New Pathway

IU Indy B-MD Program to School of Medicine

IU Indy-Eli Lilly

co-op partnership

IU Indy

Research at Our Core

\$60M

IU Indy Science
Laboratory Building

\$10M

in FY24 used to
recruit faculty

IBRI & IU

Joint Center of Excellence for
Point of Care Precision Medicine

FY 2025-27 Biennial Budget Request

State Budget Request

Outcomes-Based Funding

- We support the new outcomes-based performance funding (OBPF) formula, including:
 - Continuing to add only new funding for OBPF and not utilizing reallocation
 - Funding of the research-related OBPF metric
 - Continuing to work with CHE to ensure full disbursement of the OBPF funds
- Provide for an inflationary adjustment for the IU Indy appropriation for each year of the FY 2025-27 biennium

IU State Line Items

Request 3% Inflationary Adjustment for Existing Line Items (adjustment for FY26 and flat for FY27) Except:

CTSI

\$2.5M per year increase

INDIANA GEOLOGICAL & WATER SURVEY
INDIANA UNIVERSITY

IGWS

\$3.1M per year increase

IU Innovates

\$1.3M per year state match

IU Public Safety

\$5M per year state match

IU Capital Priorities

1. IU Bloomington: Science Learning Initiative Phase II
(*Biology Building Renovation and Utility Upgrades*) = \$96M
2. IU Indianapolis: Central Academic Campus Infrastructure
Renovation Phase I = \$89M
3. IU Regional Campus Renovation Projects
(*Instructional classrooms and labs*) = \$25M
4. IU Indianapolis: Science Lab Addition Phase III = \$65M
5. IU Fort Wayne: Health Sciences Building = \$75M
6. IU Bloomington: Science Learning Initiative Phase III = \$80M

Propelling Indiana Toward an Extraordinary Future.

- Strengthen student retention and improvement in on-time graduation rates.
- Build Indiana's network of health sciences and STEM.
- Attract and retain talent to address workforce needs of the future.
- Grow translational research, commercialization, and startups.
