NEW BUSINESS ENTITY REPORT FILING SCHEDULE FOR NON-PROFIT CORPORATIONS

Last Updated March 22, 2016

Beginning on July 1, 2016, the filing schedule for Business Entity Reports for non-profit corporations will switch from an annual cycle to a biennial cycle. All non-profit corporations will now file a Business Entity Report every other year.

For non-profit corporations formed between January 1 and June 30

Entities that were formed in January through June will file their last annual entity report in 2016. Those entities must file the entity report, accompanied by the \$10 filing fee, by the end of the month in which the entity was formed. These entities will then file their first biennial report and pay the \$20 filing fee in 2017. All of these entities will then file their next biennial report in 2019 and in each odd-numbered year going forward.

For non-profit corporations formed between July 1 and December 31

Entities that were formed in July through December will file their first biennial report in 2016. This report must be accompanied by the \$20 filing fee and it must be filed by the end of the month in which the entity was formed. These entities will then pay their next biennial report in 2018 and in each even-numbered year going forward.

To determine when an entity report is due for a non-profit entity, please see the chart below. The months referenced indicate the month in which the entity was originally formed.
