

**Indiana Board of Pharmacy**  
**Compliance Director's Report**  
**March 12, 2012**

The Compliance Officers conducted a total of ninety-six (96) facility inspections during the month of February. Of those fifty-five (55) where Retail, thirteen (13) were HME/DME's, twenty-four (24) were CSR's, three (3) were Hospitals and one (1) Institutional inspection. The most common violations noted were expired medications, facsimile prescription noncompliance and the absence of posted pseudoephedrine limits. In addition, twenty-seven (27) investigations and or consumer complaints were filed and are being investigated.

A total of ten (10) armed robberies were reported. Four (4) of that number were located in Ft. Wayne. The following is a list of the type of controlled substances stolen:

The reported wholesale value is: \$48,266.00.

Oxycodone HCL 5 MG	Oxycodone HCL 10 MG	Oxycodone HCL 15 MG
Oxycodone HCL 30 MG	Opana ER 5 MG	Opana ER 10 MG
Opana ER 15 MG	Opana ER 20 MG	Opana ER 30 MG
Opana ER 40 MG	Fentanyl 50 MCG Patch	Fentanyl 75 MCG Patch

We will continue to monitor for any changes in the type of controlled substances reported both with regard to robberies and employee pilferage as well as other types of loss. Any notable changes will be relayed to the board for further study.
