Introduction

To ensure that everyone in attendance has a chance to voice their opinion and to make sure we can hear all comments:

- We will call on all attendees to see if they have any comments after the presentation.
- Please hold your comments to 3 minutes at a time. This will give everyone an equal chance to make comments.
- If you have more to say, or have very detailed comments about programs, please contact one of us later (contact information is also on the last slide).

Community Development Block Grant

Rural communities have many pressing needs that require outside financial assistance. Through the Office of Community and Rural Affairs, Indiana requests federal funds to help rural communities with a variety of projects to include sewer and water systems, community centers, health and safety programs, and many others. These funds help communities improve their quality of life and ensure the health and safety of their citizens.

Recovery Housing Program Overview

The Recovery Housing Program (RHP) provides funding for states and the District of Columbia to support stable, transitional housing for individuals in recovery from a substance use disorder.

The funding covers a period of not more than two years or until the individual secures permanent housing, whichever is earlier.

RHP was authorized under Section 8071 of the Support for Patients and Communities (SUPPORT) Act.

2020 RHP Action Plan- Amendment Two

HUD published its formula in the Federal Register on April 17, 2019 (84 FR 16027), identifying the 25 eligible grantees and allocation percentages.

This amendment will combine special RHP allocations awarded to the OCRA from FY2020, FY2021, FY2022, and FY2023 into a single Action Plan, Support Act 8071 RHP-IN to be used for OCRA's Recovery Housing Program.

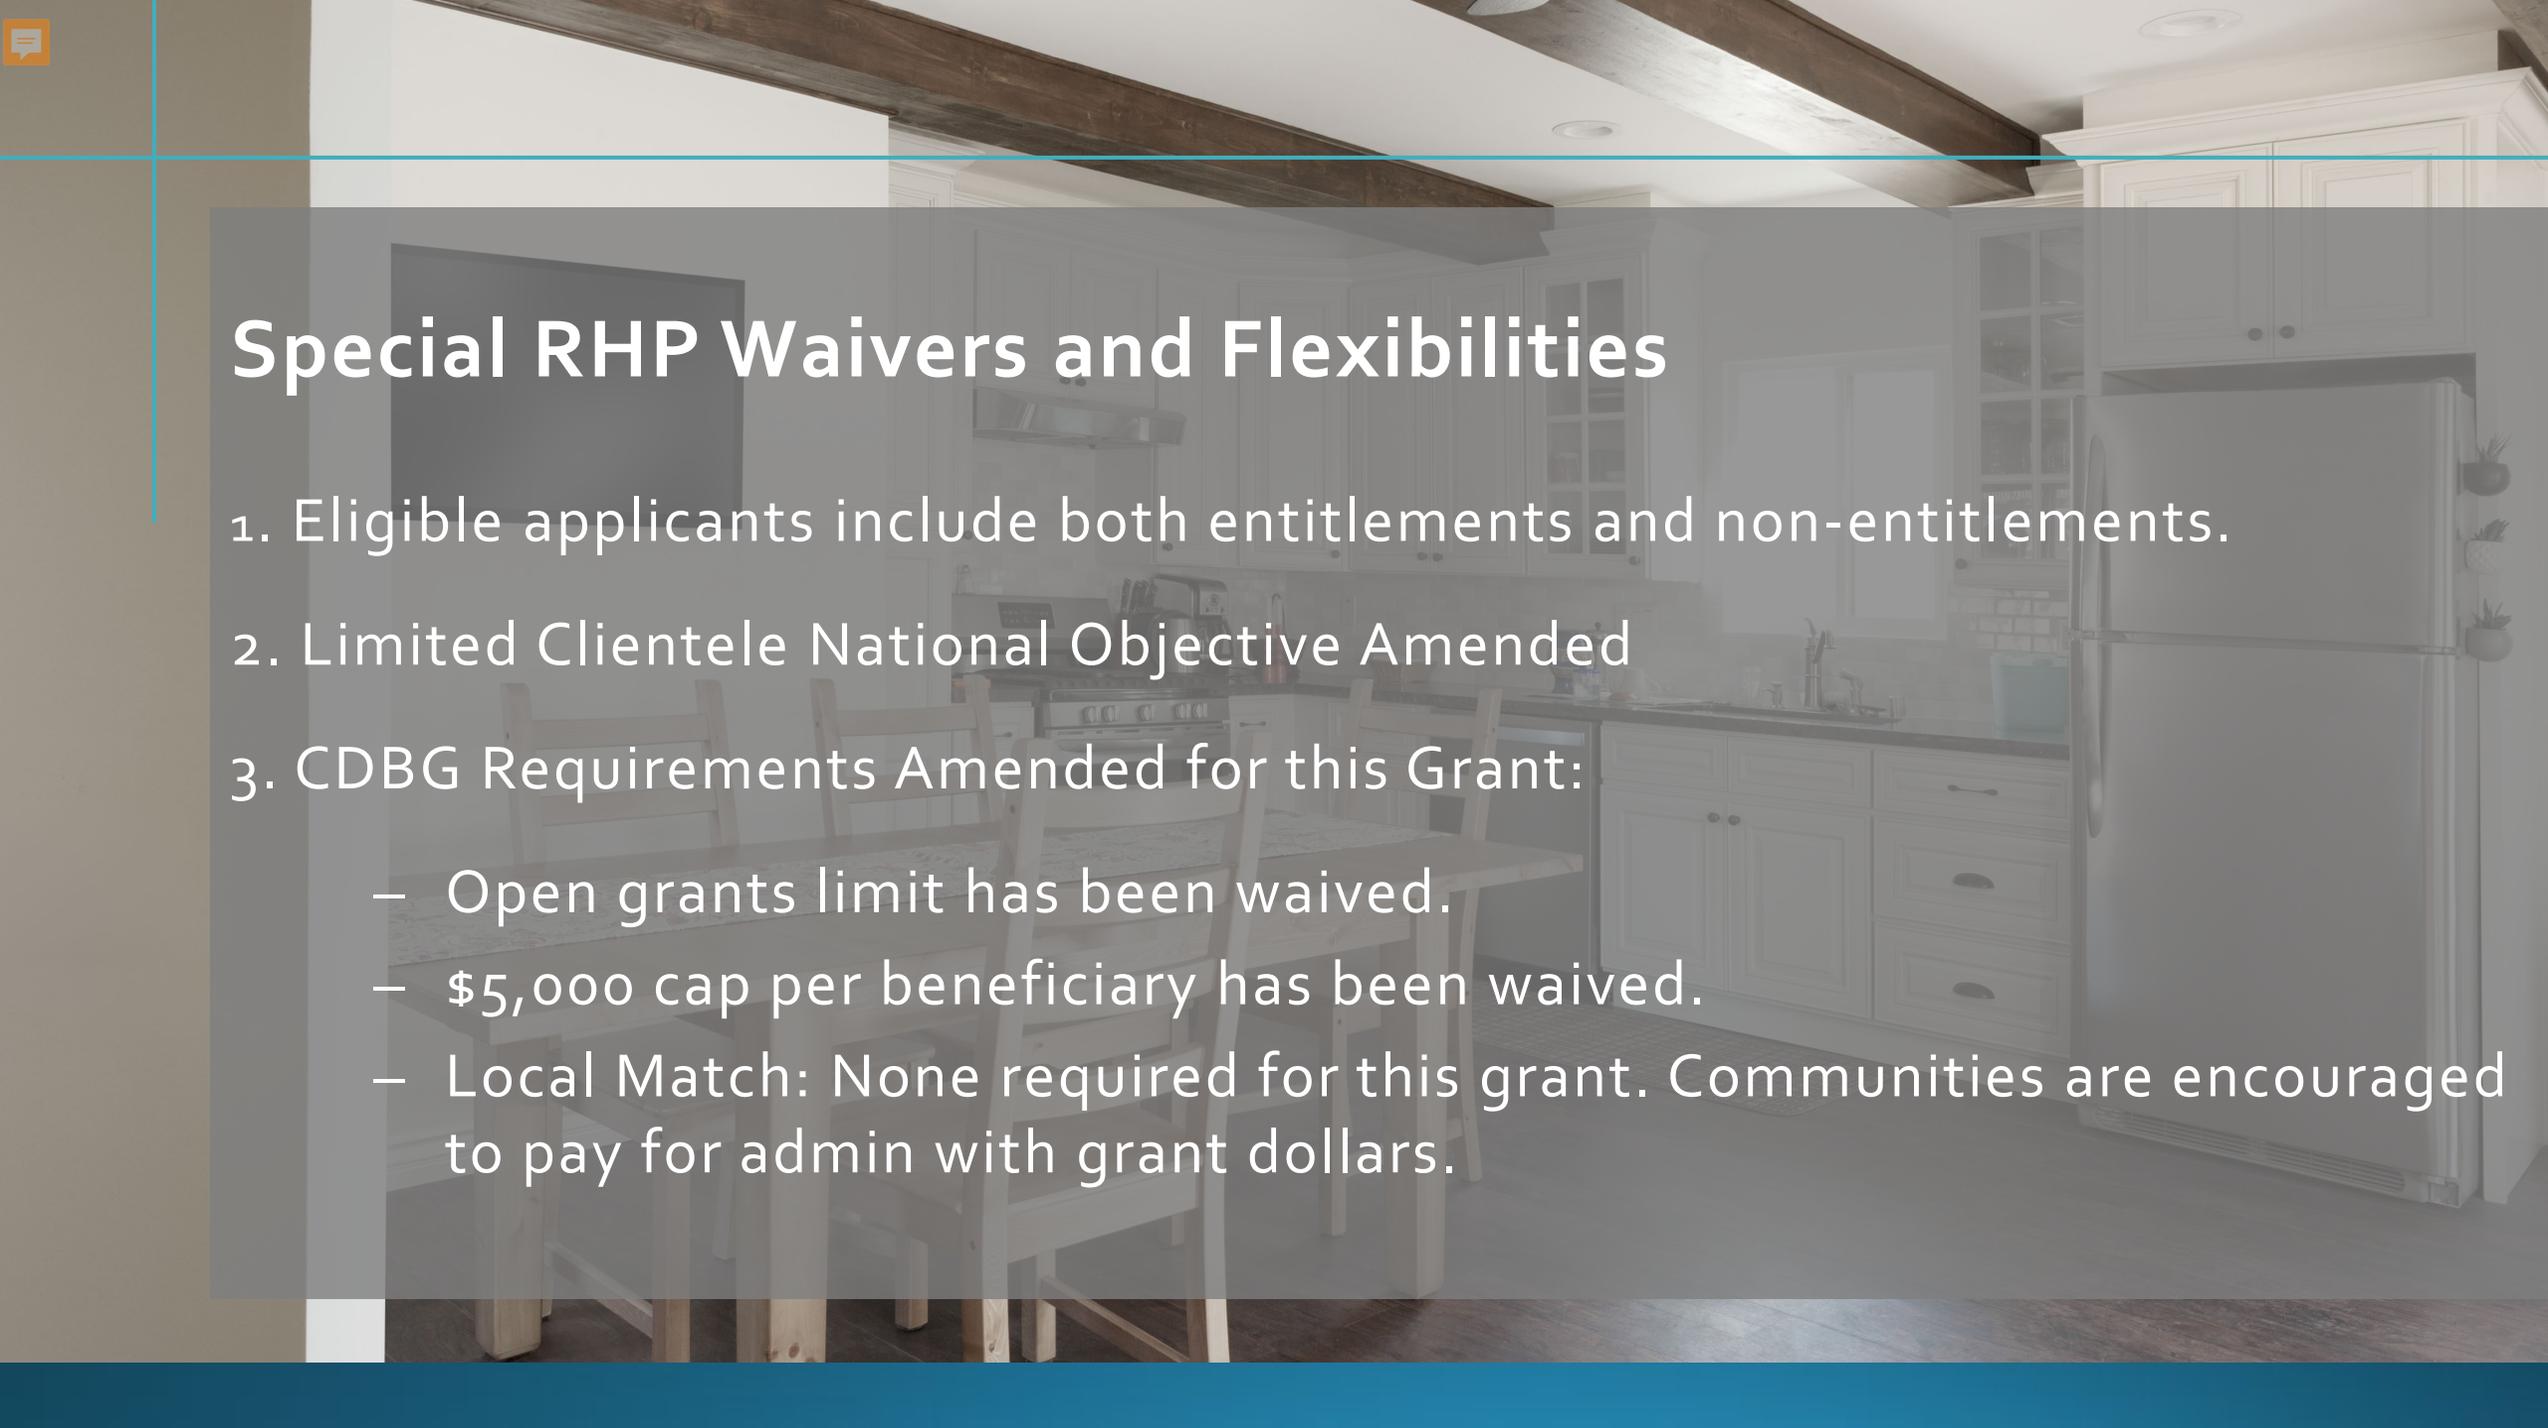

2020 – \$853,000

2021 – \$823,604

2022 – \$874,946

2023 – \$1,145,278

Indiana's Total RHP Allocation: \$3,696,828
