director compensation for services performed for a time, either before or after the school term, as considered necessary by the managing body.

Sec. 10. A contract of employment shall be entered into between the managing body and a local director subject to the following conditions:

(1) The basic contract must be the regular teacher's contract as prescribed by the state superintendent.

(2) The minimum term of the initial contract must be the
equivalent of two (2) school years.

(3) The contract may be altered, modified, or rescinded in favor of a new contract at any time by mutual consent of the managing body and the local director if the written contract is consistent with this chapter.

Sec. 11. (a) Before February 1 of the year during which the contract of a local director is due to expire, the managing body, or an employee at the direction of the managing body, shall give written notice of renewal or refusal to renew the local director's contract for the ensuing school year.

(b) If notice is not given before February 1 of the year during which the contract is due to expire, the contract then in force is reinstated only for the ensuing school year.

(c) This section does not prevent the modification or termination of a contract by mutual agreement of the local director and the managing body.

Sec. 12. (a) At least thirty (30) days before giving written notice of refusal to renew a contract under section 11 of this chapter, the managing body, or an employee at the direction of the managing body, shall inform the local director by written preliminary notice that:

(1) the managing body is considering a decision not to renew the contract; and

(2) if the local director files a request with the managing body for a private conference not later than five (5) days after receiving the preliminary notice, the local director is entitled to a private conference with the superintendent, president, trustee, or other head of the managing body.

(b) If the local director files a request with the managing body for an additional private conference not more than five (5) days after the initial private conference with the superintendent, president, trustee, or other head of the managing body, the local director is entitled to an additional private conference with the managing body before being given written notice of refusal to renew the contract.

(c) The preliminary notice required under this section must include the managing body's reasons for considering a decision not to renew.

Chapter 9. Salary and Related Payments

Sec. 1. (a) A teacher’s minimum salary each school year must be computed based on the teacher's training, experience, and degree completed as of the teacher's first day of service.

(b) If a teacher is licensed by the board on:
(1) the first day of service in the current school year; or
(2) another date as agreed by the school employer and the exclusive representative under IC 20-29;
the teacher's minimum salary is computed under section 2 of this chapter.

Sec. 2. A teacher's minimum salary for service during a nine (9) month school term is computed as follows:
(1) For a teacher who has completed four (4) years or one hundred forty-four (144) weeks of professional training, five thousand two hundred dollars ($5,200), plus:
   (A) an additional increment of one hundred fifty dollars ($150) after each of the first ten (10) years of experience; and
   (B) an additional increment of two hundred fifty dollars ($250) after each of the following years of experience:
      (i) The fifteenth.

   (B) an additional increment of three hundred dollars ($300) after each of the following years of experience:
      (i) The nineteenth.
      (ii) The twentieth.
      (iii) The twenty-second.
      (iv) The twenty-fourth.
      (v) The twenty-sixth.
      (vi) The thirtieth.
(3) For a teacher who has completed less than four (4) years of professional training, four thousand seven hundred dollars ($4,700), plus an additional increment of one hundred twenty dollars ($120) after each of the first ten (10) years of experience.

Sec. 3. If:
(1) the school term of;
(2) a teacher's contract with;
a school corporation is longer or shorter than nine (9) months, the minimum salary as computed under section 2 of this chapter must be proportionately increased or decreased.
Sec. 4. (a) The board shall require each teacher to hold:
   (1) a bachelor's degree from an accredited teacher training
   institution to qualify for the first time for classification under
   section 2(1) of this chapter; and
   (2) a master's degree to qualify for the first time for classification
   under section 2(2) of this chapter.
   (b) A teacher may not receive credit for five (5) years of training
   under section 2(2) of this chapter unless the teacher has completed at
   least a bachelor's degree.

Sec. 5. In computing the annual salary of a teacher or when
    distributing state funds, an amount of less than fifty cents ($0.50) is
    dropped while an amount of fifty cents ($0.50) or more is rounded up
    to the next whole dollar.

Sec. 6. (a) The governing body shall fix wages for substitute
    teachers.
    (b) A substitute teacher may be engaged without a written contract.

Sec. 7. (a) An individual who:
   (1) holds:
       (A) a professional license;
       (B) a provisional license;
       (C) a limited license; or
       (D) an equivalent license issued by the board; and
   (2) serves as an occasional substitute teacher;
    shall be compensated on the pay schedule for substitutes of the school
    corporation the individual serves.
    (b) An individual who:
        (1) holds a:
            (A) professional license; or
            (B) provisional license; and
        (2) serves as a substitute teacher in the same teaching position for
            more than fifteen (15) consecutive school days;
    shall be compensated on the regular pay schedule for teachers of the
    school corporation the individual serves.

Sec. 8 An individual who holds a substitute license shall be
    compensated on the pay schedule for substitutes of the school
    corporation the individual serves.

Sec. 9. (a) Each teacher may be absent from work with pay:
    (1) on account of illness or quarantine for ten (10) days the first
        year and seven (7) days in each succeeding year (referred to as
        "sick days" in this chapter); and
(2) for death in the teacher’s immediate family for a period extending not more than five (5) days beyond the death.

(b) If the teacher does not use all the teacher's sick days in a school year, the unused days accumulate up to a total of ninety (90) days. However, each teacher shall be credited with the accumulative days accrued to the teacher on January 1, 1966.

Sec. 10. (a) This section applies whenever a teacher accumulates at least one (1) sick day and then is employed in another school corporation.

(b) Beginning in the teacher's second year, the teacher's employer shall add up to three (3) sick days each year to the number of sick days to which the teacher is entitled under section 9(a) of this chapter until the accumulated sick days to which the teacher was entitled in the teacher's last employment are exhausted.

Sec. 11. Absences that are not described in sections 9 through 10 of this chapter may be taken with pay when agreed on by the school employer and the exclusive representative under IC 20-29.

Sec. 12. A school corporation may adopt regulations governing the payment or part payment of teachers and then make payments in accordance with those regulations to teachers who are absent because of:

(1) sickness;
(2) attending school conventions or meetings;
(3) visiting other schools; or
(4) a death in the immediate family.

Sec. 13. A school corporation may establish a voluntary sick day bank:

(1) to which a teacher may contribute unused sick days; and
(2) from which a contributing teacher may draw sick days when the contributing teacher's accumulated sick days are exhausted.

Sec. 14. Each teacher may have at least two (2) days each year with pay for the transaction of personal business or the conduct of personal or civic affairs. The teacher shall submit to the superintendent a written statement describing the reason and necessity for the absence.

Sec. 15. If during the term of the teacher's contract:

(1) the school is closed by order of the:
   (A) school corporation; or
   (B) health authorities; or
(2) school cannot be conducted through no fault of the teacher; the teacher shall receive regular payments during that time. If a
canceled student instructional day (as defined in IC 20-30-2-2) is rescheduled to comply with IC 20-30-2, each teacher and (notwithstanding IC 20-27-8-7) each school bus driver shall work on that rescheduled day without additional compensation.

Sec. 16. A school may be closed for up to two (2) weeks for Christmas holidays without payment of teachers' salaries. Closing the school for Christmas holidays does not shorten the length of the school term.

Sec. 17. The governing body of a school city may pay the salary of teachers for Saturdays in addition to the other days that school is in session.

Sec. 18. (a) Upon a teacher's written request, a governing body shall withhold the requested amount of money from the salary of the teacher for a purpose described in subsection (c).

(b) Upon a written request from a beneficiary of the Indiana state teachers' retirement fund, a governing body may receive a given amount of money for a purpose described in subsection (c).

(c) The governing body shall hold the amounts described in subsections (a) and (b) and pay the amounts, as requested by the teacher or the beneficiary, to an insurance company or other agency or organization in Indiana that provides, extends, supervises, or pays for:

(1) insurance or other protection; or
(2) the establishment of or payment on an annuity account; for the teacher. If a dividend accrues on a policy, the dividend shall be paid or credited to the teacher.

(d) If less than twenty percent (20%) of the teachers employed by a governing body request payment of the amounts described in subsection (c) to a single recipient, withholding the amounts of money for insurance, dues, or other purposes is discretionary with the governing body.

Sec. 19. (a) If a governing body of a school corporation agrees to a retirement, savings, or severance pay plan with a teacher or with an exclusive representative under IC 20-29, the benefits may be paid to:

(1) the teacher who is eligible under a negotiated retirement, savings, or severance pay plan; or
(2) in the case of the teacher's death:
   (A) the teacher's designated beneficiary; or
   (B) the teacher's estate, if there is no designated beneficiary. Payments may be made in a lump sum or in installments as agreed
upon by the parties or to a savings plan established under IC 5-10-1.1-1(2).

(b) Notwithstanding IC 6-1.1-20, the payments under this section shall be made from the general fund of the school corporation and may be made for a period exceeding one (1) year.

Sec. 20. A teacher who is employed by a school corporation that provides a health insurance plan for its employees may participate in the health insurance plan upon retirement under IC 5-10-8.

Sec. 21. (a) This section and sections 22 through 23 of this chapter apply to the suspension of a teacher without pay when the procedure for the cancellation of the teacher’s contract under IC 20-28-7-3 through IC 20-28-7-5 do not apply.

(b) A teacher may be suspended from duty without pay only for the following reasons:

(1) Immorality.
(2) Insubordination, which means the willful refusal to obey the state school laws or reasonable rules prescribed for the government of the school corporation.
(3) Neglect of duty.
(4) Substantial inability to perform teaching duties.
(5) Good and just cause.

Sec. 22. A teacher may be suspended without pay only under the following procedure:

(1) The teacher must be notified in writing not more than forty (40) days and not less than thirty (30) days before the date of the consideration of the date, time, and place for the consideration by the school corporation of the suspension of the teacher without pay.

(2) The teacher shall be furnished, not later than five (5) days after a written request, a written statement of the reasons for the consideration.

(3) The teacher may file a written request for a hearing not later than fifteen (15) days after receipt of the notice of this consideration.

(4) If a request for a hearing is filed, the teacher must be given a hearing before the governing body on a day not earlier than five (5) days after filing the request.

(5) The teacher must be given at least five (5) days notice of the date, time, and place of the hearing.

(6) At the hearing, the teacher is entitled:
(A) to a full statement of the reasons for the proposed suspension without pay; and
(B) to be heard and to present the testimony of witnesses and other evidence bearing on the reasons for the proposed suspension without pay.

(7) A teacher may not be suspended without pay until:
(A) the date is set for consideration of the suspension without pay;
(B) after a hearing is held, if a hearing is requested by the teacher; and
(C) except on the suspension of a superintendent's contract, the superintendent has given recommendations on the suspension not later than five (5) days after the school corporation makes the request for recommendations.

(8) After complying with this section, the governing body of the school corporation may suspend a teacher without pay for a reasonable time by a majority vote evidenced by a signed statement in the minutes of the board.

The vote to suspend a teacher without pay described in subdivision (8) must be taken by the governing body on the date and at the time and place specified in subdivision (1).

Sec. 23. The governing body may appoint an agent (who is not an employee of the school corporation but who may be a member of the governing body or an attorney retained to administer the hearing proceedings under this section) to issue subpoenas for the attendance of witnesses for either party at the hearing under section 22 of this chapter. A subpoena issued under this section shall be:
(1) served by the party who seeks to compel the attendance of a witness; and
(2) upon application to the court by the party, enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action.

Sec. 24. (a) This section applies to an examination that is required for teacher licensure under this chapter.
(b) If an individual does not demonstrate the level of proficiency required to receive a license on all or a part of an examination, the examination's scorer must provide the individual with the individual's test scores, including subscores for each area tested.

Chapter 10. Conditions of Employment

Sec. 1. (a) A school corporation may grant a teacher a leave of
absence not to exceed one (1) year for:

(1) a sabbatical;
(2) a disability leave; or
(3) a sick leave.

(b) The school corporation may grant consecutive leaves to a teacher.

c) A school corporation may grant partial compensation for a leave in an amount the school corporation determines. However, if a teacher on a sabbatical serves an employer that agrees to reimburse the school corporation in whole or in part of the amount of the teacher's regular salary, the school corporation may grant full or partial compensation.

d) A teacher who is pregnant shall be granted a leave of absence for the period provided in and subject to section 5 of this chapter.

e) Except where a contract is not required under IC 20-28-7 in a situation that occurs before or after the commencement of leave, the teacher and the school corporation shall execute a regular teacher's contract for each school year in which any part of the teacher's leave is granted.

(f) The teacher has the right to return to a teaching position for which the teacher is certified or otherwise qualified under the rules of the state board.

Sec. 2. (a) Except as provided in section 1 of this chapter, rights existing at the time a leave commences that arise from a teacher's:

(1) status as a permanent teacher;
(2) accumulation of successive years of service;
(3) service performed under a teacher's contract under IC 20-28-6-8; or
(4) status or rights negotiated under IC 20-29;
remain intact.

(b) During a leave the teacher may maintain coverage in a group insurance program by paying the total premium including the school corporation's share, if any, attributable to the leave period. The school corporation may elect to pay all or part of the cost of the premium as an adopted or negotiated fringe benefit to teachers on leave.

(c) During a leave extending into a part of a school year, a teacher accumulates sick leave under IC 20-28-9-9 through IC 20-28-9-12, or a salary schedule of the school corporation that provides greater sick leave, in the same proportion that the number of days the teacher is paid during the year for work or leave bears to the total number of
days for which teachers are paid in the school corporation.

(d) Except as provided in section 1 of this chapter, during a leave of a nonpermanent teacher, the period of probationary successive years of service under a teacher's contract that is a condition precedent to becoming a permanent teacher under IC 20-28-6-8 is uninterrupted for that teacher. However, this probationary period may not include an entire school year spent on leave.

(e) All or part of a leave granted for sickness or disability, including pregnancy related disability, may be charged at the teacher's discretion to the teacher's available sick days. However, the teacher is not entitled to take accumulated sick days when the teacher's physician certifies that the teacher is capable of performing the teacher's regular teaching duties. The teacher is entitled to complete the remaining leave without pay.

Sec. 3. (a) A school corporation may grant a teacher, on written request, a sabbatical for improvement of professional skills through:

(1) advanced study;

(2) work experience;

(3) teacher exchange programs; or

(4) approved educational travel.

(b) After taking a sabbatical, the teacher shall return for a length of time equal to that of the sabbatical leave.

Sec. 4. (a) A school corporation may place a teacher, with or without written request, on a disability or sick leave not to exceed one (1) year.

(b) A teacher placed on a disability or sick leave without a written request is entitled to a hearing on that action under IC 20-28-7-1 and IC 20-28-7-3 through IC 20-28-7-5.

Sec. 5. (a) A teacher who is pregnant may continue in active employment as late into pregnancy as the teacher wishes, if the teacher can fulfill the requirements of the teacher's position.

(b) Temporary disability caused by pregnancy is governed by the following:

(1) A teacher who is pregnant shall be granted a leave of absence any time between the commencement of the teacher's pregnancy and one (1) year following the birth of the child, if the teacher notifies the superintendent at least thirty (30) days before the date on which the teacher wishes to start the leave. The teacher shall notify the superintendent of the expected length of this leave, including with this notice either:
(A) a physician’s statement certifying the teacher's pregnancy; or
(B) a copy of the birth certificate of the newborn;
whichever is applicable. However, in the case of a medical emergency caused by pregnancy, the teacher shall be granted a leave, as otherwise provided in this section, immediately on the teacher's request and the certification of the emergency from an attending physician.

(2) All or part of a leave taken by a teacher because of a temporary disability caused by pregnancy may be charged, at the teacher's discretion, to the teacher’s available sick days. However, the teacher is not entitled to take accumulated sick days when the teacher's physician certifies that the teacher is capable of performing the teacher's regular teaching duties. The teacher is entitled to complete the remaining leave without pay. However, the teacher may receive compensation for the pregnancy leave under a collective bargaining agreement or, if the teacher is not represented by an exclusive representative, by governing body policy.

Sec. 6. (a) This section and sections 7 through 11 of this chapter apply to a teacher who through:
(1) volunteering; or
(2) statutory selection;
enters defense service on a full-time basis.

(b) Because the United States Congress has decreed that it is imperative to increase and train United States armed forces personnel, this section and sections 7 through 11 of this chapter:
(1) provide protection for teachers who have been called to leave their positions to defend the nation due to the necessity of war or a state of emergency;
(2) preserve the status and contract rights under the laws to any teacher who enters the defense service; and
(3) place those teachers in a position that the defense service does not operate as an interruption of teaching service because the contract rights that each teacher had when entering the defense service are preserved during that service the same as if the teacher had not entered the service.

Sec. 7. A permanent teacher:
(1) with an indefinite contract under IC 20-28-6-8; and
(2) who is described in section 6(a) of this chapter;
is granted a leave of absence during the defense service.

Sec. 8. (a) If a nonpermanent teacher who is described in section 6(a) of this chapter enters the defense service, the teacher's contract as a teacher and the teacher's rights to probationary successive years under contract are preserved with the school corporation as the teacher had them when entering the defense service.

(b) The period of probationary successive years of service under a teacher's contract that is a condition precedent to becoming a permanent teacher under IC 20-28-6-8 is considered uninterrupted for a teacher to whom this section applies. However, this probationary period may not include the time spent in defense service. The teacher is granted a leave of absence during the defense service.

Sec. 9. On reinstatement, the status of the teacher described in section 6(a) of this chapter is the same as when the teacher entered the defense service. All rights to changes of salary or position, except as specified in section 8 of this chapter, accrue to the teacher as if no interruption had occurred.

Sec. 10. (a) A teacher described in section 6(a) of this chapter retains the teacher's contractual rights in the Indiana state teachers' retirement fund.

(b) Contributions and payments into the retirement fund shall be made in the same manner as they are made for a member of the fund who is granted a leave of absence under the law pertaining to that fund.

(c) The teacher is granted a leave of absence during the defense service.

Sec. 11. (a) Not later than sixty (60) days after:

(1) an honorable or medical discharge; or

(2) release from active participation in the defense service;
a teacher who has received a leave of absence for defense service shall return to the school corporation for reinstatement. The school corporation shall then reinstate the teacher.

(b) If the teacher is unable to return for reinstatement within the sixty (60) day period for any reason arising from mental or physical disability, the teacher has sixty (60) days after the date of removal of the disability to apply for reinstatement.

(c) On reinstatement or on written resignation submitted to the school corporation, the teacher's leave of absence and defense service is considered terminated.

Sec. 12. A governing body or the governing body's agent may not
make or enforce a rule or regulation concerning the employment of teachers that discriminates because of marital status.

Sec. 13. (a) A governing body may not adopt residence requirements for teachers or other school employees in the governing body's employment, assignment, or reassignment for services in a prescribed area.

(b) A school corporation that violates subsection (a) is ineligible for state funds under all enactments regarding that subject. The state superintendent and other state officials shall administer the funds accordingly on the submission of sworn proof of the existence of the discriminatory residence requirements.

Sec. 14. (a) A school corporation may not dismiss or suspend any employee because of affiliation with or activity in an organization unless that organization advocates:

(1) the overthrow of the United States government by:
    (A) force; or
    (B) the use of violence; or
(2) the violation of law;

(b) A rule or regulation contrary to subsection (a) is void.

Sec. 15. A governing body may not dismiss, suspend, or enforce a mandatory leave of absence on a teacher who is a candidate for public office unless evidence is submitted to the governing body that would substantiate a finding that the teacher's activity has:

(1) impaired the teacher's effectiveness in the teacher's service; or
(2) interfered with the performance of the teacher's contractual obligations.

A suspension is valid only during the period of the impairing activity.

Sec. 16. (a) If a teacher serves in the general assembly, the teacher shall be given credit for the time spent in this service, including the time spent for council or committee meetings. The leave for this service does not diminish the teacher's rights under the Indiana state teachers' retirement fund or the teacher's advancement on the state or a local salary schedule. For these purposes, the teacher is, despite the leave, considered teaching for the school during that time.

(b) The compensation received while serving in the general assembly shall be included for teachers retiring after June 30, 1980, in the determination of the teacher's annual compensation to compute the teacher's retirement benefit under IC 5-10.2-4. A teacher serving...
in the general assembly may choose to have deductions made from the
teacher’s salary as a legislator for contributions under either
IC 21-6.1-4-9 or IC 5-10.3-7-9.

Sec. 17. (a) Except as provided in IC 31-32-11-1, a school counselor
is immune from disclosing privileged or confidential communication
made to the counselor as a counselor by a student.

(b) Except as provided in IC 31-32-11-1, the matters communicated
are privileged and protected against disclosure.

Sec. 18. A teacher whose rights and privileges under sections 14
through 17 of this chapter are or are about to be infringed by a rule
or regulation may, in accord with the law governing injunctions, seek
to enjoin the school corporation from the infringement. A circuit or
superior court shall issue the injunction if the court finds an
infringement.

Sec. 19. (a) Each governing body and its administrators shall
arrange each teacher's daily working schedule to provide at least
thirty (30) minutes between 10 a.m. and 2 p.m. for a period free of
duties.

(b) The state superintendent shall report each failure to comply
with subsection (a) to the state board, which shall immediately inform
the governing body of each alleged violation.

(c) If the school corporation persistently fails or refuses to comply
with subsection (a) for one (1) year, the state board shall:

(1) lower the grade of accreditation of the school corporation;
and

(2) publish notice of that action in at least one (1) newspaper
published in the county.

Sec. 5. Each plan must be approved by the department. However, if an entity listed in section 2 of this chapter submits a plan to the department that complies with the requirements set out in section 3 of this chapter, the department must approve that plan.

Sec. 6. The department shall do the following:
(1) Establish guidelines for the development and implementation of the plan, including guidelines:
   (A) for the evaluation of employees within each professional licensing category;

(b) A school employee organization may file a petition asserting that:

1. twenty percent (20%) of the employees in an appropriate unit wish to be represented for collective bargaining by the school employee organization as exclusive representative; or
2. the designated exclusive representative is no longer the representative of the majority of school employees in the unit.

(c) The school employer may file a petition asserting that:

1. that one (1) or more school employee organizations have presented to the school employer a claim to be recognized as the exclusive representative in an appropriate unit; or
(2) that the school employer has good faith doubt that the previously certified school employee organization represents a majority of employees in the bargaining unit.

(d) Twenty percent (20%) of the school employees in a unit may file a petition asserting that the designated exclusive representative is no longer the representative of the majority of school employees in the unit.

(e) The board shall investigate a petition filed under subsection (b), (c), or (d). If the board has reasonable cause to believe that a question exists as to whether the designated exclusive representative or any school employee organization represents a majority of the school employees in a unit, the board shall provide for an appropriate hearing within thirty (30) days. In holding a hearing, the board is not required to comply with IC 4-21.5.

(f) If the board finds, based on the record of a hearing held under subsection (e), that a question of representation exists, the board shall direct an election by secret ballot in a unit the board determines to be appropriate.

(g) Certification as the exclusive representative may be granted only to a school employee organization that has been selected in a secret ballot election under subsection (f), by a majority of all the employees in an appropriate unit as their representative.

(h) An election described in subsection (f) may not be held in a bargaining unit if a valid election has been held in the preceding twenty-four (24) month period.

Sec. 4. In any election under this chapter, the board shall:

(1) determine who is eligible to vote in the election; and
(2) establish rules governing the election.

Sec. 5. The ballot in an election under this chapter must contain the following:

(1) The name of the petitioning school employee organization.
(2) The names of any other school employee organization showing written evidence satisfactory to the board of at least twenty percent (20%) representation of the school employees within the unit.
(3) A provision for choosing "No representation by a school employee organization."

Sec. 6. (a) The school employer shall, on receipt of the written authorization of a school employee:

(1) deduct from the pay of the employee any dues designated or
certified by the appropriate officer of a school employee organization that is an exclusive representative of any employees of the school employer; and
(2) remit the dues described in subdivision (1) to the school employee organization.

(b) Deductions under this section must be consistent with:
(1) IC 22-2-6;
(2) IC 22-2-7; and
(3) IC 20-28-9-18.

Chapter 6. Collective Bargaining
Sec. 1. School employers and school employees shall:
(1) have the obligation and the right to bargain collectively the items set forth in section 4 of this chapter;
(2) have the right and obligation to discuss any item set forth in section 7 of this chapter; and
(3) enter into a contract embodying any of the matters on which they have bargained collectively.

Sec. 2. A contract entered into under this chapter may not include provisions that conflict with:
(1) any right or benefit established by federal or state law;
(2) school employee rights set forth in IC 20-29-4-1 and IC 20-29-4-2; or
(3) school employer rights set forth in IC 20-29-4-3.

Sec. 3. (a) It is unlawful for a school employer to enter into any agreement that would place the employer in a position of deficit financing.

(b) A contract that provides for deficit financing is void to that extent, and an individual teacher’s contract executed under the contract is void to that extent.

Sec. 4. A school employer shall bargain collectively with the exclusive representative on the following:

(1) Salary.
(2) Wages.
(3) Hours.
(4) Salary and wage related fringe benefits, including accident, sickness, health, dental, or other benefits under IC 20-26-5-4 that were subjects of bargaining on July 1, 2001.

Sec. 5. A contract entered into under this chapter may contain a grievance procedure culminating in final and binding arbitration of unresolved grievances. However, the binding arbitration has no power
to amend, add to, subtract from, or supplement provisions of the contract.

Sec. 6. The obligation to bargain collectively does not include the final approval of a contract concerning any items. Agreements reached through collective bargaining are binding as a contract only if ratified by the governing body of the school corporation and the exclusive representative. The obligation to bargain collectively does not require the school employer or the exclusive representative to agree to a proposal of the other or to make a concession to the other.

Sec. 7. (a) A school employer shall discuss with the exclusive representative of certificated employees the items listed in subsection (b).

(b) A school employer may but is not required to bargain collectively, negotiate, or enter into a written contract concerning, be subject to, or enter into impasse procedures on the following matters:

1. Working conditions, other than those provided in section 4 of this chapter.
2. Curriculum development and revision.
4. Teaching methods.
5. Hiring, promotion, demotion, transfer, assignment, and retention of certificated employees, and changes to any of the requirements set forth in IC 20-28-6 through IC 20-28-8.
6. Student discipline.
7. Expulsion or supervision of students.
8. Pupil/teacher ratio.
9. Class size or budget appropriations.

(c) Items included in the 1972-1973 agreements between an employer school corporation and the school employee organization continue to be bargainable.

Sec. 8. The obligation to discuss does not require either party to enter into a contract, agree to a proposal, or make a concession. A failure to reach an agreement on a matter of discussion does not require the use of any part of the impasse procedure under IC 20-29-8.

Sec. 9. The obligation to bargain collectively or discuss a matter does not prevent:

1. a school employee from petitioning the school employer, governing body, or superintendent for a redress of the employee's grievances, either individually or through the exclusive representative; or
(2) the school employer or superintendent from conferring with a citizen, taxpayer, student, school employee, or other person considering the operation of the schools and the school corporation.

Sec. 10. Nothing shall prevent a superintendent or the superintendent's designee from making recommendations to the school employer.

Sec. 11. This chapter may not be construed to limit the rights of the school employer and the exclusive representative to mutually agree to the matters authorized under IC 20-28-7-13.

Sec. 12. Collective bargaining between a school corporation and the exclusive representative shall begin not later than one hundred eighty (180) days before the submission date of a budget by a school employer.

Sec. 13. At any time after the one hundred eighty (180) days described in section 12 of this chapter has begun, the board shall appoint a mediator if either party declares an impasse either:

(1) in the scope of the items that are to be bargained collectively; or

(2) on the substance of any item to be bargained collectively.

If after five (5) days the mediator is unsuccessful in finding a solution to the problems or in causing the parties to reach agreement, either party may request the board to initiate factfinding on the items that the parties are obligated to bargain collectively.

Sec. 14. If an agreement has not been reached on the items to be bargained collectively seventy-five (75) days before the submission date of a budget by a school employer, the board shall initiate mediation.

Sec. 15. If an agreement has not been reached on the items to be bargained collectively forty-five (45) days before the submission date of a budget by a school employer, the board shall initiate factfinding.

Sec. 16. (a) If an agreement has not been reached on the items to be bargained collectively fourteen (14) days before the submission date of a budget by a school employer, the parties shall continue the status quo, and the school employer may issue tentative individual contracts and prepare its budget on that basis. During this status quo period, in order to allow the successful resolution of the dispute, the school employer may not unilaterally change the terms or conditions of employment that are issues in dispute.

(b) This section may not be construed as relieving the school
employer or the school employee organization from the duty to bargain collectively until a mutual agreement has been reached and a contract entered as called for in this chapter.

Sec. 17. At any time after the one hundred eighty (180) days described in section 12 of this chapter has begun:

(1) either party may request mediation or factfinding on items; or
(2) the parties may act together to request mediation or factfinding on any items;

that must be bargained collectively under section 4 of this chapter.

Chapter 7. Unfair Practices
Sec. 1. It is an unfair practice for a school employer to do any of the following:

(1) Interfere with, restrain, or coerce school employees in the exercise of the rights guaranteed in IC 20-29-4.
(2) Dominate, interfere, or assist in the formation or administration of any school employee organization or contribute financial or other support to the organization. Subject to rules adopted by the governing body, a school employer may permit school employees to confer with the school employer or with any school employee organization during working hours without loss of time or pay.
(3) Encourage or discourage membership in any school employee organization through discrimination in regard to:
   (A) hiring;
   (B) tenure of employment; or
   (C) any term or condition of employment.
(4) Discharge or otherwise discriminate against a school employee because the employee has filed a complaint, affidavit, petition, or any information or testimony under this article.
(5) Refuse to:
   (A) bargain collectively; or
   (B) discuss;
with an exclusive representative as required by this article.
(6) Fail or refuse to comply with any provision of this article.

Sec. 2. It is an unfair practice for a school employee organization or the organization's agents to do any of the following:

(1) Interfere with, restrain, or coerce:
   (A) school employees in the exercise of the rights guaranteed by this article; or
(B) a school employer in the selection of its representatives for the purpose of bargaining collectively, discussing, or adjusting grievances.

This subdivision does not impair the right of a school employee organization to adopt its own rules with respect to the acquisition or retention of membership in the school employee organization.

(2) Cause or attempt to cause a school employer to discriminate against an employee in violation of section 1 of this chapter.

(3) Refuse to bargain collectively with a school employer if the school employee organization is the exclusive representative.

(4) Fail or refuse to comply with any provision of this article.

Sec. 3. This chapter does not in any way restrict the right of a:

(1) school employer; or

(2) school employee organization;

to bring suit for specific performance or breach of performance, or both, of a collective bargaining contract in any court having jurisdiction.

Sec. 4. (a) Unfair practices are remediable under this section.

(b) A school employer or a school employee who believes the employer or employee is aggrieved by an unfair practice may file a complaint under oath:

(1) setting out a summary of the facts involved; and

(2) specifying the section or sections of this article alleged to have been violated.

(c) The board shall:

(1) give notice to the person or school employee organization against whom the complaint is directed; and

(2) determine the matter raised in the complaint.

(d) Appeals may be taken under IC 4-21.5-3.

(e) A hearing examiner or agent of the board, who may be a member of the board, may:

(1) take testimony; and

(2) make findings and conclusions.

(f) The board, but not a hearing examiner or agent of the board, may enter the interlocutory orders, after summary hearing, the board considers necessary in carrying out the intent of this chapter.

Chapter 8. Impasse Procedures

Sec. 1. The purposes of mediation of disputes between school employers and exclusive representatives are the following:

(1) To delineate the problems involved in bargaining collectively.
(2) To find solutions that can reasonably be accepted by both parties.
(3) To determine common grounds, if any.

Sec. 2. The board shall establish and hire a:
(1) permanent staff of mediators; and
(2) panel of part-time mediators.

Sec. 3. When a mediator is requested or required under IC 20-29-6, the board shall appoint a mediator from the staff or panel established under section 2 of this chapter.

Sec. 4. The mediation process is confidential in nature. The mediator is not subject to the subpoena power of courts or other administrative agencies of the state regarding the subjects discussed as a part of the mediation process.

Sec. 5. The purpose of factfinding is to give a neutral advisory opinion whenever the parties are unable by themselves, or through a mediator, to resolve a dispute.

Sec. 6. (a) The board shall establish and hire a:
(1) permanent staff of factfinders; and
(2) panel of part-time factfinders.
(b) The persons described in subsection (a) may also be mediators.

Sec. 7. (a) When a factfinder is requested or required under IC 20-29-6, the board shall appoint a factfinder from the staff or panel established under section 6 of this chapter.
(b) The factfinder shall make an investigation and hold hearings as the factfinder considers necessary in connection with a dispute.
(c) The factfinder may restrict the factfinder's findings to those issues that the factfinder determines significant.
(d) The factfinder may use evidence furnished to the factfinder by:
(1) the parties;
(2) the board;
(3) the board's staff; or
(4) any other state agency.
(e) The factfinder shall make a recommendation as to the settlement of the disputes over which the factfinder has jurisdiction.
(f) The factfinder shall:
(1) make the investigation, hearing, and findings as expeditiously as the circumstances permit; and
(2) deliver the findings to the parties and to the board.
(g) The board, after receiving the findings and recommendations, may make additional findings and recommendations to the parties
based on information in:
   (1) the report; or
   (2) the board's own possession.

(h) At any time within five (5) days after the findings and recommendations
are delivered to the board, the board may make the findings and
recommendations of the factfinder and the board's additional findings and
recommendations, if any, available to the public through news media and other
means the board considers effective.

(i) The board shall make the findings and recommendations
described in subsection (h) available to the public not later than ten
(10) days after the findings and recommendations are delivered to the
board.

Sec. 8. In conducting hearings and investigations, the factfinder is
not bound by IC 4-21.5. The factfinder shall, however, consider the
following factors:
   (1) Past memoranda of agreements and contracts between the
parties.
   (2) Comparisons of wages and hours of the employees involved
with wages of other employees working for other public agencies
and private concerns doing comparable work, giving
consideration to factors peculiar to the school corporation.
   (3) The public interest.
   (4) The financial impact on the school corporation and whether
any settlement will cause the school corporation to engage in
deficit financing.

Sec. 9. The school employer and the exclusive representative may
also at any time submit any issue in dispute to final and binding
arbitration to an arbitrator appointed by the board. The award in the
arbitration constitutes the final contract between the parties for the
issue.

Sec. 10. A person who has served as a mediator in a dispute
between a school employer and an exclusive representative may not
serve as a factfinder or an arbitrator in a dispute arising in the same
school corporation within a period of five (5) years except by the
mutual consent of the parties.

Sec. 11. Mediators and factfinders may not be employed on a
full-time or part-time basis by:
   (1) a public school employer that is a school corporation; or
   (2) an organization of:
(A) public employees; or
(B) public employers; or
(3) affiliates of an organization described in subdivision (2)(A) or
(2)(B).

Sec. 12. The board shall pay the following:
(1) The compensation and expenses of any mediator or
factfinder.
(2) The cost of an arbitrator, which shall be reimbursed
equally by the two (2) parties under procedures for
collection and payment established by the board.

Sec. 13. (a) The investigation, hearing, and findings of the
factfinder must be:
(1) made as expeditiously as the circumstances allow; and
(2) delivered to the parties and to the board.
(b) The board, after receiving the findings and recommendations
under subsection (a), may make additional findings and
recommendations to the parties based upon information in the report
or in the board's possession.
(c) The board:
(1) may, at any time within five (5) days; and
(2) shall, within ten (10) days;
after receiving the findings and recommendations delivered under
subsection (a), make the findings and recommendations of the
factfinder and the board's additional findings and recommendations,
if any, available to the public through the news media and any other
means.

Sec. 14. If a school employer issues tentative individual contracts,
the board shall provide for further mediation and factfinding until an
agreement is reached.

Chapter 9. Strikes
Sec. 1. It is unlawful for:
(1) a school employee;

Sec. 2. A school corporation or school employer may in:

Chapter 7. Student Educational Achievement Grants

Sec. 1. This chapter does not apply to a nonpublic school.

Sec. 2. As used in this chapter, "fund" refers to the student educational achievement fund established by section 4 of this chapter.

Sec. 3. As used in this chapter, "grant" refers to a student educational achievement grant from the fund.

Sec. 4. (a) The student educational achievement fund is established to provide funds to stimulate and recognize improved student performance in meeting academic standards under the ISTEP program. The fund is administered by the department.

(b) The fund consists of appropriations from the general assembly.

(c) Money in the fund at the end of a state fiscal year does not revert to the state general fund.

Sec. 5. The general assembly shall determine the statewide amount available for grants in appropriations during a biennium. The maximum amount available to a school is determined by referencing the number of full-time certified teaching positions for the school. The department, under the direction of the state superintendent, shall determine the available amounts and distribute the grants earned.

Sec. 6. The education roundtable shall recommend to the state board a system for awarding and distributing grants under this chapter. A system recommended under this section must be based on graduated levels of improvement based on ISTEP program standards and other assessments recommended and approved by the education
roundtable.

Sec. 7. (a) The education roundtable shall study the use of individual student assessment data:

(1) to implement this chapter;
(2) to analyze student performance over time on various assessments; and
(3) for other purposes developed by the roundtable.

(b) Any recommendation of the education roundtable concerning the use of individual student assessment data must be tested in a pilot project before the recommendation may be implemented on a statewide basis.

Chapter 8. Assessing Improvement

Sec. 1. (a) The performance of a school’s students on the ISTEP program test and other assessments recommended by the education roundtable and approved by the state board are the primary and majority means of assessing a school’s improvement.

(b) The education roundtable shall examine and make recommendations to the state board concerning:

(1) performance indicators to be used as a secondary means of determining school progress;
(2) expected progress levels, continuous improvement measures, distributional performance levels, and absolute performance levels for schools; and
(3) an orderly transition from the performance based accreditation system to the assessment system set forth in this article.

(c) The education roundtable shall consider methods of measuring improvement and progress used in other states in developing recommendations under this section.

Sec. 2. (a) In addition to scores on the ISTEP program test and other assessments, the department shall use the performance indicators developed under section 1 of this chapter and the benchmarks and indicators of performance in each school corporation's annual performance report as a secondary means of assessing the improvement of each school and school corporation.

(b) The department shall assess improvement in the following manner:

(1) Compare each school and each school corporation with its own prior performance and not to the performance of other schools or school corporations.
(2) Compare the results in the annual report under IC 20-20-8 with the benchmarks and indicators of performance established in the plan for the same school.

(3) Compare the results for a school by comparing each student’s results for each grade with the student’s prior year results, with an adjustment for student mobility rate. The education roundtable shall make recommendations concerning the incorporation of a statistical adjustment for student mobility rates into the results.

(4) Compare the results for a school with the state average and the ninety-fifth percentile level for all assessments and performance indicators.

Sec. 3. The state board shall establish a number of categories or designations of school improvement based on the improvement that a school makes in performance of the measures determined by the board with the advice of the education roundtable. The categories or designations must reflect various levels of improvement.

Sec. 4. The state board shall place each school in a category or designation of school improvement based on the department’s findings from the assessment of the improvement of each school under section 2 of this chapter. The state board must place those schools that do not show improvement and in which less than ninety percent (90%) of the students meet academic standards in the lowest category or designation.

Chapter 9. Consequences

Sec. 1. This chapter does not apply to the following:

(1) A nonpublic school.

Sec. 2. (a) This section applies the first year that a school is placed in the lowest category or designation of school improvement.

Sec. 4. (a) This section applies if, in the fifth year after initial placement in the lowest category or designation, a school still remains in the lowest category or designation.
(b) The state board shall do the following:
   (1) Hold at least one (1) public hearing in the school corporation where the school is located to consider and hear testimony concerning the following options for school improvement:
      (A) Merging the school with a nearby school that is in a higher category.
      (B) Assigning a special management team to operate all or part of the school.
      (C) The department's recommendations for improving the school.
      (D) Other options for school improvement expressed at the public hearing, including closing the school.
      (E) Revising the school’s plan in any of the following areas:
         (i) Changes in school procedures or operations.
(ii) Professional development.
(iii) Intervention for individual teachers or administrators.

Sec. 2. (a) The principal of each school shall, upon request of the department, certify to the department the information required to determine the school's relative improvement toward each of the benchmarks and indicators considered appropriate for the school under section 1 of this chapter.

(b) Upon receiving the information described under subsection (a) for at least two (2) consecutive years, the department shall make a determination as to whether a school exhibited relative improvement toward each of the benchmarks and indicators referred to in subsection (a). The department shall notify the school in writing of its determination.

Sec. 3. Upon determining the schools that have exhibited relative improvement toward at least two (2) of the benchmarks and indicators considered appropriate for the school under section 1 of this chapter, the department shall designate those schools that receive a monetary award under this chapter.

Sec. 4. (a) Before a school may receive a monetary award under this chapter, the department shall:

(1) prepare a written report:
   (A) identifying the benchmarks and indicators considered appropriate for the school under section 1 of this chapter in which the school demonstrated relative improvement;
   (B) describing the extent to which the school demonstrated relative improvement; and
   (C) specifying the amount of the award sought for the school;
and
(2) submit the written report to the budget committee for its review.

(b) Before the department distributes a monetary award under this chapter, the governor must approve the specific award.

Sec. 5. The department may recognize and grant nonmonetary awards to schools that demonstrate relative improvement in at least one (1) of the benchmarks and indicators considered appropriate for the school under section 1 of this chapter.

Sec. 6. (a) A public school that receives a monetary award under this chapter may expend that award for any educational purpose for that school, except:
(1) athletics;
(2) salaries for school personnel; or
(3) salary bonuses for school personnel.

(b) A monetary award may not be used to determine:

(2) the tuition support under IC 21-3-1.6;

of the school corporation in which the school receiving the monetary award is located.

Sec. 7. The department shall establish guidelines necessary to implement this chapter.

As promptly as reasonably possible after placing a child in class under this section, the principal or acting chief administrative officer shall attempt to advise the child's parent of the facts of the case by telephone. The principal or acting chief administrative officer shall advise the parent of the facts of the case by mail on the same day the principal or officer receives the child.

Sec. 25. The superintendent or an attendance officer having jurisdiction may report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court. The intake officer shall proceed in accord with IC 31-30 through IC 31-40.

Sec. 26. (a) It is the duty of each:
   (1) superintendent;
   (2) attendance officer; and
   (3) state attendance official;

to enforce this chapter in their respective jurisdictions and to execute the affidavits authorized under this section. The duty is several, and the failure of one (1) or more to act does not excuse another official from the obligation to enforce this chapter.

(b) An affidavit against a parent for a violation of this chapter shall be prepared and filed in the same manner and under the procedure prescribed for filing affidavits for the prosecution of public offenses.

(c) An affidavit under this section shall be filed in the circuit court
of the county in which the affected child resides. The prosecuting
attorney shall file and prosecute actions under this section as in other
criminal cases. The court shall promptly hear cases brought under this
section.

Sec. 27. (a) It is unlawful for a parent to fail to ensure that the
parent's child attends school as required under this chapter.

(b) Before proceedings are instituted against a parent for a
violation of this section, personal notice of the violation shall be served
on the parent by the superintendent or the superintendent's designee:

(1) having jurisdiction over the public school where the child has
legal settlement; or
(2) of the transferee corporation, if the child has been
transferred.

occurrence of one of the following events:

(1) The date of personal delivery of notice.
(2) The date of receipt of the notice sent by certified mail.
(3) The date of leaving notice at the last and usual place of the
residence of the parent.

If the violation is not terminated not more than one (1) school day
after this notice is given, or if another violation is committed during
the notice period, no further notice is necessary. Each day of violation
constitutes a separate offense.

Sec. 28. (a) This section does not apply during a period when a
child is excused from school attendance under this chapter.

(b) It is unlawful for a parent to:

(1) fail;
(2) neglect; or
(3) refuse;

to send the parent's child to a public school for the full term as
required under this chapter unless the child is being provided with
instruction equivalent to that given in public schools.

Sec. 29. (a) It is unlawful for a person operating or responsible for:

(1) an educational;
(2) a correctional;
(3) a charitable; or
(4) a benevolent institution or training school;

to fail to ensure that a child under the person's authority attends
school as required under this chapter. Each day of violation of this
section constitutes a separate offense.
(b) If a child is placed in an institution or facility under a court order, the institution or facility shall charge the county office of family and children of the county of the child's legal settlement under IC 12-19-7 for the use of the space within the institution or facility (commonly called capital costs) that is used to provide educational services to the child based upon a prorated per child cost.

Sec. 30. A school corporation having an average daily attendance of at least one thousand five hundred (1,500) students constitutes a separate attendance district.

Sec. 31. (a) In a county which has been completely reorganized into one (1) or more school corporations under IC 20-23-4, the governing body of each school corporation with at least one thousand five hundred (1,500) students in average daily attendance shall appoint an attendance officer. The governing body of each school corporation that has fewer than one thousand five hundred (1,500) students in average daily attendance may appoint an attendance officer. If the governing body of a school corporation that has discretion in whether or not to appoint an attendance officer declines to make an appointment, the superintendent of the school corporation shall serve as ex officio attendance officer under section 35 of this chapter.

(b) Whenever the governing body of a school corporation makes an appointment under this section, it shall appoint an individual nominated by the superintendent. However, the governing body may decline to appoint any nominee and require another nomination. The salary of each attendance officer appointed under this section shall be fixed by the governing body. In addition to salary, the attendance officer is entitled to receive reimbursement for actual expenses necessary to properly perform the officer's duties. The salary and expenses of an attendance officer appointed under this section shall be paid by the treasurer of the school corporation.

Sec. 32. (a) In a county that has not been completely reorganized under IC 20-23-4, the governing body of each school corporation that constitutes a separate attendance district under section 3 of this chapter shall appoint an attendance officer. One (1) additional attendance officer may be appointed for every seven thousand five hundred (7,500) students in average daily attendance in the corporation.

(b) Whenever the governing body of a school corporation makes an appointment under this section, it shall appoint an individual nominated by the superintendent. However, the governing body may
decline to appoint any nominee and require another nomination. The salary of each attendance officer appointed under this section shall be fixed by the governing body. In addition to salary, the officer is entitled to receive reimbursement for actual expenses necessary to properly perform the officer’s duties. The salary and expenses of an attendance officer appointed under this section shall be paid by the treasurer of the county in which the officer serves, on a warrant signed by the county auditor. The county council shall appropriate, and the board of county commissioners shall allow, the funds necessary to make these payments. However, a warrant shall not be issued to an attendance officer until the attendance officer has filed an itemized statement with the county auditor. This statement shall show the time employed and expenses incurred. The superintendent shall approve the statement and certify that it is correct.

Sec. 33. (a) In a county that has not been completely reorganized under IC 20-23-4, all school corporations that do not individually constitute separate attendance districts under section 30 of this chapter together constitute a remainder attendance district. The governing bodies of each remainder attendance district with at least one thousand five hundred (1,500) students in average daily attendance shall appoint an attendance officer. One (1) additional attendance officer may be appointed for every seven thousand five hundred (7,500) students in average daily attendance in the district. The governing bodies of a remainder attendance district with less than one thousand five hundred (1,500) students in average daily attendance may appoint an attendance officer. If the governing bodies have discretion in whether or not to appoint an attendance officer and decline to make an appointment, the superintendent or superintendents involved shall serve as ex officio attendance officers under section 35 of this chapter.

(b) The governing bodies of the school corporations involved shall together form an appointing authority for attendance officers with the governing body of each school corporation having one (1) vote. This appointing authority shall appoint an individual nominated by the superintendent. However, the appointing authority may reject any nominee and require another nomination. The salary of each attendance officer appointed under this section shall be fixed by the appointing authority. In addition to salary, the officer is entitled to receive reimbursement for actual expenses necessary to properly perform the officer’s duties. The salary and expenses of an attendance
officer appointed under this section shall be paid by the treasurer of
the county in which the officer serves, on a warrant signed by the
county auditor. The county council shall appropriate, and the board
of county commissioners shall allow, the funds necessary to make
these payments. However, a warrant may not be issued to an
attendance officer until the officer has filed an itemized statement with
the county auditor. This statement must show the time employed and
expenses incurred. The appropriate superintendent shall approve the
statement and certify that it is correct.

Sec. 34. (a) This section applies to a county having a population of:
(1) more than twenty-seven thousand (27,000) but less than
twenty-seven thousand two hundred (27,200); or
(2) more than one hundred forty-five thousand (145,000) but less
than one hundred forty-eight thousand (148,000).

(b) Notwithstanding sections 32 and 33 of this chapter, in a county
that has not been completely reorganized under IC 20-23-4, the
governing body of each school corporation constituting a separate
attendance district under section 30 of this chapter shall appoint an
attendance officer. One (1) additional attendance officer may be
appointed for every seven thousand five hundred (7,500) students in
average daily attendance in the school corporation. The governing
body of each school corporation that does not individually constitute
a separate attendance district may appoint an attendance officer.

(c) If the governing body of the school corporation makes an
appointment under this section, it shall appoint an individual who is
nominated by the superintendent of the school corporation. However,
the governing body may decline to appoint a nominee and may require
another nomination to be made by the superintendent. If the
governing body has discretion in whether to appoint an attendance
officer under subsection (b) and declines to make an appointment, the
superintendent of the school corporation involved shall serve as ex
officio attendance officer under section 35 of this chapter.

(d) The salary, including fringe benefits, of each attendance officer
appointed under this section shall be fixed by the governing body of
the school corporation and shall be paid by the treasurer of the school
corporation.

(e) Each attendance officer appointed under this section is entitled
to receive reimbursement from the school corporation for the actual
and necessary expenses incurred by the attendance officer in the
proper performance of the attendance officer's duties.
Sec. 35. If the governing body of a school corporation elects not to appoint an attendance officer under section 31 of this chapter or an appointing authority elects not to appoint an attendance officer under section 33 of this chapter, the superintendent shall serve as an ex officio attendance officer. A superintendent acting in this capacity may designate one (1) or more teachers as assistant attendance officers. These assistant attendance officers shall act under the superintendent's direction and perform the duties the superintendent assigns. Ex officio attendance officers and assistant attendance officers appointed under this section shall receive no additional compensation for performing attendance services.

Sec. 36. The governing bodies of two (2) or more school corporations may enter into a voluntary mutual agreement for the joint employment of an attendance officer. The agreement must stipulate the manner in which the joint attendance officer is appointed, paid, and supervised. The attendance officer may then be appointed, paid, and supervised under the terms of the agreement. However, compensation for any attendance officer employed under this section shall be paid entirely by the school corporations involved with no assistance from the civil government.

Sec. 37. The governing body of a school corporation that has fewer than one thousand five hundred (1,500) students in average daily attendance may organize the school corporation as a separate attendance district and appoint an attendance officer. The governing body, in making the appointment, shall appoint an individual nominated by the superintendent. However, it may decline to appoint any nominee and require another nomination. All compensation for an attendance officer appointed under this section shall be paid by the treasurer of the school corporation in which the officer is employed.

Sec. 38. Any school corporation, attendance district, or remainder attendance district may appoint more attendance officers than are specifically authorized or required under this chapter. However, these additional attendance officers shall be appointed in the same manner as required by law for other attendance officers. Compensation for additional attendance officers appointed under this section shall be paid entirely by the school corporation or school corporations involved.

Sec. 39. An attendance officer has the following duties:

(1) To serve subject to the rules, direction, and control of the superintendent in the attendance officer's attendance district.
(2) To maintain an office at a place designated by the superintendent.
(3) To be on duty during school hours and at other times as the superintendent may request.
(4) To keep records and make reports as required by the state board.
(5) To visit the homes of children who are absent from school or who are reported to be in need of books, clothing, or parental care.
(6) Whenever the superintendent directs or approves it, to bring suit to enforce any provision of this chapter that is being violated.
(7) To serve written notice on any parent whose child is out of school illegally.
(8) To visit factories where children are employed.
(9) To perform other duties necessary for complete enforcement of this chapter.

Sec. 40. (a) Each attendance officer may serve original and other process in cases arising under this chapter.
(b) An attendance officer may enter any place where a child is employed to determine whether violations of this chapter or of IC 20-33-3 have occurred. When an attendance officer or a school official is exercising the power granted under this subsection, any officer, manager, director, employee or other person who refuses to permit the attendance officer's or the school official's entry into a place of business or interferes with his investigation in any way commits a violation of this chapter.

Sec. 41. With the exception of ex officio attendance officers, an individual may not hold the position of attendance officer unless the individual has complied with all standards of the professional standards board and has been properly licensed by that body.

Sec. 42. The state superintendent shall:
(1) prescribe duties for the state attendance officer not provided by law;
(2) fix qualifications for local attendance officers;
(3) design and require use of a system of attendance reports, records, and forms necessary for the enforcement of this chapter; and
(4) perform all other duties necessary for the complete enforcement of this chapter.
Sec. 43. (a) The state superintendent shall appoint a state attendance officer. The state attendance officer serves at the pleasure of the state superintendent and may be removed by the state superintendent at any time.

(b) The state attendance officer shall:
   (1) exercise general supervision over the attendance officers of Indiana;
   (2) visit the various attendance districts throughout Indiana;
   (3) inspect the work of the attendance officers; and
   (4) investigate the manner in which this chapter is being enforced.

(c) The state attendance officer may initiate court action whenever necessary for the enforcement of this chapter.

Sec. 44. (a) This section does not apply to section 47 of this chapter.

(b) A person who knowingly violates this chapter commits a Class B misdemeanor.

Sec. 45. (a) The state board shall exercise general supervision by resolution over the attendance system of the state.

(b) The state board may adopt rules under IC 4-22-2 pertaining to the state attendance system and the enforcement of this chapter.

Sec. 46. (a) With the approval of the state board, a superintendent may exclude or excuse a student found mentally or physically unfit for school attendance. An exclusion or excuse under this section is valid only for the school year during which it is issued.

(b) A superintendent’s action under this section must be in accordance with limitations and regulations established by the state board concerning the procedures and requirements for the complete examination of students.

(c) A student may not be compelled to undergo any examination or treatment under this chapter when the student's parent objects on religious grounds, which consists of a good faith reliance on spiritual means or prayer for healing. The objection is not effective unless it is:
   (1) made in writing;
   (2) signed by the student's parent; and
   (3) delivered to the student's teacher or to the individual who might order an examination or treatment absent the objection.

A student may not be excluded under this section except as provided under IC 20-33-8.

Sec. 47. (a) A school corporation may develop and implement a system of notifying the parent of a student when:
(1) the student fails to attend school; and
(2) the student does not have an excused absence for that day.

(b) A school corporation or an accredited nonpublic school shall report to the local health department the percentage of student absences above a threshold determined by the department by rule adopted under IC 4-22-2.

(c) If a school corporation implements a notification system under this chapter, the attendance officer or the attendance officer's designee shall make a reasonable effort to contact by telephone the parent of each student who has failed to attend school and does not have an excused absence for that day.

(d) If an attendance officer or an attendance officer's designee has made a reasonable effort to contact a parent under subsection (c), the school corporation is immune from liability for any damages suffered by the parent claimed because of failure to contact the parent.

Chapter 3. Limitations on the Employment of Students

Sec. 1. This chapter does not apply to a parent who employs the parent's own child or a person standing in place of a parent who employs a child in the person's custody, except for:

Sec. 6. (a) An employment certificate is not required for a child who is at least fourteen (14) years of age but less than eighteen (18)

      (A) farm labor; or
      (B) domestic service; or
   (2) act as a:
      (A) caddie for a person playing golf; or

However, this exemption applies only when a child is engaged in an occupation listed in this section during the hours when the child is not required to be in school.

(b) An employment certificate is not required for a child less than eighteen (18) years of age who:
   (1) works as an actor or performer if the provisions of section 32 of this chapter are met; or
   (2) has graduated from high school.

Sec. 7. (a) This chapter applies to a child less than eighteen (18) years of age who is employed or is seeking employment in Indiana.

(b) A child less than eighteen (18) years of age who is a resident of Indiana and who requires an employment certificate shall obtain the employment certificate from the issuing officer of the:
   (1) accredited school (as described in IC 20-19-2-8(a)(5)) that the child attends; or

   (1) a guidance counselor;
   (2) a school social worker; or

(b) During the times in which the individual described in subsection (a) is not employed by the school or when school is not in session, there shall be an issuing officer available:

(1) who is a teacher licensed by the professional standards board under IC 20-28-4 or IC 20-28-5; and
(2) whose identity and hours of work shall be determined by the principal.

Sec. 9. When an employer wants to employ an individual who represents the individual's age to be at least eighteen (18) years of age but less than twenty-one (21) years of age, the employer may request the issuing officer to issue an employment certificate for the prospective employee. It is the duty of the issuing officer to issue a certificate when an employer makes a request under this section.

Sec. 10. (a) An issuing officer may issue an employment certificate only to a child whose employment is necessary and only after receipt of the following two (2) documents:

(1) Proof of age as set forth under section 11 of this chapter.

School records of age that have been verified by a birth certificate may be substituted by the issuing officer for a birth certificate.
(2) A baptismal certificate or a certified transcript of the record of baptism showing the child's date of birth and place of baptism.
(3) Other documentation, including:

The physician's or superintendent's statement shall be accompanied by a statement of the child's age signed by the child's parent and by available school records.

(b) The documents that may constitute proof of age under this section are listed in preferential order. The issuing officer shall require the document of age under subsection (a)(1) in preference to a document under subsection (a)(2), (a)(3), or (a)(4). To avoid delay, the documents under subsection (a)(2), (a)(3), or (a)(4) may be accepted if the issuing officer files a written statement that verification of date of birth has been requested from the appropriate governmental agency but has not been received.

Sec. 12. (a) As proof of prospective employment, the issuing officer shall require a written statement that:
(1) is signed by the person for whom the child is to work; and
(2) sets forth the nature of work that the child is to perform.
(b) When a child's employment terminates, the employer shall immediately notify the issuing officer in writing of the:
(1) termination; and
(2) date on which it occurred.

This notice shall be on a blank form attached to the child's employment certificate.

(c) It is unlawful for an issuing officer to issue a subsequent employment certificate until the issuing officer has:
(1) received a termination notice from the current employer; or
(2) otherwise determined that the child's employment has terminated.

(d) An employment certificate may be used at not more than two locations within the same enterprise if the enterprise complies with the hour restrictions prescribed in sections 21 through 29 of this
chapter.

Sec. 13. (a) Upon presentation to the issuing officer of the documents required by section 10 of this chapter, an employment certificate shall be issued immediately to the child. However, an issuing officer may deny a certificate to a child:

(1) whose attendance is not in good standing; or

(2) whose academic performance does not meet the school corporation's standard.

(b) Not more than five (5) days after issuing an employment certificate, the issuing officer shall send a copy of the employment certificate to the department of labor. The issuing officer shall keep a record in the issuing officer's office of each employment certificate issued.

(c) A student may appeal the denial of a certificate under subsection (a) to the principal.

Sec. 14. (a) The:

(1) state board; or

(2) department of labor;

may revoke an employment certificate at any time, if, in the judgment of the state board or the department of labor, the certificate was improperly issued or if the state board or department of labor has knowledge that the child is or was illegally employed.

(b) To determine when a child is illegally employed, the state board and the department of labor and agents of the state board or department of labor may:

(1) investigate the age of a child who is employed;

(2) subpoena witnesses;

(3) hear evidence; and

(4) require the production of relevant books or documents.

(c) If the state board or department of labor revokes an employment certificate under this section, the issuing officer and the child’s employer shall be notified in writing. This notice may be delivered in person or by registered mail. Immediately after receiving notice of revocation, the employer shall return the certificate to the issuing officer.

(d) A child whose employment certificate has been revoked may not be employed or allowed to work until the child legally has obtained a new employment certificate.

Sec. 15. (a) Each employment certificate issued for a child must state the:

(b) The employment certificate must certify that the child has:
(1) appeared before the issuing officer; and
(2) submitted the proof of age and prospective employment as
required under this chapter.

(c) The issuing officer may require the presence of the child's
parents before issuing the employment certificate.

Sec. 16. (a) All blank forms necessary to carry out this chapter shall
be prepared by the department of labor and supplied to issuing
officers.

(b) Funds to pay expenses incurred by the department of labor in
printing and distributing these forms are appropriated annually out
of any money in the state general fund that is not otherwise
appropriated.

Sec. 17. (a) An officer charged with enforcement of this chapter
may investigate the age of a child:
(1) who is employed or allowed to work in an occupation; and
(2) for whom an employment certificate is not on file.

(b) If the officer finds that the age of the child is below the age
authorized for an employee without an employment certificate, the:
(1) employment; or
(2) fact that the child is allowed to work;
is prima facie evidence of unlawful employment.

Sec. 18. (a) Except as provided in subsection (c), whenever the
department of labor requires, a child who is:
(1) at least fourteen (14) years of age and less than eighteen (18)
years of age; and
(2) at work in an occupation for which an employment certificate
is required under sections 5 and 6 of this chapter;
shall submit to a physical examination. The examination shall be
conducted by a medical inspector of the department of labor or by a
physician designated by the department of labor. A female employee
is entitled to have this examination made by a female. An employer
shall not require or attempt to require a female employee to submit to
a physical examination by a male.

(b) The result of an examination conducted under this section shall
be recorded on a printed form furnished by and kept on file at the
The department of labor may not require a child to undergo a medical examination under this chapter when the child's parent objects on religious grounds. A religious objection:

(1) consists of a good faith reliance on spiritual means or prayer for healing; and

(2) is not effective unless the objection is:

(A) made in writing;

(B) signed by the child's parent; and

(C) delivered to the department of labor.

Sec. 19. (a) If:

(1) a child fails to submit to a medical examination as required under section 18 of this chapter; or

(2) on examination, the medical inspector finds the child to be physically unfit to be employed in the work in which the child is engaged and files a report to that effect;

the department of labor shall revoke the child's employment certificate. A report of physical incapacity shall be kept at the office of the department of labor.

(b) Written notice of a revocation under this section shall be served on the issuing officer and the child's employer in person or by registered mail. Immediately after receiving notice of a revocation, the employer shall deliver the revoked certificate to the department of labor. A child whose certificate has been revoked under this section may obtain a new certificate if the child is found, after physical examination, to be physically fit for the new occupation in which the child proposes to engage.

Sec. 20. (a) An employment certificate may be revoked by the issuing officer if the issuing officer determines that there has been a significant decrease in any of the following since the issuance of the permit:

(1) The student's grade point average.

(2) The student's attendance at school.

(b) A student whose employment certificate is revoked under subsection (a) is entitled to a periodic review of the student's grade record or attendance record, or both, to determine whether the revocation should continue. A periodic review may not be conducted less than one (1) time each school year.

(c) If upon review the issuing officer determines that the student's grade point average or attendance, or both, have improved
substantially, the issuing officer may reissue an employment certificate to the student.

(d) A student may appeal the revocation of an employment certificate under subsection (a) or the refusal to reissue an employment certificate under subsection (c) to the school principal.

(e) An issuing officer who revokes an employment certificate shall immediately send written notice of the revocation to the student's employer.

A child covered by this section may work until 1 a.m. the following day if the employer has obtained written permission from the child’s parent and placed the written permission on file in the employer’s office. However, the nights followed by a school day on which a child works until 1 a.m. the following day may not be consecutive and may not exceed two (2) nights per week.

Sec. 29. A child who is at least sixteen (16) years of age and less than eighteen (18) years of age may be employed the same daily and weekly hours and at the same times of day as adults if the child is a member of any of the following categories:

(1) section 6 of this chapter; or
(2) section 29(2) or 29(3) of this chapter.

(b) A person, firm, limited liability company, or corporation that employs a child less than eighteen (18) years of age shall provide the child one (1) or two (2) rest breaks totaling at least thirty (30) minutes if the child is scheduled to work at least six (6) consecutive hours.

Sec. 31. (a) A child less than:

(1) fourteen (14) years of age may not be employed or allowed to work in any gainful occupation except as a farm laborer, domestic service worker, caddie for persons playing the game of golf, or newspaper carrier; and

Sec. 34. Every person, firm, corporation, or company that employs a child at least fourteen (14) years of age and less than eighteen (18) years of age in an occupation for which the child must obtain an employment certificate shall post and keep posted a printed notice in a conspicuous place or in places where notices to employees are customarily posted. This notice must state:

(2) the hours of beginning and ending each day.
The printed forms for this notice shall be furnished by the department of labor.

Sec. 35. The department of labor shall prohibit a child who is less than eighteen (18) years of age from working in an occupation designated as hazardous by the child labor provisions of the federal Fair Labor Standards Act of 1938, as amended (29 U.S.C. 201 et seq.).

(1) less than eighteen (18) years of age; and
(2) employed by the person, firm, limited liability company, or corporation;
to work after 10 p.m. and before 6 a.m. in an establishment that is open to the public unless another employee at least eighteen (18) years of age also works in the establishment during the same hours as the child.

(c) A violation of subsection (b) is a hazardous occupation violation subject to section 41 of this chapter.

Sec. 37. This chapter does not prevent a student from working on a properly guarded machine in the training department of a school when an instructor provides personal supervision.

Sec. 38. (a) The department of labor and its authorized inspectors and agents:

(1) shall enforce this chapter and ensure that all violators are prosecuted; and
(2) may visit and inspect, at all reasonable hours and when as practicable and necessary, all establishments affected by this chapter.

(b) It is unlawful for any person to interfere with, obstruct, or hinder any inspector or agent of the department of labor while the inspector or agent performs official duties or to refuse to properly answer questions asked by an inspector or agent of the department.

(c) When requested in writing by the department of labor, the attorney general shall assist the prosecuting attorney in the prosecution of persons charged with a violation of this chapter.

Sec. 39. A person, firm, limited liability company, or corporation that violates this chapter may be assessed the civil penalties described in this section by the department of labor. For an employment certificate violation under section 5 or 14 of this chapter, a termination notice violation under section 12 of this chapter, an hour violation of not more than thirty (30) minutes under sections 21 through 29 of this chapter, or a posting violation under section 34 of this chapter, the civil penalties are as follows:

Sec. 40. A person, firm, limited liability company, or corporation that violates this chapter may be assessed the civil penalties described in this section by the department of labor. For an hour violation of more than thirty (30) minutes under sections 21 through 29 of this chapter, each violation of section 30 of this chapter, an age violation under section 31 or 32 of this chapter, each minor employed in violation of section 31(b) of this chapter, or a hazardous occupation violation under section 35 or 36 of this chapter, the civil penalties are as follows:

(2) One hundred dollars ($100) per instance for each violation
identified in a subsequent inspection.
(3) Two hundred dollars ($200) per instance for a third violation that is identified in a subsequent inspection.
(4) Four hundred dollars ($400) per instance for a fourth or subsequent violation that is identified in an inspection subsequent to the inspection under subdivision (3) and occurs not more than two (2) years after a prior violation.

Sec. 41. (a) A civil penalty assessed under section 39 or 40 of this chapter:
(1) is subject to IC 4-21.5-3-6; and
(2) becomes effective without a proceeding under IC 4-21.5-3 unless a person requests an administrative review not later than thirty (30) days after notice of the assessment is given.

(b) For purposes of determining:
(1) whether a second violation has occurred when assessing a civil penalty under subsection (a), a first violation expires one (1) year after the date of issuance of a warning letter by the department of labor under subsection (a); and
(2) recurring violations of this section, each location of an employer shall be considered separate and distinct from another location of the same employer.

Sec. 42. (a) There is established an employment of youth fund to educate affected parties on the purposes and contents of this chapter and the responsibilities of all parties under this chapter.
(b) One-half (1/2) of the employment of youth fund each year shall be used for the purpose of the education provision of this subsection, and may be used to award grants to provide educational programs. The remaining one-half (1/2) of the employment of youth fund shall be used each year for the expenses of hiring and salaries of additional inspectors to enforce this chapter under section 39 of this chapter.
(c) The employment of youth fund shall be administered by the department of labor. The expenses of administering the employment of youth fund shall be paid from money in the fund. The treasurer of state shall invest the money in the employment of youth fund not currently needed to meet the obligations of the fund in the same manner as other public funds may be invested. Interest that accrues from these investments shall be deposited in the employment of youth fund. Money in the employment of youth fund at the end of a state fiscal year does not revert to the state general fund.
(d) Revenue received from civil penalties under this section shall be
deposited in the employment of youth fund.

(e) All inspectors hired to enforce this chapter shall also be available to educate affected parties on the purposes and contents of this chapter and the responsibilities of all parties under this chapter.

Chapter 4. Legal Settlement and Transfer of Students
Sec. 1. The law governing legal settlement and transfer of students and transfer tuition is found at IC 20-26-11.

Chapter 5. Financial Assistance for Students
Sec. 1. (a) As used in this chapter, "school corporation" includes a charter school.

(b) As used in this chapter, "governing body" includes the organizer of a charter school.

(c) The maximum monthly or annual gross income available to a family shall be used to determine financial eligibility for assistance under this chapter.

(d) In determining the eligibility of a seasonal worker for assistance under this chapter, an average shall be made of the family’s income for the twelve (12) calendar months preceding the first day of the month in which the application is made.

Sec. 2. The department shall adopt procedures that must be followed by applicants in order for them to qualify for assistance under this chapter. These procedures must include obtaining information needed by the family and social services administration to determine if the recipient is a child who is a member of a qualifying family (as defined in IC 12-14-28-1), including the familial relationship of the child to the head of the household. The financial eligibility standard for an applicant under this chapter must be the same criteria used for determining eligibility for receiving free or reduced price lunches under the national school lunch program.

Sec. 3. (a) If a parent of a child or an emancipated minor who is enrolled in a public school, in kindergarten or grades 1 through 12,
meets the financial eligibility standard under section 2 of this chapter, the parent or the emancipated minor may not be required to pay the fees for school books, supplies, or other required class fees. The fees shall be paid by the school corporation that the child attends.

(b) The school corporation may apply for a reimbursement under section 7 of this chapter from the department of the costs incurred under subsection (a).

(c) To the extent the reimbursement received by the school corporation is less than the textbook rental fee assessed for textbooks that have been adopted under IC 20-20-5-1 through IC 20-20-5-4 or waived under IC 20-26-12-28, the school corporation may request that the parent or emancipated minor pay the balance of this amount.

Sec. 4. The department shall provide each school corporation with sufficient application forms for assistance under this chapter. The state board of accounts shall prescribe the forms to be used.

Sec. 5. All school corporations must give notice in nontechnical language and in a manner that can be reasonably expected to reach parents of students before the collection of any fees for schoolbooks and supplies. This notice must inform the parents of the following:

(1) The availability of assistance.

(2) The eligibility standards.

(3) The procedure for obtaining assistance, including the right and method of appeal.

(4) The availability of application forms at a designated school office.

Sec. 6. (a) All school corporations must give appropriate application forms to parents who wish to apply for assistance under this chapter. The school shall provide assistance to those applicants who are unable to write or otherwise make a written application. The parent shall submit the completed application to the school corporation. The school corporation shall make a determination of financial eligibility.

(b) If the school corporation makes a determination that the parent is ineligible based on the information in the application, the school corporation shall give the parent written reasons for the denial and inform the parent of the right to request a hearing before the governing body of the school corporation or the governing body's designee. After the determination, the school corporation may bill the parent for the student's fees, but the school corporation may not take any legal action against the parent until the parent has had the
opportunity to make an appeal in a hearing before the governing body of the school corporation or the governing body's designee. If the parent pays the fees based on the school corporation's determination, and after the appeal it is determined that the parent qualifies for assistance, the school corporation shall reimburse the parent.

Sec. 7. (a) If a determination is made that the applicant is eligible for assistance, the school corporation shall pay the cost of the student's required fees.

(b) A school corporation may receive a reimbursement from the department for some or all of the costs incurred by a school corporation during a school year in providing textbook assistance to students who are eligible under section 2 of this chapter.

(c) To be guaranteed some level of reimbursement from the department, the governing body of a school corporation shall request the reimbursement before November 1 of a school year.

(d) In its request, the governing body shall certify to the department:

   (1) the number of students who are enrolled in that school corporation and who are eligible for assistance under this chapter;

   (2) the costs incurred by the school corporation in providing:

      (A) textbooks (including textbooks used in special education and high ability classes) to these students;

      (B) workbooks and consumable textbooks (including workbooks, consumable textbooks, and other consumable instructional materials that are used in special education and high ability classes) that are used by students for not more than one (1) school year; and

      (C) instead of the purchase of textbooks, developmentally appropriate material for instruction in kindergarten through the grade 3 level, laboratories, and children's literature programs;

   (3) that each textbook described in subdivision (2)(A) and included in the reimbursement request (except those textbooks used in special education classes and high ability classes) has been adopted by the state board under IC 20-20-5-1 through IC 20-20-5-4 or has been waived by the state board of education under IC 20-26-12-28;

   (4) that the amount of reimbursement requested for each textbook under subdivision (3) does not exceed twenty percent
(20%) of the costs incurred for the textbook, as provided in the textbook adoption list in each year of the adoption cycle;
(5) that the amount of reimbursement requested for each workbook or consumable textbook (or other consumable instructional material used in special education and high ability classes) under subdivision (2)(B), if applicable, does not exceed one hundred percent (100%) of the costs incurred for the workbook or consumable textbook (or other consumable instructional material used in special education and high ability classes);
(6) that the amount of reimbursement requested for each textbook used in special education and high ability classes is amortized for the number of years in which the textbook is used;
(7) that the amount of reimbursement requested for developmentally appropriate material is amortized for the number of years in which the material is used and does not exceed a total of one hundred percent (100%) of the costs incurred for the developmentally appropriate material; and
(8) any other information required by the department, including copies of purchase orders used to acquire consumable instructional materials used in special education and high ability classes and developmentally appropriate material.

(e) Each school within a school corporation shall maintain complete and accurate information concerning the number of students determined to be eligible for assistance under this chapter. This information shall be provided to the department upon request.

(f) If the amount of reimbursement requested before November 1 of a particular year exceeds the amount of money appropriated to the department for this purpose, the department shall proportionately reduce the amount of reimbursement to each school corporation.

(g) A school corporation may submit a supplemental reimbursement request under section 8 of this chapter. The school corporation is entitled to receive a supplemental reimbursement only if there are funds available. The department shall proportionately reduce the amount of supplemental reimbursement to each school corporation if the total amount requested exceeds the amount of money available to the department for this purpose. In the case of a supplemental reimbursement, the provisions in this section apply, except that section 8 of this chapter applies to the making of the supplemental request by the governing body of the school corporation.
(h) Parents receiving other governmental assistance or aid that considers educational needs in computing the entire amount of assistance granted may not be denied assistance if the applicant’s total family income does not exceed the standards established by this chapter.

Sec. 8. (a) The governing body of a school corporation may make a supplemental request for reimbursement from the department after April 1 but before May 1 of a school year for some or all of the additional costs incurred by the school corporation in providing textbook assistance to the number of additional eligible children who enroll in the school corporation after the initial request for reimbursement is filed under section 7(c) of this chapter.

(b) In its supplemental request, the governing body must certify to the department the following:

(1) The number of additional students who enroll in the school corporation as described in subsection (a).

(2) The additional costs incurred by the school corporation in providing the materials described in section 7(d)(2) of this chapter pertaining to the number of additional students.

(3) The same information as described in section 7(d)(3) through 7(d)(7) of this chapter as pertaining to the numbers of additional students.

(c) This section applies only if there are funds available. The supplemental distributions shall be made by the department in accordance with section 7(g) of this chapter.

Sec. 9. (a) If a parent of a child or an emancipated minor who is enrolled in an accredited nonpublic school meets the financial eligibility standard under section 2 of this chapter, the parent or the emancipated minor may receive a reimbursement from the department as provided in this chapter for the costs or some of the costs incurred by the parent or emancipated minor in fees that are reimbursable under section 7 of this chapter. The extent to which the fees are reimbursable under this section may not exceed the percentage rates of reimbursement under section 7 of this chapter. In addition, if a child enrolls in an accredited nonpublic school after the initial request for reimbursement is filed under subsection (d), the parent of the child or the emancipated minor who meets the financial eligibility standard may receive a reimbursement from the department for the costs or some of the costs incurred in fees that are reimbursable under section 7 of this chapter by applying to the
accredited nonpublic school for assistance. In this case, this section applies. However, section 10 of this chapter applies to the making of the supplemental request for reimbursement by the principal or other designee of the accredited nonpublic school.

(b) The department shall provide each accredited nonpublic school with sufficient application forms for assistance, prescribed by the state board of accounts.

(c) Each accredited nonpublic school shall provide the parents or emancipated minors who wish to apply for assistance with:

   (1) the appropriate application forms; and
   (2) any assistance needed in completing the application form.

(d) The parent or emancipated minor shall submit the application to the accredited nonpublic school. The accredited nonpublic school shall make a determination of financial eligibility subject to appeal by the parent or emancipated minor.

(e) If a determination is made that the applicant is eligible for assistance, subsection (a) applies.

(f) To be guaranteed some level of reimbursement from the department, the principal or other designee shall submit the reimbursement request before November 1 of a school year.

(b) Every child residing in Indiana who enters kindergarten or grade 1 shall be immunized against hepatitis B and chicken pox.

1. required immunizations;
2. child's age for administering each vaccine;
3. adequately immunizing doses; and

statement of this nature is on file with the school.

(b) The statement must show, except for a student to whom
IC 20-34-3-2 or IC 20-34-3-3 applies, that the student has been
immunized as required under section 2 of this chapter. The statement

(2) the local health department or a physician determines that the
student’s immunization schedule has been delayed due to
extreme circumstances and that the required immunizations will
not be completed before the first day of school.

The waiver referred to in subdivision (1) may not be granted for a
period that exceeds twenty (20) days. If subdivision (2) applies, the
parent of the student shall furnish the written statement and a

exception for the student's health under IC 20-34-3-3 relieves a parent
from the reporting requirements under this section.

(f) The state department of health shall adopt rules under IC 4-22-2
to implement this section.

Sec. 6. (a) Not later than sixty (60) days after the enrollment of

(b) The state department of health and the local health department shall, for good cause shown that there exists a substantial threat to the health and safety of a student or the school community, be able to validate immunization reports by onsite reviews or examinations of nonidentifying immunization record data. This section does not independently authorize the state department of health, a local department of health, or an agent of the state department of health or local department of health to have access to identifying medical or academic record data of individual students attending nonaccredited nonpublic schools.

(c) A report shall be filed for each student who enrolls subsequent to the filing of the report for students who enrolled at the beginning of the school year. The state department of health has exclusive power to adopt rules for the administration of this section.

Sec. 7. (a) Each student in Indiana who enters grade 9 or grade 12 shall be immunized against hepatitis B. However, a student may not be prevented from enrolling in, attending, or graduating from high school for the sole reason that the student has not been immunized under this section.

(b) Beginning in the 2007-2008 school year, a high school is not required to notify each parent of a student enrolled to enter grade 9 of the immunization requirement in this section.

(c) The exceptions in IC 20-34-3-2 and IC 20-34-3-3 apply to this section.

   (1) establish vocational schools or departments in the manner
        approved by the state board; and

(b) The employer may employ the students in otherwise restricted occupations for the purpose of vocational education training under the following conditions:
(1) That training in the occupation is approved by a proper school authority and is school supervised.
(2) That safety instructions are given by the school and integrated with on-the-job training by the employer.

SECTION 22. IC 20-38 IS ADDED TO THE INDIANA CODE AS A NEW ARTICLE TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:

ARTICLE 38. EDUCATIONAL COMPACTS
Chapter 1. Interstate Agreement of Qualifications of Educational Personnel

Sec. 1. The following interstate agreement on qualification of educational personnel is enacted into law and entered into by this state with all other states legally joining the interstate agreement in substantially the following form:

INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

Article 1) Purpose, Findings, and Policy

1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one
another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower. All contracts shall be subject to approval of the Indiana state board of education.

Article 2 ) Definitions

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of the individual's state, contracts pursuant to this agreement.

3. "Accept", or any variant thereof, means to recognize and give effect to one (1) or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating state" means a state (and the subdivision thereof,
if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article 3.

6. "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article 3.

Article 3) Interstate Educational Personnel Contracts

1. The designated state official of a party state may make one (1) or more contracts on behalf of the official’s state with one (1) or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which the official finds that there are programs of education, certification standards, or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official’s own state.

2. Any such contract shall provide for:
   (a) Its duration.
   (b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.
   (c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.
   (d) Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than five (5) years, but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program before January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or
otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article 4 ) Approved and Accepted Programs

1. Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article 5 ) Interstate Cooperation

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article 3 of this agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article 6 ) Agreement Evaluation

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the agreement and to formulate recommendations for changes.

Article 7 ) Other Arrangements

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article 8 ) Effect and Withdrawal

1. This agreement shall become effective when enacted into law by
two (2) states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2. Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one (1) year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article 9 ) Construction and Severability

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

Sec. 2. (a) The state superintendent, or a person authorized to act in behalf of the state superintendent, is the education official selected by this state to negotiate and enter into, on behalf of this state, contracts under the interstate agreement set forth in section 1 of this chapter.

(b) The designated education official, acting jointly with similar officers of other party states, may adopt rules to carry out more effectively the terms of the interstate agreement.

(c) The designated education official is authorized, empowered, and directed to cooperate with all departments, agencies, and officers of state government and its subdivisions in facilitating the proper administration of the following:

1) The interstate agreement.

2) A supplementary agreement entered into by this state under the interstate agreement.

Chapter 2. Compact for Education

Sec. 1. The following compact for education, which has been
negotiated by the representatives of the fifty (50) states, is approved, ratified, adopted, enacted into law, and entered into by the state as a party and a signatory state, namely:

COMPACT FOR EDUCATION

ARTICLE 1.
PURPOSE AND POLICY.

A. It is the purpose of this compact to:
1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational, and lay leadership on a nationwide basis at the state and local levels.
2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
3. Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the fields of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

B. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement, and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

C. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare, and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE 2.
STATE DEFINED.

As used in this compact, "state" means a state, territory or
possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE 3.
THE COMMISSION.

A. The education commission of the states, hereinafter called "the commission," is established. The commission shall consist of seven (7) members representing each party state. One (1) of such members shall be the governor; two (2) shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four (4) shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six (6) members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission for each party state shall be that the members representing such state shall by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one (1) shall be the head of a state agency or institution, designated by the governor, having responsibility for one (1) or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten (10) nonvoting commissioners selected by the steering committee for terms of one (1) year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the commission shall be entitled to one (1) vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive
director, except for the power to approve budgets or requests for appropriations, and power to make policy recommendations pursuant to Article 4 and adoption of the annual report pursuant to Article 3(J).

C. The commission shall have a seal.

D. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman, and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

E. Irrespective of the civil service, personnel, or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept, or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two (2) or more of the party jurisdictions or their subdivisions.

G. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, limited liability company, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to Article 3(F) shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

H. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.
I. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish (in) its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

J. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE 4.
POWERS.

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies, and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE 5.
COOPERATION WITH FEDERAL GOVERNMENT.

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission
by not to exceed ten (10) representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

B. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE 6.
COMMITTEES.

A. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two (32) members that, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the by-laws of the commission. One-fourth (1/4) of the voting membership of the steering committee shall consist of governors, one-fourth (1/4) shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two (2) years, except that members elected to the first steering committee of the commission shall be elected as follows: sixteen (16) for one (1) year and sixteen (16) for two (2) years. The chairman, vice chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two (2) terms as a member of the steering committee; provided that service for a partial term of one (1) year or less shall not be counted toward the two (2) term limitation.

B. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one (1) or more of its functions. Any advisory or technical committee may, on request of the states
concerned, be established to consider any matter of special concern to two (2) or more of the party states.

C. The commission may establish such additional committees as its bylaws may provide.

ARTICLE 7.

FINANCE.

A. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

B. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

C. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article 3(G) of this compact, provided, that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to Article 3(G) thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

D. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

E. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

F. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.
ARTICLE 8.
ELIGIBLE PARTIES;
ENTRY INTO AND WITHDRAWAL.

(f) Each member of the commission who is a state employee is entitled to reimbursement for traveling expenses as provided under IC 4-13-1-4 and other expenses actually incurred in connection with the member's duties as provided in the state policies and procedures established by the Indiana department of administration and approved by the budget agency.

(g) The commission may adopt and use a seal, the description of which shall be filed with the office of the secretary of state, and which may be used for the authentication of the acts of the commission.

Sec. 14. A person may not do business as a postsecondary proprietary educational institution in Indiana without having obtained accreditation.

Sec. 15. Applications for accreditation shall be filed with the commission and accompanied by an application fee of at least one hundred dollars ($100) for processing the application and evaluating the postsecondary proprietary educational institution.

Sec. 16. The application must include at least the following information:

1. The name and address of the postsecondary proprietary educational institution and the institution's officers.
2. The places where the courses are to be provided.

4. The form of certificate, diploma, or degree to be awarded.
5. A statement of the postsecondary proprietary educational institution's finances.
6. A description of the postsecondary proprietary educational institution's physical facilities, including classrooms, laboratories, library, machinery and equipment, toilets, showers, and lavatories.

(8) Provisions for liability insurance of students.
(9) Maximum student-teacher ratio to be maintained.
(10) Minimum requirements for instructional staff.

Sec. 17. (a) This section is subject to section 18 of this chapter.

(b) Each application must include a surety bond in a penal sum determined under section 18(a) of this chapter. The bond shall be executed by the applicant as principal and by a surety company qualified and authorized to do business in Indiana as surety or cash bond.

(c) The surety bond must be conditioned to provide indemnification to any student or enrollee who suffers a loss or damage as a result of:

1. the failure or neglect of the postsecondary proprietary educational institution to faithfully perform all agreements, express or otherwise, with the student, enrollee, one (1) or both of the parents of the student or enrollee, or a guardian of the student or enrollee as represented by the application for the institution's accreditation and the materials submitted in support of that application;
2. the failure or neglect of the postsecondary proprietary educational institution to maintain and operate a course or courses of instruction or study in compliance with the standards of this chapter; or
3. an agent's misrepresentation in procuring the student's enrollment.

(d) A surety on a bond may be released after the surety has made a written notice of the release directed to the commission at least thirty (30) days before the release. However, a surety may not be released from the bond unless all sureties on the bond are released.

(e) The surety bond covers the period of the accreditation.

(f) An accreditation shall be suspended if a postsecondary proprietary educational institution is no longer covered by a surety bond or if the postsecondary proprietary educational institution fails to comply with section 18 of this chapter. The commission shall notify the postsecondary proprietary educational institution in writing at least ten (10) days before the release of the surety or sureties that the accreditation is suspended until another surety bond is filed in the
manner and amount required under this chapter.

Sec. 18. (a) Subject to subsections (b), (c), (e), and (f), the commission shall determine the penal sum of each surety bond based upon the following guidelines:

(1) A postsecondary proprietary educational institution that has no annual gross tuition charges assessed for the previous year shall secure a surety bond in the amount of five thousand dollars ($5,000).

(2) If the postsecondary proprietary educational institution's annual gross tuition charges assessed for the previous year are not more than five thousand dollars ($5,000), the institution shall secure a surety bond in the amount of one hundred percent (100%) of that institution's annual gross tuition charges assessed for the previous year.

(3) If the postsecondary proprietary educational institution's annual gross tuition charges assessed for the previous year are more than five thousand dollars ($5,000) but less than fifty thousand dollars ($50,000), the institution shall secure a surety bond in the amount of five thousand dollars ($5,000).

(4) If the postsecondary proprietary educational institution's annual gross tuition charges assessed for the previous year are more than fifty thousand dollars ($50,000) but less than five hundred thousand dollars ($500,000), the institution shall secure a surety bond in the amount of ten percent (10%) of that institution's annual gross tuition charges assessed for the previous year.

(5) If the postsecondary proprietary educational institution's annual gross tuition charges assessed for the previous year are more than five hundred thousand dollars ($500,000), the institution shall secure a surety bond in the amount of fifty thousand dollars ($50,000).

(b) When a postsecondary proprietary educational institution is required to contribute to the fund and the fund has a balance on the date that the surety bond is due of at least:

(1) one hundred thousand dollars ($100,000), the commission shall reduce the penal sum of the surety bond described in subsection (a) by twenty percent (20%);

(2) two hundred thousand dollars ($200,000), the commission shall reduce the penal sum of the surety bond described in subsection (a) by forty percent (40%);
(3) three hundred thousand dollars ($300,000), the commission shall reduce the penal sum of the surety bond described in subsection (a) by sixty percent (60%); (4) four hundred thousand dollars ($400,000), the commission shall reduce the penal sum of the surety bond described in subsection (a) by eighty percent (80%); or (5) five hundred thousand dollars ($500,000), the commission shall reduce the penal sum of the surety bond described in subsection (a) by one hundred percent (100%).

(c) Except as provided in:
(1) section 22 of this chapter; and (2) subsection (f);
and upon the fund achieving at least an initial five hundred thousand dollar ($500,000) balance, each postsecondary proprietary educational institution that contributes to the fund when the initial quarterly contribution as required under this chapter after the fund’s establishment is not required to make contributions to the fund or submit a surety bond.

(d) The commission shall determine the number of quarterly contributions required for the fund to initially accumulate five hundred thousand dollars ($500,000).

(e) Except as provided in section 22 of this chapter and subsection (f), postsecondary proprietary educational institutions that begin making contributions to the fund after the initial quarterly contribution as required under this chapter are:
(1) required to make contributions to the fund for the same number of quarters as determined by the commission under subsection (d); and (2) after making the contributions to the fund as provided in subdivision (1) for the required number of quarters, may not be required to submit a surety bond.

(f) If after the fund acquires five hundred thousand dollars ($500,000) the balance in the fund becomes less than one hundred thousand dollars ($100,000), all postsecondary proprietary educational institutions not required to make contributions to the fund as described in subsection (c) or (e) shall make contributions to the fund for the number of quarters necessary for the fund to accumulate five hundred thousand dollars ($500,000).

Sec. 19. The commission shall require each postsecondary proprietary educational institution to include in each curriculum
catalog and promotional brochure the following:

(1) A statement indicating that the postsecondary proprietary educational institution is regulated by the commission under this chapter.

(2) The commission's mailing address and telephone number.

Sec. 20. (a) The career college student assurance fund is established to provide indemnification to a student or an enrollee of a postsecondary proprietary educational institution who suffers loss or damage as a result of any of the occurrences described in section 17(c) of this chapter if the occurrences transpired after June 30, 1992, and as provided in section 37 of this chapter.

(b) The commission shall administer the fund.

(c) The expenses of administering the fund shall be paid from money in the fund.

(d) The treasurer of state shall invest the money in the fund not currently needed to meet the obligations of the fund in the same manner as other public funds may be invested.

(e) Money in the fund at the end of a state fiscal year does not revert to the state general fund.

(f) Upon the fund acquiring twenty-five thousand dollars ($25,000), the balance in the fund may not become less than twenty-five thousand dollars ($25,000). If:

(1) a claim against the fund is filed that would, if paid in full, require the balance of the fund to become less than twenty-five thousand dollars ($25,000); and

(2) the commission determines that the student is eligible for a reimbursement under the fund;

the commission shall prorate the amount of the reimbursement to ensure that the balance of the fund does not become less than twenty-five thousand dollars ($25,000), and the student is entitled to receive that balance of the student's claim from the fund as money becomes available in the fund from contributions to the fund required under this chapter.

(g) The commission shall ensure that all outstanding claim amounts described in subsection (f) are paid as money in the fund becomes available in the chronological order of the outstanding claims.

(h) A claim against the fund may not be construed to be a debt of the state.

Sec. 21. (a) Subject to section 18 of this chapter, each postsecondary proprietary educational institution shall make quarterly contributions
to the fund. The quarters begin January 1, April 1, July 1, and October 1.

(b) For each quarter, each postsecondary proprietary educational institution shall make a contribution equal to the STEP THREE amount derived under the following formula:

STEP ONE: Determine the total amount of tuition and fees earned during the quarter.

STEP TWO: Multiply the STEP ONE amount by one-tenth of one percent (0.1%).

STEP THREE: Add the STEP TWO amount and sixty dollars ($60).

(c) Notwithstanding section 18 of this chapter, for a postsecondary proprietary educational institution beginning operation after July 1, 1992, the commission, in addition to requiring contributions to the fund, shall require the postsecondary proprietary educational institution to submit a surety bond in an amount determined by the commission for a period that represents the number of quarters required for the fund to initially accumulate five hundred thousand dollars ($500,000) as determined under section 18(d) of this chapter.

Sec. 22. (a) Upon receipt of an application, the commission shall make an investigation to determine the accuracy of the statements in the application to determine if the postsecondary proprietary educational institution meets the minimum standards for accreditation.

(b) During the investigation under subsection (a), the commission may grant a temporary status of accreditation. The temporary status of accreditation is sufficient to meet the requirements of this chapter until a determination on accreditation is made.

Sec. 23. The cost of performing a team onsite investigation shall be paid by the applicant postsecondary proprietary educational institution. However, the total cost of an inspection, including room, board, and mileage that does not require travel outside Indiana, may not exceed one thousand dollars ($1,000) for any one (1) postsecondary proprietary educational institution.

Sec. 24. (a) A postsecondary proprietary educational institution shall maintain at least the following records for each student:

(1) The program in which the student enrolls.
(2) The length of the program.
(3) The date of the student's initial enrollment in the program.
(4) The student's period of attendance.
(5) The amount of the student's tuition and fees.
(6) A copy of the enrollment agreement.
(b) Upon the request of the commission, a postsecondary proprietary educational institution shall submit the records described in subsection (a) to the commission.
(c) If the postsecondary proprietary educational institution ceases operation, the postsecondary proprietary educational institution shall submit the records described in subsection (a) to the commission not later than thirty (30) days after the institution ceases to operate.
Sec. 25. Full accreditation may not be issued unless and until the commission finds that the postsecondary proprietary educational institution meets minimum standards that are appropriate to that type or class of postsecondary proprietary educational institution, including the following minimum standards:
(1) The postsecondary proprietary educational institution has a sound financial structure with sufficient resources for continued support.
(2) The postsecondary proprietary educational institution has satisfactory training or educational facilities with sufficient tools, supplies, or equipment and the necessary number of work stations or classrooms to adequately train, instruct, or educate the number of students enrolled or proposed to be enrolled.
(3) The postsecondary proprietary educational institution has an adequate number of qualified instructors or teachers, sufficiently trained by experience or education, to give the instruction, education, or training contemplated.
(4) The advertising and representations made on behalf of the postsecondary proprietary educational institution to prospective students are truthful and free from misrepresentation or fraud.
(5) The charge made for the training, instruction, or education is clearly stated and based upon the services rendered.
(6) The premises and conditions under which the students work and study are sanitary, healthful, and safe according to modern standards.
(7) The postsecondary proprietary educational institution has and follows a refund policy approved by the commission.
Sec. 26. (a) After investigation and a finding that the information in the application is true and the postsecondary proprietary educational institution meets the minimum standards, the commission shall issue an accreditation to the postsecondary proprietary
educational institution upon payment of an additional fee of not less than twenty-five dollars ($25).

(b) The commission may waive inspection of a postsecondary proprietary educational institution that has been accredited by an accrediting unit whose standards are approved by the commission as meeting or exceeding the requirements of this chapter.

(c) A valid license, approval to operate, or other form of accreditation issued to a postsecondary proprietary educational institution by another state may be accepted, instead of inspection, if:

1) the requirements of that state meet or exceed the requirements of this chapter; and

2) the other state will, in turn, extend reciprocity to postsecondary proprietary educational institutions accredited by the commission.

(d) An accreditation issued under this section expires one (1) year following the accreditation's issuance.

(e) An accredited postsecondary proprietary educational institution may renew the institution's accreditation annually upon:

1) the payment of a fee of not less than twenty-five dollars ($25); and

2) continued compliance with this chapter.

Sec. 27. Accreditation may be revoked by the commission:

1) for cause upon notice and an opportunity for a commission hearing; and

2) for the accredited postsecondary proprietary educational institution failing to make the appropriate quarterly contributions to the fund not later than forty-five (45) days after the end of a quarter.

Sec. 28. (a) A postsecondary proprietary educational institution, after notification that the institution's accreditation has been refused, revoked, or suspended, may apply for a hearing before the commission concerning the institution's qualifications. The application for a hearing must be filed in writing with the commission not more than thirty (30) days after receipt of notice of the denial, revocation, or suspension.

(b) The commission shall give a hearing promptly and with not less than ten (10) days notice of the date, time, and place. The postsecondary proprietary educational institution is entitled to be represented by counsel and to offer oral and documentary evidence relevant to the issue.
(c) The commission shall not more than fifteen (15) days after a hearing make written findings of fact, a written decision, and a written order based solely on the evidence submitted at the hearing, either granting or denying accreditation to the postsecondary proprietary educational institution.

Sec. 29. A postsecondary proprietary educational institution's accreditation shall be suspended at any time if the accredited postsecondary proprietary educational institution denies enrollment to a student or makes a distinction or classification of students on the basis of race, color, or creed.

Sec. 30. A person may not do the following:
   (1) Make, or cause to be made, a statement or representation, oral, written, or visual, in connection with the offering or publicizing of a course, if the person knows or should reasonably know the statement or representation is false, deceptive, substantially inaccurate, or misleading.
   (2) Promise or guarantee employment to a student or prospective student using information, training, or skill purported to be provided or otherwise enhanced by a course, unless the person offers the student or prospective student a bona fide contract of employment agreeing to employ the student or prospective student for a period of not less than ninety (90) days in a business or other enterprise regularly conducted by the person in which that information, training, or skill is a normal condition of employment.
   (3) Do an act that constitutes part of the conduct of administration of a course if the person knows, or should reasonably know, that the course is being carried on by the use of fraud, deception, or other misrepresentation.

Sec. 31. (a) A person representing a postsecondary proprietary educational institution doing business in Indiana by offering courses may not sell a course or solicit students for the institution unless the person first secures an agent's permit from the commission. If the agent represents more than one (1) postsecondary proprietary educational institution, a separate agent's permit must be obtained for each institution that the agent represents.

   (b) Upon approval of an agent's permit, the commission shall issue a pocket card to the person that includes:
       (1) the person’s name and address;
       (2) the name and address of the postsecondary proprietary
educational institution that the person represents; and
(3) a statement certifying that the person whose name appears on
the card is an authorized agent of the postsecondary proprietary
educational institution.

(c) The application must be accompanied by a fee of not less than
ten dollars ($10).

(d) An agent's permit is valid for one (1) year from the date of its
issue. An application for renewal must be accompanied by a fee of not
less than ten dollars ($10).

(e) A postsecondary proprietary educational institution is liable for
the actions of the institution's agents.

Sec. 32. (a) An application for an agent's permit must be granted
or denied by the commission not more than fifteen (15) working days
after the receipt of the application. If the commission has not
completed a determination with respect to the issuance of a permit
under this section within the fifteen (15) working day period, the
commission shall issue a temporary permit to the applicant. The
temporary permit is sufficient to meet the requirements of this chapter
until a determination is made on the application.

(b) A permit issued under this chapter may upon ten (10) days
notice and after a hearing be revoked by the commission:
(1) if the holder of the permit solicits or enrolls students through
fraud, deception, or misrepresentation; or
(2) upon a finding that the permit holder is not of good moral
character.

Sec. 33. The fact that a bond is in force or that the fund exists does
not limit or impair a right of recovery and the amount of damages or
other relief to which a plaintiff may be entitled.

Sec. 34. An obligation, negotiable or nonnegotiable, providing for
payment for a course or courses of instruction is void if the
postsecondary proprietary educational institution is not accredited to
operate in Indiana.

Sec. 35. The issuance of an agent's permit or any accreditation may
not be considered to constitute approval of a course, a person, or an
institution. A representation to the contrary is a misrepresentation.

Sec. 36. (a) This section applies to claims against the surety bond of
a postsecondary proprietary educational institution.

(b) A student who believes that the student is suffering loss or
damage resulting from any of the occurrences described in section
17(c) of this chapter may request the commission to file a claim against
the surety of the postsecondary proprietary educational institution or agent.

(c) The request must state the grounds for the claim and must include material substantiating the claim.

(d) The commission shall investigate all claims submitted to the commission and attempt to resolve the claims informally. If a claim is determined to be valid by the commission and an informal resolution cannot be made, the commission shall submit a formal claim to the surety.

(e) A claim against the surety bond may not be filed by the commission unless the student's request under subsection (b) is commenced not more than five (5) years after the date on which the loss or damage occurred.

(f) If the amount of the surety bond is insufficient to cover all or part of the claim, a claim or the balance of the claim against the surety bond in the amount that is insufficient shall be construed to be a claim against the balance of the fund under section 37 of this chapter.

Sec. 37. (a) This section applies:

1. to claims against the balance of the fund; and
2. in cases where a student or an enrollee of a postsecondary proprietary educational institution is protected by both a surety bond and the balance of the fund, only after a claim against the surety bond exceeds the amount of the surety bond.

(b) A student or an enrollee of a postsecondary proprietary educational institution who believes that the student or enrollee has suffered loss or damage resulting from any of the occurrences described in section 17(c) of this chapter may request the commission to file a claim with the commission against the balance of the fund. If there is a surety bond in an amount sufficient to cover a claim or part of a claim under this section, a claim against the balance of the fund shall be construed to be a claim against the surety bond first to the extent that the amount of the surety bond exists and the balance of the claim may be filed against the balance of the fund.

(c) A claim under this section is limited to a refund of the claimant's applicable tuition and fees.

(d) All claims must be filed not later than five (5) years after the occurrence resulting in the loss or damage to the claimant occurs.

(e) Upon the filing of a claim under this section, the commission shall review the records submitted by the appropriate postsecondary proprietary educational institution described under section 24 of this
chapter and shall investigate the claim and attempt to resolve the claim as described in section 36(d) of this chapter.

(f) Upon a determination by the commission that a claimant shall be reimbursed under the fund, the commission shall prioritize the reimbursements under the following guidelines:

1. A student's educational loan balances.
2. Federal grant repayment obligations of the student.
3. Other expenses paid directly by the student.

Sec. 38. The prosecuting attorney of the county in which the offense occurred shall, at the request of the commission or on the prosecuting attorney's own motion, bring any appropriate action, including a mandatory and prohibitive injunction.

Sec. 39. An action of the commission concerning the issuance, denial, or revocation of a permit or accreditation under this chapter is subject to review under IC 4-21.5.

Sec. 40. (a) Except as provided in subsection (b), a person who violates this chapter commits a Class B misdemeanor.

(b) A person who, with intent to defraud, represents the person to be an agent of a postsecondary proprietary educational institution commits a Class C felony.

Sec. 41. All fees collected by the commission shall be deposited in the state general fund.

   (2) a charter school, including a conversion charter school, during the second six (6) months of a calendar year in which the charter school's most recent enrollment reported under IC 20-24-7-2(a) divided by the charter school's previous year's ADM is at least one and fifteen-hundredths (1.15).
Sec. 5. The charter school advancement account is established within the common school fund.
Sec. 6. The board shall advance money to charter schools from the charter school advancement account to be used for operational costs.
Sec. 7. (a) The amount of an advance under section 6 of this chapter for operational costs described in section 4(1) of this chapter may not
exceed the amount determined under STEP THREE of the following formula:

STEP ONE: Determine the product of:
(A) the charter school's enrollment reported under IC 20-24-7-2(a); multiplied by
(B) the target revenue per ADM determined under IC 21-3-1.7-6.7(d) or IC 21-3-1.7-6.7(e) for the charter school.

STEP TWO: Determine the quotient of:
(A) the STEP ONE amount; divided by
(B) two (2).

(B) two (2).

STEP TWO: Determine the difference between:
(A) the charter school's current ADM; minus
(B) the charter school’s ADM of the previous year.

STEP THREE: Determine the product of:
(A) the STEP ONE amount; multiplied by
(B) the STEP TWO amount.

STEP FOUR: Determine the product of:
(A) the STEP THREE amount; multiplied by
(B) one and fifteen-hundredths (1.15).

Sec. 8. (a) Money advanced to a charter school under this chapter may be advanced for a period not to exceed twenty (20) years. A charter school to which money is advanced under this chapter must pay interest on the advance at the rate determined under section 9 of this chapter. The board shall provide that the advances are prepayable by the charter school or by the general assembly at any time.

(b) This subsection applies if the general assembly prepays an advance under this chapter. A prepayment under this subsection must
be deducted from the amount appropriated for distributions under IC 21-3-1.7.

(c) The board, after consulting with the department and upon approval of the budget agency, shall establish the terms of an advance before the date on which the advance is made. The terms must include a provision allowing the state to withhold funds due to a charter school to which an advance is made until the advance, including interest accrued on the advance, is paid.

Sec. 9. The state board of finance shall establish periodically the rate of interest payable on advances under this chapter. An interest rate established under this section may not:

1) be less than one percent (1%); or

establishment and support of a township library. The township tax
shall be levied, assessed, collected, and paid according to the
procedure outlined in IC 6-1.1.

(f) The tax levy under subsection (e) shall be discontinued when the
question of discontinuing the levy has been submitted to a vote
according to the procedure provided in subsection (e) and the majority
of the votes cast on the question is in the negative.

(g) If a public library that is open for the use of all the residents of the township is located in the township, the proceeds of the tax collected under subsection (e) shall be paid to that public library.

(h) In a township outside a city that contains a library:

(1) established by private donations of the value of at least ten thousand dollars ($10,000), including the real estate and buildings used for the library; and

(2) used for the benefit of all the inhabitants of the township;

the township trustee of the township shall annually levy and collect not more than two cents ($0.02) on each one hundred dollars ($100) upon the taxable property within the limits of the township. The money shall be paid to the trustees of the library, to be applied by the trustees for the purchase of books and the payment of the maintenance costs for the library. When it becomes necessary to purchase additional ground for the extension or protection of library buildings already established by private donation, the trustee, with the consent of the county legislative body, may annually levy and collect not more than one and sixty-seven hundredths cents ($0.0167) on each one hundred dollars ($100) of taxable property of the township for not more than three (3) years successively, to be expended by the trustees for the purchase of property and the construction and enlargement of library buildings.

(i) The 1899 township library is free to all the residents of the township.

Sec. 8. (a) For a public library established:

(1) by private donation;

(2) in a city having a population of more than one hundred twenty thousand (120,000) but less than one hundred fifty thousand (150,000);

(3) that contains at least twenty-five thousand (25,000) volumes;

(4) that has real property valued at at least one hundred thousand dollars ($100,000); and

(5) that is open and free to the residents of the city;

a tax shall be levied and collected annually by the city according to IC 6-1.1.

(b) The city legislative body shall levy the tax required under subsection (a) in an amount not less than sixty-seven hundredths of one cent ($0.0067) and not more than one and sixty-seven hundredths cents ($0.0167) on each one hundred dollars ($100) of the assessed
valuation of all the real and personal property in the city. When the city levies the tax, the library under subsection (a) shall be treated as if the library were a public library for purposes of IC 6-1.1-18.5-13, and the legislative body may increase the legislative body's levy to the same extent as a public library under IC 6-1.1-18.5-13.

(c) The tax shall be paid to the trustees of the library. The trustees shall expend the tax for the support, operation, and maintenance of the library. The trustees shall keep the tax separate from all other funds. The trustees shall record:

(1) the amount of taxes received;
(2) to whom and when paid out; and
(3) for what purpose;

in a book kept by the trustees. The trustees shall make an annual report of the matters under this subsection to the legislative body of the city.

Chapter 8. Library Services Authorities

Sec. 1. (a) This chapter applies to the following:

(1) All public libraries.
(2) All other libraries that are supported by public funds but that are not organized under this article.
(3) All private corporations or organizations that provide library services.
(4) All library service authorities established under this chapter.

(b) The purpose of this chapter is to:

(1) encourage the development of all types of library services; and
(2) promote the efficient use of finances, personnel, materials, and property;

by enabling qualified entities to form library services authorities that will provide such services and facilities as the qualified entities determine.

Sec. 2. As used in this chapter, "library facilities" means:

(1) buildings, bookmobiles, rooms, or other definable and palpable structures or areas; and

(2) the library materials and equipment contained in the buildings, bookmobiles, rooms, or other definable and palpable structures or areas;

that are used in the operation or provision of library services.

Sec. 3. As used in this chapter, "library services" means the activities in which libraries engage:
(1) in the planning, management, budgeting, financing, purchasing, staffing, and evaluation of the libraries;
(2) in the selection, acquisition, processing, and maintenance of the collections of materials and the related bibliographic records; and
(3) in the promotion, interpretation, servicing, and use of the library materials and facilities.

Sec. 4. As used in this chapter, "qualified entities" include the following:

(1) A public library.
(2) A library that is supported by public funds but not established under this article.
(3) A private corporation or organization that provides library services.
(4) A library service authority established under this chapter.

Sec. 5. (a) Two (2) or more qualified entities, less than one-half (1/2) of which may be private corporations or organizations, may initiate a library services authority under this chapter by adopting a written joint agreement. The body or officer having the authority to sign contracts on behalf of a corporation or an organization may sign the joint agreement on behalf of the corporation or organization.

(b) The joint agreement must include the following details of the proposed library services authority:

(1) The name, to be given as __________ Library Services Authority.
(2) The official address and county of location of the principal place of business.
(3) A description of the library facilities to be operated and the library services to be provided.
(4) Specification of the place and of the convening chairperson who shall set the date and the time of the organizational meeting of the board of directors established under this chapter and who shall serve as temporary chairperson.
(5) The names of the qualified entities signing the agreement, which are to become participants in the library services authority.
(6) The date of the agreement.

Sec. 6. (a) Upon the adoption of the joint agreement calling for the establishment of the library services authority by two (2) or more of the qualified entities, the agreement shall be submitted to the attorney
general, who shall determine whether the agreement is:

(1) in proper form; and
(2) compatible with Indiana law.

The attorney general shall approve each agreement submitted unless the attorney general finds that the agreement is not legal. If the attorney general finds that an agreement is not legal, the attorney general shall detail in writing, addressed to each of the qualified entities adopting the agreement for the establishment of the library services authority, the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted under this chapter not more than thirty (30) days after the submission of the agreement constitutes approval of the agreement.

(b) The library services authority initiated by the joint agreement is legally established when the attorney general has approved the agreement either by:

(1) specific written approval; or
(2) the failure to indicate disapproval within the required time.

The qualified entities originally signing the agreement are members of the library services authority. A copy of the agreement and originally signed copies of the adopted resolutions, ordinances, orders, statements of participation, or other recorded acts must be filed with the Indiana state library not more than forty (40) days after the date of the submission of the agreement to the attorney general for action.

Sec. 7. The board of directors of the library services authority may change any detail of the joint agreement under this section upon the recommendation of the executive committee or petition of three (3) directors if notice of the proposed change is sent to each qualified entity that is a participant in the library services authority at least sixty (60) days before the meeting at which the change is to be considered. However, the application of a new qualified entity may be considered at any time. Upon approval of the change of the joint agreement, a notice of the action taken by the board of the library services authority must be filed with the Indiana state library.

Sec. 8. (a) After the legal establishment of the library services authority under this chapter, a qualified entity may become a participant in the library services authority after:

(1) adoption by resolution, ordinance, order, statement of participation, or other recorded act of the joint agreement as then in force;
(2) providing for the qualified entity's pro rata share, if any, of the library services authority's budget for the fiscal year in which the applicant wishes to join the authority;
(3) meeting all conditions provided in the bylaws or in the rules;
and
(4) approval by a majority of the board of directors.

(b) If the qualified entity is a private corporation or organization and the qualified entity's participation would create the same number or more private participants than other participants in the library services authority, the qualified entity's participation does not take effect until there are sufficient other participants, after the admission of the applicant, to comply with section 5(a) of this chapter.

(c) The library services authority shall file with the Indiana state library an originally signed copy of the joint agreement and adopting action.

Sec. 9. (a) A qualified entity that is a participant in the library services authority may withdraw from the authority by a recorded act of the qualified entity:

(1) after the qualified entity has made provisions for the payment and performance of the qualified entity's obligations; and
(2) upon notification to the library services authority, six (6) months before the end of the fiscal year in which the qualified entity is participating in the library services authority, that the qualified entity is discontinuing the qualified entity's participation in the library services authority.

(b) Upon discontinuing participation in the library services authority, the discontinuing qualified entity relinquishes the qualified entity's rights to any funds, supplies, materials, equipment, or other real or personal property held by or belonging to the authority and in which the qualified entity had a right by virtue of the qualified entity's participation, unless provision to the contrary is made by the official action of the board of directors.

(c) Upon the receipt of notification to discontinue participation and the satisfaction of all obligations by the withdrawing participant, the board of directors shall officially note the withdrawal and shall file notice of the resulting change in the joint agreement:

(1) in the office of the recorder of the county in which the authority's principal place of business is located; and
(2) with the Indiana state library.

(d) The library services authority is dissolved when:
(1) the board of directors of the authority votes to dissolve the library services authority;
(2) the action is de facto by the notice of discontinuance of participation by the next to last remaining participant; or
(3) there is an excessive number of private qualified entities participating in the authority.

Upon the occurrence of any of the conditions listed in this subsection, the board of directors shall dispose of the assets by division among the participants at the time of dissolution and in the proportion and in the manner determined by the board of directors.

(e) A dissolution does not take effect until all legal and fiscal obligations of the library services authority have been satisfied and an official record of the dissolution is filed in the office of the recorder of the county in which the authority's principal place of business is located. Until the satisfaction of obligations has occurred and the record of dissolution has been filed, the final members of the authority continue to be members.

Sec. 10. (a) Not later than ten (10) days after the legal establishment of the library services authority, each qualified entity that is participating shall appoint a representative or representatives to the board of directors of the library services authority as follows:

(1) If there are fewer than four (4) participants in the library services authority, each qualified entity shall appoint four (4) directors to the board of directors.
(2) If there are more than three (3) but fewer than ten (10) participants in the library services authority, each qualified entity shall appoint two (2) directors.
(3) If there are ten (10) or more participants in the library services authority, each qualified entity shall appoint one (1) director.

(b) A director may be a member of the governing body of the qualified entity, a librarian, or any other person who in the opinion of the qualified entity will best serve the library interests of the qualified entity.

Sec. 11. (a) Upon the expiration of the ten (10) day period prescribed by section 10 of this chapter, the directors who have been appointed shall meet as specified in the joint agreement and determine by lot, in as nearly equal groups as possible, as follows:

(1) The one-third (1/3) of the directors who have an initial term of one (1) year.
(2) The one-third (1/3) of the directors who have an initial term of two (2) years.
(3) The one-third (1/3) of the directors who have an initial term of three (3) years.

(b) The determination under subsection (a) is for the initial terms of office for all directors. After the initial terms end, all appointments to the board of directors are for three (3) years. Appointments to fill vacancies are for the unexpired term only.

Sec. 12. (a) Upon the determination of the initial terms of office of the directors, an executive committee shall be elected for a term of one (1) year from the membership of the board of directors by vote on nominations from the floor. The executive committee consists of:

(1) a president;
(2) a vice president;
(3) a secretary;
(4) a treasurer; and
(5) if the total number of directors for the library services authority exceeds eight (8), three (3) members at large.

The named offices have the duties and powers normally incumbent upon the offices.

(b) A director may not serve on the executive committee for more than four (4) consecutive years or in the same office for more than two (2) consecutive years. Executive committee elections shall be held annually in the manner prescribed by the bylaws of the library services authority.

(c) The treasurer:

(1) is the official custodian of all library services authority funds;
(2) is responsible for the proper safeguarding and accounting for all library services authority funds;
(3) shall issue warrants approved by the executive committee or the board in payment of expenses lawfully incurred in behalf of the library services authority; and
(4) shall make financial reports of library services authority funds and present the reports to the executive committee or board of directors as requested by the executive committee or board.

(d) The board of directors may prescribe the powers and duties of the treasurer consistent with this chapter.

(e) The treasurer shall give a surety bond for the faithful performance of the treasurer’s duties and for the accurate accounting
of all money coming into the treasurer's custody. The bond must be:
(1) written by an insurance company licensed to do business in Indiana;
(2) for the term of office of the treasurer;
(3) in an amount determined by the board of directors;
(4) paid for with money from library services authority funds;
(5) payable to the state;
(6) approved by the board of directors; and
(7) deposited in the office of the recorder of the county in which the library services authority is located.

(f) The executive committee, with the approval of the board of directors, may appoint a person, who may be an employee of the library services authority, to serve as assistant treasurer. The assistant treasurer:
(1) has the duties specified by the executive committee or the board;
(2) may be compensated for the performance of the treasurer's duties; and
(3) may be removed by the executive committee or the board of directors at any meeting of the committee or board by a majority vote of the entire membership of the body.

Sec. 13. (a) Not later than ten (10) days after the approval of a new participant under section 8 of this chapter, the new participant shall appoint as many directors as each of the other participants has appointed. The initial terms of the new directors shall be determined by the executive committee so that, as nearly as possible, the terms of one-third (1/3) of the total board of directors end each year.

(b) If the addition of a new participant increases the number of participants in the library services authority so that each participant would appoint fewer representatives to the board of directors, the board of directors shall be reestablished in the manner prescribed by section 10 of this chapter.

(c) Immediately after the organizational meeting of the board of directors, the board shall adopt bylaws providing for the board's procedures and management.

Sec. 14. (a) The board of directors of the library services authority:
(1) shall nominate and elect the board of directors' officers and participants of the executive committee;
(2) shall adopt bylaws, administrative procedures, and rules for the conduct of business of the board, the executive committee,
and the library services authority;
(3) shall adopt a fiscal year;
(4) may change the address of the principal place of business of
the authority;
(5) may consider and act upon recommendations of the executive
committee in the matters specified in this section;
(6) may adopt rules governing the termination of directors for
cause; and
(7) may deal with other appropriate matters.

(b) The board of directors shall meet at least annually. Special
meetings may be called by the president or any three (3) directors. A
quorum of appointed members of the board is required for the
transaction of business. A concurrence of two-thirds (2/3) of the
directors present is necessary to approve or to authorize any action.
A director may designate an individual to vote as proxy for that
director if written authorization is delivered to the secretary of the
executive committee before a board of directors meeting. If a director
votes by means of a proxy, the director shall be considered present at
the meeting of the board of directors for purposes of constituting a
quorum under this subsection and section 8 of this chapter.

(c) The executive committee of the library services authority shall
manage and conduct the business of the library services authority.
However, unless otherwise properly delegated to the executive
committee or administrative personnel in the bylaws, the board of
directors must approve:

(1) amendments to the joint agreement;
(2) the budget;
(3) statements of policy;
(4) rules;
(5) the development program and plans;
(6) the appointment of or arrangement for the chief
administrative officer;
(7) legal matters;
(8) purchases of property and equipment in accordance with
IC 5-22;
(9) contracts for the purchase of services, materials, equipment,
and other real or personal property;
(10) sales of services or material other than sales of services for
which the library services authority was created; and
(11) the acceptance or release of participants in the authority and
related matters.
(d) In the discharge of the executive committee's duties, the
executive committee shall meet at least quarterly. Special meetings
may be called by the president or any two (2) participants of the
executive committee. A majority of the committee participants
constitutes a quorum for the transaction of business, and a
concurrence of a majority of the participants of the executive
committee is necessary to authorize any action.
(e) Except for the election of officers and adoption or amendment
of the bylaws, the bylaws may provide that any action required or
permitted to be taken at any meeting of the board of directors may be
taken without a meeting if before the action a written consent to the
action is signed by a majority of the board of directors appointed
under section 10 of this chapter.
Sec. 15. For purposes of this chapter, a quorum consists of:
(1) a majority of the appointed members of the board of directors
when there are one hundred (100) or fewer participants in the
library services authority; or
(2) fifty-one (51) appointed members of the board of directors
when there are more than one hundred (100) participants in the
library services authority.
Chapter 9. Powers and Duties of Library Services Authorities
Sec. 1. This chapter applies to library services authorities
established under IC 36-12-8.
Sec. 2. A library services authority is a municipal corporation and
may exercise any powers, privileges, or authority exercised or capable
of being exercised by a public agency of the state, except that of
levying taxes.
Sec. 3. A library services authority may sue and be sued, and plead
and be impleaded.
Sec. 4. A library services authority may establish, manage,
maintain, and operate the library facilities and provide the library
services specified in the joint agreement creating the library services
authority.
Sec. 5. (a) A library services authority may:
(1) employ and delegate duties and responsibilities to a chief
administrative officer and other employees that may be
necessary for the performance of the authority's functions, or
provide for a chief administrative officer or other employees by
contract with:
(A) a library participant of the authority;
(B) another organization, institution, or company;
(C) an agency of government; or
(D) an individual;
(2) fix and pay the compensation of the employees;
(3) determine the number and duties of the employees; and
(4) remove or discharge employees.

(b) In exercising the powers under subsection (a)(1), the board of
directors of the library services authority may reimburse:
(1) candidates for employment for expenses reasonably incurred
while interviewing; and
(2) new employees for reasonable moving expenses.

If the board of directors exercises authority under this subsection, the
board shall establish reasonable levels of reimbursement for the
purposes of this subsection.

Sec. 6. A library services authority may purchase supplies,
materials, and equipment to carry out the powers and duties of the
board of directors.

Sec. 7. A library services authority may acquire and hold property,
real or personal, by purchase, devise, lease, gift, or otherwise, and sell,
exchange, or otherwise dispose of property, real or personal, no longer
needed for purposes of the authority.

Sec. 8. (a) The executive committee of the library services authority
shall prepare and adopt a budget annually for the operating
expenditures of the library services authority and shall calculate the
share of the budget to be charged to each participant in the authority
according to the pro rata formula in rules adopted by the board of
directors. The budget shall be submitted to the board of directors for
adoption. After adoption of the budget by the board, the board shall
submit a contract with the appropriate pro rata charges to each
participant at least three (3) months before the fiscal year for which
the budget of the participant is to be adopted.

(b) Each participant in the library services authority that signs a
contract for pro rata charges in the ensuing fiscal year shall:
(1) include the charges in the participant’s budget for the ensuing
fiscal year; and
(2) provide the necessary funds with which to pay the contractual
obligations under the participant’s contract with the library
services authority.

Sec. 9. (a) The library services authority shall deposit, hold, and
expend all funds coming into the possession of the library services authority in accordance with IC 5-11.

(b) An officer or employee of the library services authority who is authorized to receive or disburse or in any other way handle funds and securities of the authority shall give a corporate surety bond, in an amount specified in the rules, for the faithful performance of the duties of the officer or employee and the proper accounting of all money and other property that may be under the control of the officer or employee. The cost of the bond, including the cost of filing and recording, shall be paid out of funds of the library services authority.

(c) A library services authority may invest excess funds:

(1) in securities lawfully issued by any municipal corporation; or

(2) in accordance with IC 5-13-9.

However, deposits may not be made in excess of the amount of insurance protection afforded a participant or investor of any of these institutions.

(d) A library services authority may establish any special funds that may be necessary for the purpose of accumulating sufficient money over two (2) or more fiscal years for:

(1) the purchase of specified real property or major equipment;

(2) making improvements to real property owned by the library services authority; or

(3) providing fee based services to members.

Each special fund must be established for a specific purpose and named for that purpose. Any funds accumulated but not expended under this subsection may be transferred and expended for any other legitimate purpose of the authority.

(e) The records of a library services authority are public records. All funds received, unless specifically excluded, are the property of the library services authority receiving them.

Sec. 10. A library services authority may establish and maintain or participate in programs of employee benefits, which may include the lawful disbursement of funds for expenses related to the educational or professional development of an individual employed by the library services authority, including:

(1) inservice training;

(2) attending seminars or other special courses of instruction; and

(3) tuition reimbursement;

if the library services authority determines that the expenditures
under this section directly benefit the operation of the library facilities or the provision of library services.

Sec. 11. A library services authority may report annually to each participant in the authority on the budget and expenditures, services rendered, program, plans for development, and any other information that may be appropriate.

Sec. 12. A library services authority may enter into all contracts and agreements necessary to the performance of the authority's duties and the execution of the library services authority's powers under this chapter.

Sec. 13. A library services authority may:
   (1) establish and collect reasonable rates and charges for services rendered to the participants in the authority or others using the services of the authority; and
   (2) require participants in the authority or others using the services of the authority to make prepayments for certain services.

Sec. 14. A library services authority may join and participate in, through designated employees or representatives, the meetings and activities of state and national associations of a civic, educational, professional, or governmental nature that have as their purpose the betterment and improvement of library operations.

Sec. 15. All property owned by the library services authority and all revenues received by the authority are exempt from taxation for all purposes.

Chapter 10. Leasing of Library Property

Sec. 1. This chapter applies to the following public corporations:
   (1) A municipal corporation that operates and maintains library facilities.
   (2) Any other public corporation, established by statute, that operates and maintains library facilities.

Sec. 2. (a) A public corporation may lease a library building or buildings for the use of the public corporation or of any joint or consolidated public corporation of which the public corporation is a part or to which the public corporation contributes, under the following conditions:
   (1) A lease may not be entered into for a period of more than forty (40) years.
   (2) Before a lease is entered into, there must first be filed with the governing authority of the public corporation a petition signed
by fifty (50) or more resident taxpayers of the public
corporation.
(3) After investigation, the governing authority must determine
that a need exists for the library building or buildings.
(4) The governing authority must determine that the public
corporation cannot provide the necessary funds to pay the cost
or the public corporation's proportionate share of the cost of the
library building or buildings required to meet the present needs.
(b) If two (2) or more public corporations propose to enter into a
lease jointly, joint meetings of the governing authority of the
corporations may be held. Action taken is binding on a public
corporation only if the action is approved by the public corporation's
governing authority. A lease executed by two (2) or more public
corporations as joint lessees must set out the amount of the total lease
rental agreed upon to be paid by each. A lessee is entitled to occupancy
only if the total rental is paid as stipulated in the lease. All rights of
joint lessees under the lease must be proportionate to the amount of
lease rental paid by each.
Sec. 3. (a) A public corporation may enter into a lease under this
chapter only with a nonprofit corporation organized under Indiana
law for the sole purpose of:
(1) acquiring real property;
(2) building, improving, constructing, or renovating a suitable
library building or buildings, including the necessary equipment
and appurtenances;
(3) leasing the library facilities to the public corporation or
corporations; and
(4) collecting the rentals and applying the proceeds from the
rentals in the manner provided in this chapter.
(b) The lessor corporation shall act entirely without profit to the
corporation and the corporation's officers, directors, and members
but is entitled to the return of capital actually invested, which
includes:
(1) incorporation and organization expenses;
(2) financing costs;
(3) carrying charges;
(4) legal, contractors', and architects' fees; and
(5) any other capital cost.
The lessor corporation is also entitled to sums sufficient to pay interest
on outstanding securities or loans, and the cost of maintaining the
corporation's existence and keeping the corporation's property free of encumbrance.

(c) Upon receipt of any amount of lease rental by the lessor corporation above the amount necessary to meet incidental corporate expenses and to pay interest on corporate securities or loans, the excess funds shall be applied to the redemption and cancellation of the corporation's outstanding securities or loans as soon as this may be done.

Sec. 4. (a) All contracts of lease must provide that:

(1) the public corporation or corporations have an option to renew the lease for a further term, with like conditions; or
(2) the property covered by the lease may be purchased after six years from the execution of the lease and before the expiration of the term of the lease, on the date or dates in each year that are fixed, at a price equal to the amount required to enable the lessor corporation owning the site to:

(A) liquidate by paying all indebtedness, with accrued and unpaid interest; and

(B) recover the expenses and charges of liquidation.

(b) However, the purchase price prescribed by subsection (a)(2) may not exceed the capital actually invested in the property by the lessor corporation represented by outstanding securities or indebtedness plus the cost of transferring the property and liquidating the lessor corporation.

(c) A lease may not provide that any public corporation is under an obligation to purchase the leased library facilities or under an obligation in respect to the creditors, members, or other security holders of the lessor corporation.

Sec. 5. (a) The lessor corporation proposing to provide a library building or buildings, including necessary equipment and appurtenances, shall submit to the lessee or lessees, before the execution of a lease, preliminary plans, specifications, and estimates for the building or buildings.

(b) The final plans and specifications shall be submitted to the state department of health, state fire marshal, and any other agencies that are designated by law to pass on plans and specifications for library buildings. The final plans and specifications must be approved by these agencies and the lessee or lessees in writing before the construction of the building or buildings.

Sec. 6. The lease may provide that, as a part of the lease rental for
the library building or buildings, the lessee or lessees shall agree to:

1. pay all taxes and assessments levied against or on account of the leased property;
2. maintain insurance on the property for the benefit of the lessor corporation; and
3. assume all responsibilities for repair and alterations with regard to the building or buildings during the term of the lease.

Sec. 7. (a) The public corporation or corporations may, in anticipation of the acquisition of real property and any necessary construction of a library building or buildings, including the necessary equipment and appurtenances, enter into a lease with the lessor corporation before actual acquisition of real property and any construction of the building or buildings. However, the lease may not provide for the payment of lease rental by the lessee or lessees until the building or buildings are complete and ready for occupancy, at which time the stipulated lease rental payments may begin.

(b) The contractor must be required under the lease to furnish to the lessor corporation a bond satisfactory to the corporation conditioned upon the final completion of the building or buildings within a period that may be provided in the contract.

Sec. 8. (a) When the lessor corporation and the public corporation or corporations have agreed upon the terms and conditions of a lease proposed to be entered into under this chapter and before the final execution of the lease, notice of a hearing shall be given by publication to all interested persons. The hearing shall be held before the governing authority, on a day not earlier than ten (10) days after the publication of the notice.

(b) The notice of the hearing shall be published one (1) time in a newspaper of general circulation printed in the English language in the district of the public corporation or in each public corporation district if the proposed lease is a joint lease. If a newspaper is not published in the district, the notice shall be published in any newspaper of general circulation published in the county. The notice must name the date, place, and time of the hearing and set forth a brief summary of the principal terms of the lease agreed upon, including:

1. the location;
2. the name of the proposed lessor corporation and character of the property to be leased;
3. the rental to be paid; and
The proposed lease, drawings, plans, specifications, and estimates for the library building or buildings must be available for inspection by the public during the ten (10) day period under subsection (a) and at the meeting. All interested persons are entitled to be heard at the hearing regarding the necessity for the execution of the lease, and whether the rental provided for in the lease to be paid to the lessor corporation is a fair and reasonable rental for the proposed building or buildings. The hearing may be adjourned to a later date or dates, and following the hearing, the governing authority may either authorize the execution of the lease as originally agreed upon or may make modifications that have been agreed upon by the lessor corporation. The lease rentals as set out in the published notice may not be increased. The cost of the publication of the notice shall be paid by the lessor corporation.

Sec. 9. (a) If the execution of the lease as originally agreed upon, or as modified by agreement, is authorized by the library board, the library board shall give notice of the signing of the lease by publication one (1) time in a newspaper of general circulation printed in the English language in the district of the public corporation or in each public corporation district if the proposed lease is a joint lease. If a newspaper is not published in the district, the notice shall be published in any newspaper of general circulation published in the county.

(b) Fifty (50) or more taxpayers in the public corporation or corporations who will be affected by the proposed lease and who are of the opinion that the execution of the lease is not necessary or that the proposed rental is not a fair and reasonable rental may file a petition in the office of the county auditor of the county in which the public corporation or corporations are located. The petition must be filed not later than thirty (30) days after the publication of notice of the execution of the lease and must set forth objections and facts showing that the execution of the lease is unnecessary or unwise or that the lease rental is not fair and reasonable, as the case may be.

(c) Upon the filing of a petition, the county auditor shall immediately certify to the department of local government finance a copy of the petition, together with other data that may be necessary to present the questions involved. Upon receipt of the certified petition and information, the department of local government finance shall fix a time and place for a hearing of the matter not less than five (5) or
more than thirty (30) days after the department's receipt of the petition and information. The hearing shall be held in the public corporation or corporations or in the county where the public corporations are located.

(d) Notice of the hearing shall be given by the department of local government finance to the members of the library board and to the first ten (10) taxpayer petitioners on the petition by a letter signed by the department of local government finance. The postage of the notice shall be prepaid, and the notice shall be addressed to the persons at their usual place of residence and mailed at least five (5) days before the date of the hearing. The decision of the department of local government finance on the appeal regarding the necessity for the execution of the lease and whether the rental is fair and reasonable is final. A lease may be amended by the parties by following the procedure under this chapter.

(e) An action to contest the validity of the lease or an amendment to the lease or to enjoin the performance of any of the terms and conditions of the lease must be brought not later than thirty (30) days after publication of notice of the execution of the lease or an amendment to the lease by the library board of the public corporation or corporations. If an appeal has been taken to the department of local government finance, action must be brought not later than thirty (30) days after the decision of the department.

Sec. 10. (a) The lessor corporation shall hold in fee simple the real property on which the library building or buildings exists or will be constructed. A public corporation or corporations proposing to lease the library building or buildings, either alone or jointly with another public corporation that owns the property, may sell the property to the lessor corporation in fee simple.

(b) Before a sale under this section may take place, the governing authority of the public corporation shall file a petition with the circuit court of the county in which the public corporation is located requesting the appointment of three (3) disinterested freeholders of the public corporation as appraisers to determine the fair market value of the real property. Upon their appointment, the three (3) appraisers shall fix the fair market value of the real property and report this amount to the circuit court not later than two (2) weeks from the date of their appointment. The public corporation may then sell the real property to the lessor corporation for an amount not less than the amount fixed as the fair market value by the appraisers. The amount
shall be paid in cash upon delivery of the deed by the public corporation to the lessor corporation.

Sec. 11. (a) A corporation qualifying as a lessor corporation under this chapter may, in furtherance of the corporation's purposes, issue and sell bonds and other securities. Mortgage bonds issued by a lessor corporation that are a first lien on the leased property are legal and proper investments for state banks and trust companies, insurance companies, and fiduciaries. The bonds may be callable, with or without premiums, with accrued and unpaid interest upon notice provided in the mortgage indenture.

(b) All bonds and other securities issued by the lessor corporation must be advertised and sold in accordance with IC 5-1-11 at any interest rate.

(c) The approval of the securities division of the secretary of state is not required in connection with the issuance and sale of bonds or other securities of a public corporation.

Sec. 12. A public corporation may issue the corporation's general obligation bonds to procure funds to pay the cost of acquisition of real property. The bonds must be authorized, issued, and sold in accordance with IC 6-1.1-20.

Sec. 13. A public corporation that executes a lease under this chapter shall annually levy a special tax, in addition to other taxes authorized by law, sufficient to produce each year the necessary funds with which to pay the lease rental stipulated to be paid by the public corporation under the lease. A levy under this section shall be reviewed in accordance with IC 6-1.1-17. The first tax levy shall be made at the first annual tax levy period following the date of the execution of the lease. The first annual levy must be sufficient to pay the estimated amount of the first annual lease rental payment to be made under the lease.

Sec. 14. All property owned by a lessor corporation contracting with a public corporation or corporations under this chapter and all stock and other securities, including the interest or dividends issued by a lessor corporation, are exempt from all state, county, and other taxes, excluding the financial institutions tax and the inheritance taxes.

Chapter 11. Library Certification Board

Sec. 1. This chapter applies to both Class 1 and Class 2 libraries.
Sec. 2. As used in this chapter, "board" refers to the Indiana library and historical board established by IC 4-23-7-2.
Sec. 3. As used in this chapter, "director" refers to the director of
the Indiana state library appointed under IC 4-23-7.1-37.

Sec. 4. As used in this chapter, "practitioner" means an individual certified under this chapter.

Sec. 5. The board shall do the following:

1. Prescribe and define grades of public library service and prescribe the qualifications that individuals must possess who are employed in each of the grades of public library service, giving due consideration to the population served and the income and salary schedule of each library.

2. Make available the requirements for certification of all grades upon request and without charge to all prospective applicants.

3. Issue certificates to candidates who apply for certificates and who, by reason of their academic or technical training and experience, are found to be suitable individuals to certify.

4. Prescribe and define the qualifications of a library director, a head of a department or branch, or a professional assistant of a public library.

5. Adopt rules under IC 4-22-2 that the board determines are necessary to administer this chapter.

Sec. 6. All library directors, library department or branch heads, and professional assistants, except those who are employed at school libraries or libraries of educational institutions, must hold a certificate under section 7 of this chapter.

Sec. 7. (a) An individual who:

1. desires to be certified as a librarian in a designated division, grade, or type of public library service; and

2. possesses the qualifications prescribed in the rules of the board as essential to enable an individual to apply for a certificate;

may apply to the board for a certificate in any grade or grades of public library service.

(b) The application must be:

1. made on a form prescribed and supplied by the board; and

2. accompanied by the fee set by the board under section 11 of this chapter.

(c) If the application is found to be satisfactory, the applicant is entitled to a certificate in the grade or grades of public library service for which the applicant applied.

Sec. 8. (a) An individual who is actively engaged or expects to
engage actively in:
   (1) a grade or class of private library service; or
   (2) the library service of a school or another educational institution;
whether the individual is or expects to be a library director, or the head of a department or branch of a private library or of the library of a school or an educational institution, may apply for a certificate of a grade or class.

   (b) If an individual is found to be competent and qualified, the individual shall be granted the certificate applied for in the same manner and subject to the same conditions as are provided for the certification of librarians in public libraries under section 7 of this chapter.

Sec. 9. To prevent unjust and arbitrary exclusions by other states of certified librarians who have complied with the requirements of Indiana law, the board may adopt rules necessary for the reciprocal recognition of certificates for librarians issued by other states whose qualifications for library service are at least as high as the qualifications in Indiana. To effect this section, the board shall consider the recommendations of the American Library Association.

Sec. 10. All fees collected under this chapter constitute a separate account of the state general fund, known as the library certification account, which shall be used to defray expenses incurred in the administration of this chapter. The balance in this account at the end of any fiscal year does not revert to the state general fund but is carried forward and available for the succeeding fiscal year.

Sec. 11. (a) The board shall adopt rules under IC 4-22-2 to set fees to be paid by an individual who applies for certification under section 7 of this chapter. If the board has not set a fee by rule for a particular type of application, the fee is one dollar ($1).

   (b) Payment of fees set under this section may be made by any of the following:
      (1) Cash.
      (2) A draft.
      (3) A money order.
      (4) A cashier's check.
      (5) A certified check.
      (6) A personal check.
If an individual pays a fee with an uncertified personal check and the check does not clear the bank, the board may void the certificate for
which the check was received.

(c) Unless specified by the rules of the board, a fee is not refundable or transferable.

(d) Fees shall be paid to the library certification account established under section 10 of this chapter.

Sec. 12. The office of the attorney general, under the conditions specified in this chapter, may receive, investigate, and prosecute complaints concerning a practitioner.

Sec. 13. The director is responsible for investigation of complaints concerning a practitioner.

Sec. 14. All complaints concerning a practitioner must be written, signed by the complainant, and initially filed with the director. Except for an employee of the attorney general’s office acting in an official capacity, a complaint may be filed by any individual, including a member of the board.

Sec. 15. The director has the following duties and powers:

(1) The director shall make an initial determination as to the merit of a complaint. The director shall submit a copy of a complaint having merit to the board. Except as otherwise provided by this chapter, the board acquires jurisdiction over the complaint upon submission of the complaint to the board by the director.

(2) The director shall notify the practitioner of the nature and ramifications of the complaint and of the duty of the board to attempt to resolve the complaint through negotiation.

(3) The director shall report any pertinent information regarding the status of the complaint to the complainant.

(4) The director may investigate any written complaint against a practitioner. The director shall limit the investigation to areas that appear to be in violation of this chapter or rules adopted under this chapter.

(5) The director may:

(A) subpoena witnesses; or

(B) send for and compel the production of books, records, papers, and documents;

in relation to an investigation under this chapter. The circuit or superior court located in the county where a subpoena is to be issued shall enforce the subpoena.

Sec. 16. For thirty (30) days after the director has notified the board and the practitioner that a complaint has been filed, the
director shall not conduct an investigation or take any action, unless requested by the board. If, during the thirty (30) days, the board requests an extension of the thirty (30) day period, the director shall extend the period for not more than twenty (20) days.

Sec. 17. If before the director files a report with the attorney general under section 19 of this chapter, the director receives a statement:

(1) signed by the practitioner and the complainant; and
(2) stating that the complaint has been resolved;
the director may not take further action.

Sec. 18. If at any time during the thirty (30) day period or an extension period described in section 16 of this chapter the board notifies the director of the board's intention not to proceed further to resolve the complaint, the director may proceed immediately to continue to pursue the complaint under this chapter.

Sec. 19. If there has not been a statement filed under section 17 of this chapter, and if after conducting an investigation the director believes the practitioner should be subject to disciplinary sanctions by the board, the director shall file a report with the attorney general. Upon receiving the director's report, the attorney general may prosecute the matter before the board on behalf of the state.

Sec. 20. Notwithstanding section 19 of this chapter, if the board requests, the attorney general shall prosecute the matter before the board on behalf of the state.

Sec. 21. (a) IC 4-21.5 applies to proceedings to discipline a practitioner under this chapter.
(b) The board is the ultimate authority under IC 4-21.5.

Sec. 22. (a) A complaint and information pertaining to the complaint are confidential until the attorney general files notice with the board of intent to prosecute the practitioner.
(b) Unless required to do so under law or in furtherance of an investigation, an individual employed by the office of the attorney general, the board, or the director may not disclose or further the disclosure of information concerning a complaint.

Sec. 23. A practitioner may be disciplined under section 26 of this chapter if after a hearing the board finds any of the following:

(1) The practitioner has:
(A) employed or knowingly cooperated in fraud or material deception in order to obtain a certificate issued under this chapter;
(B) engaged in fraud or material deception in the course of professional services or activities; or
(C) advertised services in a false or misleading manner.
(2) The practitioner has been convicted of a crime that has a direct bearing on the practitioner’s ability to practice competently.
(3) The practitioner has knowingly violated a rule adopted by the board.
(4) The practitioner has continued to practice although the practitioner has become unfit to practice due to:
   (A) professional incompetence;
   (B) failure to keep abreast of current professional theory or practice;
   (C) physical or mental disability; or
   (D) addiction or severe dependency upon alcohol or other drugs that endangers the public by impairing a practitioner’s ability to practice safely.
(5) The practitioner has engaged in a course of lewd or immoral conduct in connection with the practitioner’s practice.

Sec. 24. The board may order a practitioner to submit to a reasonable physical or mental examination if the practitioner's physical or mental capacity to practice safely is at issue in a disciplinary proceeding.

Sec. 25. Failure of a practitioner to comply with a board order to submit to a physical or mental examination renders the practitioner liable to the summary suspension procedures under section 27 of this chapter.

Sec. 26. The board may impose any of the following sanctions, singly or in combination, if the board finds a practitioner has committed an offense under section 23 of this chapter:
(1) Permanently revoke the practitioner’s certificate.
(2) Suspend the practitioner’s certificate.
(3) Censure the practitioner.
(4) Issue a letter of reprimand.
(5) Place the practitioner on probation status and require the practitioner to:
   (A) report regularly to the board upon the matters that are the basis of the probation;
   (B) limit practice to those areas prescribed by the board; or
   (C) continue or renew professional education under a
practitioner approved by the board until a satisfactory degree of skill has been attained in those areas that are the basis of the probation. The board may withdraw the probation if the board finds that the deficiency that required disciplinary action has been remedied.

Sec. 27. The board may summarily suspend a practitioner's certificate for ninety (90) days in advance of final adjudication or during the appeals process if the board finds that the practitioner represents a clear and immediate danger to the public health and safety if the practitioner is allowed to continue to practice. The summary suspension may be renewed upon a hearing before the board, and each renewal may be for ninety (90) days or less.

Sec. 28. The board may reinstate a certificate that has been suspended under this chapter if after a hearing the board is satisfied that the applicant is able to practice with reasonable skill and safety. As a condition of reinstatement, the board may impose disciplinary or corrective measures authorized under this chapter.

Sec. 29. The board shall seek to achieve consistency in the application of sanctions authorized in this chapter, and significant departures from prior decisions involving similar conduct shall be explained in the board's findings or orders.

Chapter 12. Library Capital Projects Fund

Sec. 1. As used in this chapter, "emergency" means:

1. when used with respect to repair or replacement, a fire, flood, windstorm, mechanical failure of any part of a structure, or other unforeseeable circumstance; and

2. when used with respect to site acquisition, the unforeseeable availability of real property for purchase.

Sec. 2. (a) A library district may establish a capital projects fund.

(b) With respect to a facility used or to be used by the library district, the fund may be used to pay for the following:

1. Planned construction, repair, replacement, or remodeling.

2. Site acquisition.

3. Site development.

4. Repair, replacement, or site acquisition that is necessitated by an emergency.

(c) Money in the fund may be used to pay for the purchase, lease, or repair of equipment to be used by the library district.

(d) The fund may be used to pay for the purchase, lease, upgrading, maintenance, or repair of computer hardware or software.
Sec. 3. (a) Before a library board may collect property taxes for a capital projects fund in a particular year, the library board must, after January 1 and before May 15 of the immediately preceding year, hold a public hearing on a proposed plan, pass a resolution to adopt a plan, and submit the plan for approval or rejection by the fiscal body designated in section 4 of this chapter.

(b) The department of local government finance shall prescribe the format of the plan. A plan must apply to at least the three (3) years immediately following the year the plan is adopted. A plan must estimate for each year to which the plan applies the nature and amount of proposed expenditures from the capital projects fund. A plan must estimate:

1. the source of all revenue to be dedicated to the proposed expenditures in the upcoming budget year; and
2. the amount of property taxes to be collected in that year and retained in the fund for expenditures proposed for a later year.

(c) If a hearing is scheduled under subsection (a), the governing body shall publish the proposed plan and a notice of the hearing in accordance with IC 5-3-1-2(b).

Sec. 4. (a) If the library board passes a resolution under section 3 of this chapter, not later than ten (10) days after passing the resolution the board shall transmit a certified copy of the plan to the appropriate fiscal body or fiscal bodies, whichever applies. The appropriate fiscal body is determined as follows:

1. If the library district is located entirely within the corporate boundaries of a municipality, the appropriate fiscal body is the fiscal body of the municipality.
2. If the library district is not described by subdivision (1) and the district is located entirely within the boundaries of a township, the appropriate fiscal body is the fiscal body of the township.
3. If the library district is not described by subdivision (1) or (2), the appropriate fiscal body is the fiscal body of each county in which the library district is located.

(b) The appropriate fiscal body shall hold a public hearing on the plan not later than thirty (30) days after receiving a certified copy of the plan and either reject or approve the plan before August 1 of the year that the plan is received.

Sec. 5. (a) If the library board passes a resolution under section 3 of this chapter and the appropriate fiscal body or bodies approve the
plan, the library board shall submit the resolution and the plan to the
department of local government finance. If the department of local
government finance determines that:
   (1) the library board has correctly advertised the plan under
section 3(c) of this chapter;
   (2) the plan was adopted by the library board and approved by
the appropriate fiscal body or bodies; and
   (3) the plan conforms to the format prescribed by the
department;
the department shall require notice of the submission to be given to
the taxpayers of the library district in accordance with IC 5-3-1-2(b).

(b) Ten (10) or more taxpayers who will be affected by the adopted
plan may file a petition with the county auditor of a county in which
the library district is located not later than ten (10) days after the
publication, setting forth the taxpayers’ objections to the proposed
plan. The county auditor shall immediately certify the petition to the
department of local government finance.

Sec. 6. The department of local government finance shall, within a
reasonable time, fix a date for a hearing on the petition filed under
section 5(b) of this chapter. The hearing shall be held in a county in
which the library district is located. The department of local
government finance shall notify:
   (1) the library board; and
   (2) the first ten (10) taxpayers whose names appear on the
petition;
at least five (5) days before the date fixed for the hearing.

Sec. 7. (a) After a hearing upon the petition under section 6 of this
chapter, the department of local government finance shall certify the
department's approval, disapproval, or modification of the plan to the
library board and the auditor of the county.

(b) A:
   (1) taxpayer who signed a petition filed under section 5 of this
chapter; or
   (2) library district against which a petition under section 5 of this
chapter is filed;
may petition for judicial review of the final determination of the
department of local government finance under subsection (a). The
petition must be filed in the tax court not more than forty-five (45)
days after the department certifies the department's action under
subsection (a).
Sec. 8. The department of local government finance may approve appropriations from the capital projects fund only if the appropriations conform to a plan that has been adopted and approved in compliance with this chapter.

Sec. 9. (a) A library board may amend an adopted and approved plan to:

(1) provide money for the purposes described in section 2(b)(4) of this chapter; or

(2) supplement money accumulated in the capital projects fund for those purposes.

(b) If an emergency arises that results in costs that exceed the amount accumulated in the fund for the purposes described in section 2(b)(4) of this chapter, the library board must immediately apply to the department of local government finance for a determination that an emergency exists. If the department of local government finance determines that an emergency exists, the library board may adopt a resolution to amend the plan. The amendment is not subject to the deadline and the procedures for adoption described in section 3 of this chapter. However, the amendment is subject to modification by the department of local government finance.

(c) An amendment adopted under this section may require the payment of eligible emergency costs from:

(1) money accumulated in the capital projects fund for other purposes; or

(2) money to be borrowed from other funds of the library board or from a financial institution.

The amendment may also provide for an increase in the property tax rate for the capital projects fund to restore money to the fund or to pay principal and interest on a loan. However, before the property tax rate for the fund may be increased, the library board must submit and obtain the approval of the appropriate fiscal body or bodies, as provided in section 4 of this chapter. An increase to the property tax rate for the capital projects fund is effective for property taxes first due and payable for the year next certified by the department of local government finance under IC 6-1.1-17-16. However, the property tax rate may not exceed the maximum rate established under section 10 of this chapter.

Sec. 10. To provide for the capital projects fund, the library board may, for each year in which a plan adopted under section 3 of this chapter is in effect, impose a property tax rate that does not exceed
one and sixty-seven hundredths cents ($0.0167) on each one hundred dollars ($100) of assessed valuation of the library district. This rate must be advertised in the same manner as other property tax rates.

Sec. 11. Interest on the capital projects fund, including the fund's pro rata share of interest earned on the investment of total money on deposit, shall be deposited in the fund. The library board may allocate the interest among the accounts within the fund.

Sec. 12. The department of local government finance may adopt rules under IC 4-22-2 to implement this chapter.

Chapter 13. Interstate Library Compact

Sec. 1. This chapter applies to Indiana and any state bordering Indiana that joins in the interstate library compact.

Sec. 2. (a) The appropriate officials and agencies of the party states or a political subdivision as defined in IC 36-1-2-13 may, on behalf of the party states or political subdivision, enter into agreements under the interstate library compact for cooperative or joint conduct of library services if the party states or political subdivision finds that the distribution of population makes the provision of library service on an interstate basis the most effective way to provide adequate and efficient services.

(b) Agreements under the interstate library compact entered into on behalf of the state shall be made by the compact administrator.

(c) Agreements under the interstate library compact entered into on behalf of one of the state's political subdivisions shall be made after giving notice to the compact administrator and after consulting with the compact administrator about the agreement.

Sec. 3. The director of the Indiana state library, ex officio, is the compact administrator. The compact administrator shall:

(1) receive copies of all agreements entered into by the state or a political subdivision of the state and other party states or political subdivisions;

(2) consult with, advise, and aid the political subdivisions in the formulation of interstate library compact agreements;

(3) make recommendations to the governor, the general assembly, governmental agencies, and political subdivisions that are desirable to effectuate the purposes of this compact; and

(4) consult and cooperate with the compact administrators of other party states.

Sec. 4. An interstate library compact agreement must:

(1) detail the specific nature of the services, facilities, properties,
or personnel to which the compact is applicable;
(2) provide for the allocation of costs and other financial responsibilities;
(3) specify the respective rights, duties, obligations, and liabilities; and
(4) stipulate the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters that may be appropriate to the proper effectuation and performance of the agreement.

Sec. 5. A compact continues in force and remains binding on each party state until six (6) months after a state has given notice of repeal by the legislature. The repeal of an interstate library compact chapter does not relieve any party to an interstate library compact agreement from the obligation of that agreement before the end of the compact's stipulated period of duration.

Sec. 6. The agencies and officers of this state and political subdivisions of the state shall enforce the compact and do all things appropriate within their power to effect the compact's purpose and intent.

SECTION 50. IC 2-3.5-1-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) A member of the general assembly who is serving on April 30, 1989, may elect to become a participant in both the defined benefit plan and the defined contribution plan of the legislators' retirement system, as provided by IC 2-3.5-3-1. (b) Notwithstanding IC 5-10.3-7-2 or any other law, a member of the general assembly who is a participant in the legislators' defined benefit plan shall also be a member of PERF or TRF while serving in another position covered by PERF or TRF. However, the following provisions apply to a participant who is also a member of PERF or TRF:

(1) The PERF board or TRF board shall include the participant's years of service in the general assembly in the determination of eligibility for benefits under PERF or TRF.

(3) The participant is not required to make annuity contributions to PERF or TRF for service as a member of the general assembly after July 1, 1989.

is a participant in the defined contribution plan of the legislators' retirement system.

(b) The PERF and TRF benefits earned by a participant described in subsection (a) before July 1, 1989, for service as a member of the general assembly or in another covered position, are not affected by this article. However, the following provisions apply to such a participant who is also a member of PERF or TRF:

The public employer may, however, exclude part-time employees and persons who provide services to the unit under contract from any group insurance coverage that the public employer provides to the employer’s full-time employees. A public employer may provide programs of group health insurance under this section through one (1) of the following methods:
   (1) By purchasing policies of group insurance.
   (2) By establishing self-insurance programs.
   (3) By electing to participate in the local unit group of local units that offer the state employee health plan under section 6.6 of this chapter.

A public employer may provide programs of group insurance other than group health insurance under this section by purchasing policies of group insurance and by establishing self-insurance programs. However, the establishment of a self-insurance program is subject to the approval of the unit’s fiscal body.

(c) A public employer may pay a part of the cost of group insurance, but shall pay a part of the cost of group life insurance for local employees. A public employer may pay, as supplemental wages, an amount equal to the deductible portion of group health insurance as long as payment of the supplemental wages will not result in the payment of the total cost of the insurance by the public employer.

(e) After June 30, 1986, a public employer shall provide a group health insurance program under subsection (g) to each retired employee:

(4) who will have completed at least fifteen (15) years of participation in the retirement plan of which the employee is a member on or before the employee's retirement date.

(f) A group health insurance program required by subsection (e) must be equal in coverage to that offered active employees and must permit the retired employee to participate if the retired employee pays an amount equal to the total of the employer's and the employee's premiums for the group health insurance for an active employee and if the employee, within ninety (90) days after the employee's retirement date files a written request with the employer for insurance coverage. However, the employer may elect to pay any part of the retired employee's premiums.

A retired employee who is eligible for insurance coverage under subsection (e) may elect to have the employee's spouse covered under the health insurance program at the time the employee retires. If a retired employee's spouse pays the amount the retired employee would have been required to pay for coverage selected by the spouse, the spouse's subsequent eligibility to continue insurance under this section is not affected by the death of the retired employee. The surviving spouse's eligibility ends on the earliest of the following:

(1) When the spouse becomes eligible for Medicare coverage as prescribed by 42 U.S.C. 1395 et seq.

However, the employer may pay all or part of the employer's premium for
the insurance.

(i) A public employer may provide group health insurance for retired
employees or their spouses not covered by subsections (e) through (g) and
may provide group health insurance that contains provisions more
favorable to retired employees and their spouses than required by
subsections (e) through (g). A public employer may provide group health
insurance to an employee who is on leave without pay for a longer period
than required by subsection (h), and may continue to pay all or a part of
the employer's premium for the insurance while the employee is on leave
without pay.

   (3) has at least ten (10) years of service credit as a member in the general assembly.

A former member or surviving spouse of a former member who obtains insurance under this section is responsible for paying both the employer and the employee share of the cost of the coverage.

(f) The group health insurance program required under subsections (b) through (e) must be equal to that offered active employees. The retired employee may participate in the group health insurance program if the retired employee pays an amount equal to the employer's and the employee's premium for the group health insurance for an active employee and if the retired employee within ninety (90) days after the employee's
retirement date files a written request for insurance coverage with the employer. However, the employer may elect to pay any part of the retired employee's premium with respect to insurance coverage under this chapter.

An employee who is on leave without pay is entitled to participate for ninety (90) days in any health insurance program maintained by the employer for active employees if the employee pays an amount equal to the total of the employer's and the employee's premiums for the insurance.

(i) An employer may provide group health insurance for retired employees or their spouses not covered by this section and may provide group health insurance that contains provisions more favorable to retired employees and their spouses than required by this section. A public employer may provide group health insurance to an employee who is on leave without pay for a longer period than required by subsection (h).

(j) An employer may elect to permit former employees and their spouses, including surviving spouses, to continue to participate in a group health insurance program under this chapter after the former employee (who is otherwise qualified under this chapter to participate in a group insurance program) or spouse has become eligible for Medicare coverage as prescribed by 42 U.S.C.A. U.S.C. 1395 et seq. An employer who makes an election under this section may require a person who continues coverage under this subsection to participate in a retiree health benefit plan.

   (B) does not exempt the maximum rate from the adjustment
      under this section.
(e) The new maximum rate under a statute listed in subsection (d) is the tax rate determined under STEP SEVEN of the following STEPS:

STEP ONE: Determine the maximum rate for the political subdivision levying a property tax or special benefits tax under the statute for the year preceding the year in which the annual adjustment or general reassessment takes effect.

STEP TWO: Determine the actual percentage increase (rounded to the nearest one-hundredth percent (0.01%)) in the assessed value (before the adjustment, if any, under IC 6-1.1-4-4.5) of the taxable property from the year preceding the year the annual adjustment or general reassessment takes effect to the year that the annual adjustment or general reassessment takes effect.

STEP THREE: Determine the three (3) calendar years that immediately precede the ensuing calendar year and in which a statewide general reassessment of real property does not first take effect.

STEP FOUR: Compute separately, for each of the calendar years determined in STEP THREE, the actual percentage increase (rounded to the nearest one-hundredth percent (0.01%)) in the assessed value (before the adjustment, if any, under IC 6-1.1-4-4.5) of the taxable property from the preceding year.

STEP FIVE: Divide the sum of the three (3) quotients computed in STEP FOUR by three (3).

SECTION 88. IC 6-1.1-18.5-10.3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 10.3. (a) The ad valorem property tax levy limits imposed by section 3 of this chapter do not apply to ad valorem property taxes imposed by a library board for a capital projects fund under IC 20-14-13. IC 36-12-3. However, the maximum amount that is exempt from the levy limits under this section may not
exceed the property taxes that would be raised in the ensuing calendar year with a property tax rate of one and thirty-three hundredths cents ($0.0133) per one hundred dollars ($100) of assessed valuation.

(b) For purposes of computing the ad valorem property tax levy limit imposed on a library board under section 3 of this chapter, the library board's ad valorem property tax levy for a particular calendar year does not include that part of the levy imposed under IC 20-14-12 IC 36-12-3 that is exempt from the ad valorem property tax levy limits under subsection (a).

SECTION 89. IC 6-1.1-19-6 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 6. (a) A school corporation that did not impose a general fund tax levy for the preceding calendar year may not collect a general fund tax levy for the ensuing calendar year until that general fund tax levy (and the related budget, appropriations, and general fund tax rate), after being adopted and advertised and considered by the proper county board of tax adjustment as provided by law, is reviewed by the tax control board, which shall make its recommendations in respect thereof to the department of local government finance, and is approved by the department.

(b) For all purposes relevant to this chapter:
   (1) the adjusted base levy for a school corporation that must have its levy approved under subsection (a) is the total dollar amount of the ad valorem tax levy for its general fund that, after being approved, is made by the school corporation for taxes collectible in the first full calendar year after the approval; and
   (2) the ADA ratio for a school corporation that must have its levy approved under subsection (a) is the quotient resulting from a division of the school corporation's current ADA by the ADA first determined after the approval for the school corporation in accordance with the rules and regulations established by the state board of education.

(c) For purposes of this chapter:
   (1) where territory is transferred from one (1) school corporation to another after April 4, 1973, under IC 20-4-4 (before its repeal), or IC 20-3-14 (before its repeal), IC 20-23-5, or IC 20-25-5, ADA, current ADA, and ADA ratio shall be interpreted, insofar as possible, as though the pupils in the territory had been transferred in the school year ending in 1973; and
   (2) where territory is transferred from one (1) school corporation to another after June 1, 1978, under IC 20-4-4 (before its repeal), or
IC 20-3-14 (before its repeal), IC 20-23-5, or IC 20-25-5, adjusted base levy, normal tax levy, and the other terms used in this chapter shall be interpreted, insofar as possible, as though the assessed valuation of the territory had been transferred prior to March 1, 1977, in accordance with rules and a final determination by the department of local government finance.

SECTION 90. IC 6-1.1-19-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 8. (a) A school corporation must file a petition requesting approval from the department of local government finance to incur bond indebtedness, enter into a lease rental agreement, or repay from the debt service fund loans made for the purchase of school buses under IC 20-9.1-6-5 IC 20-27-4-5 not later than twenty-four (24) months after the first date of publication of notice of a preliminary determination under IC 6-1.1-20-3.1(2), unless the school corporation demonstrates that a longer period is reasonable in light of the school corporation’s facts and circumstances. A school corporation must obtain approval from the department of local government finance before the school corporation may:

1. incur the indebtedness;
2. enter into the lease agreement; or
3. repay the school bus purchase loan.

This restriction does not apply to ad valorem property taxes which a school corporation levies to pay or fund bond or lease rental indebtedness created or incurred before July 1, 1974.

(b) The department of local government finance may either approve, disapprove, or modify then approve a school corporation’s proposed lease rental agreement, bond issue or school bus purchase loan. Before it approves or disapproves a proposed lease rental agreement, bond issue or school bus purchase loan, the department of local government finance may seek the recommendation of the tax control board.

(c) The department of local government finance shall render a decision not more than three (3) months after the date it receives a request for approval under subsection (a). However, the department of local government finance may extend this three (3) month period by an additional three (3) months if, at least ten (10) days before the end of the original three (3) month period, the department sends notice of the extension to the executive officer of the school corporation. A school corporation may petition for judicial review of the final determination of the department of local government finance under this section. The petition must be filed in the tax court not more than forty-five (45) days
after the department enters its order under this section.

(d) After December 31, 1995, the department of local government finance may not approve a school corporation's proposed lease rental agreement or bond issue to finance the construction of additional classrooms unless the school corporation first:

1. establishes that additional classroom space is necessary; and
2. conducts a feasibility study, holds public hearings, and hears public testimony on using a twelve (12) month school term (instead of the nine (9) month school term (as defined in IC 20-10.1-2-2)) rather than expanding classroom space.

(e) This section does not apply to school bus purchase loans made by a school corporation which will be repaid solely from the general fund of the school corporation.

(f) A taxpayer may petition for judicial review of the final determination of the department of local government finance under this section. The petition must be filed in the tax court not more than thirty (30) days after the department enters its order under this section.

However, the interest charged on the loan may not exceed the percent of increase in the United States Department of Labor Consumer Price Index for Urban Wage Earners and Clerical Workers during the most recent twelve (12) month period for which data is available as of the date that the unit applies for a loan under this chapter. In the case of a qualified taxing unit that is not a school corporation or a public library (as defined in IC 20-14-1-2), IC 36-12-1-5), a loan must be repaid not later than ten (10) years after the date on which the loan was made. The payment of any installment of principal constitutes a first charge against the property tax revenues described in subdivision (1) that are collected by the qualified taxing unit during the calendar year the installment is due and payable.

(c) The obligation to repay a loan made under this chapter is not a basis for the qualified taxing unit to obtain an excessive tax levy under IC 6-1.1-18.5 or IC 6-1.1-19.

(d) Whenever the board receives a payment on a loan made under this chapter, the board shall deposit the amount paid in the counter-cyclical revenue and economic stabilization fund.

(1) the payment of any judgment rendered against the school corporation, or rendered against any officer or employee of the school corporation for which the school corporation is liable under IC 34-13-1, IC 34-13-3, or IC 34-13-4 (or IC 34-4-16.5, IC 34-4-16.6, or IC 34-4-16.7 before their repeal);
(2) the payment of any claim or settlement for which the school corporation is liable pursuant to IC 34-13-2, IC 34-13-3, or IC 34-13-4 (or IC 34-4-16.5, IC 34-4-16.6, or IC 34-4-16.7 before their repeal);
(3) the payment of any premium, management fee, claim, or settlement for which the school corporation is liable pursuant to any federal or state statute including but not limited to payments pursuant to IC 22-3 and IC 22-4; or

(a) Any lawful school expenses payable from any other fund of the school corporation, including without limitation debt service and capital outlay, but excluding costs attributable to transportation (as defined in IC 21-2-11.5-2), may be budgeted in and paid from the general fund. However, after June 30, 2003, and before July 1, 2005, a school corporation may budget for and pay
costs attributable to transportation (as defined in IC 21-2-11.5-2) from the general fund.

(b) In addition, remuneration for athletic coaches (whether or not they are otherwise employed by the school corporation and whether or not they are licensed under IC 20-6.1-3) may be budgeted in and paid from the school corporation’s general fund.

1. a source other than a state distribution or local property taxation;

or

2. a state distribution or a property tax levy that is required to be deposited in the fund;

to any other fund. A transfer under subdivision (2) may not be the sole basis for reducing the property tax levy for the fund from which the money is transferred or the fund to which money is transferred. Money transferred under this subsection may be used only to pay costs, including debt service, attributable to reductions in funding for transportation distributions under IC 21-3-3.1, including reimbursements associated with transportation costs for special education and vocational programs under IC 21-3-3.1-4, and ADA flat grants under IC 21-3-4.5. The property tax levy for a fund from which money was transferred may not be increased to replace the money transferred to another fund.

2. For the period beginning July 1, 2004, and ending June 30, 2005, the product of:

   A. the amount determined under subdivision (1); multiplied by

   B. two (2).

SECTION 162. IC 21-2-11.5-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) Each calendar year, the governing body of each school corporation shall establish a school
transportation fund which shall be the exclusive fund used by the school corporation for the payment of costs attributable to transportation listed in subdivisions (1) through (7), as authorized under IC 20, of school children during the school year ending in the calendar year:

(1) The salaries paid bus drivers, transportation supervisors, mechanics and garage employees, clerks, and other transportation-related employees.
(2) Contracted transportation service, other than costs payable from the school bus replacement fund under subsection (e).
(3) Wages of independent contractors.
(4) Contracts with common carriers.
(5) Pupil fares.
(6) Transportation-related insurance.
(7) Other expenses of operating the school corporation's transportation service, including gasoline, lubricants, tires, repairs, contracted repairs, parts, supplies, equipment, and other related expenses.

(b) The governing body of each school corporation shall establish a school bus replacement fund. The school bus replacement fund shall be the exclusive fund used to pay the following costs attributable to transportation:

(1) Amounts paid for the replacement of school buses, either through a purchase agreement or under a lease agreement.
(2) The costs of contracted transportation service payable from the school bus replacement fund under subsection (e).

(c) Beginning January 1, 1996, portions, percentages, or parts of salaries of teaching personnel or principals are not attributable to transportation. However, parts of salaries of instructional aides who are assigned to assist with the school transportation program are attributable to transportation. The costs described in this subsection (other than instructional aide costs) may not be budgeted for payment or paid from the school transportation fund.

(d) Costs for a calendar year are those costs attributable to transportation for school children during the school year ending in the calendar year.

(e) Before the last Thursday in August in the year preceding the first school year in which a proposed contract commences, the governing body of a school corporation may elect to designate a portion of a transportation contract (as defined in IC 20-9.1-1-8), fleet contract (as defined in IC 20-9.1-1-8.2), or common carrier contract (as
defined in IC 20-9.1-1-9) as an expenditure payable from the school bus replacement fund. An election under this section must be made in a transportation plan approved by the department of local government finance under section 3.1 of this chapter. The election applies throughout the term of the contract. The amount that may be paid from the school bus replacement fund in a school year is equal to the fair market lease value in the school year of each school bus, school bus chassis, or school bus body used under the contract, as substantiated by invoices, depreciation schedules, and other documented information available to the school corporation. The allocation of costs under this subsection to the school bus replacement fund must comply with the allocation guidelines adopted by the department of local government finance and the accounting standards prescribed by the state board of accounts.

SECTION 163. IC 21-2-12-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. It is hereby declared to be the policy of this chapter:

(a) That in certain areas in this state there exists a condition created by the shift in population from urban centers to outlying areas which has created administrative and financial problems in the maintenance and operation of school systems in such areas, resulting in maladjustment of taxable wealth in such areas for the levying of taxes for the operation of the schools;

(b) That improvement in the administrative and financial structures of the school corporations existing in such outlying areas to the urban centers is essential for the establishment and maintenance of a general uniform and efficient system of public schools to provide a more equalized educational opportunity for public school pupils, the achievement of greater equity in school tax rates among the inhabitants of the various now existing school corporations in such areas, and the provision for more use of the public funds expended for the support of the public school system;

(c) That existing statutes with respect to the granting of financial assistance on a county-wide basis, allowing a more favorable use of the taxable wealth of the county for the support of the various school districts within the county, are inadequate to effectuate the need for this improvement in those areas described herein; and

(d) That modification in the present statutory provisions pertaining to the levying of tax rates for school purposes for such areas as qualify within the definitions in this chapter is essential to carry out the purposes of IC 20-23-4-1 and to that end it is the intent of this general assembly, by this chapter, to make provision for a more satisfactory use of
the taxable wealth of counties that qualify under this chapter for the promotion, betterment, and improvement of their educational systems.

SECTION 164. IC 21-2-13-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. It is hereby declared to be the policy of this chapter:

(a) that in certain areas in this state there exists a condition created by the large concentration of taxable property in a single township away from outlying areas which has created administrative and financial problems in the maintenance and operation of school systems in such areas, resulting in maladjustment of taxable wealth in such areas for the levying of taxes for the operation of the schools;
(b) that improvement in the administrative and financial structures of the school corporations existing on March 12, 1965, in such outlying areas is essential for the establishment and maintenance of a general uniform and efficient system of public schools to provide a more equalized educational opportunity for public school pupils, the achievement of greater equity in school tax rates among the inhabitants of the various school corporations existing on March 12, 1965, in such areas, and the provision for more use of the public funds expended for the support of the public school systems;
(c) that statutes existing on March 12, 1965, with respect to the granting of financial assistance on a countywide school basis, allowing a more favorable use of the taxable wealth of the county for the support of the various school districts within or attached to the county, are inadequate to effectuate the need for this improvement in those areas described in this chapter; and
(d) that modification in the statutory provisions existing on March 12, 1965, pertaining to the levying of tax rates for school purposes for such areas as qualify within the definitions in this chapter is essential to carry out the purposes of IC 20-4-1, IC 20-23-4, and the tax levied under this chapter shall be deemed a county tax within the meaning of IC 20-4-1, IC 20-23-4, and to that end it is the intent of this general assembly, by this chapter, to make provision for a more satisfactory use of the taxable wealth of counties that qualify under this chapter for the promotion, betterment, and improvement of their educational systems.

chapter and distributions to the school from the state under this chapter.
Money in the fund may be used only for special education programs for

SECTION 169. IC 21-2-18-3 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 3. (a) Except as provided
in subsection (b), the fund may be used for one (1) or more of the purposes
described in IC 20-5-62-6(4)(B), IC 20-10.1-25, IC 20-10.1-25.3,

The portion of the cost that may be paid from the fund is the total cost of the software program multiplied by the estimated percentage of use of the software program for nonadministrative purposes.

SECTION 170. IC 21-3-1.6-1.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:
Sec. 1.1. As used in this chapter:
(a) "School corporation" means any local public school corporation established under Indiana law. Except as otherwise indicated, the term includes a charter school.
(b) "School year" means a year beginning July 1 and ending the next succeeding June 30.
(c) "State distribution" due a school corporation means the amount of state funds to be distributed to a school corporation in any calendar year under this chapter.
(d) "Average daily membership" or "ADM" of a school corporation means the number of eligible pupils enrolled in the school corporation or in a transeree corporation on a day to be fixed annually by the Indiana state board of education and, beginning in the school year that ends in the 2005 calendar year, as subsequently adjusted not later than January 30 under the rules adopted by the state board of education. The initial day of the count shall fall within the first thirty (30) days of the school term. If, however, extreme patterns of student in-migration, illness, natural disaster, or other unusual conditions in a particular school corporation's enrollment on either the day fixed by the Indiana state board of education or on the subsequent adjustment date, cause the enrollment to be unrepresentative of the school corporation's enrollment throughout a school year, the Indiana state board of education may designate another day for determining the school corporation's enrollment. The Indiana state board of education shall monitor changes that occur after the fall count, in the number of students enrolled in programs for children with disabilities and shall, before December 2 of that same year and, beginning in the 2004 calendar year, before April 2 of the following calendar year, make an
adjusted count of students enrolled in programs for children with disabilities. The superintendent of public instruction shall certify the December adjusted count to the budget committee before February 5 of the following year and the April adjusted count not later than May 31 immediately after the date of the April adjusted count. In determining the ADM, each kindergarten pupil shall be counted as one-half (1/2) pupil. Where a school corporation commences kindergarten in a school year, the ADM of the current and prior calendar years shall be adjusted to reflect the enrollment of the kindergarten pupils. In determining the ADM, each pupil enrolled in a public school and a nonpublic school is to be counted on a full-time equivalency basis as provided in section 1.2 of this chapter.

(e) "Additional count" of a school corporation, or comparable language, means the aggregate of the additional counts of the school corporation for certain pupils as set out in section 3 of this chapter (repealed) and as determined at the times for calculating ADM. "Current additional count" means the initial computed additional count of the school corporation for the school year ending in the calendar year. "Prior year additional count" of a school corporation used in computing its state distribution in a calendar year means the initial computed additional count of the school corporation for the school year ending in the preceding calendar year.

(f) For purposes of this subsection, "school corporation" does not include a charter school. "Adjusted assessed valuation" of any school corporation used in computing state distribution for a calendar year means the assessed valuation in the school corporation, adjusted as provided in IC 6-1.1-34. The amount of the valuation shall also be adjusted downward by the department of local government finance to the extent it consists of real or personal property owned by a railroad or other corporation under the jurisdiction of a federal court under the federal bankruptcy laws (11 U.S.C. 101 et seq.) if as a result of the corporation being involved in a bankruptcy proceeding the corporation is delinquent in payment of its Indiana real and personal property taxes for the year to which the valuation applies. If the railroad or other corporation in some subsequent calendar year makes payment of the delinquent taxes, then the state superintendent of public instruction shall prescribe adjustments in the distributions of state funds pursuant to this chapter as are thereafter to become due to a school corporation affected by the delinquency as will ensure that the school corporation will not have been unjustly enriched under the provisions of P.L.382-1987(ss). The amount of the valuation shall also be adjusted downward by the department of local government finance to the
extent it consists of real or personal property described in IC 6-1.1-17-0.5(b).

(g) "General fund" means a fund established under IC 21-2-11-2.

(j) "Eligible pupil" means a pupil enrolled in a school corporation if:
   (1) the school corporation has the responsibility to educate the pupil in its public schools without the payment of tuition;
   (2) subject to subdivision (5), the school corporation has the responsibility to pay transfer tuition under IC 20-8.1-6.1, IC 20-26-11, because the pupil is transferred for education to another school corporation (the "transferee corporation");
   (3) the pupil is enrolled in a school corporation as a transfer student under IC 20-8.1-6.1-3 IC 20-26-11-6 or entitled to be counted for ADM or additional count purposes as a resident of the school corporation when attending its schools under any other applicable law or regulation;
   (4) the state is responsible for the payment of transfer tuition to the school corporation for the pupil under IC 20-8.1-6.1; IC 20-26-11; or
   (5) all of the following apply:
      (A) The school corporation is a transferee corporation.
      (B) The pupil does not qualify as a qualified pupil in the transferee corporation under subdivision (3) or (4).
      (C) The transferee corporation's attendance area includes a state licensed private or public health care facility, child care facility, or foster family home where the pupil was placed:

         (iii) by a child placing agency licensed by the division of family and children; or
         (iv) by a parent or guardian under IC 20-8.1-6.1-5. IC 20-26-11-8.
For purposes of IC 21-3-12, the term includes a student enrolled in a charter school.

(k) "General fund budget" of a school corporation means the amount of the budget approved for a given year by the department of local government finance and used by the department of local government finance in certifying a school corporation's general fund tax levy and tax rate for the school corporation's general fund as provided for in IC 21-2-11. The term does not apply to a charter school.

(l) "At risk index" means the following:

(1) For a school corporation that is not a charter school, the sum of:
   (A) the product of sixteen-hundredths (0.16) multiplied by the percentage of families in the school corporation with children who are less than eighteen (18) years of age and who have a family income below the federal income poverty level (as defined in IC 12-15-2-1);
   (B) the product of four-tenths (0.4) multiplied by the percentage of families in the school corporation with a single parent; and
   (C) the product of forty-four hundredths (0.44) multiplied by the percentage of the population in the school corporation who are at least twenty (20) years of age with less than a twelfth grade education.

   The data to be used in making the calculations under this subdivision must be the data from the 2000 federal decennial census.

(2) For a charter school, the index determined under subdivision (1) for the school corporation in which the charter school is located.

(m) "ADM of the previous year" or "ADM of the prior year" used in computing a state distribution in a calendar year means the initial computed ADM for the school year ending in the preceding calendar year.

(n) "Current ADM" used in computing a state distribution in a calendar year means the initial computed ADM for the school year ending in the calendar year.

SECTION 171. IC 21-3-1.6-1.2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 1.2. (a) This section applies only to a pupil who:

(1) is enrolled in a public school and a nonpublic school;
(2) has legal settlement in a school corporation; and
(3) receives instructional services from the school corporation.

(b) A pupil described in subsection (a) may be considered in a school corporation's ADM count on a full-time equivalency basis as determined under subsection (c).
(c) For purposes of this section, full-time equivalency is calculated as follows:

STEP ONE: Determine the result of:
(A) the number of days instructional services will be provided to the pupil, not to exceed one hundred eighty (180); divided by
(B) one hundred eighty (180).

STEP TWO: Determine the result of:
(A) the pupil's public school instructional time (as defined in IC 20-10.1-2-1(b)), IC 20-30-2-1), rounded to the nearest one-hundredth (0.01); divided by
(B) the actual public school regular instructional day (as defined in IC 20-10.1-2-1(b)); IC 20-30-2-2), rounded to the nearest one-hundredth (0.01).

STEP THREE: Determine the result of:
(A) the STEP ONE result; multiplied by
(B) the STEP TWO result.

STEP FOUR: Determine the lesser of one (1) or the result of:
(A) the STEP THREE result; multiplied by
(B) one and five hundredths (1.05).

(d) If the computation for a pupil under subsection (c) results in a fraction, the fraction must be rounded to the nearest one-hundredth (0.01).

SECTION 172. IC 21-3-1.7-3.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 3.1. (a) As used in this chapter, "previous year revenue" for calculations with respect to a school corporation equals:

(1) the school corporation's tuition support for regular programs, including basic tuition support, and excluding:
   (A) special education grants;
   (B) vocational education grants;
   (C) at-risk programs;
   (D) the enrollment adjustment grant;
   (E) the academic honors diploma award;
   (F) the primetime distribution; and
   (G) for 2005 and thereafter, the supplemental remediation grant; for the year that precedes the current year; plus

(2) the school corporation's tuition support levy for the year that precedes the current year before the reductions required under section 5(1) and 5(2) of this chapter; plus

(3) distributions received by the school corporation under IC 6-1.1-21.6 for the year that precedes the current year; plus
(4) the school corporation’s excise tax revenue for the year that precedes the current year by two (2) years; minus
(5) an amount equal to the reduction in the school corporation’s tuition support under subsection (b) or IC 20-10.1-2-1, IC 20-30-2, or both; plus
(6) in calendar year 2003, the amount determined for calendar year 2002 under section 8.2 of this chapter, STEP TWO (C); plus
(7) in calendar year 2004, the amount determined for calendar year 2002 under section 8.2 of this chapter, STEP TWO (D); plus
(8) notwithstanding subdivision (1), in calendar year 2004, the school corporation’s distribution under section 9.7 of this chapter for calendar year 2003.

(b) A school corporation’s previous year revenue shall be reduced if:
(1) the school corporation’s state tuition support for special or vocational education was reduced as a result of a complaint being filed with the department of education after December 31, 1988, because the school program overstated the number of children enrolled in special or vocational education programs; and
(2) the school corporation’s previous year revenue has not been reduced under this subsection more than one (1) time because of a given overstatement.

The amount of the reduction equals the amount the school corporation would have received in tuition support for special and vocational education because of the overstatement.

(c) A school corporation’s previous year revenue shall be reduced if an existing elementary or secondary school located in the school corporation converts to a charter school under IC 20-5.5-11, IC 20-24-11. The amount of the reduction equals the product of:
(1) the sum of the amounts distributed to the conversion charter school under IC 20-5.5-7-3.5(c), IC 20-24-7-3(c) and IC 20-5.5-7-3.5(d), IC 20-24-7-3(d); multiplied by
(2) two (2).

SECTION 173. IC 21-3-3.1-2.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2.1. (a) For each calendar year, the allowable transportation distribution for each school corporation shall be based on the following formula:
(1) The sum of two hundred seventy-five dollars ($275) for 1988, and two hundred eighty dollars ($280) for 1989 and thereafter, less the product of twenty dollars ($20) multiplied by the linear density of the school corporation.
(2) This remainder is then multiplied by the number of the school corporation's eligible pupils.

(3) From this product is subtracted the product of thirteen and sixty-seven hundredths cents ($0.1367) multiplied by each one hundred dollars ($100) of the school corporation's assessed value for taxes first due and payable in the preceding year.

(b) Application of the formula in subsection (a) shall be governed and modified by the following provisions:

(1) In calendar year 1976, and subsequent years, no school corporation that receives funds under this chapter shall receive less money than the school corporation was entitled to receive in calendar year 1975 under IC 21-3-3 (repealed December 31, 1975).

(2) The linear density of the school corporation shall be determined by dividing the total number of eligible pupils by the round trip mileage of all vehicles used by or for the school corporation in transporting pupils.

(3) Eligible pupils are those counted in ADM, enrolled in grades K-12, and transported more than one (1) mile or a preschool child who is transported for purposes of attending a special education program under IC 20-35-4-9, regardless of the distance transported.

(4) The round trip mileage of a vehicle shall be the total miles traveled by the vehicle measured from the first point the vehicle picks up an eligible pupil to the last point at which an eligible pupil disembarks at school, multiplied by two (2).

(5) A kindergarten pupil, to the extent the pupil constitutes an eligible pupil, shall be counted as one-half (1/2) an eligible pupil. A preschool pupil attending a special education program under IC 20-35-4-9 is counted as one (1) eligible pupil.

(6) All the factors, applied in sections 1 and 3 of this chapter for determining the transportation distribution for any school corporation for any calendar year, shall be those existing in the school year ending in the preceding calendar year.

(7) If subsection (a)(3) requires the use of the assessed valuation for a year in which a general reassessment becomes effective, the state shall make an adjustment in the assessed value used to neutralize the effect of the general reassessment. The adjustment applies to all subsequent years before another general reassessment becomes effective.

SECTION 174. IC 21-3-4.5-2 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) For purposes of this section, "debt service" does not include interest on temporary borrowing made in anticipation of the receipt of tax revenues or state tuition support distributions under IC 20-5-4-8. IC 21-2-21-8.

(b) Each school corporation shall use the distribution in the following manner:

(1) The school corporation may use for its current operating expenses no more than the greatest total dollars it used for operating expenses from the ADA flat grant distribution account in any of the following calendar years: 1973 through 1993.

(2) The school corporation, if it has debt service, shall use for debt service any remaining amount in the distribution after subtracting any amount used under subdivision (1).

(3) The school corporation may use for the capital projects fund or current operating expense any remaining amount in the distribution after subtracting the amount used under subdivision (2).

(c) The budgets of the various school corporations must reflect the anticipated receipts from the state ADA flat grant distribution account. Appropriations shall be made as other appropriations are made.

IC 20-30-8-9.

SECTION 177. IC 21-3-11-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5. As used in this chapter, "qualifying school corporation" means a school corporation that has been approved under IC 20-10.1-4.6-6 IC 20-30-8-8 to receive a grant under this chapter.

SECTION 178. IC 21-5-9-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5. The sale price of an existing school building shall be determined under the provisions of IC 21-5-11 or IC 21-5-12 relating to the sale of land to a lessor corporation. Except as provided in this section, neither IC 20-5-5 IC 20-26-7 nor any other law relating to the sale of the property of school corporations or other public property applies to the sale of existing school buildings to lessor.

   (B) who participated in the fund before December 31, 1991, in the position described in clause (A); and
(10) persons who are employed by the fund.

(b) Teachers in any state institution who accept the benefits of a state supported retirement benefit system comparable to the fund’s benefits may not come under the fund unless permitted by law or the rules of the board.

(c) The members of the fund do not include substitute teachers who have not obtained an associate degree or a baccalaureate degree.

SECTION 180. IC 21-6.1-4-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5. (a) Except as provided in IC 21-6.1-4-6.1, a member may be given credit for leaves of absence for study, professional improvement, and temporary disability so long as the
leave credit does not exceed one-seventh of the total years of service claimed for retirement, referred to as the one-seventh rule. A member granted a leave in these instances for exchange teaching and for other educational employment approved individually by the board is considered a teacher and is entitled to the benefits of the fund if for or during the leave the member pays into the fund the member's contributions. A leave for other educational employment is not subject to the one-seventh rule.

(b) In each case of a teacher requesting a leave of absence to work in a federally supported educational project, the board must determine that the project is educational in nature and serves state citizens who might otherwise be served by the public schools or public institutions of higher education. The board shall make this determination for a one (1) year period, which is later subject to review and reapproval.

(c) Subject to this chapter, leaves of absence specified in IC 20-6.1-6-1, IC 20-6.1-6-2, or IC 20-6.1-6-3 and adoption leave of not more than one (1) year must be credited to retirement.

(d) Notwithstanding any law, this section must be administered in a manner consistent with the Family and Medical Leave Act of 1993 (29 U.S.C. 2601 et seq.). A member on a leave of absence that qualifies for the benefits and protections afforded by the Family and Medical Leave Act is entitled to receive credit for vesting and eligibility purposes to the extent required by the Family and Medical Leave Act, but is not entitled to receive credit for service for benefit purposes unless the leave is described in subsection (a), (b), or (c).

SECTION 181. IC 21-6.1-4-13 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 13. (a) After December 31, 1994, creditable service does not accrue under this chapter, IC 5-10.2-3-1, IC 20-6.1-6-1, IC 20-6.1-6-2, IC 20-28-10-1, IC 20-28-10-2, IC 20-28-10-3, or IC 20-28-10-4 and adoption leave of not more than one (1) year must be credited to retirement.

(b) After June 30, 1995, for members receiving credit for leave for other educational employment under section 5 of this chapter or subsection (a), the board shall assess an actuarially determined employer share amount against the appropriate entity to be paid to the state general fund.

SECTION 182. IC 22-3-6-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 1. In IC 22-3-2 through IC 22-3-6,
P.L. 1—2005 909

unless the context otherwise requires:

(a) "Employer" includes the state and any political subdivision, any municipal corporation within the state, any individual or the legal representative of a deceased individual, firm, association, limited liability company, or corporation or the receiver or trustee of the same, using the services of another for pay. A parent corporation and its subsidiaries shall each be considered joint employers of the corporation's, the parent's, or the subsidiaries' employees for purposes of IC 22-3-2-6 and IC 22-3-3-31. Both a lessor and a lessee of employees shall each be considered joint employers of the employees provided by the lessor to the lessee for purposes of IC 22-3-2-6 and IC 22-3-3-31. If the employer is insured, the term includes the employer's insurer so far as applicable. However, the inclusion of an employer's insurer within this definition does not allow an employer's insurer to avoid payment for services rendered to an employee with the approval of the employer. The term also includes an employer that provides on-the-job training under the federal School to Work Opportunities Act (20 U.S.C. 6101 et seq.) to the extent set forth in IC 22-3-2-2.5.

(b) "Employee" means every person, including a minor, in the service of another, under any contract of hire or apprenticeship, written or implied, except one whose employment is both casual and not in the usual course of the trade, business, occupation, or profession of the employer.

1) An executive officer elected or appointed and empowered in accordance with the charter and bylaws of a corporation, other than a municipal corporation or governmental subdivision or a charitable, religious, educational, or other nonprofit corporation, is an employee of the corporation under IC 22-3-2 through IC 22-3-6.

2) An executive officer of a municipal corporation or other governmental subdivision or of a charitable, religious, educational, or other nonprofit corporation may, notwithstanding any other provision of IC 22-3-2 through IC 22-3-6, be brought within the coverage of its insurance contract by the corporation by specifically including the executive officer in the contract of insurance. The election to bring the executive officer within the coverage shall continue for the period the contract of insurance is in effect, and during this period, the executive officers thus brought within the coverage of the insurance contract are employees of the corporation under IC 22-3-2 through IC 22-3-6.

3) Any reference to an employee who has been injured, when the employee is dead, also includes the employee's legal representatives,
dependents, and other persons to whom compensation may be payable.

(4) An owner of a sole proprietorship may elect to include the owner as an employee under IC 22-3-2 through IC 22-3-6 if the owner is actually engaged in the proprietorship business. If the owner makes this election, the owner must serve upon the owner's insurance carrier and upon the board written notice of the election. No owner of a sole proprietorship may be considered an employee under IC 22-3-2 through IC 22-3-6 until the notice has been received. If the owner of a sole proprietorship is an independent contractor in the construction trades and does not make the election provided under this subdivision, the owner must obtain an affidavit of exemption under IC 22-3-2-14.5.

(5) A partner in a partnership may elect to include the partner as an employee under IC 22-3-2 through IC 22-3-6 if the partner is actually engaged in the partnership business. If a partner makes this election, the partner must serve upon the partner's insurance carrier and upon the board written notice of the election. No partner may be considered an employee under IC 22-3-2 through IC 22-3-6 until the notice has been received. If a partner in a partnership is an independent contractor in the construction trades and does not make the election provided under this subdivision, the partner must obtain an affidavit of exemption under IC 22-3-2-14.5.

(6) Real estate professionals are not employees under IC 22-3-2 through IC 22-3-6 if:
   (A) they are licensed real estate agents;
   (B) substantially all their remuneration is directly related to sales volume and not the number of hours worked; and
   (C) they have written agreements with real estate brokers stating that they are not to be treated as employees for tax purposes.

(7) A person is an independent contractor in the construction trades and not an employee under IC 22-3-2 through IC 22-3-6 if the person is an independent contractor under the guidelines of the United States Internal Revenue Service.

(8) An owner-operator that provides a motor vehicle and the services of a driver under a written contract that is subject to IC 8-2.1-24-23, 45 IAC 16-1-13, or 49 CFR 1057, to a motor carrier is not an employee of the motor carrier for purposes of IC 22-3-2 through IC 22-3-6. The owner-operator may elect to be covered and have the owner-operator's drivers covered under a worker's compensation
insurance policy or authorized self-insurance that insures the motor carrier if the owner-operator pays the premiums as requested by the motor carrier. An election by an owner-operator under this subdivision does not terminate the independent contractor status of the owner-operator for any purpose other than the purpose of this subdivision.

(9) A member or manager in a limited liability company may elect to include the member or manager as an employee under IC 22-3-2 through IC 22-3-6 if the member or manager is actually engaged in the limited liability company business. If a member or manager makes this election, the member or manager must serve upon the member's or manager's insurance carrier and upon the board written notice of the election. A member or manager may not be considered an employee under IC 22-3-2 through IC 22-3-6 until the notice has been received.

(10) An unpaid participant under the federal School to Work Opportunities Act (20 U.S.C. 6101 et seq.) is an employee to the extent set forth in IC 22-3-2-2.5.

(c) "Minor" means an individual who has not reached seventeen (17) years of age.

(1) Unless otherwise provided in this subsection, a minor employee shall be considered as being of full age for all purposes of IC 22-3-2 through IC 22-3-6.

(2) If the employee is a minor who, at the time of the accident, is employed, required, suffered, or permitted to work in violation of IC 20-8-1-4-25, IC 20-33-3-35, the amount of compensation and death benefits, as provided in IC 22-3-2 through IC 22-3-6, shall be double the amount which would otherwise be recoverable. The insurance carrier shall be liable on its policy for one-half (1/2) of the compensation or benefits that may be payable on account of the injury or death of the minor, and the employer shall be liable for the other one-half (1/2) of the compensation or benefits. If the employee is a minor who is not less than sixteen (16) years of age and who has not reached seventeen (17) years of age and who at the time of the accident is employed, suffered, or permitted to work at any occupation which is not prohibited by law, this subdivision does not apply.

(3) A minor employee who, at the time of the accident, is a student performing services for an employer as part of an approved program under IC 20-10.1-6-7 IC 20-37-2-7 shall be considered a full-time
employee for the purpose of computing compensation for permanent
impairment under IC 22-3-3-10. The average weekly wages for such
a student shall be calculated as provided in subsection (d)(4).

(4) The rights and remedies granted in this subsection to a minor
under IC 22-3-2 through IC 22-3-6 on account of personal injury or
death by accident shall exclude all rights and remedies of the minor,
the minor's parents, or the minor's personal representatives,
dependents, or next of kin at common law, statutory or otherwise, on
account of the injury or death. This subsection does not apply to
minors who have reached seventeen (17) years of age.

(d) "Average weekly wages" means the earnings of the injured
employee in the employment in which the employee was working at the
time of the injury during the period of fifty-two (52) weeks immediately
preceding the date of injury, divided by fifty-two (52), except as follows:

(1) If the injured employee lost seven (7) or more calendar days
during this period, although not in the same week, then the earnings
for the remainder of the fifty-two (52) weeks shall be divided by the
number of weeks and parts thereof remaining after the time lost has
been deducted.

(2) Where the employment prior to the injury extended over a period
of less than fifty-two (52) weeks, the method of dividing the earnings
during that period by the number of weeks and parts thereof during
which the employee earned wages shall be followed, if results just
and fair to both parties will be obtained. Where by reason of the
shortness of the time during which the employee has been in the
employment of the employee's employer or of the casual nature or
terms of the employment it is impracticable to compute the average
weekly wages, as defined in this subsection, regard shall be had to
the average weekly amount which during the fifty-two (52) weeks
previous to the injury was being earned by a person in the same
grade employed at the same work by the same employer or, if there
is no person so employed, by a person in the same grade employed
in the same class of employment in the same district.

(3) Wherever allowances of any character made to an employee in
lieu of wages are a specified part of the wage contract, they shall be
deemed a part of his earnings.

(4) In computing the average weekly wages to be used in calculating
an award for permanent impairment under IC 22-3-3-10 for a student
employee in an approved training program under IC 20-10.1-6-7,
IC 20-37-2-7, the following formula shall be used. Calculate the
product of:

(A) the student employee's hourly wage rate; multiplied by
(B) forty (40) hours.

The result obtained is the amount of the average weekly wages for the student employee.

(e) "Injury" and "personal injury" mean only injury by accident arising out of and in the course of the employment and do not include a disease in any form except as it results from the injury.

(f) "Billing review service" refers to a person or an entity that reviews a medical service provider's bills or statements for the purpose of determining pecuniary liability. The term includes an employer's worker's compensation insurance carrier if the insurance carrier performs such a review.

(g) "Billing review standard" means the data used by a billing review service to determine pecuniary liability.

(h) "Community" means a geographic service area based on zip code districts defined by the United States Postal Service according to the following groupings:

(1) The geographic service area served by zip codes with the first three (3) digits 463 and 464.
(2) The geographic service area served by zip codes with the first three (3) digits 465 and 466.
(3) The geographic service area served by zip codes with the first three (3) digits 467 and 468.
(4) The geographic service area served by zip codes with the first three (3) digits 469 and 479.
(5) The geographic service area served by zip codes with the first three (3) digits 460, 461 (except 46107), and 473.
(6) The geographic service area served by the 46107 zip code and zip codes with the first three (3) digits 462.
(7) The geographic service area served by zip codes with the first three (3) digits 470, 471, 472, 474, and 478.

IC 22-3-2 through IC 22-3-6 in a defined community, equal to or less than
the charges made by medical service providers at the eightieth percentile
in the same community for like services or products.
