

NEXTLEVEL FIREFIGHTING EQUIPMENT

940 sets of PPE distributed to 66 volunteer departments

In 2023, Governor Eric J. Holcomb and the Indiana Department of Homeland Security secured state funding totaling \$17.7 million for fire training and equipment. Out of these funds, \$10 million in new Personal Protective Equipment (PPE) has been issued to volunteer fire departments across the state. These funds represent the first-ever funding allocated by the General Assembly for firefighter training and equipment.

The departments below received full sets of PPE (turnout gear and SCBA setup) based on their needs and the age of their current equipment.

| IDHS District | Fire Department | City |
