

Commission on Improving the
Status of Children in Indiana

Strategic Sharing Academy

**Empowering Youth and Professionals
to Drive Meaningful Change *Together!***

The Commission is celebrating the **Day of the Child** by hosting our Annual Summit at the Statehouse. This year's theme is **Strategic Sharing**: How can youth use their voices to make lasting, desired change, and how can our existing policy and community development systems be changed to better include youth voices in the process?

Join us for a series of transformative workshops where teens will explore mental health, gun violence, and youth leadership through interactive activities, expert insights, and community-driven solutions to inspire positive change.

EVENT HIGHLIGHTS:

Panel Discussion • Capacity Building for Lived Experience •
Community Engagement • Advocacy Skills Training

Are you a student who wishes to attend but has a scheduling conflict due to school? Let us know and we can approve your participation!

February 18th at 9AM

Indiana Government
Center South
302 W Washington St,
