OPINION OF THE DIRECTOR OF THE CITY OF KOKOMO PLAN COMMISSION

MEMO

RE: Kokomo Designated Outdoor Refreshment Area (DORA)

To Whom It May Concern:

The City of Kokomo is located in central Indiana. It has a rich history including being the City of Firsts based upon it being a leader in the creation of the first horseless carriage, the first pneumatic rubber tire, the first push-button car radio, and the first canned tomato juice.

Kokomo is currently thriving under a resurgence of businesses, restaurants, and residential uses in the Downtown area. According to the Comprehensive Plan adopted in 2017, the goal is to “remain authentic to its roots, but also provide the types of high-quality services and amenities that reflect current trends taking place in Indiana and around the world[, including] [g]reat schools, an active, downtown, excellent park and trail facilities, quality housing options, a diversified economy and job opportunities[.]” Also, in Part 5, one of the goals to implement the Comprehensive Plan is to “[c]reate a genuine, urbanized, and unique identity for Downtown Kokomo that attracts visitors and residents with walkability, density, and diversity.”

Particularly, Page 66 provides the goal is to create “[d]iverse entertainment, retail, and dining options for residents and visitors” within the Downtown area.

The City has implemented a number of projects to make this happen, including transforming the Downtown Kokomo streetscape and public spaces, implementing art projects within the area, and enhancing walkability through the creation of the Industrial Heritage Trail that runs through the heart of Downtown. As a result, businesses and restaurants are thriving and residents are continuing to move back to the Downtown district.

A new initiative the City is pursuing is to create a Designated Outdoor Refreshment Area (DORA) in Downtown to further boost the local economy. A DORA is a specified area of land designated by a city that would be exempt from certain open container laws. The DORA in Kokomo would span the entire Downtown area as well as some of the outskirts. It is the opinion of the Kokomo Plan Commission staff that the proposed DORA is supported by both the Comprehensive Plan and Zoning Ordinance and will continue to aid the effort of creating a vibrant community that promotes walkability and shares our rich culture and history.

Very truly yours,

Greg Sheline
Director of the Kokomo Plan Commission
