How to Ride CityBus

Plan your trip

Use the map and schedule in this brochure to plan your trip. Buses will stop only at designated bus stops along the route. Note that your bus stop may be between “timepoints” listed on the schedule.

The number by each timepoint name on the schedule (such as **Stop ID: 215**) is the ID for that bus stop. You’ll find this code listed on the bus stop sign.

Arrive at your bus stop about five minutes before the scheduled time. Be prepared with the exact cash fare (driver does not make change), token or pass, or have your mobile ticket or pass ready on your mobile device.

Catch your bus

As the bus approaches, signal the driver to pick you up by holding up your arm high in the air. Check the sign at the front of the bus for the route/destination. Tip: When flagging a bus at night, use a light source to ensure the driver can see you.

Pay your fare as you board

Cash or Tokens: Place dollar bills, coins or tokens in the farebox.

Passes: Swipe passes in the farebox.

Mobile Passes: Show driver your mobile pass.

If you need to **transfer** to another bus to complete your one-way trip, ask the driver for a transfer ticket when you pay your fare. Transfers are valid for a limited time, and are **not** valid for a return trip. Transfers are automatically embedded in passes and mobile fares.

Signal your stop

Signal the driver one block before your stop by pulling the cord. This will ring a bell and light the “stop requested” signal for the driver. Once you’re off, do not cross in front of the bus.

Visit gocitybus.com for complete rules and policies.
