

Online Evaluation Training for Evaluators and Teachers

offered by **INTASS**

Can educators be better prepared for evaluations that are equitable, effective, and efficient?

Based on the INTASS Standards for Evaluator Knowledge and Skill, the INTASS Level 1 Evaluator Certification training consists of a series of plan neutral, online, self-guided learning modules that support educators to develop a deep understanding of evaluation practices that increase teacher effectiveness.

Participants will earn a **certification** that is recognized by the Indiana Department of Education (IDOE) and the Indiana State Board of Education (SBOE) and that provides strong evidence of evaluation program quality for state monitoring purposes. Participants will also earn 6 hours of **Professional Growth Points** (PGPs).

This high quality training experience has been funded by the SBOE and has been offered at **no charge** to Indiana educators since September 1, 2015.
