Special Condition Advance Determination of Suitability for Individuals Interacting with Participating Minors

Beginning with awards issued by the Indiana Criminal Justice Institute (“ICJI”) in calendar year 2020, many Office of Justice Programs (“OJP”) awards contain a special condition regarding suitability for interacting with minors. Please carefully review the special conditions attached to your grant agreements with ICJI to determine if any of the grants you receive are subject to this condition. More information on this condition including how to fulfill its requirements can be found below.

Award Condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors

SCOPE. This condition applies to an award if it is indicated -- in the application for the award (or in the application for any subaward, at any tier), the DOJ funding announcement, or an associated federal statute -- that a purpose of some or all of the activities to be carried out under the award (whether by the recipient, or a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

The recipient, and any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The full text and details of this special condition are posted on the OJP website at <https://ojp.gov/funding/Explore/Interact-Minors.htm> and are incorporated by reference here.

***Please note:** This condition applies to an organization’s employees, volunteers, and others who are expected, or reasonably likely, to interact with any participating minor.
